Memorandum

CITY OF DALLAS

DATE January 31, 2023

TO Honorable Mayor and Members of the City Council

SUBJECT **A Year in Review for FY22 from the Animal Advisory Commission Chair**

Despite the extraordinary challenges that Dallas Animal Services (DAS) faced in 2022, it faced them head on and continued to move the needle in professional animal sheltering.

Dallas was not alone in their animal sheltering challenges. In 2022, animal services and animal control organizations across the U.S. experienced: (1) short-staffing (in all positions, especially forward-facing staff, animal control officers, veterinarians, and customer service representatives due to comparably low salaries, difficulty, and stress of working conditions and environment, and slow hiring processes); (2) higher-than-usual animal inventories (due to pet adoptions and transports slowing dramatically, and both cats and dogs are spending up to twice the number of days); and (3) record-reported levels of stress/burnout among workers (stress of the pandemic has increased the number of emotionally charged instances and officers and shelter staff report a higher-than-usual number of negative interactions with the public, including people experiencing mental health crises and residents who are combative with shelter and animal control staff and volunteers).

DAS is the only shelter in Dallas that never turns away a pet in need and cares for tens of thousands of pets every year. Additionally, there has been an increase in euthanasia based on a distemper outbreak, canine influenza and space. Despite these issues, the DAS Team remained committed to its principles of public safety, compassion, and no shortcuts in the face of these new hurdles.

Here are some important highlights in 2022:

- DAS achieved a huge increase in dogs and cats being fostered. DAS met and surpassed its goals through their dogs and cats foster program as its goal was 5%, but DAS achieved 33% for FY22.
- DAS Director MeLissa Webber secured pay increases and bonuses for Animal Service Officers (ASOs). The more staff DAS has, the more engagement DAS can have.
- DAS received its audit on Dangerous and Aggressive Dogs and quickly planned through ordinance changes improvements based on the audit.
- While the total number of dogs brought into the shelter is up from last year, it is still lower than in 2020.
- DAS was instrumental in passing a Humane Pet Store Ordinance that stopped the puppy mill pipeline to Dallas and thwarted backyard breeders from continuing to add to the overpopulation crisis.

As Commissioners, we created two task forces: an Ordinance task force and a Support task force that we will grow and learn from in 2023.

I cannot forget the support of the Friends of Dallas Animal Services (FODAS). FODAS is the official nonprofit partner of DAS and exists to directly benefit DAS and its innovative and lifesaving programs and services. As an independent non-profit, FODAS responds quickly to urgent shelter needs as they arise ensuring help is available when most needed. In 2022, FODAS raised \$347,897. Their philanthropic support allows DAS to serve the community and its animals daily.

Lastly, we must highlight our community and their role in all lifesaving efforts. Through partnerships, volunteers, and community outreach, DAS hits its stride. In December of 2022, Dallas citizens showed their kindness by removing 150 dogs from DAS and into homes when canine influenza struck. It is moments like this that make me proud to call Dallas home.

We are ready for 2023 as we plan to engage the community to come out and rescue, foster and adopt from DAS.

Mission Statement

Mission

To assist the City of Dallas in ensuring that animal shelters operated by the City meet or exceed the standards required by Texas state law and to make recommendations to the City Council and City Manager regarding the City's Animal Services program.

Purpose

The City of Dallas Animal Advisory Commission's purpose is to act as an advisory body to the City Manager and the City Council to assist in complying with the requirements of state law and city ordinances pertaining to the operation of an animal shelter.

Duties

- The **Animal Advisory Commission (AAC)** is an advisory body of 15 members. Each city council member shall appoint one member to the commission. The mayor shall appoint the chair, and the full city council appoint the vice-chair. Each member shall be appointed for a two-year term beginning on October 1 of each odd-numbered year. All members shall serve until their successors are appointed and qualified.
- The commission shall act as an advisory body to the city manager and the city council to assist in complying with the requirements of state law and city ordinances pertaining to the operation of an animal shelter.
- Members of the commission must meet the following qualifications:
 - (1) one member must be a licensed veterinarian;
 - (2) one member must be a city or county official;
 - (3) one member must have duties including the daily operation of an animal shelter;
 - (4) one member must be a representative from an animal welfare organization; and
 - (5) eleven members must be chosen from the general public.
- The commission meets at least three times a year and may hold additional meetings on call of the chair (Ordinance 29403, 8/12/14).
- This is a volunteer position. The commission is only advisory in nature and is only able to provide recommendations to City Council.

Committees/Subcommittees/Task Forces

Ordinance Task Force

Purpose

A small Task Force devoted to reviewing Ch. 7 Animals City ordinances to ensure alignment with the Animal Advisory Mission and the guiding principles outlined and defined by the City of Dallas. Research and recommendations from sister cities are utilized in the shared goal of improving existing city code and defining areas of interest that might be strengthened or improved upon.

FY 2022 Objectives and Accomplishments

Objectives

The Animal Advisory Commission acts as an advisory body to the City Council and City Manager by:

- Reviewing the operations of Dallas Animal Services and its programs and reporting the results to the City Council and City Manager;
- Recommending new and innovative programs to make all aspects of DAS more effective and efficient; and
- Providing guidance, as needed, to the city manager regarding compliance with Texas state laws and local ordinances governing animal services and animal shelters.

Vision

The Animal Advisory Commission 's vision is for Dallas to be a premier city for companion animals and the people who care for them, so that all residents are free from the dangers and nuisances of irresponsible pet-ownership, and so that every pet born is assured of a good home and good care all its natural life and does not suffer due to abuse, neglect or ignorance.

To achieve this vision, the city must:

- Develop, implement and enforce the policies and programs that will support the Dallas90 initiative;
- Enhance the human-animal bond, promote responsible pet ownership and public safety provide struggling owners with access to pet care resources, and encourage pet adoption; and
- Maintain Dallas Animal Services' current place as a leader in the national animal welfare ecosystem.

Accomplishments

Overcoming Distemper

- On May 24, 2022 Dallas Animal Services (DAS) is launched the Three to Thrive program to send newly vaccinated dogs into foster homes for the three days necessary for their vaccinations to offer significant protection.
- DAS also temporarily restricted the intake of owner surrender dogs to avoid potential exposure to the disease.
- Since first detecting distemper cases in November 2021, DAS has worked with industry experts including Dr. Cynda Crawford, faculty with Maddie's Shelter Medicine Program within the College of Veterinary Medicine at the University of Florida, and Dr. Ellen Jefferson, President and CEO of American / Austin Pets Alive, to adjust disease control protocols.

- To stop the spread of distemper in the community, DAS partnered with Maddie’s Fund, Friends of DAS, Spay Neuter Network, Operation Kindness, and Petco Love to offer free public vaccine clinics at the shelter weekly.
- DAS completed 1,586 PCR tests in 2022 to accurately track trends and monitor levels of distemper in the building. This data is being used by the City of Dallas’ GIS Team to create an interactive dashboard that allows DAS to pinpoint the impact of specific operational changes during the FY22 response and in future disease mitigation efforts.
- Testing shows the internal spread stopped as of October 2022.

Increased Staffing Levels and Compensation Equity

- DAS prides itself on providing industry-leading care to the animals in its facility and first-class service to Dallas residents. As national labor challenges continue, the long-term staffing shortage at Dallas Animal Services (DAS) took a significant toll on operations in FY22.
- Though DAS has faced ongoing recruitment and retention challenges with the City of Dallas’ day labor vendors, the situation in FY22 was unprecedented.
 - In the past, DAS operated with 36 Day Laborers working 1,270 hours a week; in FY22, we are averaged 23 Day Laborers working 639 hours with the same workload.
 - DAS Day Labor roles, primarily animal care, handling and cleaning positions, are physically demanding and emotionally taxing and the previous FY22 pay rate of \$12.38/hour is not a livable wage in Dallas.
- DAS Field Operations general response ASO vacancy rate was previously reported in FY22 at 35% and is currently at 30% in January of FY23. Field operations currently has nine (9) vacancies and nine (9) new cadets in training, with an additional ASO currently onboarding.
- To address these challenges, DAS focused on:
 - Hiring, recruiting, and retention efforts
 - Working with other city departments to increase pay equity by working to:
 - Reallocate funds from day labor to create 12 FTE positions and promoting three longtime day labor staff into these roles.
 - Increasing the minimum pay rate for our day labor staff to meet the City of Dallas’ minimum wage and provide an estimated living wage.
 - Re-implement a tiered career path for Animal Service Officers (ASO) that would result in automatic promotion and pay increase from an ASO I to an ASO II when their training requirements are completed.
 - Ensure that ASO tiers mirror the pay grade of Code Officers.
 - Implement an ASO Hiring Incentive and Return-to-Owner goal-based incentive.

Passing the Humane Pet Store Ordinance

- On Wednesday, May 11, 2022 the Dallas City Council passed the Dallas Humane Pet Store Ordinance, banning the sale of dogs and cats in retail pet stores.
- Dallas now joins Austin, College Station, El Paso, Euless, Fort Worth, Houston, San Antonio, Sherman, and Waco in cities that have passed a similar ordinance.

Launching DAS Partner Coalition

- The Dallas Animal Services Partner Coalition was created in August 2022 to expand lifesaving through increased collaboration with partners that support the pets and people of Dallas.

Implementing Dangerous Dogs/Aggressive Dogs Audit

Recommendations

- The Office of the City Auditor released the Audit of Dangerous and Aggressive Dogs Investigation and Determination Process on August 29, 2022.
- The audit found that improvements to DAS' internal control environment, operations, and transparency have led to tangible and meaningful positive results, including:
 - A 20-30% increase in the live release rates for FY19 – FY21 compared to FY15's live release rate of 62.5%
 - Significant improvements in Field Operations
 - A request for an audit of processes to determine if additional opportunities exist to improve processes and address residents' concerns.
- DAS believes implementing these recommendations will provide the tools necessary to ensure owners of dangerous and aggressive dogs comply with City requirements.

FY 2023 Proposed Objectives and Accomplishments

Current proposed Objectives and Accomplishments for FY23 include:

- A continued focus on City of Dallas Service Values
- Employee Engagement in the service of Dallas Residents
 - Onboarding, Training, and Retention
 - Employee Resources and Appreciation
 - Implementing New Organizational Structure
- Implementing Dangerous Dogs/Aggressive Dogs Audit Recommendations
- A continued focus and expansion of the DAS Partnership Coalition

Recommendations of the Animal Advisory Commission

Strengthening Laws and Ordinances

- Areas of focus include:
 - Removing the 72-hour stray hold on cats
 - The stray hold for Community cats, kittens, and nursing moms are being covered under phase III of the DAS recommended ordinance updates.
 - Coyote Management Plan
 - Proposed addition to Chapter 7-3 to include provisions on prohibitions in the feeding of no owned animals (outside of allowances) and wildlife
 - Dangerous Dog Audit Recommendations
 - Changes to the ordinance to address findings during the recent audit, definition, and legislative updates
 - Ordinance Committee recommendations
 - DAS is working closely with the AAC ordinance committee to identify areas in which we can move certain ordinance recommendations through with support and education

Improving Quality of Life

- Areas of focus include:
 - Shelter capacity and needs
 - Providing continued spay/neuter resources

Focus on Task Forces

- Areas of focus for both the Support and Ordinance Task Forces include:
 - Community Engagement
 - Education
 - Adoption Promotion
 - Animal Cruelty Training

Highlights of the Animal Advisory Commission

Return of In-Person Commission Meetings and Shelter Tours

- This summer, the first in-person commission meetings took place since the start of the pandemic in 2020. While a virtual option remains for commissioners and residents, the ability to connect in person allows for a stronger familiarization with one another.
- This has also led to shelter tours of DAS, allowing commissioners to see the daily operations of shelter staff and discuss how they can best champion shelter needs to their districts and the Dallas community.

2022 Boards and Commissions Appreciation Luncheon

- The program incorporated words of appreciation from the Honorable Deputy Mayor Pro Tem Carolyn King Arnold, special acknowledgement to staff from Chief of Staff - Genesis Gavino, Cultural Arts Program performances, and special recognitions of appreciation from Honorable Deputy Mayor Pro Tem – Omar Narvaez and City Manager – T.C. Broadnax.
- Many City Councilmembers were in attendance and enjoying the delicious lunch with their appointees.
- During the event, City Manager T.C. Broadnax continued to stress and acknowledge the important role Commissions have and the dedicated service the members provide to the City, therefore making this event the inaugural Boards and Commissions appreciation event, with more to come annually.

History of the Office of Arts and Culture

The City of Dallas' arts and cultural programs were operated through the Parks Department until 1989, when the City Council created the Office of Cultural Affairs, now known as the Office of Arts and Culture (OAC)¹, and the Arts and Culture Advisory Commission. The Office of Arts and Culture is headed by a director who reports to the City Manager. Members of the Arts and Culture Advisory Commission are appointed by the Mayor and City Council.

There are 18 commissioners. Each City Council member appoints one person to the commission, and three additional members serve at large. The Mayor selects the Chair of the Arts and Culture Advisory Commission.

Today the Office of Arts and Culture operates a budget of over \$20 million and has oversight of 19 cultural facilities. OAC employs 80+ people – approximately 50 full time and 30 part-time - dedicated to advancing the arts in Dallas and ensuring that residents and visitors have access to a broad array of arts and cultural opportunities.

Members of Arts and Culture Advisory Commission

The Arts and Culture Advisory Commission is an advisory body to the City Manager and City Council in accordance with Section 8-26 of the Dallas City Code.

- The Commission's main objectives are to make recommendations regarding City of Dallas cultural policies and participate in funding decisions for programs, facilities and organizations.²
- Commissioners are periodically asked to review and vote on major projects before they are considered by the City Council.
- The Commission also recommends new ways for citizens to have access to the arts and the means of cultural expression.

¹ The name of the Office of Cultural Affairs was changed to Office of Arts and Culture as of October 1, 2019 by City Council Ordinance 31333.

² Individual commissioners recuse themselves from debate and voting if they hold a position or a relationship with an organization that may cause a conflict of interest; individual Commissioners may be assigned as a liaison to an arts organization as part of their Commission duties, and are not required to recuse themselves from debate and voting due to that assignment.

- Commissioners serve as ex-officio non-voting liaisons on the governing boards of some institutions funded through the Cultural Organizations Program.
- The Commission works with the City of Dallas Office of Arts and Culture, a city department, in the implementation of the Cultural Policy and its programs.

Vision, Mission and Guiding Principles

Vision Statement

An equitable, diverse and connected community, whose residents and visitors thrive through meaningful arts and cultural experiences in every neighborhood across Dallas.

Mission Statement

The Office of Arts and Culture works to enhance the vitality of the city and the quality of life for all Dallas residents by creating an equitable environment wherein artists as well as arts and cultural organizations thrive; people of all ages enjoy opportunities for creative expression; and all celebrate our multicultural heritage.

Our mission is to support and grow a sustainable cultural ecosystem that ensures all residents and visitors have opportunities to experience arts and culture throughout the city.

Guiding Principles

The Office of Arts and Culture aims to:

- (1) Develop, implement, administer and promote programs or initiatives that support its mission and that reflect its commitment to cultural equity as well as the City of Dallas's core values of empathy, ethics, excellence, and equity.
- (2) Provide equitable access to artistic and cultural experiences that meet individual and community needs for residents across the city.
- (3) Recognize, honor, and celebrate the full breadth of Dallas' and Dallas residents' rich cultures and creative expression; these cultures and creative expression must flourish at all times in a democratic society.
- (4) Partner with artists, organizations, funders, and other government agencies to dissolve boundaries, promote better human relationships, build a sense of community, reduce conflict, encourage cooperation and promote harmony.
- (5) Understand and meet the needs of historically marginalized groups and individuals, including children, artists and organizations from ALAANA and

LGBTQIA+ identities, those with disabilities, immigrants regardless of citizen status, and those who are socioeconomically disadvantaged.

To accomplish this, the Office of Arts and Culture will strive to:

- (1) Work in partnership with artists, organizations, the public, the Arts and Culture Advisory Commission, and City Council to continuously improve policies, procedures and programs in recognition that the work is never done.
- (2) Advocate for the necessary capital and operating resources within the City of Dallas to accomplish its mission.
- (3) Encourage collaborations, communication, and community building between and among arts and cultural groups and artists, as well as connections to educational institutions, civic organizations, public agencies and private enterprises.
- (4) Ensure that the perspective of arts and culture and artists is integrated into the planning and operations of relevant City of Dallas groups and services.
- (5) Network among and convene artists, arts and cultural organizations, partners, and funders to build community, enhance communication, and work together to promote the sector as a whole and grow together as an ecosystem.
- (6) Establish a long-range plan that proactively addresses and funds capital and operating needs of City-owned facilities, and periodically review or revise the plan, including a full review of the Cultural Policy every five years and a full review of the Cultural Plan in no more than ten years.

(The Vision, Mission and Guiding Principles were in the City of Dallas Cultural Policy unanimously adopted by City Council on November 28, 2018.)

Program and Committee Structure

Standing and Ad Hoc Committees of the Arts and Culture Advisory Commission

- **Allocations** – Standing. Meets regularly to review panel recommendations on funding for artists and organizations. Makes recommendations to full Commission. The Chair of Allocations as of September 30, 2022, was Mickie Bragalone from District 9.
- **Public Art** – Standing. Meets regularly regarding maintenance and preservation of city-owned art. Makes recommendations about new projects, from initiation, through artist selection and contracting through completion. The Chair of the Public Art Committee as of September 30, 2022, was Grady McGahan, an at-large commissioner.

Programs

- **Cultural Services Contracts:** (30.9% of OAC General Fund Expense Budget) The City contracts for services with Dallas nonprofit cultural organizations and individual artists to support a wide variety of arts and cultural programs, including concerts, plays, exhibitions, lectures, workshops and festivals. Cultural Services are procured through three main programs: Cultural Organizations Program, ArtsActivate 2022, and Community Artist Program.

In addition, a Summer Residency Program was continued for the second year and run by the Community Arts Division. The Summer Residency Program partnered with five ALAANA organizations (who were not currently in COP) to provide longer-term services, or residencies, in City Council Districts where there is not a City Cultural Center. These five awards of \$20,000 each were funded through the “pop-up” Community Arts Budget.

- **Cultural Venues:** (67.1% of OAC General Fund Expense Budget) The City operates six cultural facilities that provide professional quality space for the performance and presentation of arts and cultural events. These facilities include the Bath House Cultural Center, Oak Cliff Cultural Center, Latino Cultural Center, South Dallas Cultural Center, Majestic Theater and Moody Performance

Hall. The City also operates the Juanita Craft Civil Rights House which is currently under renovations and closed to the public.

Additionally, the Office of Arts and Culture manages eight long-term use and management agreements with nonprofit cultural organizations for the operations and programming of city-owned cultural facilities, including the AT&T Performing Arts Center (Winspear Opera House, Wyly Theater and Annette Strauss Square); The Black Academy of Arts and Letters (at the Kay Bailey Hutchison Convention Center Dallas); Dallas Black Dance Theater (Moreland YMCA); Dallas Heritage Village at Old City Park; Dallas Theater Center (Kalita Humphreys Theater and Heldt Administration Building at Kalita Humphreys Theater); Dallas Museum of Art; Dallas Symphony Association (Meyerson Symphony Center); and Sammons Center for the Arts.

- **Public Art Program:** (2.0% of OAC General Fund Expense Budget) The Commission reviews ongoing projects in the Public Art Program in conjunction with the Public Art Committee. The Commission and Public Art Committee work with City staff to review and recommend project funding through the bond programs and to review and approve donations of public art to the City of Dallas. The mission of the Public Art Program is to enrich the community through the integration of the vision and work of artists into the planning, design and construction of public spaces. The Public Art Program is a commitment by the City to invest in art across neighborhoods and creates new opportunities for artists and the arts to connect with communities and other City departments. Through this program, the community can see themselves in new ways as they work alongside the City and the artists to create artwork for current and future generations.
- **Municipal Radio:** The Office of Arts and Culture provides oversight for WRR Radio, a City-owned commercial radio station that broadcasts classical music to the DFW region. WRR operates as an enterprise fund of the City of Dallas. In June 2022, City Council approved a contract to transition management of the radio station to North Texas Public Broadcasting, known as KERA. Under this deal, with transition to be completed in January 2023, the City will retain ownership of the station, and KERA will operate the station as a classical non-commercial station.

Major Accomplishments

The Metrics Chart below provides highlights of OAC’s work. A more detailed listing of grants and facilities is appended at the end of the document.

The success of the efforts of the Arts and Culture Advisory Commission is demonstrated by the following indicators:

Metric	FY2020-21	FY2021-22

Number of Public Art events creating active engagement and participation by Dallas residents with the City’s Public Art Collection	N/A - new measure	35

Budget

City-Owned Cultural Venues	14,308,970
Cultural Services Contracts	6,601,231
Public Art	427,389
Total OAC General Fund Budget	21,337,590

Cultural Services Contracts

- The Commission's funding recommendations for Fiscal Year 2021-22 included \$5,160,302 to 43 organizations through the Cultural Organizations Program (\$5,202,226 contracted and \$5,139,536 paid as of January 2023); \$801,940 to 93 projects proposed by artists and organizations through ArtsActivate 2022 (\$769,440 contracted and \$758,190 paid as of January 2023); and \$410,000 to support performances, workshops, and other community events with 51 artists and organizations through the Community Artists Program (\$406,000 contracted and \$375,125 paid as of January 2023)
- The Commission also recommended 5 ALAANA arts organizations for \$100,000 for the Community Arts Summer Residency Program to create longer-term programming in 10 districts across Dallas (\$100,000 contracted and \$100,000 paid as of January 2023).
- In addition to the Community Arts Summer Residency Program, the Community Arts Division embarked on various community engagement projects in which Dallas residents participated and enjoyed artistic and cultural services. Some of the events hosted by Community Arts included the following: Black Excellence: Bold, Brilliant, Beautiful You - A Virtual Black History Celebration (February 24, 2022), Paint the Skies Easter Egg Drop and Art Fair (April 2022), Murals on the Move: Women in Art (April 2022), Cedar Crest Mural Project (May 2022), and many more. Community Arts ended the fiscal year by providing a pop-up opportunity for funding individual artists by partnering with the Texas Ballet Theater in a Ballet Shoe Painting Contest in which all submissions were displayed at their Cirque du Ballet presentation at which patrons voted and selected a winner.

Public Art Program

The Arts and Culture Advisory Commission appointed members to the Public Art Committee. The Commission, based in part on input from the Public Art Committee, provided recommendations related to public art projects throughout

the year. Projects included public art commissions or donations at the following locations:

- *Wise* donation at Exall Park (Council District 2)
- Crawford Memorial Park (Council District 5)
- Watershed Gates at Bonton (Council District 7)
- Tipton Park (Council District 6)
- Kleberg – Rylie Recreation Center (Council District 8)
- Harry Stone Recreation Center (Council District 9)
- Singing Hills Recreation Center (Council District 8)
- Lemmon Avenue Streetscape (Council District 13)

In addition, the Public Art Committee and Arts and Culture Advisory Commission recommended the selected 55 artists for the inaugural Prequalified Artists List. With this list our goal is to reach and engage more local and regional artists as well as shorten the artist selection process since their qualifications were reviewed at the selection phase. In order to better serve the artists on the list, the Public Art team offered a virtual orientation workshop where we discussed artist selection, contracting, Risk Management requirements, and addressed general questions from the artists.

Public Art Program staff, in collaboration with members of the Public Art Committee, hosted a virtual workshop for artists offering best-practice approaches to building professional portfolios, artist submission and materials preparation.

The Public Art Program installed and hosted dedications for the following projects:

- *We Are Music & Music is Us* at Kiest Park (Council District 4)
- *Santos Rodriguez* at Pike Park (Council District 2)
- *Sankofa: Anderson Bonner Memorial* at Anderson Bonner Park (Council District 11)
- *Adelfa Callejo* at Main Street Garden Park (Council District 2)
- *LoveBird* at Dallas Love Field (Council District 2)

The Public Art Program had the following successes in recognition, education, and outreach:

- Love Field Art Program conducted (8) tours with a total of (203) people.

In conservation and collections management, four major projects were undertaken in addition to completion of other ongoing conservation projects: stabilization and conservation of the Pegasus sign and derrick atop the Magnolia Hotel, completion of the film *Rising* about the 1936 Hall of Negro Life, partnership with the Consulate General of Canada to launch an augmented reality sculpture series in November of 2022 during Native American Heritage Month, and beginning of conservation work related to objects for the Juanita J. Craft Civil Rights House and Museum. In addition, Public Art supported the return and reinstallation of two sculptures, a re-made *Portal Park Slice* by Robert Irwin and *John W. Carpenter* by Robert Berks, to Carpenter Park in time for the reopening in May 2022.

Other Accomplishments & Events

- The Office of Arts and Culture was awarded grants and recognition from the following organizations:
 - \$250,000 from the National Endowment for the Arts for the Culture of Value program, piloted in 2020, which gives micro-grants to ALAANA artists and non-profits for small cultural projects across Dallas.
 - U.S. Small Business Administration Shuttered Venue Operator grants were increased, in March 2022, from \$1,077,461 to \$1,616,191 for pandemic-related expenses for the Majestic Theater (from \$754,895 to \$1,132,343), Moody Performance Hall (from \$295,687 to \$443,531), and Latino Cultural Center (from \$26,879 to \$40,318).
 - \$10,000 from Goldman Sachs & Co to support Dallas Arts Month in April 2022

- In April 2022, the Office of Arts and Culture and the Dallas Public Library announced the appointment of Dallas' first Poet Laureate, Joaquin Zihuatanejo. He will serve a two-year term and share poetry across the City.
- The Arts and Culture Advisory Commission supported the work of the Office of Arts and Culture staff in the preparation of budget bids for FY 2022-23 and FY 2023-24.
- Naming for Latino Cultural Center Facility Components was approved in conjunction with the completion of the Consolidated Capital Campaign for the Latino Cultural Center Phase II.
- The cultural centers and performance venues experienced minimal damage from the historic rainfall that impacted Dallas from August 21 – 22, 2022. Damages sustained by the Dallas Museum of Art due to major water infiltration were primarily in the Center for Creative Connections and the Reeves Galleries, and work to remediate the damage is underway as of January 2023. Damages were sustained at 9 buildings at Old City Park, with repairs also underway.
- The work of the OAC and the Commission are supported in neighborhoods through dedicated Friends groups; two newer groups, the Friends of the Oak Cliff Cultural Center and the Friends of the Juanita J. Craft House and Museum, have joined the more tenured groups of the Friends of the Bath House Cultural Center, and the Friends of the South Dallas Cultural Center.

Goals for the Coming Year

1. The Commission will continue to monitor and advise as to the ongoing implementation of the Dallas Cultural Plan, with recommendations to update or speed implementation of certain priorities and/or initiatives. Within the Cultural Plan, the Commission will prioritize Equity and Diversity goals, specifically as relates to the City's Racial Equity Plan.
2. The Commission will advance goals related to support of all artists and arts groups receiving OAC funding, including improving payment schedules,

implementation of artist residencies, summer residencies, and Culture of Value grants.

3. The Commission will support the Office of Arts and Culture in the City budget process for FY 2023-24 and 2024-25.
4. The Commission will support continued Arts Month activities in April 2023.
5. The Commission will support the re-opening of the Juanita J. Craft Civil Rights House and Museum.
6. The Commission will provide input and feedback on City-owned cultural facility operation and use.
7. The Commission will monitor and assist in promoting virtual and neighborhood access to arts and cultural experiences through OAC programs and partner services.
8. The Commission will work in each of their districts to determine where the arts are lacking and have neighbors weigh in on what they want.
9. The Commission will find creative ways to find affordable performing and/or studio space for artists and arts groups, as recommended in the Cultural Plan (as opposed to building more spaces), for our “nomadic” groups who have no space to perform or work, and add them to the Spacefinder app.
10. The Commission will find creative ways to assist those performing groups who have been financially responsible enough to have purchased their own performance spaces and don’t receive the facility and technical support that is provided to those using city-owned facilities.
11. The Commission will find a way to provide connections to potential donors and major financial supporters outside of City funding to artists and arts groups.
12. The Commission will re-commit to cultural and racial equity in all our programs.
13. The Commission will explore the formation of task forces and/or committees to study and make recommendations related to important issues, for example, Equity, Cultural Plan implementation assessment, and specific facility matters.
14. The Commission will help the arts and culture community by exploring additional funding opportunities.

The City operates six cultural centers that provide professional quality space for the performance and presentation of arts and cultural events as well as the Juanita Craft Civil Rights House and Museum. These facilities include:

- **Bath House Cultural Center (BHCC)** - 521 E. Lawther Drive, Dallas, TX 75218. Located on the shores of beautiful White Rock Lake, the Bath House Cultural Center is a welcoming venue for visual and performing artists from an array of backgrounds. The historic, art deco style Bath House houses a 116-seat black-box theater, two gallery spaces, and a number of multipurpose spaces including a newly renovated lake level area allowing for unique open-air programming. The Bath House standard operating hours are Tuesday through Saturday from 12 pm to 6 pm. In addition to the standard hours of operation, The Bath House is typically open on nights and/or Sundays based on theater performances and event activity.
- **Juanita J. Craft Civil Rights House** – 2618 Warren Ave., Dallas, TX 75215. The 1300-sq. ft. one-story frame house was the home of Juanita Craft, one of Dallas’ most significant civil rights figures and the second African American woman to serve on the Dallas City Council. The house is currently closed for renovation and planning to resume operations in the first half of 2023. Programming at the Juanita J. Craft Civil Rights House is coordinated by the South Dallas Cultural Center.
- **Moody Performance Hall (MPH)** - 2520 Flora St., Dallas, TX 75201. Located at the intersection of Routh and Flora, the Moody Performance Hall is a gateway to the Arts District. The Moody Performance Hall is a publicly funded facility that was designed in conjunction with feedback from dozens of local arts organizations. The MPH is a lyrical and elegant multi-use venue with a primary mission to provide Dallas-based emerging and mid-sized arts organizations a quality performance space to express the voice of our community through the arts. Hours of operation are based on event activity most often occurring Tuesday through Sunday throughout the year.
- **Latino Cultural Center (LCC)**- 2600 Live Oak St., Dallas TX 75204 The Latino Cultural Center was designed by world-renowned architect Ricardo Legorreta and dedicated on September 16, 2003. A multidisciplinary arts center that presents Latino artists involved in the literary, film, dance, visual and performing arts. The LCC’s mission is to create an environment that celebrates and promotes Latino art and culture by producing quality programming, exhibitions, dance and theatre productions for Dallas’ residents while developing strategic partnerships with local artists and arts organizations. As of 2022, the LCC is home to two resident theater companies, Teatro Dallas, and Cara Mia Theatre. The Latino Cultural Center standard hours of operation are Tuesday through Saturday from 10 am to 5 pm and is closed on Sunday and Monday. In addition to the standard hours of operation, The LCC is typically open on nights and/or Sundays based on theater performances and event activity.
- **Oak Cliff Cultural Center (OC3)**- 223 W. Jefferson Blvd., Dallas, TX 75208. The Oak Cliff Cultural Center provides community-based arts and cultural programming for the North Oak Cliff and West Dallas communities. The Center provides a wide variety of art exhibitions, artist workshops, art, music, and dance classes, and cultural festivals for both children and adults, creating an environment for artists and students to learn and experience the creative powers of the arts. The Oak Cliff Cultural Center standard hours of operation are Tuesday through Saturday from 12:00 PM to 6:00 PM, In addition to the standard hours of operation, The OC3 is typically open on nights and/or Sundays based on event activity.
- **South Dallas Cultural Center (SDCC)** - 3400 South Fitzhugh, Dallas, TX 75210. The South Dallas Cultural Center became a reality through the efforts of key individuals in the African American community, who encouraged the City of Dallas to develop a multi-purpose arts facility in South Dallas. The 24,000 square-foot facility is located across from Fair Park and offers a 110-seat black box theatre, a multi-arts studio, a visual arts gallery, a dance studio, a two-dimensional arts studio, and a full-service audio recording studio. The South Dallas Cultural Center provides programs in the performing, literary, and

visual arts with an emphasis on the African contribution to world culture. The center facilitates enriching and dynamic opportunities for the Dallas community to experience, examine, and celebrate black creative culture. Standard hours of operation are Tuesday through Saturday from 9 am to 5 pm. In addition to the standard hours of operation, The SDCC is typically open on nights and/or Sundays based on theater performances and event activity

- **Majestic Theatre** - 1925 Elm Street, Dallas, TX 75201 One of the most elegant and historic performing arts spaces in the Southwest, the historic Majestic Theatre is managed by the City of Dallas Office of Arts and Culture. Built in 1921, the Majestic hosts a variety of concerts, performing arts, comedy and corporate events through the year presented by national and local artists, promoters, and nonprofit arts organizations. In addition to performance and event areas, the Majestic Theatre houses the administrative offices of the Office of Arts and Culture. Hours of theatre operation are based on event activity most often occurring Tuesday through Sunday throughout the year.

Additionally, the Office of Arts and Culture manages 9 long-term use and management agreements with nonprofit cultural organizations for the operations and programming of city-owned cultural facilities, including:

- **The AT&T Performing Arts Center - Margo and Bill Winspear Opera House** - 2403 Flora Street, Dallas, TX 75201. One of the four venues of the AT&T Performing Arts Center in the Dallas Arts District, the Winspear Opera House was designed by Pritzker Prize winning architect Norman Foster and Foster + Partners. The 2,200-seat hall opened in October 2009. The Winspear is the home of The Dallas Opera, Texas Ballet Theater, a Broadway series, and other local and international performing arts presentations. **Dee and Charles Wylie Theater** - 2400 Flora Street, Dallas, TX 75201. One of the four venues of the AT&T Performing Arts Center in the Dallas Arts District, the Wylie Theatre was designed by REX/OMA, Joshua Prince-Ramus (partner in charge) and Pritzker Prize-winning architect Rem Koolhaas. The 575-seat theatre opened in October 2009. The Wylie is the home of the Dallas Theatre Center, Dallas Black Dance Theatre, and Anita N. Martinez Ballet Folklorico. **Annette Strauss Square** - 2389 Flora Street, Dallas, TX 75201. One of the four venues of the AT&T Performing Arts Center in the Dallas Arts District, Strauss Square was designed by the internationally renowned firm Foster + Partners. Strauss Square was dedicated in September 2010 and hosts a variety of outdoor events ranging from concerts to theatrical and dance performances to multi-day festivals, accommodating audiences of up to 2,000 in a serene open-air setting. **Elaine D. and Charles A. Sammons Park** - 2403 Flora St, Dallas, TX 75021. One of the four venues of the AT&T Performing Arts Center in the Dallas Arts District, this 10-acre park was designed by landscape architect Michel Desvigne of Paris in collaboration with JJR of Chicago. Sammons Performance Park opened in October 2009.
- **The Black Academy of Arts and Letters (at the Dallas Convention Center)** - 1309 Canton Street, Dallas, TX 75201. Housed in the original 1957 section of the Dallas Convention Center that was designed by noted Dallas architect George Dahl, TBAAL has an 1,800-seat theater and a 250-seat café theater, plus gallery, gift shop, meeting rooms and administrative and support spaces.
- **Dallas Black Dance Theater (Moorland YMCA)** 2700 Ann Williams Way, Dallas, TX 75201. Built in 1930 as the city's only YMCA for the African-American community, the 32,000-sq. ft. building was designed by Dallas architects Ralph Bryan and Walter Sharp. It served as a YMCA until 1970, when a new facility was built in Oak Cliff and the historic building was acquired by the private sector. Dallas Black Dance Theatre purchased the building in 1999 and in 2005 transferred the deed to the City of Dallas as part of a public/private partnership to renovate the facility. After an extensive renovation, the building reopened in 2008 as the Arts District home of Dallas Black Dance Theatre.
- **Dallas Heritage Village at Old City Park** - 1515 S. Harwood, Dallas, TX 75215-1273. This 13-acre village is a living history museum portraying life in North Texas from 1840-1910. Located in what was Dallas' first public park, the 38 historic structures on the site have been relocated from sites around North Texas. The facility is managed by the Dallas County Heritage Society.
- **Dallas Theater Center (Kalita Humphreys Theater and Heldt Administration Building at Kalita Humphreys Theater)** - 3636 Turtle Creek, Dallas, TX 75219. The 33,000-sq. ft. theater was designed by American architectural legend Frank Lloyd Wright and is the only stand-alone theater designed by Wright that was built. It was built by the Dallas Theater Center in 1959 and transferred to City ownership in the 1970s. The Kalita has been in continuous operation since 1959 as the home of the Dallas Theater Center. The 33,000-sq. ft. facility provides office, rehearsal and costume shop space to support the theatrical activities at the Kalita Humphreys Theater. The Heldt was designed by Dallas architect Art Rogers and completed in 1990.

- **Dallas Museum of Art** - 1717 North Harwood, Dallas TX 75201. The 528,000-sq. ft. facility was designed by AIA Gold Medal recipient Edward Larrabee Barnes. The building anchors the Dallas Arts District's western side and first opened in 1984, with a subsequent addition opening in 1993. The facility was funded through a public/private partnership between the City of Dallas and the Dallas Museum of Art, a nonprofit corporation.
- **Dallas Symphony Association (Morton H. Meyerson Symphony Center)** - 2301 Flora, Dallas, TX 75201. The 485,000-sq. ft. facility was designed by Pritzker Prize recipient I.M. Pei. This building is home to the Dallas Symphony Orchestra, which took over long-term management and operations of the building in 2019. The facility was funded through a public/private partnership between the City of Dallas and the Dallas Symphony Association, a nonprofit corporation.
- **Sammons Center for the Arts (Historic Turtle Creek Pump Station)** - 3630 Harry Hines Blvd., Dallas, TX 75219. This historic landmark began its life in 1909 as the Dallas Water Utilities Turtle Creek Pump Station. In 1981, through the efforts of the cultural community, it was renovated through a public/private partnership into the Sammons Center for the Arts.
- **Commonwealth Development – with Sammons Center for the Arts** – 3111 North Stemmons Freeway, Dallas, TX 75247. This lot of 3.7 acres of City-owned land has been leased in a 40-year development agreement to the Sammons Center for the Arts for a new arts incubator to be built. City Council approved the development agreement in May 2021.

CULTURAL SERVICES CONTRACTS

30.9 percent of total Office of Arts and Culture General Fund Budget

General Fund Budget: \$6,601,231

The City contracts for services with Dallas nonprofit cultural organizations and individual artists to support a wide variety of arts and cultural programs, including concerts, plays, exhibitions, lectures, workshops and festivals. Cultural Services are procured through three main categories: Cultural Organizations Program, ArtsActivate 2022 and Community Artist Program. In FY 2021-22, a pilot Community Arts Summer Residency program was continued.

If funds were recommended and not contracted or not paid, staff will reallocate internally with a priority to cultural services (e.g., if an Arts Activate 2022 award in Round 1 is declined, it is rolled over to Round 2 and made available). If notification of contracted fund non-usage comes later in the year after all funding rounds are complete, reallocations occurred with priority to Cultural Centers for needed cultural services and/or equipment. If notification of contracted fund non-usage comes after the end of the fiscal year, the funds cannot be re-purposed and are returned to the General Fund.

Note: Descriptions are taken from artist and organization application/website materials; typos and tone differences may occur due to this varied sourcing.

Cultural Organizations Program (COP)

The largest of the Cultural Services Contracts programs, COP is the program used to contract for cultural services with established non-profit cultural organizations to support an array of programs that include concerts, plays, exhibitions, performances, workshops, and other cultural services. These contracts are awarded annually using a best practice, peer review panel approach to evaluate applications.

Program eligibility and review criteria are published annually. An organization receiving a COP contract was eligible to apply for project-based funding through ArtsActivate 2022, provided that it met the eligibility requirements. The maximum amount any one organization can receive through COP is 25% of their prior year audited expenses (the current average is under 10%).

The Arts and Culture Advisory Commission appoints the panels and reviews the panel ratings to make funding recommendations. The Commission's recommendations, in turn, form the basis of the contracts that are brought forth to City Council for approval.

In 2021-2022 there were 43 organizations in the Cultural Organization's Program and included \$5,160,302 recommended in funding, with 7 new organizations recommended and a total of \$826,526, or 16% of the total, recommended for 8 ALAANA organizations. The total amount contracted was \$5,202,226 with 43 organizations, and as of January 23, 2023, \$5,139,536.26 has been paid as of January 23, 2023.

- **South Dallas Concert Choir**

Duke Ellington Sacred Concerts - SDCC will sing selections from all three Sacred Concerts. As this is a sacred piece, it is appropriate that it be performed in a church. SDCC has chosen to perform this piece at East Dallas Christian Church in southeastern Dallas. This congregation has a rich music tradition and currently hosts a concert series with which this rarely performed work would blend perfectly. This concert will be a befitting end to Black Music Month 2022.

ArtsActivate 2022 Round 3 Funding: \$7,500. Amount Paid: \$7,500.

- **Teatro Dallas**

ANTIBODIES-Using Our Bodies to Dispell Discrimination (bilingual movement workshops for young adults) - The series is called Antibodies, and through the connection of individuals to their own bodies and stories, our instructors, all immigrants themselves, will help participants use theater to address internal anxiety and general need for healing and social cohesion. The workshops will be led by international performance and dance artists who are trained in cultural techniques that emphasize a variety of physical movement as the basis for developing narratives.

ArtsActivate 2022 Round 3 Funding: \$9,000. Amount Paid: \$9,000.

- Teatro Flor Candela**

Intima Terra/ Intimate Earth - Intima Terra/ Intimate Earth unfolds in multiple acts each of which draws inspirations from the unique sounds and choreography provided by Nature. We have developed the play in English and Spanish and prepared two versions of the play: one for adult and one for children. The production includes 12 actors, 2 technicians and the artistic director. We are willing to present Intima Terra in schools as well in open spaces to communicate with a variety of ethnically and socioeconomically diverse communities.

ArtsActivate 2022 Round 3 Funding: \$5,000. Amount Paid: \$5,000.
- The No Limits Theatre, Incorporated**

Art Expressions - The No Limits Arts Theatre will host a series of workshops specifically for Veterans. Entitled, Art Expressions, the purpose of the program is to serve local veterans through the arts. The workshops will offer different mediums of art giving the veterans the opportunity to find a medium that speaks to them and that brings them joy. The workshops will include visual art, (painting, ceramics, mosaic, etc.), performance arts, (spoken word, dance, singing etc.) and a special workshop in sign language.

ArtsActivate 2022 Round 3 Funding: \$10,000. Amount Paid: \$10,000.
- The Writer's Garret**

Rail Writers - Rail Writers is a summer youth program that takes participants on a journey of writing, sharing, and exploration. In small groups, participants from systemically disadvantaged communities throughout the city travel via the Dallas Area Rapid Transit (DART) to unique neighborhoods, museums and other iconic locations. Using prompts that tie to these specific sites and their experiences at them, participants are guided through creating original poems and essays, which they are then encouraged to share via social media either in video or text.

ArtsActivate 2022 Round 3 Funding: \$12,000. Amount Paid: \$12,000.
- Uptown Players**

Kinky Boots - Uptown Players will present the regional premiere of the 2013 Tony Award Winning Best Musical, Kinky Boots. This will be the first locally produced version of the show, providing access to more residents of Dallas through participation in the Culture Pass program and through Uptown Players community outreach, which provides free tickets to local LGBTQ+ organizations.

ArtsActivate 2022 Round 3 Funding: \$12,000. Amount Paid: \$12,000.
- VET**

PAINT THE TOWN 2022 - FREE and FUN painting lessons that depict the beauty of iconic Dallas symbols and neighborhood park scenes throughout the city. Applicant will give step-by-step instructions on how to paint specific scenes that relates to the citizens of Dallas. Host sites will have an opportunity to select from a collection of acrylic paintings that I have created which may include, but not limited to, the Dallas Skyline, local lakes, rivers, neighborhood parks, birds and plants.

ArtsActivate 2022 Round 3 Funding: \$7,000. Amount Paid: \$7,000.
- WordSpace**

Dallas LitHop 2022 - Dallas Lit Hop is a four week, city-wide, interdisciplinary literary festival delivered to diverse Dallas neighborhoods during National Poetry Month. WordSpace will present visiting writers and publishers together with Dallas writers and Dallas-connected writers from other Texas cities. The Dallas Lit Hop events will be presented in traditional and bar crawl readings, in performance art events, a youth education workshop and a festival headliner performance.

ArtsActivate 2022 Round 3 Funding: \$10,000. Amount Paid: \$10,000.

Community Artists Program (CAP) Organizations and Artists - The Community Artist Program (CAP) allocates annual funding which aids in promoting cultural awareness, heightens citizen understanding of art forms and celebrates the various traditions that contribute to the composition of this city.

In 2021-2022 there were more than 723 performances, workshops and other community events with 50 artists/art groups through the Community Artists Program and funding recommended was \$410,000.00. Funds that are reallocated are spent primarily for cultural services.

\$406,000 was contracted / \$35,700 was reallocated / \$375,125 was paid in total

Notes: (*Reallocated: \$1,000*) means that the total services ordered were reduced by \$1,000 due to lack of requests and/or lack of artist availability

(*Value of additional funds ordered and paid: \$2,000*) means that the total services ordered were increased by \$2,000 from the recommended and contracted amount due to high usage, and that the full amount was paid out.

Public Art Program

The Commission reviews ongoing projects in the Public Art Program in conjunction with the Public Art Committee. The Commission and Public Art Committee work with City staff to review and recommend project funding through the bond programs and to review and approve donations of public art to the City of Dallas. The mission of the public art program is to enrich the community through the integration of the vision and work of artists into the planning, design and construction of public spaces. The Public Art Program is a commitment by the City to invest in art across neighborhoods and creates new opportunities for artists and the arts to connect with communities and other City departments. Through this program, the community can see themselves in new ways as they work alongside the City and the artists to create an artwork for current and future generations.

The Arts and Culture Advisory Commission, along with input from the Public Art Committee, provided recommendations related to new public art projects throughout the year. Recommendations included:

- Recommendation in support of the 2022 Annual Public Art Plan (January 2022)
- Recommendation in support of initiation of Public Art project at Watershed Flood Gates at Budd St near Highway 175, and Bexar St at Highway 175 (January 2022)
- Recommendation in support of a commission by Brad J. Goldberg of Public Art piece at Crawford Memorial Park at 8700 Elam Rd (January 2022)
- Recommendation in support of initiation of Public Art project at Kleberg – Rylie Recreation Center at 1515 Edd Rd (February 2022)
- Recommendation in support of initiation of Public Art project at Harry Stone Recreation Center at 2403 Millmar Dr (March 2022)
- Recommendation in support of the artists for the Prequalified Artists List for projects with budgets of \$100,000 or less (May 2022)
- Recommendation of artists Cecilia Lueza and Angelina Marino Heidel to fabricate and install public art projects at Lemmon Avenue Streetscape at Lovers Ln and Shorecrest Dr along Lemmon Ave (May 2022)
- Recommendation in support of initiation of Public Art project at Tipton Park at 3607 Magdeline Street (August 2022)
- Recommendation in support of initiation of Public Art project at Singing Hills Recreation Center at 6805 Patrol Way (August 2022)

Municipal Radio: The Office of Arts and Culture provides oversight for WRR 101.1 FM Radio, a city-owned commercial radio station that broadcasts classical music 24/7 to the DFW region. It is an Enterprise Fund and not funded through the General Fund.

City Manager and to the Dallas City Council Members

We have made every effort to submit for your review the Arts & Culture Advisory Commission 2021 – 2022 Annual Report. We realize that the Office of Arts & Culture had considerable turnover in personnel and was at the helm of interim leadership. As such, the annual report submitted to us for review and approval was met with mixed feedback and recommendations on the content. Some commissioners felt strongly that certain information and accomplishments should be featured or at the minimum, included within the report. An additional meeting was called to continue the discussion and to approve a final version. A final version was approved but we also agreed to provide a “minority report.”

Pursuant to Chapter 8 of the Dallas City Code Section 8-1.1 (a) (7), we are including a summary of the recommendations from those commissioners who felt strongly that the items should be addressed. This “minority report” is submitted as an attachment (Attachment C) to this annual report and is titled, “Arts & Culture Advisory Commission FY 2021-22 Annual Report Feedback.”

We commend the leadership and staff of the Office of Arts & Culture for their dedication and hard work in the preparation of the annual report. We acknowledge that work and are committed to building and improving upon it together.

Respectfully submitted,

A handwritten signature in black ink that reads "Augustine V. Jalomo, Jr." The signature is written in a cursive style with a large, stylized initial 'A'.

1	Should the report include information regarding status of staffing ...e.g. the understaffing experienced this year; that while complicated, it has not prevented carrying out mission -- if that is true or if not, explain what we could not do and the recent hire/onboarding of our new director?	History of the Office of Arts and Culture	3	Bragalone	Written
2	Should we include Culture of Value ... I think it has a different name and is funded by the NEA grant , so perhaps it shold be a separate bullet point? I note there is an expanded explanation of it later in the report	Program and Committee Structure (Cultural Service Contracts)	7	Bragalone	Written

5	<i>Number of Public Art community events...</i> : should/are these be identified in an appendix?	Major Accomplishments	9	Bragalone	Written
6	<i>Goal 1 - Dallas Cultural Plan</i> : should we make a statement about actions to be taken in coming year to be ready for update? We must include goal regarding equity either here or as a separate point	Goals for the Coming Year	13	Bragalone	Written
7	<i>Goal 1 - Dallas Cultural Plan</i> : With the ongoing implentation of the Dallas Cultural Plan, how can we do this if we are not getting update or know what works need to be done? is the Dallas Cultural Plan supposed to be reviewed every 5 or 10 years? Whar are our shortcomings? What do we still need to work one? What's getting more love that the others with the 6 pillars?	Goals for the Coming Year	13	Jalomo	Verbal

11	<i>Goal 6 - DMA contract renewal:</i> Is this the only city-owned facility contract that will be renewed this year; if not should include all or none; as an aside, if it is included, would like staff to be prepare to explain to us our role in this process. e.g. do we review and recommend etc.	Goals for the Coming Year	13	Bragalone	Written
12	<i>Goal 6 - DMA contract renewal:</i> Eliminated the goal related to Dallas Museum of Art since we are not involved in the contracting business of any of the COP organizations. I would like to say, however, that I hope there is attention being paid to the DMA's security issues as well as their DEI failures given that the City of Dallas has placed a high priority on equity as relates to where city dollars are spent.	Goals for the Coming Year	13	Meek	Written
13	<i>Goal 6 - DMA contract renewal:</i> **** Additional comments/questions regarding the goal above related to supporting contract renewal process; if this is an appropriate goal of the Commission, should we or do we have goals related to other facilities -- e.g. supporting the Master Plan process for the Kalita and any other facilities programs	Goals for the Coming Year	13	Bragalone	Written
14	<i>Goal 6 - DMA contract renewal :</i> Commenting on support for actions by OAC where the Commission has not active involvement — e.g. negotiation of contracts. If we are not requested to make a recommendation or to be a part of evaluating the negotiations or final product, it should not be in our goals list. In other words, not every goal/activity of the OAC has Commission involvement.. We should not comment on those activities where we have no involvement. If we are to be a part of the process, then this goal should include all similar contract negotiations	Goals for the Coming Year	13	Bragalone	Written

16	<i>Goals:</i> Given the importance of the ongoing Kalita Master Plan — should we have some statement about our goals in this area? I did not make a specific suggestion as I am unclear what our actual role will be, but I know in the past we were called upon to evaluate and make recommendations to Council on this project. If that is to happen this year, it should be included in our Goals	Goals for the Coming Year	13	Bragalone	Written

19	<i>Overall:</i> On another note, after reading the code regarding the preparation of this report, I am surprised to read that the OAC is expected to provide this document with considerable input from the Commission given that we were not consulted on its production. This section of the code is particularly meaningful given the robust conversation we had last night. Minority or dissenting viewpoints should be given full disclosure in the report so that the opinions of each board member are fairly conveyed. The minority or dissenting report should be prepared by those holding such viewpoints and it should be incorporated in the report without editing, except in order to achieve compliance with this section. If the majority report, including attachments, appendices, and index pages, numbers less than 100 pages, the minority report will be placed after the last page of the majority report. If the majority report numbers 100 pages or more, the minority report will be placed after the summary of recommendations and before the body of the full majority report. Memorandum

CITY OF DALLAS

DATE January 18, 2023

TO Honorable Mayor and Members of the City Council

SUBJECT Board of Adjustment Annual Report FY 2021-2022

Attached you will find the Board of Adjustment's Annual Report for 2021-2022 adopted consistent with Chapter 8, section 8-1.1 summarizing the accomplishments, hearings, and appeals (pages 12-13) for the taxpayer/property owners within the City of Dallas.

The Board is committed to fulfilling our mission of implementing the zoning ordinance by considering special exceptions and variances in unique instances where building permits are desired but are not literally conforming to existing regulations.

The Board of Adjustment meets monthly via three panel hearings but twice annually as a full Board. On November 1, 2022, the full Board met and unanimously adopted:

- 1) Updated Rules of Procedure
- 2) 2023 Meeting calendar
- 3) Goals & Objectives for 2022-2023 (page 23)
- 4) Recommendations for City Council Action (page 25)

Respectfully submitted,

David A. Neumann

BOARD OF ADJUSTMENT

2021-2022

MISSION, PURPOSE,

AUTHORITY, PROCESS

Board of Adjustment Mission Statement

The Board of Adjustment (BOA) is a quasi-judicial body, appointed by the City Council, charged with certain decision-making functions, which aim to uphold the meaning and spirit of the zoning ordinance as enacted by city ordinance or state legislation. The purpose of the Board of Adjustment is to implement the zoning ordinance and to apply discretion in exceptional instances where building permits are desired but are not literally conforming to the regulations. Primary responsibility for administration of the zoning ordinance falls on the Building Official, subject to appeals to the Board of Adjustment and ultimately to the courts.

- (1) To hear and decide appeals where it is alleged there is error in any order, requirement, decision or determination made by an administrative official in the enforcement of any order or ordinance pertaining to zoning.
- (2) To hear and decide special exceptions to the terms of the zoning ordinance in the manner provided.
- (3) To authorize upon appeal in specific cases such variance from the terms of the ordinance as will not be contrary to the public interest, where, owing to special conditions, a literal enforcement of the provisions of the zoning ordinance will result in unnecessary hardship, and so that the spirit of the ordinance is observed, and substantial justice done.
- (4) To regulate and discontinue nonconforming uses and structures.

Purpose

City of Dallas Board of Adjustment
Dallas Development Code, SEC 51A-4.501

The purpose of the Dallas zoning code is to promote the public health, safety and general welfare but in order for a comprehensive zoning map and ordinance to properly function in accordance with the purpose for which it is designed, it is necessary from time to time that some modification of these zoning regulations be made. The purpose of the Board of Adjustment was to implement the zoning ordinance and to apply discretion in exceptional instances where building permits are desired but are not literally conforming to the regulations. The Board of Adjustment is a governmental agency of the city and is an essential part of the administration of zoning, engaged in a delegated policy-making function (within the standards set up in the zoning ordinance), and not merely deciding private rights, as it represents the public interest.

Authority

City of Dallas Board of Adjustment
Dallas Development Code, SEC 51A-4.501

The Board of Adjustment receives its power from the enactment of State Legislation (Chapter 211 of the Texas Local Government Code): The Board of Adjustment is permitted by State Law to establish their rules and operational procedures provided that such rules are not inconsistent with the zoning ordinance or State Law. As noted in the Board's Rules of Procedures, no action of the Board of Adjustment shall set a precedent, with each case being considered and decided on its own merits and on the circumstance's attendant thereto. Also, it is the declared purpose of the zoning ordinance that nonconforming uses be eliminated and be required to conform to the regulations prescribed in the ordinance.

The Board of Adjustment receives its powers from the City of Dallas through Chapter 51, and Chapter 51A, Dallas Development Code, as amended: The powers vested in the Board of Adjustment are discretionary in the sense that it is an administrative body created for the administration of the Zoning Law, and, within the standards set by the law, its decision, if supported by substantial evidence, are not subject to being set aside, that is, they can only be set aside for a clear abuse of discretion. The Board's functions are administrative and quasi-judicial. The actions of the Board are presumed to be valid and final, and the only recourse is for the applicant to appeal the Board's decision to the District Court. An applicant appealing to the District Court by certiorari has the burden of showing that the action of the Board was arbitrary, capricious or illegal.

Pursuant to the Board's Rules of Procedure, ex parte communications with the members of the Board are prohibited. All communications to the Board, oral or written, should be directed to the Board Administrator. Failure to comply with this rule may result in criminal prosecution for improper influence, which is a Class A misdemeanor under Texas Penal Code, Section 36.04.

It requires four (4) members of the Board of Adjustment at the public hearing to constitute a quorum, and at the hearing the Board Administrator calls each appeal and gives the swearing in of the oath of truth to all persons that desire to testify in each case.

On the day of the hearing, the applicant presents his case, the opposition is then heard, and the applicant is given the opportunity for rebuttal. No rebuttal is allowed for the opposition.

The Board of Adjustment normally makes their decision known on an appeal immediately after a case has been heard, and the Board may apply any restrictive conditions when they feel it is necessary. The Board's decisions are final, and the only recourse on a Board's decision is to appeal to the District Court.

The Process of Zoning Appeals

How an Appeal Is Made

After an appeal is received in the Development Services Department from the Zoning Division of the Building Inspection's Office, the appeal is assigned a case number. A route sheet is prepared so that each section within Development Services Department and other departments in the City can make comments and present facts that could be pertinent to the decision of the Board of Adjustment. Property description and public notices are prepared for all appeals that are to be acted on by the Board. The route sheet copy of the appeal, and a copy of the public notice is sent to the GIS Section of Development Services Department to have a location map, and other appropriate graphics for the Board's docket. This section also prepares labels for the property owners to be notified for each appeal being processed for the Board of Adjustment's public hearing. The notices are mailed no later than ten (10) days prior to the Board's public hearing date to comply with state statute requirements.

All public hearings are taped, and the secretary also takes notes of the hearing. Each appeal is called and all people that testify are sworn in.

The Board of Adjustment normally makes their decisions known on an appeal immediately after a case has been heard. After the hearing, letters are written informing the applicant and other concerned parties of the Board's action. Appeals are filed with the Board Office after the hearing so that no misunderstanding will occur, and all site plans are stamped approved by the Board if the appeals are granted.

2021-2022 Accomplishments

Qualitative Accomplishments

- Successfully considered 170 taxpayer/property owner appeals/cases representing a 12% increase from last fiscal year.
- Improved public transparency of meetings with the goal of posting full agenda/docket information seven (7) days prior to hearings and implemented initial customer service website enhancements
- Improved the professionalism and conduct of citizen led Board/Panel hearings to ensure fair, accurate and just outcome
- Instituted training of members to enhance their capacity to apply standards and criteria on appeals presented
- Board members and Alternate positions kept fully appointed/filled to ensure panel quorum thru outreach to City Councilmembers
- Met regularly with PUD and CAO staff regularly to review and propose updates to our Working Rules of Procedure
- Organized and held 2 full Board of Adjustment meetings to receive training, understand conflicts of interest, develop Board relationships and strengthen commitment to BOA

BOARD OF ADJUSTMENT

2022-2023

GOALS & OBJECTIVES

2022-2023 Goals & Objectives

1. Improve all (Staff, Board, Property Owner) aspects of the Board of Adjustment's Timeliness, Transparency, Accuracy, and Teamwork
2. Successfully transition city staff support to Development Services Department with new Board Administrator and Senior Planners
3. Significantly decrease days application to hearing timeline for the taxpayer/property owner
4. Significant website enhancements to increase taxpayer/property owner access and awareness of pending zoning appeals
5. Meeting agenda/dockets publicly available 7 days in advance of hearings
6. Quarterly enhanced training of members/alternates on rules, conflicts of interest, criteria for decision making and onboarding of new appointees

COMMUNITY DEVELOPMENT COMMISSION (CDC)

The Dallas City Council appoints a fifteen-member Community Development Commission (CDC) to assist City Council and City staff in developing the Consolidated Plan and Annual Action Plan. The CDC works with City staff to develop and recommend project funding associated with each annual entitlement grant. When identifying and prioritizing projects for program funding, the CDC considers public input gathered from public hearings, regular monthly meetings, special Neighborhood Public Hearings, and community meetings held for planning purposes as well as from surveys gathered during the public hearing process.

PURPOSE

To solicit resident participation and provide recommendations to the City Manager and City Council on the use of U.S. Department of Housing and Urban Development (HUD) Consolidated Plan grant funds that improve the lives and living environments of low- and moderate-income persons residing within the City of Dallas. The HUD Consolidated Plan Grants include Community Development Block Grant (CDBG), HOME Investment Partnership Grant (HOME), Emergency Solutions Grant (ESG), and Housing Opportunities for Persons with AIDS (HOPWA).

MISSION STATEMENT

To enhance the vitality and quality of life for all in the Dallas community.

