FINANCIAL FORECAST REPORT

The Financial Forecast Report (FFR) provides a summary of financial activity through August 31, 2021, for the General Fund and other annual operating funds of the City. The Adopted Budget column reflects the budget adopted by City Council on September 23, 2020, effective October 1, 2020, through September 30, 2021. The Amended Budget column reflects City Council-approved transfers between funds and programs, department-initiated transfers between expense objects, approved use of contingency, and other amendments supported by revenue or fund balance.

Year-to-date (YTD) actual amounts represent revenue or expenses/encumbrances that have occurred through the end of the most recent accounting period. Departments provide the year-end (YE) forecast, which projects anticipated revenues and expenditures as of September 30, 2021. The variance is the difference between the FY 2020-21 amended budget and the YE forecast. Variance notes are provided when the YE forecast is +/- five percent of the amended budget and/or if YE expenditures are forecast to exceed the amended budget.

General Fund Overview

The General Fund overview provides a summary of financial activity through August 31, 2021.

VARIANCE NOTES

General Fund revenue variance notes are provided below for revenue categories with YE forecast variances of +/- five percent and revenue with an amended budget.

1 Property Tax. City Council increased the property tax budget by \$5,171,000 on September 9 as part of the end-of-year appropriations adjustment process. Revenues are forecast to be \$15,650,000 over budget primarily because supplemental property values are significantly higher than the certified values due to a record number of protests at the time of certification.

2 Sales Tax. City Council increased the sales tax budget by \$8,749,000 on June 9 as part of the mid-year appropriations adjustment process. The budget was increased again by \$30,938,000 on September 9 through the end-of-year appropriations adjustment process. The year-end forecast has been revised to \$350,318,000 to reflect continued strong growth. The forecast includes \$4,200,000 received from the Texas Comptroller this year as part of audit findings from prior years (\$2,500,000 in December and \$1,700,000 in February).

3 Fines and Forfeitures. Revenues are forecast to be \$1,434,000 over budget primarily due to an increase in civil citation payments and dispositions.

4 Operating Transfers In. Revenues are forecast to be \$21,383,000 under budget primarily because General Fund revenue is forecast to exceed the budgeted amount, eliminating the need for the Sports Arena and Revenue Stabilization Fund transfers.

5 Intergovernmental Revenues are forecast to be \$1,418,000 over budget primarily due to larger-than-budgeted payments through DFW Airport revenue-sharing agreements.

6 Miscellaneous. Revenues are forecast to be \$4,104,000 over budget primarily due to auction sales exceeding budget by \$4,517,000.

7 Interest. Revenues are forecast to be \$2,898,000 under budget primarily due to the Federal Reserve lowering interest rates.

VARIANCE NOTES

General Fund expenditure variance notes are provided below for expenditure categories with YE forecast variances of +/- five percent. The Amended Budget column reflects department-initiated transfers between expense objects.

1 Personnel Services. Personnel services are forecast to be \$17,300,000 under budget primarily due to salary savings from non-uniform employees across all General Fund departments.

2 Supplies. Supplies are forecast to be \$4,488,000 over budget primarily due to an increase in maintenance on DFR fleet for apparatus/ambulances, the purchase of medical PPE and usage of medical supplies for staff at COVID-19 vaccination clinics, higher-than-budgeted uniform and equipment expenses for existing DPD uniform employees, and a Housing Street Reconstruction project that will be fully reimbursed by Community Development Block Grant (CDBG) funds within the Public Works Department.

3 Contractual Services. Contractual services are forecast to be \$2,844,000 over budget due to maintenance work related to COVID-19 not completed by December 30, repairs related to the winter storm which are not eligible for insurance reimbursement, various concrete projects completed by a contractor due to Public Works (PBW) staff working on a Housing Street Reconstruction project that will be fully reimbursed by CDBG funds. This is partially offset by savings in master lease drawdowns and a reduced annual TIF district payment, and a reduction in the annual payment to Dallas County for the jail contract due to delays in contract execution.

4 Capital Outlay. Capital outlays are forecast to be \$2,564,000 over budget due to the purchase of a new generator for the jail facility (\$350,000), refrigerant replacement (\$415,000), and the replacement of HVAC units at multiple locations.

VARIANCE NOTES

5 Reimbursements. Reimbursements are forecast to be \$7,455,000 better than budget due to an unbudgeted reimbursement from Community Development Block Grant funds to cover a street operations project (\$3,600,000) and ARPA reimbursements for DPD's (\$3,600,000) and DFR's (\$2,260,000) vaccination efforts.

VARIANCE NOTES

The Enterprise, Internal Service, and Other Funds summaries include the beginning fund balance with the YE revenue and expenditure forecasts. As of August 31, 2021, the beginning fund balance for the adopted and amended budgets and YE forecast reflects the FY 2019-20 audited unassigned ending fund balance and includes FY 2019-20 YE savings. Variance notes are provided below for funds with a YE forecast variance of +/- five percent, YE forecast projected to exceed budget, or projected use of fund balance.

1 Aviation. City Council increased AVI's budget by \$6,323,000 on June 9 by ordinance #31884 as part of the mid-year appropriations adjustment process due to higher expenses than budgeted, offset by increased revenue. City Council further increased AVI Transportation Regulation budget by \$83,000 on September 9 by ordinance #31986 as part of the end-of-year appropriations adjustment process due to a contract for the FastTrack software. Revenues are projected to exceed budget by \$17,188,000 due to increased travel after the release of COVID-19 vaccinations.

2 Convention and Event Services. CCT revenues and expenses are projected to be \$14,171,000 under budget due to various event cancellations as a result of COVID-19.

3 Municipal Radio. WRR revenues are projected to be \$624,000 under budget due to the loss of arts-related advertising revenues as a result of COVID-19. Similarly, expenses for personnel services are projected to be \$204,000 under budget primarily due to lower sales commissions as a result of lower ad sales. WRR anticipates using fund balance to offset lost revenue.

4 Sanitation Services. City Council increased SAN's budget by \$811,000 on February 24 by resolution #21-0383 for restoration work related to the use of a temporary storm debris staging area after the October 2019 tornado. City Council increased SAN's budget again by \$2,405,000 on June 9 by ordinance #31884 as part of the mid-year appropriations adjustment process due to the use of fund balance to offset lost revenue and the increased expenses associated with the shingle cleanup at the former Blue Star Recycling facility.

5 Storm Drainage Management - DWU. City Council increased SDM's budget by \$2,500,000 on September 9 by ordinance #31986 for the purchase of equipment and additional transfers to the capital construction fund.

6 Sustainable Development and Construction. City Council increased DEV's budget by \$2,000,000 on January 27 by resolution #21-0266 to authorize a professional services contract for supplemental permit plan review and inspection services. DEV's expenses are projected to be \$1,628,000 under budget primarily due to the elimination of POSSE system upgrades and reduced costs for the workflow evaluation staffing study. DEV's revenues are projected to be \$4,103,000 over budget due to higher-than-budgeted permit activity.

7 Water Utilities. DWU revenues are projected to be \$22,108,000 under budget primarily because of the third of three annual credits issued to wholesale customers as a result of the Sabine River Authority settlement, as well as an increase in unpaid utility bills, elimination of past-due fees associated with COVID-19, and decreased water usage resulting from significant rainfall. DWU expenses are projected to be \$22,108,000 under budget primarily due to salary savings, decreased street rental payments, and reduced capital construction transfers. DWU anticipates the further use of fund balance to offset additional lost revenue.

VARIANCE NOTES

8 Radio Services. Radio expenses are projected to be \$1,283,000 under budget primarily due to lower Master Lease payments and a decreased need for year-end inventory for the City's radio shop.

9 Bond and Construction Management. BCM revenues and expenses are projected to be \$3,229,000 under budget primarily due to salary savings associated with 43 vacant positions. BCM charges each capital project budget for project implementation costs. Savings in actual implementation expenses result in fewer charges to the capital project.