COMMITTEES

The CDC designates five sub-committees to evaluate, formalize, and make recommendations to the entire CDC on matters relating to the purpose and reason for the creation of the committee. Each committee schedules and conducts additional meetings, as necessary, to discuss the allocation of funds, by grant and project, prior to presenting its recommendations to the full CDC and then to the City Council for approval.

COORDINATING DEPARTMENT

The Budget & Management Services, Grants Administration Division coordinates all Community Development Commission meetings and initiatives.

****Note: The CDC is also governed by Chapter 8 and Chapter 2, Article XXI, Section 2-150 through 152 of the Dallas City Code.***

The Neighborhood Public Meetings provided opportunities for the public to address community needs, goals, and potential uses of FY 2022-23 HUD funding. Feedback from residents was encouraged through a resident survey regarding the Annual Consolidated Plan, which was shared at Neighborhood Public Meetings and on the City's website. Residents were also provided the opportunity to give input virtually, by email, and by mail by February 25, 2022. The city received 503 resident surveys.

- The Dallas Continuum of Care (CoC) was provided the opportunity to review and comment on the proposed ESG FY 2022-23 budget at its General Assembly meetings on January 25, 2022. City staff also consulted with the Ryan White Planning Council regarding the City of Dallas FY 2022-22 HOPWA budget on January 12, 2022.
- On May 11, 2022, the Dallas City Council called a hybrid public hearing to receive comments on the City's Proposed FY 2022-23 HUD Consolidated Plan Budget. To meet all statutory deadline requirements, the budget development process began assuming the four grants allocation amounts would remain the same as the current year. On May 13, 2022, HUD published the actual formula grant allocations, and the City Manager was required to increase and decrease funding as necessary to balance the budget with available resources. On May 20, 2022, the Dallas City Council was informed of the City Manager's revised proposed FY 2022-23 Consolidated Plan Budget based on the actual formula grant amounts.
- On May 25, 2022, a hybrid Dallas City Council public hearing was held to receive comments on the Proposed FY 2022-23 HUD Consolidated Plan Budget. During the hearing, the Dallas City Council voted to keep the public hearing open until June 22, 2022, to allow additional time to receive comments on the revised Proposed FY 2022-23 HUD Consolidated Plan Budget. The Public comment period was from May 12, 2022, through June 22, 2022.
- On May 29, 2022, the public notice for the hybrid public hearing was published and posted in the Dallas newspaper of general circulation – The Dallas Morning News. The advertised public notice provided the location, time, virtual meeting link, the option to participate by phone, and the written comment period information. Additional public notices were posted with the City Secretary's Office, on the City's webpage, and through City social media sites. The virtual public hearing information was also available on the Budget & Management Services – Grant Administration Division website.
- On June 22, 2022, the Dallas City Council held a hybrid public hearing to receive resident comments on the proposed FY 2022-23 Annual Action Plan, and at the end of the public hearing, authorized the adoption of the FY 2022-23 Annual Action Plan through Resolution No. 22-1024. All electronic, verbal, and written comments were considered.

Comment Summary

The virtual public hearing provided the public the opportunity to comments on the use of the funds in the FY 2022-23 Annual Action Plan. Residents were encouraged to provide comments by email, submit comments on the Budget & Management Services – Grant Administration webpage, and through the City Secretary's Office. Residents were also provided the opportunity to give input by mail by June 22, 2022.

Community Tour

On April 9, 2022, the Community Development Commission hosted their annual Community Tour. This riding tour allowed the commission to visit four of U.S. Department of Housing and Urban Development (HUD) Consolidated Plan grant funded projects, namely: the Palladium Redbird Multifamily Housing development, the Shared Housing Center, the Northeast Community Court, and the Community Court Social Service in Action.

PALLADIUM REDBIRD MULTIFAMILY HOUSING

Residential Development Acquisition Loan Program (RDALP)

Provides profit and nonprofit organizations with loans and grants for acquisition, relocation, and demolition to support affordable housing development for low-income households at 80% or below AMFI.

- **\$1.2M CDBG funds**
- **\$5M HOME funds**
- **\$40M other funds**

300 Units

161 units filled for Low- and Moderate-income Households

Scope of Work:

Palladium Redbird is located at 7502 S. Westmoreland Rd. This housing activity funded the development of a 4-story mixed-income multifamily rental residential project with 300 units as part of the Red Bird redevelopment efforts on vacant land. The development includes residential apartments, structured parking, a multipurpose room, fitness center, and swimming pool. As a requirement for the conditional grant and loan, Palladium Redbird, Ltd. must provide 51% of the 300 total units to households earning at or below 80% of Area Median Income (AMI) for a minimum of 20 years, and must set aside at least 10% of the total units to holders of housing vouchers for a minimum of 15 years.

The City of Dallas invested CDBG, HOME, and Bond Funds

- CDBG: \$1,271,576
- HOME: \$5,000,000
- Bond: \$2,028,424
- Total: \$8,300,000

Funds were awarded through the Department of Housing & Neighborhood Revitalization's 2018 Notice of Funding Availability. The City of Dallas Housing Finance Corporation (DHFC) is the general partner of the Palladium Redbird ownership entity to provide a property tax exemption DHFC issued \$30,000,000 in private activity bonds. The remaining balance was funded using 4% low-income housing tax credits.

GREEN HAUS ON THE SANTA FE TRAIL SHARED HOUSING CENTER

Residential Development Acquisition Loan Program (RDALP)

Provides profit and nonprofit organizations with loans and grants for acquisition, relocation, and demolition to support affordable housing development for low-income households at 80% or below AMFI.

\$380K CDBG contract

Mixed Transitional Housing

24 Units

21 units filled for families experiencing homelessness

Scope of Work:

Green Haus @ Santa Fe Trail is located at 4611 Eastside Dr. This housing activity provided funding for Shared Housing, Inc., a nonprofit affordable housing developer, for the acquisition and construction of 20 units of multifamily, transitional housing for single parents and families experiencing homelessness. The site includes four buildings with five units each and one building with a shared community room.

The Green Haus on the Santa Fe Trail is our newest housing solution - located on 1 acre of land in old East Dallas. Designed as mixed transitional and permanent supportive housing, this community will offer a total of 24 housing units to special needs homeless women and children, as described above. The Green Haus has dedicated six units for veteran women (with children) who served during Afghanistan and Iraq War.

All in all, the Green Haus on the Santa Fe Trail will provide a holistic living environment in which these special needs homeless families can address their trauma and insecurities, stabilize their housing and regain economic security for years to come. The result is that Shared Housing is working with these families to break the cycle of homelessness – for this generation and the next!

NORTHEAST COMMUNITY COURT

Community Court Program

Provide neighborhood-focused courts that play a vital role in addressing complex individual problems and building stronger communities. This program allows the City to focus and leverage its resources to maximize program benefits and individual impact.

- **CDBG funds**
- **SAMHSA**
- **TVC**
- **COD General Fund**

Partners

- Citysquare
- Senior Source
- MDHA
- VA
- MLK Center
- DA's Office
- The StewPot

Scope of Work:

NE Community Court is located at 6742 Greenville Ave. The service area indicates that 20,300 people will benefit from this Community Court using Census data. This public service activity arraign defendants cited for "quality-of-life" crimes including hazardous code violations, possession of drug paraphernalia, litter, minor assaults, manifestation of prostitution, overgrown vegetation, illegal dumping. Defendants found in need of social services are provided short-term case management. In lieu of court costs and fines, defendants perform supervised community service hours in the community where the crimes were committed.

Community Service in Action

Supervised community service hours provide the defendant an environment in which to successfully comply with the terms of the court order and learn new skills. Supervised community service hours provide the defendant an environment in which to successfully comply with the terms of the court order and learn new skills. These benefits to the client are not available through the Municipal Court system. Projects such as trash attacks, cleaning vacant lots, minor home repairs and graffiti removal benefit the entire community by enhancing the physical characteristics of the neighborhood and improving the quality of life for residents. Through collaborations with various community partners and stakeholders, other services and help is provided to defendants: food vouchers, bus tokens, clothing, State-issued identification, ESL/GED, code classes, and computer classes.

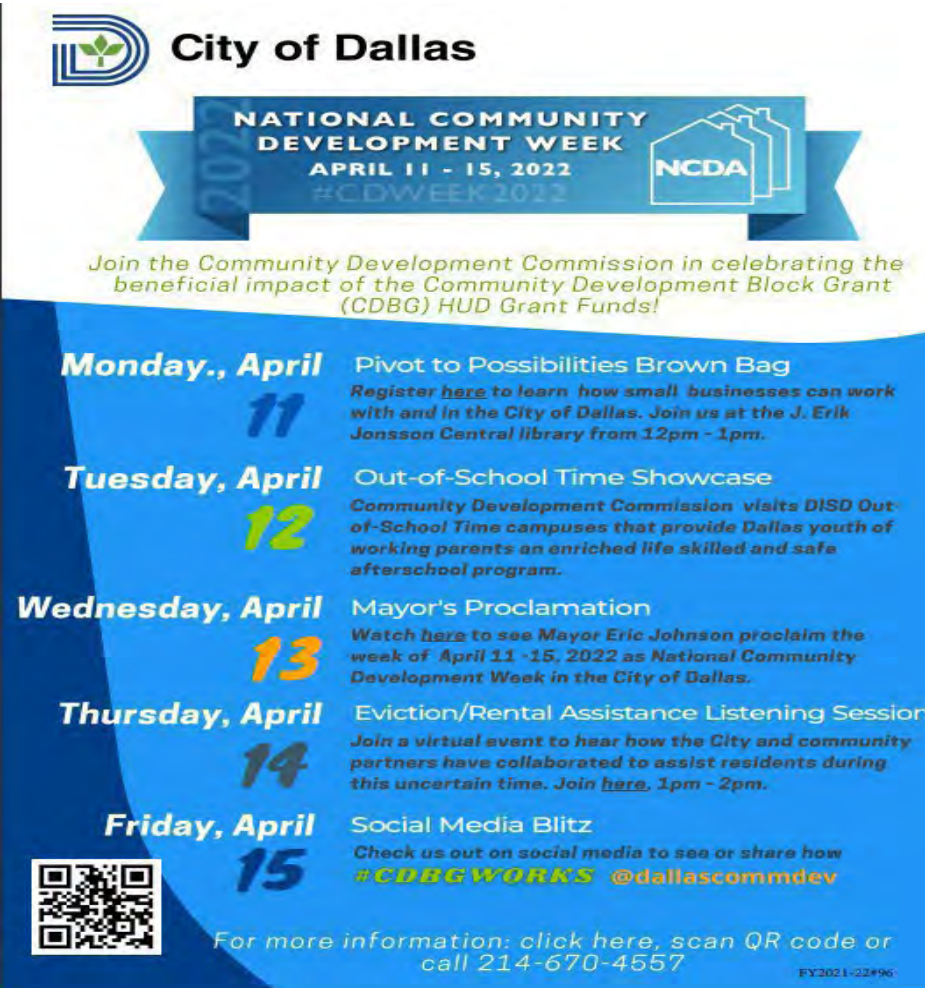

The Community Courts use grant funds to pay a portion of the salary and operating costs for staff to manage the court, including Community Service Coordinators, Social Service Coordinators, and Work Crew Supervisors. These staff serve all the Community Courts.

National Community Development (NCD) Week

The CDC and the City's Office of Budget & Management Services – Grant Administration Division participated in the 2022 national observance of National Community Development Week (NCD Week) on April 11-15, 2022. NCD Week provides communities the opportunity to promote, educate and advocate on behalf of the Community Development Block Grant (CDBG) and Home Investment Partnership Grant (HOME) programs. These grants allow the City of Dallas to improve the physical, economic, and social conditions of Dallas' diverse communities.

During this celebratory week the CDC promoted and participated in the following events:

- April 11, 2022 - Pivot Possibilities Brown Bag
- April 12, 2022 – Out of School Time Showcase
- April 13, 2022 – Mayor Eric Johnson's National Community Development Week Proclamation
- April 14, 2022 – Evictions/ Rental Assistance Listening Session

FY2021-22#96

FY 2021-22 OBJECTIVES

Goal

Effectively and procedurally carry out citizen participation responsibilities and budget recommendations.

Objectives

- 1) Continue coordination with other boards, commissions, and City staff in a collaborative effort to address the needs of low- and moderate-income persons residing within the City of Dallas.
- 2) Continue review of unspent funds status quarterly and make recommendations to the City Manager and the Dallas City Council as necessary.
- 3) Continue advocacy and pursue economic development opportunities for low- and moderate-income neighborhoods.
- 4) Continue to hold regular CDC monthly meetings and annual neighborhood public hearings to obtain citizen participation.
- 5) Provide recommendations to the City Manager and City Council on the U.S. Department of Housing and Urban Development (HUD) Consolidated Plan Budget and Citizen Participation Plan for the following federal grants: Community Development Block Grant (CDBG); HOME Investment Partnerships (HOME); Housing Opportunities for Persons with AIDS (HOPWA); Emergency Solutions Grant the (ESG); and CARES Act funds.
- 6) Continue to review and evaluate the performance of Public Service, Housing, Economic Development, Public Improvement, and Fair Housing activities funded through CDBG, ESG, and HOPWA grant funded activities.
- 7) Continue to carry out the responsibilities of the CDC to participate in the overall efforts of the city to improve the lives and living environments of low- and moderate-income persons residing within the City of Dallas.
- 8) Continue to support staff with an online presence to obtain citizen participation through the City's social media pages and Neighborhood Public Hearings.
- 9) Conduct annual oversight of HUD funded projects through scheduled site visits.
- 10) Support fair and equal housing opportunities and public accommodations for all in Dallas.
- 11) Proactively develop impactful Community Development Week activities.
- 12) Support City Council's approval of CDBG public improvement contracts.
- 13) Develop onboarding and document accessibility process.

FY 2021-22 SUCCESS INDICATORS

The Community Development Commission continues to work proactively with the Dallas City Council and City staff to:

- 1) Review the Community Development FY 2021-22 Financial Status Report (FSR) and identify unspent funds to make reprogramming recommendations to the City Manager and the City Council, as necessary.
- 2) Hold a CDC meeting monthly to discuss and review citizen comments and requests. In FY 2021-22, the CDC continued to conduct their meetings by telephone or video conference to advance the public health goal of limiting face-to-face meetings to slow the spread of the Coronavirus, as approved by Governor Abbott's office Open Meetings Act provision.
- 3) Hold CDC committee meetings prior to public meetings to discuss and consider potential changes or amendments to present to City Council for the budget development process.
- 4) Solicit citizen participation at community meetings.
- 5) Solicit input by conducting Neighborhood Public Meetings and make budget recommendations on the FY 2022-23 CDBG Extensions/Reprogramming Budget, FY 2022-23 Consolidated Plan Budget, and Coronavirus Aid, Relief, and Economic Security Act (CARES) Act Funds to the City Council.
- 6) Work with City staff with the development of the FY 2022-23 Annual Action Plan; the fourth year of the 5-year Consolidated Plan for FY 2019-20 through 2023-24.
- 7) Create an Ad Hoc Committee to review the CDC current training programs and ensure effective onboarding training is provided and online document accessibility.
- 8) Coordinate 2022 National Community Development (CD) Week activities to recognize the importance of the CDBG Program and HOME Program and how these grants provide affordable housing, public services, infrastructure, and other valuable resources. (The coronavirus pandemic limited the implementation of planned community engagement efforts during the national emergency.)
- 9) Support the use of CARES Act funds for Early Childhood and Out-of-School Time Services (ECOSTS) Program that support families and providers in high impacted communities.
- 10) Proactively review City Council memos, City Council Briefings, and City Council Committee agendas pertinent to CDC matters.
- 11) Encourage increased solicitation and review evaluation process for the Request for Competitive Sealed Proposal (RFCSP) opportunity for funding assistance for nonprofit public facility improvement projects.
- 12) Ensure CDC is briefed on current HUD grant funded fair and equal housing opportunities in Dallas.

Summary of HUD Grant Administration

The Budget & Management Services, Grants Administration Division is the CDBG and HOPWA administrator and the lead agency responsible for the preparation of the FY 2022-23 Annual Action Plan for HUD Grant Funds. The City's Housing & Neighborhood Revitalization Department administers the HOME program. The City's Office of Homeless Solutions and Office of Community Care administers ESG and HOPWA-C funds.

The Consolidated Plan describes the City's housing market conditions, identifies the need for affordable housing and community development, and provides strategies to address these needs for a period of five years. The plan coordinates the City's housing and economic development plans with other public, private, and nonprofit community housing providers and non-housing service agencies.

The resulting Consolidated Plan and subsequent Annual Action Plans provide a unified vision for community development and housing actions with the primary goals of providing affordable housing, public services, revitalizing neighborhoods, providing support for homeless and special needs populations, the elimination of blight on a spot basis, and the expansion of economic development opportunities.

The Action Plan documents the many services, activities, and initiatives designed to improve the quality of life for Dallas residents by providing decent housing, a suitable living environment, and the expansion of economic opportunities for low- and moderate-income persons. This report highlights actions to be taken over the next twelve (12) months (October 1, 2022, through September 30, 2023) to address the City's most critical needs in affordable housing, economic development, neighborhood revitalization, housing development, and public services for low- and moderate-income households and the homeless population.

APPENDICES

APPENDIX A

Timely Expenditure of CDBG Funds

1. U.S. Department of Housing and Urban Development (HUD) requires CDBG funds be expended in a timely manner:
 - Federal regulations only allow for the cumulative unspent balance of all CDBG grants to be no more 1.5 times the annual grant allocation
 - To determine compliance, HUD reviews two undisbursed amounts: one is based on grant funds alone (unadjusted); and one is adjusted for program income received in HUD's Integrated Disbursement and Information System (IDIS).
 - Tested on August 2nd annually – 60 days before the end of the program year
2. Non-compliance with the regulation causes a reduction in the next annual grant:
 - The next annual grant is reduced by the amount that the accumulated balance exceeds the 1.5 requirement
3. When the 60-day test was conducted on August 2, 2022, the City was not in compliance with this requirement.

* For FY 2021-22, HUD released a memo in which it recognized the extenuating circumstances under which many local governments were operating due to coronavirus and suspended the Timeliness test.

FY 2021-22 Consolidated Annual Performance Evaluation Report (CAPER)

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

Each year, the City of Dallas, as a U.S. Department of Housing and Urban Development (HUD) designated entitlement community, compiles and publishes an annual report detailing the use of the City's Consolidated Plan grant funds and associated accomplishments. This annual report is known as the Consolidated Annual Performance and Evaluation Report (CAPER). This CAPER covers expenditures and accomplishments for the third year of the Five-Year Consolidated Plan FY 2019-20 through FY 2023-24. Information reported in this CAPER demonstrates the City's efforts to manage funding and deliver inclusive community development projects and services to residents in the third year of the Consolidated Plan period. It documents the many services, activities, and initiatives that improved Dallas resident's quality of life through providing decent housing, creating suitable living environments, and expanding economic opportunities for low- and moderate-income persons from October 1, 2021, to September 30, 2022.

Decent, Affordable Housing

To promote decent, safe, and affordable housing, the City administered programs and funds for housing rehabilitation and development, homeownership, rental assistance, construction of new affordable housing units and housing for individuals, families, and other special needs populations experiencing homelessness. Highlights include:

- The City used Community Development Block Grant (CDBG) and HOME Investment Partnerships Program (HOME) funds to construct a total of 99 new housing units that are occupied by low- and moderate-income renters. Also, 36 housing units owned by low- and moderate-income (LMI) households were rehabilitated during FY 2021-22.
- Homeownership assistance was provided to 15 LMI households through the Dallas Home Buyers Assistance Program (DHAP), utilizing both CDBG and HOME funds.
- Emergency Solutions Grant (ESG) and ESG-CV CARES Act funds were used to provide an array of services to a total of 12,344 persons experiencing homelessness and those at risk of homelessness.
 - ESG funds were used to serve a total of 5,218 persons. Operational funds received by emergency and transitional shelters were used to provide services to 4,808 persons, and 346 people received street outreach services. Homeless prevention services aided 64 persons at risk of becoming homeless. Traditional ESG funds were not used for Rapid Re-Housing this year since ESG CV CARES funds and other COVID-19 funding sources were used for this purpose.
 - ESG-CV CARES Act funds were used to provide additional services to a total of 7,126 persons experiencing homelessness and those at risk of homelessness due to the COVID- 19 pandemic.
- The City of Dallas Continuum of Care Shelter Plus Care project provided permanent supportive housing, rental assistance, and case management for approximately 84 households.
- Housing Opportunities for Persons with AIDS (HOPWA) funds were used to provide housing assistance for a total of 737 households (711 unduplicated households), comprised of 711

persons living with HIV/AIDS in the Dallas EMSA, with 319 family members (total of 1,020 persons). Of these households, 291 received TBRA assistance and 190 received STRMU assistance, with 214 housed in facility-based permanent housing, 18 housed in facility-based short-term/transitional housing, and 24 receiving permanent housing placement assistance.

Suitable Living Environment

To create suitable living environments, the City administered programs and funds that improved public infrastructure and provided services to children, youth, seniors, and others.

- Four public improvement projects were completed in FY 2021-22 with CDBG funds; these projects served 32,270 low- and moderate-income households in neighborhoods across Dallas. Projects include:
 - The City provided grant funds to assist local nonprofit Catholic Charities of Dallas, Inc., with the renovation of the Marillac Community Center. Renovations consisted of repairing the roof, replacing the HVAC system, sewer line, flooring, sidewalks, creating handicapped access into the building, remodeling existing restrooms, and adding two showers.
 - Reconstruction of streets, sidewalks, driveway approaches, curb and gutter, and some barrier free ramps on Nutting Dr., from Scyene Rd. to Latta St.
 - Reconstruction of streets, driveway approaches, curb and gutter, and some barrier free ramps on Brookwood St., Tarryall St., and Woodcliff St.
 - Reconstruction of streets, sidewalks, driveways, water lines, right of way acquisitions, paving and drainage, water and wastewater appurtenance, and pavement in The Bottoms Neighborhood on Hutchins Ave., Levee St., Moore St., May Hall St., Denley Dr., and Sparks St.
- CDBG-funded public service projects served 2,157 persons during the program year in addition to area benefits, including:
 - 1,654 youth received services through two programs: Out of School Time and Early Childhood Services (1,275 and 379, respectively).
 - 377 total defendants entered the Community Court system and received assistance that included short-term intensive case management, job training, housing, employment search services, and rehabilitation and treatment services, as needed.
 - 126 people received job training, career development skills, and needed support to gain and maintain jobs that pay livable wages through the Overcoming Barriers to Work program.

Expanded Economic Opportunity

To promote local economic opportunities, CDBG-CV CARES Act funds were made available to provide workforce training and education for employment opportunities to Dallas residents. In FY 2021-22, The Workforce Training Program provided 102 persons with low- and moderate-incomes, training within the healthcare industry.

Narrative

CDBG: The City successfully undertook and administered several CDBG-funded projects during the 2021-22 program year. Activities funded included acquisition of real property, economic development, direct homeownership assistance, home rehabilitation, public facilities improvement, neighborhood facility improvement, public services, and administration costs. In FY 2021-22 the City expended \$10,613,208 in CDBG funds.

HOME: The City successfully undertook and administered several HOME funded projects in the program year of 2021-22. Activities funded included granting loans to developers to build affordable housing, the Dallas Home Buyers Assistance Program, and administration costs. In FY 2021-22 the City expended \$5,648,230 in HOME funds.

HOPWA: The City successfully undertook and administered several HOPWA projects in the program year 2021-22. Activities funded included operation of housing facilities for homeless persons with HIV/AIDS and their families, homeless prevention services, distribution of housing information, HIV supportive services, and rental assistance. In FY 2021-22 the City expended \$8,535,468 in HOPWA funds.

ESG: The City successfully undertook and administered several ESG projects in the program year of 2021-22. Activities funded included street outreach to unsheltered persons, the operation of homeless shelters, homeless prevention, rapid rehousing for those who lost their homes, data collection on homeless persons, and administration costs. In FY 2021-22 the City expended \$791,575 in ESG funds.

OTHER: The City successfully undertook and administered several projects through the CARES Act, including CDBG-CV, ESG-CV, and HOPWA-CV to prevent, prepare for, and respond to COVID-19. These included:

- **CDBG-CV:** Activities funded through CDBG-CV included emergency assistance, including rental, mortgage, and utility assistance, small business grants and loans, eviction assistance, workforce development, Section 108 debt payment, and administration costs. All activities were used. In FY 2021- 22 the City expended \$4,658,533 in CDBG-CV funds.

- ESG-CV: Activities funded included street outreach to unsheltered persons, the operation of homeless shelters, homeless prevention, rapid rehousing for those who lost their homes, and administration costs. All activities were used to prevent, prepare for, and respond to COVID-19. In FY 2021-22 the City expended \$5,164,529 in ESG-CV funds.
- HOPWA-CV: In FY 2021-22 the City expended \$292,040 in HOPWA-CV funds to provide emergency short-term rent, mortgage, and utility payments to prevent persons living with HIV/AIDS and their families from becoming homeless in response to the COVID-19 pandemic. HOPWA-CV funds have also been allocated to support the operation of housing facilities, as well as additional emergency/tenant based rental assistance, for persons with HIV/AIDS and their families during the COVID pandemic. All HOPWA-CV activities are intended to prevent, prepare for, and respond to COVID-19.

Narrative

CDBG projects are allocated to CDBG-eligible geographic areas based on the low- and moderate-income criteria established by HUD under the area-wide benefit activity. Areas with concentrations of low- income families are census tracts in which 50 percent or more of the families residing in the tract have annual incomes below 80 percent of the Dallas Area Median Family Income (AMFI). With some exceptions, concentrations of low-income to very low-income African American and Hispanic populations are in South Dallas and West Dallas, while many immigrant and refugee populations reside in various northern pockets. The housing stock in these areas need repairs and updated infrastructure. Many of these areas have limited grocery stores, transportation, and other retail options. Residents in these areas must travel farther to work and affordable shopping centers, placing an additional cost burden on these households.

For the last program year, the City continued to realign the Comprehensive Housing Policy (the "Plan"), adopted by City Council on May 9, 2018, to better address market conditions which have historically led to disinvestment in some communities while attempting to meet the needs of the residents. Guided by the Market Value Analysis (MVA) approach, the Plan updates and replaces the Housing and Neighborhood elements of the *forward Dallas!* Comprehensive Plan that began in 2005, as well as the Neighborhood Plus Plan adopted in 2015. The Plan is comprised of strategic goals that lay out a new direction for ensuring safe, healthy, and sustainable neighborhoods for all Dallas residents. It shifts the City's approach, policies, and actions to achieve greater equity and prosperity for all Dallas residents, while expanding the range of housing options and enhancing the quality of neighborhoods. Additionally, the Plan provides for tiered Reinvestment Strategy Areas to address three market types of City investment: Redevelopment Areas, Stabilization Areas, and Emerging Market Areas. Improvements to public facilities and infrastructure in low- to moderate-income geographic areas through the city improved quality of life for approximately 32,270 residents through four public improvement projects that were completed in FY 2021-22 with CDBG funds. Projects include:

- Grant funds provided to assist local nonprofit Catholic Charities of Dallas, Inc., with the renovation of the Marillac Community Center. Renovations consisted of repairing the roof, replacing the HVAC system, sewer line, flooring, sidewalks, creating handicapped access into the building, remodeling existing restrooms, and adding two showers.
- Reconstruction of streets, sidewalks, driveway approaches, curb and gutter, and some barrier free ramps on Nutting Dr., from Scyene Rd. to Latta St.
- Reconstruction of streets, driveway approaches, curb and gutter, and some barrier free ramps on Brookwood Drive, Tarryall St., and Woodcliff St.

Leveraging

CDBG: During the program year, \$10,613,208 in CDBG funds were leveraged with traditionally available resources, including:

- City general funds
- General obligation bonds for affordable housing, public services, public improvements, and program monitoring
- Dallas Independent School District funds for enrichment programs for youth
- Grants awarded to the Community Courts from the Substance Abuse and Mental Health Services Administration and the Texas Veteran's Commission to assist the Courts' work in providing high-risk and high-need defendants with treatment services and assisting veterans with substance use disorders
- CDBG grant funds allow the City to help more residents, achieve greater change, and increase the impact of CDBG funded activities through education, training opportunities, social services, economic development, job creation, affordable housing construction, public facilities and infrastructure improvements, and repairs for qualifying homeowners.

HOME: Due to COVID-19, the City elected to participate under HUD's waiver for match. During the program year, the City expended \$5,648,230 in total HOME funds across the HOME Program. All HOME funds expended are subject to match, except for funds used for HOME Program administration and planning, and CHDO operating and capacity building. Additionally, all HOME Program expenditures paid with program income are not subject to match. Due to fiscal distress, the City continues to qualify for a 50 percent reduction of the required HOME match contribution; the City's match liability is 12.5 percent of total HOME funds drawn subject to match. The City completes its own analysis to determine its match liability under HOME program. In FY 2021-22, the City did not bank additional match funds.

HOPWA: During FY 2021-22, \$8,535,468 in HOPWA funding was expended, with \$2,586,154 in other funds leveraged to provide services for clients in the program (including resident rents), yielding a leveraging ratio of 30%. The City has several community-based partners providing services to eligible persons under the HOPWA program. In addition to HOPWA, most of these partners receive funding for housing and HIV/AIDS services from other grant sources, which are used in conjunction with HOPWA funding to provide clients with a broad range of supportive services in the continuum of care.

ESG: The City of Dallas leveraged ESG funds during the FY 2021-22 program year. The City, as well as its sub- recipients, are required to match ESG funds dollar-for-dollar. Matching funds of at least \$791,575 were provided by the City through local general funds.

To improve the competitiveness of minority and women owned businesses, the City Manager established and dedicated resources to the Small Business Center (SBC). The SBC intends to create new partnerships, and work alongside current business and economic ecosystems to advance the mission.

The Small Business Center strives to:

- Facilitate strategic business guidance and serve as a resource arm to bring together the City's business diversity, workforce development, and entrepreneurship support-related activities
- Champion the growth and development needs of small businesses in Dallas
- Convene and leverage existing external efforts to address challenges impacting workforce readiness, capacity building of minority, women, and veteran-owned businesses, business startups and retention strategies, and residents' re-entry services
- Advocate for the importance of diversity and inclusion in the awarding of City contracts

The SBC created the South Dallas Fair Park Opportunity Fund Program and the Southern Dallas Investment Fund to MLK Kingdom Complex LLC to support the community empowerment and small business growth in South Dallas. The fund will invest in historically underserved and overlooked communities in South Dallas and build a stronger and healthier economic community.

The SBC hosts the Women's Entrepreneurs Leadership Forum which provides assistance and training information for writing business plans, marketing, and building strategic lender relationships for financing to businesswomen.

Table 11: Affordable housing was provided to 1,162 households. This includes:

- A total of 531 homeless households were provided with affordable housing units: 531 through the Rapid Rehousing assistance program using ESG-CV funds and other COVID- 19 resources.
- A total of 150 non-homeless households were provided affordable housing units: 15 through the Dallas Home Buyer Assistance Program (DHAP), 36 through rehabilitation and reconstruction programs, and 99 units were constructed through the Development Loan Program.
- A total of 481 special-needs households were provided affordable housing units: 291 through the Housing Opportunities for Persons with AIDS (HOPWA) funded tenant- based rental assistance (TBRA), and 190 through HOPWA funded permanent facility- based housing.

Overall, the City reached 134 percent of its goal to provide affordable housing to 869 households. In general, demand for housing for special-needs and homeless households was greater than anticipated.

- 36 households were supported through the rehab of existing housing units
- 15 households received assistance through the Dallas Home Buyer Assistance Program (DHAP)
- The program counts included in Tables 11 and 12 are inclusive of the Dallas Home Buyer Assistance Program, Home Improvement and Preservation Program, Development Loan Program, HOPWA Tenant-Based Rental Assistance, and permanent facility-based housing.

The City of Dallas annually assesses its progress in meeting goals outlined in the FY 2019-2024 Consolidated Plan through development of the Consolidated Annual Performance and Evaluation Report (CAPER). The CAPER provides an opportunity for the City to evaluate the performance of its programs and services and determines whether modifications to the current five-year goals are needed. The City evaluates performance in each year and trends over time to inform and adjust future targets and funding levels.

Narrative

During the 2021-22 program year, CDBG and HOME funds addressed the five priorities identified in the Five- Year Consolidated Plan: 1) Affordable Housing, 2) Homelessness, 3) Public Services, 4) Public Improvements and 5) Economic Development. In cooperation with the Dallas Housing Authority (DHA) and other community partners, the City addressed affordable housing by utilizing both CDBG and HOME funds.

CDBG: Affordable housing activities supported by FY 2021-22 CDBG funds included acquisition of real property, rehabilitation of existing housing units, home ownership assistance, and COVID- 19 emergency rental and mortgage assistance to eligible homebuyers. Information gathered throughout all the programs offered indicates CDBG funds were used to provide affordable housing assistance to a total of 2,224 households, which includes:

- 650 extremely low-income households (less than or equal to 30 percent Area Median Family Income - AMFI)
- 1,494 low-income households (greater than 30 percent but less than or equal to 50 percent AMFI)
- 80 moderate-income households (greater than 50 percent but less than or equal to 80 percent AMFI)

HOME: Activities supported by FY 2021-22 HOME funds included construction subsidies provided to developers to build new affordable housing units, and homebuyer assistance for the purchase of new or existing properties. HOME funds assisted a total of 52 households, including:

- 3 extremely low-income households (less than or equal to 30 percent AMFI)
- 16 low-income households (greater than 30 percent but less than or equal to 50 percent AMFI)
- 33 moderate-income households (greater than 50 percent but less than or equal to 80 percent AMFI)

The Dallas Housing Authority (DHA) has set aside project-based vouchers for disabled, income- eligible residents. Additionally, the City's Housing Department issued a Notification of Funds Available (NOFA) for multi-family housing construction. In partnership with DHA, 15 percent of DHAs Housing Choice Vouchers (HCVs) are set aside for special needs populations within the developments funded through the City. The City and DHA continue to work with landlords and developers to accept HCVs and/or develop affordable rental units with project-based vouchers for all or a portion of the units.

During FY 2021-22, Development and CHDO Development Programs provided developers with loans or grants for acquisition of vacant and improved properties, development costs, operating assistance, and development of affordable housing multifamily and single-family units. In FY 2021-22, the City was to develop 20 units with CDBG and 94 units with HOME funds. Housing spent significant time with CHDO applicants through certification of one (1) new CHDO, Brompton Community Housing Development Corp. and recertification for two (2) existing CHDOs, Builder of Hope CDC and Notre Dame Place. The City is currently under contract with all three CHDO's in the amount of \$6,224,131.00 for the construction of 106 single family and multifamily units in phase I of their projects. Additional development projects contracted in FY 2021-22 include Westmoreland Station Apartments in the amount of \$8,000,000.00 for development of 248 CDBG and HOME multifamily units and Midpark Towers in the amount of \$2,500,000.00 for the development of 202 multifamily CDBG units. Ninety-nine new multifamily units were completed in FY 2021-22. The city provided 15 homebuyers with down payment and closing cost assistance.

City-wide, thirty-six homeowners were approved for home repairs and all repairs were completed during FY 2021-22 for an expenditure of approximately \$2.5M. Fifty-three homes are under construction but not yet complete at the time of this report for an amount of approximately \$4.5 million.

CR-30 - Public Housing 91.220(h); 91.320(j)

DHA Housing Solutions for North Texas (DHA) owns and manages approximately 3,169 units of public housing located throughout the city of Dallas. Housing is provided in both single-family and multifamily facilities. DHA also has approximately 20,010 Housing Choice Vouchers (“HCV”) for families to locate housing in the private market in the North Texas area it serves. Through its PHA Plan process DHA sets goals for the agency to address the needs of its Public Housing and HCV participants. The most recent goals were adopted by DHA’s Board of Commissioners in 2019 for the five-year period beginning January 1, 2020.

DHA Goal Progress

Below is a brief status of the progress DHA has made in achieving its goals since they were adopted by the Board of Commissioners.

Goal 1: Increase affordable housing choices for low-income families

- DHA issued a Request for Qualifications for Development Partners to assist with the development of affordable housing and redevelopment of several of its public housing sites. Through this RFQ process DHA has selected 14 development partners.
- In April 2020 DHA closed on Inwood Apartments with one of its development partners. This PFC transaction will provide 347 apartment units, of which 174 will be leased to low-income families at 60 percent of Area Median Income (AMI).
- DHA continues to work with its selected developer, Volunteers of America National Services (VOANS) to redevelop the former Brooks Manor public housing site. The redeveloped property will include 260 units for seniors and will include a mix of affordable and market-rate rental units. Construction began in July 2021 and will be complete in 2023.
- In December 2021, DHA closed on a mixed-income development in a high opportunity area with its development partner, Fairfield Residential. This 475-unit apartment complex is currently under construction and is expected to be complete in 2023.
- In March 2022, DHA closed on Rosemont at Sierra Vista and Rosemont at Mission Trails with its partner Alliant Strategic Investments, preserving 500 units of affordable housing.
- In June 2022 DHA closed on Estelle Village with its development partner, Community Planning Partners/Belveron. This 300-unit affordable housing development in southeast Dallas will be renovated utilizing housing tax credits and private activity bonds.
- DHA has conducted 8 in-person Landlord workshops and continues to provide landlord/property owner education and outreach through a virtual platform.
- Since January 2020 DHA has welcomed 736 new landlords/business partners in the Housing Choice Voucher (HCV) program.
- DHA released three (3) new Requests for Proposals (RFP’s) for Project-Based Voucher (PBV) rental units/assistance.
- Since January 2020, DHA has executed four (4) new PBV Housing Assistance Payment (HAP) Contracts and four (4) Agreements to Enter into a HAP Contract (AHAP) totaling 351 assisted units.
- DHA has also awarded one (1) Mainstream and one (1) Walker PBV HAP applications, totaling 135 units.
- DHA launched Children First North Texas (CFNTX) program, focusing on moving families out of

high poverty neighborhoods, into areas of opportunity.

- DHA maintains site-based waiting lists to enable applicants to select the development in which they would like to reside, applicant may apply for admission to any open waiting list.
- Waitlists remain open to give clients a larger window to apply.
- Incentive transfers are offered to clients, who have a proven history of good payment standards and no lease infractions, wishing to move into “high opportunity” areas, to provide a variety of options.

Goal 2: Increase economic self-sufficiency of families for whom it is appropriate and provide an improved quality of life for those for whom self-sufficiency is not an appropriate goal

- DHA continues to participate in a national Family Self-Sufficiency (FSS) Study, led by MDRC; where researchers are studying the overall impact of FSS services provided by the Public Housing Authority (PHA).
- DHA has partnered with John’s Hopkins University and the University of Michigan to track the health outcomes of families with children between the ages of 3-10, based on having rental assistance.
- DHA currently supports 890 families in the Family Self-Sufficiency program and continues to promote overall self-sufficiency in the HCV program.
- DHA enrolled 214 new families to the FSS program, graduated 36 FSS families, and issued 6 new Homeownership vouchers.
- DHA continues to promote the opportunity of Homeownership, and currently assists 84 families with mortgage assistance.
- DHA issued a Request for Proposals (RFP), for Section 8 Project Based Vouchers for Newly Constructed Seniors-Only Rental Housing.
- DHA partnered with Metro Dallas Homeless Alliance and the Veterans Administration to increase VASH utilization and strive to end Veteran homelessness.
- DHA received \$20M in Emergency Rental Assistance (ERA1) funding from the City of Dallas to assist COVID-impacted Dallas Residents. DHA developed in-house, an automation-driven system allowing for the efficient and accurate processing of thousands of applications. In sum, DHA assisted 1,700 COVID-impacted households.
- The Dallas R.E.A.L. Time Rapid Rehousing Initiative Project seeks to house approximately 2,762 families experiencing homelessness in the local Continuum of Care. DHA serves as the rental administrator for the Project, processing applications and payments.
- DHA Residential Housing collaborate with its community partners to improve quality of life through Resident Empowerment: The council meetings take place with residents where discussions take place regarding community safety, services, and updates from DHA such as renovations and enhancements. Resident are encouraged to participate in this process
- After-School Tutoring Programs – DHA partners with non-profit organizations to provide tutoring programs for resident youth on-site at DHA-owned properties.
- Head Start of Greater Dallas - DHA has partnered with Head Start of Greater Dallas for more than 20 years to provide childcare. Head Start facilities are located at DHA’s Roseland, Frazier, Buckeye Trails, and Lakewest housing communities. These centers offer a variety of supportive resources for families including computer skills; creative arts; educational activities; health check- ups; family services; and nutritious meals and snacks.
- DHA provides educational opportunities including scholarships for undergraduate studies; scholarships for returning to college after a brief break; assistance with GED preparation; internships; and skills workshops.
- DHA has partnered with the University of Houston College of Optometry who operates the Cedar Springs Eye Clinic. The clinic focuses on vision care and provides services including eye exams, prescriptions for glasses and comprehensive care for eye conditions.
- DHA onsite resident service coordinators work with partners to provide a variety of onsite services

to help support and enrich our families including: first-time home buyers seminars; crime watch meetings; resident meetings; credit repair workshops; resume writing assistance; job searches; certification classes; women’s empowerment programs; fitness classes for seniors; grocery shopping trips; support groups (peer-to-peer and substance abuse); mental health seminars; social activities for seniors (brunch, bingo, luncheons, movies, arts & crafts).

Goal 3: Achieve greater cost effectiveness and improve efficiencies in providing high quality housing and services for low-income families

- The COVID-19 pandemic greatly affected the construction improvements DHA could make at its public housing sites. Since January 1, 2020, however, DHA has completed approximately \$13.6 million in improvements at the Authority’s public housing sites. Each of these improvements is procured through a public process to assure cost effectiveness. The procurements are combined, when possible, to provide for improved efficiencies. A list of improvements is provided below.

- DHA continues to partner with an Artificial Intelligence (AI) firm to help improve the overall efficiency of program activities, electronic and live forms of communication, and enhanced experience for landlords working with families receiving voucher assistance.
- DHA has further expanded the use of technology by utilizing an online platform for all annual and interim certifications.
- DHA launched an online chat feature, for landlords/business partners and HCV families.
- During the COVID period, DHA implemented several policies and workflows to accommodate clients with transitioning to online interims/annuals and report of changes, emergency work order protocol, and “no touch” leasing, digital file conversion.

Goal 4: Facilitate the development of affordable housing in Dallas utilizing DHA’s development tools such as its tax-exempt status, issuing bonds, and partnering with private developers

- DHA issued a Request for Qualifications for Development Partners to assist with the development of affordable housing and redevelopment of several of its public housing sites. Through this RFQ process DHA has selected 14 development partners.
- In April 2020 DHA closed on Inwood Apartments with one of its development partners. This PFC transaction will provide 347 apartment units, of which 174 will be leased to low- income families at 60 percent of Area Median Income (AMI).
- DHA continues to work with its selected developer, Volunteers of America National Services (VOANS) to redevelop the former Brooks Manor public housing site. The redeveloped property will include 260 units for seniors and will include a mix of affordable and market-rate rental units. Construction began in July 2021 and will be complete in 2023.
- In December 2021, DHA closed on a mixed-income development in a high opportunity area with its development partner, Fairfield Residential. This 475-unit apartment complex is currently under construction and is expected to be complete in 2023.
- In March 2022, DHA closed on Rosemont at Sierra Vista and Rosemont at Mission Trails with its partner Alliant Strategic Investments, preserving 500 units of affordable housing.
- In June 2022 DHA closed on Estelle Village with its development partner, Community Planning Partners/Belveron. This 300-unit affordable housing development in southeast Dallas will be renovated utilizing housing tax credits and private activity bonds.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

DHA is committed to assisting its families to become economically and socially self-sufficient and offers the Family Self-Sufficiency Program (FSS) to public housing and Section 8 residents. A large variety of FSS related services were offered through agreements with other service entities or through DHA staff. Services include education programs for all ages, job training and job search assistance, and support services such as transportation, health services and childcare programs. DHA has intensified efforts to increase the number of residents participating in the FSS program and closely monitors individuals and families as they prepare to graduate from the program.

Education: In 2021, there were \$60,000 awarded in scholarships to thirty (30) scholars, and in 2022, awards totaling \$38,500 to eighteen (18) scholars; all the recipients were graduating high school seniors in the Dallas County area. The Ascend Scholarship which is awarded to returning college students with no lapses in semesters, awarded \$2,500 to one (1) student and in 2022 awarded \$7,400 to three (3) students. Through partnership with the Connective Agency, DHA has continued to market through social media outlets, information related to the Opportunity Rising Foundation.

In 2021, youth and their families were able to attend a free community event hosted at St. Luke Community Church which featured Qubilah Shabazz, daughter of Malcom X on the Yanga Journeys to Freedom tour. DHA continues to work with on-site providers at most housing sites. The providers include, but are not limited to, Youth 180, Texas Rangers, Mercy Street, Frazier Revitalization, Behind Every Door and Bridge Builders to provide students with homework assistance, sports activities, mentoring, and character development.

Job Training and Job Search Assistance: DHA has continued to partner with Workforce Solutions of Greater Dallas and First Step Staffing on job training and job search assistance to residents. Through the continued Resident Opportunity and Self-Sufficiency (ROSS) program, the 3 coordinators have continued to offer workshops with partners such as ResCare and Dallas College for assistance to all public housing residents for employment and training opportunities.

The Resident Services Department Service Coordinators have continued to provide information related to local job fairs and training opportunities to residents monthly through postings on properties and email outreach.

Support Services: DHA has continued to provide an on-site Resident Services Coordinator at all public housing sites to assist residents with needed resources and services to assist them in becoming self-sufficient or allowing them to age in place, if applicable. These services include summer and afterschool feeding programs for youth, parenting classes, housekeeping, counseling, mental health services, financial coaching and counseling services and resources. This year, the Resident Services Coordinators focused on providing emergency preparedness resources to residents during National Preparedness Month given the recent disasters faced by Texas over the past two years. In October, coordination was completed with Dallas Police Department and other community providers, to host National Night Out at most public housing sites, to encourage positive community engagement between police, residents, and housing.

DHA has continued to partner with Dallas County Office of Aging for on-site programming for seniors at Roseland Gardens and Buckeye Commons. In 2022, DHA began a partnership with Parkland Hospital and opened community HUBs to serve the southern sector of Dallas at Park Manor and Buckeye Commons, by offering weekly on-site free medical services to residents.

Section 3: DHA has an active Section 3 program and strongly supports opportunities for Section 3 residents to access education, training, and employment opportunities. Where applicable, the DHA procurement process includes in its selection criteria efforts to employ Section 3 residents. In 2019, DHA met or exceeded HUD's goals for Section 3 new hires, non-construction spending, and construction spending in both the Operating Fund and Capital Fund. Additionally, the Section 3 program promotes economic development and self-sufficiency through entrepreneurial and community reinvestment opportunities. This occurs through DHA's resident and employment coordinators who work closely with residents to provide employment, education, and training opportunities through

DHA's partnership with potential employers, and with for-profit and nonprofit entities in the community. In 2019, there were 312 new hires for opportunities funded through the Capital Fund (primarily construction contract workers) and 38 new hires through the Operating Fund (primarily technical professionals). In 2020, HUD revised the Section 3 rule to improve a focus on economic opportunity outcomes while simultaneously reducing the regulatory burden. DHA will begin reporting under the revised Section 3 rule as of March 1, 2023.

Actions taken to provide assistance to troubled PHAs

The Dallas Housing Authority is not a troubled housing authority.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

Throughout the program year, elected officials, community stakeholders, and City departments addressed many policies to ensure alignment or to realign policies where necessary to ensure cohesive strategies and outcomes. The City of Dallas believes that every resident has the right to safe, decent, affordable, and fair housing regardless of race, color, national origin, religion, sex, sexual orientation, disability, familial status, or source of income. In support of its residents and in compliance with HUD's recently issued Affirmatively Furthering Fair Housing Final Rule and the Voluntary Compliance Agreement, City staff identified areas in ordinances, policies, programs, and practices that could be modified to better address housing choices throughout Dallas. Elements identified for the Housing Policy under consideration include:

Comprehensive Housing Policy: In May 2018, the City Council adopted a Comprehensive Housing Policy that addresses citywide housing issues systematically and strategically. To inform the policy, the City first developed the Dallas Market Value Analysis (MVA), an analytical tool used to assess the residential real estate market throughout the city to determine with granular detail where market strength, transition, and stress exists. The MVA helps policy makers and stakeholders have meaningful conversations around acceptable potential strategies based on objective data. The policy's goals are to:

- Create and maintain available and affordable housing throughout Dallas
- Promote greater fair housing choices
- Overcome patterns of segregation and concentrations of poverty through incentives and requirements
- On May 11, 2022, Dallas City Council amended and adopted an updated Comprehensive Housing policy by adding new policy provisions listed below:
 - Utilizes an equity lens informed by a Racial Equity Assessment
 - Supports the adopted Racial Equity Plan
 - Amends Dallas City Code Chapters 51A and 20A, which helps regulate the Mixed Income Housing Development Bonus (MIHDB) that addresses systemic inequities in housing

Underwriting: The Housing Policy provides more streamlined procedures for underwriting development projects that allows for transparency in available funding and awards. The new process includes a formal bid process for single-family and multifamily development projects. This ensures better utilization of funding to assist neighborhoods with comprehensive planning and provides a mechanism for concentrated efforts. These efforts encompass new construction of and rehabilitation of existing housing, focused code compliance, street, and infrastructure improvements, and provision of other support and City services, as applicable. Additionally, the Policy provides for a tiered Reinvestment Strategy Areas to address three market types in need of City investment namely: Redevelopment Areas, Stabilization Areas, and Emerging Market Areas.

Dallas Public Facility Corporation: The Dallas Public Facility Corporation (DPFC) was created by the city in 2020 to exclusively assist the City in financing, refinancing, or providing public facilities. The DPFC seeks to develop and preserve mixed-income workforce housing communities to serve residents earning at or below 80% of the area median income (AMI) as well as provide non-income restricted units.

The DPFC is also authorized to finance the acquisition of obligations issued or incurred in accordance with existing law, to provide for the acquisition, construction, rehabilitation, renovation, repair, equipping, furnishing, and placement in service of public facilities as allowed by the City and pursuant to the Act. The DPFC seeks to partner with qualified organizations to acquire, renovate, or build mixed-income housing developments that:

- Are in alignment with the CHP and adhere to the broader affordable housing industry's rent and income standards:
- AMI targets adjusted for family size
- Rent restrictions based on 30% of the applicable AMI restricted levels as established by HUD, TDHCA
- Utility allowances
- Consider the income of all residents living in the unit

- Where applicable, identify opportunities for deeper income targeting based on the operational subsidy provided by the property tax exemption to ensure the property is not over subsidized

- Ensure there is no source of income discrimination at the property

- Affirmatively furthers fair housing in the City

- Ensure developers and property managers engage in affirmative marketing plans

- Provide future residents with enhanced protections for the life of the property

- Provide a diverse unit mix to provide housing options for all including single residents and families with children

Neighborhood Empowerment Zones: On January 22, 2020, the City Council created a Residential Neighborhood Empowerment Zone Program and seven Neighborhood Empowerment Zones (NEZ) in and near designated Stabilization Areas. City staff can implement the following programs and strategies to preserve affordability and deconcentrate RECAP:

- The NEZ program preserves affordability and deconcentrates RECAP by providing for 1) grants in amounts equal to eligible development fees and certain development-related costs and 2) tax abatements f

New construction of single-family homes or duplexes that are sold or rented to eligible households, or new construction of multifamily dwelling units that are sold to eligible households, on lots that are either currently vacant, subject to an order of demolition under Chapter 27, or purchased through the City's Land Bank or Land Transfer Programs.

- Renovation of owner-occupied single-family homes, duplexes, and multifamily developments for income-qualified owners; and
- Renovation, code compliance, and guaranteed affordability for single-family rental and duplex rental housing units.

Mixed Income Housing Development Bonus (MIHDB): In addition to development subsidies, the City also incentivizes the production of mixed-income rental units via regulatory incentives. The MIHDB program provides development bonuses to encourage the construction of mixed-income housing in multi-family and mixed-use zoning districts. On March 27, 2019, City Council amended the Development Code to allow for by-right development bonuses, including increases in maximum height and lot coverage, for developments that provide mixed-income housing in six multifamily and mixed-use base zoning districts. Since 2019, the City has also approved multiple planned development districts that provide bonuses in exchange for mixed income development.

The MIHDB was amended by City Council on May 11, 2022, to further address systemic inequities in housing throughout the City. Additional program and regulatory benefits are provided to incentivize program participants, support the creation of housing least likely to be supported by the market, create affordable housing in strong neighborhoods, create mixed income communities, and reduce displacement due to gentrification. Amendments include additional development bonus options, additional development rights, parking reductions, adding a fee in lieu of onsite-provision, and the establishment of the Mixed Income Housing Development Bonus Fund (One Dallas Fund).

The resulting mixed-income developments include 5-15% affordable units ranging from 51% to 100% of Area Median Family Income. In addition, the program requires such mixed-income housing developments to adopt design principles that encourage walkability, reduce the need for parking, and require the provision of more open space. As of the end of FY 2021-22, more than 1,800 units were in the development pipeline, and 356 of those were income-restricted with no additional subsidy provided.

Urban Land Bank Demonstration Program (the "Program" or "Land Bank"): The objectives of the Urban Land Bank Demonstration Program are to acquire: (1) unproductive, vacant, and developable property and (2) property intended for commercial use to be "banked" for affordable housing or commercial development. The resale of such property will enable the development of new single-family homeowner or rental units to serve low-income households or the development of commercial uses that stabilize distressed communities. This Program is implemented via a statutorily authorized tax foreclosure process for properties with five or more

years of delinquent property taxes. Twenty-five low-income households at or below 115% AMI were assisted through the landbank program for FY 2021-22.

Universal Design Guidelines: To ensure the sustainability of the projects supported by CDBG and HOME funds, the City has established guidelines in relation to Universal Design. In addition, the City wants to ensure that newly constructed units are compatible with existing neighborhoods. This comprehensive housing policy creates a “Universal Design” construction requirement for all new single-family homes, duplexes, and triplexes using financial assistance from the City.

The goal of “Universal Design” is to ensure that housing can accommodate the needs of people with a wide range of abilities, including children, aging populations, and persons with disabilities. Consequently, all new construction housing projects using City of Dallas CDBG and/or HOME funds will meet all the following criteria:

- At least one entrance shall have 36-inch door and be on an accessible route
- All interior doors shall be no less than 32-inches wide, except for a door that provides access to a closet of fewer than 15 square feet in area
- Each hallway shall have a width of at least 36-inches wide and shall be level and ramped or beveled changes at each door threshold
- All bathrooms shall have the wall reinforced around the toilet, bathtub, and shower for future installation of grab bars
- Each electrical panel, light switch or thermostat shall be mounted no higher than 48 inches above the floor and each electrical plug or other receptacle shall be at least 15 inches from the finished floor
- An electric panel located outside the dwelling unit must be between 18 inches and 42 inches above the ground served by an accessible route
- All hardwire installed to open/close doors and operate plumbing fixtures shall be lever handles

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

Homeless Street Outreach: In FY 2021-22, the City allocated \$177,682 in Emergency Solutions Grant (ESG) funds to street outreach and \$538,680 to emergency shelter, but later re-allocated an additional \$102,197 to emergency shelter based on needs in the community. In addition, the City had allocated over \$8.9 million in ESG-CV CARES Act funds to emergency shelter, including essential services and operations for individuals and families impacted by COVID-19. During FY 2021-22, the City reallocated an additional \$2.1 million in ESGCV CARES Act funds to emergency shelter to meet shelter needs. Additionally, there were continuing street outreach programs working daily to locate and refer homeless households to appropriate facilities and programs.

Rapid Re-Housing Services: In FY 2021-22, the City allocated \$238,782 in ESG funds and \$9.3 million in ESG-CV CARES funds to provide rapid re-housing services to quickly re-house individuals and families experiencing homelessness. However, the City reallocated unobligated funds to emergency shelter (as described above). Other funding sources have become available for rapid re-housing, including HOME funds under the American Rescue Plan Act of 201 (ARPA) and Local Fiscal Recovery funds under ARPA.

Homelessness Prevention Services: In FY 2021-22, the City allocated \$246,086 in ESG funds and \$1.8 million in ESG-CV CARES funds to provide homeless prevention services for persons at risk of losing their housing. In response to the COVID-19 pandemic, the City of Dallas also operated additional homeless prevention projects funded through, for example, U.S. Department of Treasury Emergency Rental Assistance Program (ERA1 and ERA2) and the Texas Emergency Rental Assistance Program (TERAP).

The Bridge: Bridge Steps continued to operate The Bridge Homeless Assistance Center (The Bridge) under contract with the City of Dallas. The Bridge is a campus of residential and social services designed to fill service gaps for homeless individuals and serves up to 700 people per day. It is designed to address the emergency shelter and transitional housing needs of homeless persons in Dallas. The Bridge is open 24 hours per day, seven days a week, and is the central entry-point within the Dallas Continuum of Care for homeless individuals seeking services. The creation of The Bridge has led to increased outreach effectiveness by streamlining and coordinating community-wide outreach and referrals. The Bridge continues to make efforts to end adult long-term homelessness by developing, coordinating, and/or delivering:

- Outreach/intake services
- Jail diversion/reentry services
- Emergency shelter/transitional shelter services
- Primary health care/behavioral health care services
- Recreational/educational services
- Employment/supported employment/disability income services
- Affordable housing/supportive housing services

The Bridge houses multiple service providers including Parkland Hospital's Homeless Medical Services, Legal Aid of Northwest Texas, Veteran's Administration, MetroCare Services, and the Social Security Administration. It is a one-stop facility created to minimize travel and maximize access to multiple agencies. Services available range from basic needs, survival services, low demand/interim shelter focused on rapid re-housing, meals, case management, laundry and shower facilities, medical and psychiatric clinics, pharmacies, employment training, phone and computer banks, library, and storage facility.

Continuum of Care Strategic Work Plan Efforts: As part of its Homeless Collaborative System Transformation, the local CoC has established three community-wide goals: (1) effectively end veteran homelessness, (2) significantly reduce chronic unsheltered homelessness, and (3) reduce family and youth homelessness.

Highlights for FY 2021-22, in addition to those described earlier, include the following:

- Launched the [Dallas R.E.A.L. Time Rapid Rehousing \(DRTRR\) Initiative](#) to significantly reduce unsheltered homelessness (as described above).

- Continued the Rapid Re-Housing Surge – housing up to 550 homeless individual families through CARES Act funding.
- Continued efforts to end veteran homelessness. Since May 2019, MDHA and its partners have housed over 1,448 veterans.
- Continued efforts to end family and youth homelessness (as described above).
- Re-structured MDHA organization to better align with needs of homeless response system in February 2022 – focusing on housing initiatives and housing navigation. In late September 2022, MDHA rebranded and changed its name to Housing Forward as described above.
- Launched a Diversion Pilot at Family Gateway and The Bridge to inform systemwide diversion training and expansion.
- Submitted application for funding under HUD’s Youth Homelessness Demonstration Program (YHDP) in collaboration with CoC Youth workgroup and the Youth Advisory Board (YAB) in June 2022.
- Submitted application for funding under HUD’s Continuum of Care (CoC) NOFO in September 2022.
- Preparing to submit application for funding under HUD’s Special NOFO to Address Unsheltered and Rural Homelessness in October 2022.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

The city implemented a Lead Based Paint Hazard Reduction Grant Match Program. The program provides match for the Lead-Based Paint Hazard Reduction Grant to support identification and control of lead-based paint hazards in eligible housing units and to repair conditions that exacerbate asthma in eligible housing units. The grant funds will be used to perform eligible activities at housing units constructed prior to 1978 where at least one child under six years of age lives or spends a substantial amount of time visiting and where assistance under the City’s Home Improvement and Repair Program (HIPP) or New Construction and Substantial Rehabilitation Program (NCSRP) is also being provided. In addition, the City of Dallas took the following actions to promote the reduction of lead-based paint hazards:

- Provided information on Lead-Based Paint (LBP) hazards to households utilizing federal funds for housing activities, i.e., purchasing a home, rehabilitation services, or reconstruction.
- To reduce LBP hazards, the Housing/Community Services Department continued the practice of demolishing older housing stock with potential for lead hazards.
- Increased access to housing without LBP hazards through the development of new housing stock and redevelopment of older neighborhoods through housing programs.
- Integrated LBP hazard reduction into housing policies and programs by incorporating clauses referring to contractor’s requirements to use safe work practices and in cases of LBP removal, contractors were required to be a certified lead-abatement firm.
- Inspected federally assisted homes before purchase to ensure minimum housing standards were met. This included inspection for lead-based paint hazards for pre-1978 homes. Sellers were required to identify and address hazards prior to the closing of property and subsequent move in by

the homebuyer.