10 911 System Operations. City Council increased 911's budget by \$397,000 on June 9 by ordinance #31884 due to the delayed implementation of the Next Generation 911 System to FY 2020-21 after being budgeted in FY 2019-20. 911 revenues are projected to be \$976,000 over budget due to the collection of wireline fees from previous fiscal years.

11 Employee Benefits. Revenues are projected to be \$13,019,000 over budget due to increased enrollment in flexible spending accounts and higher-than-projected supplemental life insurance elections. Expenses are projected to be \$5,784,000 over budget due to increased employee participation in flexible spending accounts which is partially offset by other health benefit expenses being under budget due to a better claim experience and a CVS rebate.

12 Risk Management. ORM expenses are projected to be \$16,633,000 under budget primarily due to a delay in anticipated claims expenses from FY 2020-21 to FY 2021-22 and a positive recovery resulting in a lower-than-expected payout.

The current sales tax rate is 8.25 percent—6.25 percent goes to the state, one percent to the City, and one percent to DART. In FY 2019-20, the City received \$310,738,000 in sales tax revenue. The FY 2020-21 budget was \$296,324,000. City Council increased the sales tax budget by \$8,749,000 on June 9 as part of the mid-year appropriations adjustment process. The budget was increased again by \$30,938,000 on September 9 through the end-of-year appropriations adjustment process. We have since updated the forecast to \$350,318,000. There is one more month of receipts in the fiscal year. We will update the forecast as additional information becomes available.

The charts in this section provide more information about sales tax collections.

Note: Net sales tax payments by industry do not include the City’s self-reported sales tax numbers.

Hotel Occupancy Tax

The City collects hotel occupancy taxes (HOT) on hotel, motel, bed and breakfast, and short-term rentals in the city limits. The HOT rate in Dallas is 13 percent of the cost of the room (not including food served or personal services not related to cleaning and readying the space for the guest)—six percent goes to the state, and seven percent goes to the City. HOT is the largest single revenue source for the Kay Bailey Hutchison Convention Center, and data is typically updated every two months.

An enplanement is when a revenue-generating passenger boards an aircraft. Typically, Aviation generates only 20 percent of total operating revenues from non-passenger-related activities.

ECONOMIC INDICATORS

Building Permits

Building permits (required for all construction in Dallas) can provide insight into upcoming activity in the housing market and other areas of the economy. Permits are a key indicator of the confidence developers have in the economy; likewise, a decline can indicate developers do not anticipate economic growth in the near future. In some cities, this measure may be a leading indicator of property tax value growth, but in Dallas, the property tax forecast model includes other variables like wage/job growth, housing supply, gross domestic product, population, vacancy rates, and others.

DALLAS 365

The Dallas 365 initiative aligns 35 key performance measures to our eight strategic priorities. The department responsible for each measure is noted at the end of the measure's description, and last year's performance is included if available. If FY 2019-20 data is not available, N/A is listed.

Year-to-date (YTD) and year-end (YE) targets are presented for each measure. YTD targets may vary based on seasonality of the work. Each month, we compare 1) the YTD target with the actual performance for the current reporting period and 2) the YE target with the department's forecasted performance as of September 30, 2021.

Measures are designated "on target" (green) if actual YTD performance is equal to or greater than the YTD target. If actual YTD performance is within five percent of the YTD target, it is "near target" (yellow). Otherwise, the measure is designated "not on target" (red). The same methodology applies to YE forecasts. Variance notes are provided for each red measure.

VARIANCE NOTES

#3. As of September 29, DEV estimates residential permit review times at four weeks for first review. Five vacancies in the residential review team coupled with a large influx of applications has caused an increase in wait time. Applications are being diverted to third party reviewers to assist. DEV anticipates three week review times once process improvements are fully implemented.

#5. As of August 30, 92 of 136 milestones are complete with an additional 44 milestones in progress. Some milestones in progress are tied the Local Solid Waste Management Plan Update. OEQ has met with all involved City departments and anticipates completing at least 126 milestones by the end of September.

#7. SAN has been impacted by higher than usual municipal solid waste volumes and the ability to fill vacancies, resulting in an increase in missed service calls. A new temporary laborer staffing agency began on August 16 and operation processes have been improved to mitigate service impacts. SAN staffing is gradually returning to normal.

#8. 311's performance has been adversely affected by failing software, IVR malfunctions, and labor shortage. Per ITS, the installation of 311's new software is in the final stage of testing and is anticipated to be deployed within the upcoming weeks. In an attempt to fill vacancies, management conducted 16 interviews in which seven of the candidates accepted the job offer and are now in training.

#10. Contractor capacity and construction delays continue to adversely impact performance. HOU has closed 7 additional projects in August and will close additional applications as contractors become available.

#14. The year-end average is slightly lower than the target due to February winter storm Uri and continued station closures. Fire station 46 reopened on September 24th and a temporary station near station 41 will be set up by the end of the year to mitigate response times. DFR anticipates improved response times with the reopening of stations.

FY 2020-21 Dallas 365

#16. DPD continues to balance the resource needs of call response times with proactive crime fighting efforts, which have resulted in violent crime reductions. DPD strives to answer 60% of priority 1 calls in under 8 minutes while also continuing the successful implementation of our crime reduction plan.

#17. Low staffing levels during most of the fiscal year and the Covid-19 pandemic have impacted performance levels. Corrective actions, as well as the onboarding of 53 new 911 Call Takers, have increased calls answered within 10 seconds to 85.85% in September. As of October 5th, 911 Call Taker staffing is at 79% with an additional 9 scheduled to start on October 13th.

#24. Overall circulation of LIB materials, including technology devices, is down compared to last year because of COVID-19 closures and limited services. At any time, 82% of the 100 Chromebook technology bundles (paired with a hot spot) are checked out, and approximately 91% of the remaining individual hot spots are in use. LIB continues to revise its marketing tactics to increase awareness. August's technology circulation increased by 18.11% over July.

#27. Trec programming was suspended through June 24th due to Covid-19 precautions. Trec programming is now available at 14 recreation centers and had a total of 643 participants in August.

#30. Multiple weather events from November to February, intermittent COVID-related labor shortages, and additional CDBG and DWU funded projects have impacted construction scheduling. PBW anticipates completing 618 of 726 planned lane miles by September.

#35. EQU diverted resources in February and March to reviewing "Budgeting for Equity" submissions for the FY 2021-22 proposed budget, which caused a delay in progress. As of September 30th, 34 departments participated in the Equity Indicators alignment process, surpassing the 80% annual target.

BUDGET INITIATIVE TRACKER

The Budget Initiative Tracker reports on 35 activities included in the FY 2020-21 budget. For each initiative included in this report, you will find the initiative number, title, description, status, and measure. At the end of each description, the responsible department is listed. Each month, the responsible department provides a current status for the initiative and indicates whether the initiative is “complete” (blue circle), “on track” for completion by the end of the fiscal year (green check mark), “at risk” of not being completed by the end of the fiscal year (yellow exclamation mark), or “canceled” (red x).

In the Spotlight

On Saturday, September 25, we completed a major milestone toward achieving Budget Initiative #23 with the grand opening and ribbon cutting ceremony at the new Forest Green Branch Library at 9619 Greenville Ave. The 19,881 sq. ft. building is more than twice the size of the library it replaces, built on Forest Lane in 1976. The new building features flexible classroom space, enhanced meeting rooms, 20 public computers,

an outdoor space for community gatherings, and specialty technology, furniture and equipment to encourage early literacy and STEM learning. The \$9.5 million project was funded by the 2006 and 2017 bond programs. The Forest Green Branch Library is open 10 a.m. to 6 p.m. Tuesday, Thursday, Friday and Saturday, and Wednesday, 11 a.m. to 7 p.m.