- The City, as part of the environmental review process, required testing for lead-based paint prior to demolition or rehabilitation of existing structures.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

- The City employed a multi-faceted approach to reducing poverty among its residents, including:
- The City of Dallas Housing programs are designed, in part, to address the needs of individuals and families below 30 percent of AMFI.
- Housing programs include assistance with rental units, homeowner maintenance, homeownership, and home repair.
- Programs operated by the Dallas Housing Authority, Dallas Housing Finance Corporation, and the City's nonprofit partners also address poverty level individuals and families (i.e., public housing, LIHTC projects, homeownership assistance, and transitional housing) on a neighborhood level.
- Altogether, housing partners operate programs that reduce the number of households living in poverty throughout the city of Dallas through self-sufficiency and financial independence accomplished through connection with community and social service agency resources, housing and housing assistance, education, training, health care, and transportation.
- The senior transportation program updated its client service model to continue serving older and disabled adults who need to keep medical appointments and address other health and wellness needs using a subsidy model that allows them to maximize their limited funds to cover the costs. The new service model provides clients with an on- demand service in partnership with Dallas Area Rapid Transit (DART) through its DART Rides Rider Assistance Program (RAP).
- The City provides access to free community events and supports workforce development programs through nonprofit partnerships while partnering with Workforce Solutions of Greater Dallas for employment opportunities and job fairs. The Black Chamber of Commerce continues its satellite office at the MLK Center, where the Business Assistance Center provides free services to Dallas residents interested in starting or expanding a micro- enterprise. The City utilized CDBG-CV funding to support its Drivers of Poverty Program. 1,161 persons were assisted through the program. The essential services provided by these programs are in higher demand than originally expected, due to the COVID-19 pandemic.
- The City has continued its partnerships with local and national nonprofits to launch a Financial Navigation program in the wake of the COVID-19 impacts, expanding internal capacity to provide effective referrals and resources to clients through internal and external partnerships.
- The City's Senior Services division provides resource navigation, referrals, and direct financial assistance (utility assistance) to thousands of low-income seniors annually.
- For FY 2021-22, the City continued to operate the Financial Empowerment Centers supported by an annual appropriation that provide financial counseling and case management, financial services access points, and asset building partnerships, as well as linkages to job training and placement services. For FY22, the program has continued with two partners implementing program. A new partner will begin in FY 2022-23 providing Financial/Resource/Career Coaching in three locations within the City of Dallas.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

- The City of Dallas works with various organizations by forging new partnerships and identifying strategies to undertake. In FY 2021-22 the City:
- Adopted the Comprehensive Environmental and Climate Action Plan (CECAP), which aligns with the goals of the 2017 Paris Climate Agreement. The goals of the CECAP plan include:
- All Dallas communities have access to local and healthy food
- All Dallas communities breathe clean air
- Dallas communities have access to sustainable, affordable transportation options
- Continued the Dallas R.E.A.L. Time Rapid Rehousing (DRTRR) Initiative that will rehouse over 2,700 individuals and families experiencing homelessness and reduce the unsheltered population by 50% in Dallas and Collin Counties Continuum of Care. This public private partnership is a \$72 million initiative and is one of the first of its kind collaboration.
- Initiated and maintained dialogue with housing providers to coordinate services and leverage private and public funds
- Supported the Dallas Housing Finance Corporation
- Provided technical assistance and capacity-building support for nonprofit developers
- Strengthened partnerships between the City, State, and HUD
- Pursued private resources to increase flexibility in the delivery of affordable housing developments
- Worked closely with the Dallas Housing Authority and Dallas County in the service of low- and moderate- income families and in the creation of affordable housing
- Worked closely with the Dallas Housing Authority and Dallas County in the creation of permanent affordable housing for the homeless

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

The City worked to coordinate public housing, private housing, and social services through:

- Engaging in frequent meetings with public and private housing advocates, housing producers, and social service agencies to seek more opportunities to work together to produce affordable and supportive housing for homeless individuals and families.
- Collaborating efforts with agencies providing supportive services to those experiencing homelessness and those at risk of becoming homeless to avoid duplication of services
- Supporting Metro Dallas Homeless Alliance as it continues its collaborative efforts to develop strategies to address homeless issues with area service providers and in conjunction with the Dallas Commission on Homelessness.

Metro Dallas Homeless Alliance (now Housing Forward): Dallas City Council Resolution No. 06-2657 Recognized Metro Dallas Homeless Alliance (MDHA) as the regional authority on homelessness. MDHA is the lead agency for the Continuum of Care and HMIS operator for the City of Dallas and Collin/Irving counties. In late September 2022, MDHA rebranded and changed its name to Housing Forward. Around the same time, the local Continuum of Care (previously known as the Homeless Collaborative for Dallas & Collin Counties) also rebranded and changed its name to All Neighbors Coalition. MDHA/Housing Forward is the facilitator of the local Continuum of Care, which is an organization composed of over 100 agencies that represent shelters, hospitals, government agencies, local municipalities, nonprofits (including youth and family providers), faith-based organizations, housing and treatment providers, individuals (including homeless consumers), businesses, medical/educational leaders, and other community members. Continuum of Care assembly meetings were held on the fourth Tuesday of each month.

Additionally, the Continuum of Care, through the Alliance Homeless Forum facilitated by MDHA/Housing Forward, hosts monthly meetings to provide those experiencing homelessness, formerly homeless individuals, and service providers a public forum to discuss issues those experiencing homelessness encounter. This is an ongoing opportunity to:

- Provide input into MDHA/Housing Forward's planning and advocacy for the homeless population
- Gather information that will be helpful to homeless individuals
- Develop an organized movement of homeless individuals to advocate for improvements in homeless services

HOPWA Coordination with Homeless Services: HOPWA coordination with homeless services takes place largely through the City of Dallas Office of Homeless Solutions' partnership with Metro Dallas Homeless Alliance (MDHA) (now known as Housing Forward) (Continuum of Care lead agency), as well as partnerships formed between HOPWA project sponsors and Homeless Continuum of Care providers, and HOPWA participation in the local Homeless Management Information System (HMIS). Following are a few specific examples of how the HOPWA program coordinates with homeless services.

- Facility Based Housing for Homeless: HOPWA partially funds Hillcrest House operated by AIDS Services of Dallas (ASD). The facility includes 64 single room occupancy (SRO) units that are specifically designated for homeless or formerly homeless persons. Other HOPWA funded facility-based housing providers also serve homeless persons, including ASD's other three facilities and Legacy Founders Cottage; however, these projects are not specifically designated for homeless.
- Participation in Local Continuum of Care and Coordinated Assessment System: Hillcrest House participates fully in the local Continuum of Care (CoC) Coordinated Assessment System (CAS), where homeless persons are assessed and prioritized for placement on the local Housing Priority List (from which CoC housing providers obtain new applicants). The CAS system is now integrated into the local HMIS system, so that housing programs (including HOPWA housing programs) with vacant units can receive referrals for placement through the system. Still, local HIV providers (including HOPWA providers) continue to make efforts to participate more fully in the CoC and CAS system to obtain housing for clients. HOPWA administrative staff regularly attend monthly CoC Assembly and HMIS meetings to stay abreast of new developments with the CoC.

- Homebase for Housing: The HOPWA program continues to operate Homebase for Housing, an HIV housing resource center that provides access to housing information, in person, via phone or e-mail, and on-line (including information regarding shelters and local homeless prevention resources). The housing resource center is a central place where any HIV+ person (particularly those who are homeless or at risk of becoming homeless) can get help with locating and accessing affordable housing resources.
- Master Leasing for Literally Homeless HIV+ Persons: The HOPWA program continues to operate two master leasing programs, to provide housing for literally homeless persons living with HIV/AIDS. Legacy Counseling Center has approximately 32 master leased units (some with double occupancy), and AIDS Services of Dallas has 10 master leased units.
- Permanent Housing Placement: The HOPWA program also provides permanent housing placement assistance throughout the HOPWA formula program. This assistance is available those who are homeless, living with family or friends, or being compelled to relocate – to assist them in moving into a new unit.
- Homeless Management Information System (HMIS): Beginning October 1, 2015, and continuing into the FY 2021-22 program year, all Dallas HOPWA projects are participating in the local Continuum of Care’s Homeless Management Information System (HMIS) administered by MDHA/ Housing Forward, and which uses the Eccovia ClientTrack™ HMIS software – to record client-level data and outcomes, taking into account confidentiality and privacy considerations. For confidentiality purposes, HOPWA projects are segregated within HMIS, and data sharing (when a client consents in writing) is solely within the HOPWA program.

HOPWA Coordination with Ryan White Services: The Dallas HOPWA program coordinates with Ryan White services on two levels. At the service provider level, HOPWA case managers accept and make referrals to/from Ryan White case managers for services. All HOPWA case managers are familiar with Ryan White services in the area. In some cases, Ryan White services are offered within the same agency as HOPWA services; in other cases, they are made available through referrals. Except for governmental entities, HOPWA service providers are also typically (though not always) funded for Ryan White services as well.

At the administrative level, the HOPWA program coordinates with the Ryan White Planning Council (which is overseen by Dallas County Health and Human Services) by regular participation in Council meetings and activities. The City of Dallas has one appointee to the Ryan White Planning Council itself, and a City staff member serves on the Planning & Priorities Committees. The Ryan White Planning Council manages and oversees the HIV/AIDS Continuum of Care in the Dallas area and, as such, includes HIV/AIDS housing issues in planning where appropriate. However, in Dallas, the Council has no direct oversight or responsibility over HOPWA funding. In addition, a City staff member has participated in the local Fast Track Cities Ending the HIV Epidemic initiative, when possible, and is currently participating in the Ryan White Integrated Plan process. The Ryan White Planning Council is currently in the process of conducting a new Comprehensive HIV Needs Assessment for the local area, the result of which should be available in early 2023.

FAIR HOUSING:

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

As a recipient of federal block grant funds including Community Development Block Grant (CDBG), HOME Investment Partnership Act (HOME), and Emergency Solutions Grant (ESG) funds, the City of Dallas must certify that it will “affirmatively further fair housing” in accordance with federal regulatory requirements at 24 CFR 91.225(a)(1). The certification means that the City will conduct an Analysis of Impediments to fair housing choice (AI) within the jurisdiction, take appropriate actions to overcome the effects of any impediments identified through that analysis, and maintain records reflecting the analysis and actions in this regard. In 2019, the City of Dallas completed the final version of the Analysis of Impediments (AI). The final version of the AI was submitted to the HUD regional field office and is posted on the City’s [Fair Housing website](https://dallasfairhousing.com) at DallasFairHousing.com. The final list of impediments includes the following:

- Lack of affordable housing
- Lack of accessible housing choices for seniors and persons with disabilities
- Housing rehabilitation resources are not distributed between renter and owner households
- Lack of awareness of a reasonable accommodation procedure to provide relief from codes that may limit housing opportunities to individuals with disabilities
- Historic pattern of concentration of racial/ethnic and low-income populations
- Lending practices that may be disproportionately impacting racial and ethnic minority populations
- Increase in the potential for persons with mental disabilities to be restricted in housing choices dues to cuts in case management and supportive services
- Inadequate fair housing education and awareness in the community at-large but most especially for underrepresented and minority populations with limited English proficiency (LEP)
- Residents facing challenges accessing public transportation
- NIMBY-ism sentiments in the private sector and rules that support it continue to exist

Below are actions taken during the 2021-22 program year to overcome the effects of impediments to fair housing and to affirmatively further fair housing. The City:

- Created the Eviction Assistance Initiative with CDBG-CV funds to provide education, training, and legal representation to Dallas tenants who are negatively impacted by COVID-19 and facing eviction. This Initiative contracted with:
 - Legal Aid of Northwest Texas to provide legal assistance and community outreach
 - The Concilio to provide education and outreach to underrepresented communities with limited English proficiency
- Approved Fair Housing and Affirmative Fair House Marketing Plan applications for investors and property managers, and provided guidance to investors and property managers on marketing strategies to affirmatively further fair housing, and guidance for advertising and community contact usage requirements when receiving federal funds
- Conducted monthly homebuyer trainings sponsored by Community Housing Development Organizations to educate homebuyers on fair housing laws and their rights

- Conducted fair housing reviews of Low-income Housing Tax Credit projects
- Conducted fair housing reviews of mixed income and economic development projects seeking City support
- Partnered with other divisions in the Office of Equity and Inclusion to address issues of inequity within the City of Dallas
- Partnered with the Dallas Independent School District's Equity Office in identifying housing issues and other issues that affect student performance

It is worth noting that because of the circumstances and urgency created by the impact of COVID- 19, many of the scheduled plans had to be suspended or postponed for a later time. This required Fair Housing to pivot to address the needs of the residents in an effort to keep people housed during the pandemic.

Additional Fair Housing Efforts

Enforcement: There were a total of 37 case closures related to fair housing and one case closed based on source of income. Eleven of the fair housing cases were conciliated totaling \$20,700.00 in settlements.

Education and Training: The City conducted 19 fair housing presentations and promotional events and trained 1,384 residents and housing providers on fair housing rights and responsibilities.

Promotion/Outreach: Promoted the services of the FHO through:

- Two print ads:
African American publication, printed bi-weekly/ LGBT newspaper, printed bi-weekly
- Multiple audio/radio services, including Hispanic news station within Dallas zip code
- English radio station for four weeks, and a Spanish radio station for multiple weeks

Affordable Housing Assistance: The Office of Equity and Inclusion - Fair Housing Division:

- Evaluated and monitored 49 Affirmative Fair Housing Marketing Plans for City-assisted housing developments. This exceeded the goal of 38 by 28 percent and is the same as the previous year.
- Received, processed, and made necessary referrals for 473 resident requests for services. This is far less than the goal of 5,000 by 90 percent. This is largely due to reduction in outreach meetings and the global pandemic.
- Distributed 43 government assisted housing/affordable housing referral packets.
- Maintained and updated semi-annually, for distribution to residents, the list of 233 government-assisted affordable multifamily housing units in Dallas.

Fair Housing Enhancements: Enhancements for this period include creating and maintaining the Eviction Assistance Initiative. This Initiative has been imperative to addressing the urgency surrounding residents at risk of eviction who have been city impacted by COVID-19.

Home Investment Partnership Program (HOME) Summary of Specific Annual Objectives and Outcomes

FY 2021-22 HOME CONSOLIDATED PLAN STRATEGY

City of Dallas

Housing and Neighborhood Revitalization Department Consolidated Plan Strategy October 1, 2021 – September 30, 2022

Assessment of the relationship of the activities carried out under the HOME program to the objectives in the Consolidated Plan Strategy:

The activities carried out in FY 2021-22 under the City of Dallas’ HOME program were consistent with the objectives of the Consolidated Plan Strategy. The City’s overall goal is to promote and strengthen the stability, development, revitalization, and preservation of Dallas neighborhoods. There are several housing objectives that contribute to helping achieve this goal. These objectives include: 1) increasing homeownership opportunities for very low-income and moderate-income renter households; and 2) New construction of affordable homes. The activities carried out under the HOME program by the Housing and Neighborhood Revitalization Department in FY 2021-22 were consistent with these objectives.

These activities were implemented through *The Dallas Homebuyer Assistance Program (DHAP)*.

The City of Dallas adopted the Comprehensive Housing Policy to align programs with the housing policy, the programs were paused and restructured. Below are all activities that contributed to the objectives in the Consolidated Plan.

OBJECTIVE	ACTIVITY	HOME PROGRAM	HOME UNITS COMPLETED*	HOME AMOUNT

FY 2021-22 HOME MATCH

CITY OF DALLAS
Housing and Neighborhood Revitalization Department
HOME Match Narrative
October 1, 2021 – September 30, 2022

The City completes its own analysis to determine its match liability under the HOME program. Typically, the City's calculation has been less than that of the PR-33 (*HOME Matching Liability Report*). If the City's calculations for FY 2021-22 were more than the match calculated by the PR-33, then the City will ensure eligible match met or exceeded the greater of the PR-33 and City calculation. Based on City's calculation, the City of Dallas has a match liability for FY 2021-22 of \$0.

As of September 30, 2022, the City had \$7,760,449 in eligible excess match credit which was deemed sufficient to meet match liability requirements for FY 2021-22. Based on review of current year's activities, a match contribution of \$0 will be claimed this year.

Emergency Solutions Grant (ESG)

PROJECT NAME: EMERGENCY SOLUTIONS GRANT PROGRAM

BACKGROUND

The City of Dallas is the eligible grantee of Emergency Solutions Grant (ESG) formula grant funds. During this program year, grant funds were administered by the City of Dallas Office of Homeless Solutions and the Office of Community Care. These funds are designed to be the first step in a continuum of assistance to prevent homelessness and enable homeless individuals and families to move toward independent living. The City of Dallas has been receiving ESG funds since 1987. Under ESG requirements, funding for street outreach and emergency shelters is capped at 60 percent of the grant award. For the FY 2021-22 ESG grant, this cap is \$774,138, which was used for these services, with ESG CARES Act (ESG-CV CARES) funds providing leverage. Eligible activities funded under the grant included the following:

1. Emergency Shelter Services (Sheltered Homeless)

Essential Services - Provides case management, childcare, education services, employment assistance and job training, outpatient health services, legal services, life skills training, mental health services, substance use treatment, transportation, and services for special populations. During FY2021-22, ESG funds paid for case management at two local emergency shelters and for assistance to access federal, state, and local benefits at one shelter.

Shelter Operations - Includes the cost of maintenance (including minor or routine repairs), rent, security, fuel, equipment, insurance (property and liability related to facility), utilities, food prepared on site, shelter furnishings, and supplies essential for shelter operations. During FY2021-22, ESG funds paid for operating costs for three local emergency shelters.

2. Street Outreach (Unsheltered Homeless)

Provides essential services necessary to reach out to unsheltered homeless people; connects them with emergency shelter, housing, or critical mainstream services; and provides urgent, non-facility-based care to unsheltered homeless unwilling or unable to access emergency shelter, housing, or an appropriate health facility. During FY2021-22, ESG funds paid for 2.0 full-time City of Dallas staff person to provide street outreach for unsheltered homeless persons. Other City staff in the Office of Homeless Solutions funded through the City's General Fund also provided street outreach.

3. Homelessness Prevention Services (At-Risk of Homelessness)

Provides housing relocation and stabilization services (HRSS) and short- and medium- term rental assistance to prevent an individual or family from moving into an emergency shelter or another place that has characteristics associated with instability and an increased risk of homelessness. Individuals and families must meet three conditions: 1) have an annual income below 30 percent of median family income for the area, as determined by HUD; 2) insufficient resources or support networks immediately available to prevent them from becoming homeless; and 3) meet one of the seven risk factors. In the prior year, ESG Homeless Prevention eligibility was expanded to include those living in housing with characteristics associated with instability and an increased risk of homelessness as identified in the City's Consolidated Plan, so that ESG funds could be made available to provide homeless prevention assistance.

4. Rapid Re-Housing (Literally Homeless)

Provides financial assistance and housing relocation and stabilization services (HRSS) necessary to help an individual or family move as quickly as possible into permanent

housing and achieve stability in that housing. Individuals and families must: 1) lack a fixed, regular, and adequate nighttime residence; and 2) fleeing or attempting to flee domestic violence, dating violence, sexual assault, stalking, or other dangerous or life-threatening conditions related to violence. HRSS is limited to financial assistance for housing costs (rental application fees, security/utility deposits, utility payment, last month's rent, moving costs) and cost of services (housing search/placement, housing stability case management, mediation, legal services, credit repair). In FY2021-22, traditional ESG funds were not used for rapid re-housing projects, but rather ESG-CV CARES funds were used.

5. Homeless Management Information Systems (HMIS)

The information system designated by the Continuum of Care (CoC) to comply with HUD's data collection, management, and reporting standards. It is used to collect client-level data and data on the provision of housing and services to homeless individuals and families and persons at risk of homelessness. Grantees and sub-grantees of ESG funds are required to participate in HMIS. However, in FY2021-22, ESG funds were not used to for this purpose.

6. Administration

Activities include costs of overall program management, coordination, monitoring, and evaluation. The administrative cap is 7.5 percent of the grant award. For the FY 2021-22 ESG grant, this cap is \$96,767, but only \$89,000 (or 6.9 percent) of the City's allocation was allocated for administration to avoid reducing services.

BUDGET ALLOCATION

The HEARTH Act codified into law and enhanced the CoC planning process, the coordinated response for addressing the needs of homelessness established administratively by HUD in 1995. The City of Dallas consulted with Metro Dallas Homeless Alliance (lead agency for the Dallas/Irving and Dallas/Collin Counties CoC) on the FY 2021-22 ESG budget; with CoC membership support, the approved budget for the ES21 Grant (E-21-MC-48-0009) is as follows:

Activity	FY 2021-22 Approved Budget
Emergency Shelter	\$538,680
Street Outreach	\$177,682
Homelessness Prevention	\$246,086
Rapid Re-Housing	\$238,782
Homeless Management Info System	\$0
Administrative Costs	\$89,000
TOTAL	\$1,290,230

In FY 2021-22, the City of Dallas implemented several non-substantial changes to the budgets for the two open ESG grants. Non-substantial amendments (outlined in the charts below) were made to re-allocate funds to provide needed services in categories where funding could be utilized efficiently and effectively for the benefit of homeless and at-risk persons in the community.

CONTINUUM OF CARE

One of the CoC responsibilities is to develop policies and procedures for ESG program sub-recipients. During the ESG consultation process in January and February of 2021, the City of Dallas presented its budget to the CoC membership for consideration. The priorities identified and supported by the CoC membership for the FY 2021-22 included additional funding for Emergency Shelter and Street Outreach services.

MATCHING FUNDS REQUIREMENT

The City of Dallas matched ESG funds dollar-for-dollar. Match funds consisted of local funds used to support the City-owned emergency shelter.

CR-70 - ESG 91.520(g) - Assistance Provided and Outcomes

Shelter Utilization

Persons Served	Action Plan Goal	Actual	Variance
Emergency Shelter	2,800	4,808	172%
Street Outreach	330	346	105%
Homelessness Prevention	102	64	63%
Rapid Re-housing	40	0	0%
Total	3,272	5,218	159%

Emergency Shelter projects were above target for FY2021-22 (serving 4,808 persons compared to a goal of 2,800). Although Emergency Shelter capacity was decreased to allow for social distancing due to the ongoing COVID-19 public health emergency, local shelters have had to use hotel overflow space to accommodate the need for shelter. As a result, more persons were served in emergency shelter funded through ESG. The Street Outreach project was just slightly above target for FY2021-22 (serving 346 persons compared to a goal of 330), again are approaching pre-COVID-19 pandemic levels. Street Outreach efforts have been ongoing this year with appropriate COVID-19 precautions. Fewer persons were served with ESG Homeless Prevention funding (64 persons compared to a goal of 102) because other funding sources (e.g., ESG CARES Act funds and Treasury Emergency Rental Assistance ERA1 and ERA2 funds) were utilized to serve persons at risk of losing their housing. Lastly, no persons were served with Traditional ESG Rapid Re-Housing services during this program year because ESG-CV CARES funds and other COVID-19 funding sources were used for this purpose as part of the collaboration with the Continuum of Care on the Dallas R.E.A.L. Time Rapid Re-Housing initiative.

ESG funds were used to provide operational funds for emergency and transitional shelters, direct services to clients through essential services, homelessness prevention, and rapid re-housing for homeless individuals/households. Operational and essential services funds received by emergency and transitional shelters were used to provide services to 4,808 persons, while street outreach served 346 unsheltered persons. Homeless prevention funds were used to assist 64 persons to remain in stable housing, and 0 persons received rapid re-housing services. A total of 5,218 unduplicated persons were served during the term. Additional services and operations were provided utilizing City general funds and other funding.

CONTINUED IMPACT OF CORONAVIRUS PANDEMIC

On March 12, 2020, the Coronavirus (COVID-19) pandemic reached the Dallas community, and the public health emergency has persisted to date. At this time, neither government nor business have resumed normal operations. During FY2021-22, the pandemic continued to be a significant challenge for persons experiencing homelessness and those at risk of homelessness, as well as for homeless service providers. The City's Office of Homeless Solutions continued to support temporary emergency shelters (including support for shelter at hotels) COVID-19 isolation/quarantine purposes, as well as support for temporary inclement weather shelters. In addition, the City continued to fund Rapid Re-Housing assistance through ESG-CV CARES funds for homeless individuals and families placed into housing in response to the pandemic and worked with Metro Dallas Homeless Alliance in its implementation of the Dallas R.E.A.L. Time Rapid Re-Housing initiative, which will house as many as 2,700 homeless individuals and families. The economic impact of the pandemic continued to be felt by residents, putting them at continued risk of losing their housing. During FY2021-22, the City of Dallas used ESG-CV CARES funds to assist persons with Homeless Prevention assistance. Other funding sources were also available to assist residents at risk injury Emergency Rental Assistance ERA1 and ERA2 funds.

Homeless Prevention: Homeless prevention data was gathered for those maintaining their permanent housing for three months, exiting to permanent housing destinations, higher income accomplishment upon program exit, more non-cash benefits at program exit and the total number receiving case management. Of those who received homeless prevention services:

- 51 persons served with homelessness prevention
- 51 receiving case management
- 0 receiving financial assistance (with only rent assistance provided)
- 15 exiting to permanent housing destinations
- 0 exited with more income than at program entrance (as services are time limited)

Rapid Re-Housing: Rapid Re-Housing data was gathered for those who maintained their permanent housing for three months, exiting to permanent housing destinations, higher income accomplishment upon program exit, more non-cash benefits at program exit and the total number receiving case management. Of those who received Rapid Re-Housing:

- 634 persons served with rapid re-housing
- 634 receiving housing search and placement services
- 634 receiving case management
- 634 receiving financial assistance
- 106 exiting to permanent housing destinations
- 0 exited with more income than at program entrance

CITY OF DALLAS

DATE February 7, 2023

TO Honorable Mayor and Members of the City Council

SUBJECT **FY 2021-2022 Citizen Homelessness Commission Annual Report**

The Citizen Homelessness Commission's FY 2021-2022 Annual Report was reviewed and approved on January 12, 2023. The Annual Report can be viewed at <https://bit.ly/3DPX96J>.

In 2021, a historic partnership between the City of Dallas, Dallas County, the Dallas Housing Authority, and the cities of Grand Prairie, Plano, and Mesquite established the Dallas Real Time Rapid Rehousing program (DRTRR) – which had the goal of housing 2700 individuals experiencing homelessness. This partnership represents an actualization of one of the primary recommendations of Mayor Michael S. Rawlings' 2016 Dallas Commission on Homelessness: regional alignment of resources for the purpose of achieving a more holistic approach to resolving homelessness. In addition to the DRTRR program, properties in two council districts were acquired for the purpose of providing more housing to unhoused persons.

In 2022, as the impacts of the pandemic and rising costs of living exacerbated the underlying drivers of homelessness, the (CHC) Citizen Homelessness Commission continued to support city council and staff efforts to create more housing within more council districts across the city. This collaboration led to the acquisition of two additional properties within two more city council districts, geographically expanding housing and services across the city.

This past year, the (CHC) Citizen Homelessness Commission also saw a long-term recommendation materialize: DRTRR implementation of a reconciled approach to encampment resolution; this includes direct access to the Homeless Management Information System (HMIS) data entry, and housing for unsheltered persons. These major changes in magnitude and direction – along with several other data driven implementations – are signs of exponential improvement cultivated with the necessary assessment, follow-through, and focus on the goal of making homelessness rare, brief, and non-recurring.

Sincerely,

David King

Mission Statement

The Citizen Homelessness Commission is an advisory body established by the Dallas City Council for the purpose of assuring participation from, and inclusion of, all stakeholders, including those with past or present experience with homelessness, to develop policy recommendations to ensure alignment of city services with regional services to enhance the efficiency, quality, and effectiveness of the community-wide response to homelessness. (Dallas City Code §2-147.)

Duties and Functions

- Advise the City Manager and the City Council on issues affecting homelessness.
- Assist the City in evaluating new and existing programs.
- Coordinate with other local and regional bodies addressing homelessness.
- Perform such other duties as may be assigned by the City Manager or City Council. (City Code 2-149.)

Guiding Principles

All Citizens Must Have a Voice. The Commission provides an avenue through which all citizens affected by homelessness have an opportunity to have input into the development of the City's homelessness policies and programs. This includes programs and policies that directly benefit persons experiencing homelessness, while having due regard for the legitimate concerns of other Dallas citizens, including businesses and homeowners, and have a positive impact on the City of Dallas as a whole, in terms of quality of life, health and safety, and costs incurred.

Best Practices. The Commission seeks to inform itself regarding available data and best practices that have been developed in other communities in making its recommendations and evaluating new and existing programs.

Diverse Populations. The Commission recognizes that the City's policies and programs must consider the varying needs of specific homeless subpopulations, including families with children, single mothers, couples, veterans, older adults (62+), unaccompanied youth and children, formerly- incarcerated persons, LGBTQ persons, and persons with disabilities, significant medical needs, mental health issues and substance use disorders.

Community-Wide Cooperation. The Commission is guided by the principle that homelessness is a multi- faceted and complex issue that must be addressed with open and ongoing communication, within a coordinated, community- wide effort, into plans of action that assign mutually reinforcing activities with consistent metrics for assessing outcomes and ensuring accountability.

FY 2022 Objectives and Accomplishments

Objectives

- Continue review and assessment of the Dallas Real Time Rapid Rehousing (DRTRR) program implementation.
- Provision of advisement to staff and council regarding Office of Homeless Solutions items presented to council committees and to the full council.
- Continue efforts to establish homeless recovery facilities in multiple districts.
- Assessment of system gaps and potential solutions through engagement with experts in the field of homelessness response.
- Formation of Citizen Homelessness Commission committees focused on improvements to critical aspects of the homeless response system.

Accomplishments

- Quarterly review of DRTRR-focus on racial equity data, housing placement obstacles, improvement of street outreach and encampment decommissioning, and unsheltered access to housing through the DRTRR.^{1, 2, 3}
- Acquisition of two more facilities dedicated to homeless housing and services.⁴
- Provision of recommendation votes regarding council items which impact the homeless response system.⁵
- Establishment of the first Citizen Homelessness Commission retreat engaging local experts across the spectrum of homeless response.⁶
- Establishment of the four following committees: Racial Equity, Support Services, Street Outreach, and Housing. Committees will focus on producing recommendations for improvements and better alignment based on data and national best practices.⁷

FY 2023 Proposed Objectives

1. Focus on housing solutions through engagement with different stakeholders (developers, real estate investors and landlords, community groups and homeowner associations, housing navigators and case managers, etc.), and broad review of national and international best practices.
2. Focus on political solutions for historic obstacles to response system improvements.
3. Substantial increase in direct engagement with people experiencing homelessness regarding the impacts and effectiveness of the response system and the commission's proposed recommendations.
4. Identification and promotion of under-utilized, system-wide support options.
5. Focus on continued increase of direct access to housing and services for unsheltered populations.
6. Racial Equity review and assessment of homeless response efforts in the city, in accordance with the City of Dallas' Racial Equity Plan
7. Increased use of panel discussions, public forums, etc., for the purpose of expanding engagement with experts, stakeholders, and community members.
8. Consistent presentation of Commission recommendations based on findings through established Commission processes.
9. Continued review of Dallas Real Time Rapid Rehousing implementation.
10. Continued focus on homeless facility development, including operator selection, support service provision, and Good Neighbor Agreements.
11. Promote homelessness policy across the City of Dallas wherein needs are unmet.
12. Promote and encourage all North Texas municipalities to establish homelessness policy that engenders resource equitability.

Recommendations of the Citizen Homelessness Commission

1. Effective incentivization for development and adaptive reuse establishment of very low income and extremely low income and/or dedicated homeless housing.
2. Assessment of Medicaid expansion as a major key to funding for housing and services and development of city action plan regarding lobbying the state and partnering with other Texas cities that might take the same position.
3. Dallas Area Partnership consideration of dedicated fee structure such as percentage of hotel tax or convention or new luxury development tax, etc.
4. Assessment of potential zoning changes which could increase housing density in needed areas.
5. City promotion of underutilized services such as the NTBHA crisis line through public service announcements or other methods.
6. Continued expansion of RightCare, Deflection Centers. Review of technology, methods and partnerships which could increase effectiveness and reach of programming.
7. Establishment of proactive and expansive efforts to combat misinformation and misperceptions that contribute to community resistance to homeless housing solutions through promotion of facts and data surrounding societal and community impacts of effective responses to homelessness.

Chair's Memo

Honorable Mayor and Members of the City Council,

As chair of the Dallas City Plan Commission, I am pleased to share with you this Annual Report which summarizes the work of this commission for FY 2021-22.

Despite the logistical and technical challenges presented by the COVID pandemic, our work continued with hybrid public meetings, taking input both in person and remotely. Of the numerous zoning cases we considered, two Area Plans are particularly impactful.

One of these is the West Oak Cliff Area Plan that covers an area of nearly 44,000 residents and is the largest area plan in the history of Oak Cliff. The other is the Hensley Field Master Plan that sets out a walkable, mixed use community of approximately 6800 residential units, networks of open spaces, a marina, and waterfront trails. Both of the plans required extensive public input and produced important discussions in regard to issues such as transportation, density, gentrification, missing middle housing, and environmental concerns.

On a broader level, we are especially pleased to have launched the much-needed *forwardDallas!* initiative to update the Comprehensive Land Use Plan. This initiative, led by the recently established “blue ribbon” Comprehensive Land Use Plan Committee (CLUP) will actively engage residents to provide input on how they want our city to develop, helping to shape the Dallas of the future. Also underway are recently budgeted code amendments for both parking and zoning revisions.

Although after the end of the FY 2021-22, for the first time in a number of years, a training workshop for commission members was held this past November at Singing Hills Recreation Center in District 8. After opening remarks from Assistant City Manager, Majed Al-Ghafry, presentations were given by PUD Director Julia Ryan, AICP; Assistant Directors Andrea Gillies, AICP; and Andreea Udrea, PhD, AICP. The keynote speaker was Patrick Kennedy on *Planning, Designing, and Policy-Making for Upward Mobility in City Building*. We also resumed full-commission bus tours for two hearings, providing a much-needed visual context for complex cases. Plans are underway to continue the practice in 2023.

It is exciting to see the changes underway to re-align the planning department under the direction of new leadership. These changes and their focus on the correlation between “planning” and “zoning” will pay dividends as we deal with the burgeoning growth occurring in our city and the friction associated with it.

Background

The City Plan Commission revised the Rules of Procedure to govern its deliberations on September 17, 2020. City Council approved the revisions on May 26, 2021.

Section 13 of the Rules of Procedure establishes the following standing committees:

- (1) Arts District Sign Advisory Committee (ADSAC)
- (2) Rules Committee
- (3) Special Sign District Advisory Committee (SSDAC)
- (4) Subdivision Review Committee (SRC)
- (5) Thoroughfare Committee
- (6) Zoning Ordinance Advisory Committee (ZOAC)
- (7) Comprehensive Land Use Plan Committee (CLUP)

Members of the standing committees and the chair of each are appointed by the Chair of the Commission, subject to approval by the Commission.

ARTS DISTRICT SIGN ADVISORY COMMITTEE (ADSAC)

The Arts District Sign Advisory Committee is governed by Section 51A-7.1204 of the Dallas Development Code. This committee shall review and make recommendations to the Director of Planning and Urban Design regarding a Certificate of Appropriateness for any sign to be placed in the Arts District. This Committee held **two** meetings in FY 2021-22. The ADSAC considered and approved **three** certificates of appropriateness.

RULES COMMITTEE

The Rules Committee shall make recommendations to the Commission on proposed amendments to the Commission's rules of procedure. The Committee **did not meet** during FY 2021-22.

SPECIAL SIGN DISTRICT ADVISORY COMMITTEE (SSDAC)

The Special Sign District Advisory Committee is a five-member advisory body specified by City Code and appointed by and responsible to the City Plan Commission. The committee members must include one architect, one graphic designer, and one businessman associated with the sign industry. The committee has jurisdiction for the Special Provision Sign Districts (Downtown, Deep Ellum/Near East Side, Farmers Market, West End, McKinney Avenue, Uptown, Southside Entertainment (Cedars), West Village, Jefferson Boulevard, Victory, and West Commerce/Fort Worth Avenue) and deals with related issues such as Certificates of Appropriateness and amendments to the sign ordinance itself, including Landmark Sign applications. Amendments may be initiated by the committee or from other sources. Following its review, the committee sends its recommendations to the City Plan Commission for action. The committee met **12** times during FY 2021-22.

- A total of **28** Certificate of Appropriateness applications were considered and approved. Of these, **13** were in the Downtown SPSD, **two** were in the Deep Ellum/Near East Side SPSD, **two** were in the West End SPSD, **two** were in the Jefferson Boulevard SPSD, **one** was in the McKinney Avenue SPSD, **two** were in the Uptown SPSD, **one** was in the Southside Entertainment SPSD, and **five** were in the Farmers Market SPSD

SUBDIVISION REVIEW COMMITTEE (SRC)

The Subdivision Review Committee is a five-member advisory body appointed by and responsible to the City Plan Commission. There are no specific criteria for the number of members or qualifications of members of the committee. The Subdivision Review Committee has responsibility for reviewing street name changes and appeals of staff-recommended conditions. Following its review, the Subdivision Review Committee forwards its recommendations to the City Plan Commission for action. The Committee also has responsibility for reformatting the existing subdivision regulations. The Committee met **nine** times during FY 2021-22.

THOROUGHFARE (TRANSPORTATION) COMMITTEE

The Thoroughfare Committee is an eight-member advisory body appointed by and responsible to the City Plan Commission (CPC). This committee is established by the CPC rules, and there are no criteria for qualifications of members of the committee. The Thoroughfare Committee is responsible for reviewing potential amendments to the Thoroughfare Plan and to the Central Business District Streets and Vehicular Circulation Plan. Changes to the plans may be initiated by the committee itself, the City Plan Commission, the City Council, staff, or by citizens through one of the foregoing bodies. Recommendations are forwarded to the City Plan Commission and City Council for final action. The committee met **three** time during the last term and acted on **seven** Thoroughfare Plan Amendments during FY 2021-22.

ZONING ORDINANCE ADVISORY COMMITTEE (ZOAC)

The Zoning Ordinance Advisory Committee (ZOAC) is an advisory body appointed by and responsible to the City Plan Commission. The committee must be composed of two or three members of the City Plan Commission and five citizens. The chair and vice-chair of the committee must be members of the City Plan Commission. ZOAC is responsible for reviewing proposed amendments to the City's Development Code, both those initiated by the Committee and those originating from other sources. Recommendations for action are made to the City Plan Commission. The committee met **15** times during FY 2021-22.

COMPREHENSIVE LAND USE PLAN COMMITTEE (CLUP)

The Comprehensive Land Use Plan Committee (CLUP) shall provide oversight and guidance for developing or updating the citywide comprehensive land use plan or area-based land use plans, to facilitate their passage and implementation, and to monitor their progress, in order to advance future land use goals that promote economic vitality, environmental sustainability, and equity throughout Dallas. The Committee must be composed of a minimum of 12 and a maximum of 17 City of Dallas residents, three of which must be Commissioners and at least one member or resident with knowledge or expertise in each of the following areas: urban design, urban planning, or landscape architecture; neighborhood stabilization or revitalization; real estate development, finance, or economics; multimodal transportation; environmental sustainability; social equity; and other areas of knowledge or expertise relevant to the comprehensive land use plan. CLUP met **10** times during FY 2021-22.

FY 2021-22 Objectives and Accomplishments

CURRENT PLANNING

The Current Planning Division of the Planning and Urban Design Department is responsible for the review and processing of zoning requests, development code amendments, street name changes, and subdivision plats through the City Plan Commission and City Council; and zoning variances, special exceptions, and nonconforming use-compliance cases through the Board of Adjustment.

The division, during the fiscal year 2021-22, provided staff support to the Zoning Ordinance Advisory Committee, the Special Sign District Advisory Committee, the Arts District Sign Advisory Committee, the Subdivision Review Committee, the City Plan Commission, and City Council. Staff reviewed and processed **915** items for action by the City Plan Commission. This included **263** zoning cases, **357** preliminary plats (**12** Shared Access Development plats, **20** ETJ plats, **42** residential, **52** residential re-plats, **120** final plats, and **8** building line changes), **8** street name changes, **31** sign certificates of appropriateness, **81** miscellaneous items, **4** authorization of hearings to consider appropriate zoning, **3** authorization of hearings to consider amendments to the Dallas Development Code, and **4** development code amendments.

ZONING ORDINANCE ADVISORY COMMITTEE (ZOAC)

The Current Planning Division was actively involved in the implementation of and amendments to Chapter 51A of the Dallas Development Code and has continued work on monitoring and refining the Code. ZOAC reviewed and recommended amendments for cases that addressed significant issues of concern expressed by residents, business and property owners, and industries across the city. New regulations that address complex problems frequently become national models because other cities are requesting copies of these newly established regulations.

There were six (**6**) amendments considered or acted upon by ZOAC that included:

- 1) Amendments to Division 51A-4.1100 Mixed-Income Housing to support and align with the One Dallas Options Program within the City of Dallas Comprehensive Housing Policy.
- 2) Amendments to require temporary concrete or asphalt batching plant uses to obtain a specific use permit (SUP).
- 3) Amendments to the definitions of bedroom, kitchen and bathroom.
- 4) Amendments to allow for a comprehensive response to the impact of the emerald ash borer (EAB) on the City's population of trees.
- 5) Amendments to define a new use called "short-term rental lodging" and related regulations.
- 6) Amendments to the definitions of building height.

Of the six (**6**) amendments considered, amendments to Division 51A-4.1100 Mixed-Income Housing and consideration of amendments to define a new use called a "short-term rental" (STR) and related regulations garnered the most attention and discussion among the committee and the public. The mixed-income-housing-development-bonus amendments received substantial input from the development community and discussion on an optional fee-in-lieu program and parking reductions for developments in PDs designed for mixed-income housing were discussed in several ZOAC meetings. The hearings regarding STRs became a polarizing case and drew attention from residents, operators, and the STR industry. The committee met five times in FY 2021-22 to discuss STRs and hear from registered speakers and completed discussions on October 4, 2022. The committee considered appropriate provisions that would regulate environmental performance such as noise, light, and security and if STRs would be appropriate in multifamily buildings or as an accessory use.

OUR MISSION

The Civil Service Department provides employment services for approximately 83% of the positions in the City workforce, including administering promotion systems for the Dallas Police and Fire Departments. Civil Service is committed to establishing a model merit system for our city and providing quality customer service to our internal and community stakeholders.

Civil Service staff evaluates and processes over 70,000 applications annually for approximately 1,700 positions. In addition to direct employment referrals to City departments, Civil Service establishes requirements for employment, designs and validates employment examinations and standards, and administers hearings for employee grievances and appeals of terminations and demotions.

The Department is comprised of three units, each playing a critical role in preserving and advancing the merit system and ensuring equity in employment and promotion.

RECRUITING & EXAMINING

- > Advertises jobs to both current and prospective employees
- > Administers exams

TEST VALIDATION

- > Develops and validates personnel selection tests for civilian and uniform positions

ADMINISTRATION

- > Manages Trial Board and Administrative Law Judge hearings
- > Oversees the rehire eligibility appeals process
- > Analyzes and manages department operations and budget

MESSAGE FROM THE

Secretary

On behalf of the Civil Service Board, I am delighted to present the 2022 Annual Report. This report provides an overview of our accomplishments, hiring data, and shares the excellent progress made toward our strategic focus areas, as well as our operational priorities for the coming fiscal year.

During the last fiscal year, we are proud to have met each of our priorities, while continuing to enhance the department's practices to support our external and internal stakeholders more ably. For example, this year, we collaborated with Dallas Fire-Rescue to establish position requirements and validate job functions for the newly created Single Function Paramedic role. We successfully launched job analysis studies for critical and hard-to-fill positions within the departments of Code, Water and Building Services. This work will position us to recruit and fill these positions more effectively. Additionally, we partnered with the Office of Equity to establish critical talent acquisition goals within the City of Dallas' first Racial Equity Plan.

In the coming fiscal year, we are eager to continue our strides toward meeting our priorities that further our strategy of Talent Attraction, Talent Assessment, and Operational Excellence. With the continued support and strategic guidance of our Board, we are dedicated to attracting and employing talent that keeps Dallas vibrant!

Sincerely,

Jarred D. Davis, MS
Board Secretary & Director

CIVIL SERVICE BOARD

The Civil Service Board is a seven-member body authorized by Chapter XVI of the Dallas City Charter to adopt, amend, and enforce a code of rules and regulations, subject to City Council ratification, to ensure employment and promotion based on merit and fitness. Board meetings are held monthly and are open to the public. The Chair of the Board is appointed by the Mayor; the remaining six members are appointed by City Council.

The Civil Service Board fulfills the City's goals of excellence, equity, empathy, and ethics through:

- Overseeing the design of personnel selection methods to ensure fairness and effectiveness in the selection of applicants for City employment.
- Providing an objective forum through which employees can appeal claims of discrimination and misinterpretation or misapplication of Civil Service rules.
- Serving alongside members of the Civil Service Adjunct Panel to administer Trial Board hearings that grant due process to demoted or terminated employees.

2022 PRIORITIES

TALENT ATTRACTION

Continue online exam assessment and test development activities to enhance the quality of candidate talent pools and increase examination show rates.

TALENT ATTRACTION

Develop and launch new Civil Service website to enhance the City of Dallas' employment branding strategy and social medial presence.

TALENT ASSESSMENT

Identify critical and hard-to-fill positions and began initiating planning sessions with hiring departments to establish strategic recruitment plans.

OPERATIONAL EXCELLENCE

Streamline and expand the trial board hearing process to include both virtual and hybrid options, while continuing to reduce the number of back-logged requests.

2022 OUTCOMES

- Successfully launched first round of job analysis and validation studies for the critical and hard-to-fill positions of Office Assistant, Water Plant Operator, and Code Enforcement Officer.
- To support ongoing Dallas Police Department and Dallas Fire-Rescue Department sworn promotional needs, Civil Service successfully deployed video assessment centers, supporting over 600 hundred sworn employees.
- In partnership with Dallas Fire-Rescue Department, established and validated position requirements to create a Single Function Paramedic position and associated civil service assessment requirements.
- Revised and launched Civil Service Department website, highlighting department services, as well as employment and application information.
- In collaboration with the Department of Budget and Human Resources, created and launched City-wide hiring manager toolkit to provide hiring data and recruitment resources to support improved hiring outcomes.
- Successfully launched virtual and hybrid Trial Board and Administrative Law Judge hearing options for appellants, clearing all COVID-related Trial Board and Administrative Law Judge hearing backlogs.

HEARING ACTIVITY

Trial Board/Administrative Law Judge Appeals

Employees who have been demoted or discharged and have pursued all available hearing opportunities at levels defined in the Personnel Rules and Civil Service Rules may request a final administrative hearing before an Administrative Law Judge (ALJ) or a Trial Board that is comprised of one Civil Service Board member as Chair and two Adjunct Panel members. The ALJ and Trial Board panels are empowered to hear testimony and evidence from both the City and employee about the employee's demotion or discharge. It is a quasi-judicial process that results in a decision by the ALJ or panel as to whether the discipline is sustained or modified.

Members of the Civil Service Board and Adjunct Panel were assigned four Trial Boards that resulted in three terminations being sustained, and one hearing being cancelled. Civil Service held two Administrative Law Judge hearings that resulted in reinstatement to City of Dallas employment.

Board Governance

Two new Civil Service Board members were appointed by the Dallas City Council during this fiscal year, Ms. Joan D. Smotzer and Ms. Angela K. Kutac.

Grievances/Complaints/Motions

Grievance appeal hearings are conducted by the Civil Service Board to consider current employees' complaints concerning an employee's working conditions that the employee claims have been adversely affected by a violation, misinterpretation, or misapplication of a specific law, ordinance, resolution, policy, rule, or regulation. The Civil Service Board did not consider any grievance appeal for a current City employee during this fiscal year.

Rehire Eligibility Appeal Hearings

Rehire eligibility appeal hearings are conducted by the Civil Service Board to consider former employees' requests to reapply for City jobs. The Board considers the reasons the former employee was unsuccessful in his/her previous employment with the City, assesses the person's work record in the two or more years since he/she has been gone from City service, and discusses the changes the former employee has made so that the same past behavior or circumstances will not be repeated. The conversation with the former employee is thorough and insightful, providing the Board with a basis to make an informed decision to grant or deny the request. The Civil Service Board considered five rehire eligibility appeals for former City employees. Three appeals were approved, one was postponed, and one appellant did not appear.

Mission Statement

The DHFC partners with developers to own, develop, acquire, and finance the construction of multifamily residential housing. The primary purpose of the DHFC is provide decent, safe, sanitary, accessible, and affordable housing to the residents of Dallas.

FY 2022 Objectives and Accomplishments

In 2022, the DHFC met monthly to discuss various proposals to develop affordable housing within the city limits. Four projects were approved and closed by the DHFC, with one using 4% LIHTC Tax Credits, one in general partnership with the DHFC, and two projects that were purchased and converted to affordable housing using essential function bonds:

1. Highpoint at Wynnewood (D1)
2. Terrace at Southern Oaks (D4)
3. The Dylan (D2)
4. The Briscoe (D11)

These four projects represent an approximately \$250,000,000 investment in affordable housing development in the City for a total of 967 units. Two developments are new construction and two are existing properties that will be converted to affordably priced rents in at least 50% of the apartment units.

As a result of closing these transactions and as part owner in a growing portfolio of 15 developments, the DHFC received roughly \$2.9 million in revenue from transaction and development fees for the year. This money will be used to further the objectives of the DHFC to further provide safe and affordable housing to citizens of Dallas.

DHFC Board members and Staff attended the TAAHP conference in Austin, Texas and were able to be educated on various industry trends as well as meet with third party vendors and consultants that are vital to the success of the corporation.

DHFC Board also approved a Notice of Funding Availability specifically using \$5,000,000 from its own funds to assist in the development of For-Sale housing. This was a very important issue for the Board, as it is part of the mission of the DHFC to provide diverse housing solutions not just to build much needed units, but also to provide opportunities for residents to build generational wealth through ownership of their residences. In addition to this NOFA, the Board also approved an allocation of bonds from the state to be utilized through TDHCA's programs that facilitate low cost mortgages to those who qualify.

FY 2023 Proposed Objectives and Accomplishments

In 2023, DHFC plans the following:

- Close on the tax credit developments that have been approved through the DHFC Board and collect the fee revenue from those closings
- Implement the NOFA to facilitate affordable housing development for single-family homeownership objectives
- Hire and train up to two additional staff to expand capacity within the organization

Continue Board Director and Staff trainings and attendance at conferences to gain industry insights and keep up to date on market conditions

Recommendations of the Board/Commission Name

The Board recommended the partnership with the four previously mentioned developments that were closed on in 2022. They also approved a \$5,000,000 NOFA to develop, finance, and/or assist in the provision of for-sale single family housing in the City as well as a bond allocation from the state to provide low cost mortgages to those who qualify. The Board believes that home ownership is an essential factor in the creation of generational wealth for low- to moderate-income families in the City.

Mission Statement

The Dallas Public Facility Corporation (DPFC) was created to assist the City in meeting its production goals established under the Comprehensive Housing Policy (“CHP”), adopted on May 9, 2019 by Resolution No. 18-0704, as amended. The DPFC develops affordable/workforce housing for the “missing middle” – residents earning at or below 80% area median income (AMI). The primary purpose of the DPFC is to develop mixed-income, multifamily residential in areas of opportunity and to be used as a tool for redevelopment to deconcentrate poverty and provide greater fair housing choice throughout the City.

FY 2022 Objectives and Accomplishments

In 2022, the DPFC met monthly to discuss various proposals to develop affordable housing within the city limits. Three projects were approved and closed by the DPFC with another seven projects approved by the Board and awaiting final closing to start construction:

1. Standard at Royal (D6)
2. Oakhouse at Colorado (D1)
3. Mountain Creek Apartments (D3)

These three projects represent an approximately \$177,000,000 investment in affordable housing development in the City for a total of 839 units. All of these developments are new construction and will add affordably priced rents in at least 50% of the apartment units.

As a result of closing these transactions the DPFC received roughly \$1.6 million in revenue from transaction and development fees for the year. This money will be used to further the objectives of the DPFC in providing safe, decent, and affordable housing to residents of Dallas.

In addition to the above, RFPs were issued for third-party services which include corporation counsel, accounting services, bond counsel, and financial advisor. DPFC was able to renew or sign new agreements with each of these consultants DPFC corporation counsel, bond counsel, and financial advisors are paid at the time of financial close from project funding sources and not through the revenues of the Corporation. An RFP for a third-party audit of the Corporation's finances will be released on February 1, 2023.

FY 2023 Proposed Objectives and Accomplishments

In 2023, DPFC plans the following:

- **Close on the developments that have been approved through the DPFC Board and collect the fee revenue from those closings**
- **Hire and train up to two additional staff to expand capacity within the organization**

Continue Board Director and Staff trainings and attendance at conferences to gain industry insights and keep up to date on market conditions

Recommendations of the Board/Commission Name

The Board recommended the partnership with the three previously mentioned developments that were closed on in 2022. They also approved new agreements with third party consultants and are planning to hire up to two additional staff to increase capacity and implement initiatives for new PFC developments.

HISTORY & MISSION

History

[Resolution 20-688](#) was passed on May 27, 2020, authorizing adoption of the Comprehensive Environmental & Climate Action Plan (CECAP). This resolution charged the City Manager to identify and convene an Environment and Sustainability Advisory Committee comprised of professionals and community members to advise on environment, sustainability and CECAP implementation. Additionally, the resolution established that the City Manager will coordinate with the Environment and Sustainability Committee regarding the scope and potential roles of a permanent board or commission.

The permanent Environmental Commission (EVC) was established through [Ordinance No. 31847](#), which passed on April 28, 2021, and the Environment and Sustainability Advisory Committee was sunset.

Nominations to the EVC began in the fall of 2021, and the commission held its first meeting on December 17, 2021.

Mission

The Environmental Commission is a group of appointed community advocates who advise the City Council on implementation of the CECAP and other environmental matters as they arise in the community. The commission has 24 active members (two vacancies), including fifteen voting members appointed by each City Council Member. It has eight technical panel members appointed by the City Manager, each with expertise in one of the eight areas of the CECAP. The commission's founding ordinance created an Environmental Health Committee. Its members were appointed by the commission chair and include two appointed commission members and three community members with public health experience.

Mission Statement: The commission advises the City Council on the environment, sustainability and implementation of the CECAP. The commission also supports equitable and effective action to resolve environmental issues as they arise.

FY22 OBJECTIVES & ACCOMPLISHMENTS

Objectives

The commission's objectives were identified during a strategic planning session on July 9, 2022:

1. Advance environmental equity by encouraging the city to codify equity into its laws and processes. Equitable solutions should meet the varying need of each community;
2. Prioritize public and environmental health by advancing the city's Greenhouse Gas emissions reductions efforts to meet the 2030 Interim Target and 2050 Carbon Neutrality Target;
3. Identify and leverage all resources, including data, funding, incentives, and strategic partnerships needed to accomplish the CECAP's goals;
4. Create inclusive, two-way community communication and support community-led accountability related to environmental issues; and
5. Transform the City of Dallas into a hub for environmental innovation.

[View the full strategic planning session report here.](#)

The commission also identified objectives in the FY21 Annual Report that are in line with the [Mayor's FY22 Priorities for the Environment & Sustainability \(ENVS\) Committee](#).

Accomplishments

- In partnership with the Office of Environmental Quality & Sustainability, the commission hosted or participated in 36 community events, not including outreach done by commissioners on an individual basis. A full list of these events begins on page 11.
- Successfully advocated for internal policy reforms for concrete batch plants including enhanced internal communication, community engagement and cross-departmental collaboration.
- Voted to recommend that staff add environmental equity indicators to the city's Racial Equity Plan, which was without them.
- Voted to charge city staff with creating an Environmental Equity Checklist to support the city's Racial Equity Plan
- Supported passage of an update to the 2013 Local Solid Waste Management Plan.
- Supported passage of the Hensley Field Master Plan.
- Successfully advocated for concrete and asphalt batch plant zoning code revisions to include increased community participation and input opportunities (Phase I).

- Held a Strategic Planning Session to establish unified priorities and created subcommittees that align with and support each priority.
- Voted to recommend that the city immediately begin characterization and remediation of the former Blue Star site to residential standards.
- Formed and voted to approve recommendations related to new gas-powered landscape equipment policies to improve neighborhood-level air quality.
- Supported OEQS in identifying priority neighborhoods for air quality monitoring and facilitated community meetings for each.
- Created new outreach and engagement resources, including social media, a logo, flyers in English and Spanish and a community presentation template.
- Supported passage of the Comprehensive Urban Agriculture Plan (for council approval in 2023).
- Formed a recommendation to propose new environmental equity indicators for the city's Racial Equity Plan for approval in January 2023.

FY23 PROPOSED OBJECTIVES & ACCOMPLISHMENTS

Objectives & Accomplishments

Guided by the commission's unified priorities, FY23 objectives include the following:

- Led by the commission's Environmental Justice subcommittee, vote to approve recommendations on environmental equity indicators for the city's Racial Equity Plan.
- Continue to advocate for equitable land-use policies, including ForwardDallas Comprehensive Land-Use Plan updates, to address incompatible industrial uses near or adjacent to residential properties and to reduce inequitable pollution burdens for communities.
- In partnership with the Office of Environmental Quality & Sustainability, continue to liaise with the community on placement of neighborhood-level air quality monitors, support engagement and education on air quality data and promote utilizing air quality data to guide policy decisions.
- Continue to support the passage of Phase II of the concrete batch and asphalt plant zoning code revisions to ensure appropriate distance buffers from industry to sensitive receptors.
- Continue monitoring the progress of the remediation of the former Shingle Mountain site, Lane Plating Works Superfund site and Texas Vermiculite Superfund site and promote open dialog between the community, city, Environmental Protection Agency and Texas Commission on Environmental Quality.
- Continue to support West Dallas residents in their efforts to secure a significant reduction of emissions by, and ultimately the closure of, the GAF Materials facility.
- Support the implementation of a Gas-Powered Landscape Equipment Policy, including engagement of impacted business owners and operators in multiple languages throughout the transition and education on air quality benefits.
- Support the city's fleet electrification transition to meet emissions reduction targets in the Comprehensive Environmental & Climate Action Plan and the equitable distribution of electric vehicle charging infrastructure in Dallas.
- Advocate for the implementation of the Urban Forest Master Plan, including conducting a comprehensive tree inventory of all right-of-way and park trees, developing and implementing a management plan and implementing strategies to mitigate the impact of Emerald Ash Borer on the city's ash tree population.
- Support the implementation of the Comprehensive Urban Agriculture Plan and equitable access to fresh, local foods for historically marginalized communities.
- Continue engaging the community on important environmental topics and amplifying the community's voices on important issues within each district.

Anticipated Policy Discussions

Additional discussions may include, but are not limited to:

- Building Code Updates & Net-Zero Carbon Policies
- White Rock Lake Dredge
- Development Code Updates
- Weatherization Programs
- Jeffries-Meyers-Merlin Groundwater Contamination
- Urban Forest Master Plan Update
- Brownfields Program
- Bike Plan Update

LANDMARK COMMISSION

ANNUAL REPORT

October 1, 2021 - September 30, 2022

OFFICE OF HISTORIC PRESERVATION

December 30, 2022

HISTORY OF THE LANDMARK PROGRAM

The Dallas Historic Landmark Preservation Committee was developed by the Department of Planning and Development in 1972 and formalized in the City of Dallas Development Code in 1973. It became the Dallas Landmark Commission in 1987. It is the City's official planning, supervision, and coordinating agency for historic preservation activities. Since its inception, the Landmark Commission has worked closely with the City of Dallas Department of Planning and Development, now the Planning and Urban Design Department and the community to identify significant cultural resources in the city and plan for their preservation. The City of Dallas became a Certified Local Government (CLG) September 12, 1986.

Dallas' first local landmark district, Swiss Avenue, was designated by the City Council in 1973. Currently, the City of Dallas has designated 154 historic overlay districts, 15 of which are neighborhoods, and 139 are individual landmarks. There are over 4,000 buildings throughout the city with landmark protection. A list of the 154 historic overlay districts can be found at the end of this report.

LANDMARK COMMISSIONERS

City Council appoints members of the Landmark Commission. The Landmark Commission consists of 15 commissioners, including a chairperson and a vice chairperson, three alternate positions, and a City Plan Commission and Park and Recreation Board liaisons. The Commission is required to have professionals trained in disciplines related to Historic Preservation. These include Architecture, Landscape Architecture, History, Real Estate Appraisal, Real Estate Development and Urban Design.

Elaine Velvin, Historian (District 15)

*Jim Anderson, Landscape Architect (Alternate)

*Jay Taylor, Real Estate Developer (Alternate)

*Jeff Cummings, Historic Preservation/Architect (Alternate)

*Johanna Hampton (City Plan Commission Liaison)

The Landmark Commission has one standing committee, Designation Committee. In addition, each City of Dallas Landmark district has an appointed Task Force. Both Designation Committee and Task Force members are appointed by the Landmark Commission.

PURPOSE OF THE DALLAS LANDMARK PROGRAM

City of Dallas Landmark Program
Dallas Development Code § 51A-4.501

The purpose of the Dallas Landmark Program is to promote the public health, safety and general welfare, and:

1. Protect, enhance and perpetuate places and areas which represent distinctive and important elements of the city's cultural, social, economic, archeological, paleontological, ethnic, political and architectural history;
2. Strengthen the economy of the city;
3. Increase public knowledge and appreciation of the city's historic past and unique sense of place;
4. Foster civic and neighborhood pride and sense of identity;
5. Promote the enjoyment and use of historic resources by the people of the city;
6. Preserve diverse architectural styles, patterns of development, and design preferences reflecting phases of the city's history;
7. Create a more livable urban environment;
8. Enhance property values;
9. Provide financial incentives for preservation;
10. Protect and enhance the city's attraction to tourists and visitors;
11. Resolve conflicts between the preservation of historic resources and alternative land uses;
12. Integrate historic preservation into public and private land use planning;
13. Conserve valuable resources through use of the existing building environment;
14. Stabilize neighborhoods;
15. Increase public awareness of the benefits of historic preservation;
16. Maintain a harmony between new and historic structures so that they will be compatible in scale, form, color, proportion, texture and material; and
17. Encourage public participation in identifying and preserving historic resources.

POWERS, DUTIES & OBJECTIVES

City of Dallas Landmark Commission
Dallas Development Code § 51A-3.103(c)

The powers and duties of the Landmark Commission are as follows:

1. Familiarize themselves with the City's historic resources that may be eligible for designation as a historic overlay district.
2. Create, examine, and update the historic preservation plan.
3. Recommend to City Plan Commission the designation of historic overlay districts.
4. Recommend to City Council the designation of historic overlay districts.
5. Recommend changes in use where conditions exist under which the required preservation of a property would cause undue hardship to the owner of the property.
6. Review the application for a building permit for proposed work and determine whether a certificate of appropriateness should be issued.
7. Recommend the amendment or removal of a historic district overlay.
8. Review applications for demolition or removal.

9. Annually review the status of properties and include a report of the review in the Landmark Commission minutes.
10. Initiate the procedure for adopting an ordinance to establish or amend a historic overlay district.
11. Establish task forces as needed to make recommendations to the Landmark Commission on applications for certificates of appropriateness and other issues.
12. Identify cases of demolition by neglect and initiate remedial actions.
13. Establish historic preservation fund as well as the guidelines for the selection of projects.

Chair's Memo

January 31, 2023

The Honorable Mayor and Members of the Dallas City Council

Municipal Library Board FY 2021-2022 Annual Report

Through continued support from the Municipal Library Board, the Dallas Public Library (DPL) continued to fulfill its mission to strengthen communities by connecting people, inspiring curiosity, and advancing lives. Together with the Friends of the Dallas Public Library, the board urged the City Council and City Manager to increase funding as the unique circumstances of this year allowed.

During the past year, the Municipal Library Board supported and promoted essential Dallas Public Library programs, such as English Language Learning; S.M.A.R.T. Summer with Mayor Johnson; the Express Yourself! Youth Poetry competition; and selection of the Youth Poet Laureate; as well as; Continued primary role as serving as liaison between DPL and respective Council Member. Advocacy at public meetings.

The Board is uniquely positioned to gain insight into the inner workings of the Dallas Public Library; it has been such a rewarding experience to observe firsthand the impact of the Library's many life-changing services, programs, and efforts towards promoting equity in Dallas.

Here are some of the highlights from FY 2021-2022:

- With support from City Council, the Library piloted a new program at five branch locations offering Enhanced Library Card's which feature the card holder's photo, address and birthdate. Additional funding was also approved for FY 2023 to increase availability of this program to all Library locations
- Through ongoing advocacy and support from the Library Board, the Library received an increased budget to extended hours at 15 locations
- The first-ever poet laureate and youth poet laureate for Dallas named with the commitment to grow literacy awareness through culture

As chair, it has been my honor to lead the Municipal Library Board in empowering the Dallas Public Library through advocacy and participation in its various programs and services to the Dallas community. The Board values tremendously the support the Mayor and Council have given to the Dallas Public Library.

The annual report includes the FY 2021-2022 completed Goals and Objectives, as well as Goals for FY 2022-2023. Please contact me at ahilburn8814@att.net for more information in regard to this report or the Board's work.

Sincerely,

Dr. Andrea Hilburn, Chair

Mission Statement

Municipal Library Board

In accordance with Dallas City Code, the Municipal Library Board is charged with advising the Mayor and City Council, the City Manager, and the Director of Libraries on matters related to library operations and services. The Board also assumes a supportive role through its promotion of the Library and its programs.

Dallas Public Library

The Dallas Public Library strengthens communities by connecting people, inspiring curiosity and advancing lives.

FY 2022 Objectives and Accomplishments

In keeping with its mission, the Municipal Library Board:

- ✓ Continued to promote Library services that meet the needs of Dallas residents through the lens of equity
- ✓ Advocated for restoration of Library budget when economically feasible to expand hours and increase materials budget services back to pre-COVID levels
- ✓ Advocated to maintain funding for Library services
- ✓ Continued to leverage technology to enhance Library services and operations, specifically as it relates to the request for expansion of digital access through the E-Rate program and its services
- ✓ Worked alongside Library Director to modify the Dallas City Code where necessary in order to make library services more equitable and accessible to residents in Dallas
- ✓ Supported the development and deployment of a new website
- ✓ Supported the establishment of a new Strategic and Facilities Master Plan in preparation for the 2024 Bond Program
- ✓ Collectively developed a new informative and educational Board Orientation packet

2022 Annual Report

(January 1, 2022- December 31, 2022)

Martin Luther King Jr. Community Center Advisory Board
2922 Martin Luther King Jr. Blvd. Building A, Suite 147
Dallas, Texas 75215

January 4, 2023

Honorable Mayor Eric Johnson and Members of the Dallas City Council
City of Dallas
1500 Marilla Street
Dallas, Texas 75201

Dear Mayor Eric Johnson and Members of the Dallas City Council,

On behalf of the Martin Luther King, Jr. Community Center (MLKJCC) Advisory Board, we are pleased to submit, Pursuant to Sec. 8-1-1 of the City of Dallas Code, the 2022 Annual Report of the Advisory Board's activities for the year January 1, 2022 through December 31, 2022.

The Advisory Board has continued to review and give advice regarding the services and programs that the center offers to ensure that the needs of its clients are met. The Advisory Board supported and attended the center's 19 events:

Dr. Martin Luther King, Jr. Birthday Celebration Week, Black History Month Celebration, AIDS Walk South Dallas, Remembrance Ceremony, Spring Extravaganza, Cinco de Mayo, A Magnificent Mom's Day Experience, Beat the Heat, Juneteenth Festival, A Dad's Day Experience, Back to School Festival, Day of Dignity, Hispanic Heritage Ceremony, Treat the Bldg./CCG, Harambee Festival, A Day of the Dead, Thanksgiving Basket, Winter Warm Up, Spring into Action and Comfort for College.

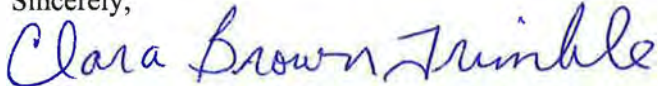

The Martin Luther King, Jr. Community Center continues to strive toward fulfilling its Mission to "promote and provide direct health human services and programming to help citizens become economically self-sufficient and maximize their quality of life."

Some highlights of our Mission being fulfilled during calendar year January 1, 2022 through December 31, 2022, are:

1. Assisting over 4,500 clients through the Social Services program
2. Serving a combined total of over 600 plus seniors and families through Special Events in November 2022; and
3. The appointment of Chair, Mrs. Clara Brown Trimble, October 2021, by the mayor; the reappointment of Vice Chair Ms. Candace E. Wicks, October 2021; the appointment of five (5) new Advisory Board members by Dallas City Council; Mrs. Jesse Tafalla, Jr., District 5, Mrs. Jessica Jolly, District 7, Mrs. Shlawanda Celestine, District 8, Mr. Michael Ross, District 12 and Mrs. Betty Carter Hooey, District 15.

As the MLKJCC approaches its 53rd year of operation, our Advisory Board will: 1) continue to support the master plan for the center; 2) initiate new and future service recommendations; 3) review programming for enhancement to better assist citizens; 4) carefully streamlining the funding of events; 5) increase Advisory Board Fundraising and In-Kind donations; and, 7) find immediate resolutions on “critical” issues. It is the request of the Advisory Board that the Mayor and Dallas City Council approve increased funding of the Martin Luther King, Jr. Community Center. It has been noted that \$50,000 or more funds are needed. For questions or more information, please contact the center at 214-670-8418.

Sincerely,

Clara Brown Trimble, District 10

Mission Statement

The mission of this board is to advise and advocate for the needs of the community center by ensuring that the education and necessary tools are available to improve the economic and social well-being of the community by providing world class services to all that need them. It is our mission to be a board that is a catalyst for positive change through educating, informing, and transforming the lives of each person that comes to the center.

Guiding Principles

Recognizing, honoring, preserving, and celebrating the life and legacy of Dr. Martin Luther King, Jr. through service, campus programming and events.

Delivering services and programs that address the needs of individuals as well as the community.

Operating in the role as an extension of city government that works with the people of the community.

Ensuring that not only the means of helping citizens become self-sufficient but also make sure that just as Dr. King fought for equality of people is our number one goal.

Through programming and events, it will continue to preserve our center and services for the underserved citizens.

The expectancy of services and increased diversity in the demographics to those that attend our events. All while serving and improving the quality of life for our clients.

Collaborating with the staff of the center that develops, implements, administers, and promotes programs or events that support the mission of the center and Dr. King's legacy; and that reflects the City's core values of integrity, leadership, innovation, commitment, sensitivity and teamwork.

Calling upon community leaders and citizens to advise the board, the city, and the Martin Luther King, Jr. Community Center in the refinement of the mission and in the execution of its policies, programs, and events.

Ensuring excellence by providing capital and operating resources for the events that is equal to or better than those provided by other Martin Luther King, Jr. Centers in other leading cities in the nation.

Integrating the life and legacy of Dr. Martin Luther King, Jr.'s principles into the partnerships formed with other corporate and nonprofit organizations.

Recognizing and rewarding those persons and organizations that demonstrate a commitment to the mission.

Each board member is to serve as liaison to the community, steering committees, and staff for each event implemented at the center.

Objectives

The MLK Advisory Board is an advisory board to the City Council in accordance to Section 2-126 of the City of Dallas Code.

The Board is composed of 15 members appointed by the Mayor and City Council, with a common interest in the development and success of the Martin Luther King, Jr. Community Center. During 2022 the Board was chaired by Clara Brown-Trimble, with Candace Wicks serving as Vice Chair. The Board is actively engaged in the implementation of the Martin Luther King, Jr. Community Center goals to promote, provide and address the health, social and recreational needs of the citizens while helping them to become economically self-sufficient and maximize their quality of life.

The main objectives of the Board's work are as follows:

- Making recommendations regarding the establishment and implementation of the center's events.

- Serve as a liaison on community steering committee events.

- Make recommendations concerning the expenditure of city funds on center programs and facilities.

- Make recommendations to create opportunities for all citizens of the city to have access to the events and the means of social service programs.

The Board works with the City of Dallas Martin Luther King, Jr. Community Center, a city department, in the implementation of its events, programs, and services.

Programs

Social Services Program: The purpose of the social service program is to address the needs of individuals living within Dallas City limits who are faced with a temporary financial crisis. These needs are defined as emergencies in nature, i.e. utility assistance for electric, gas, water, and rental payments in relation to other needs. Each household may receive emergency assistance once within a 12-month period (unless clients are eligible for ESG, HOPWA, or Energy Aid); which will be evaluated on a case-by-case basis depending on need and clients' circumstances from the date of last visit. Each household is eligible for assistance depending on their circumstances and the availability of funds. Some clients may be required to make a partial payment depending on the Caseworkers' assessment of financial capability. If funding is not available, clients will be referred to other programs for services. All persons in need of assistance must call to schedule an appointment to be seen by a Caseworker. During the interview/assessment, the Caseworker will assess the applicant's needs, abilities, resources, and goals. Caseworkers assist clients with a plan to work towards resolving situations that adversely affect the individual's daily life and family environment.

Cultural Events: The Martin Luther King, Jr. Community Center normally coordinates at least eighteen (18) events annually during the year to address health, employment, education, economic, social and wellness issues. The events address the needs of citizens in Dallas and are often co-sponsored with corporate/community partners. Unfortunately, due to the continued COVID pandemic, most events were rearranged as drive through.

The Annual Dr. Martin Luther King, Jr. Birthday Celebration is our flagship event and fundraiser. The Dr. Martin Luther King, Jr. Birthday Celebration weekend consists of several events which commemorate the life and legacy of Dr. King, including the MLK Celebration Fair, a Candlelight Ceremony, formal Awards Banquet, and a Parade. Due to the Covid pandemic, it remained necessary to conduct some activities virtually.

The Annual Black History Month Celebration gives the center the opportunity to celebrate and educate citizens regarding those of the past and present who have helped to shape Black culture. The MLK Center, in partnership with the Dallas Civil Rights Museum of the MLK Center, works to provide educational forums and exhibits of the Civil Rights Era for the month-long celebration.

In addition to our annual flagship events, Black History Month Celebration, Black History Month Celebration Drive Thru, Remembrance Service, Spring Extravaganza, A Magnificent Mom's Day Experience, Phlebotomy Graduation, Grand Re-Opening/Meet & Greet, A Dad's Day Experience, Juneteenth Walk & Festival Celebration, AIDS Walk South Dallas, Comfort for College, Back to School Drive Thru Festival, Hispanic Heritage Festival, Day of Dignity, Treat the Building, Harambee Festival, Day of the Dead Festival, Thanksgiving Baskets Drive Thru, and Winter Warm-Up Drive Thru.

Indicators

The success of the efforts of the Martin Luther King, Jr, Community Center is demonstrated by the following indicators:

Percentage of customer reporting satisfaction	99%
Number of visitors	44,120
Event customer satisfaction	99%
Number of events held during the year	19
Total number of event visitors served	10,256
Percentage of board meetings with quorum	100%

Summary of Accomplishments and Recommendations

Accomplishments

The Martin Luther King Jr. Advisory Board has operated without a 100% filled board for several e years, however as of December 2022 there are only 2 vacancies, an improvement.

The Board has successfully navigated through another year adhering to Covid protocols. As the year progressed more events took place in person.

As per last year's recommendation, board members received email addresses, business cards, parking passes, and ID badges.

Upon the board's request, there is noticeable improvement in the expedited planning and coordination of events. Communication of plans and information for dissemination to residents of Dallas is being received by members.

The Martin Luther King. Jr. Community Center now always has a standard of two (2) officers on campus.

Recommendations

After 2023 elections we strongly encourage City Council members to fill vacant seats so that all City of Dallas constituencies are represented.

Funding

The MLK Advisory Board recommended that there be an increase of \$50,000 in the budget for fiscal year 2022/2023 to allocate more funding towards programs and activities.

It is recommended that when events of the Center or City take place, the needs of board members with disabilities be considered in advance and communication regarding accommodation or assistance be made.

It is recommended that the MLK Board's HYBRID monthly meeting be returned to the center. This would allow for more convenient discourse with MLK partner organizations and community members. Regular monthly meetings at the center would provide

awareness of the condition and needs of MLK and increase visibility of board members other than an occasional event. It is requested that the city provide the AV equipment and or take whatever steps are necessary to comply with the Open Meetings Act.

Mission statement

To champion lifelong recreation and serve as responsible stewards of the city's parks, trails and open spaces

Vision Statement

A comprehensive system of parks, trails, open spaces and recreational facilities that sustains, inspires and invigorates

Jurisdiction/Authorization

The Park and Recreation Board is a quasi-legislative Board established by the Dallas City Charter, Chapter XVII.

In 1905, revisions to the City of Dallas Charter created a Park and Recreation Department to be administered by the Park and Recreation Director under the supervision of the Park and Recreation Board. The Board has fifteen members, the number equal to the number of members on the City Council. Each City Council member and the Mayor appoint a person to the Park Board. The Mayor appoints the Park Board President from among the confirmed Park Board members, subject to ratification by a majority of the City Council. The Park and Recreation Board members have jurisdiction over the control, management, and maintenance of the public parks of the city, with power to acquire, in the name of the city, land for park purposes.

Committees/Subcommittees

Administration and Finance Committee

This subcommittee is responsible for providing recommendations to the full board and oversight of items pertaining to the financial, administrative and policy-making functions of the Park and Recreation Department.

The committee consisted of:

- Robb Stewart, Chair
- Taylor Toynes, Co-Chair (October '21)
- Maria Hasbany, Co-Chair (January '22 September '22)
- Calvert Collins-Bratton
- Timothy W. Dickey
- Jeff Kitner
- Lorena Tule-Romain/Priscilla Rice
- Bo Slaughter

Planning and Design Committee

This subcommittee is responsible for providing recommendations to the full board and oversight of items pertaining to engineering, architectural, consultant and construction contracts, land acquisition, sale of park land, park development and master plans, development and inter-local agreements.

The committee consisted of:

- Jeff Kitner, Chair (October '21 – December '22)
- Lane Conner, Chair (January '22 – September '22)
- Fonya Mondell, Co-Chair
- Harrison Blair
- JR Huerta
- Rudy Karimi
- Taylor Toynes
- Daniel Wood

Ad Hoc Committees

Employee Hearing Tribunal

The Tribunal provides the final ruling for employees who appeal disciplinary actions which resulted in a demotion or discharge. There were no tribunal hearings in FY 2021-2022

Marketing and Sponsorship Committee

The Marketing and Sponsorship Committee provides guidance for staff to bring the Park and Recreation Department 'brand' out to the public and leverage support, both personal and monetary to help sustain the department.

Accomplishments

- Established committee goals
- Reviewed Park and Recreation Board Policy: Sponsorship and Marketing Revenue (No. 7 06-17-2004) for potential revision
- Approved PKR Sponsorship RFCSP for increased revenue opportunities

Director's Performance Review Committee

The Director's Performance Review Committee is responsible for reviewing the annual performance of the Director as leader of the department and providing a recommendation to the full Board. This committee is made up of the Board as a whole and meets during a regular board meeting to deliberate on the Director's performance appraisal.

Summary of Accomplishments

Dallas Park and Recreation Department Priorities

Environmental Initiatives

Promoted green programming opportunities through community engagement with Adopt-a-Prairie programs, Branching Out and BioBlitz events

Memorandum

CITY OF DALLAS

DATE July 1, 2022

TO Honorable Mayor and Members of the City Council

SUBJECT **Redistricting Commission Annual Report FY 2021 - 2022**

In accordance with Section 8-1.1 of, Chapter 8, "Boards and Commissions," of the Dallas City Code, please accept this report of the Redistricting Commission's activities for the October 1, 2021 – September 30, 2022 fiscal year.

As required by the City Charter, the 2021 Redistricting Commission was fully appointed by the City Council in October 2021 and began its work in earnest.

This report details the Redistricting Commission's endeavors and accomplishments that culminated with the approval of a recommended districting plan, that was submitted to the mayor, as required by the Charter, on May 16, 2022.

On behalf of the entire Redistricting Commission, we would like to thank you for your continued support, commitment, and the opportunity to serve on this distinguished commission.

Sincerely,

A handwritten signature in black ink, appearing to read "Jesse Oliver".

Jurisdiction / Authorization:

Mandated by the Dallas City Charter, the 2021 City Council Redistricting Plan is the culmination of the redistricting process or the redrawing of City Council district lines from which Council Members are elected. Redistricting usually takes place every 10 years after each U.S. Census and affects all jurisdictions that use districts including state legislative and congressional districts, county commissions, city councils, and school boards.

Upon the release of the 2020 census data, governing boards of local government bodies reviewed population changes and determined if districts were imbalanced. Out-of-balance electoral districts required the local government to rebalance the population among the districts.

As required by the City Charter, the City Council appointed a 15-member Redistricting Commission to develop the districting plan based on the latest decennial counts in compliance with the City Charter and federal law. Upon completion of its work, the Redistricting Commission filed the recommended districting plan with the mayor on May 16, 2022 for presentation to the City Council on May 18, 2022. The Council had 45 days after the districting plan was submitted to the mayor to adopt, or modify and adopt, a new districting plan. Any modification required approval by three-fourths of the City Council. If final action was not taken by the City Council within 45 days, the Redistricting Commission plan would become final. On June 27, 2022, the City Council modified the Redistricting Commission's recommended districting plan and adopted that modified plan by a vote of 14-0.

2021 DALLAS CITY REDISTRICTING

REDISTRICTING COMMISSION ANNUAL REPORT / FY 2021 – 2022 October 1, 2021 – September 30, 2022

The new districting plan will be implemented at the next general election of the City Council, currently projected for May 6, 2023.

Accomplishments:

- Held Redistricting Commission orientation on September 13, 2021.
- Held first official public meeting on October 6, 2021 and voted to meet biweekly through December 2021.
- Approved the 2022 meeting schedule, beginning January 2022 through May 2022, on November 8, 2021.
- Approved operational redistricting guidelines, plan criteria, and timeline on November 22, 2021.
- Held first of eight town hall public hearings on December 11, 2021.
- Began final plan selection process on April 25, 2022 and selected two plans for final consideration.
- Held final public hearing on May 7, 2022.
- Selected final recommended districting plan on May 10, 2022.
- Submitted final recommended districting plan to the mayor on May 16, 2022.
- Briefed the City Council on the final recommended districting plan on May 18, 2022.

PUBLIC PARTICIPATION

Community involvement and participation was critical to the success of the Redistricting Commission.

- 223 plans created through the Redistricting Commission’s public website using “Districtr” map creation software.
- 44 plans submitted by the public for the Redistricting Commission’s consideration.
- 32 plans met the Redistricting Commission’s criteria.
- 17 plans advanced for further consideration.

Public Meetings

The Commission encouraged residents to attend public meetings and offer public comment. Residents were given an option to attend meetings virtually and in person, following all pandemic health protocols. Six of the eight town halls were held at recreation centers throughout the city, allowing residents to participate in-person within their communities.

COMMUNICATIONS & OUTREACH

The Office of Government Affairs (OGA) worked with Communications Outreach and Marketing (COM) to create a multicultural advertising campaign, promoting the redistricting process with these calls to action:

- Create and submit your own maps at DallasRedistricting.com
- Attend a regular public meeting and sign up to offer public comment
- Attend a town hall within your community at a local recreation center and sign up to offer public comment
- Communicate directly with your Redistricting Commissioner via email. (OGA created emails for each Commissioner and posted them on the website)
- Offer feedback by calling the redistricting hotline at (214) 671-5197 for those residents without internet access

Public Relations

Together with COM, OGA garnered dozens of earned media mentions on the redistricting process using the following communication tactics:

- Social media
- Text Alerts
- Public Service Announcements– Staff created a social media campaign, promoting these PSAs featuring Commissioners and their constituents, encouraging residents to get involved.
- Eblasts
- Blogs
- In-kind outdoor advertising & Waterbill Inserts

Multicultural Advertising

Staff invested \$26K in a multicultural advertising campaign to ensure all residents heard about the process and were encouraged to participate.

Language Access

All redistricting collateral were fully bilingual, offered in English and Spanish. Spanish and American Sign Language (ASL) interpreters were available during open meetings.

Digital

Residents were encouraged to visit DallasRedistricting.com for the very latest information on the redistricting process and ways to get engaged, including submitting their very own map. From October 2021 to May 2022 the Commission received over 38,900 visitors to the website, with approximately 238 daily visitors.

Bridging the Digital Divide

A bilingual redistricting hotline was established in October 2021 for those residents who didn't have digital access who were unable to participate.

2021 REDISTRICTING GUIDELINES

The Redistricting Commission adopted the following guidelines on November 22, 2021 and applied them as consistently as possible and to the greatest extent possible, in the drawing of city council district boundaries that are in the best interests of the residents of the City of Dallas. The Redistricting Commission acknowledges, however, that on some occasions these redistricting guidelines may conflict with one another.

A. The following guidelines regarding Population Equality, Minority Representation, Contiguity and Compactness, Incumbents, and Communities of Interest shall be applied as required by the United States Constitution, the Voting Rights Act, and other federal and state laws.

1. Population Equality

The districts shall be substantially equal in population according to the total population count as presented in the census data, except where deviation is required to comply with federal law or is allowable by law.

The total deviation between the largest and the smallest district must be as small as possible but should be less than 10%.

Minor population deviations may be allowed if they are necessary to achieve a good faith, legitimate objective, such as:

- Preserving the voting strength of minority populations in compliance with the Voting Rights Act
- Making the districts compact

2021 DALLAS CITY REDISTRICTING

REDISTRICTING COMMISSION ANNUAL REPORT / FY 2021 – 2022 October 1, 2021 – September 30, 2022

- Maintaining communities of interest in a single district and avoiding splitting neighborhoods
- Using public school attendance boundaries as defined by the independent school districts in the City of Dallas to assist in defining neighborhoods
- Preserving the cores of existing districts as permitted by case law, meaning to recognize the traditional geographic, economic, cultural, or social center of an existing district as supported by public testimony
- Following easily identifiable geographic boundaries and other unique geographical configurations

2. Minority Representation

In addition to the requirements of federal law, there shall be no discrimination on the basis of race, color, or membership in a language minority group, and the voting strength of racial, ethnic, and language minorities in the districts shall not be diluted to deprive minority voters of an equal opportunity to elect a candidate of their choice.

Race, ethnicity, and language minority consideration cannot be the predominant factor to which other districting legal principles are subordinated.

The reconfiguration of districts may not create a retrogression of the rights of minority voters to elect a candidate of their choice.

A majority minority district may be created to provide fair representation to the members of racial, ethnic, and language minority populations where compelling justification requires such a district as determined by the following factors:

2021 DALLAS CITY REDISTRICTING

REDISTRICTING COMMISSION ANNUAL REPORT / FY 2021 – 2022 October 1, 2021 – September 30, 2022

- A reasonably compact district can be drawn in compliance with the other redistricting guidelines in which voters of the minority group constitute a majority of the electorate and will increase the probability that members of the minority will be elected
- The minority community is politically cohesive and usually votes together
- Other voters in the area generally vote as a bloc to successfully defeat the minority community's preferred candidates.

3. Contiguity and Compactness

The districts shall be geographically compact, to the extent possible, and composed of contiguous territory.

Compactness and contiguity involve both a functional and a geographic aspect and are defined by case law to include factors such as:

- Contiguity: No part of the district should be geographically separated from any other part of the district
- Compactness: A district is generally considered reasonably compact if it has a fairly regular geometric shape (circle, square, hexagon) with constituents all living relatively near to each other and having minimum distances between all parts of a constituency.

4. Incumbents

The reconfiguration of districts shall be neutral as to incumbents or potential candidates.

2021 DALLAS CITY REDISTRICTING

REDISTRICTING COMMISSION
ANNUAL REPORT / FY 2021 – 2022
October 1, 2021 – September 30, 2022

5. Communities of Interest

Communities of interest shall be placed in a single district and attempts should be made to avoid splitting neighborhoods, where possible without violating the other requirements.

“Neighborhoods” and “Communities of Interest” may be defined by:

- Geographically compact areas where there are people who share clearly recognizable similarities of social, political, cultural, ethnic, religious, or economic interests.
- Homeowner associations, neighborhood associations, crime watch groups and preservation/historic districts
- The existence of shared interests, including a history and tradition of working together and relating to each other
- The use of public-school attendance boundaries as defined by the independent school districts in the City of Dallas
- Boundaries that facilitate communications between constituents and their elected representatives
- Easily identifiable geographic boundaries such as highways, major thoroughfares, and natural waterways.

DALLAS CITY CHARTER

CHAPTER IV. ELECTIONS AND REFERENDUMS

SEC. 5. DISTRICTS AND REDISTRICTING.

(a) The city shall be divided into 14 districts, known as Districts 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, and 14.

(b) Redistricting commission.

(1) Not later than 30 days after the city council is briefed on the federal decennial census taken in the prior year, each member of the city council shall appoint one member of the redistricting commission. The mayor shall designate the chair of the redistricting commission, subject to confirmation by a majority of the city council. In making such appointments, the city council and the mayor shall, as nearly as may be practicable, provide fair and balanced representation of all geographical areas of the city in the redistricting process and provide a total membership that reflects the racial and ethnic makeup of the city's population. Members of the redistricting commission shall be appointed to serve a term that will end upon completion of the redistricting commission's work.

(2) Persons appointed to the redistricting commission must be registered to vote and meet the qualifications for service on a city commission. A member of the city council is not eligible for appointment to the redistricting commission. A member of the redistricting commission is not eligible to be a candidate for a place on the city council in the next succeeding general election of the city, and may not be appointed or elected to the city council or to any other official board or commission of the city for a period of one year after service on the redistricting commission.

(3) The redistricting commission shall draw the districts in compliance with the following guidelines:

2021 DALLAS CITY REDISTRICTING

REDISTRICTING COMMISSION ANNUAL REPORT / FY 2021 – 2022 October 1, 2021 – September 30, 2022

(A) The districts shall be substantially equal in population according to the total population count as presented in the census data, except where deviation is required to comply with federal law or is allowable by law.

(B) In addition to the requirements of federal law, there shall be no discrimination on the basis of race, color, or membership in a language minority group, and the voting strength of racial, ethnic, and language minorities in the districts shall not be diluted to deprive minority voters of an equal opportunity to elect a candidate of their choice.

(C) The districts shall be geographically compact, to the extent possible, and composed of contiguous territory.

(D) The reconfiguration of districts shall be neutral as to incumbents or potential candidates.

(E) Communities of interest shall be placed in a single district and attempts should be made to avoid splitting neighborhoods, where possible without violating the other requirements.

(F) The redistricting commission may adopt any other requirements of federal or state law.

(4) The redistricting commission shall promptly convene in such sessions as are necessary, including public hearings, to develop, prepare, and recommend a districting plan that proposes the respective boundaries of the various districts comprising the city council under this Charter.

(5) City council members may not have contact, directly or indirectly, with a redistricting commission member, or with redistricting commission staff, with respect to redistricting, except by testimony in an open meeting. Redistricting commission members may not engage in any discussions, directly or

2021 DALLAS CITY REDISTRICTING

REDISTRICTING COMMISSION ANNUAL REPORT / FY 2021 – 2022 October 1, 2021 – September 30, 2022

indirectly, regarding redistricting or the work of the redistricting commission with city council members, except during an open meeting or by written communication given to the entire redistricting commission. If a redistricting commission member engages in a prohibited discussion or violates the Texas Open Meetings Act, the redistricting commission may, by majority vote, remove the commissioner from the redistricting commission.

(6) Upon completion of its work, the redistricting commission shall file its recommended districting plan with the mayor. The mayor shall present the recommended plan to the city council at its next meeting. The city council shall adopt the plan as submitted or shall modify and adopt the plan, in either case within 45 days of receipt by the mayor. Any modification or change to the plan must be made in open session at a city council meeting, with a written explanation of the need for the modification or change and a copy of the proposed map with the modification or change made available to the public 72 hours before a vote, and the proposed plan must be approved by a vote of three-fourths of the members of the city council. If final action is not taken by the city council within 45 days after the plan was presented to the mayor, then the recommended plan of the redistricting commission will become the final districting plan for the city.

(7) The districting plan developed in accordance with this section must be implemented at the next general election of the city council conducted at least 90 days following the date the final districting plan becomes effective for the city.

Memorandum

Date: January 30, 2023

To: Honorable Mayor and Members of the City Council

Subject: **2022 Senior Affairs Commission Annual Report**

Attached is the Annual Report for calendar year 2022 for the Senior Affairs Commission, as required by Chapter 8 of the Dallas City Code.

The members of the Senior Affairs Commission have been pleased to be of service to the City for the past year. As noted in the report, the Commission has made great strides in developing a demographic profile of senior citizens in Dallas and we hope it will be used to better serve this important segment of our population. Thank you for providing each of us with the opportunity to serve.

Regards,

SENIOR AFFAIRS COMMISSION 2022 ANNUAL REPORT

MISSION

The mission and purpose of the Senior Affairs Commission is set forth in the Dallas City Code. The Commission is an advisory body to the Mayor, City Council and City Manager and is authorized to:

- Recommend the role of the City of Dallas and the Commission in ensuring the provision of services to the elderly
- Advise the City Council, as requested, on elderly issues
- Provide access for citizen comment on elderly issues
- Assist the city in the identification of programs for the elderly that are needed in the community
- Perform other duties assigned by the City Council

CHANGING APPROACH TO THE MISSION

Historically, the Senior Affairs Commission has attempted to fulfill its mission by gathering information and identifying problems confronting senior citizens in each of the City Council Districts, discussing the issues at monthly Commission meetings and making recommendations to City Council on ways to address them. Many of the senior programs and services that are funded by the City of Dallas have been in response to these recommendations.

Older people are not on most people's radar screen, and in the absence of data they will remain invisible. For example, the City of Dallas has set forth eight strategic priorities for the city and has a Dallas 365 Dashboard with 35 performance measures. There are no metrics that are specifically focused on senior citizens or their unique problems. In contrast, homeless solutions are called out in one of the eight goals and in the performance metrics. There are approximately 4,400 homeless people in the city and no one disputes that this problem needs attention and should be a priority. At the same time, there are nearly 30,000 Dallas citizens over the age of 60 who are living below the federal poverty level, but their problems and issues have little or no visibility among the public at large.

While anecdotal evidence is an important way to identify issues, it is critical to have good data in order to quantify the scope of problems, develop strategic approaches toward potential solutions and measure progress. Unless recommendations from the Senior Affairs Commission are supported by credible data that clearly demonstrates the significance of senior issues and needs in the City of Dallas, the Dallas City Council is unlikely to adequately respond.

After discussions with several governmental and not-for-profit agencies that serve senior citizens in Dallas, it became clear that no readily available senior data base existed. Early in 2022, the Senior Affairs Commission requested assistance from the City's Office of Data Analytics and Business Intelligence to initiate a Senior Data Project.

SENIOR DATA PROJECT

The goal of the Senior Data Project is to create a dynamic and interactive tool that will be readily available to all city departments, to the Mayor and City Council Members, The Senior Affairs Commissioners, governmental and non-profit agencies that serve seniors and to the general public. The tool will be known as the **2019 Senior Demographic Data Application** and will be available early in 2023. It also has a mapping feature that allows data to be presented graphically so users can visually show concentrations of population, poverty, other demographic breakdowns as well as access to resources.

The initial phase of the project was to collect senior demographic data from the U.S. Census Bureau for the City of Dallas by census tract. This allows for the segmentation of data by City Council Districts. Since the 2020 census data is being released in phases, the most recent comprehensive data set was the U.S. Census Bureau 2019 American Community Survey and this

has been used for the initial profile of the Dallas Senior Population. In addition to census data, senior home appraisal data from the Dallas, Collin and Denton County Appraisal Districts has been acquired for each census tract. Other information includes crime statistics from the Dallas Police Department and the location of Dallas County Senior Centers, and additional data will be added as it becomes available.

The first output from the project is an infographic presentation of the ***Profile of Dallas Senior Population*** which presents key facts on a city-wide basis and by City Council Districts. **This package is presented as Appendix I to this report.** This infographic provides City Council Members and Senior Affairs Commissioners with a ready reference for key facts about the senior population in their own districts as well as the city as a whole.

Early in 2023, a link will be released to provide access to the full ***2019 Senior Demographic Data Application*** which will allow users to delve into the detailed data at the census tract level and identify Hot spots” throughout the city where needs and issues are the greatest. The model will be updated in mid-2023 to reflect the new Council District boundaries and the newly released 2021 American Community Survey (ACS) data.

The next phase of the Senior Data Project will be to initiate a formal survey process to identify the most significant issues confronting seniors and attempt to actually quantify the size and scope of problems that need to be addressed.

PROFILE OF THE DALLAS SENIOR POPULATION

The fastest growing segment of the Dallas population are residents aged 65 and older. In 2019, our senior population (age 65 and older) was 142,596 or 10.3% of the total population. Between 2014 and 2019, **our senior population grew by 19.1%, accounting for 23% of the City’s total growth.** This rapid growth in the senior population is guaranteed to continue since there were 67,600 residents between the ages of 60 and 64 who will be feeding this high rate of growth.

Simply based on population growth, the need for social services or assistance directed at the challenges and problems affecting our seniors has grown by at least 20%. When the impact of Covid-19 pandemic, inflation and the economy is factored in to the equation, it is quite clear that the current safety net available for Dallas senior citizens is inadequate to properly serve critical needs and the future needs will be even greater.

The senior population is widely distributed across all City Council Districts and concentrations range from a high of 16.4% of total population in District 13 to a low of 7.0% in District 6. District 9 is the home for the greatest number of seniors in any district.

While it is virtually impossible to create a profile of a “typical” Dallas Senior Citizen, it is possible to look at demographic characteristics and identify the size of at-risk populations throughout the city. The following highlights characterize the profile of the city-wide senior population in Dallas. Please refer to Appendix I to review these characteristics for every City Council District.

- One out of ten Dallas residents are aged 65 or older.
- 57% of the senior population are females and this percentage increases to 65% in the 85 or older age bracket.
- The city-wide racial makeup of Dallas seniors is approximately 50% White, 26% Black and 18% Hispanic. These percentages vary significantly by Council district.
- Nearly a third of all Dallas seniors live alone, and are at higher risk of social isolation and difficulty accessing food, medicine and medical resources. There are 43,510 Dallas seniors living alone, and they must depend on family, friends or neighbors for socialization and help with routine needs.

- About 20% of all Dallas seniors are living with 2 or more disabilities. As people age, disabilities increasingly impact mobility and transportation issues.
- The median household income for seniors 65+ is \$49,600 compared to the overall city-wide median of \$62,300.
- The number of Dallas seniors living in poverty increased by 11% between 2014 and 2019, while non-seniors living in poverty fell by 17%. There are over 29,000 Dallas residents aged 60 and older who are living below the federal poverty line (\$12,261 in 2019). Approximately 27% of these individuals are 75 or older.
- Seniors represent about 30% of home owners city-wide. There are 62,483 Senior Householders and the average appraised value of senior-owned homes was \$309,200 in 2020. Over 20,000 senior homeowners live in census tracts with a high poverty rate and assistance is needed for routine maintenance.
- The Dallas Police Department reported that 4,337 crimes were committed against senior citizens in 2020.

RESOURCES FOR DALLAS SENIORS

Dallas senior citizens benefit from a variety of targeted programs that are funded and administered through the federal, state, county and city levels of government and the generosity of private citizens through Dallas non-profit and volunteer organizations. It must be noted that nationally only one percent of philanthropic contributions go toward aging-related initiatives (according to the Silver Century Foundation) and seniors depend primarily on government funded programs for assistance.

The primary programs at the federal level are Social Security, Medicare, Medicaid and funding provided to states to implement federal Older Americans Act legislation. In Dallas, the Texas Department of Health and Human Services channels state and federal funding for seniors primarily to the Greater Dallas Community Council's Dallas Area Agency on Aging (DAAA) to serve seniors throughout Dallas County. City of Dallas residents who live in Collin and Denton Counties receive these services through the North Central Texas Area Aging on Aging. Services range from benefits counseling, minor home repair, medical transportation, food and other needs. The DAAA contracts with local non-profits and Dallas County to execute the delivery of some of these services. For example, they contract with Dallas County to execute the delivery of congregate meal services to seniors, which the county supplements with additional funding. The City of Dallas provides critical municipal services which benefit the senior population, as well as providing targeted programs for senior citizens.

The City's targeted programs are provided by City staff or by contract with other parties include:

- Office of Community Care / Senior Services Program
- DART Rider Assistance Program (RAP) / Senior Medical Transportation Program
- Senior Dental Health Care Program
- Senior Ombudsman Program
- Dallas Public Library Adult Services
- Park and Recreation Department / Active Senior Adult Programs (ASAP)
- Senior Training and Employment Program

In addition, in 2019, the Dallas City Council approved the Age Friendly Dallas Plan, which set forth several domains of importance to our aging population, including:

- Outdoor Spaces and buildings
- Transportation
- Housing
- Communications and Information
- Social Participation and Inclusion
- Civic Participation and employment
- Community Support and Health Services

The Senior Affairs Commission organized its committee structure around the domains that were set forth in Age Friendly Dallas Plan.

IMPACT OF THE COVID-19 PANDEMIC

The COVID-19 pandemic's adverse impact on the health and welfare of our senior population cannot be overstated. According to Dallas County Health and Human Services Statistics through November 2022, seniors over the age of 65 represent about 10% of the population but account for about one-third of hospitalizations and two-thirds of all Covid-19 deaths. Fortunately, over the past six months, there has been a dramatic decline in hospitalizations and deaths from Covid-19.

While the direct health threat may have receded, the pandemic's long-term impact on older citizens will continue for the foreseeable future. The fear and isolation related to Covid-19 lingers and mental health problems have been exacerbated. Many seniors have neglected routine health care needs during the pandemic. Most governmental and non-profit organizations that cater to the needs of senior citizens started to resume normal operations during 2022, but do not expect to reach pre-pandemic service volumes until 2023. There seems to be general consensus among providers that senior needs outstripped resources even before the pandemic. After nearly three years of scaled-back resources available to seniors, the needs are even greater and there are very few strategic initiatives in place to address the problems.

MAJOR ISSUES CONFRONTING DALLAS SENIORS

Like all Dallas residents, senior citizens are impacted by all of the major urban issues affecting our city and they benefit from the broad-based city programs and services that address these issues. Crime, poverty, affordable housing, food insecurity, access to health care and medical services, and transportation issues impact everyone, but these issues are compounded for the senior population.

Social Isolation

Over 43,000 Dallas seniors live alone and are particularly susceptible to social isolation, adversely impacting their quality of life and their physical and mental health. Currently, this issue is of even greater concern because most of the opportunities for socialization are still reduced from pre-pandemic levels and many senior citizens are unaware of what is available and how to access programs. This issue is compounded because many Blacks, Hispanics and other subgroups such as LGBTQ+ seniors distrust unknown people and organizations who are attempting to provide socialization opportunities. Lesbian, gay, bisexual and transgender (LGBTQ+) and older Black adults face heightened risks of social isolation, given decades of discrimination. These populations may feel very isolated from senior centers or other places where seniors go. Bullying is a big issue among older adults. When one adds that to prejudice, bias and lack of awareness, and a lot of seniors will not go to these places. There are a lot of barriers to accessing services for the LGBTQ+ and Black community that are exacerbated by aging. The commission needs to help focus on becoming more culturally responsive to the older LGBTQ+ community.

Poverty & Cost of Living

In Dallas there are about 30,000 seniors over the age of 60 who living at or below the 2019 federal poverty line of \$12,261. Most senior citizens live on a fixed income that may or may be supplemented by part time employment. Over 30% of seniors live alone and do not benefit from multiple incomes in their household. Even during the 2014 – 2019 period of minimal inflation, the number of Dallas seniors living below the poverty line grew by 11%. Currently the federal rate of inflation is reported at 8.4%, the highest rate of price increases in over 40 years. This has been driven by very large increases in rent, food prices and gas prices. Many seniors who were struggling to make ends meet are now in crisis mode.

Affordable Housing

The lack of affordable housing in Dallas is a wide-spread problem that is being exacerbated by an unprecedented increase in rental rates for apartments and rental homes. In May 2022 FOX 4 news reported that average rent for a one-bedroom apartment in Dallas has increased by 20% in the past year. In December 2022, The Dallas Morning News reported that shelter costs are up another 10.2% this year, the highest annual increase in the past forty years. For seniors who are living on a fixed

income, these increases make it virtually impossible to continue to live independently because the supply of less expensive apartments simply does not exist.

Affordability is also a serious issue for seniors who own their own homes. Even for seniors who no longer have a mortgage, large increases in property taxes, insurance, utilities and maintenance costs have been very difficult to absorb. Since there are limited housing alternatives, finding ways to keep seniors in their existing homes is especially important. Many seniors need assistance with minor and major home repairs in order to do this.

Food Insecurity

Food insecurity has become a significant issue for Dallas residents of all ages and the dramatic escalation in grocery store prices has compounded the problem, particularly for seniors living on a fixed income. The North Texas Food Bank and VNA's Meals on Wheels programs are seeing all-time record demand for their assistance. The lack of grocery stores in proximity to seniors living in low-income neighborhoods is also a major problem.

Mobility Issues and Transportation

Access to medical care, grocery stores and socialization opportunities is a very common issue for senior citizens. Nearly 10% of all Dallas households do not have a motor vehicle and must rely on family, friends or public transportation. Nearly 30,000 Dallas seniors report having two or more disabilities, and as people age, almost everyone has some sort of mobility issue, making it difficult to get to Dart bus stops. There are about 57,000 Dallas seniors aged 75 and older who are particularly vulnerable to transportation issues.

COMMISSION WORK DURING 2022

The Senior Affairs Commission conducted 11 monthly meetings (no meeting in July) in 2022. In accordance with City and State policies and regulations, all Commission meetings were conducted as HYBRID MEETINGS which only require the Chair to attend in person at City Hall. As the year progressed, some Commissioners have begun to attend the monthly meetings in person, but about two-thirds are still participating remotely. Because of COVID-19 restrictions, the full Senior Affairs Commission has not met in-person since February 2020.

Working remotely and conducting meetings by WEBEX has changed the dynamics of the Senior Affairs Commission and has made it more difficult to assess community needs and program effectiveness. The Commission's standing committees have been largely dormant throughout the year after the City Attorney's office determined that all committee meetings had to be posted and treated as public meetings. This required that Committee Chairs had to attend the

meetings in person at City Hall and it caused an undue burden on staff to manage the WEBEX public meetings. An effort has been made to make the monthly Commission meeting agendas more robust by inviting outside agencies to update the whole body.

Throughout 2022, the Commission's focus has been on monitoring efforts to restore and expand services to seniors as we emerge from the pandemic. At every meeting we receive an activity update from the Senior Services division of the Office of Community Care, which reports the number of seniors served under various contracted services as well as public interactions by the Senior Services Staff. In addition, the SAC receives regular updates from the Housing Department, Dallas Public Library System and Parks and Recreation Departments. All of these departments provide vital services to seniors and they are actively trying to restore pre-pandemic service levels and continue to offer virtual services to older citizens that were initiated when traditional services were suspended.

In addition, at our monthly meetings, the Commission invites senior managers from a wide variety of organizations serving seniors in the Dallas area to share their missions, services provided and their perspectives on the biggest problems facing the senior population. **A summary of the major briefings presented to the Commission during 2022 is included as Appendix II of this report.**

COMMISSION GOALS AND WORK FOR 2023

The Senior Affairs Commission hopes to return to in-person meetings in 2023. While hybrid meetings will continue to be offered until the State of Texas changes its TOMA requirements, all Senior Affairs Commissioners will be encouraged to attend all meetings in person. In anticipation of a more engaged membership, the Senior Affairs Commission has set forth the following goals and work plan for 2023:

- Re-populate all standing committees and organize regularly scheduled quarterly committee meetings.
- Finalize the **2019 Senior Demographic Data Application** and actively share it with the community and with service providers who work with older Dallas citizens.
- Work with the Data Analytics and Business Intelligence Department to create a new **2021 Senior Demographic Data Application** that will reflect the new City Council District Boundaries based on redistricting and the updated data contained in the newly released 2021 American Community Survey. Continue to seek out additional data sources than can enhance the interactive application.

- Develop a communications strategy to share the output from the Senior Demographic Data project and actively disseminate factual information about the senior population in every Council District.
- Organize a meeting of senior leadership from key organizations that serve Dallas seniors to share insights and information.
- Procure pro bono research assistance to explore the most common problems and issues that confront our senior population. We hope to be able to identify and quantify the biggest issues and determine if there are significant differences between Council Districts.
- Monitor the 2023 Texas legislative session to assess the potential impact on the senior population.
- Continue to monitor existing City services and programs for seniors. Assess the gaps between service volumes and the overall needs in the community.
- Challenge City staff to find ways to increase participation in the current programs being offered to seniors.
- Request briefings from a variety of non-city agencies and non-profits that focus on senior services. The goal is to have knowledge and an understanding of the range of senior services available in our community.
- Develop specific recommendations on how the City can improve and/or expand services to the LGBTQ senior community.
- Identify other community needs that are not being met through existing programs.

OBSERVATIONS AND RECOMMENDATIONS

There is a segment of the Dallas population that has the following characteristics:

- They represent about 1 out of every 7 Dallas citizens.
- It is the fastest growing segment of our city. Between 2014 and 2019 it grew by almost 20% and accounted for 23% of total population growth in Dallas. (The rest of the city grew 6.6% during this period.)
- These citizens own about 30% of all homes in the city.

- Nearly 30,000 of them live at or below the federal poverty line, and the percentage of them living in poverty has increased by 11% while the poverty rate for the rest of the city declined by 17%.
- Approximately 20% of them are living with 2 or more disabilities.

These significant attributes describe the senior population (Age 60+) who live in the City of Dallas. By any measure, it would be reasonable to expect the City to incorporate a group with this significance into its strategic planning, its goals and performance metrics, and assignment to senior management.

Seniors benefit from many of the routine services provided by numerous City departments in the ordinary course of business. In addition, there are targeted senior programs and resources not only through the Office of Community Care, but through numerous city departments including Libraries, Parks and Recreation, Housing, Police and Fire Departments and others. There is no doubt that the various services and programs that the City of Dallas provides are very valuable to the seniors who get served. But the number of seniors served is a very small fraction of the total senior population.

The Senior Affairs Commission recommends that the City place more focus on the senior population. The Commission believes that the following steps would greatly improve the effectiveness of the City's efforts to serve seniors;

- Assign a single City executive responsibility for assessing needs, coordinating the City's response to those needs, communicating available resources to senior citizens, and evaluating the efficacy of the programs offered.
- Create a dedicated position to develop and execute communications strategies to inform the senior community about programs that exist and help increase utilization of resources offered by the city.
- Make senior citizen issues a strategic priority and develop meaningful performance measures to evaluate progress.

APPENDIX II

**CITY OF DALLAS
SENIOR AFFAIRS COMMISSION**

**SPECIAL MONTHLY BRIEFING
SUMMARIES
JANUARY – DECEMBER 2022**

January 24, 2022

Stacey Malcolmson, CEO of The Senior Source briefed the Commission on their post pandemic programing and the long-term effects the pandemic had on Dallas seniors. Highlights include:

- The Senior Ombudsman Program, which receives supplemental funding from the City of Dallas, has been restored to its pre-pandemic schedule of visits to long term care facilities, after being banned from on-site visits for 18 months during the height of the pandemic. Ongoing problems of isolation, infection control, staffing shortages and poor treatment of residents have been exacerbated by the pandemic and the program is now being re-introduced to facilities.
- The Elder Financial Safety Center (EFSC) provides financial assistance, fraud and scams help and employment services to seniors. During the Covid-19 lockdown, there was 67% increase in fraud and scams activity (2021 over 2020).
- There is a huge disparity between staffing and caseload for Adult Protective Services (510 caseworkers) versus Child Protective Services (9200 caseworkers) in Texas. The caseload for adult protective services is 23 cases per worker compared to 18 cases per worker for child protective services.
- There has been a significant increase in stress and isolation for the senior population. This was caused by government restrictions during the height of the pandemic and by fear of re-engaging as we enter the post-pandemic era. This has impacted the population at large and also the availability of volunteers whose role has been to help mitigate elder isolation through the Friendly Visitor program and generally through volunteer engagement.

February 28, 2022

Katherine Krause, CEO of the Visiting Nurse Association (VNA) provided an overview their organization and highlighted their challenges and successes as they emerge from the pandemic. Highlights include:

- VNA offers support for seniors through two major programs: Meals on Wheels and Hospice Care Services. They have strong marketplace partnerships with all of the major healthcare organizations in Dallas.
- The Covid-19 pandemic had a significant impact on the VNA programs. Volunteerism for the Meals on Wheels program came to an abrupt halt and their modified program had to be serviced by employees. As Dallas emerges from the pandemic, the need for meals

has continued to increase, volunteerism has come back strong and the Meals on Wheels program now delivers food to approximately 4,500 people per day. The needs exceed the current ability to provide the service to all who need it.

- The Meals on Wheels Program has been enhanced to include much more than the simple delivery of meals. The program also delivers box fans, space heaters and incontinent supplies and they now deliver pet food to approximately 400 clients each week. They have developed an Adopt a Senior program that enlists volunteers to provide extra support beyond meal delivery had helps mitigate the isolation that impact many of their clients.
- VNA has also begun screening Meals on Wheels clients for clinical needs and referring those in need to various healthcare providers with whom they have partnered.
- The top three challenges for seniors served by VNA are: inability to prepare meals, financial security and lack of transportation. Senior needs have been exacerbated by the continuing effects of the pandemic and by significant growth in the senior population. VNA expects the population of seniors aged 65+ in Dallas County to increase to about 670,000 people by the year 2050 and service providers will need to dramatically increase capacity to keep up with demand.
- Krause encouraged all Commissioners to invite their City Council Person to go out on a Meals on Wheels route. The best way to understand the community need is to see it first-hand.

March 28, 2022

Donna Alexander, Director and Erica Lester, Manager of Access and Assistance Programs for the Dallas Area Agency on Aging (DAAA) provided an overview their organization and the primary resources they provide to Dallas seniors.

The Dallas Area Agency on Aging is a department under the umbrella of the Community Council of Greater Dallas and is responsible for planning, advocating, coordinating resources and providing services to seniors aged 60 and older. The DAAA is part of a national network that is administered by the Federal Administration on aging and is funded under the Older Americans Act. Its funding is passed through the Texas Department of Aging and Disability Services and distributed to area and local agencies to ensure the needs of seniors are met through the provision of nutrition and other community services.

The DAAA is engaged in an array of services for residents of Dallas County who are aged 60 and over. These include:

- Care Coordination/Caregiver Support. This encompasses a wide range of support services to caregivers and to clients, ranging from providing supplies, minor home repairs, legal services, transportation assistance and respite care for caregivers. In 2021, minor home repairs were completed at 754 homes.
- Aging Information Office and Referral Line (1-888-223-9509). DAAA fielded over 26,000 calls in 2021 and evaluated needs, matched callers to appropriate community services and followed up with callers to make sure that problems were resolved.
- Benefits Counseling. Provided counseling to seniors on issues regarding Social Security, Medicare, Disability and Legal advice. Over 500 clients were served last year.
- Community Wellness Workshops and Outreach Events. Approximately 1200 individuals completed workshops and almost 100 outreach events were sponsored in 2021.
- My Ride Dallas. Over 1,700 people were provided transportation to medical appointments, pharmacies and grocery stores.

April 25, 2022

Robert Munoz, Manager of the Dallas Police Department's Office of Community Affairs briefed the Commission on a number of initiatives and routine programs that are targeted toward senior citizens in Dallas.

- The Elder Fraud Squad was formed in 2021 to create a dedicated unit to conduct primary investigations of financially motivated offenses against victims age 65 and older. The direct phone number for the Elder Fraud Unit is (469) 816-1878 and seniors are encouraged to call to report attempted scams. The unit also provides educational material on how to help "Stop the Scam".
- The Family Violence Unit is responsible for investigating Elder Abuse. This includes improper use of elder's funds, assets or property, use of medications or restraints to punish seniors, isolating seniors from friends, family and normal activities, and failure to provide life necessities.
- DPD stresses the importance of calling 9-1-1 to report suspicious situations and criminal activity. Seniors are important participants in the "See Something-Say Something campaigns." If they don't report things, the police will not know about trending problems and hot spots.

- There are numerous volunteer opportunities to help the police and seniors make up half of the current volunteer cadre.
- Current crime statistics by Council District were shared with the commission and a commitment was made to update the information on a regular basis. The most common crimes impacting seniors are identity theft, purse snatching and home invasions.
- Robert Munoz shared his work cell phone (214)-458-7807 and email address Robert.munoz@dallascityhall.com and encouraged Commissioners to call him with questions or concerns.

Diane Jones, Associate Executive Director of Achieve briefed the Commission on the Achieve Senior Employment Program, which is funded through a contract with the Senior Services department of the City of Dallas Office of Community Care.

Achieve has been serving the greater Dallas area since 1951 and has been providing workforce development services for 40 years. Their target audience has historically been people with disabilities, veterans and youth in transition and people living in poverty. About one-third of the people being served are over 60 years of age. The City of Dallas Partnership provides free employment assistance to Dallas residents over the age of 60 who meet low-income guidelines. Services include job readiness training, job placement assistance, case management, bus passes, forklift training and job retention and support activities.

May 23, 2022

Tracy King, Director of Operations for the Texas A&M Dental Program's Community Clinics provided an overview of the Dental Program and the current year patient volumes. The purpose and function of the community clinics are twofold: to improve access to dental care by providing free dental services to patients and to provide outstanding dental education in a public health setting.

There are two clinics serving the City of Dallas:

- The Dr. M.C. Cooper Dental Clinic located in South Dallas near the intersection of Scyene Road & Dolphin. This clinic has eight dental chairs and has a maximum capacity of 36-40 patients per day.
- The NDSM Dental Clinic at the North Dallas Shared Ministries facility on Merrell Road in northwest Dallas has six dental chairs and a maximum capacity of 20 patients per day.

The contract between the City and the Texas A&M Dental Program provides up to \$250,000 in annual funding at a rate of \$125 per patient visit to provide free dental services to seniors. Throughout the Covid-19 pandemic these services were sharply curtailed and most of the City funding was not utilized. However, in the fiscal year ended September 30, 2022 patient visits were up more than 50% and patient procedures more than doubled over fiscal year 2021. If current volumes continue, total budgeted support from the City of Dallas will be exhausted in fiscal 2023.

Felecia P. Foster, Sr. Outreach Specialist, Communications & Outreach and Clifton Gillespie, Assistant Director of Operations for the Department of Sanitation Services provided an overview of the department and clients served.

Sanitization communications, education, and outreach efforts were previously focused on waste reduction, diversion, and recycling programs. The new outreach team will be focused on customer outreach, specific to day-to-day service issues related to recycle, garbage collection, brush, and bulky item pick-up. Goal of new team is to enhance day-to-day communications related to service delivery, to provide a presence at community and neighborhood meetings, and to provide intensive case resolution assistance to managers, supervisors, partner departments and other entities. Ms. Foster stated that the outreach team communicates with citizens face-to-face, via Nextdoor, Facebook, Twitter, Instagram, and by placing inserts in customer bills several times per year.

Mr. Gillespie pointed out difference between a citation that code compliance issues for noncompliance and the collection fee that sanitation charges for oversize set-out. If set out early, code compliance may issue a citation. The outreach team will be available to assist with sanitation issues and may refer to code enforcement.

The Helping Hands Program is for residents who are not physically able to roll their carts to the curb. A doctor's statement is required and no able-bodied person in household. Sanitation Department offers a paid version of this program to all customers called a Pack-Out service for an additional monthly fee for brush and/or bulky trash collection. Customers can call 3- 1-1 to request this service.

Glenn Ayars, Outreach Manager, Department of Sanitation stated that the goal of the outreach team is to be accessible to provide outreach services, resources, and updated service information at events and to help senior citizens navigate city services. The outreach team is working on a resource service guide and a brochure for the Department of Sanitation. Senior citizens may contact the outreach team by email: SANOutreach@dallascityhall.com

June 27, 2022

Dr. Greg Morris, Senior Vice Provost, Dallas College briefed the Commission on the progress being made with the Dallas College Emeritus Program. This program is specifically designed to serve older adults in Dallas County and is offered free of charge to any resident aged 65 or older. Dallas College offers about 11,000 credit classes and Dallas seniors can take classes to simply explore areas of interest or to actually pursue a degree. The Emeritus program classes are custom designed specifically for seniors and even include fitness classes. **Grant Sisk, Senior Manager of Special Academic Programs** previewed the range of programs that will be available in the fall 2022 semester. They include technology, languages, arts, health and fitness. Dallas College is very interested in expanding the Emeritus programming in the southern sector of Dallas County and they would welcome assistance in making senior citizens aware of the free courses.

Dr. Brita Andercheck, Chief Data Officer and Director of the City's Office of Data Analytics and Business Intelligence briefed the Commission on the progress being made on the Senior Data Project.

July 2022

No Meeting

August 22, 2022

SAC Commissioner Portia Cantrell made a presentation entitled "LGBTQ Seniors in Dallas...Are Their Needs being Met?" The purpose of the presentation was to inform the Commission about some of the unique issues facing LGBTQ older adults and explain some of the reasons that they are less likely to access generic senior programming. A case was made for more City support for activities and programs that are targeted at the LGBTQ senior population.

Since the U.S. Census does not provide a breakdown of LGBTQ demographics, it is difficult to obtain definitive estimates of the size of the LGBTQ senior population in Dallas. Using UCLA School of Law and Centers for Disease Control & Prevention data, the LGBTQ population in the greater Dallas-Fort Worth metro area was estimated at 211,000 or about 3% of total population. If this ratio holds for the City of Dallas, there would be approximately 4,500 LGBTQ seniors in our community.