INITIATIVE Roll out the Broadening Urban Investment to Leverage Dallas (B.U.I.L.D.) program to strengthen small businesses and provide access to technical training, funding, mentorship, and capacity-building guidance. (Economic Development)

STATUS The program launched November 12. In December, staff reviewed and scored 129 applications. In January, staff identified 50 awardees, 45 of whom completed the required technical assistance/business coaching and received funds. From the initial award cycle, 44 of 45 businesses (97.8 percent) were from low- to moderate-income census tracts.

ENVIRONMENT & SUSTAINABILITY

3 Environmental Action Plan

INITIATIVE Initiate the 48 actions and 136 milestones identified in the Comprehensive Environmental and Climate Action Plan (CECAP) for FY 2020-21. (Environmental Quality and Sustainability)

OEQS has developed an RFCSP for community solar, which is currently under review by Procurement Services. A consultant for the Urban Agriculture Plan has been selected. City Council has approved the Urban Forest Master Plan, a resolution for sustainable procurement, and a resolution approving funds from the VW Mitigation Trust to develop electric vehicle charging infrastructure will go to City Council. OEQS is working on an application for more funds from the VW Mitigation Trust to install additional electric vehicle charging infrastructure.

You can find more details on the CECAP, including the full work plan for FY 2020-21, at dallasclimateaction.com/cecap.

4 Brush & Bulky Trash Collection

INITIATIVE Streamline brush/bulky trash collection to reduce emissions, improve air quality, and realize collection efficiencies as outlined in the CECAP. (Sanitation Services)

STATUS SAN continues to collect data and analyze the information to make improvements.

GOVERNMENT PERFORMANCE & FINANCIAL MANAGEMENT

5 Language Equity

INITIATIVE Assist residents in their primary languages, which include Spanish, Vietnamese, Arabic, French, Burmese, Hindi, Korean, Swahili, and Mandarin, by recruiting four additional Spanish-speaking customer service agents (CSAs) and maintaining LanguageLine translation services. (311 Customer Service Center)

STATUS In August, average speed of answer for Spanish calls increased to 10 minutes and 57 seconds. 311 has hired multiple new bilingual agents. To help reduce wait times, 311 continues to work with Human Resources to improve recruitment efficiency and hire qualified bilingual candidates in addition to implementing new software for the call center.

6 Data Analytics

INITIATIVE Build a new team that will harness the City's data to promote transparency and accessibility to the public and provide crucial insights that support better decision-making throughout the organization. (Data Analytics & Business Intelligence)

STATUS DBI has staffed 23 of 28 positions and is recruiting three Data Science Analysts, one Data Scientist, and an intern, all of whom are targeted to be hired by the end of September.

HOUSING & HOMELESSNESS SOLUTIONS

8 Eviction Assistance

INITIATIVE Alleviate financial hardship through an eviction assistance program that connects tenants facing eviction to resources ranging from housing assistance and direct legal services to financial education. (Equity and Inclusion)

STATUS The Eviction Assistance Initiative served 181 households (436 people) from January 2021 to August 2021. In the month of August 2021, 18 households (49 people) were assisted. The initiative has assisted 100% of applicants who have sought legal services through advising, briefing, or full legal representation. These households met with a legal representative from Legal Aid of Northwest Texas to provide some measure of defense to the threat of eviction. The number of households that were helped this fiscal year is because of the CDC moratorium on evictions which was blocked by the Supreme Court on August 26, 2021. Eviction filings may increase in the coming months because of this.

9 Comprehensive Housing Policy

INITIATIVE Refine the Comprehensive Housing Policy to better meet residents' housing needs, including changing the terms of some loans from repayable to forgivable and creating a targeted home rehabilitation program. (Housing & Neighborhood Revitalization)

STATUS City Council adopted changes to the Comprehensive Housing Policy on August 26, including creating the Targeted Repair Program (TRP) and updating the Home Improvement and Preservation Program (HIPP) and Dallas Homebuyers Assistance Program (DHAP) to increase participation. At this time last fiscal year, HOU had served 12 residents, and this year has served six. Now that construction has begun on several repairs, staff anticipate growth in the coming months.