While younger LGBTQ people are living in a society that is more open-minded about LGBTQ lifestyles and accepting of gay marriage and family units, there is still hostility and discrimination in the community. LGBTQ elders over the age of 65 grew up in an era when it was dangerous and even illegal to live as an openly homosexual lifestyle. Until 1973 homosexuality was designated as a mental health disorder diagnosis by the American Psychiatric Association. Sodomy laws remained on the books in many states until, in a Texas case, the Supreme Court ruled them as unconstitutional in 2003. Even today there are no federal or Texas laws that provide the LGBTQ community protection from discrimination in housing, employment or public accommodations.

Seniors in the LGBTQ community are affected by the same issues that confront all older citizens of Dallas. Social isolation, poverty, food insecurity, affordable housing, access to healthcare and transportation problems are common. These issues are magnified in the LGBTQ community because of years of discrimination in employment and housing. Many of these seniors have little or no family support systems because strained relationships or outright rejection because of their sexual orientation. There is a hesitancy to participate in many mainstream senior programs and services out of fear of rejection by other participants.

The Senior Affairs Commission was encouraged to recognize the special challenges facing the LGBTQ senior community when recommending services and programs to the Dallas City Council.

September 19, 2022

Lynn McBee, who was appointed as Workforce Czar for City of Dallas in January 2022, briefed the Commission on Workforce Dallas. The goal of Workforce Dallas is to bring the services, training and jobs into the community using a holistic, hands-on, people-focused approach to workforce development. All Dallas residents are eligible for the program and the LGBTQ community is welcomed. The primary objective is to “up-skill” the working age population (ages 35-64) in Dallas by connecting low-wage workers with training and education resources to help them qualify for better paying employment opportunities. People who complete an Associate degree or a Bachelor’s degree will enjoy lifetime earnings that are 60% to 75% higher than those who only have a high school education. The program hopes to change lives, stabilize families and reduce generational poverty, and at the same time, helping to develop a better qualified work force in Dallas.

While the initial focus of Workforce Dallas was on younger members of the population, they have found that there are needs and opportunities for seniors who need to supplement their social security and other retirement income. Seniors can visit their website at www.workforcedallas.org to learn more about resources.

Stacie Grissom, Outreach Executive of Oak Street Health Services provided an overview of the organization and the services offered to seniors. Oak Street Health is a doctor's office that exclusively serves the Medicare population. They have nine locations in the Dallas-Fort Worth area, including facilities at two Walmart Stores. Transportation via Lyft is provided to their locations. A 40-minute welcome visit is offered to all new patients as an opportunity to meet their provider.

Daryl Quarles, Dallas Parks and Recreation Department and Shannon Adams, Dallas Public Library System briefed the Commission on the current status of senior programs in their respective departments. Both speakers recognize the significant role that their organizations play in providing socialization opportunities and targeted programming for Dallas seniors. While the libraries have not returned to pre-pandemic staffing levels and operating hours, significant progress has been made to restoring this resource for seniors. Parks and Recreation has restored programming and operating hours to most facilities but are still restricting group size for most activities.

October 24, 2022

Thor Erickson, Assistant Director of the Department of Neighborhood Revitalization for the City of Dallas presented a preliminary plan and asked for Commission feedback on a **New Senior Home Rehabilitation Program**. On September 21, 2022 the Dallas City Council allocated \$100,000 to address minor home repairs for senior citizens. Mr. Erickson outlined a proposed framework for the new program, which would be available to seniors over the age of 60 who have incomes below 80% of AMI. Grant size would be limited to a maximum of \$10,000. The Commissioners provided feedback regarding eligibility and prioritization for seniors with the greatest needs. Since the total available funding will only permit a small number of projects to be funded, the Commission encouraged the use of a lottery and a structure that could be evaluated as a prototype for a larger program if additional funding could be secured. If approved by the Housing and Homeless Solutions Committee and the City Council, the Senior Home Rehabilitation Program will be launched in March of 2023.

Jessica Galleshaw, Director of the Office of Community Care provided an overview of how the final approved FY 2023 City Budget aligned with the recommended funding priorities submitted to the Mayor, City Council and City Manager in August 2022. Most programmatic funding was maintained at prior year levels, but increased funding was provided for the Senior Ombudsman program, Minor Home Repairs, expanded staffing and operating hours for the Public Libraries and Parks and Recreation centers.

November 21, 2022

Mark Edwards, Program Administrator, Dallas County Older Adult Services briefed the Commission on the services provided to senior citizens who live in Dallas County. Primary funding for this program is provided through federal grants that are made to state agencies on aging under the 1965 Older Americans Act. Dallas County receives funding through the Dallas Area Agency on Aging to provide congregate meals to people aged 60 or older. Additional County funding is also provided to provide for the budget of Dallas County Older Adult Services (DCOAS). The program is designed to address food insecurity, social isolation, nutrition education and overall health and wellness among our older adults.

Working closely with a number of governmental (including the City of Dallas) and not-for-profit agencies, Dallas County provides congregate meals, social, fitness and cognitive activities at 19 Senior Center sites in underserved communities. 15 of these sites are located in the City of Dallas. The Older Adult Services Program operates 20 buses that provide transportation to and from participants' homes and most of the centers. Between 9AM and 11:30AM, Mondays through Fridays, Center Managers provide organized social interaction, fitness and cognitive activities for participants, and then provide meal service.

The Covid-19 pandemic caused normal programming and congregate meal service to be suspended in 2020 and 2021. During the pandemic DCOAS and their community partners looked for alternative and creative ways to continue services to older citizens. They served nearly 2400 seniors by distributing about 1,000,000 meals at pick-up sites and also distributed memory games and activities, hand sanitizers, masks, healthy snack and mental health kits. They also provided wellness calls. Starting in April 2022 DCOAS started the phased reopening of the Senior Centers and by the beginning of fiscal year 2023 most senior centers were fully operational. In 2023, they expect to serve approximately 2,000 congregate meals to seniors versus pre-pandemic volumes of 220,000 annual meals. The impact of the Covid-19 pandemic continues and DCOAS has seen increased social isolation, poor nutritional health, chronic diseases and anxiety/depression among the older people they serve.

December 12, 2022

Catherine Cuellar, Director of Communications, Outreach & Marketing for the City of Dallas briefed the Senior Affairs Commission on the City's strategy to communicate important information with its citizens. The Commission requested the briefing to better understand what resources are available to the various city departments that serve the older segments of the Dallas population. Over the past two years, the Commission has recommended that

additional funding be provided to coordinate the efforts of the numerous city departments that offer programs and services to the senior population.

Ms. Cuellar explained that the COM department is a resource available to all city departments to provide assistance with communications to the citizens of Dallas. The four divisions of the COM department are: Public Information, Language Access Center, Design, Brand & Visual Identity and Broadcast & Audio/Visual. It is important to recognize that the COM department is not staffed to conduct communications activities for all city activities. Ms. Cuellar noted that there are more communications staff in other city departments than there are with the COM department. The COM department is responsible for establishing brand standards and consistency across all departments and for providing tool kits that may be utilized by any city department.

The Senior Affairs Commission is interested in exploring this resource in greater depth, but it does not appear that the COM department is the overall solution to the problems associated with the lack of awareness of City programs and resources available to the city's senior population.

Dr. Brian Gardner, Chief Information Security Officer for the City of Dallas made a presentation about **Dallas Secure**, which is a free Mobile App that Dallas residents can download to their mobile devices to protect themselves from phishing, network and malicious app attacks. Dallas is the first Texas city to launch the program, which has been launched by the State of Michigan, New York City and Los Angeles.

APPENDIX III

CITY OF DALLAS SENIOR AFFAIRS COMMISSION RECOMMENDED FUNDING PRIORITIES FISCAL YEAR 2022-23

SENIOR AFFAIRS COMMISSION CITY OF DALLAS

AUGUST 25, 2022

FROM: J. Peter Kline, Chairman
TO: Mayor Eric Johnson, all City Council Members and the City Manager
SUBJECT: Recommended Funding Priorities for Senior Citizens

Attached is a copy of the Senior Affairs Commission's recommended funding priorities with regard to serving the Dallas senior population in FY 2022-23.

The fastest growing segment of the City of Dallas population are Senior Citizens. While total population grew by 7.4% between 2014 and 2019, the senior population over the age of 65 grew by almost 20 percent. The Covid-19 pandemic has had a disproportionate negative effect on the senior population, both from the disease itself and because most of the normal services provided for seniors were suspended or deeply curtailed during most of the past three years. The current inflationary economic trends are having a devastating impact on seniors who are living on fixed incomes. This year, the Senior Affairs Commission is working on a comprehensive needs analysis that will help us better define the nature and scope of critical issues that are facing Dallas seniors. The preliminary findings have helped form the basis of this year's recommended funding priorities.

This report was prepared by an Ad Hoc Committee on Funding Priorities. Members of the Ad Hoc Committee included Commissioners Kline D-13, Gart D-11, Jarvis D-5 and Roberts D-14. The report was reviewed and approved by the full Senior Affairs Commission at our August 22, 2022 regular meeting. We hope these priorities are included in the final adopted budget by the Mayor and Council. Thank you for your consideration and for the opportunity you have given us to serve the City.

**CITY OF DALLAS SENIOR AFFAIRS COMMISSION
RECOMMENDED FUNDING PRIORITIES
FISCAL YEARS 2022-23**

(Approved at the August 22, 2022 Meeting of the Senior Affairs Commission)

The Senior Affairs Commission (SAC) has prepared this report to advise the Dallas Mayor, City Council, and City Manager regarding funding priorities for Dallas' Senior population.

CURRENT CITY-FUNDED SENIOR PROGRAMS

The City has historically recognized the importance of senior citizens and over the years has dedicated funds to respond to specific problems and needs of the senior community. Currently funded senior programming occurs across several city departments and outside contractors including:

- Office of Community Care (OCC)
- Dallas Public Library System
- Parks and Recreation Department
- Home Repair Programs
- Senior Dental Health Program
- Senior Workforce Programs
- DART Rides Program
- Senior Ombudsman Program
- Targeted activities to seniors within the Police and Fire Departments

In addition, The City of Dallas adopted as a guide the Age Friendly Dallas Plan in May of 2019 which set forth goals for community accessibility by all age groups, with a particular focus on seniors. The areas of focus of this Plan included seven domains:

- Outdoor Spaces and Buildings
- Transportation
- Housing
- Social Participation & Inclusion
- Civic Participation & Employment
- Communications & Information
- Community Support & Health Services

The seniors who take advantage of these programs and services benefit greatly from them. But the actual program participation represents a very small penetration of the total senior

population in the City. **There needs to be a more effective communications strategy to make seniors aware of the existence of resources being provided by the City.** In general, senior programming has frequently evolved as a response to anecdotal identification of problems and needs, rather than a data driven definition of the size and scope of issues confronting seniors. The City should have a more strategic approach toward the identification of problems, the implementation of programs and the evaluation of their effectiveness.

DEMOGRAPHIC PROFILE OF THE DALLAS SENIOR POPULATION

There has been great excitement in Dallas over the past five years concerning the rapid growth in the City's population, employment base, corporate relocations and general economic conditions. All of this is very positive news for Dallas and its citizens, but very little analysis has been conducted about how our senior population has been impacted.

For the past six months, the SAC has been working with the City's Office of Data Analytics & Business Intelligence and the Office of Community Care to build a demographic profile of Dallas' Senior Population. The goal has been to develop a factual data base that can be used to identify problems, needs and opportunities confronting our senior population. The primary source for this data base is the U.S. Census Bureau American Community Survey which highlights the changes that have occurred in the five years ending in 2019. Some of the preliminary highlights of this analysis are as follows:

- Over 15% of the 1.37 million Dallas residents are senior citizens aged 60 and older; there are about 143,000 residents ages 65 and older.
- The fastest growing segment of the Dallas population are senior citizens. Since 2014, the senior population has grown by 18.7%, more than double the rate of growth for any other age group. The total Dallas population grew by 7.4% during this period.
- Based on the 2019 Census poverty threshold (\$12,261), nearly 14% of Dallas seniors were living in poverty. There were about 8,300 senior households with less than \$10,000 in income.
- While the non-senior residents living in poverty decreased by nearly 17% between 2014 and 2019, the number of seniors living in poverty increased by nearly 11%.
- Based on 2020 appraisal district data, senior citizens over the age of 65 represent about 30% of home owners city-wide, more than double their percentage of the population. Over 20,000 senior homeowners live in census tracts with a high poverty level.

This newly created Senior Demographics Model will continuously be updated with more current census data as it becomes available. In addition, the Office of Data Analytics and Business Intelligence has committed to work with the SAC to conduct targeted surveys to identify and define the greatest issues confronting our senior population throughout the City. The interactive mapping model makes it possible to pinpoint the greatest areas of need in every City Council District and develop action plans on how to have the biggest impact on senior issues.

MAJOR ISSUES CONFRONTING DALLAS SENIORS

Like all Dallas residents, senior citizens are impacted by all of the major urban issues affecting our city and they benefit from the broad-based city programs and services that address these issues. Crime, poverty, affordable housing, food insecurity, access to health care and medical services, and transportation issues impact everyone, but these issues are compounded for the senior population.

Covid-19

The COVID-19 pandemic has had a devastating impact on the senior population. The immediate health impact took a significantly greater toll on 65+ residents. While they represent about 10% of the population, they accounted for 30% of the hospitalizations and over 2/3 of the deaths from the disease according to Dallas County statistics. Even before the pandemic, social isolation was one of the biggest issues confronting seniors. Fear of contracting the disease led to even greater isolation, and routine medical care was interrupted, causing other health problems. In addition, most of the senior resources available from government agencies and non-profits were interrupted, scaled back or totally eliminated for most of 2020 and 2021.

Social Isolation

Older adults are particularly susceptible to social isolation, adversely impacting their quality of life and their physical and mental health. Currently, this issue is of even greater concern because most of the opportunities for socialization are still reduced from pre-pandemic levels and many senior citizens are unaware of what is available and how to access programs.

Poverty & Cost of Living

In Dallas there are about 30,000 seniors living at or below the federal poverty line. Most senior citizens live on a fixed income that may or may be supplemented by part time employment. Over 30% of seniors live alone and do not benefit from multiple incomes in their household. Even during the 2014 – 2019 period of minimal inflation, the number of Dallas seniors living below the poverty line grew by 11%. Currently the federal rate of inflation is reported at 8.6%, the highest rate of price increases in over 40 years. This has been driven by very large increases in rent, food prices and gas prices. Many seniors who were struggling to make ends meet are now in crisis mode.

Affordable Housing

The lack of affordable housing in Dallas is a wide-spread problem that is being exacerbated by an unprecedented increase in rental rates for apartments and rental homes. In May 2022 FOX 4 news reported that average rent for a one-bedroom apartment in Dallas has increased by 20% in the past year. For seniors who are living on a fixed income, these increases make it virtually impossible to continue to live independently because the supply of less expensive apartments simply does not exist.

Affordability is also a serious issue for seniors who own their own homes. Even for seniors who no longer have a mortgage, large increases in property taxes, insurance, utilities and maintenance costs have been very difficult to absorb. Since there are limited housing alternatives, finding ways to keep seniors in their existing homes is especially important. Many seniors need assistance with minor and major home repairs in order to do this.

Food Insecurity

Food insecurity has become a significant issue for Dallas residents of all ages and the dramatic escalation in grocery store prices has compounded the problem, particularly for seniors living on a fixed income. The North Texas Food Bank and VNA's Meals on Wheels programs are seeing all-time record demand for their assistance. The lack of grocery stores in proximity to seniors living in low-income neighborhoods is also a major problem.

Mobility Issues and Transportation

Access to medical care, grocery stores and socialization opportunities is a very common issue for senior citizens. Nearly 10% of all Dallas households do not have a motor vehicle and must rely on family, friends or public transportation. Nearly 30,000 Dallas seniors report having two or more disabilities, and as people age, almost everyone has some sort of mobility issue, making it difficult to get to Dart bus stops. There are about 57,000 Dallas seniors aged 75 and older who are particularly vulnerable to these difficulties.

FUNDING PRIORITIES FOR FISCAL YEAR 2022-23 AND BEYOND

Based on our work to develop a fact-based demographic profile of the senior population in Dallas, the SAC believes that the historical budget process has underestimated the critical needs of the fastest growing segment of the City's population. Funding has not kept up with population growth. The Covid-19 pandemic protocols have had a disproportionate adverse impact on seniors, both directly and indirectly. Resources, access to facilities and senior programming have been curtailed over the past few years. As the City emerges from the pandemic, additional resources will be required to help our seniors reestablish a suitable quality of life, and to expand senior programming throughout the city.

The SAC recommends the following funding priorities be incorporated into the 2022-33 budget process. The list is presented in rank of importance to the seniors in our community.

- **Communications Strategy and Staffing.** The City needs to develop a more effective way to communicate with our senior citizens and make them aware of the availability of senior services and programming. The SAC recommends that a full-time position be created to gather senior programming information from all city departments and create one central comprehensive information source for seniors. This person should also develop a strategic plan for the most effective ways to communicate with the senior community and how to best integrate information on senior programming that is provided by the non-profit community.
- **OCC Outreach, Information and Referral.** Continue full staffing and program support at pre-pandemic levels. Continue to look for innovative ways to publicize the Senior Help Line as an important resource for seniors who need assistance. Ramp up in-person outreach initiatives and continue to create new relationships and joint initiatives with other agencies that are focused on serving the senior communities. Specific focus should include non-profits who provide health care services and food assistance.
- **Food Insecurity Strategies.** The lingering effects of the pandemic and the current economic climate have stressed the capacity of non-profits that are addressing food insecurity in Dallas. The VNA's Meals-On-Wheels program is a highly utilized resource by the Senior community and is near capacity due to lack of sufficient funds. The City should provide limited financial assistance to the program in the current budget cycle and explore ways that additional funding could improve services to Dallas senior citizens in future years. The City should also investigate ways that the North Texas Food Bank could better support the senior community if funding were available.
- **Minor Home Repair Program (CDBG).** Over the past two years the Housing Department has simplified the application process for minor home repair assistance. While the pandemic effectively halted the program for a year, the Home Repair Program has been

restarted and a significant number of projects are now underway. Although the home repair programs are serving more people than ever before, the need for this assistance far outstrips the available funding. The SAC recommends doubling the funding for this program in the next budget cycle and provide funds from diverse sources including the General Funds in order to assist seniors to age in place in their own homes.

Senior DART Rides Program. Low utilization of the DART Rides Program is related more to the lack of awareness of the program's existence than a lack of need in the community. The continued recovery from the pandemic and the enhanced communications activities should significantly increase demand for transportation. As life returns to normal, demand for transportation is expected to increase and this program should be maintained to accommodate these needs.

- **Senior Dental Program.** This important service, provided by the City through a contract with Texas A&M, was disrupted during the pandemic and only emergency dental work was provided for several months. A new site has been opened to serve South Dallas more effectively and current year volumes are expected to consume full funding in the current budget. The SAC recommends continuation of this program and an increase of \$50,000 over the current year budget.
- **Library and Park and Recreation Programs.** The importance of our libraries and recreation centers as gathering places and sites for targeted senior programming has never been more apparent. Isolation and lack of socialization opportunities for seniors has taken a big toll. Additional funding for the development and conduct of senior programming at libraries and rec centers should be a top priority. A continuation of both in-person and online programs should be funded.
- **Senior Ombudsman Supplement.** The City contracts with the Senior Source to provide supplemental funding to enhance ombudsman services to residents in Dallas nursing homes and assisted living facilities. The Ombudsman program did a remarkable job of maintaining contact with residents and their families during the ban on personal visitation during the pandemic. Volumes are returning back to normal this fiscal year and may well increase as a result of post-pandemic regulations. The amount of this contract has not been increased in several years and the SAC recommends that current funding levels be increased to reflect the current inflationary environment and increased workloads.
- **Senior Training and Employment.** The current economic environment is causing many seniors to find part-time employment to supplement their fixed income retirement plans. After being suspended during the Covid-19 pandemic and a change of contractors, a new program has been initiated this year and is now being implemented. The SAC recommends the continuation of funding at current levels and the evaluation of the program as to its effectiveness.

- **Continued Covid Vaccination Support.** In order to maintain immunity levels and to protect against new variants of the Covid-19 virus, the senior population must have easy access to booster shots. We hope that the County and City will continue to work together to facilitate a timely and convenient availability of vaccination boosters for the senior population.
- **Sidewalk Plan.** The SAC supports continued funding for the implementation of the Master Sidewalk Plan to support sidewalk replacement throughout the city.

Boards and Commissions Annual Report

South Dallas Fair Park Opportunity Fund

February 1, 2023

Transmittal Letter

February 1, 2023

Dear Honorable Mayor and Members of the City Council,

I am pleased to transmit the South Dallas Fair Park Opportunity Fund Advisory Board Annual Report that summarizes the objectives and initiatives of the Board from January 1, 2022, through December 31, 2022. The attached report is submitted in accordance with Sec.8-1-1of the City of Dallas Code.

The South Dallas/Fair Park Opportunity Fund is appointed by the council in conformance with Dallas City Code 2-130 through 2-132., and administered by the Small Business Center.

During this transformational period, the South Dallas/Fair Park Opportunity Fund has been an essential catalyst for helping our small businesses and human service organizations ensure everyone has a fair shot in this new age for our City. As we strive to create jobs and improve the quality of life, the South Dallas/Fair Park Opportunity fund is committed to working with our community stakeholders and residents. Investing in our underserved communities is the only way to stake our claim for an equitable future as we boldly embrace the unbound potential that lies ahead.

Thank you, and we appreciate your continued support of the South Dallas/Fair Park Opportunity Fund.

South Dallas/Fair Park Opportunity Fund Purpose.....4

2022 in Review5

Outlook for 20237

South Dallas/Fair Park Opportunity Fund Purpose

The purpose of the South Dallas/Fair Park Opportunity Fund (the "Opportunity Fund") is to **provide loans and grants to promote economic development** and support human development initiatives in the neighborhoods surrounding Fair Park (2010 Census tracts 25, 27.01, 27.02, 34, 37, 38, 39.01, 39.02, 203, 40, and 115).

In 1989, the Council established a Fair Park Task Force to develop a strategy to invest funds generated by Fair Park into the surrounding community (CR 89-1159). Among other things, the Task Force recommended creation of an advisory board to oversee administration of the funds, and recommended annual funding from Fair Park activities, amphitheater tickets sales, general fund contributions, and other sources. The Task Force funding recommendations were adopted by CR-89-3605, and the advisory Board was codified in Dallas City Code Sections 2-130 through 2- 132. Pursuant to Ordinance No. 30905 approved on June 27, 2018, the name of the advisory Board was amended to the "South Dallas/Fair Park Opportunity Fund board" and therefore the funds the Board directs are referred to herein as the "South Dallas/Fair Park Opportunity Fund."

Economic development funding supports one or more of the following goals in the Service Area:

- i. Creation of jobs
- ii. Retention of jobs
- iii. Increase in Service Area tax base
- iv. Stimulate small business activity and growth

Human development funding supports one or more of the following goals in the Service Area:

- i. Increase workforce participation and readiness
- ii. Stimulate small business activity and growth
- iii. Improve health outcomes.
- iv. Improve public safety.
- v. Improve educational outcomes

2022 in Review

In many ways, 2022 served as a continuation of the initiatives I laid out as chairman in 2019. After thoroughly reviewing the fund's history, I laid out several objectives that focused on three central themes. Through the participation and commitment of your duly elected appointees and the administrative support of the Small Business Center, we made great strides in driving measurable success. Our central themes were as follows:

- How do we propel economic growth?
- How do we create more jobs?
- How do we help provide the resources and training necessary for our residents to occupy those jobs?

To tackle these challenges, the Board focused on three primary initiatives:

1) How do we improve the marketing and outreach of the Opportunity funds programs to enhance awareness for residents in those eligible census tracks?

Action: I'm happy to report that over the past year, in coordination with the Small Business Center, we hosted several informational sessions in various locations throughout the community. Each year the Board authorizes the release of a NOFA (Notice of Funding Availability) for the grant component of our fund. While attending an information session at the MLK Center hosted by SBC Director Joyce Williams and community leader Diane Ragsdale, I can attest to the excitement of our community as evidenced by the over 100+ participants who attended in a capacity crowd. We shared in their optimism as we also addressed their concerns. The Board's concrete actions resulted in an overwhelming application response leading to four human services grants in 2022. Finally, we authorized the recommendation for an annual funding increase from \$100,000 to \$200,000 to further expand our capabilities in servicing South Dallas/Fair Park residents.

2) How do we actively recruit businesses that will keep our communities safe and provide a pathway to create the jobs of tomorrow while serving the South Dallas/ Fair Park community?

Action: Working with various community stakeholders, we identified and recommended funding for *two economic development loans* totaling \$450,000 in 2022. **a) \$350,000 - Kingdom Legacy's MLK Wellness Center**, is a mixed-use project located at the corner of MLK Blvd and Meadow St. This location was the former home of the Dallas Weekly news. This project features a mixture of office space, a community fitness center, and a restaurant promoting a healthy lifestyle and diet choices. Second, **b) \$100,000 - DFW Dawg Life**, is a minority-owned Doggie Daycare business in the heart

of the South Dallas/Fair Park. This business provides a full-service outlet for the growing number of South Dallas/Fair Park pet owners, including express veterinarian services, boarding, and transportation services. DFW Dawg life also spearheads a program that removes stray dogs from our streets and promotes finding them a safe home addressing a concern we repeatedly hear from our residents relating to the safety of our streets and children.

3) How do we work to streamline City resources and training programs so that our applicants have easy access to the tools they need to succeed?

Action: As we explored ways to add value, we uncovered opportunities to streamline the application process while enhancing our educational offerings through increased engagement with our community partners and local stakeholders. The SBC organized several job training and educational sessions in collaboration with our partners to offer assistance in educating residents on a range of topics from "how to set up a business" to "how to complete a business plan and apply for assistance". We also learned that the City has several funding channels that could potentially be a fit for applicants as a part of the City's overall economic development strategy.

Outlook for 2023

For the first time in nearly a decade, the South Dallas/Fair Park Opportunity Board advanced funding for multiple Economic Development loans in the South Dallas/Fair Park service area. Although there is more work to be done, this is a step in the right direction. In 2023 the Board will continue to serve in its capacity of making funding recommendations for Economic Development loans and Human Development grants by working collaboratively with our partners and reporting to the City Manager and City Council as required. Building on the success of 2022, we will continue to explore ways to procure and increase our pipeline of eligible projects serving the South Dallas/Fair Park community.

Recognizing we could do more to help on the Human Services side, the Board took action by advancing (and receiving approval) to increase the annual Human Services funding from \$100,000 to \$200,000 to further expand our capabilities in servicing the residents of South Dallas/Fair Park. We will also explore increased flexibility by allowing any unawarded portion of the previous year's grant allocation to be carried over to the upcoming year's grant cycle.

To improve our marketing and outreach efforts, we will continue exploring ways to enhance our print, media, and digital presence while streamlining the application intake process. Anyone looking to tap into our City resources should have a clear sense of where to go and how to access any information related to their inquiry. In addition, we will continue working with our partners and community leaders to enhance our educational offerings, which will be a critical component of our success.

The progress we've experienced is a testament to the resolve of our Board and Administrative staff. The South Dallas/Fair Park Opportunity Fund remains committed to serving our residents and contributing to the revitalization of the South Dallas/Fair Park region now and in the future.

Thank you for your continued support of the South Dallas/Fair Park Opportunity Fund and its Advisory Board.

South Dallas/Fair Park Opportunity Fund Advisory Board

Memorandum

CITY OF DALLAS

DATE February 3, 2023

Honorable Members of the City Council Economic Development Committee: Tennell
TO Atkins (Chair), Carolyn King Arnold (Vice Chair), Adam McGough, Omar Narvaez, Jaime Resendez, Chad West, Gay Donnell Willis

SUBJECT **FY 2021-2022 Tax Increment Financing (TIF) District Annual Reports**

On February 22, 2023, the City Council will be asked to accept the FY 2021-2022 annual reports for the City's nineteen tax increment reinvestment zones (also known as Tax Increment Financing (TIF) districts) that were active during the fiscal year.

State law (Tax Increment Financing Act, Chapter 311.016 of the Tax Code) requires that the City submit an annual report on the status of each reinvestment zone it has created to the Chief Executive Officer of each taxing unit that levies taxes on real property in the zone as well as to the State Comptroller.

This memorandum contains a summary of activity in all twenty-one (21) TIF districts, including the State-Thomas TIF District (which sunsetted in 2008) and the Cityplace Area TIF District (which sunsetted in 2012). The impact of these two retired TIF districts is significant; therefore, data for these two retired TIF districts continue to be included in the annual report summary.

Growth in real property values compared to the base year of the TIF districts was strong. Overall taxable real property value in TIF districts increased 15% (\$3,263,509,540) from last year which was comparable to a 15% increase for the City as a whole. TIF districts with the largest percentage increases over last year include Mall Area Redevelopment (42.3%); Fort Worth Avenue (34.8%); University (31.3%); and Oak Cliff Gateway (30.2%).

Since the inception of each TIF district through 2022, the aggregated real property value growth in the TIF districts is 583.3%. For the seven (7) TIF districts created between 1988 and 1998, overall value has grown 693.3%. For the fourteen (14) TIF districts created after 2005, overall value has grown 537.6%. Among those TIF districts created after 2005 with the greatest real property value growth since inception are Cypress Waters (1,269,422.9%); Downtown Connection (1,059.5%); and Fort Worth Avenue (814.6%).

Since the inception of each TIF district through 2022, total TIF expenditures or allocations of \$1.47 billion have leveraged over \$24.2 billion in added or anticipated real property value in TIF districts. Each TIF dollar committed leverages \$16.45 in private investment not including increased sales tax, hotel/motel taxes, and business personal property taxes, nor does it include the taxes paid to the various taxing jurisdictions, including the Dallas Independent School District (DISD). Based on 2022 certified values, staff

estimates that over \$246 million in additional taxes will be paid in 2023 to DISD due to increased property values in Dallas TIF districts.

Notes: State-Thomas¹ and Cityplace Area² have expired and are no longer officially reporting.
 TIF districts with Zone A, B, C, etc. reflect original boundary (Zone A) plus accounts added with different base year (i.e. Zone B)
 Several TIF districts have been amended to add sub-districts that may have different base years.

Although most growth in new taxable value in TIF districts is captured to fund public improvement investments in those TIF districts, there has been some added benefit to the City’s general fund. TIF districts created since 2005 and some older TIF districts, as amended, have varied City participation during the term of the TIF district ranging from 55-90% of total new taxes, and some of those TIF districts have delayed tax increment collection in the initial years, allowing some new growth into the City’s general fund. Estimates for the current tax year 2022 (fiscal year 2022-2023) total tax increment are shown below and include both the estimated City contribution and any contributions from other participating taxing jurisdictions. Generally, for older TIF districts, there was more participation from other taxing entities; whereas TIF districts created or amended since 2005 have primarily had only City and County participation.

Estimated TIF District Increment Collection and Added General Fund Revenue

Tax Year	City Center & Downtown Connection TIF Districts	Non-Downtown TIF Districts	Total All TIF Districts
2022 Total Increment ¹	\$47,862,201	\$85,115,865	\$132,978,066
2022 (City) Increment ²	\$47,862,201	\$71,772,335	\$119,634,536
2022 new City General Fund ³	\$6,214,454	\$29,345,048	\$35,559,502

¹ Total increment is estimated TIF district collections for all participating taxing jurisdictions.

² City Increment is the estimated City contribution to the TIF district funds.

³ New City General Fund is the estimated added revenue from increased property value above the base value not captured by TIF districts (includes estimated annual revenue from State-Thomas & Cityplace Area TIF Districts, now expired)

TIF districts have also been catalysts for improving the real estate market in areas that were lagging, drawing new residents into the City’s core and DART station areas, and creating new mixed-use neighborhoods. As of FY 2021-2022, approximately 47,651 new residential units have been completed in the City’s twenty-one (21) TIF districts (including State-Thomas and Cityplace Area). An additional 5,896 units are under construction, and another 3,391 units are planned. Nearly 21 million square feet of new or redeveloped retail, office, and other commercial space has been completed. Almost 1.5 million square feet of commercial space is under construction, and another \$1.6 million square feet of space is planned. New hotel construction includes 6,840 completed rooms. An additional 283 hotel rooms are under construction, and another 923 hotel rooms are planned.

The following table summarizes new development in downtown and non-downtown TIF districts. The two (2) downtown TIF districts, City Center and Downtown Connection, comprised 20% of all residential units (completed, under construction, and planned), 44% of all commercial space (completed, under construction, and planned), and 71% of all hotel rooms (completed, under construction, and planned).

Construction activity in TIF districts is on-going. In FY 2021-2022, City Council authorized seven (7) TIF district-funded development agreements shown below. The projects are anticipated to have a value or investment of over \$777 million at completion.

TIF District Plan Amendments

During FY 2021-2022, the City Council approved amendments of the Project Plan and Reinvestment Zone Financing Plan (Plan) for three (3) TIF districts. In December 2021, the Plan for the Grand Park South TIF District was expanded by approximately 151 acres to include the Forest District neighborhood. Also, in December 2021, the Plan for the Mall Area Redevelopment TIF District was expanded to include 15.6 acres in the Westmoreland IH20 Sub-District. In June 2022, the Plan for the Downtown Connection TIF District was amended to add approximately 14.2 acres to create the Newpark Sub-District, increase the TIF District's budget, and make related Plan modifications.

Retired TIF Districts

TIF districts are long-term tools intended to boost real estate markets and grow the City's tax base. The City of Dallas has also been successful in promoting strong urban design and encouraging the creation of unique neighborhoods as part of the TIF program. Both the State-Thomas TIF District (sunsetted in 2008) and Cityplace Area TIF District (sunsetted in 2012) have been success stories from an economic and place-making perspective. Over 6,300 residential units and 743,000 square feet of commercial space had been completed in the two (2) TIF districts. Based on available 2022 data, the property value growth since inception in the State-Thomas TIF District has exceeded \$773 million (1,628%), and the property value growth in the Cityplace Area TIF District has exceeded \$1.4 billion (3,250%). Together, the State-Thomas TIF District and the Cityplace Area TIF District will contribute an estimated \$16.7 million to the City's general fund for tax year 2022.

Annual Reports

State law requires the preparation of an annual report for each TIF district that summarizes the activities of each area. The state requirements for this report are minimal. In order to better explain the progress/status of each TIF district, staff has created an individual report that includes additional information. Each annual report includes the following information:

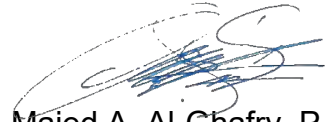

- Map of the TIF district
- Mission Statement
- Accomplishments to-date
- Project Status: Type and amount of new development by project including private investment, new residential units, commercial space created, TIF District investment, completion (or expected completion) date
- Other TIF district-wide initiatives, where applicable
- Mixed-Income Housing Summary
- Taxable value and increment revenue summary, including the captured appraised value for the TIF District and the expected increment collection
- Objectives and Success Indicators for the TIF district

From December 2022 through January 2023, the Boards of Directors for fifteen (15) of the TIF districts met, reviewed, and voted to recommend the annual reports for City Council approval. The Boards of Directors of the Maple/Mockingbird TIF District, Southwestern Medical TIF District, and the University TIF District do not currently have the minimum of five (5) appointed members to convene a meeting. Additionally, a meeting of the Board of Directors of the Fort Worth Avenue TIF District was scheduled; however, the meeting was not actually held due to failure to achieve a quorum. Therefore, the annual reports for the Maple/Mockingbird TIF District, Southwestern Medical TIF District, Fort Worth Avenue TIF District, and University TIF District are being forwarded to the City Council without a Board recommendation. Upon approval by City Council, staff will submit the annual reports to the other taxing jurisdictions participating financially in each TIF district and to the State Comptroller.

Reinvestment Zone Number Three Oak Cliff Gateway Tax Increment Financing District

Mission Statement

The mission of the Oak Cliff Gateway Tax Increment Financing (TIF) District is the promotion of the redevelopment, growth and stabilization of the area. Accompanying goals are (1) growth of the value of the area's tax base through the promotion of residential and retail development and a positive reversal of urban decay through the placement of critical infrastructure improvements; (2) implementation of the pertinent recommendations of the 2001 Urban Land Institute (ULI) Study on the tracts of land composing the northern and northwestern portions of the district, and (3) establishment of direct linkages with the Trinity River Corridor and the capitalization of that effort toward growth and increased tax base value in the District.

TIF District Accomplishments

The TIF District was created by City Council Ordinance Number 21466, November 11, 1992. The TIF District was created for a period of twenty years with an expiration date of December 31, 2012. On February 12, 1997, the City Council, by Ordinance Number 23033, approved the project Plan and Reinvestment Zone Financing Plan ("Plan").

In 1998, the TIF District was amended to remove two properties, and in 2005, the Plan was amended to modify the budget to allow for environmental remediation and façade improvements and to allow for the sale of TIF District bonds.

The Plan was further amended in 2009 to extend the term of the TIF District for an additional ten years. This amendment increased the budget, returned two previously removed properties back into the TIF District, created a TIF District grant program, and decreased the participation rate of the taxing jurisdictions for the extension period.

In 2014, an expansion of the TIF District and Plan amendment were approved to create two subdistricts within the Oak Cliff Gateway TIF District: (a) Oak Cliff Gateway Sub-District (original district boundary) and (b) the Bishop/Jefferson Sub-District (an expansion area of approximately 193 acres to accommodate future development planned in the Bishop Arts and Jefferson Corridor area). The term of the Oak Cliff Gateway Sub-District was further extended by five years to December 31, 2027, and the termination date for the Bishop/Jefferson Sub-District was established as December 31, 2044.

In August 2015, a TIF District boundary amendment was approved to add approximately 4.9 acres to the Oak Cliff Gateway Sub-District for the development of the Oxygen project. The project, previously approved for TIF District funds in 2015, did not move forward; therefore, the TIF District-funded development agreement authorization expired.

During FY 2015-2016, a TIF District-funded development agreement was approved for the Bishop Arts Station project (*currently known as Victor Prosper*), a mixed-use development anchoring the extended Dallas Streetcar line. A public plaza adjacent to the streetcar stop was incorporated into the project. The project was completed in 2018. In December 2020, a minor modification to the development agreement was approved for

converting 5,154 square feet of retail space into six residential units. The residential units were completed in July 2021.

Construction on the first phase of the Dallas Streetcar was completed in late 2014. The initial segment operated from Union Station, across the Houston Street Viaduct, along Zang Boulevard and Colorado Boulevard, to Beckley Avenue. In August 2016, Phase II of the Streetcar opened, from Methodist Regional Medical Center to Bishop Arts at Davis Street/Zang Boulevard.

During FY 2019-2020, a TIF District-funded development agreement was approved with Dallas Independent School District for TIF District funding for public improvements on and adjacent to Hogg Elementary School.

During FY 2020-2021, an amendment to the Plan was approved to create a budget category in support of Dallas Streetcar operations and maintenance (O&M) for up to \$950,000 along with an initial funding dedication of \$475,000 from the available District-Wide Set-Aside for Fiscal Year 2020-2021. Subsequently in September 2021, the TIF District Board recommended the remaining \$475,000 dedication for Streetcar O&M for Fiscal Year 2021-2022, and City Council approved in December 2021.

During FY 2020-2021, a TIF District-funded development agreement was approved with Gateway Oak Cliff, LP for funding up to \$4,245,432 in support of the Gateway Oak Cliff Mixed-Income Development Project.

In September 2021, the TIF District Board adopted District-Wide Improvement Funding Guidelines. During FY 2021-2022, the TIF District Board and City Council approved a TIF District-funding agreement with AM Victor Prosper, LLC for the Zang Plaza public open space project in an amount not to exceed \$1,500,000 from the District-Wide Set- Aside.

In September 2022, the TIF District Board reviewed and recommended approval of amendments to the Plan including expanding the Bishop/Jefferson Sub-District by approximately 96 acres and adding a new Clarendon/Beckley/Kiest Sub-District with approximately 148 acres in an area including the future Southern Gateway Deck Park at IH-35 between Marsalis Avenue and Ewing Avenue and portions of the Clarendon Drive and Beckley Avenue corridors. The term of the Oak Cliff Gateway Sub-District was extended from December 2027 to December 2044. The TIF District budget was also modified and provisions for tax increment sharing from the Oak Cliff Gateway and Bishop/Jefferson sub-districts to the new Clarendon/Beckley/Kiest Sub-District and a new budget category related to housing stabilization was included. The amendment was scheduled for City Council approval in November 2022.

Mixed-Income Housing Summary

Successful development efforts support a variety of housing options. Accordingly, twenty percent (20%) of all housing units in projects using direct site-specific TIF district funding assistance are subject to the City's and County's established criteria for mixed-income housing. In this TIF District, as part of TIF District funding, a total of 645 units have been built to-date with affordability requirements, and 129 are currently set-aside as affordable. The Lake Cliff Tower project with 54 units was built prior to mixed-income housing requirements for the TIF District.

A total of 2,700 residential units have been completed overall. Another 1,853 units are under construction or planned (including 230 units involving TIF District funds with affordability requirements).

Value and Increment Revenue Summary

The assessed 2022 tax value was \$524,863,807 for the Oak Cliff Gateway Sub-District. This represents an increase of \$484,153,144 or 1189% over the adjusted base year value and an increase of 23% over last year's final value. The TIF District was expanded in 2014 to include a new Bishop/Jefferson Sub-District with an assessed 2022 tax value of \$603,505,434, an increase of \$498,363,355 or 474% over the base year and an increase of 27% over last year. The combined 2022 taxable value for the entire TIF District is approximately \$1,128,369,241, a 674% increase over the adjusted base taxable value.

With the participation of the City and Dallas County, this increase will result in the 2023 collection of approximately \$7,865,795 total in incremental revenue for the TIF District for the 2022 tax year.

Objectives, Programs, and Success Indicators

The Project Plan and Reinvestment Zone Financing Plan was originally approved by Ordinance Number 23033 on February 12, 1997. The most recent Project Plan and Reinvestment Zone Financing Plan amendment included revised development goals, listed below, for the TIF District:

The following specific objectives and development program set the framework for the planned public improvements within the Oak Cliff Gateway TIF District and, in italics, specific actions addressing these objectives:

- Improve the infrastructure within and adjacent to the TIF District to promote investment.

Street reconstruction projects on Beckley Avenue, Zang Boulevard, Greenbriar Lane, Tilden Street, Jefferson Boulevard and Colorado Boulevard (Blaylock Street to I-35) are completed. Median improvements and streetscape were completed along both sides of Zang Boulevard from Colorado Boulevard to Oakenwald and on Colorado Boulevard itself as a part of the Lake Cliff Tower development. Infrastructure and streetscape improvements were completed with the Bishop Colorado Retail Plaza project. Streetscape improvements along Zang Boulevard, adjacent to the Zang Triangle project, were completed in 2012. Streetscape projects near Methodist Hospital were completed in 2019 with \$1,600,000 in 2006 City Bond funds and \$1,750,000 in 2009 NCTCOG Sustainable Dallas streetcar projects connecting downtown to the Methodist Hospital area and extending to Bishop Arts are complete. City bond program funding (2006 and 2012) totaling \$4.1 million was directed to streetscape improvements along Bishop Avenue from 8th Street to Jefferson Boulevard.

- The amended Plan has a goal of adding 1,572,556 square feet of new residential construction (both single family/townhome units and apartment units). Previously the goal was to add 2,500 market rate apartments and 250 townhome units.

Since the start of the TIF District, a total of 2,551 apartment units have been constructed. An additional 1,828 apartment units are under construction. A total of 149 townhome/condo units have been completed and another 25 are planned.

View from Lake Cliff Park looking toward the Boheme Apartments under construction at 1207 N. Zang Boulevard (formerly the site of El Fenix Restaurant).

- The amended Plan goal is to add 393,139 square feet of new commercial construction, to include retail, restaurant, and office space

To date 671,029 square feet of retail/commercial space or office space including medical office facilities has been added in the TIF District and another 10,000 square feet is planned as part of the new Bishop Arts projects (exceeding the Plan goal).

FY 2022-2023 Work Program

- Continue coordination efforts for implementation of current and potential development projects.
- Consider additional TIF District boundary amendments including the DART-owned property at 1200 E. Jefferson Boulevard as a potential future development site.
- Continue to actively market the TIF District with emphasis on high-density mixed-use development with a sustainable mix of retail, commercial/office and residential development in key target areas.
- Strategic planning for the TIF District to encourage alternative modes of transportation and connections to parks/trails.

- Coordination with the City's Housing and Neighborhood Revitalization Department to evaluate potential homeowner stabilization, home repair, and displacement mitigation programs as part of the TIF District Plan amendment recommended by the TIF District Board in September 2022.

Pending TIF District Items

- A public hearing and ordinance to expand the geographic area of the TIF District and other amendments to the Project Plan and Reinvestment Zone Financing Plan.
- Consideration of the FY 2021-2022 Oak Cliff Gateway TIF District Annual Report and a recommendation to the City Council for approval.

City of Dallas, Texas
Oak Cliff Gateway Area Tax Increment Financing District
Notes to Financial Statements for the Year Ended September 30, 2022
(Unaudited)

1. The measurement focus used for the Zone fund is a flow of financial resources. The financial statements are prepared using the modified accrual basis of accounting. Under the modified accrual basis of accounting, tax increment revenues and interest are recognized as revenue when they become both "measurable" and "available" to finance expenditures of the current period. Expenditures are recognized when the liability is incurred.
2. State statute requires that each taxing jurisdiction remit its ad valorem taxes to the Zone by May 1 of each year (remittance to occur no more than 90 days after taxes for the jurisdiction become delinquent).
3. The Zone's cash balances are invested in the City's investment pool and include amounts in demand deposits as well as short-term investments. Pooled investments and short-term non-pooled investments are treated as cash equivalents. Investment income on the pooled investments is prorated monthly based upon the average daily cash balance in each fund.
4. The Zone's Financing Plan permits expenditures not to exceed \$2,645,631 (in current \$) over the life of the Zone to reimburse the City for administrative costs. The Zone began reimbursing the General Fund in fiscal year 1998-99. Any future remittance for administrative expenses would come from excess cash as tax increment revenue increases as a result of increased assessed values.
5. All project costs resulting in capital improvements that are owned by the City of Dallas are capitalized.
6. "Due to general fund" amount of \$209,660 at September 30, 2022 represents the Zone administration costs that have been earned for the fiscal year, (\$58,105) for the fiscal year 2019-2020, (\$71,313) for fiscal year 2020-2021, and (\$80,242) for fiscal year 2021-2022 but will be reimbursed to the General Fund in future years based on the availability of Zone funds. Note that these administrative costs do not include billing to other City departments.
7. All project costs resulting in capital improvements that are owned by the City are capitalized by the City.

Appendix B – Financial Obligations Estimated Payoff

The TIF District currently has three outstanding obligations.

- A TIF District-funded agreement with Dallas Independent School District (DISD) for improvements on and adjacent to Hogg Elementary School has a \$785,000 obligation that includes existing cash set-side as part of the Educational/Training Facilities category in the District Budget in the amount of \$742,369 and additional funding of \$42,631 from existing District-Wide Set-Aside funds for streetscape improvements.
- A TIF District-funded development agreement was approved for funding up to \$4,245,432 in support of the Gateway Oak Cliff Mixed-Income Development Project. The project is anticipated to be complete in 2023. Based on current projections, sufficient tax increment from the overall District is anticipated to be available when the project is complete and eligible for payment.
- A TIF District-funded agreement has been authorized with AM Victor Prosper, LLC for up to \$1,500,000 in District-Wide Set-Aside funds for the Zang Plaza public open space project located within City right-of-way at the southwest corner of 7th Street and Zang Boulevard. The project is anticipated to be complete in 2025 and fully paid by 2026.

Appendix C – District-Wide Set-Aside Funds

The TIF District Increment Allocation Policy adopted by the TIF District Board for the Oak Cliff Gateway TIF District, provides that, following the full reimbursement of the Zang Triangle Project, the TIF District Board may set aside 15% of the Oak Cliff Gateway Sub-District Increment for District-Wide Improvements after administrative expenses. Specific improvement projects are to be determined and the amount of this set aside will be reviewed annually based on updated financial projections and TIF District needs. After the termination of the Oak Cliff Gateway Sub-District in 2027 (calendar year 2028), 15% of the Bishop/Jefferson Sub-District will be set aside for District-Wide Improvements.

In September 2021, the TIF District Board adopted District-Wide Improvement Funding Guidelines.

In Fiscal Years 2020-2021 and FY 2021-2022, payments totaling \$950,000 for Streetcar O&M were made from Set-Aside funds.

A portion of the TIF District funding approved for Hogg Elementary School improvements includes \$42,631 from existing District-Wide Set-Aside funds towards streetscape improvements.

The District-Wide Set-Aside balance totals \$605,983 and is committed towards future payments for the Zang Plaza Project. Therefore, there is no uncommitted balance.

Mission Statement

The mission of the Cedars TIF District is to attract new residential and commercial development, facilitate growth and increase its tax base, capitalizing on the District's proximity to Downtown Dallas and major transportation arteries.

The Dallas City Council established the Cedars TIF District and the Board of Directors by Ordinance No. 21492, on December 9, 1992, as amended. The TIF District took effect on January 1, 1993 and will terminate on December 31, 2022 (including collection of the 2022 increment in calendar year 2023 and any related matters to be concluded in 2023).

The TIF District's participating taxing jurisdictions are the City of Dallas, Dallas County, Dallas County Hospital District (DCHD) and Dallas Independent School District (DISD). The annual participation rates for the taxing jurisdictions are as follows:

- The City's annual participation rate was 100% in 1993 through 2012. Its participation rate decreased to 90% in 2013 and thereafter.
- Dallas County's participation rate was 65% in 1993 through 2012. The County's annual participation rate increased to 75% in 2013 and thereafter.
- Dallas County Hospital District's (DCHD) participation rate was 65% in 1993 through 2012.
- Dallas Independent School District's (DISD) participation rate was 50% in 1993 through 2012.

Mixed-Income Housing Summary

Successful development efforts support a variety of housing options. In 1992, when the Cedars TIF District was originally created, the City’s TIF Policy did not require mixed-income housing as part of residential development. In 2005, the TIF Policy was amended to require a percentage of units in TIF-supported residential projects to be set aside as affordable. When the term of the TIF District was extended in 2011, mixed-income housing became a requirement. Since 2011, twenty percent (20%) of all housing units in projects using direct, site-specific TIF District funding assistance are subject to the City’s and County’s established criteria for mixed-income housing. In the Cedars TIF District, a total of 317 units were constructed with the support of TIF District funding, and, of these units, 164 (52%) are currently set-aside as affordable.

Value and Increment Revenue Summary

The Cedars TIF District 1992 assessed taxable value was \$35,300,760. The TIF District’s 2022 taxable value is \$345,751,684, as determined by the Dallas Central Appraisal District. This represents an increase of \$310,450,924 (879%) over the 1992 base year value.

The TIF District’s value increased by \$32,667,811 (10.4%) from the previous year’s value (\$313,083,873). This increase in TIF District value will result in the collection of approximately \$2,601,710 (City - \$2,083,809; County - \$517,901) in incremental revenue for the TIF District in 2023.

Objectives, Programs and Success Indicators

The Project Plan and Reinvestment Zone Financing Plan was approved on April 9, 1997. The Plan has been amended three times, most recently on June 22, 2011. The defined development goals are summarized below:

- Improve the infrastructure within and adjacent to the TIF District to promote new investment.

Projects that have contributed to the fulfillment of this goal are as follows:

- *On September 25, 2013, City Council approved up to \$441,225 in TIF District funding for the Belleview Browder District-wide Improvements project. The project, which was completed during the 2012-2013 fiscal year, included the construction of several needed public improvements (franchise utility relocation, street lighting, street improvements, streetscape improvements and water-wastewater/drainage improvements) that were not included in the 1400 Belleview project's original scope of work. These improvements replaced sub-standard public infrastructure and provided much of the needed infrastructure to allow the redevelopment of approximately 6.05 acres of property that is adjacent to the project.*
- *On June 27, 2012, City Council approved up to \$207,830 in additional TIF District funding to match up to \$207,830 in additional funding from Matthews Southwest for cost overruns related to the Southside Pedestrian Improvement project. City Council had previously approved \$66,521 in TIF District funding for the project on May 23, 2007. This leveraged approximately \$5,098,691 in private and federal funds for sidewalk and streetscape improvements on South Lamar/Botham Jean Blvd Street and along Belleview Street from the Convention Center to the Cedars DART station. The project was completed during FY 2013.*
- *On June 22, 2011, City Council approved up to \$1,657,916 in TIF District funding for the 1400 Belleview project which included infrastructure improvements along Belleview Street from Browder Street to Akard Street, Gould Street from Belleview Street to Sullivan Street, and Browder Street from Belleview Street to Sullivan Street. The project was completed in 2015.*
- *On April 11, 2007, City Council approved up to \$192,000 in TIF District funding for the Millers Ferry Row Town Homes project which included streetscape improvements along South Ervay Street. The project was completed during 2007.*
- *On August 9, 2006, City Council approved up to \$1,500,000 in TIF District funding for The Beat at South Side Station project which included street and streetscape improvements on Belleview Street, Lamar/Botham Jean*

Blvd Street, and Powhattan Street. The project was completed during 2009.

- *On September 14, 2005, City Council approved up to \$564,462 in TIF District funding for the Buzz Condominiums project which included street and streetscape improvements on South Akard Street and West Griffin Street. The project was completed during 2007.*

- Add 700 residential units

To date, 907 residential units have been added to the TIF District, exceeding the goal. An additional 106 residential units are either under construction or planned for the District.

- Add 400 hotel/motel rooms

To date, 237 hotel rooms have been added to the District (59% of the goal).

- Add 55,000 square feet of retail space

To date, approximately 68,677 square feet of retail/restaurant space has been added to the Cedars TIF District, exceeding the goal.

Recent projects that contributed to the fulfillment of this goal are listed below:

- *In August 2017, Sandwich Hag opened at 1902 Botham Jean Blvd (formerly Lamar Street) Street, a Vietnamese kitchen specializing in BÁNH MÌ sandwiches, adding approximately 630 square feet of restaurant space within in the TIF District.*
- *In September 2017, Four Corners Brewery relocated to the Cedars area, adding approximately 47,358 square feet of entertainment and restaurant space within the TIF District.*
- *In 2018, 7Eleven on Botham Jean Blvd (formerly Lamar Street) added approximately 3,500 square feet of retail within the TIF District.*

- Add 300,000 square feet of service center/flex office space

To date, approximately 416,986 square feet of service center/flex office space has been added to the TIF District, far exceeding the goal.

Significant projects that contributed to the fulfillment of this goal are listed below:

- *Dallas Police Association Headquarters added 11,150 square feet of office space.*
- *Resource One Credit Union's expansion added 13,430 square feet of office space.*
- *Dallas Police Headquarters added 358,758 square feet of office space.*

The Dallas City Council approved three (3) items during the fiscal year related to the TIF District:

On February 23, 2022, City Council approved Resolution No. 22-0379 accepting the FY 2020-2021 Annual Report on the status of Tax Increment Financing Reinvestment Zone Number Four, (Cedars TIF District) and authorizing the City Manager to submit the annual report to the Chief Executive Officer of each taxing jurisdiction that levies taxes on real property in the TIF District, and to the State Comptroller, as required by state law.

On June 22, 2022, City Council conducted a public hearing and approved Ordinance No. 32244, Resolution No. 22-1017 granting an amendment to the preservation criteria and exhibits for Historic Overlay District No. 20, the Ambassador Hotel (1312 S. Ervay Street), on property zoned Subdistrict No. 2 within Planned Development District No. 317, the Cedars Special Purpose District, on the northwest corner of St. Paul Street and Ervay Street.

On August 24, 2022, City Council conducted a public hearing and approved Ordinance No. 32287, Resolution No. 22-1267 authorizing (1) the proposed levy of assessment for the South Side Public Improvement District (the "District"), in accordance with Chapter 372, Texas Local Government Code, for the purpose of providing supplemental public services to be funded by special assessments on property in the District; and, at the close of the public hearing; (2) authorize an ordinance approving and adopting the final 2023 Service Plan, the final 2022 Assessment Plan, the 2022 Assessment Roll (to be kept on file with the City Secretary), 2023 Notice of Obligation to Pay Improvement District Assessment (to be filed with Dallas County); (3) establishing classifications for the apportionment of costs and the methods of assessing special assessments for the services and improvements to property in the District; (4) closing the public hearing and

levying a special assessment on property in the District for services and improvements to be provided in the District during 2023; (5) providing for reimbursement of city administrative costs for operational oversight of the District; (6) fixing charges and liens against the property in the District and against the owners thereof; (7) providing for the collection of the 2022 assessment; (8) authorizing the receipt and deposit of assessments from Dallas County; (9) authorizing the disbursement of assessments and interest to South Side Quarter Development Corporation; and (10) providing for an effective date - Not to exceed actual collections estimated at \$333,762.00.

Budget and Spending Status

The Cedars TIF District’s Project Plan and Reinvestment Zone Financing Plan established a budget for the public improvement expenditures that are necessary to support private investment. The TIF District’s budget and spending to date are provided on the following charts:

Cedars TIF District Projected Increment Revenues to Retire TIF Fund Obligations*

All values discounted to 1992 dollars at 5.00% annually. Actual expenditures will depend on the timing of project costs.

M/WBE Participation

Public bidding is not required for TIF District funded projects. All TIF-funded projects must follow the City’s adopted Business Inclusion and Development Plan and make a good faith effort to include certified Minority and Women-Owned Business (M/WBE) participation in TIF District funded projects. The BID Plan goal for the projects listed below was 25 percent (25%) M/WBE participation in construction costs of completed public improvements. During fiscal year 2020-2021, City Council increased the BID Plan goal for construction costs to 32 percent.

Cedars TIF District M/WBE Participation			
Project	Contractor	Total M/WBE Contract Award	M/WBE Participation Percentage

¹Additional Subsidy in Form of Grant (in lieu of interest expense)

7. Tax increment base and current captured appraised value retained by the Zone:

Taxing Jurisdictions	Taxable Value 2022	Base Year 1992 Value	Est. Captured Value 2022*
City of Dallas	\$345,751,684	\$35,300,760	\$310,450,924
Dallas County	\$352,138,305	\$35,300,760	\$316,837,545

* Based on Certified Tax Values. Final values will be determined on February 1, 2023

8. Captured appraised value by the municipality and other taxing units, the total amount of the tax increment received, and any additional information necessary to demonstrate compliance with the tax increment financing plan adopted by the governing body of the municipality:

A. Estimated tax increment shared by the municipality and other participating taxing jurisdictions:

City of Dallas	0.67122	\$2,083,809
Dallas County	0.16346	\$517,901
Total for all Jurisdictions	<u>\$0.83468</u>	<u>\$2,601,710</u>

B. The total amount of estimated tax increment to be billed for the 2022 tax year is \$2,601,710.

C. For the 2021 tax year, the Zone collected \$2,363,292 in increment.

City of Dallas, Texas
Cedars Tax Increment Financing District
Notes to Financial Statements for the Year Ended September 30, 2021
(Unaudited)

1. The measurement focus used for the Zone fund is a flow of financial resources. The financial statements are prepared using the modified accrual basis of accounting. Under the modified accrual basis of accounting, tax increment revenues and interest are recognized as revenue when they become both "measurable" and "available" to finance expenditures of the current period. Expenditures are recognized when the liability is incurred.
2. State statute requires that each taxing jurisdiction remit its ad valorem taxes to the Zone by May 1 of each year (remittance to occur no more than 90 days after taxes for the jurisdiction become delinquent).
3. The Zone's cash balances are invested in the City's investment pool and include amounts in demand deposits as well as short-term investments. Pooled investments and short-term non-pooled investments are treated as cash equivalents. Investment income on the pooled investments is prorated monthly based upon the average daily cash balance in each fund.
4. The Zone's Financing Plan provides for staffing and other administrative expenses by the City of Dallas not to exceed \$1,187,237 (in current \$) over the life of the Zone. The City began billing the Zone for administrative costs in FY 1999. Any future remittance for administrative expenses would come from excess cash as tax increment revenue increases as a result of increased assessed values.
5. The Zone has no advances outstanding as of September 30, 2022.
6. "Due to general fund" amount of \$123,696 at September 30, 2022 represents the Zone administration costs for the fiscal year 2018-2019 (\$45,935), fiscal year 2019-2020 (\$38,237), and fiscal year 2020-2021 (\$39,524) that have been earned but will be reimbursed to the General Fund in future years based on the availability of Zone funds.
7. Calculation of actual FY 2021-2022 Zone administration costs are in process.
8. All project costs resulting in capital improvements that are owned by the City are capitalized by the City.

Appendix B: District-Wide Set-Aside Funds

The TIF District Increment Allocation Policy adopted by the TIF District Board for the Cedars TIF District currently provides for 10% of annual TIF District increment, after administrative expenses, to be set-aside for District-Wide Improvements. To date, approximately \$1,381,106 has been collected and is available for expenditure.

Specific improvement projects are to be determined and the amount of this set-aside will be reviewed annually based on updated financial projections and District needs. The TIF District Board shall also have the discretion to release all or part of District-Wide Set-Aside funds towards reimbursement of one or more TIF-eligible projects.

The original intent was to use these cash reserves to leverage other funding (grants, bonds, private) to meet TIF District objectives. Potential uses of the funds based on stakeholder and TIF District Board input over the last several years include:

- Completion of Belleview Extension
- Heritage Village streetscape improvements
- Park and open space improvements
- Streetscape – sidewalk, pedestrian lighting, landscape/irrigation

Mission Statement

The mission of the City Center TIF District is to promote redevelopment, stabilization, and growth of the downtown area. An accompanying goal is the stabilization and growth of the value of the area's tax base and a positive reversal of urban decay. During the 2013 fiscal year, the TIF District's mission was expanded to include creation of a strong real estate investment climate in the West End area, establishment of a sustainable neighborhood that connects the core of downtown, to the Farmers Market, Cedars area along Lamar Street, West End, Victory Park, and Design District across the Trinity River to West Dallas while providing more residential, retail and office opportunities.

The Dallas City Council established the City Center TIF District by Ordinance Number 22802 on June 26, 1996. The City Center TIF District took effect on January 1, 1997. In 2012, the termination date of the City Center Sub-District was extended for 10 years to December 31, 2022 (including collection of the 2022 tax year increment in calendar year 2023 and any related matters to be concluded in 2023) or when the budget of the TIF District has been collected. The Lamar Corridor/West End Sub-District term was established for 25 years, January 1, 2012 to December 31, 2037, or when the budget has been collected. The City of Dallas and Dallas County are the two remaining participating jurisdictions.

TIF District Accomplishments

The City Center TIF District has been an instrumental part in creating a positive climate in the historic downtown core, Lamar Corridor and West End Historic District. From its inception through FY 2021-2022, forty-four projects have generated over \$1.19 billion in new investment.

As the City Center Sub-District comes to its scheduled sunset at the end of 2022, the City Center TIF District Board of Directors took action on September 22, 2022 to approve and recommend to City Council proposed amendments to the City Center TIF District Amended and Restated Project Plan and Reinvestment Zone Financing Plan to shift and modify the set-asides established within the TIF District's budget. At the same TIF District Board Meeting, the TIF District Board approved a request by the Dallas Park and Recreation Department and Parks for Downtown Dallas for a dedication of up to \$2,600,000 in TIF District district-wide set-aside funds to offset significant rising construction costs and additional City required infrastructure, including traffic signalization needs, and ensure full delivery of Harwood Park, adjacent to the City Center TIF District. Note that while the TIF District Board actions occurred during FY 2021-2022, City Council did not consider these items during the fiscal year.

Following a FY 2020-2021 City Center TIF District Board of Directors review and approval, City Council approved authorizing a development agreement with Woodall Rodgers Park Foundation in an amount not to exceed \$3,000,000 for the design and construction of the Phase 2 expansion of the Klyde Warren Park project (“KWP2”) on June 23, 2021. To facilitate TIF District funding for KWP2, an amendment of the City Center TIF District Project Plan and Reinvestment Zone Financing Plan was approved to specify that TIF District funding from the District-Wide Improvement budget category may be used for an expansion of Klyde Warren Park, as an area of public assembly serving downtown and linking the downtown core, including West End/Lamar, to Victory Park and to Uptown. On September 22, 2022, the City Center TIF District Board of Directors approved a 12-month extension of KWP2 of all material dates and deadlines as established in the original City Council resolution approved on June 23, 2021.

The Adolphus Tower Redevelopment Project was approved for TIF District funding during fiscal year 2018-2019 and included improvements to the public realm environment on Main Street and Akard Street by increasing the ground floor retail/restaurant space from 2,142 square feet to over 6,000, with outdoor seating and providing enhanced sidewalks. During FY 2021-2022, the project construction was substantially complete.

- ¹ All information updated as of September 30, 2022.
- ² Based upon either the incentive application or required minimum stated in the development agreement. May be updated for completed projects based on actual unit mix and square footage.
- ³ Based upon: a) market value of comparable projects for anticipated projects, b) private investment stated in the development agreement for projects that are approved or under construction, or c) DCAD market value for completed projects (unless project has not yet been assessed). Values may not be fully captured by the TIF District for redevelopment projects once pre-existing value and/or the demolition of structures is netted out. Includes full value of exempt properties, including historic and homestead.
- ⁴ Total paid or obligated by the TIF District for the corresponding TIF District project (includes accrued interest) as of September 30, 2022
- ⁵ Selected significant projects included and select properties previously in the City Center TIF District boundary
- ⁶ Per the TIF District program mixed-income housing requirement, noted projects are providing at least 10% of units as affordable.
 Note 1: 1.5M sf of non-taxable value related to the First Baptist Church that had previously been shown was removed from the list.
 Note 2: Announcements have been made that several existing buildings within the TIF District will be converted to mixed-use with a residential component; announced projects will be added to the chart once under construction

Mixed-Income Housing Summary

The TIF District was created prior to adoption of the Mixed-Income Housing Guidelines for TIF Districts so most projects approved for funding between 1996 and 2012 did not have an affordable component. When the Project Plan and Reinvestment Zoning Financing Plan for the City Center TIF District was amended in 2012, provisions for mixed-income housing were added, including a requirement that 10% of residential units be reserved for households earning 80% or below the Area Median Family Income (AMFI). In this TIF District, a total of 2,062 units have been built to-date using TIF District funding, and 144 have been set-aside as affordable (includes units that were funded using Section 108 HUD loans). See Appendix B for Mixed-Income Housing Chart.

City Center TIF District Housing Counts	# of Units
Completed TIF District residential units	2,062
Completed Non-TIF District funded residential units	845
Total completed units within TIF District boundary	2,907
Affordable units constructed	144 (of which 114 have expired)

Note that the City Center TIF District Mixed-Income Housing Guidelines were adopted in 2012; the 114 expired units had affordable set-asides due to HUD assistance; 555 Ross Avenue and Mid Elm Lofts have been constructed since implementation of the Mixed-Income Housing Guidelines.

On September 22, 2022, the City Center TIF District Board of Directors approved amendments to the Mixed-Income Housing Guidelines. As of September 22, 2022, the required mixed-income housing unit dedication at 80% AMFI is as follows: 10% of units in redevelopment projects (existing buildings), 20% of units in new ground-up construction with a residential component, and 30% of units if City-owned property is purchased by a developer for residential development.

Value and Increment Revenue Summary

The base value is the total appraised value of all taxable real property in the TIF District boundary (Zone), as determined by the Dallas Central Appraisal District certified property tax roll. The base value is established the year the TIF District Zone is created and/or when a property is placed within a TIF District Zone.

The City Center TIF District’s Project Plan and Reinvestment Zone Financing Plan and boundary were amended in December 2012 to add properties along the Lamar Street corridor and properties in the West End Historic District. As a result of the boundary amendment, two sub-districts were created: (1) City Center Sub-District and (2) Lamar Corridor/West End Sub-District. Each sub-district has its own base value. In November 2014, the plan and boundary were further amended to remove certain parcels from the City Center Sub-District. The map on page 2 of this document depicts the boundaries of the Zone, including the boundary of each Sub-District.

City Center Sub-District

The Sub-District’s 2014 adjusted base year value is \$577,655,884. The 2022 assessed tax value for the Sub-District is \$1,659,431,656. This represents an increase of \$1,081,775,772 (187%) over the adjusted base year value. The Sub-District’s value increased \$218,085,538 (15%) from the previous year. The increase over the adjusted base year will result in an estimated collection in 2023 of approximately 6,454,307 (City \$6,454,307; County \$0) in incremental revenue. 2023 is the final year of City Center Sub-District collections.

Lamar Corridor/West End Sub-District

The Sub-District’s 2012 base year value is \$97,095,610. The 2022 assessed tax value for the Sub-District is \$280,707,540. This represents an increase of \$183,611,930 (189%) over the base year value. The Sub-District’s value increased \$23,536,680 (9.2%) from the previous year. This increase will result in an estimated collection in 2023 of approximately \$1,444,533 (City \$1,232,440; County \$212,093) in incremental revenue.

Objectives, Programs, and Success Indicators

On February 12, 1997, the Dallas City Council adopted Ordinance Number 23034 which approved the City Center Tax Increment Financing District Project Plan and Reinvestment Zone Financing Plan, as amended. The goals of the plan are as follows:

- Make the City Center area a safer place to live and work
- Improve access to the City Center area
- Improve the image of the City Center area
- Take advantage of the existing building stock
- Develop a diverse mix of land uses within the City Center area
- Increase recreational opportunities in the City Center area

The following objectives and action items set the framework for the planned public improvements within the City Center TIF District in 1997:

- Improve street and pedestrian lighting within the City Center TIF District.

Improvements to five north/south streets (Field, Akard, Ervay, St. Paul and Harwood Streets to the transit mall) were completed in 2008. An extension of the north/south improvement project (from the Transit Mall to Ross Avenue) was also completed in 2008. These improvements included widened sidewalks, street repaving, street furniture, lighting, new crosswalks and street trees.

Browder Street pedestrian plaza improvements are complete, enhancing the block's connection and providing street-level activation between Commerce Street and Jackson Street. AT&T's Discovery District was completed in 2020. The AT&T Discovery District includes private investment of approximately \$30 million in street and plaza improvements as a result of AT&T's commitment to invest in their global headquarters. The private investment associated with the building enhancements is estimated to be \$100 million, of which a portion of the buildings are within the City Center TIF District boundary.

The Downtown 360 Plan update further examines key corridors within the City Center TIF District and beyond, and additional improvements are anticipated.

- Improve the pedestrian environment through landscaping, lighting and design standards for surface parking lots.

Ordinance No. 25487 approved by City Council on January 28, 2004 required commercial parking garages and surface parking lots to comply with certain parking lot enhancements such as improved lighting, striping and landscaping. The ordinance also required the installation of wrought iron fencing but only if financed by the City Center TIF District. A fencing program was completed in 2007 that installed enhanced fencing along commercial surface parking lots located within the City Center TIF District.

- Provide public parking to encourage redevelopment of underutilized downtown office and retail space.

On October 13, 2004, City Council authorized an agreement with Downtown Dallas Inc. to implement the CityPark program. The program provided public, short-term parking space in garages in the downtown retail core in support of retail redevelopment efforts within the core. The CityPark program ended in 2010, but provided \$1,027,818 over six years for the conversion of existing private garages to public use through equipment signage, marketing and the use of the City's public parking rates. The following garages participated in the program and provided a minimum of 150 public parking spaces:

- *DalPark Garage (1600 Commerce)*
- *Davis Lot Garage (1407 Main Street)*
- *Star Parking Garage (1300 Ross Avenue)*
- *Metropolitan Garage (1310 Elm Street)*

All low cost, transient parking leases have now expired.

- Coordinate linkages with the new DART light rail transit mall by extending streetscape improvements from the transit mall to the Arts District, Main Street, public open spaces and City Hall.

Construction of pedestrian linkages connecting the DART light rail transit mall with the Main Street Retail District, public open spaces, City Hall and the Convention Center have been strengthened since this goal was set.

In July of 2010, the McKinney Avenue Transit Authority received a \$4.9 million grant from the Federal Transit Administration and matching grant of \$5 million from the North Central Texas Council of Governments to complete the M-Line trolley loop that branches off of McKinney Avenue at Olive Street. Construction of the Olive/St. Paul Street Loop is complete. The line improves connectivity between Uptown, Downtown, Klyde Warren Park, the Arts District and DART downtown transit mall.

The creation of a circulator system in the downtown area was recommended by the Downtown Dallas 360 Area Plan. In September 2013, City Council approved funding to participate in the two-year pilot program D-Link, a special service from DART that provided a way to get to various downtown destinations. D-Link stopped service during fiscal year 2018-2019.

- Direct overall development of the City Center area through the application of design standards for public improvements and design guidelines for private development.

Standards for public improvements have been established. Development projects requesting TIF District funding are required to design and construct public improvements in accordance with established guidelines. All proposed projects requesting City Center TIF District funds are reviewed by the City's Planning and Urban Design Department and the Urban Design Peer Review Panel.

- Encourage development of residential housing and hotels, including conversions of existing office space.

TIF District funding provided through the City Center TIF District encouraged multiple residential redevelopment projects while reducing the amount of vacant obsolete space by 9.9 million square feet and increasing the number of downtown residents. Completed projects that converted existing office space include the following: Kirby Building, Wilson Building, Majestic Lofts, Davis Building, Santa Fe II, Gulf States Building, Dallas Power & Light Buildings, 1505 Elm Condominiums, Jackson Street Lofts, Republic Tower, Interurban Building, Mosaic, 1200 Main Street, Magnolia Hotel, Sheraton Hotel, Hart Furniture, Merriman Architects, Houseman Building, 400 S. Akard, the Joule Hotel, 711 Elm, One Main Place, Hartford Building, 1217 Main Street, Thanksgiving Tower, 211 N. Ervay and 717 N. Harwood (includes conversion to any use).

- Encourage redevelopment of street-front retail.

A Retail Initiative aimed at stimulating the creation of a retail district in downtown Dallas, initially focusing on 40,000 to 60,000 square feet in the Main Street District, was approved in 2003. Phase I of the Initiative included \$2.5 million in funding for tenant start-up costs, rent subsidies, and a Leasing/Marketing Partner. Phase I of the Retail Initiative brought several unique retail establishments to downtown; however, most of these stores have not remained open.

Phase II of the Initiative, with \$700,000 in funding and a program goal of 16,000 to 20,000 square feet of retail, was approved in 2006. Jos. A. Bank (5,142 square feet) opened under the extended initiative (closed during FY 2017). While many of the initial uses have closed, several of the spaces were able to attract new businesses without further subsidy, as a result of the initial TIF District investment. Conversions of structures such as the Stone Street Gardens Buildings, the

Thompson Building, 1608 Main Street, Davis Building, Dallas Power and Light Building, Metropolitan and Mosaic add to the amount of improved retail space.

The City of Dallas Main Street District Initiative Loan and Grant Program was amended to allow expenditures for a comprehensive update of the Downtown Parking Strategy and creation of a Retail Activation Strategy to identify and prioritize improvements needed to support retail recruitment efforts in the Downtown area. Both documents were completed and approved during FY 2011.

- Encourage redevelopment of school property and improve educational and training facilities within the TIF District.

University of North Texas (UNT) relocated its administrative offices to the Universities Center at Dallas building and purchased the Titche-Goettinger Building located at 1900 Elm Street in December 2006.

In 2014, UNT completed a \$29 million renovation of the building aimed at housing the University's new law school. Downtown's first public law school, UNT Dallas College of Law, began its inaugural class August 2014. In addition to the project's interior improvements, the façade of the building facing Main Street Garden Park was renovated to include windows, opening up the building to the downtown community.

- Complement and protect existing historic structures.

Through the efforts of the City Center TIF District and the City of Dallas Historic Preservation Program, the following historic buildings within the TIF District have been improved – Kirby Building, Wilson Building, Magnolia Building, Davis Building, Stone Street Gardens, Gulf States Building, Dallas Power & Light Buildings, Thompson Building, 1608 Main Street, Hart Furniture Building, 1530 Main Street, Republic Tower, the Interurban Building, Mosaic (Fidelity Union Life Buildings), Hartford Building and 1512-1516 Elm Street (Mid Elm Lofts). The Main Street National Register Historic District nomination was completed and accepted by the National Park Service in 2006. The City supported the expansion of the Historic District to include buildings on the southern side of Downtown. The expanded Downtown National Register Historic District was accepted by the National Park Service in 2008.

City Center Sub-District development program includes:

- **2,500 residential units**

To date 2,640 residential units have been built in the City Center Sub-District, representing approximately 106% of the development program goal. Below is a chart showing residential projects completed within the City Center Sub-District:

- **Absorption of 4,500,000 square feet of vacant office space in the City Center Sub-District**

To date, 9.9 million square feet of previously vacant office space located within the City Center Sub-District has been renovated representing 220% of the development goal.

Completed projects include Santa Fe II, Sheraton Hotel, Majestic Lofts, Kirby Building, Wilson Building, Magnolia Building, Hart Furniture, 1505 Elm, Davis Building, Dallas Power and Light, Interurban Building, Jackson Building, Republic Tower, 1530 Main Street, Gulf States, 1217 Main Street, Mosaic, 1200 Main Street, Magnolia Hotel, Sheraton Hotel, 1516 Elm Street, Hart Furniture, Houseman Building, 400 S. Akard Street, Joule Hotel, 1025 Elm Street, U.S. Post Office Building, One Dallas Center (Patriot Tower), Westin Hotel (One Main Place), 1700 Commerce, Hartford Building, 211 N. Ervay, 717 N. Harwood and Thanksgiving Tower.

- **Activate 300,000 square feet of vacant ground floor and/or retail space in the downtown core.**

To date, approximately 664,555 square feet of retail space, including Neiman Marcus, has been improved, representing 221.5% of the development program goal. The Main Street Retail Initiative has assisted in adding retail tenants to the growing number of those already established. CVS, Jason’s Deli and Jimmy John’s opened as part of the Retail Initiative. 7-11 opened a convenience store on the ground floor of the Metropolitan. Mid Elm Lofts added new retail space to the downtown core, including the relocation of City Tavern, in fiscal year 2018-2019. The Adolphus Tower redevelopment project includes 6,000 square feet of

new/improved ground floor retail space at the key intersection of Main Street and Akard Street. The Exchange at AT&T Discovery District's 211 S. Akard building added an additional 26,700 square feet of retail in the City Center TIF District.

Lamar Corridor/West End Sub-District's development program includes:

▪ **Add 2,500 residential units to the Sub-District.**

555 Ross (previously known as Fairfield Residences at West End) is the first Lamar Corridor/West End Sub-District residential project completed since this Sub-District was created. The project has added 267 apartments to the area, accounting for 11% of the Sub-District goal. The property was sold to Mesirov Financial during FY 2017-2018.

▪ **Activate 500,000 square feet of vacant ground floor and/or retail space in the Sub-District.**

Approximately 3,000 square feet of vacant ground floor space has been renovated as part of the 711 Elm Street TIF District project. Factory Six03 added approximately 10,000 square feet ground floor retail/restaurant space. The Corgan-Crescent addition included 21,100 square feet of active ground-floor office space as part of the project. 6.8% of the TIF District Plan goal has been met.

▪ **Absorb vacant office space in the Sub-District.**

Since the inception of the Lamar Corridor/West End Sub-District, several new property purchases by established office-focused real estate firms have positioned the Sub-District to become an up-and-coming creative/innovative office market. In FY 2017-2018, Factory Six03 (West End Marketplace) completed rehabilitation of the 182,000 square foot historic structure (plus 28,000 square foot basement and 25,000 square foot rooftop addition) for creative office space. Factory Six03 has foregone the approved TIF District incentives and, instead, is receiving an historic tax exemption.

The Corgan-Crescent (also known as The Luminary) project is a multi-tenant office addition and transit-oriented development in the West End of Dallas primarily constructed for the expansion of Corgan. The completed project includes the addition of 95,000 square feet for a total of approximately 155,000 square feet of office space. This includes a 20,000 square foot expansion for Corgan and an additional 75,000 square feet of speculative tenant space.

Year-End Summary of Meetings

¹ Budget shown above in total dollars (including interest earnings and potential parking revenue), as approved in the Project Plan and Reinvestment Zone Financing Plan for the TIF District. ² This amount represents the total amount of TIF District funds expended from 1997 to 2012. ³ Allocated/Expended amounts are TIF District funds committed and/or spent to district projects through FY 2021-2022 ⁴ TIF administration costs shown are expended or committed through FY 2021-2022 ⁵ Includes 2013-2020 Dalpark Parking lease; Parking revenue (not shown) is offsetting Dalpark lease expenditures			

Note that the Harwood Park TIF District funding dedication recommended by the TIF District Board of Directors on September 22, 2022 is not included in the TIF District funding obligations since it was not considered by City Council during FY 2021-2022.

TIF District Set-Asides

Since 2012, the City Center TIF District budget has included four TIF District set-asides: Affordable Housing, District-Wide, Ground Floor/Retail Activation Initiative, and Parking. On September 22, 2022, the TIF District Board of Directors approved amendments to the City Center TIF District Amended and Restated Project Plan and Reinvestment Zone Financing Plan and forwarded a recommendation of approval to the City Council, which included shifting and modifying the set-asides within the TIF District budget. Note that as of the conclusion of the FY 2021-2022, City Council has not considered the Plan amendments. Both the current (2012 approved) and TIF District Board approved (2022) set-aside information is provided below.

The Affordable Housing set-aside funds may support mixed-income projects. The current budget for this set-aside is \$6.5 million. As approved and recommended for City Council approval by the TIF District Board on September 22, 2022, the Affordable Housing set-aside budget will be \$12.4 million.

The District-Wide Improvements Initiative set-aside should support improvement projects benefiting multiple properties or blocks and not specific to a single development site such as public parks, gateways, trails, public open space, public facilities, or utility/streetscape improvements. The current budget for this set-aside is \$4 million. As approved and recommended for City Council approval by the TIF District Board on September 22, 2022, the District-Wide Improvements Initiative set-aside budget will be \$8.26 million.

The Ground Floor/Retail Activation Initiative Set-Aside is detailed in the Downtown Ground Floor Activation Grant Program. The current budget for this set-aside \$8.3 million. As approved and recommended for City Council approval by the TIF District Board on September 22, 2022, the Plan amendment will combine the TIF District funds from this set-aside with the Affordable Housing set-aside to support mixed-income housing projects.

The Parking Initiative Set-Aside may include leasing of parking. The current budget for this set-aside \$5.5 million. As approved and recommended for City Council approval by the TIF District Board on September 22, 2022, the Plan amendment will combine the TIF District funds from this set-aside with the District-Wide Improvement Initiative to support district-wide initiatives.

Current status of the TIF District set-asides:

M/WBE Participation

TIF District funded projects must comply with the Business Inclusion and Development (“BID”) Plan and the City’s Fair Share goals of certified minority/women-owned business enterprises (“M/WBE”) participation for both public and private improvements. TIF District funded projects are not required to be publicly bid. As a result, TIF District funded projects are privately bid and are monitored to ensure compliance with the City’s BID Plan and Fair Share Goals. Reporting is not required until project completion.

City of Dallas, Texas
City Center Tax Increment Financing District
Notes to Financial Statements for the Year Ended September 30, 2022
(Unaudited)

1. The measurement focus used for the Zone fund is a flow of financial resources. The financial statements are prepared using the modified accrual basis of accounting. Under the modified accrual basis of accounting, tax increment revenues and interest are recognized as revenue when they become both "measurable" and "available" to finance expenditures of the current period. Expenditures are recognized when the liability is incurred.
2. State statute requires that each taxing jurisdiction remit its ad valorem taxes to the Zone by May 1 of each year (remittance to occur no more than 90 days after taxes for the jurisdiction become delinquent).
3. The TIF's cash balances are invested in the City's investment pool and include amounts in demand deposits as well as short-term investments. Pooled investments and short-term non-pooled investments are treated as cash equivalents. Investment income on the pooled investments is prorated monthly based upon the average daily cash balance in each fund.
4. The Zone's Financing Plan permits expenditures not to exceed \$4,660,402 over the life of the Zone to reimburse the City for administrative costs which is made up of the original allocation \$2,160,402 and an additional \$2,500,000 over the extended period of the district. The Zone began reimbursing the General Fund for administrative costs in FY'1998-99. Any future remittance for administrative expenses would come from excess cash as tax increment revenue increases as a result of increased assessed values.
5. "Due to general fund" amount of \$228,605 on September 30, 2022, represents the Zone administration costs for the fiscal year 2019-2020 (\$75,752), fiscal year 2020-2021 (\$74,485), and fiscal year 2021-2022 (\$78,368) that have been earned but will be reimbursed to the General Fund in future years based on the availability of TIF District funds. Note that these administrative costs do not include billing to other City departments.
6. All project costs resulting in capital improvements which are owned by the City are capitalized by the City of Dallas.

Mission Statement

The mission of the Farmers Market Tax Increment Financing District (the “TIF District”) is to provide a source of funding for public infrastructure improvements to promote the redevelopment, stabilization and growth of the TIF District area. An accompanying goal is the stabilization and growth of the value of the area’s tax base and support of the Dallas Farmers Market.

The Dallas City Council established the TIF District by Ordinance Number 23521 on May 27, 1998. The TIF District took effect on October 1, 1998.

In 2013, the Project Plan and Reinvestment Zone Financing Plan was amended to increase the geographic area of TIF District to include properties located south and east of the existing boundary and extend the term of the TIF District to December 31, 2028 and other related changes as approved by Ordinance 28951. In 2015, the Project Plan and Reinvestment Zone Financing Plan was further amended to increase the geographic area of the TIF District to include properties located on the east side of Harwood Street, south of Canton Street and to adjust the TIF District budget to reflect an increase in TIF District collections. As per the amendments, the City of Dallas and Dallas County are the two participating jurisdictions: the City’s participation is 90%, and the County’s participation is 40%.

TIF District Accomplishments

The TIF District was initially created to facilitate the redevelopment of vacant and underutilized land adjacent to the Dallas Farmers Market. The TIF District was amended to promote redevelopment of the Dallas Farmers Market. With more new residential development under construction and planned, the area is maturing as a major contributor to the revitalization and growth of the downtown area.

Phase 1A of The Park at Farmers Market Project (Camden Farmers Market) features 620 apartment units and a clubhouse. Public improvements in Phase 1A include the extension of Marilla Street into the project, construction of Farmers Market Way, streetscape improvements and street lighting. Construction of Phase 1B, with 284 apartment units, is completed on the site immediately south of Phase 1A.

Camden Farmers Market Phase II, a 17-unit townhouse development at the northeast corner of Canton Street and South Cesar Chavez Boulevard, was completed during the summer of 2000. Public improvements for Phase II include streetscape improvements, street lighting, wastewater and water improvements.

Camden Phase II - 17 Town Homes

The Harlan Building was completed in 2005. The renovation of the structure provides 10,000 square feet of retail/commercial space and 5 residential units. The public improvements associated with the project included water and wastewater improvements, paving, streetscape, demolition, environmental remediation and façade improvements.

The Harlan Building

Perry Homes completed construction of 44 three-story townhomes in 2007, the Farmers Market Way Townhomes (Cityview at Farmers Market Townhomes), at the corner of Farmers Market Way and Cesar Chavez Boulevard.

An additional 28 townhomes were built in 2010 and 2011 along Young Street at Cesar Chavez.

Texas InTownHomes, LLC constructed 108 single-family townhomes called Farmers Market Square at the southeast corner of Canton Street and Pearl Street. The total private cost of the Farmers Market Square Project was approximately \$47.7 million (current DCAD value is \$66.1 million). The cost of related TIF-eligible public improvements was \$3,000,000. These improvements included paving, streetscape and pedestrian lighting improvements on Cesar Chavez Boulevard, Canton Street, Marilla Street and Pearl Street. The project construction started in December 2011 and was completed in 2017. All but the model unit (not for sale) has been sold.

Eat the Yard is a veteran-owned urban farming business to grow a diverse selection of produce and herbs using environmentally friendly methods. The project is located at the southeast corner of Taylor Street and Good Latimer Street. On May 25, 2016, City Council authorized a ten-year lease agreement, with two five-year renewal options with Farmers Assisting Returning Military, a Texas 501(c)(3) non-profit corporation, to be used as an urban farm. To date, the project has above ground crop containers but no buildings have been constructed.

The Farmers Market Redevelopment Project has revitalized the Dallas Farmers Market into a vibrant urban neighborhood and includes multiple components:

- Shed 1 is renovated and operating as a marketplace for local farmers, farm merchants and vendors to sell produce and other farm-related products. It has capacity for 119 stalls.
- Shed 2 has been renovated and contains 24,148 square feet of retail space. It is active with restaurants, specialty food vendors and other retail vendors. The free-standing restaurant building to the north of the Shed was constructed as part of the Shed 2 development.
- Harvest Lofts Mixed Use Project (Sheds 3 and 4) is complete and contains 240 residential units, 16,000 square feet of retail space and 300 public parking spaces, purchased by the City of Dallas during the 2016-2017 fiscal year.
- 2101 and 2111 Taylor Street project is complete and includes 60 residential units and 25,000 square feet of commercial space.
- Construction of the futsal fields on land east of southbound Cesar Chavez Boulevard and community garden is complete.

During the 2021-2022 fiscal year, Pearl Lofts mixed-use and mixed income development project, located on the site of the obsolete and vacant Administration Building at 1100 Pearl, was recommended by the TIF District Board and approved by the City Council for TIF District funding in an amount not to exceed \$6,544,249. Pearl Lofts will include 100 residential units (30 affordable units) and ground floor office space for North Texas Food Bank. The project will also provide 25 flex-parking spaces for the public in the evenings and weekends.

The 2022 value of private development in the TIF District is \$563.9 million, with an estimated additional \$47 million in projects planned and underway.

Mixed-Income Housing Summary

Successful development efforts support a variety of housing options. Accordingly, twenty percent (20%) of all housing units in projects using direct site-specific TIF District funding assistance are subject to the City’s and County’s established criteria for mixed-income housing. The TIF District was created prior to establishment of the Mixed-Income Housing Guidelines for TIF Districts. When the Plan for the TIF District was amended in 2013, provisions for mixed-income housing were added. In this TIF District, a total of 1,334 units have been built to-date using TIF District funds, and 60 units have been reserved as affordable (20% of units funded since Mixed-Income Housing Guidelines were adopted for the TIF District). With the approval of Pearl Lofts, an additional 30 units (30% of the project’s total units) will be reserved as affordable.

Farmers Market TIF District Housing Counts	# of Units
Completed TIF District residential units	1,334

TIF District Initiatives

The Farmers Market Tax Increment Financing District Project Plan and Reinvestment Zone Financing Plan, as amended, includes a goal to improve the pedestrian environment through plaza and sidewalk improvements, landscaping, lighting, design standards, and burial of overhead utilities, including improved pedestrian connections throughout the TIF District. The Farmers Market Area Improvement budget category allows for open space and infrastructure improvements including utility improvements and relocation, street and streetscape improvements, burial of utility lines and associated engineering and design expenses as TIF-eligible expenditures.

During the current fiscal year, the Pearl Improvement Project was recommended by the TIF District Board and approved by City Council. The Project will create a plaza within the Pearl Expressway public right-of-way between Marilla and Taylor Streets.

A summary of TIF District Initiatives is as follows:

Project	Year Complete	Status	TIF Investment	TIF District Initiative Description
Farmers Market/Deep Ellum Connector Walkway	2002	Complete	\$697,970 ¹	Connects Farmers Market to the Deep Ellum entertainment district
Bark Park Central improvements in Farmers Market/Deep Ellum Connector	2004	Complete	N/A	Bark Park Central project included lighting, benches and area banners. Deep Ellum Foundation, with the support of Farmers Market TIF funds, added lighting to the nearby Art Park and commissioned new art work.

Value and Increment Revenue Summary

The TIF District's assessed 2022 tax value was \$570,004,677, an increase of \$534,290,586 over the adjusted base year. This property value change represents 1496% increase from the adjusted base value. The 2022 tax value increased \$116,443,961 (25.7%) over the 2021 tax value. The total revenue collected in 2023 from 2022 tax year values is expected to be \$3,586,265. Dallas County's NPV participation cap of \$1.1 million was reached with the 2021 increment collections.

Development Goals and Objectives

On August 25, 1999, the City Council passed Ordinance Number 24001 as amended, which approved the Farmers Market Tax Increment Financing District Project Plan and Reinvestment Zone Financing Plan. Among the goals of the Plan are:

- Goal 1: Create additional taxable value attributable to new private investment in projects in the Farmers Market TIF District totaling approximately \$114,000,000 over the term of the TIF District.

Total private development in the TIF District completed so far is approximately \$563.9 million, and an additional \$47 million investment is under construction or planned in the area (536% of goal).

- Goal 2: Create an urban neighborhood in southeast quadrant of downtown that capitalizes on proximity to the Dallas Farmers Market and supports concepts developed in the Downtown 360 Plan.

In 2013, City of Dallas initiated an effort to promote the redevelopment of the Dallas Farmers Market, and this effort to convert the southeast quadrant of downtown into a vibrant urban neighborhood is nearing completion.

- Goal 3 – Facilitate redevelopment of the current Dallas Farmers Market area to adapt to changing market conditions and anchor the neighborhood.
Dallas Farmers Market Shed 1 has been renovated as part of the Farmers Market Redevelopment Project to include improvements to meet the existing market conditions. A diversified tenant mix in Shed 1 and the addition of Shed 2 restaurants and retail support the changing neighborhood.
- Goal 4 – Improve pedestrian, transit, bicycle and vehicular connections from the Farmers Market TIF District to the Downtown Core, Government District, Deep Ellum Entertainment District and Dallas Heritage Village/Cedars neighborhood.
Beginning in 2016, the D-Link downtown shuttle service began proving circulation to and from Farmers Market. D-Link stopped service during fiscal year 2018-2019, after a four-month extension approved on January 9, 2019. Harwood Park, currently under construction and adjacent to the TIF District, is anticipated to enhance pedestrian connections through the open space, connecting to the greater downtown area. Staff and the TIF District Board will continue to seek ways to improve pedestrian, transit, bicycle and vehicular connections from the TIF District to various destinations. The update to the Downtown 360 Plan focuses on such connections.
- Goal 5 – Generate approximately \$19.2 million in total TIF District collections through the end of the term of the TIF District in 2028 (final collection in 2029).
This initial goal was set in net present value (NPV). Collections to date equal \$11.7 million NPV (61% of goal). Since the inception of the TIF District in 1998, the tax value has increased by 1496%.
- Goal 6 – Diversify retail and commercial uses in the Farmers Market TIF District.
123,727 square feet of retail space and 167,256 square feet of office space has been constructed in the TIF District, including the Harlan Building (10,000 square feet), Shed 1 (20,000 square feet that accommodates 119 farm-related produce and product stalls), Shed 2 (24,148 square feet), the free-standing restaurant building north of Shed 2 (6,310 square feet), Harvest Lofts retail space (16,000 square feet) and Taylor Lofts retail space (25,000 square feet), and East Quarter's 300 Pearl (22,269 square feet retail and 167,256 square feet office). Pearl Lofts will bring another 5,585 square feet of office space to the TIF District and will accommodate the corporate office of North Texas Food Bank.
- Goal 7 – Encourage the development of housing in the Farmers Market TIF District that is available to households with diverse income levels.
The TIF District adopted Mixed-Income Housing Guidelines to promote housing for diverse income levels for development receiving TIF District funding initiated after 2013. Projects approved for TIF District funding after 2013 are required to reserve 20% of residential units as affordable housing units. Pearl Lofts will reserve 30% of its 100 units (30 units) as affordable.

- Goal 8 – Develop 1,700 housing units within the Farmers Market TIF District; and 100,000 square feet of commercial, restaurant and farmers market space.
Since the creation of the TIF District, 2,059 residential units (121% of goal) (1,857 apartments, 202 townhomes) and 290,983 square feet of commercial space (291% of goal) have been completed. Currently, an additional 138 residential units are under construction or planned and 5,585 square feet of commercial space is planned.
- Goal 9 – Encourage the redevelopment of the current Dallas Farmers Market area including the sale of some City-owned property in the area and some streets reconfigured to create a more usable site.
Redevelopment of the Dallas Farmers Market area development is complete. The City purchased the 300 public parking spaces in FY 2016-2017.

Year-End Summary of Meetings

During the period of October 1, 2021 through September 30, 2022, the Farmers Market TIF District Board met three times, on December 13, 2021, February 17, 2022, and February 28, 2022.

The FY 2021-2022 Board members were:

Angela Downes (Chair) - City Representative (3 of 3 meeting)
Robert A. Acuna-Pilgrim – City Representative (1 of 3 meeting)
Jake McCall – City Representative (2 of 3 meeting)
Melissa Prycer – City Representative (1 of 3 meeting)
Mark Ruibal - City Representative (2 of 3 meeting)
Veronica Simmons - City Representative (3 of 3 meeting)
Ivy Sweeney – City Representative (3 of 3 meeting)
Luis Tamayo – Dallas County Representative (3 of 3 meeting)

During the fiscal year, City Council approved four items directly associated with the TIF District:

On February 23, 2022, City Council approved Resolution No. 22-0381, accepting the FY 2020-2021 Annual Report on the status of Tax Increment Financing Reinvestment Zone Number Six, (Farmers Market TIF District), submitted by the Farmers Market TIF District's Board of Directors, and authorizing the City Manager to submit the annual report to the Chief Executive Officer of each taxing jurisdiction that levies taxes on real property in the District, and to the State Comptroller, as required by state law.

On May 25, 2022, City Council approved Ordinance 32212, providing for the closure and vacation to vehicular traffic of a portion of South Pearl Expressway adjacent to City Blocks 26/132 and 15/144, by Resolution No. 22-0792.

On May 25, 2022, City Council approved Resolution No. 22-0800, authorizing the City Manager to execute a development agreement and all other necessary documents with FM City Park, LLC (“Adjacent Owner”) and/or its affiliates in an amount not to exceed \$285,650.00 for the design and construction of the Pearl Improvement Project, located in the Pearl Expressway public right-of-way between Taylor Street and Marilla Street, in Tax Increment Financing Reinvestment Zone Number Six (“Farmers Market TIF District”), approved as to form by the City Attorney, payable from Farmers Market Tax Increment Financing (“TIF”) District funds, such improvements being necessary and convenient to the implementation of the Amended Farmers Market TIF District Project Plan.

On May 25, 2022, City Council approved Resolution No. 22-0801, authorizing the City Manager to execute, conditioned upon approval as to form by the City Attorney, a development agreement, and an amendment to the Master Agreement, as amended, that expressly permits the uses and improvements as proposed, along with other documents the City deems necessary, with 1100 Pearl Street, Inc. (“Developer”) and/or its affiliates in an amount not to exceed \$6,544,249.00 (“TIF Subsidy”), payable from future Farmers Market TIF District Funds, in consideration of Pearl Lofts mixed-use and mixed-income development project (the “Project”) on property currently addressed at 2100 Jan Pruitt Way (the “Property”) in Tax Increment Financing Reinvestment Zone Number Six (“Farmers Market TIF District”).

TIF District Set-Aside

The TIF District has one set-aside for District-Wide Improvements. These funds are intended for improvements that are not specific to a single development site such as gateways, trails, open space, public facilities, or utility/streetscape improvements benefiting multiple properties or blocks. There is \$1,496,731 available to-date in the District-Wide Improvement Set-Aside, assuming completion and funding of Pearl Lofts Improvements in the amount of \$285,650.

(1) Additional Subsidy in Form of Grant (in lieu of interest expense)

4. Tax increment base and current captured appraised value retained by the zone:

Taxing Jurisdiction	Taxable Value 2022	Base Year 1996 Value	Est. Captured Value 2022*
City of Dallas	\$570,004,677	\$35,714,091	\$534,290,586
Dallas County	\$570,278,562	\$118,319,554	\$451,959,008

* Based on Certified Taxable Values. Final values will be determined on February 01, 2023.

5. Captured appraised value by the municipality and other taxing units, the total amount of the tax increment received, and any additional information necessary to demonstrate compliance with the tax increment financing plan adopted by the governing body of the municipality:

A. Estimated tax increment shared by the municipality and other participating taxing jurisdictions:

Taxing Jurisdiction	Assessment Per \$100	Amount of Estimated 2022 Increment
City of Dallas	\$0.67122	\$3,586,265
Dallas County	0.00000	\$0
Total for all Jurisdictions	0.67122	\$3,586,265

B. The total amount of estimated tax increment to be billed for the 2022 tax year is \$3,586,265. For the 2021 tax year, increment in the amount of \$2,957,891 was received.

C. Dallas County reached their maximum increment contribution with the 2020 tax year (Fiscal Year 2021 collections) and will no longer participate starting with the 2021 tax year (Fiscal Year 2022 collections).

City of Dallas, Texas
Farmers Market Tax Increment Financing District
Notes to Financial Statements for the Year Ended September 30, 2022
(Unaudited)

1. The measurement focus used for the Zone fund is a flow of financial resources. The financial statements are prepared using the modified accrual basis of accounting. Under the modified accrual basis of accounting, tax increment revenues and interest are recognized as revenue when they become both "measurable" and "available" to finance expenditures of the current period. Expenditures are recognized when the liability is incurred.
2. State statute requires that each taxing jurisdiction remit its ad valorem taxes to the Zone by May 1 of each year (remittance to occur no more than 90 days after taxes for the jurisdiction become delinquent).
3. The TIF's cash balances are invested in the City's investment pool and include amounts in demand deposits as well as short-term investments. Pooled investments and short-term non-pooled investments are treated as cash equivalents. Investment income on the pooled investments is prorated monthly based upon the average daily cash balance in each fund.
4. The Zone's Financing Plan permits expenditures not to exceed \$1,112,684 (in current) of the Zone to reimburse the City for administrative costs. The City began billing the Zone for administrative costs in FY 1998-99. Any future remittance for administrative expenses would come from excess cash as tax increment revenue increases as a result of increased assessed values.
5. The Zone has received advances from City of Dallas to fund improvements that have been made by the Department of Public Works and Transportation. The City used the funds from the 1985 general obligation bond program that were allocated to fund these public improvements in the TIF district. Funds advanced by the City, which bear interest from the date of advance, include the following:

\$1,791,030 advance as of March 11, 1999, bears interest at 5.20% compounded annually, and

\$1,995,017 advance as of September 25, 2000, bears interest at 5.20% compounded annually, and

\$478,886 advance as of October 01, 2001, bears interest at 5.20% compounded annually, and

\$226,237 advance as of September 25, 2002, bears interest at 5.20% compounded annually.
6. "Due to general fund" amount of \$167,061 on September 30, 2022, represents the Zone administration costs for the fiscal year 2019-2020 (\$41,251), fiscal year 2020-2021 (\$48,218) and fiscal year 2021-2022 (\$77,592) that have been earned but will be reimbursed to the General Fund in future years based on the availability of TIF District funds. Note that these administrative costs do not include billing to other City departments.
7. All project costs resulting in capital improvements that are owned by the City of Dallas are capitalized.

* Disbursement Year 2021 includes final Harvest Lofts payment of \$2,612,408

Estimated Payback Schedule is based on the following assumptions:

1. Payments through 2022 are actual; 2023 payment is anticipated based on 2022 tax values; Remainder of years are estimates, projecting 2% growth for 2024 collections and 3% thereafter until TIF District termination
2. Projects are complete and developer obligations are met
3. District Set-Aside (5% of Annual Increment) and Administration Costs are funded prior to funding developer projects (Net Available for Disbursement)
4. All approved TIF District current funding obligations are due to the same developer for Phase II components of the FM Redevelopment Project
5. Payback based on assumption that no other projects receive TIF District funds (distribution would be per Increment Allocation Policy)
6. Current projections show that full Plan Budget amount is not collected
7. TIF Advance of General Obligation Bond Fund Payments is an estimate (interest owed)

Mission Statement

The mission of the Sports Arena TIF District (“TIF District” or “Zone”) is to generate tax increment sufficient enough to reimburse costs of roadway improvements and other public improvements in the TIF District that were beneficial to the redevelopment of the area around the American Airlines Center (“AAC”). The mission of the TIF District was amended in 2012 to provide a means of funding needed improvements to shift AAC event parking from surface parking lots to structured parking within the Victory area, facilitate redevelopment in West Dallas that currently serves as a gateway from the west to the Victory area, improve occupancy rates of retail space in the Victory area and create new retail opportunities in the West Dallas area.

Dallas City Council created the Sports Arena TIF District (Reinvestment Zone Number Seven) by Ordinance No. 23688 on October 28, 1998. The TIF District took effect January 1, 1999 and its original termination date was December 31, 2018, or when all TIF District project costs and any interest on these costs were paid in full. The termination date of the TIF District was extended by 10 years to December 31, 2028 on May 23, 2012, by Ordinance No. 28672. Also, in 2012, the TIF District’s boundary was expanded to create three sub-districts. The original boundary of the TIF District became the Victory Sub-district, and the Riverfront Gateway and West Dallas Sub-districts were created.

The City of Dallas participation rate in all three sub-districts is 90%. Dallas County’s participation rate in the Victory Sub-district is 45%, while the participation rate for the Riverfront Gateway and West Dallas Sub-districts is 55%.

TIF District Accomplishments

Since its inception, the Sports Arena TIF District has leveraged approximately \$2.4 billion in new development completed or under construction through fiscal year 2022. TIF District development includes 5,458 residential units, 251 hotel rooms, 454,200 square feet of retail space, and 1,421,000 square feet of office space (includes 436,000 square feet of planned office space).

Mixed-Income Housing Summary

Successful development efforts support a variety of housing options. In 2012, the TIF District's project plan was amended to add the requirement of mixed-income housing for residential projects receiving TIF District funding. Accordingly, twenty percent (20%) of all housing units in projects using direct, site-specific TIF District funding assistance are subject to the City's and County's established criteria for mixed-income housing. Since 2012, only one residential project in the TIF District received funding, Cypress at Trinity Groves. Of the 352 residential units constructed, 70 units (20%) have been set-aside as affordable.

Value and Increment Revenue Summary

The base value of the TIF District is the total appraised value of all taxable real property in the TIF District, as determined by the Dallas Central Appraisal District's certified property tax roll for the base year. The base value is established the year a property is placed within TIF District boundaries.

The Sports Arena TIF District's original assessed 1998 base tax value was \$16,423,773. The TIF District's financing plan was amended in 2012 to create three sub-districts: Victory, Riverfront Gateway, and West Dallas. As a result, each sub-district has its own base year value.

Victory Sub-district – In 2012, the Victory Sub-district's amended base value was \$33,515,323. The sub-district's certified appraised value in 2022 was \$1,781,649,727, an increase of \$213,833,967 (13.6%) from the sub-district's 2021 final value (\$1,567,815,760). This increase will result in an estimated collection in 2023 of approximately \$13,083,974 (City \$11,733,828; County \$1,350,146) in incremental revenue.

Riverfront Gateway Sub-district – In 2012, the Riverfront Gateway Sub-district's base value was \$18,624,970. The sub-district's appraised certified value in 2022 was \$36,308,070, an increase of \$3,715,210 (11.4%) from the sub-district's 2021 final value (\$32,592,860). This increase will result in an estimated collection in 2023 of approximately \$139,889 (City \$118,693; County \$21,197) in incremental revenue.

West Dallas Sub-district – In 2012, the West Dallas Sub-district's base value was \$11,590,076. The sub-district's appraised certified value in 2022 was \$180,462,870, an increase of \$27,085,625 (17.7%) from the sub-district's 2021 final value (\$153,377,245). This increase will result in an estimated collection in 2023 of approximately \$1,335,936 (City \$1,133,508; County \$202,428) in incremental revenue.

The TIF District's (all sub-districts) total value in 2022 was \$1,998,420,667, an increase of \$244,634,802 (14%) from the final 2021 total district value (\$1,753,785,865). This

increase in total district value will result in an estimated collection in 2023 of approximately \$14,559,799 in total incremental revenue for the Sports Arena TIF District.

Objectives, Programs, and Success Indicators

The original Sports Arena TIF District Project and Reinvestment Zone Financing Plan was adopted August 25, 1999. In 2012, the TIF District's Project and Reinvestment Zone Financing Plan was amended, and the goals and objectives were revised to include additional public improvements as well as private development.

Specific actions addressing these objectives follow in italics:

- Attract 250,000 square feet of additional retail space.

Approximately 454,000 square feet of retail space (includes restaurant and theater space) completed, continued or began construction within the TIF District since 1998 (182% of the total goal).

- Attract 3,000 additional residential units including town home, multifamily and condominium units.

The Trinity Groves Residential Phase III project (368 residential units) in the West Dallas Sub-district continued construction during the fiscal year. The 505 Riverfront project (535 residential units) started construction during the fiscal year.

In total 5,458 residential units have completed construction or are currently under construction (182% of the total goal) since 1998.

- Increase recreational opportunities and improve connections to the City of Dallas trails and open space system in the Sports Arena TIF District, especially the Trinity River, Trinity Strand Trail, Katy Trail and proposed Continental Pedestrian Bridge.

Continental Avenue Bridge Project – The Bridge was permanently closed to vehicular traffic on July 8, 2013. The construction cost for the Continental Avenue Bridge and West Dallas Gateway project was funded by private donations and bond funds. The bridge reopened for pedestrians only in 2015, providing a new outdoor destination with recreational amenities, parking at the West Dallas Gateway and non-motorized vehicular access across the Trinity River.

Katy Trail Extension – As part of the two-way conversion of Houston Street completed in 2016, a dedicated bicycle track on both sides of Houston Street was constructed, connecting to the current terminus of the KATY Trail and extending it throughout the Victory sub-district improving bicycle circulation.

Hi Line Connector Trail Project - On June 23, 2021 City Council approved a development agreement with the CTC for the design and construction of the North

Victory segment of the Hi Line Connector Trail Project located in the Victory Sub-district of the Sports Arena TIF District in an amount not to exceed \$11,562,124. The project will begin construction in 2023 with anticipated completion in June of 2025.

- Increase the utilization of structured parking to provide public and American Airlines Center (AAC) event parking.

Construction of the North Parking Garage providing AAC event parking completed in 2015. 425 spaces in the South Parking Garage provide additional AAC structured parking. These two facilities enabled the redevelopment of approximately 12.3 ± acres previously used for surface parking.

- Improve access and connectivity between the Victory, Riverfront Gateway Sub-district and West Dallas Sub-districts.

Improvements to the bike trail and pedestrian network, Continental Bridge improvements and ongoing work at Trinity Groves is intended to improve connectivity within the Sports Arena TIF District.

M/WBE Participation

Although public bidding is not required for TIF District-funded projects, all TIF District-funded projects must follow the City's adopted Business Inclusion and Development Plan (BID) and make a good faith effort to include certified Minority and Women-Owned Business (M/WBE) participation in TIF District-funded projects. The BID Plan goal for the TIF District-funded projects listed below was 25 percent (25%) M/WBE participation in construction costs of the awarded subsidy. During fiscal year 2020-2021, City Council increased the BID Plan goal for construction costs to 32 percent (32%).

City of Dallas, Texas
Sports Arena Tax Increment Financing District
Notes to Financial Statements for the Year Ended September 30, 2022
(Unaudited)

1. The measurement focus used for the Zone fund is a flow of financial resources. The financial statements are prepared using the modified accrual basis of accounting. Under the modified accrual basis of accounting, tax increment revenues and interest are recognized as revenue when they become both "measurable" and "available" to finance expenditures of the current period. Expenditures are recognized when the liability is incurred.
2. State statute requires that each taxing jurisdiction remit its ad valorem taxes to the Zone by May 1 of each year (remittance to occur no more than 90 days after taxes for the jurisdiction become delinquent).
3. The Zone's cash balances are invested in the City's investment pool and include amounts in demand deposits as well as short-term investments. Pooled investments and short-term non-pooled investments are treated as cash equivalents. Investment income on the pooled investments is prorated monthly based upon the average daily cash balance in each fund.
4. The Zone's Financing Plan permits expenditures not to exceed \$765,000 (in Current dollars) over the life of the Zone to reimburse the City for administrative costs. The City began reimbursing the general fund for administrative costs in FY 1998-99. Any future remittance for administrative expenses would come from excess cash as tax increment revenue increases as a result of increased assessed values.
5. "Due to general fund" amount of \$168,246 at September 30, 2022 represents the Zone's administration costs for the fiscal year 2018-2019 (\$1,581), fiscal year 2019-2020 (\$40,243), fiscal year 2020-2021 (\$69,587), and (\$56,835) for the fiscal year 2021-2022 that have been earned but will be reimbursed to the General Fund in future years based on the availability of TIF District funds. These administrative costs do not include billing to other City departments.
6. All expenditures resulting in capital improvements that are owned by the City are capitalized on the City's books.

Appendix B: Project Pay-Off Estimates

Estimated pay-off dates may change and are subject to the following

- (1) Changes in increment collected annually;
- (2) Changes in the real property tax rates of participating taxing jurisdictions (City of Dallas and Dallas County);
- (3) Changes in the participation rate of participating taxing jurisdictions;
- (4) Completion dates of projects listed in the TIF District's reimbursement queue; and/or
- (5) Changes in development activity within the TIF District

Appendix C: Sub-district Set-Aside Funds

The Sports Arena TIF District Project Reinvestment Zone Financing Plan created a West Dallas set-aside within the Victory Sub-district. Additionally, the adopted Increment Allocation Policy for the TIF District gave the TIF District Board the discretion to set aside increment for “sub-district wide improvements” such as gateways, trails, open space, public facilities, workforce training or utility/streetscape improvements benefiting multiple properties or blocks within the sub-districts.

Victory Sub-district Set-Asides

West Dallas Set-Aside - Ten percent (10%) of the total collected City and County increment revenue (after administrative expenses) for the Victory Sub-district shall be allocated to the West Dallas Sub-district.

Victory Sub-district Wide Improvements Set-Aside – From 2014 annual sub-district increment, after payment of completed Tier One projects, \$500,000, shall be set-aside for eligible sub-district wide improvements. Eligible improvements are limited to future design and construction of public improvements that may be required as a result of the implementation of the following Tier Two infrastructure improvement projects: Olive Street Reconfiguration and Two-Way Conversion of Houston Street and Victory Avenue.

Riverfront Gateway Sub-district Set-Aside

Riverfront Gateway Sub-district Wide Improvements Set-Aside – Ten percent (10%) of the increment generated from the Riverfront Gateway Sub-District, up to \$955,000, shall be set aside for eligible improvements. Eligible improvements shall specifically include streetscape, open space and trail improvements that benefit multiple properties within the Riverfront Gateway Sub-district whether constructed as part of a single development project or independent of a development project. These funds may also be used as a match for potential grant funding for eligible improvements.

West Dallas Sub-district Set-Asides

Zoning Sub-district Wide Improvements Set-Aside – Five percent (5%) of the increment generated from the West Dallas Sub-District, up to \$3,000,000, shall be set aside for Planned Development District (PD) 891 zoning required improvements (Zoning Sub-district Wide Improvements). Zoning Sub-District Wide Improvements shall specifically include PD 891 Open Space Improvements, whether constructed incrementally or in conjunction with specific private development projects or constructed independent of a specific private development project. PD 891 improvements specifically include: Muncie Street Linear Park, Herbert Plaza and the Akron Park Greenway.

General Sub-district Wide Improvements Set-Aside – Ten percent (10%) of the increment transferred from the Victory Sub-district shall be set-aside for other West Dallas Sub-

district wide improvement projects (General Sub-district Wide Improvements) and to be used as a match for potential grant funding of improvement projects.

Mission Statement

The mission of the Design District TIF District is to provide a source of funding for public infrastructure improvements that will assist in redeveloping an industrial and warehouse district to take full advantage of the expanding DART light rail system, to promote transit oriented development, and to improve access to the Trinity River and the quality of development adjacent to the Trinity Corridor. The Design District TIF District duration began on January 1, 2006 and will terminate on December 31, 2027, (including collection of the 2027 increment in calendar year 2028 and any related matters to be concluded in 2028).

TIF District Accomplishments

Dallas City Council established the Design District TIF District by Ordinance Number 26021 on June 8, 2005. The TIF District was established to assist in the transformation of the old Stemmons Industrial area into a diversified, pedestrian friendly, mixed-use neighborhood near the heart of Downtown Dallas. The Design District TIF Board adopted the Project Plan and Reinvestment Zone Financing Plan in 2006.

In February 2009, the TIF District Board adopted a “Design District TIF Strategic Implementation Plan” to guide the next phases of development and improvements in the District.

The first TIF District-funded project, “1525 Turtle Creek at the District” (recently purchased by BV Design Multifamily), was completed in 2010 and included extensive public improvements along Hi Line Drive, Oak Lawn Avenue, and Turtle Creek Boulevard.

During FY 2011-2012, the TIF District Board approved by-law amendments to reflect changes in state law for TIF District Board composition recognizing that only taxing jurisdictions that participate financially can have representation and a change in the TIF District-funded project design review process to have that function undertaken as part of the City Design Studio Peer Review Panel. The TIF District Board also approved a set of master design guidelines and mixed-income housing guidelines.

A development agreement with Texas Security Bank for the Turtle Creek Median district-wide improvement project dedicated up to \$116,356 in TIF District funds for median and signage improvements along Turtle Creek Boulevard from Irving Boulevard to Market Center Boulevard. The median project was completed in 2013.

Also approved in FY 2011-2012 was a development agreement with Friends of the Trinity Strand Trail to dedicate up to \$400,000 for the design and engineering of the Trinity Strand Trail Soft Surface Trail Design Project. The design study was completed in mid-2014; however, the construction phase has not moved forward.

During FY 2012-2013, an expansion of the TIF District and Plan amendment was approved by Ordinance Number 29037 to create two sub-districts within the Design District TIF District: (a) Design District Sub-District (original district boundary plus additional property along Slocum/Dragon Streets and Riverfront Boulevard) and (b) Market Center/Stemmons Sub-District (an expansion area to facilitate the redevelopment of the Dallas Apparel Mart site). A development agreement was also approved for the Proton Treatment Center project; however, the Proton Treatment Center project did not move forward, and TIF development agreement authorization expired in December 2015.

During FY 2013-2014, the TIF District Board adopted a set of “Guidelines for Wayfinding and Gateway Signage” to encourage consistency with signage improvements whether as a district-wide improvement or in conjunction with a development project.

In FY 2014-2015, a development agreement for the Alexan Riveredge project dedicated up to \$7,800,000 in TIF District funding for public infrastructure and an economic development grant in support of the project. The development was completed in 2017.

In FY 2018-2019, a development agreement for the Virgin Hotel Infrastructure Project was approved for up to \$3,622,885 in TIF District funding for streetscape and trail related public improvements.

In FY 2019-2020, a development agreement for the Cabana Hotel Redevelopment Project was approved for up to \$15,500,000 in TIF District funding. The TIF District Board also recommended up to \$7,000,000 in current and future TIF District funding for the design and construction of the Trinity Strand Trail Hi-Line Span Project. The Project’s design phase utilizing existing TIF District funds was approved by City Council in September 2019.

During FY 2020-2021 and FY 2021-2022, the design phase for the Trinity Strand Trail Hi-Line Span Project was ongoing with consultant updates provided to the TIF District Board. Staff also continued to monitor existing and pending developments.

Projects within the TIF District completed, under construction or in the development stage to date are shown in the table below.

- ² Based upon either the incentive application or required minimum stated in the development agreement. May be updated for completed projects based on actual unit mix and square footage.
- ³ Based upon 1) market value of comparable projects for anticipated projects, 2) private investment stated in the development agreement for projects that are approved or under construction, or 3) DCAD market value for completed projects (unless project has not yet been assessed). Values may not be fully captured by the TIF District for redevelopment projects once pre-existing value and/or the demolition of structures is netted out.
- ⁴ Principal amount not to be exceeded per the development agreement. TBD indicates that development agreement has not yet been adopted. Asterisk indicates investment also includes interest not shown.
- ⁵ Selected significant projects included.
- ⁶ Tax-exempt property. Amount shown is approximate investment in improvements.
- ⁷ Per the TIF program requirements when the development agreement was executed, the project provided 20% of units as affordable during the time period December 2009 – December 2012.
- ⁸ Per TIF program mixed-income housing requirement, the project will provide at least 20% affordable units for 15 years.

Mixed-Income Housing Summary

Successful development efforts support a variety of housing options. Accordingly, twenty percent (20%) of all housing units in projects using direct site-specific TIF district funding assistance are subject to the City’s and County’s established criteria for mixed-income housing. In this TIF District, as part of TIF District funding, a total of 523 units have been built to-date, and 62 are currently set-aside as affordable. 1525 Turtle Creek at the District had previously included 43 affordable units from 2009 to 2012; however, there was a provision in the agreement allowing a buyout of the remaining affordability period. The buyout totaled \$524,600, and those funds been dedicated towards offsetting the cost of affordable units for the Alexan Riveredge project in the TIF District. The buyout option is no longer included in TIF development agreements, and deed restriction provisions are now being added to secure affordable housing for a 15-year period.

A total of 2,294 residential units have been completed overall. Another 997 units are under construction or planned without any TIF district subsidy anticipated.

TIF District Initiatives

The City and community partners have been engaged in several district-wide initiatives to create trail connections and other public improvements described in more detail below. The Trinity Strand Trail (formerly known as the Old Trinity Trail) Master Plan improvements are an integral part of attracting new mixed-use development in the Trinity River corridor and creating a vibrant neighborhood with recreational opportunities in the Design District area.

Two trailheads are complete at Hi Line Drive (by the river channel and the Turtle Creek Plaza and trailhead along Turtle Creek Boulevard between Market Center and Irving Boulevards). A Phase 1 2.5-mile concrete trail (main/spine trail) running along the old Trinity River from Stemmons Freeway to Medical District Drive opened in 2015. In addition, \$400,000 in TIF District funds were utilized for the design of a soft surface trail that would parallel the Phase I concrete trail on the opposite banks. Those plans were completed in mid-2014.

The Hi-Line Drive pedestrian improvement project was completed in 2009. The project was funded through the North Central Texas Council of Governments (NCTCOG)'s Regional Transportation Council's 2006 Sustainable Development (SD) Program. The improvements were constructed concurrently with public improvements as part of the "1525 Turtle Creek at the District" project. As part of the TIF development agreement, \$207,447 in local match funds leveraged \$829,789 in grant funds for a total project cost of \$1,037,236.

The Edison/Hi Line/Stemmons/Rail Transit Underpass Connection project was completed in 2013. The \$1.4 million pedestrian improvement project was part of the 2009-2010 North Central Texas Council of Governments (NCTCOG) Sustainable Development (SD) Program. PM Realty Group was the private sponsor with the 1400 Hi Line mixed-use development and provided the 20% local match, \$287,766 of the total project cost of \$1.4 million. The public infrastructure improvements included pedestrian and crosswalk improvements along Edison Street between Stemmons Freeway and Hi Line Drive, along southbound Stemmons frontage road and improvements to the underpass of Hi Line Drive under Stemmons Freeway. These improvements built on the 2006 SD Hi Line Drive improvements to create a stronger connection to the Victory DART Light Rail and TRE train stations and further enhance the gateway from downtown/Victory into the Design District.

The Friends of the Trinity Strand Trail is working with the City to implement Phase 2 connecting to the medical center area.

As a result of ongoing collaboration among City staff, the Friends of the Trinity Strand Trail, the Circuit Trail Conservancy, and Dallas County, the Trinity Strand Trail Hi-Line Span Project is in the design phase with a scope that includes a pedestrian bridge from the Hi Line Drive trailhead across the meanders and a mini connector trail on the western banks to Irving Boulevard.

TIF District Development Project Map

Value and Increment Summary

The Design District TIF District's assessed 2022 taxable value was \$1,171,036,248 for the TIF District as amended in 2013. This represents an increase of \$889,162,495 or 315% over the base years (2005 and 2013) value and an increase of 20% over last year's final value. For the individual sub-districts, the Design District Sub-District 2022 taxable value was \$964,225,548, an increase of 397% of the base year, and the Market Center/Stemmons Sub-District taxable value was \$206,810,700 an increase of 135% over the base year.

The TIF District anticipates collecting approximately \$6,995,235 in incremental tax revenue in 2023 for tax year 2022.

Objectives, Programs, and Success Indicators

The Design District Project Plan and Reinvestment Zone Financing Plan was adopted in April 2006 and amended in June 2013. Among the goals of the Plan are:

- To create additional taxable value attributed to new private investment in projects in the Design District TIF District totaling approximately \$1 billion.
Over \$1 billion in new investment is completed, underway or planned (100% of the goal)
- To attract new private development in the District totaling approximately 1.4 million square feet of retail/showroom/gallery space, 500,000 square feet of office space, 550 hotel rooms, and 4,500 new residential units.

Approximately 3,291 residential units, 266,813 square feet of new or upgraded retail/showroom space, 13,520 square feet of gallery/arts space, 559,075 square feet of office space, and 782 hotel rooms are completed, under construction or planned. (73% of the residential goal, 20% of the retail goal, exceeding the office goal by 12%, and exceeding the hotel room goal by 42%.

Movement Dallas - rock climbing, yoga, and fitness facility at 141 Glass Street

- To reach ridership at the future DART Market Center light rail station averaging 2,500 riders per weekday by 2017.

This portion of the DART Green Line including the Market Center station opened in December 2010. During the first year of operations average daily ridership was 281. The annualized ridership for FY 2022 is 133,605, according to DART. This represents a 76% increase over the base year (FY 2011) and 43% increase from last year. Average daily ridership is 396, a 43% increase from last year.

FY 2021	Market Center	93,128	-30.57%	22.38%
FY 2022	Market Center	133,605	43.46%	75.56%

- To improve the access and connections to the DART light rail system within the Design District TIF District.

Streetscape and open space improvements constructed as part of the approved “1525 Turtle Creek at the District” project have provided more pedestrian accessibility in the northern gateway of the District. Improvements completed in 2013 near Edison Street and Hi Line Drive connecting through the underpass at Stemmons Freeway provide improved access from the District to the Victory DART Light Rail and TRE Stations. The expansion of the TIF District boundary in 2013 has the potential to facilitate future opportunities to connect to multiple stations.

- To support the conversion of the Design District area from industrial and warehousing land uses to a mixed-use, transit-oriented neighborhood that complements the Victory development and the Trinity River Project.

Mixed-use projects like the completed Trinity Lofts redeveloped an 88,000-square foot warehouse/office into 164,030 square feet of residential and showroom space.

Some former showroom buildings or vacant commercial properties have been repurposed for new uses including restaurants, a coffee house, and Bowl Lounge (bowling alley).

- To increase recreational opportunities, public open space and improve connections to the City of Dallas trails and open space system, including the Trinity Strand Trail, in the District.

The Master Plan for the Trinity Strand Trail has been adopted. Two trailheads are now completed at Turtle Creek Plaza along Turtle Creek Boulevard between Market Center and Irving Boulevards and at the western end of Hi Line Drive (by the river channel). Construction of Phase I of the trail from Stemmons Freeway to Medical District Drive was completed and opened in 2015. The design project for a soft surface trail to parallel the Phase I concrete trail was completed in 2014; however, construction did not move forward. A civic plaza at Oak Lawn Avenue and Hi Line Drive was completed as part of the “1525 Turtle Creek at the District” project. Phase 2 that will connect to the medical center area along Market Center Boulevard to the Inwood/Love Field DART station is anticipated to complete construction in 2023.

The Trinity Strand Trail Hi-Line Span Project, currently in design, will further trail connections within the Design District to the west and is an alternative to the prior soft surface trail concept. The Project will also connect to the future Hi Line Connector Trail that will link the Trinity Strand Trail to the Katy Trail.

- To generate approximately \$76.9 million (net present value) in increment over 20 years of collections.

The TIF District’s 2022 total taxable value was \$1,171,036,248. The revised budget figure of \$76.9 million was approved in a 2013 plan amendment, and 2014 was the first year that expanded areas began generating increment. The estimated collection for tax year 2022 is \$6,995,235. Total collections (NPV) are currently 32% of the amended Plan goal.

Year-End Summary of Meetings

The Design District TIF District Board of Directors met three times during the fiscal year from October 1, 2021 to September 30, 2022. The Board approved and forwarded one item to City Council.

The Board, based on amended composition, can consist of up to seven members, including six City of Dallas appointees and one Dallas County appointee. During FY 2021-2022 the Board members were Michael Kutner – City Representative, Vice-Chair (3 of 3 meetings), Carolyn Sortor - City representative (3 of 3 meetings), Nicolas Villalba - City representative (3 of 3 meetings), Pam Dawson - City representative (2 of 3 meetings), Shoncy Raspberry - City representative (1 of 3 meetings), Peter Han – City Representative (*appointed after the last meeting*) and Luis Tamayo - Dallas County Representative (3 of 3 meetings).

During the fiscal year, the City Council approved one item directly associated with the Design District TIF District:

- On February 23, 2022, the City Council approved Resolution Number 22-0383 accepting the FY 2020-2021 Annual Report on the status of Tax Increment Financing Reinvestment Zone Number Eight, (Design District TIF District), submitted by the Design District TIF District's Board of Directors, and authorizing the City Manager to submit the annual report to the Chief Executive Officer of each taxing jurisdiction that levies taxes on real property in the District, and to the State Comptroller, as required by state law.

Pending TIF District Items

- Consideration of the FY 2021-2022 TIF District Annual Report and a recommendation to the City Council for approval.

Budget and Spending Status

Each TIF District establishes a budget for the public improvement expenditures necessary to support private investment in the district in the Project Plan and Reinvestment Zone Financing Plan. Below is the current TIF District budget:

FY 2022-2023 Work Program

The FY 2022-2023 work program includes:

- Continue coordination efforts for implementation of current development projects.
- Continue working with stakeholders to implement the Trinity Strand Trail Hi-Line Span Project and other improvements for connections to trails and open space, signage and other projects benefiting the TIF District.
- Investigate additional sources of funding for the TIF District.

Reinvestment Zone Number Eight
As of September 30, 2022

Chapter 311.016 of V.C.T.A. requires the following information as part of the annual report on the status of the TIF District. Information is contained in detail on the attached financial statements.

1. Amount and source of revenue in the tax increment fund established for the zone:

	(374,036) Interest Income
	\$5,713,279 Ad Valorem Taxes (Collected in FY 2021-2022 based on 2021 Final Tax Roll)
	\$5,339,243 Total Revenue

2. Amount and purpose of expenditures from the fund:

	\$48,007 Administrative Expense - TIF admin cost for FY 2021-2022
	\$0 Non-Capital outlay
	\$221,393 Capital outlay for the Trinity Strand Trail Hi-Line Bridge
	\$0 Additional Subsidy in Form of Grant (in lieu of interest expense)
	\$269,400 Total Expenditures

3. a. Amount of Principal and Interest due on outstanding bonded indebtedness:

Design District TIF District has incurred no bonded indebtedness as of September 30, 2022.

b. The Zone entered into a development agreement with Alta Block 1500, LLC for the development of the "1525 Turtle Creek at the District" project in the TIF in an amount not to exceed \$4,402,000 plus additional subsidy in form of grant (in lieu of interest) on certain public improvements. The developer was fully paid in fiscal year 2014.

c. The Zone authorized a development agreement with Dallas Proton Treatment Center, LLC for the development of the Dallas Proton Treatment Center in an amount not to exceed \$7,025,000; however, the authorization expired in December 2015.

d. The Zone entered into a development agreement with AR Apartments, LLC for the development of the "Alexan Riveredge" project in an amount not to exceed \$7,800,000. The developer was fully paid with the exception of a portion of the subsidy, up to \$150,000, pending a plan for a trail connection that is part of district-wide set aside funds.

e. The Zone entered into a development agreement with DD Dunhill Hotel LLC for the Virgin Hotel Infrastructure project in an amount not to exceed \$3,622,885. A payment of \$2,842,732 was made in fiscal year 2021. The remaining balance of \$780,153 will be disbursed upon the successful completion of Phase II of the Virgin Hotel Infrastructure project.

f. The Zone authorized a development agreement with Cabana Development, LLC for the Cabana Hotel Redevelopment project in an amount not to exceed \$15,500,000. Disbursement is anticipated upon completion.

4 The zone has paid the following obligations from available TIF funds as of September 30, 2022:

Project	Advance	Accrued Add'l	Less	Total (P & I)
	Principal	Subsidy (1)	Payments	Outstanding
1525 Turtle Creek Project	\$4,402,000	\$222,896	\$4,624,896	\$0

City of Dallas, Texas
Design District Tax Increment Financing District
Notes to Financial Statements for the Year Ended September 30, 2022

1. The measurement focus used for the Zone fund is a flow of financial resources. The financial statements are prepared using the modified accrual basis of accounting. Under the modified accrual basis of accounting, tax increment revenues and interest are recognized as revenue when they become both "measurable" and "available" to finance expenditures of the current period. Expenditures are recognized when the liability is incurred.
2. State statute requires that each taxing jurisdiction remit its ad valorem taxes to the Zone by May 1 of each year (remittance to occur no more than 90 days after taxes for the jurisdiction become delinquent).
3. The Zone's cash balances are invested in the City's investment pool and include amounts in demand deposits as well as short-term investments. Pooled investments and short-term non-pooled investments are treated as cash equivalents. Investment income on the pooled investments is prorated monthly based upon the average daily cash balance in each fund.
4. The Zone's Financing Plan permits expenditures not to exceed \$4,566,434 (in current \$) over the life of the Zone to reimburse the City for administrative costs. The Zone began reimbursing the general fund in fiscal year 2009-2010. Any future remittance for administrative expenses would come from excess cash as tax increment revenue increases as a result of increased assessed values.
5. "Due to general fund" amount of \$238,214 on September 30, 2022 represents the Zone administration costs for fiscal year 2018-2019 (\$68,461), fiscal year 2019-2020 (\$68,078), fiscal year 2020-2021 (\$53,668), and fiscal year 2021-2022 (\$48,007) that have been earned but will be reimbursed to the General Fund in future years based on the availability of TIF District funds. Note that these administrative costs do not include billing to other City departments.
6. All project costs resulting in capital improvements that are owned by the City are capitalized by the City.

Appendix B – Financial Obligations Estimated Payoff

The Alexan Riveredge project had an obligation for up to \$7,800,000. A portion of the subsidy, \$150,000 is pending a plan for a trail connection that is part of district-wide set aside funds. The \$7,650,000 net obligation was fully paid in FY 2018-2019.

The Virgin Hotel Infrastructure Project has a total obligation for up to \$3,622,885. A payment of \$2,842,732 was made in fiscal year 2021. The remaining balance of \$780,153 will be paid upon the successful completion of Phase II of Project.

The Cabana Hotel Redevelopment Project has a total obligation of up to \$15,500,000. Pending execution of a development agreement and completion of all agreement requirements (anticipated project completion is 2025), current projections estimate the full obligation will be paid upon completion.

Appendix C – District-Wide Set-Aside Funds

The TIF Increment Allocation Policy adopted by the TIF District Board for the Design District TIF District currently provides for 20% of any district increment, after administrative expenses, to be set-aside for District-Wide Improvements. However, if the annual balance in the District-Wide Improvement Set-Aside exceeds \$500,000, the TIF District Board may evaluate whether to reduce this percentage set-aside in any given year. Specific improvement projects are to be determined and the amount of this set aside will be reviewed annually based on updated financial projections and District needs. The TIF District Board shall also have the discretion to release all or part of District-Wide Set-Aside funds towards payment of one or more TIF-eligible projects.

The balance for the District-Wide Set-Aside, as of the end of FY 2021-2022, totals \$7,072,809.45 (*all current funds are committed to projects*). An existing commitment includes \$150,000 set aside for a trail connection as part of the Alexan Riveredge project.

The pending commitment for the Cabana Hotel Redevelopment Project includes up to \$500,000 in off-site district-wide public improvements such as wayfinding signage, gateway and portal improvements, and/or open space with locations to be determined in a collaborative process.

In February 2020, the TIF District Board approved up to \$7,000,000 in current and future District-Wide Set-Aside funds for the design and construction of the Trinity Strand Trail Hi-Line Span Project. The design phase has begun utilizing existing funds in the amount of \$631,225.

Mission Statement

The Vickery Meadow Tax Increment Financing (TIF) District (“District”) represents the outgrowth of the City of Dallas’ effort to provide a model for redeveloping urban corridors to take full advantage of the expanding DART light rail system, to promote transit-oriented development and to implement appropriate urban design standards. The mission of the Vickery Meadow TIF District is to provide a source of funding to enhance private investment in the real estate market for the Vickery Meadow TIF District area.

The Dallas City Council established the Vickery Meadow TIF District by Ordinance Number 25964 on April 27, 2005. The Vickery Meadow TIF District took effect on January 1, 2006 and will terminate on December 31, 2027 (including collection of the 2027 increment in calendar year 2028 and any related matters to be concluded in 2028) or when the budget of \$32.2 million (2006 dollars) has been collected. The City of Dallas and Dallas County are the two participating jurisdictions. The City’s participation is 80%, and the County’s participation is 55%.

District Accomplishments

The District was established to facilitate the creation of a catalyst mixed-use development on North Central Expressway and Park Lane (The Shops at Park Lane) and to, ultimately, stimulate redevelopment activities within the District’s remaining areas, including the area generally known as “Five Points” (located generally around the intersection of Park Lane, Ridgcrest Road and Fair Oaks Avenue).

The first phase of Half Price Books, Records, Magazines, Inc.’s multi-phase plan to redevelop the former Parker Plaza site was completed in 2015. It included the demolition

of two dilapidated structures and the conversion of a vacant warehouse into a REI sporting goods store that contains 34,296 square feet of retail space. During FY 2018- 2019, Half Price Books broke ground on construction of a second phase of development, BookMark Center, just north of REI. The project will include a 5,000 square foot restaurant space and a four-level retail and office building with more than 27,000 square feet.

The REI sporting goods store that was built as part of Half Price Books’ multi-phase plan to redevelop the former Parker Plaza site

Construction of BookMark Center retail and office space as part of Half Price Books’ multi-phased development is nearly complete and available for lease.

In Fall 2018, Costco announced plans to renovate the vacant Sam’s Club building at 8282 Park Lane. Approximately \$10,000,000 was invested in the renovation. The 133,000 square feet building was the first North Texas site for Costco’s Business Center, focused on small businesses and business-to-business sales. However, it is open to anyone with a Costco Membership. The store opened in September 2019.

The Vickery Meadow Branch Library located at 8333 Park Lane

As part of the November 2017 voter-approved general bond election, the City committed to the construction of a new library in the Vickery Meadow area. During FY 2018-2019, construction started on the library. The approximately \$8 million library includes a youth center funded by a \$752,000 grant from Crystal Charity Ball.

The 18,000-square-foot Vickery Park Branch Library was completed and opened on February 2, 2021 for curbside service. Vickery Park Branch Library has plans for

program offerings that will assist job seekers and English language learners, early literacy workshops for parents and toddlers, and STEM programs for children and teens.

On March 25, 2020, City Council authorized a construction services contract for \$1,362,777 with J.C. Commercial for the renovation of the old Fire Station in the Vickery Meadow area as a permanent home for the Northeast Community Court. In addition to housing the Community Court, this location also houses community partners which makes it a vibrant part of the Vickery Meadow area. The Vickery Meadow Community Court #15, completed in January 2021, is located at 6742 Greenville Ave, Dallas, TX 75231.

On December 9, 2020, City Council authorized an agreement with Vickery Midtown Management Corporation (VMMC) for the construction and maintenance of the SoPac Trail Lighting Project and acceptance of \$122,254, which is approximately 25 percent of the anticipated cost of the trail lighting project. The SoPac Trail was constructed by Dallas County in collaboration with the City and completed in July 2018. At the time of construction, funding was not available for lighting the trail; however, in anticipation of future lighting, light pedestals and conduit was constructed. By November 2021, 170 lights were installed along the trail.

Value and Increment Summary

The Vickery Meadow TIF District’s 2022 assessed taxable value was \$630,320,920. This represents an increase of \$465,541,830 (283%) over the 2005 adjusted base year value of \$164,779,090 and an increase of \$64,783,657 (11.5%) over the taxable value for 2021. With the participation of the City and Dallas County, the increase over the base year value will result in 2023 tax year collection (from 2022 values) of approximately \$3,329,239 in total incremental revenue for the District.

Objectives, Programs and Success Indicators

The Vickery Meadow Project Plan and Reinvestment Zone Financing Plan were approved on December 14, 2005. The plans’ development goals are provided below:

- Facilitate private development within the Vickery Meadow TIF District to stimulate and diversify the area's economy, eliminate unemployment or underemployment, and develop or expand business, transportation, and commercial activity.

The Shops at Park Lane has transformed that portion of the Vickery Meadow TIF District, leading to \$356,075,000 in property value.

- Secure new private development consisting of at least 850,000 square feet of retail space, 200 hotel rooms, 625 residential units (rental and owner occupied), and 410,000 square feet of office space.

The following progress has been made since the District's creation:

- *0 hotel rooms have been built or are planned (0.0% of the goal)*
- *585 residential units have been built offering various types of housing for sale and rental at the Shops of Park Lane. Collectively, this represents 93.6% of the goal.*
- *403,590 square feet of office space has been built (98.5% of the goal).*
- *842,600 square feet of retail space has been built and another 5,000 square feet is under construction (99.8% of the goal).*
- Focus on traffic improvements and the redevelopment of properties within the Five-Points area as increment funds accumulate and can be supplemented with non-TIF sources.

On March 9, 2022, City Council authorized a Project Specific Agreement with Dallas County for the purpose of study/conceptual development and preliminary engineering (phase I) for transportation improvements to the Dallas County 6th Call Major Capital Improvement Project (MCIP) 10228 Park Lane from Greenville to Abrams Road, and Fair Oaks Avenue from Ridgecrest Road to Walnut Hill Lane. City Council also authorized a professional engineering services contract with Civil Associates, Inc. to design roadway modifications, improved connectivity to the SoPac and White Rock trails, and to design reconstruction of water and wastewater infrastructure in the project area.

- Encourage the redevelopment of the "Park Lane" site and improve pedestrian connections between the existing DART Park Lane light rail station to increase density while providing enhanced urban design for the TIF District.

The following progress has been made since the District's creation:

- *Staff continues to work with DART and NCTCOG to identify potential funding for the construction of a pedestrian platform that would extend from the light rail station to the south side of Park Lane.*
- *Staff is investigating improved pedestrian connections between Park Lane and NorthPark Center.*
- Generate approximately \$32.2 million (2006 NPV) in increment over a 20-year period (approximately \$52.06 million in total collections).

Including the estimated 2022 increment, the Vickery Meadow TIF District NPV collections are \$20.5 million (63.7% of the goal) and \$29.6 million in total collections (56.9% of the goal). There are five more years of increment collections until TIF District termination.

Year-End Summary of Meetings

The Vickery Meadow TIF Board can consist of up to seven members, including six City of Dallas appointees and one from Dallas County. The Board, which met one time during the fiscal year, on January 11, 2022, consisted of the following members:

- John Hazelton (Interim Chair) – City Representative (attended 1 of 1 meeting)
- Kevin Griffeth – City Representative (attended 1 of 1 meeting)
- Elsie Thurman – City Representative (attended 1 of 1 meeting)
- Jordan Wynn – City Representative (attended 1 of 1 meeting)
- Annette Anderson – Dallas County Representative (attended 1 of 1 meeting)

City Council approved one item directly related to the TIF District during the fiscal year. The item is summarized below:

On February 23, 2022, City Council approved Resolution Number 22-0384, accepting the FY 2020-2021 Annual Report on the status of Tax Increment Financing Reinvestment Zone Number Nine (Vickery Meadow TIF District or District), submitted by the Vickery Meadow TIF District's Board of Directors, and authorizing the City Manager to submit the annual report to the Chief Executive Officer of each taxing jurisdiction that levies taxes on real property in the District, and to the State Comptroller, as required by state law.

City Council also approved the following items indirectly related to the TIF District:

City of Dallas, Texas
Vickery Meadow Tax Increment Financing District
Notes to Financial Statements for the Year Ended September 30, 2022

1. The measurement focus used for the Zone fund is a flow of financial resources. The financial statements are prepared using the modified accrual basis of accounting. Under the modified accrual basis of accounting, tax increment revenues and interest are recognized as revenue when they become both "measurable" and "available" to finance expenditures of the current period. Expenditures are recognized when the liability is incurred.
2. The TIF's cash balances are invested in the City's investment pool and include amounts in demand deposits as well as short-term investments. Pooled investments and short-term non-pooled investments are treated as cash equivalents. Investment income on the pooled investments is prorated monthly based upon the average daily cash balance in each fund.
3. State statute requires that each taxing jurisdiction remit its ad valorem taxes to the Zone by May 1 of each year (remittance to occur no more than 90 days after taxes for the jurisdiction become delinquent).
4. The Zone's Financing Plan permits expenditures not to exceed \$2,195,100 over the life of the TIF to reimburse the City for administrative costs. The Zone began reimbursing the general fund in fiscal year 2009-10. Any future remittance for administrative expenses would come from excess cash as tax increment revenue increases as a result of increased assessed values.
5. The Zone entered into a development agreement with a developer on December 14, 2005, to pay the developer for TIF eligible costs up to principal amount of \$20.0 million plus accrued interest thereon, at an interest rate of 4.86%, for the construction of the Shops at Park Lane Project. The developer satisfied all contingencies as required by the terms of the agreement and the liability for the principal amount of \$20.0 million plus the accrued interest was recorded in fiscal year 2008-09. The TIF District began paying the developer in fiscal year 2009-10. The developer obligation balance, including principal and accrued interest, outstanding on September 30, 2022, is \$7,027,824.
6. "Due to general fund" amount of \$175,393 on September 30, 2022, represents the Zone administration costs for the fiscal year 2018-2019 (\$41,205), fiscal year 2019-2020 (\$33,917), fiscal year 2020-2021 (\$63,259), and fiscal year 2021-2022 (\$37,012) that have been earned but will be reimbursed to the General Fund in future years based on the availability of TIF District funds. Note that these administrative costs do not include billing to other City departments.
7. All project costs resulting in capital improvements that are owned by the City are capitalized by the City.

Appendix B – Financial Obligations/Estimated Payoff

The Shops at Park Lane project is the only outstanding developer obligation. TIF District payment in the amount of \$20,000,000, plus interest, is underway. To date, \$25,592,521 has been paid.

Mission Statement

The mission of the Southwestern Medical Tax Increment Financing District is to provide a source of funding for public infrastructure improvements anticipated to enhance the real estate market for the Southwestern Medical TIF District area. The Southwestern Medical TIF District represents the outgrowth of the City of Dallas' effort to provide a model for redeveloping a former industrial and warehouse district to take full advantage of the expanding DART light rail system, to promote transit-oriented development, especially in areas that are major employment centers like the Medical District, and to implement appropriate urban design standards.

The Dallas City Council established the Southwestern Medical TIF District by Ordinance Number 25965 on April 27, 2005. The Southwestern Medical District took effect on January 1, 2006 and is scheduled to terminate on December 31, 2027 (including collection of the 2027 increment and any related matters to be concluded in 2028) or when the budget of \$31.1 million (2006 dollars) has been collected. The City of Dallas and Dallas County are the two participating jurisdictions. The City's participation is 80%, and the County's participation is 55% of incremental revenue collected.

On November 11, 2020, City Council approved Ordinance No. 31706 authorizing a reduction in the City's participation rate in the TIF District. Beginning with fiscal year 2019-2020 through the remaining term of the TIF District, the City's participation rate will decrease from 80% to 45%. City Council also authorized an amendment of Dallas County's participation agreement to reduce the County's participation from 55% to 30% for the remaining term of the TIF District.

As part of the amendment of the TIF District in 2020, City Council also expanded the TIF District's boundary to create two sub-districts. The original boundary of the TIF District became the Southwestern Medical Sub-district and the Medical Campus Sub-district was created. The Medical Campus Sub-district is scheduled to terminate on December 31, 2045 (including collection of the 2045 increment and any related matters to be concluded in 2046) or when the budget of \$65 million (2020 dollars) has been collected. The City of Dallas participation rate for the Medical Campus Sub-district is 80% over the term of the new sub-district. Increment collection for the sub-district will begin in 2025.

TIF District Accomplishments

The initial development project completed in the Southwestern Medical TIF District was the Colonial Reserve at Medical District (formerly Cityville Southwestern Medical District) in 2007. The Colonial Reserve provided 45,000 square feet of retail/office space and 278 apartment units near the Southwestern Medical District/Parkland light rail station.

Vibe Medical District Apartments (formerly The Alexan Southwestern, developed by Trammel Crow Residential), a residential, transit-oriented development was completed in 2009 adding 396 luxury apartments to the TIF District. Adjacent to the Vibe Medical

District Apartments at 4707 Bengal Street, the Ronald McDonald House constructed 60 units of low-cost, temporary lodging/dorm facilities for families with children receiving medical care in 2009.

The Link on Maple (formerly Maple Garden LP), a 120-apartment complex at 5219 Maple Avenue adjacent to Parkland East Parking Lot completed in the summer of 2012.

With the completion of the DART Green Line expansion (NW corridor), the Southwestern Medical District/Parkland light rail station opened December 2010. The Orange Line, which opened in 2014, runs parallel to Green Line through the TIF District.

UT Southwestern (UTSW) Medical Center continues expansion in the Medical District. In early April 2018, the Simmons Comprehensive Cancer Center opened a new Radiation Oncology Building, a \$66 million structure on the east campus, with three floors and 63,000 square feet of space. Its modern design and array of leading-edge technology has garnered multiple awards.

Construction also continues on UTSW's West Campus Master Plan. The Phase I building, opened summer 2018, adding 275,000 square feet of space over 11 floors. Approximately half is used for academic and educational space, with the remainder for expansion of UTSW's Health System ambulatory clinics. Phase 1 also included the construction of a new thermal energy plant and a garage with 1,600 parking spaces to improve faculty, visitor, and patient access.

UTSW is also undertaking a \$480 million expansion of its flagship William P. Clements Jr. University Hospital. The 12-story, third tower continued construction during the 2019 fiscal year and opened in 2021. The tower will serve as the clinical home for the Peter O'Donnell Jr. Brain Institute, consolidate acute inpatient care services currently provided at Zale Lipshy University Hospital, and add operating rooms, interventional suites, a newly expanded Emergency Department and two new parking facilities.

Parkland Hospital continues to enhance patient care by adding satellite clinics to the communities they serve and by moving outpatient services from the old campus at 5201 Harry Hines to the new campus at 5200 Harry Hines. To accommodate the relocation of outpatient services, construction of a new 6-story, 500,000 square foot clinic began in February of 2019 and opened in 2021. Oncology, diabetes, breast health, infusion, ophthalmology and HIV are included among the specialty clinics that are housed in the new clinic. A new 1,400 space parking garage, located between Maple St. and the new clinic, was also completed. Parkland continued relocation from its old campus to the new campus.

Parkland Hospital's complete relocation to its new campus will leave 38.3 acres of land (and all existing buildings and improvements on the land) south of Harry Hines Boulevard available for redevelopment. Recognizing that private redevelopment of the former Parkland Hospital Campus would require significant expenditures for environmental remediation, demolition, construction of utility systems, roadways, and streetscape improvements, pedestrian improvements, connections to Medical/Market Center Trinity

Railway Express station, trail connections, and public open space, City Council approved various amendments to the Southwestern Medical TIF District on November 11, 2020.

The TIF District's Plan was amended in 2020 to:

- (1) create two sub-districts within the Southwestern Medical TIF District:
 - (a) Southwestern Medical Sub-district (original Zone boundary) and
 - (b) Medical Campus Sub-district;
- (2) increase the geographic area of the Zone to add approximately 118.9 acres to create the Medical Campus Sub-district to facilitate redevelopment;
- (3) reduce the percentage of tax increment contributed by the City of Dallas during the remaining term of the Southwestern Medical Sub-district from 80% to 45%;
- (4) authorize an amendment to the participation agreement with Dallas County to reduce the percentage of tax increment contributed by Dallas County during the remaining term of the Southwestern Medical Sub-district from 55% to 30% and establish the percentage and duration of tax increment contributed by Dallas County during the term of the Medical Campus Sub-district;
- (5) establish a termination date for the Medical Campus Sub-district of December 31, 2045;
- (6) establish the percentage of tax increment contributed by the City of Dallas during the term of the Medical Campus Sub-district at 80%;
- (7) increase the Zone's total budget from \$27,550,486 NPV (approximately \$46,059,711 total dollars) to \$92,621,769 NPV (approximately \$153,885,868 total dollars), an increase of \$65,071,283 NPV (approximately \$107,826,157 total dollars);
- (8) restructure the Zone's budget to consolidate and broaden categories of eligible project costs in the Southwestern Medical Sub-district and add new budget categories for the Medical Campus Sub-district;
- (9) provide a one-time transfer of collected and unobligated funds in the Zone to the Medical Campus Sub-district in an amount not to exceed \$8 million dollars no later than December 31, 2022; and
- (10) make corresponding modifications to the Zone's boundary, budget, and Plan.

The approved amendments will encourage growth of an anchor institutional asset and major employment center (Medical District) and support private development of previously tax-exempt property, increasing the City's tax base.

Mixed-Income Housing Summary

Successful development efforts support a variety of housing options. Accordingly, twenty percent (20%) of all housing units in projects using direct, site-specific TIF District funding assistance from the TIF District are subject to the City's and County's established criteria for mixed-income housing. To date, all residential development within the TIF District has occurred without assistance.

Value and Increment Revenue Summary

The base value of the TIF District is the total appraised value of all taxable real property in the TIF District, as determined by the Dallas Central Appraisal District's certified property tax roll for the base year. The base value is established the year a property is placed within TIF District boundaries.

The Southwestern Medical TIF District's 2006 adjusted base year value was \$67,411,054. The 2020 amendment of the TIF District's financing plan created two sub-districts: Southwestern Medical Sub-district and Medical Campus Sub-district. As a result, each sub-district has its own base year value.

Southwestern Medical Sub-district – In 2006, the Southwestern Medical sub-district's adjusted base year value was \$67,411,054. The sub-district's 2022 certified taxable value is \$378,135,328. This represents an increase of \$310,724,274 (461%) from the adjusted base year value.

The sub-district's value increased by \$60,658,988 (19.1%) from the 2021 final value (\$317,476,340). The increase in value will result in the collection in 2023 of approximately \$1,245,985 (City - \$1,042,822; County - \$203,163) incremental revenue for the TIF District.

Medical Campus Sub-district – In 2020, the base year value for the Medical Campus Sub-district was \$0. Increment collection for this sub-district will begin in 2025.

Objectives, Programs, and Success Indicators

The Southwestern Medical Project Plan and Reinvestment Zone Financing Plan was approved in January 2006 and was amended in December 2008. In 2020, the TIF District's Project Plan and Reinvestment Zone Financing Plan was amended, and the goals and objectives were expanded to include additional public improvements as well as private development in the newly created Medical Campus Sub-district. The following objectives and action items set the framework for the planned improvements within the Southwestern Medical TIF District:

Southwestern Medical Sub-district

- Additional taxable value attributed to new private investment in projects in the Southwestern Medical TIF District shall total approximately \$280 million.

Total under construction and completed projects have added approximately \$276,208,336 (99% of goal) in new taxable value to the TIF District.

- New private development in the Southwestern Medical TIF District shall add a total of approximately 300,000 square feet of retail/office space and at least 3,000 new apartment units.

Projects under construction or completed within the TIF District have created 2,907,267 square feet of retail, medical office and commercial space (969% of goal) and 1,248 residential units (41.6% of goal).

- Support the conversion of the Southwestern Medical area from industrial and warehousing land uses to a mixed-use, transit-oriented neighborhood that complements the Medical District.

Staff and the Board continue to foster a working relationship with Parkland, DART, and potential developers to encourage transit-oriented development that complements the area. The Colonial Reserve at Southwestern Medical and Vibe Medical District Apartments projects have resulted in the conversion of former industrial and warehousing space to residential and retail uses.

The Stemmons Corridor - Southwestern Medical District Area Plan (Vision and Policy Plan) was adopted by the City Council in June 2010.

- Increase recreational opportunities and improved connections to the City of Dallas trails and open space system in the Southwestern Medical Area.

The TIF District will reimburse the cost to construct the Cedar Branch Bridge and a hike and bike trail that will connect Hawthorne Avenue to the Parkland light rail station in the TIF District.

- Generate an NPV of \$27.5 million (2006 dollars) or approximately \$31 million in total dollars of project revenues over the 20-year life of the TIF District.

To date, the TIF District has collected \$11,773,571 in increment (43% of goal).

- Develop a grant program to promote private medical industry and economic development in the TIF District.

In June of 2009 the TIF District's Board of Directors adopted Southwestern Medical TIF District Loan or Grant Program. The purpose of the program is to provide grants from the TIF District's tax increment fund to development projects that promote: (1) development and diversification of the economy; (2) public

infrastructure improvements including improvements to pedestrian connections and utility burial within the Southwestern Medical TIF District; 3) development of the private bio-medical industry and applied research associated with UT Southwestern Medical Center; 4) new residential development to offset the cost of affordable housing requirement 5) retail or medical office development; 6) mixed-use, transit-oriented development, including development that provides additional linkages to existing transit services; and 7) high density development by offsetting costs associated with structured parking.

Medical Campus Sub-district

- Create approximately \$787 million in new taxable value attributable to new private investment in the Medical Campus Sub-district over the twenty-five (25) year life of the sub-district.
- Attract new private development in the Medical Campus Sub-district that will add a total of approximately 1.8 million square feet of office/medical office space, 300,000 square feet of hotel space, 60,000 square feet of retail space and 500 residential units.
- Generate approximately \$65 million NPV in increment over the twenty-five (25) year term of the Medical Campus Sub-district.

Year-End Summary of Meetings

The Southwestern Medical TIF District Board of Directors met once during the 2021-2022 fiscal year on January 27, 2022.

The Board of Directors consist of six members, including five (five) City of Dallas appointees and one (1) Dallas County appointee.

The TIF District Board consisted of the following members during the fiscal year:

Pamela Bryant, City Appointee (attended 1 of 1 meeting)
Michael Quezada, City Appointee (attended 1 of 1 meeting)
Se-Gwen Tyler, City Appointee (attended 1 of 1 meeting)
John Wilson, City Appointee (attended 1 of 1 meeting)
Vacant, City Appointee (attended 1 of 1 meeting)
Luis Tamayo, Dallas County Appointee (attended 1 of 1 meeting)

During the fiscal year, City Council approved one (1) item associated with the Southwestern Medical TIF District:

- On February 23, 2022, City Council approved Resolution No. 22-0385 accepting the FY 2020-2021 Annual Report on the status of Tax Increment Financing Reinvestment Zone Number Ten (Southwestern Medical TIF District or District) and authorizing the City Manager to submit the annual report to the Chief Executive Officer of each taxing jurisdiction that levies taxes on real property in the District, and to the State Comptroller, as required by state law.

M/WBE Participation

Public bidding is not required for TIF District projects. All TIF District-funded projects must follow the City's adopted Business Inclusion and Development Plan and make a good faith effort to include certified Minority and Women-Owned Business (M/WBE) participation in TIF District-funded projects. The BID Plan goal for TIF District projects listed below was twenty-five percent (25%) M/WBE participation in construction costs. During fiscal year 2020-2021, City Council increased the BID Plan goal for construction costs to thirty-two percent (32%).

FY 2022-2023 Work Program

The work items for FY 2022-2023 for the Southwestern Medical TIF District include:

- Adoption of the FY 2021-2022 Annual Report.
- Increase recreational opportunities and improved connections to the City of Dallas trails and open space system in the Southwestern Medical Area.
- Assist with facility improvements included in Medical District Master Plan coordinated/adopted by Parkland Health and Hospital System, Children's Medical Center, and UT Southwestern Medical Center.
- Coordinate with the Dallas County Hospital District (DCHD) and private developers to facilitate redevelopment in the Medical Campus Sub-district.

Dallas County - Medical Campus Sub-district	0.06538	\$0
Total for all Jurisdictions	<u>\$1.06302</u>	<u>\$1,245,985</u>

Note: City Ordinance No. 31706 reduced the City's participation rate from 80% to 45% in the Southwestern Medical Sub-district (original TIF District boundary).

County participation rate in the Southwestern Medical Sub-district can be reduced from 55% to 30% for 2020 to 2027.

b. The total amount of estimated tax increment to be billed for the 2022 tax year is \$1,245,985.

c. For the 2021 tax year, increment in the amount of \$1,098,071 was received.

d. The City Ordinance No. 31706 also established the Medical Campus Sub-District in which the City will participate at 80%. This sub-district will begin increment collection in 2025 (collection of tax year 2024 increment in 2025).

City of Dallas, Texas
Southwestern Medical Tax Increment Financing District
Notes to Financial Statements for the Year Ended September 30, 2022

1. The measurement focus used for the Zone fund is a flow of financial resources. The financial statements are prepared using the modified accrual basis of accounting. Under the modified accrual basis of accounting, tax increment revenues and interest are recognized as revenue when they become both "measurable" and "available" to finance expenditures of the current period. Expenditures are recognized when the liability is incurred.
2. State statute requires that each taxing jurisdiction remit its ad valorem taxes to the Zone by May 1 of each year (remittance to occur no more than 90 days after taxes for the jurisdiction become delinquent).
3. The Zone's cash balances are invested in the City's investment pool and include amounts in demand deposits as well as short-term investments. Pooled investments and short-term non-pooled investments are treated as cash equivalents. Investment income on the pooled investments is prorated monthly based upon the average daily cash balance in each fund.
4. The Zone's Financing Plan permits expenditures not to exceed \$2,215,285 (2006/2020 NPV dollars) over the life of the Zone to reimburse the City for administrative costs. Any future remittance for administrative expenses would come from excess cash as tax increment revenue increases as a result of increased assessed values.
5. Beginning January 1, 2020, City Ordinance number 31706 established the new Medical Campus Sub-district. The Medical Sub-district term is set for twenty-five (25) years and will terminate December 31, 2045, with only twenty-one (21) years of actual increment collection. The sub-district will begin increment collection in 2022 (collection of tax year 2024 increment in 2025). The City of Dallas will participate at a rate of 80%.
6. "Due to general fund" amount of \$238,857 on September 30, 2022, represents the Zone administration costs for the fiscal year 2018-2019 (\$45,707), fiscal year 2019-2020 (\$80,770), fiscal year 2020-2021 (\$63,488) and fiscal year 2021-2022 (\$48,892) that have been earned but will be reimbursed to the General Fund in future years based on the availability of Zone funds. These administrative costs do not include billing by other City departments.
7. All project costs resulting in public improvements which are owned by the City are capitalized.

Appendix B – Project Pay-off Estimates

Project Name	TIF Award	Estimated Payoff
Cedar Branch Bridge	\$826,500	2023
<i>*As of September 30, 2020, the TIF District has enough funds on hand to pay-off the project listed above.</i>		

Appendix C – District-Wide Set Aside Funds

The TIF Increment Allocation Policy adopted by the Southwestern Medical TIF District Board of Directors currently provides for 10% of annual increment, after administrative expenses, to be set-aside for District-Wide Improvements. To date, approximately \$1,177,357 has been collected and is available for expenditure as a District-Wide Set-Aside.

Potential uses as defined by the Increment Allocation Policy include:

- Gateways, trails, open space, public facilities, or utility/streetscape improvements benefiting multiple properties or blocks.

The Cedar Branch Bridge Project will be reimbursed from the District-Wide Improvement Set-Aside and will be given a payment priority until the \$826,500 subsidy is paid.

Mission Statement

The mission of the Downtown Connection Tax Increment Financing District (“TIF District”) is to create a fund for public capital improvements in the core of Downtown essential for development of key spaces and buildings as well as to focus on catalyst projects to create a greater density and critical mass of development within the Main Street core area.

The Downtown Connection TIF District was initiated by petition, pursuant to Section 311.005 (a)(5), Texas Tax Code through the sponsorship of the Downtown Improvement District and the Uptown Improvement District. The Downtown Connection TIF District took effect on June 8, 2005, per Ordinance No. 26020, and is scheduled to terminate on December 31, 2035 (including collections of the 2035 increment in calendar year 2036 or when the budget has been collected.

TIF District Accomplishments

To date, TIF District-supported projects have predominately included the redevelopment of existing buildings. The next phase of downtown development will be redevelopment of vacant/surface parking lots with new ground-up construction of high-density, mixed-use projects. Currently, there are approximately 77 acres of vacant/surface parking lots within the boundary of the TIF District. Of those 77 acres, over 30 acres have been announced for potential redevelopment. Facilitating high-density redevelopment on these underutilized parcels will require significant investment in public infrastructure such as roadways, water, sewer, storm drainage, sidewalks, lighting, mixed-income housing, etc.

To address the TIF District’s current lack of budget capacity and provide a long-term funding mechanism to support future downtown redevelopment, City Council approved various amendments to the Downtown Connection TIF District Project Plan and Reinvestment Zone Financing Plan on June 22, 2022. The amendments included the following:

- A. create two sub-districts within the TIF District:
 1. Downtown Connection Sub-district (original District boundary); and
 2. Newpark Sub-district;
- B. increase the geographic area of the TIF District to add approximately 14.2 acres to create the Newpark Sub-district to facilitate anticipated redevelopment;
- C. increase the total budget of the TIF District (Downtown Connection Sub-district budget) from \$231,593,554.00 Net Present Value (NPV 2005 dollars) (approximately \$454,707,775.00 total dollars) to \$402,897,888.00 NPV (approximately \$1,059,227,817.00 total dollars, an increase of \$171,304,334.00 NPV (approximately \$604,520,042.00 total dollars);

- D. modify the Downtown Connection Sub-district budget to add a line item for a public safety building to replace Fire Station #18;
- E. establish a termination date for the Newpark Sub-district of December 31, 2052;
- F. establish the percentage of tax increment contributed by the City of Dallas during the term of the Newpark Sub-district at 90%;
- G. establish a total budget for the Newpark Sub-district of \$90,329,182.00 NPV 2022 dollars (approximately \$223,786,626.00 total dollars); and
- H. request Dallas County participation in the Newpark Sub-district at 55% for twenty years beginning in 2027.

Also, on June 22, 2022, City Council approved a development agreement with One Newpark GP, LLC for the One Newpark development project. One Newpark, a 38-floor, 1.3 million square foot mixed-use and mixed-income tower will be constructed on approximately 1.7 acres of land currently used as surface parking lots located in the Newpark Sub-district of the TIF District.

One Newpark is the first phase of the Newpark Dallas multi-phased redevelopment of approximately five acres of surface parking lots owned by Hoque Global on the southern side of the downtown central business district. At full build-out, Newpark Dallas is planned to include over one million square feet of Class A office space, 200,000 square feet of urban retail space, a few thousand residential units, and a four-star hotel. The estimated total private investment associated with full build-out of the Newpark Dallas development exceeds \$1.5 billion.

Mixed-Income Housing Summary

Successful development efforts support a variety of housing options. Accordingly, (1) ten percent (10%) of all housing units constructed as part of redevelopment of an existing building; (2) twenty percent (20%) of all housing units constructed as part of a new ground-up development; and (3) 30% of residential units constructed on City owned land purchased by a private developer for residential development using direct, site-specific funding assistance from the TIF District are subject to the City's and County's established criteria for mixed-income housing.

In this TIF District, a total of 1,893 units have been built to date with TIF District funding, and 342 (18%) have been set-aside as affordable.

Value and Increment Revenue Summary

The base value of the TIF District is the total appraised value of all taxable real property in the TIF District, as determined by the Dallas Central Appraisal District's certified property tax roll for the base year. The base value is established the year a property is placed within TIF District boundaries.

The 2022 amendment of the TIF District's Project Plan and Reinvestment Zone Financing Plan created two sub-districts: Downtown Connection Sub-district and Newpark Sub-district. As a result, each sub-district has its own base year value.

Downtown Connection Sub-district – The 2005 adjusted base year value of the Downtown Connection Sub-district was \$564,917,317. The Downtown Connection Sub-district's 2022 certified assessed tax value was \$6,550,354,904. This represents an increase of \$5,302,546,963 (1060%) over the adjusted base year value.

The sub-district's value increased by \$682,890,624 (11.6%) from the 2021 final value (\$5,867,464,280). This increase will result in an estimated collection of approximately

\$40,175,454 (City \$40,175,454; County \$0) in incremental revenue for the Downtown Connection Sub-district. Dallas County's participation in this Sub-district ended with the collection of tax year 2019 increment.

Newpark Sub-district – The 2022 base year value of the Newpark Sub-district was \$21,609,71. Increment collection for this Sub-district will begin in 2024.

Development Goals and Objectives

The Downtown Connection Project Plan and Reinvestment Zone Financing Plan was adopted in late 2005, as amended. The following objectives and action items set the framework for the planned improvements within the Downtown Connection TIF District:

- Improve access between and within the Uptown and Downtown areas

Construction of Klyde Warren Park, a deck park spanning Woodall Rodgers Freeway, connecting Downtown to Uptown, celebrated its grand opening October 2012.

In July of 2010, the McKinney Avenue Transit Authority received a \$4.9 million grant from the Federal Transit Administration and matching grant of \$5 million from the North Central Texas Council of Government to complete the M-Line loop that branches off McKinney Avenue at Olive Street. Construction of the Olive/St. Paul Street Loop began in 2012, with completion in 2015. The line improves connectivity between Uptown, Downtown, Klyde Warren Park, the Arts District and DART downtown transit mall.

In 2009, the North Central Texas Council of Governments (NCTCOG) Regional Transportation Council (RTC) issued its third Sustainable Development Program call for projects. The Sustainable Development Program provides funding of infrastructure improvements associated with development projects that reduce the overall demand for transportation infrastructure and improve air quality. Two Downtown Connection TIF District projects were awarded funds under this program to enhance pedestrian and transportation linkages, access and safety to nearby bus/rail transit and City of Dallas public investments. City Council approved agreements between the City, NCTCOG, State of Texas and the project's developer for each project. Lone Star Gas Lofts completed construction of the project in summer 2013, while construction of the Continental project completed in 2014.

- *Continental Building Project – \$607,739*
- *Lone Star Gas Lofts Project – \$462,686*

The creation of a circulator system for the downtown area was recommended by the Downtown Dallas 360 Area Plan. In September 2013, City Council approved funding to participate in a two-year pilot program D-Link, a special service from DART that provides residents, workers and visitors a way to get to some of the city's most popular arts, dining and historic destinations. The free bus route included destinations such as American Airlines Center, Klyde Warren Park, the Perot Museum of Nature and Science, The Sixth Floor Museum, Dallas Arts District and many other cultural, arts and entertainment-related stops.

The annual cost of the service was approximately \$1.1 million. DART, Downtown Dallas Inc. and the City of Dallas shared the costs of the program annually. The service was discontinued during the 2019 fiscal year.

- Improve the image of the Downtown Connection Area

With the installation of numerous high-tech digital (video) sign boards within the Main Street core, continued redevelopment of vacant buildings, and completion and programming of the various downtown parks, activity downtown has increased dramatically.

Major corporate relocations to the downtown connection area over the years have included Moneygram International, AT&T and Comerica Bank. In 2014, three corporations relocated to buildings in the downtown core (Santander Consumer USA, Inc., Active Network, LLC and Omnitrac, LLC), adding over 2,000 people to downtown's daytime population.

In 2017, AT&T committed to investing in their global headquarters in downtown Dallas. The AT&T Discovery District project included private investment of approximately \$30 million in street and plaza improvements surrounding its complex of buildings and the addition of 65,000 square feet of retail and restaurant space. Total private investment is estimated to be \$100 million. The Discovery District opened during fiscal year 2020-2021.

The increased downtown daytime population, residency and activities for residents and visitors have added to the evolving image of the area.

- Support redevelopment of the existing building supply and surface parking lots located within the area

There was one development project (One Newpark) approved during the fiscal year within the Newpark Sub-district of the TIF District.

- Develop a more diverse mixture of land uses within the Downtown Connection Area

Projects announced, completed and/or underway within the TIF District will contribute approximately 8,542 residential units; 2,589 hotel rooms; 761,996 square feet of retail; and 6,702,714 square feet of new office space.

- Increase open space and recreational opportunities in the Downtown Connection Area

Browder Street Plaza Improvements - March 2012, the Office of Economic Development, in conjunction with Downtown Dallas, Inc., and the City Design Studio, issued a Request for Proposals for Browder Street Plaza retail development and leasing/management opportunities. The retail component of Browder Street Plaza, between Commerce Street and Jackson Street, was intended to add activity along this pedestrian thoroughfare and complement the public improvements constructed on the site. The City of Dallas invested \$500,000 in public space improvements to install landscaping, shade, street furniture, paving, and other pedestrian and plaza improvements. Hamilton DPL Development Inc. and Hamilton DPL, LP won the solicitation with its proposed retail activation plan which focused on retail kiosks and food trucks within Browder Street Plaza.

The original Downtown Parks Master Plan called for the creation of four parks downtown. The first park, Main Street Garden Park, opened in 2009. Belo Garden opened May 2012. The third park, Klyde Warren Park opened in October of 2012. Land for the fourth park, Pacific Garden Plaza/Park was acquired using 2006 Bond funds, but construction of the park was unfunded at that time.

The City of Dallas has contracted with Downtown Dallas Inc. to provide operations and programming of three of the four downtown parks (excludes Klyde Warren Park), as well as Pegasus Plaza. Main Street Garden Park hosts many events annually including Moonlight Movie Series showing free outdoor movies on Saturdays in the park and YMCA outdoor sporting leagues. Pegasus Plaza held the Taste of the Fair, where foods from the annual State Fair of Texas could be sampled during the fiscal year.

In March 2013, City Council endorsed an update of the Downtown Parks Master Plan that proposed construction of the Pacific Plaza Park and three new downtown parks: West End Plaza, Carpenter Park near Deep Ellum and Harwood Park next to the Farmers Market.

At the beginning of the 2016 fiscal year, the Belo Foundation (now called Parks for Downtown Dallas) pledged \$30 million to complete implementation of the updated Downtown Dallas Parks Master Plan. The updated master plan called for \$70 million in private and public funding to build four additional parks in downtown Dallas (Harwood Park, Carpenter Park, Pacific Plaza and West End Plaza). Two of the four parks are within the boundaries of the Downtown Connection TIF District – Harwood Park and Pacific Plaza. Parks for Downtown Dallas raised an additional \$5 million, for a total pledge of \$35 million. The \$35 million committed by Parks for Downtown Dallas was offered to the City through a dollar-for-dollar matching grant, and the City was responsible for contributing matching capital.

On November 7, 2017, City of Dallas voters approved a General Obligation Bond Program totaling \$1.050 billion. The program allocated \$35 million to re-develop/develop three downtown parks: Carpenter Park, Harwood Park and the West End Plaza as a match for the Parks for Downtown Dallas grant. Additionally, \$10 million was allocated as matching funds for the future expansion of Klyde Warren Park.

On April 17, 2018, a groundbreaking was held for Pacific Plaza Park. The 3.7 acre park cost approximately \$15 million and opened to the public in October 2019. Construction of the 3.8-acre Harwood Park began October 1, 2021. Harwood Park is expected to be delivered in 2023.

- Incentivize catalyst project(s) to accelerate reaching a critical mass of residential units, retail establishments, and public amenities for a vibrant downtown

The TIF District's catalyst project included the Mercantile Block, Lone Star Gas Lofts Complex and Continental building. In 2008, the Mercantile Block completed redevelopment. Phase I of the Lone Star Gas Lofts Complex and Continental Building projects were completed in 2013. Phase II of the Lone Star Gas Lofts Complex project completed construction in July of 2014. These projects have added 799 residential units (inclusive of 211 affordable units) and 50,000 square feet of retail.

Year-End Summary of Meetings

The Downtown Connection TIF District Board of Directors met once during FY 2021-2022 on April 29, 2022.

The Downtown Connection TIF District Board of Directors consists of nine (9) members including six (6) City of Dallas appointees, one (1) State Senator's office appointee, one (1) Dallas County appointee and one (1) State Representative's office appointee.

During FY 2021-2022, the Downtown Connection TIF Board consisted of the following members:

Board Member List

M/WBE Participation

Public bidding is not required for TIF District-funded projects. All TIF District-funded projects must follow the City's adopted Business Inclusion and Development Plan and make a good faith effort to include certified Minority and Women-Owned Business (M/WBE) participation in TIF District-supported projects. The BID Plan goal for the projects listed below was 25 percent (25%) M/WBE participation in construction costs. During fiscal year 2020-2021, City Council increased the BID Plan goal for construction costs to 32 percent (32%).

City of Dallas, Texas
Downtown Connection Tax Increment Financing District
Notes to Financial Statements for the Year Ended September 30, 2022

1. The measurement focus used for the Zone fund is a flow of financial resources. The financial statements are prepared using the modified accrual basis of accounting. Under the modified accrual basis of accounting, tax increment revenues and interest are recognized as revenue when they become both "measurable" and "available" to finance expenditures of the current period. Expenditures are recognized when the liability is incurred
2. State statute requires that each taxing jurisdiction remit its ad valorem taxes to the Zone by May 1 of each year (remittance to occur no more than 90 days after taxes for the jurisdiction become delinquent).
3. The Zone's cash balances are invested in the City's investment pool and include amounts in demand deposits as well as short-term investments. Pooled investments and short-term non-pooled investments are treated as cash equivalents. Investment income on the pooled investments is prorated monthly based upon the average daily cash balance in each fund.
4. The Zone's Financing Plan provides for staffing and other administrative expenses by the City of Dallas not to exceed \$14,780,272 (in current \$) over the life of the Zone. The City began billing the Zone for administrative costs in FY 2007. Any future remittance for administrative expenses would come from excess cash as tax increment revenue increases as a result of increased assessed values.
5. "Due to general fund" amount of \$340,178 at September 30, 2022 represents the Zone's administration costs for the fiscal year 2018-2019 (\$73,479), fiscal year 2019-2020 (\$53,705), fiscal year 2020-2021 (\$88,236), and fiscal year 2021-2022 (\$124,758) that have been earned but will be reimbursed to the General Fund in future years based on the availability of Zone funds. Note that these administrative costs do not include billing to other City departments.
6. All project costs resulting in capital improvements which are owned by the City are capitalized in the City's fixed assets.

Mission Statement

The mission of the Deep Ellum Tax Increment Financing District is to provide a source of funding for public infrastructure improvements anticipated to enhance the real estate market for the Deep Ellum TIF District area. The Deep Ellum Tax Increment Financing (TIF) District represents the outgrowth of the City of Dallas' effort to provide a model for redeveloping districts to take full advantage of the expanding DART light rail system, promote transit oriented development, improve the historic core area of Deep Ellum, implement appropriate urban design standards to differentiate and brand the area, and improve the quality of development east of Downtown.

The Deep Ellum TIF District (the "TIF District") was established in June 2005 to assist in the transformation of the Deep Ellum area into a more diversified, pedestrian friendly, mixed-use neighborhood in the area and improve the urban fabric and connections between Central Expressway and Fair Park. Strengths of the TIF District include a mix of unique and historic buildings that create an identifiable district, adjacency to three DART light rail stations and proximity to Downtown Dallas, the Arts District, Dallas Farmers Market, Baylor Medical Center, and Fair Park.

The Dallas City Council established the TIF District by Ordinance Number 26043 on June 22, 2005. The TIF District took effect on January 1, 2006 and is scheduled to terminate on December 31, 2027 (including collection of the 2027 increment in calendar year 2028 and any related matters to be concluded in 2028) or when the budget of \$30 million (2006 dollars) has been collected. The TIF District boundary and final plan were amended in 2008, 2011, and 2014 (current amended plan). The City of Dallas and Dallas County are the two participating jurisdictions. The City's participation rate is 85% of incremental property taxes collected, and the County's participation rate is 55%.

TIF District Accomplishments

To date, 19 significant projects have been completed within the TIF District, resulting in \$965.3 million in new taxable property value.

During FY 2011, DART completed construction of the SE-1 Corridor light rail line, which included the Deep Ellum, Baylor, and Fair Park stations within the TIF District.

Redevelopment and reinvestment of consolidated property in the commercial core of Deep Ellum continue to expand dining and retail choices in the area. Projects by Asana Partners and Westdale Real Estate Investment and Management have provided additional commercial and retail opportunities in the TIF District.

The Old Dallas High School, added to the TIF District in 2014, was approved for TIF District funding in 2016 and was completed in 2018. The Case Building at Main Street and Trunk Avenue and the Epic Project have brought additional residential units, office and retail space to the TIF District. The Epic, located at Elm and Good Latimer, includes 721,600 square feet of office space and 49,382 square feet of retail space. The Epic also

includes The Hamilton, a 310 residential unit tower and The Pittman, a 164-key hotel in the historic Knights of Pythius Temple building.

The Continental Gin Redevelopment Project, approved for TIF District funding during fiscal year 2018-2019 and completed during fiscal year 2020-2021, improved 45,000 square feet of office space and 5,000 square feet of retail space in the historic building. The Continental Gin Project was awarded Dallas Business Journal's 2020 Best Real Estate Deals in the Rehab/Reuse category. In September 2022, the International Economic Development Council (IEDC) held its annual Excellence Awards in which the Office of Economic Development (OED) received a Gold Award in the Real Estate Redevelopment & Reuse category for its role in helping to facilitate the Continental Gin Redevelopment Project.

The Stack Deep Ellum, a 16-story retail and office building, was completed during the fiscal year and a long-term lease was announced with TRG for 101,808 square feet within the building.

The American Cancer Society Gene and Jerry Jones Family Hope Lodge, in partnership with Baylor Scott & White Health, located on Elm Street between Hall and Trunk Avenue, has constructed a free lodging facility for cancer patients receiving treatment in the DFW area and their caregivers in 50 guest suites (excluded from page 7 chart).

At the IEDC 2022 Excellence Awards, the OED received a Silver Award in the Neighborhood Development category for its role in managing the TIF District since its creation in 2005.

The chart that begins on page 7 is a comprehensive list of all TIF District funded and significant non-TIF District funded projects within the TIF District.

¹ All information updated as of September 30, 2022; planned projects that have not started construction are not included

² All TIF District funded projects.

³ Based upon estimated market value at completion or of comparable projects for anticipated projects, investment amount, or DCAD market value for completed projects (unless project has not yet been assessed). Values may not be fully captured by the TIF district for redevelopment projects once pre-existing value and/or the demolition of structures is netted out.

⁴ Reel FX was funded as part of a Streetscape project on Elm Street from Crowds Street to Indiana Street. Deep Ellum TIF District assisted with the costs, along with a Chapter 380 Economic Development Grant, Water Utilities Capital Improvement Funds, and 2006 Prop 8 Bonds.

⁵ On June 9, 2019, a construction crane collapsed on Elan City Lights Phase I; value significantly reduced (value before incident of \$71,500,000, a \$39,569,000 reduction).

Mixed-Income Housing Summary

Successful development efforts support a variety of housing options. Accordingly, twenty percent (20%) of all housing units in projects using direct site-specific TIF District funding assistance are subject to the City's and County's established criteria for mixed-income housing. In this TIF District, there are no residential units supported with site-specific TIF District funding.

The Galbraith (2400 Bryan Street) mixed-income, mixed-use project was complete in 2021-2022 and includes 217 residential units, of which 111 are affordable. This project does not include TIF District funds but has a capital stack utilizing housing tax credits and other City controlled funds (HOME, CDBG, Public/Private Partnership Funds, GO Bond Funds), requiring 51% of the units to be set aside as affordable (60% or below area median family income).

Value and Increment Revenue Summary

The TIF District's assessed 2022 taxable value was \$1,299,865,564. This represents an increase of \$264,420,387 (25.5%) from the 2021 value and an increase of \$1,110,702,951 (587%) from the base year value. The resulting total increment revenue anticipated to be collected in 2023 (from 2022 values) is approximately \$7,288,772 (\$7,041,079 City increment and a limited \$247,693 County increment because the Dallas County NPV cap is anticipated to be reached during 2023 increment collections).

Objectives, Programs, and Success Indicators

The Deep Ellum Project Plan and Reinvestment Zone Financing Plan was adopted on April 12, 2006 and was amended in 2008, 2011 and 2014. Among the goals of the Plan are:

- To create additional taxable value attributed to new private investment in projects in the Deep Ellum TIF District totaling approximately \$795 million.

Completed projects within the TIF District (those captured on pages 7-8) have contributed approximately \$965 million in additional taxable value (121% of goal). The current taxable value of the TIF District is \$1.3 billion (164% of goal).

- To attract new private development in the Deep Ellum TIF District totaling approximately 650,000 square feet of retail space, 850,000 square feet of office space, 500 hotel rooms, and at least 3,500 new residential units including lofts, town homes and apartments.

Completed projects within the TIF District contributed approximately 237,488 square feet of retail (36.5% of goal), 1,173,154 square feet of office

(138% of goal), 164 hotel rooms (33% of goal), and 2,573 additional residential units (73.5% of goal). Several large-scale projects are under construction and planned, which will assist the TIF District in meeting these goals over the next several years.

- To support the conversion of the Deep Ellum area to a mixed-use, transit-oriented neighborhood that complements Baylor Medical Center, Downtown Dallas, Latino Cultural Center and Fair Park.

A Complete Street project for Commerce Street from Good Latimer to Exposition was approved in the 2017 Bond Program and is currently under design. 2017 Bond Program funding was approved to complete the CBD Fair Park Link from Main to IH30 for design and right-of-way work. This new roadway will serve as an arterial connector road from the Central Business District area to eventually link to Fair Park. The work will be implemented in two phases and the construction contract for Phase I, from Hall Street to Main Street, was approved in FY 2020-2021.

- To generate approximately \$30 million (net present value) in increment over 20 years of collections.

The District has generated \$19.57 million NPV, with five years remaining until the expiration of the District. Based upon current estimates and certified 2022 values, the District could meet the \$30 million NPV goal by FY 2026, before the District expires in 2027 (2028 increment collections).

- To diversify retail and commercial uses in the TIF District.

In 2015, City Council approved the redevelopment of multiple buildings and parking lots along Main and Elm for the Westdale 2800 DE project which added 30,595 square feet of retail and restaurant space along with the creation of 13,740 square feet of open space. The Westdale 2800 DE Project was completed in the fiscal year 2017 and paid in full in fiscal year 2018.

The adaptive reuse of the historic Continental Gin building was completed during fiscal year 2020-2021 and includes co-working office space, a coffee shop and will be anchored by planned commercial space. Additionally, The Stack Deep Ellum added 14,600 square feet of ground floor commercial space within the TIF District. Several non-TIF District funded large-scale projects have added to the diversification of retail and commercial uses in the District.

- Encourage the redevelopment of the property located on Live Oak Street north of the Latino Cultural Center including the sale of some City-owned property in the area and some street abandonment to create a more usable site.

In 2008, the boundaries of the TIF District were amended to include the City of Dallas Latino Cultural Center and the site of the City Lights Project. These two sites comprise 10.2 acres. This boundary amendment was initiated to promote new development and increased urban density near the Latino Cultural Center and nearby the Deep Ellum DART Light Rail station. On August 10, 2016, City Council authorized amendments to deed restrictions placed on the property, including the requirement of a \$100,000 donation to the Latino Cultural Center to be made pursuant to the City Lights projects, prior to the issuance of a Certificate of Occupancy. During fiscal year 2019-2020, the Latino Cultural Center accepted and received a donation of \$100,000 to satisfy the related deed restriction requirement.

Year-End Summary of Meetings

The TIF District Board of Directors met one time during the fiscal year on December 7, 2021.

The Board can consist of up to seven members, including six City of Dallas appointees and one Dallas County appointee. Board members are (FY 2021-22 Board meetings attended):

*Term ended during the fiscal year but after the December 7, 2021 meeting

One City Council item was considered directly related to the TIF District:

On February 23, 2022, City Council approved Resolution Number 22-0387, accepting the FY 2020-2021 Annual Report on the status of Tax Increment Financing Reinvestment Zone Number Twelve (Deep Ellum TIF District or District), and authorizing the City Manager to submit the annual report to the Chief Executive Officer of each taxing jurisdiction that levies taxes on real property in the District, and to the State Comptroller, as required by state law.

Pending TIF District Items

Consideration of the FY 2021-2022 TIF District Annual Report and a recommendation to the City Council for approval.

Budget and Spending Status

Each TIF district establishes a budget for the public improvement expenditures necessary to support private investment in the district in the Project Plan and Reinvestment Zone Financing Plan. The TIF District was established in June 2005 and was amended in FY 2008 and 2014. The current budget for the TIF District is below.

FY 2022-2023 Work Program

The FY 2022-2023 work program for the TIF District includes:

- Improve the pedestrian environment through sidewalk improvements, landscaping, lighting and design standards.
- Upgrade basic infrastructure including storm drainage, water/wastewater lines, and burial of overhead utilities to support redevelopment in the District.
- Coordinate linkages with the three DART light rail stations located in the District by extending streetscape improvements between stations to create an extended pedestrian area to destinations such as the Latino Cultural Center, the Baylor Hospital Campus, the Old Dallas High School site, and Fair Park.
- Direct overall development of the TIF District through the application of design guidelines for public improvements and private development.
- Encourage development of new mixed-income residential projects
- Encourage redevelopment of the commercial core area of Deep Ellum to complement the existing building stock, diversify the retail mix and encourage infill development and structured parking.
- Assist in coordination of Commerce Street improvements.
- Examine the redevelopment possibilities of the current City Central Service Center located at 3202 Canton Street.
- Where relevant, assist in implementation of the Deep Ellum Foundation's Strategic Plan.
- Examine potential District-Wide Projects that could provide impactful close-out to the TIF District.

** Based on Certified Taxable Values. Final values will be determined on February 01, 2023.

6. Captured appraised value by the municipality and other taxing units, the total amount of the tax increment received, and any additional information necessary to demonstrate compliance with the tax increment financing plan adopted by the governing body of the municipality:

A. Estimated tax increment shared by the municipality and other participating taxing jurisdictions:

Taxing Jurisdiction	Assessment Per \$100***	Amount of Estimated 2022 Increment****
City of Dallas	0.63393	\$7,041,079
Dallas County	0.11987	\$247,693 *****
Total for all Jurisdictions	\$0.75380	\$7,288,772

***Participation rates for City of Dallas and Dallas County are 85% and 55% respectively.

****The District began collecting increment in fiscal year 2008-09.

***** Actual Dallas County collections for FY2022 would have been \$1,332,477; however, the \$2,800,000 NPV Dallas County budget cap will be reached during fiscal year 2022, limiting the anticipated increment to be collected.

B. The total amount of estimated tax increment to be billed for the 2022 tax year is \$7,288,772. For 2021 tax year, increment in the amount of \$6,572,373 was received.

City of Dallas, Texas
Deep Ellum Tax Increment Financing District
Notes to Financial Statements for the Year Ended September 30, 2022

1. The measurement focus used for the Zone fund is a flow of financial resources. The financial statements are prepared using the modified accrual basis of accounting. Under the modified accrual basis of accounting, tax increment revenues and interest are recognized as revenue when they become both "measurable" and "available" to finance expenditures of the current period. Expenditures are recognized when the liability is incurred.
2. State statute requires that each taxing jurisdiction remit its ad valorem taxes to the Zone by May 1 of each year (remittance to occur no more than 90 days after taxes for the jurisdiction become delinquent).
3. The Zone's cash balances are invested in the City's investment pool and include amounts in demand deposits as well as short-term investments. Pooled investments and short-term non-pooled investments are treated as cash equivalents. Investment income on the pooled investments is prorated monthly based upon the average daily cash balance in each fund.
4. The Zone's Financing Plan permits expenditures not to exceed \$2,300,000 over the life of the Zone to reimburse the City for administrative costs. The Zone began reimbursing the General Fund in fiscal year 2009-10. Any future remittance for administrative expenses would come from excess cash as tax increment revenue increases as a result of increased assessed values.
5. "Due to general fund" amount of \$216,917 on September 30, 2022, represents the Zone administration costs for the fiscal year 2018-2019 (\$52,879), fiscal year 2019-2020 (\$62,162), fiscal year 2020-2021 (\$54,669), and fiscal year 2021-2022 (\$47,207) that have been earned but will be reimbursed to the General Fund in future years based on the availability of TIF District funds. Note that these administrative costs do not include billing to other City departments.
6. All project costs resulting in capital improvements that are owned by the City are capitalized by the City.

Appendix B: Financial Obligations Estimated Payoff

It is anticipated that The Stack Deep Ellum will be paid in full in FY 2022-2023 upon verification that all project conditions have been fulfilled. TIF District funding is in an amount not to exceed \$2,576,125 (actual amount to be based on TIF-eligible project costs).

Appendix C – District-Wide Set-Aside Funds

The TIF District Increment Allocation Policy adopted by the TIF Board for the Deep Ellum TIF District currently provides for 5% of any District increment, after administrative expenses, to be set aside annually for District-Wide Improvements. Specific improvement projects are to be determined and the amount of this set-aside will be reviewed annually based on updated financial projections and District needs. The TIF District Board shall also have the discretion to release all or part of district-wide set-aside funds towards reimbursement of one or more TIF eligible projects. The intent of this set-aside is to leverage TIF District funds as a match for other funding.

The district-wide set-aside balance as of the end of FY 2022 totals \$987,027. There are no commitments at this time.

Potential uses as defined by the Increment Allocation Policy include:

- Gateways, trails, open space, public facilities, or utility/streetscape improvements benefiting multiple properties or blocks.

Mission Statement

The mission of the Grand Park South TIF District is to provide a source of funding for public infrastructure improvements necessary to enhance the real estate market for the Grand Park South TIF District area. The Grand Park South TIF District represents the outgrowth of the City of Dallas' effort to provide a model for redeveloping a former residential area in decline to take full advantage of the expanding DART light rail system, to promote transit oriented development in the historical context of the neighborhood, to implement appropriate urban design standards, and to improve the quality of development south of downtown.

The Dallas City Council established the Grand Park South TIF District by Ordinance Number 26147 on October 26, 2005. The Grand Park South District took effect on January 1, 2006 and is scheduled to terminate on December 31, 2035 (including collection of the 2035 increment in calendar year 2036 and any related matters to be concluded in 2036) or when the budget of \$29.8 million (2006 dollars) has been collected. The City of Dallas and Dallas County are the two participating jurisdictions. The City's participation is 90%, and the County's participation is 65%.

TIF District Accomplishments

The Grand Park South TIF District (TIF District) is composed of neighborhoods to the south of Fair Park including the Al Lipscomb Way, Martin Luther King, Jr. Boulevard, and Malcolm X Boulevard corridors. The TIF District exhibits deteriorated structures, inadequate sidewalks and streets, faulty lot layouts, unsanitary or unsafe conditions, and deteriorated site improvements. These conditions substantially arrest or impair the sound growth of the City and property within the area. The TIF District's strengths include the following:

- Proximity to downtown
- Adjacency to Fair Park
- J.B. Jackson Transit Center which includes DART's Green Line MLK Station
- South Boulevard – Park Row Historic District
- Includes the intersection of Malcolm X and Martin Luther King, Jr. Boulevards, one of only a few such intersections in the country.

In March 2021, the TIF District's Board of Directors (Board) approved Urban Design Guidelines for Projects located in Tax Increment Financing Districts to be applied to the Grand Park South TIF District. In June 2021, the Board reviewed a request by the City's Transportation Department in an amount not to exceed \$500,000 for a public street lighting improvement project and recommended City Council approval. The item was approved by City Council in October 2021. The public street lighting improvement project was completed in April 2022.

During 2021, the Board reviewed and recommended approval of an amendment to increase the geographic area of the TIF District by approximately 151 acres in an area

contiguous to the current TIF District and bounded by Al Lipscomb Way, South Ervay Street, South Boulevard, Pennsylvania Avenue, and Botham Jean Boulevard. No changes to the TIF District budget were recommended. The amendment was approved by City Council in December 2021.

Although the pace of new development has been slower than originally anticipated, some development activity has occurred in the TIF District as noted in the chart below. Staff will continue to explore options to encourage more development.

Mixed-Income Housing Summary

Successful development efforts support a variety of housing options. Accordingly, twenty percent (20%) of all housing units in projects using direct site-specific TIF funding assistance are subject to the City’s and County’s established criteria for mixed-income housing. In this TIF District, there are no TIF-funded residential projects.

A total of 44 apartments, 43 single-family houses, and 5 condominium units have been completed. The current market rents may be affordable relative to area median family income levels. There are potentially additional units using other incentives in the pipeline over the next several years. The City’s Housing and Neighborhood Revitalization Department has been coordinating with the Dallas Housing Foundation and Texas Community Builders on the development of single-family lots in the Jeffries-Meyers area with pre-development activities including environmental assessments underway.

Value and Increment Revenue Summary

The Grand Park South TIF District's 2022 taxable value was \$147,828,848 (and slightly varies for other taxing jurisdictions due to exemption levels). This represents an increase of \$68,764,272 (87%) from the 2005/2021 amended base year value of \$79,064,576 and an increase of \$25,174,117 (20.5%) from the previous year. The TIF District anticipates collecting approximately \$559,568 in incremental tax revenue for tax year 2022.

Objectives, Programs and Success Indicators

The Grand Park South TIF District Project Plan and Reinvestment Zone Financing Plan was adopted in 2005 and amended in 2021. The Plan's development goals are provided below:

- Create additional taxable value attributed to new private investment in projects in the Grand Park South TIF District totaling approximately \$579 million.

Property values in the TIF District have begun to increase slowly. Over \$74 million in growth has occurred or is anticipated since its creation and amendment in 2021.

- Encourage transit-oriented development within the TIF District. This includes the creation of a new town center in proximity to DART's MLK Green Line station while providing access and connections to the station that will allow ridership to exceed over 2,400 per day by 2015.

The Green Line's MLK and Fair Park stations opened in September 2009 with an aim toward setting the stage for transit-oriented development throughout the TIF District. The COVID-19 pandemic negatively impacted transit ridership in 2020 and 2021; however, recovery is showing in the 2022 ridership figures.

The annualized ridership for FY 2022 for the MLK station is 363,710, according to DART. This represents a 53% increase over the base year (FY 2010) and 23% increase from last year. Average daily ridership is 1,021; a 19% increase from last year.

The annualized ridership for FY 2022 for the Fair Park station is 328,098, according to DART. This represents a 16% decline over the base year (FY 2010) and 106% increase from last year. Average daily ridership is 848; a 115% increase from last year. Staff will continue to monitor ridership trends.

MLK station

- Attract new private development in the TIF District totaling approximately 2,400 residential units by 2035, including development of new single-family homes, mid-rise residential, such as town homes, and higher density residential near the MLK Green Line station, while preserving and restoring historic single-family residences.

The Fair Park Estates project located along Park Row, Malcolm X Boulevard, South Boulevard, and Jeffries Street has resulted in 43 residential units. Urban Mixed Use LLC completed 38 multifamily units in 2016. The South Side Apartments created 6 apartment units from the remodel of a former lodge. Fair Park Moderns Condos Phase I has brought 5 units to the market. To date, 92 units in total have been completed or planned (3.8% of the goal).

Examples of multifamily and single-family development. Urban Mixed Use LLC's 3221 Flats (left) and South Fair CDC's Fair Park Estates homes (right)

- Diversify housing options within the TIF District by providing various types of housing, including town home, multi-family, and single-family projects, at a range of price points including approximately 20% of new units at or below 80% of Area Median Income (AMI) and 80% of new units at market rate. Replace existing multi-family housing stock in substandard condition (approximately 500 units) with new residential development at 60% of Area Median Income. Expand homeownership opportunities in the district.

There is an ongoing effort to provide a variety of housing options within the Grand Park South TIF District, especially needed market rate housing.

On January 11, 2012, the City approved 2006 bond funding and the use of CDBG grant funds for the Urban Mixed Use LLC. Phase 1 located at 3221 Elihu Street (now called 3221 Flats) with 38 units, completed in 2014.

In Spring 2018, City Council adopted a new Citywide comprehensive housing policy. Future development in the Grand Park South area has the potential to support goals for expanding housing opportunities.

- Grow and diversify retail and commercial uses within the TIF District. Consolidate new retail and other commercial activities to support a new town center in proximity to the MLK Green Line station; create a neighborhood retail center in proximity to the Al Lipscomb Way and Malcolm X Boulevard intersection; enhance retailing opportunities and design through infill development along Martin Luther King, Jr. Boulevard, and, in some cases, convert existing retail and commercial buildings to residential uses. Attract 300,000 square feet of retail space and 150,000 square feet of office or other commercial space in new private development by 2035.

Completed commercial development includes a 12,288 square foot office building and 16,702 square feet of retail. Additional commercial development underway includes a community kitchen as part of The Crossing project, a retail building renovation at 1632 MLK Boulevard, and preparations for the restoration of the Forest Theater.

Two Podners expanded restaurant & adjacent retail space

- Expand parks and open space within the TIF District by encouraging the development of both private and public parks and open space, such as pocket parks, plazas, courtyards, and recreation areas, within walking distance (1/4 mile) of new residential development, especially new mid- and high-density residential development.

During FY 2012, the City installed shared lane markings to encourage bicycling on Martin Luther King, Jr. Boulevard from Fair Park to Julius Schepps Freeway. The long term plan is for this shared lane to connect to future bicycle facilities on the Cedar Crest Bridge.

Active capital improvement projects include \$1.4 million in Complete Streets improvements on Martin Luther King, Jr. Boulevard from Robert B. Cullum to S.M. Wright Freeway. The project will include bike route improvements, enhanced sidewalks and crosswalks, pedestrian lighting, landscape and irrigation, and mid-block pedestrian crossings. Construction is scheduled for completion in early 2023.

- Improve security and safety through pedestrian lighting and design that encourages "eyes on the street."

During FY 2021-2022, the TIF District funded \$500,000 towards a public street lighting improvement project including new and upgraded lighting along portions of Park Row Avenue, South Boulevard, Jeffries Street, and Meadow Street to assist in implementing public safety strategies identified by the Mayor's Task Force on Safe Communities. The project was completed in April 2022.

New streetlighting installed during FY 2022 shown in daytime and evening

- Generate approximately \$30.3 million (net present value) in increment over 25 years of collection.

The TIF District's assessed property value has increased from its 2005/2021 adjusted base year value. It has to-date increased 87% from the

adjusted base year value. The cumulative increment collection to-date is \$1,554,527 (5% of the goal).

Year-End Summary of Meetings

The Grand Park South TIF District Board of Directors met twice during the fiscal year from October 1, 2021 to September 30, 2022. The Board approved and forwarded one item to City Council.

The Board, based on amended composition, can consist of up to seven members, including six City of Dallas appointees and one Dallas County appointee. During FY 2021-2022, the Board members were (FY 2021-2022 Board meetings attended): Michael Hubbard, Chair – City Representative (2 of 2 meetings); Jason Brown, Vice-Chair – City Representative (2 of 2 meetings); Sheri Mixon – City Representative (2 of 2 meetings); Tabitha Lanett Wheeler – City Representative, (1 of 2 meetings); Froswa' Booker-Drew - City Representative, (1 of 2 meetings); Eva Taylor-Jones - City Representative, (1 of 2 meetings); and Luis Tamayo - Dallas County Representative (2 of 2 meetings).

The Dallas City Council approved four items during the fiscal year directly related to the TIF District. The items are summarized below:

- On October 13, 2021, Resolution No. 21-1662 authorized the transfer of \$500,000 from the Grand Park South TIF District Fund to the Transportation Special Projects Fund to implement a public street lighting improvement project.
- On November 10, 2021, Resolution No. 21-1886 authorized a public hearing to be held on December 8, 2021 to hear citizen comments and concerns regarding proposed amendments to the Grand Park South TIF District boundary and Plan.
- On December 8, 2021, Ordinance No. 32087 amended Ordinance Nos. 26147 and 26773, previously approved the City Council on October 26, 2005 and on June 13, 2007, respectively to (1) increase the geographic area of the Grand Park South TIF District to add approximately 151 acres to promote development or redevelopment of the District; (2) authorize an amendment to the participation agreement with Dallas County to extend its financial participation in the Grand Park South TIF District from 2026 to the end of the current term in 2035; and (3) make corresponding modifications to the Grand Park South TIF District boundary and Project and Financing Plans.
- On February 23, 2022, Resolution No. 22-0388 accepted the FY 2020-2021 Annual Report on the status of Tax Increment Financing Reinvestment Zone Number Thirteen, (Grand Park South TIF District), and authorized the City Manager to submit the annual report to the Chief Executive Officer of each taxing jurisdiction that levies taxes on real property in the District, and to the State Comptroller, as required by state law.

Pending TIF District Items

- Consideration of the FY 2021-2022 TIF District Annual Report and a recommendation to the City Council for approval.

City of Dallas, Texas
Grand Park South Tax Increment Financing District
Notes to Financial Statements for the Year Ended September 30, 2022

1. The measurement focus used for the TIF Zone fund is a flow of financial resources. The financial statements are prepared using the modified accrual basis of accounting. Under the modified accrual basis of accounting, tax increment revenues and interest are recognized as revenue when they become both "measurable" and "available" to finance expenditures of the current period. Expenditures are recognized when the liability is incurred.
2. State statute requires that each taxing jurisdiction remit its ad valorem taxes to the Zone by May 1 of each year (remittance to occur no more than 90 days after taxes for the jurisdiction become delinquent).
3. The Zone's cash balances are invested in the City's investment pool and include amounts in demand deposits as well as short-term investments. Pooled investments and short-term non-pooled investments are treated as cash equivalents. Investment income on the pooled investments is prorated monthly based upon the average daily cash balance in each fund.
4. The Zone's Financial Plan permits expenditures not to exceed \$5,863,846 over the life of the TIF to reimburse the City for administrative costs. The Zone began reimbursing the General Fund for costs incurred through fiscal year 2008-09. Any future remittance for administrative expenses would come from excess cash as tax increment revenue increases as a result of increased assessed values.
5. "Due to general fund" amount of \$184,994 at September 30, 2022 represents the TIF administration costs for the fiscal year 2018-2019 (\$27,963), fiscal year 2019-2020 (\$36,649), fiscal year 2020-2021 (\$60,391), and fiscal year 2021-2022 (\$59,991) that have been earned but will be reimbursed to the General Fund in future years based on the availability of TIF funds. Note that these administrative costs do not include billing to other City departments.
6. All project costs resulting in capital improvements that are owned by the City are capitalized by the City.

Mission Statement

The mission of the Skillman Corridor TIF District is to provide a source of funding for public infrastructure improvements that will assist in creating a more sustainable mix of rental and owner-occupied residential property in the Skillman Corridor. This effort will help encourage the redevelopment of structurally obsolete apartment complexes and retail centers, better trail and recreational connections, and transit-oriented development near the Skillman/Walnut Hill DART light rail station and the existing Skillman/LBJ DART light rail station. The Skillman Corridor TIF District began on January 1, 2006 and will terminate on December 31, 2035 (including collection of the 2035 increment in calendar year 2036 and any related matters to be concluded in 2036).

Skillman Corridor TIF District Accomplishments

Dallas City Council established the Skillman Corridor TIF District by Ordinance Number 26148 on October 26, 2005. In December 2006, the TIF District's boundaries were amended to include several Richardson Independent School District (RISD) campuses to help RISD meet changing campus needs as the area is redeveloped. The RISD Board of Trustees approved contributing the debt service portion of future RISD increment to the TIF District up to \$10 million (net present value or a total amount of just over \$16 million). This financial participation marked the first financial participation by a school district in a Dallas TIF district since 1999. The Dallas City Council adopted the Skillman Corridor TIF District Project Plan and Reinvestment Zone Financing Plan on December 13, 2006 by Ordinance 26534.

In 2007, a development agreement with PC LH Land Partners, LP (PC LH) for the TIF District's catalyst project "Lake Highlands Town Center (LHTC)" was approved by the Skillman Corridor TIF Board and the City Council. The project also received funding commitments from Dallas Area Rapid Transit (DART) and the North Central Texas Council of Governments (NCTCOG) for a light rail station and related improvements at Skillman Street and Walnut Hill Lane along the existing DART Blue Line. In addition, the project received funds from Dallas County for infrastructure improvements and City of Dallas bond funds for infrastructure improvements.

Infrastructure and other public improvements as part of the LHTC horizontal site development phase have been completed. An operation and maintenance agreement for non-standard public improvements has been executed with PC LH, and the Lake Highlands Public Improvement District (LHPID) has agreed to partial assignment of those responsibilities.

The 20 acres of park land and trails constructed as part of the project was conveyed to the City on March 31, 2011 and named "Watercrest Park." Maintenance responsibility has been designated to PC LH, future owners, and/or the Lake Highlands Public Improvement District (LHPID).

Due to the economic downturn between 2008-2010, vertical development at the LHTC was delayed. In June 2011, the City approved an amended development agreement for LHTC that increased the TIF funding dedication of future TIF revenues from \$23,000,000 to a maximum of \$40,000,000 subject to certain conditions.

In May 2009, the Skillman Corridor TIF Board adopted a "Skillman Corridor TIF Strategic Implementation Plan" to guide the next phases of development and improvements in the TIF District.

In FY 2011, a development agreement with Audelia WGK, LLC for the White Rock Place development was approved by the Skillman Corridor TIF Board and the City Council. TIF funding assisted with reconfiguring the southwest corner of Walnut Hill Lane and Audelia Road into a smaller retail component of 18,000 square feet and infrastructure for 17 residential lots. All homes were completed in late 2013.

A development agreement with the Richardson Independent School District (RISD) was approved in FY 2011 to provide TIF funding pursuant to the Interlocal Agreement between the City and RISD for stadium facility improvements adjacent to Lake Highlands High School as funds are available.

During FY 2012, the TIF Board approved by-law amendments to reflect changes in state law for TIF Board composition so that only taxing jurisdictions that participate financially can have representation and a change in the TIF design review process to have that function undertaken as part of the City Design Studio Urban Design Peer Review Panel. The TIF Board also approved mixed-income housing guidelines.

During FY 2013, a development agreement with WRT/DK Residential, L.P. for the White Rock Trail Apartments project was approved by the TIF Board and City Council. The development, now called NorthRock Lake Highlands was completed in late 2014. In FY 2016, the developer terminated the agreement, forgoing the TIF subsidy.

During FY 2014-2015, staff held ongoing discussions on potential updated plans for LHTC (primarily the retail block as a next phase). Phase I requirements under the LHTC agreement were completed in 2015, and the City began disbursement of TIF funding. In September 2015, PC LH decided to terminate the remainder of the LHTC agreement.

During FY 2016, the TIF Board approved district-wide funding commitments including \$349,800 in local match funding for the Lake Highlands TOD Multimodal Connectivity Project (hike/bike trail extension) and \$35,000 to share in the cost for a Phase I Master Plan to study and prepare schematic design for enhancements to the proposed Lake Highlands Gateway Bridge at the intersection of Skillman Street and IH 635.

During FY 2017, a development agreement with NADG/SHOP Lakeridge LP for the Lakeridge shopping center project was approved by the TIF Board and City Council.

In June 2018, the TIF Board recommended district-wide funding up to \$350,000 toward median/gateway improvements along Skillman Street near the hike/bike trail extension project.

During fiscal year 2018-2019, the Lakeridge shopping center project was completed and the TIF subsidy was paid in full. The 90,476 square feet of upgraded retail space has resulted in a more than doubling of taxable value. The project also replaced much of the non-pervious parking lot with 8,000 square feet of public open space. The City of Dallas and SHOP Development were awarded the 2019 Urban Land Institute’s “Next Big Idea” award for three of their local projects, including the Lakeridge center project.

In 2021, the TIF Board recommended district-wide funding to support dredging and studying Watercrest Park pond at Lake Highlands Town Center and lighting of certain streets within the District.

Mixed-Income Housing Summary

Successful development efforts support a variety of housing options. Accordingly, twenty percent (20%) of all housing units in projects using direct site-specific TIF funding assistance are subject to the City’s and County’s established criteria for mixed-income housing. In this TIF District, as part of TIF funding, a total of 217 units have been built to-date, of which 40 are required to be set-aside as affordable. The White Rock Place project involved TIF funding for infrastructure for 17 single-family lots and previously, on a case-by-case basis, for-sale housing was not subject to specific affordability requirements.

A total of 1,467 residential units have been completed overall. Another 439 units are under construction without any TIF subsidy or affordable units anticipated.

TIF District Initiatives

In addition to TIF District funding, there have been other public funding commitments in support of the Lake Highlands Town Center (LHTC) and improvements to trails and gateways as shown in the TIF District Initiatives table below. A unique partnership was formed with PC LH and several public agencies (City, Dallas County, DART, and the North Central Texas Council of Governments (NCTCOG) as a result of the interdependent layering of funding for infrastructure and public improvements requiring coordination in support of the LHTC.

In June 2010, the North Central Texas Council of Governments (NCTCOG) Regional Transportation Council (RTC) awarded funding for two Sustainable Development (SD) Projects in the Skillman Corridor TIF District including the “LBJ/Skillman Urban Planning

Initiative” (planning study) and the “Lake Highlands TOD Sustainable Development Infrastructure Project.”

The LBJ/Skillman Urban Planning Initiative included evaluating the best land use and development mix in the LBJ/Skillman DART Station area and strategies to encourage transit-oriented development (TOD) and supporting pedestrian/bike improvements. In August 2009, the TIF Board approved a pledge of TIF funding in the amount of \$25,000 as matching funds for the project. NCTCOG funding includes \$100,000 with a required local 20% match of \$25,000 for a total study amount of \$125,000. The study was adopted by City Council in October 2014.

The “Lake Highlands TOD Sustainable Development Infrastructure Project”, with Dallas County and PC LH as partners, was selected for funding as an infrastructure project totaling \$3,243,000 to expand the hike and bike trail south from the LHTC to the existing White Rock Creek Trail (at Skillman Street, north of Abrams Road). In late 2015, the City took the lead on managing the project with the TIF District providing \$346,800 in local match support and Dallas County committing up to \$271,000 (net project management costs). The trail extension construction is complete.

In June 2018, the TIF Board recommended up to \$350,000 in TIF funding toward the construction costs of median/gateway improvements along Skillman Street between Merriman Parkway and Abrams Road. The Lake Highlands Public Improvement District funded the design work. Construction has been implemented in conjunction with the construction of the trail extension project. The medians are complete.

During fiscal year 2020-2021, the TIF Board recommended dedicating \$1,600,000 in TIF District funds to match the \$1,600,000 available 2017 proposition D bond funds for dredging of the Watercrest Park pond at Lake Highlands Town Center with the following conditions: 1) that the dredging is consistent with Alternative 7A as presented in Garver’s Technical Memorandum dated April 1, 2021 (partial dredge of the whole pond to a shallow 1.5 foot depth to remove all sediment above the normal water surface elevation and dredging of the southern “bowl” portion of the pond to full design depth to provide additional volume), with additional focus that the northern portion of the waterway receive a light dredge so as to preserve natural habitat, 2) that the TIF Board will not entertain future dredging funding requests, and 3) that the findings as presented in the recommended action are accepted. At the same TIF Board meeting, the TIF Board also recommended dedicating up to \$60,000 to supplement the professional services contract with Garver for Watercrest Park pond dredging improvements to provide engineering evaluations and cost estimates for up to three beautification and maintenance-reducing concepts of Watercrest Park pond. On March 9, 2022, City Council approved the construction contract to dredge Watercrest Park pond and the contract has been executed. An Administrative Action was approved on September 17, 2021 to conduct the study of Watercrest Park Pond.

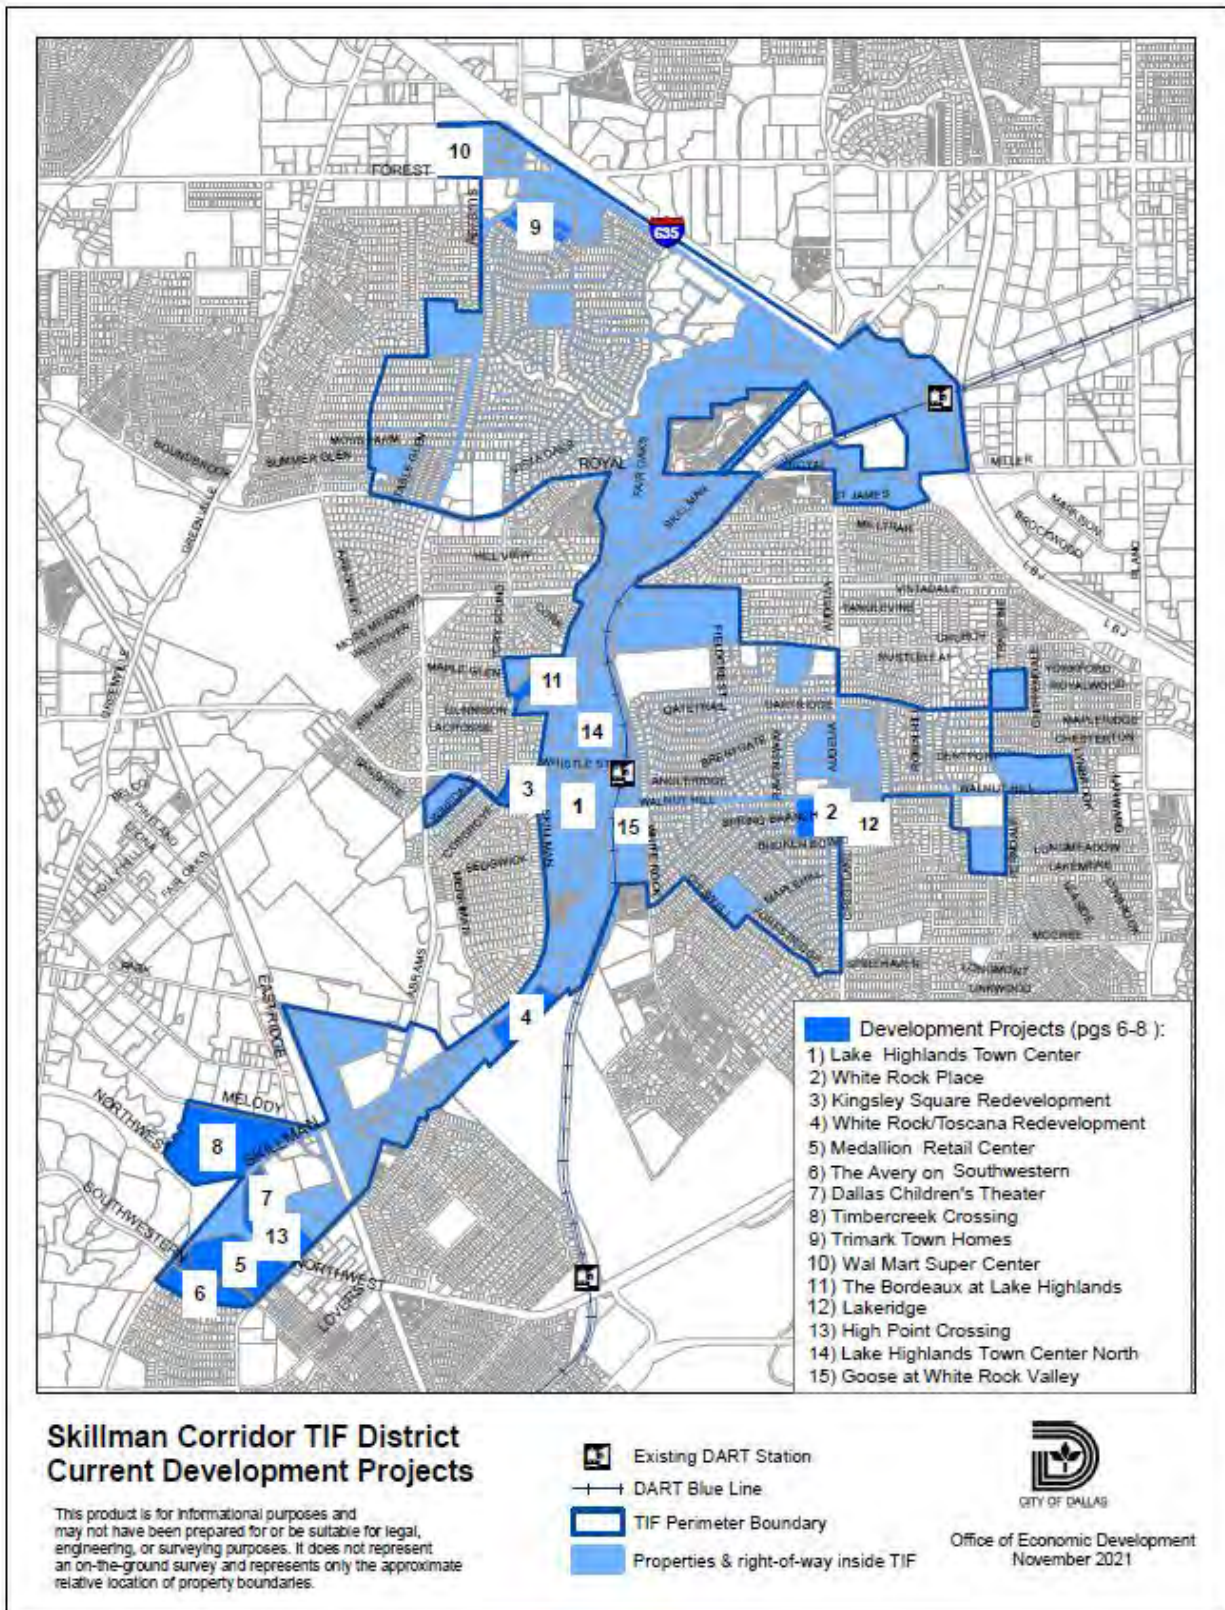

On December 3, 2021, the TIF District Board of Directors recommended a request by the City of Dallas Department of Transportation for TIF funding of public street lighting

improvements including (a) installation of approximately 26 new City light-emitting diode (LED) street lights in the amount of \$286,000 and (b) approximately 5,200 linear feet of fiber optics in the amount of \$286,000, for a total amount not to exceed \$572,000, along the following locations: (1) West and East Ferris Branch Boulevard: 3 street light poles, (2) Ferris Branch Boulevard from West/East Ferris Branch Boulevard to Whitehurst Drive: 5 street light poles, (3) Fair Oaks Crossing from Royal Lane to Whitehurst Drive: 12 street light poles, and (4) Fair Oaks Crossing from Royal Lane to Skillman Street: 6 street light poles. On March 9, 2022, the City Council approved Resolution 22-0456, authorizing \$572,000 to be transferred from the Skillman Corridor TIF District Fund to the Transportation Special Projects Fund to implement the public street lighting improvement project. As of the end of the fiscal year, construction was ongoing.

Value and Increment Revenue Summary

The Skillman Corridor TIF District’s assessed 2022 taxable value was \$1,283,913,304 (and varies for other taxing jurisdictions due to exemption levels). This represents an increase of \$947,955,993 (282.2%) over the 2005 base year value and an increase of \$198,682,986 (18.3%) over last year’s final value. The TIF District anticipates collecting approximately \$9,641,335 in incremental tax revenue for tax year 2022 (collected 2023), of which \$6,009,377 is the City’s contribution. The anticipated RISD portion totals \$2,496,447 and 30% or \$748,934 will be earmarked for the RISD Facility Improvements TIF budget line item pursuant to RISD’s interlocal agreement with the City.

Objectives, Programs, and Success Indicators

Among the goals of the Plan are:

- To create additional taxable value attributed to new private investment in projects in the Skillman Corridor TIF District totaling approximately \$592 million.
Over \$524 million in new investment is completed (88.5% of the goal).
- To attract new private development in the Skillman Corridor TIF District totaling approximately 740,000 square feet of new or upgraded retail space and 6.4 million square feet of new or upgraded residential development including town home, multi-family, and single-family projects.
1,211,369 square feet of new and upgraded retail space is completed (exceeding the goal by 64%). 1,467 residential units are completed and 439 units under construction, approximately 2,164,800 square feet total (calculated by using estimated average size by unit type; includes units only) (34% of the goal).

Residential developments at Lake Highlands Town Center that opened in 2018 including Lookout Apartments (left) and Enclave townhomes (right)

- To focus on encouraging the redevelopment of properties on the Skillman Street corridor and the existing DART Light Rail Station at LBJ and Skillman to increase density and provide enhanced urban design for the District.

The TIF Board adopted a TIF District Strategic Implementation Plan to focus redevelopment activities and TIF expenditures including supporting the Skillman/LBJ Gateway planning effort to promote TOD development at the LBJ/Skillman DART Station area. A NCTCOG Regional Transportation Council (RTC) funded planning study was completed in 2014 to explore development options and public improvements needed to facilitate TOD development around the LBJ DART station.

The Lake Highlands Gateway Bridge project, a \$64 million interchange reconfiguration for Skillman (incorporating the extensive efforts made by community leaders to present an alternative to an original flyover bridge design) and the LBJ East project is moving forward as one project. Construction officially began Fall 2020 and was ongoing during the fiscal year. The TIF Board funded \$35,000 to share in the cost in partnership with the Lake Highlands Public Improvement District for a Phase I Master Plan that studied and prepared schematic design for enhancements to the bridge (completed in 2017).

- To maintain the stability of local schools as redevelopment occurs in the housing market.

In May 2007, the TIF Board adopted “Skillman Corridor TIF District Relocation Assistance/Student Retention Program Guidelines” with substantial input from the Richardson Independent School District (RISD) and private partners as part of negotiating the LHTC development agreement. A concerted effort was made at the start of the LHTC redevelopment to relocate remaining tenants to other apartment complexes within the RISD. Occupancy levels were low at the time and of the 110 unit relocations specifically tracked in August 2007, 78% relocated to another complex in the RISD.

In September 2022, RISD broke ground on the new Lake Highlands Middle School. The 3-story school will house 1,500 students and is anticipated to be complete August 2024. Phase 2 of the project includes demolition of the existing Lake Highlands Junior High School.

Current RISD enrollment data for FY 2022 indicates that overall enrollment for the eleven RISD campuses within the TIF District is up 37.9% compared to the 2006-07 school year when tracking for the potential impact of TIF related redevelopment began. Over the sixteen-year period, all but one RISD schools gained students and Lake Highlands High School enrollment has increased 67.5% since the 2006-2007 school year. Staff and the Board will continue to work with school district representatives to monitor enrollment.

- To reach ridership at existing and future DART light rail stations in the District averaging over 3,000 riders per weekday by 2015.

The annualized ridership for FY 2022 for the LBJ/Skillman station is 183,897, according to DART. This represents a decrease of 53.87% over the base year (FY 2005) and 9.28% increase from last year. The average daily (weekday) ridership level is 583, a 9.79% increase from last year.

The Lake Highlands Station in its first full operating year 2011 had average daily ridership of 435 and annualize ridership of 102,394. The annualized ridership for FY 2022 is 73,269 which represents a 28.44% decrease over the base year and a 32.76% increase over last year. The average daily ridership level is 228 (weekday count), a 33.33% increase from last year.

- To improve access and connections to the DART light rail system within the District.

The Lake Highlands DART opened December 6, 2010. The station is the first infill station constructed by DART while DART Rail is in operation. The station area was intended to be incorporated with the development of the Lake Highlands Town Center (LHTC).

- To increase recreational opportunities and improve connections to the City of Dallas trails and open space system in the District.

The 20 acres of park and trails as part of the LHTC has been completed and was conveyed to the City in March 2011. Maintenance of that recreational space is handled privately and/or by the Lake Highlands Public Improvement District (PID).

The NCTCOG Regional Transportation Council (RTC) has also committed funding to expand the hike and bike trail south from the LHTC to the existing White Rock Creek Trail (at Skillman, north of Abrams). The project is complete.

- To generate approximately \$49.7 million net present value (NPV) in increment over 20 years of collections.

The TIF District's 2022 total taxable value is \$1,283,191,711. The economic downturn in the early years of the TIF District impacted the pace of new construction, including delaying the build out of the Lake Highlands Town Center, but recent growth, including the 18.3% increase in values between 2021 and 2022, has allowed for significant strides in meeting the goal. The total NPV collections to-date is \$27.3 million, 55% of the goal.

- To diversify retail and commercial uses in the TIF District.

Upgrades were made at the Kingsley Square and Medallion Center. A WalMart Supercenter and the Timbercreek Crossing development is complete with Wal Mart/Sam's Club as an anchor. The "White Rock Place" project included upgraded signage and site improvements as part of consolidating viable retail space that has attracted new tenants. The "Shops at Lake Highlands Town Center" includes a Sprouts grocery anchor along with new restaurants and retail. An additional 181,993 square feet in retail space, including a Marshalls, Burlington and Academy, was added to the TIF District with the development of Highpoint Crossing in 2018.

***Participation rate for City of Dallas is 85% for tax years 2008 - 2035.

***Participation rate for Dallas County is 55% for tax years 2008 - 2027.

Richardson Independent School District (RISD) participates with the debt service portion of the tax rate, currently \$0.35 per \$100 for tax year 2022. The Zone will set aside 30% or \$748,934 of the anticipated 2022 (tax year) RISD increment of \$2,496,447 disburse payment to RISD for Facility Improvements TIF budget line item pursuant to RISD's interlocal agreement with the City of Dallas.

B. The total amount of estimated tax increment to be billed for the 2022 tax year is \$9,641,335. For the 2021 tax year, increment in the amount of \$7,830,891 was received.

City of Dallas, Texas
Skillman Corridor Tax Increment Financing District
Notes to Financial Statements for the Year Ended September 30, 2022

1. The measurement focus used for the Zone fund is a flow of financial resources. The financial statements are prepared using the modified accrual basis of accounting. Under the modified accrual basis of accounting, tax increment revenues and interest are recognized as revenue when they become both "measurable" and "available" to finance expenditures of the current period. Expenditures are recognized when the liability is incurred.
2. The Zone's cash balances are invested in the City's investment pool and include amounts in demand deposits as well as short-term investments. Pooled investments and short-term non-pooled investments are treated as cash equivalents. Investment income on the pooled investments is prorated monthly based upon the average daily cash balance in each fund.
3. State statute requires that each taxing jurisdiction remit its ad valorem taxes to the Zone by May 1 of each year (remittance to occur no more than 90 days after taxes for the jurisdiction become delinquent).
4. The Zone's Financing Plan permits expenditures not to exceed \$6,123,084 over the life of the Zone to reimburse the City for administrative costs. Any future remittance for administrative expenses would come from excess cash as tax increment revenue increases as a result of increased assessed values.
5. "Due to general fund" amount of \$223,699 at September 30, 2022 represents the Zone administration costs for the fiscal year 2018-2019 (\$49,921), fiscal year 2019-2020 (\$50,840), fiscal year 2020-2021 (\$69,976), and fiscal year 2021-2022 (\$52,961) that have been earned but will be reimbursed to the General Fund in future years based on the availability of TIF District funds. Note that these administrative costs do not include billing to other City departments.
6. All project costs resulting in capital improvements that are owned by the City are capitalized by the City.

Appendix B – Financial Obligations Estimated Payoff

The TIF District currently has one outstanding developer obligation:

- Lake Highlands Town Center, Phase I has an outstanding obligation of \$1,662,252. An available payment of this final amount is pending verification of compliance.

Appendix C – District-Wide Set-Aside Funds

The Increment Allocation Policy for the TIF District allows the TIF Board discretion to set aside increment for “district-wide improvements” such as gateways, trails, open space, public facilities, or utility/streetscape improvements benefiting multiple properties or blocks. The intent of these funds is to leverage TIF funds as a match for other funding.

Below are district-wide funding commitments to date:

- In 2009, TIF funding of \$25,000 was paid toward the required 20% local match for the LBJ/Skillman Urban Planning Initiative that evaluated the best land use and development mix in the LBJ/Skillman DART Station area and strategies to encourage transit-oriented development (TOD) and supporting pedestrian/bike improvements. The North Central Texas Council of Governments (NCTCOG) funded \$100,000 toward the total study amount of \$125,000.
- In 2016, a TIF funding commitment of \$346,800 was recommended towards the local match for the NCTCOG “Lake Highlands TOD Sustainable Development Infrastructure” Project, to expand the hike and bike trail south from the LHTC to the existing White Rock Creek Trail (at Skillman Street, north of Abrams Road). The total project cost is up to \$3.4 million. TIF funds have been set aside from available cash, and a portion of the funds have been disbursed.
- In 2016, a TIF funding commitment of \$35,000 was recommended to share in the cost for a Phase I Master Plan to study and prepare schematic design for enhancements to the proposed Lake Highlands Gateway Bridge at the intersection of Skillman Street and IH 635. The Lake Highlands Public Improvement District (LHPID) also committed at least \$25,000 toward the cost and managing the process. TIF funds have been used to reimburse the LHPID for the completed study and schematic designs.
- In 2018, a TIF funding commitment of \$350,000 was recommended towards the construction costs of median/gateway improvements along Skillman Street between Merriman Parkway and Abrams Road. The Lake Highlands Public Improvement District funded the design work. Construction is being implemented in conjunction with the construction of the trail extension project.
- In 2021, a TIF funding commitment of \$1,600,000 was recommended to match the \$1,600,000 available in 2017 Proposition D bond funds for dredging of the Watercrest Park pond at Lake Highlands Town Center.
- In 2021, a TIF funding commitment of \$60,000 was recommended to supplement the professional services contract with Garver for Watercrest Park pond at Lake Highlands Town Center dredging improvements to provide engineering evaluations and cost estimates for up to three beautification and maintenance-reducing concepts of Watercrest Park pond.
- In 2021, a TIF funding commitment of \$572,000 was recommended to providing 26 new City LED street lights and approximately 5,200 linear feet of fiber optics in the Skillman Corridor TIF District.

Mission Statement

The mission of the Fort Worth Avenue TIF District is to provide a source of funding for public infrastructure improvements necessary to enhance the real estate market for the Fort Worth Avenue TIF District area. The Fort Worth Avenue TIF District represents the outgrowth of the City of Dallas' effort to provide a model for redeveloping urban corridors to take full advantage of the Trinity River project, the signature Santiago Calatrava bridges, and the undeveloped/underdeveloped land parcels near downtown Dallas.

The Fort Worth Avenue TIF District was proposed in April 2007 to assist the creation of a more sustainable mix of rental and for-sale residential property in the Fort Worth Avenue area. This shift will help to encourage the creation of more owner-occupied residential units and mixed-use development, the removal and redevelopment of structurally obsolete apartment complexes and retail centers, and the facilitation of necessary environmental remediation and redevelopment of the property near the Trinity River and downtown Dallas, as well as better trail and recreational connections.

The Dallas City Council established the Fort Worth Avenue TIF District by Ordinance Number 26798 on June 13, 2007, as amended. The TIF District took effect on January 1, 2008 and it is scheduled to terminate on December 31, 2029 (including collection of the 2029 increment in calendar year 2030 and any related matters to be concluded in 2030). The City of Dallas and Dallas County are the TIF District's participating jurisdictions. The City's annual participation rates are as follows:

- 0% in 2008
- 55% in 2009 and 2010
- 70% in 2011 through 2013
- 85% in 2014 through 2020
- 70% in 2021 and 2022
- 55% in 2023 through 2029

The County's participation was 0% in 2008 and increased to 55% in 2009 through 2028.

TIF District Accomplishments

The Fort Worth Avenue TIF District is generally bounded by commercial and multi-family developments along the Fort Worth Avenue corridor between the Trinity River and Hartsdale Avenue. Many of these properties were underutilized and/or deteriorated initially. The TIF District also contains many outdated industrial structures, vacant office buildings, sparingly used parking lots and undeveloped land. The TIF District is appealing given its proximity to downtown Dallas, the Santiago Calatrava bridges, the Coombs Creek, stable single-family neighborhoods and planned transit-service improvements.

Since inception, City Council has approved TIF District funding for two completed projects and one project under construction, Mariposa (formerly Villas) at Western Heights. The first project, the Metro Paws Animal Hospital, was completed in 2012. The second project, the *Sylvan | Thirty* mixed-use development, was completed in 2015. Cliff View multi-family housing development was approved for TIF District funding but was never built.

During the fiscal year, Mariposa (Villas) at Western Heights, a 130 unit low income housing tax credit mixed-income senior residential development located at 1515 Fort Worth Avenue, began construction.

In addition, nineteen significant non-TIF District funded projects have added commercial, office, retail and restaurant space along or near the West Commerce Street/Fort Worth Avenue corridor. Note that additional private investment has occurred within the TIF District boundaries that is not included in the chart below.

Past, Current and Anticipated Projects

Mixed-Income Housing Summary

Successful development efforts support a variety of housing options. Accordingly, twenty percent (20%) of all housing units in projects using direct site-specific TIF District funding assistance are subject to the City’s and County’s established criteria for mixed-income housing. In the Fort Worth Avenue TIF District, as part of TIF District funding, a total of 201 units have been built to date, and 40 units (20%) are currently set-aside as affordable.

Mariposa (previously Villas) at Western Heights, currently under construction, is a 130 unit mixed-income senior residential development. The low income housing tax credit project will include 104 (80%) affordable units, including 11 units set aside at 30% of the Area Median Family Income (AMFI), 42 units set aside at 50% AMFI, and 51 units set aside at 60% AMFI.

TIF District Initiatives

The City and community partners have several initiatives within and adjacent to the TIF District. Collectively, over \$895 million in bond, grant, federal and private funds will be spent on the projects which are expected to help accomplish the following:

- Facilitate new mixed-use development in the area
- Create a vibrant neighborhood along the Fort Worth Avenue corridor

- Increase recreational opportunities and connections to the Trinity River corridor and downtown

A summary of the specific initiatives is as follows:

- The Texas Department of Transportation (TxDOT) is complete on the Horseshoe project which upgraded the I-30 and I-35E bridges over the Trinity River and a portion of the Mixmaster. The project includes: a) the reconstruction of I-30 between Sylvan Avenue and the I-35 interchange; b) the reconstruction of I-35 from its interchange with I-30 south to Eighth Avenue; and c) the installation of additional lanes and a dedicated bicycle and pedestrian facility on the I-30 bridge over the Trinity River (opened fiscal year 2020-2021).
- The Coombs Creek Trail connects Hampton Road to Riverfront Boulevard and the Katy Trail (east of the TIF District). The trail's first phase, which spans from just west of Beckley Avenue to Sylvan Avenue, was completed in March 2009. Phase II, which spans from Sylvan Avenue to the tennis courts at Stevens Park Golf Course, was completed in September 2010. Phase III, which spans from the tennis courts at Stevens Park Golf Course to Colorado and Plymouth to Hampton Road, was completed in 2016.

On September 28, 2022, City Council approved Resolution No. 22-1453, authorizing a construction services contract for Phase IV, the eastern end of the Coombs Creek Trail, adjacent to the TIF District. The construction cost, which includes a 12-foot wide concrete trail, is \$3,852,762.50, of which Dallas County will fund \$1,675,000, and the City will be responsible for the remaining \$2,177,762.50 including any cost overruns.

- The Trinity Overlook is a pavilion and observation deck located east of the TIF District near the southeast corner of the Beckley Avenue and West Commerce Street intersection. The project was financed with \$248,815 from the City's 1998 bond

program and a \$100,000 donation from the MetLife Foundation. It was completed in October 2008.

- The West Dallas Signature Point project was selected for funding through the North Central Texas Council of Governments (NCTCOG) Regional Transportation Council's Sustainable Development Program Call for Projects in 2005. This planning project used the goals and standards established in the West Dallas Urban Structure and Guidelines to create a redevelopment and investment strategy for prioritizing capital improvement projects in the West Dallas area bounded by Singleton Boulevard (north), the Trinity River levee (east), I-30 (south) and Sylvan Avenue (west). It was completed in 2014.
- In 2011, the City's Park and Recreation Department completed an \$8 million renovation of the Stevens Park Golf Course which is adjacent to the TIF District. Renovations included 1) erosion control for Coombs Creek; 2) renovation of the golf course to include drainage, bridge construction, cart paths; 3) irrigation improvements; and 4) construction of a maintenance facility.
- The City's Public Works Department began construction on infrastructure improvements at the North Beckley Avenue and West Commerce Street intersection in FY 2015. The \$7.8 million project improved pedestrian and bicycle access to the Trinity River corridor; upgraded storm sewer, water and sanitary sewer systems; and augmented wider sidewalks, street trees, street furniture, bike lanes and enhanced pedestrian lighting. The project also reused storm water runoff for irrigation purposes. The project was completed in January 2019.
- In January 2013, a partnership with the Fort Worth Avenue Development Group (FWADG) enabled the City to stripe buffered bike lanes on Fort Worth Avenue between North Edgefield Avenue and Sylvan Avenue. The pilot project helped determine the feasibility of a proposed thoroughfare plan amendment to modify Fort Worth Avenue from six lanes of vehicular traffic to four lanes and continuation of connecting buffered bike lanes throughout the TIF District. The thoroughfare plan amendment was approved by City Council on September 11, 2013.
- The reconstruction of Sylvan Avenue between I-30 and Fort Worth Avenue (adjacent to the Sylvan | Thirty project) was completed FY 2016. The project added bike lanes, on-street parking, wide sidewalks, and new traffic signals along this

segment of Sylvan Avenue. It also upgraded the existing storm drainage, replaced the water and wastewater mains and added new landscaping and streetscaping improvements that include pedestrian lighting. Reconstruction of Sylvan Avenue between Fort Worth Avenue and Singleton Boulevard was completed in September 2019.

- On April 13, 2022, City Council approved Resolution No. 22-0543, authorizing the construction services contract for Phase 2 of the Collective Sustainable Development Infrastructure Project in the amount of \$1,980,984 (Collective Sustainable Development Infrastructure Project Fund (\$1,539,928.31), Fort Worth Avenue TIF Fund (\$384,847.48), and General Fund (\$56,208.21)).

Phase 1 includes sidewalks and pedestrian lighting improvements along Fort Worth Avenue between Colorado Boulevard and Bahama Drive, which was completed in August 2017. Phase 2 improvements include bike lanes on Fort Worth Avenue from Bahama Drive to Interstate Highway 30, on Colorado Boulevard from Fort Worth Avenue to Hampton Road, and on Bahama Drive from Fort Worth Avenue to Plymouth Road; intersection improvements including signal upgrades on Fort Worth Avenue at Bahama Drive and at Jacqueline Drive and on Plymouth Road at Hampton Road; and, sidewalk improvements and connection to the completed portion of the trail.

TIF District-wide Set-Aside Funds

Annually, the TIF District-Wide Set-Aside for the Fort Worth Avenue TIF District is 10% of all incremental revenues after disbursement of administrative expenses. Currently, approximately \$1,506,943 is set aside, of which \$496,563 is committed as a match for the Collective project as part of a NCTCOG grant (\$1,010,380 not yet committed).

Value and Increment Revenue Summary

The Fort Worth Avenue TIF District's 2022 assessed taxable value was \$787,737,250. This represents an increase of \$701,603,803 (814.6%) over the base year and \$203,273,606 (34.8%) over the 2021 taxable value. With the City and County's participation, the increase over the base value will result in the collection of approximately \$4,503,977 in total incremental revenue for FY 2023 (from 2022 values) for the TIF District.

Objectives, Programs, and Success Indicators

The Fort Worth Avenue Project Plan and Reinvestment Zone Financing Plan was adopted on March 26, 2008, as amended. The plan's defined development goals are provided below:

- Create additional taxable value attributable to new private investment in projects totaling approximately \$1,290,239,340 over the term of the TIF District.

The TIF District's taxable value has increased approximately \$701,603,803 since its inception (54% of the goal). Completed projects include several apartments (Sylvan Thirty, Meridian Kessler Park, Pike (Alta) West Commerce, Alta Yorktown, Broadstone Ltd, Alexan West Dallas, Lincoln Kessler Park, and Magnolia on Pollard) as well as a variety of retail and commercial projects including Metro Paws Animal Hospital, 7-11, Comerica banking center, Aldi grocery store, and the Sylvan Thirty retail center.

- Attract new, higher density, private development in the Fort Worth Avenue TIF District totaling approximately 1,033,910 square feet of retail space and 9,444 residential units including townhome, multi-family, single-family, and condominium projects. Note that only significant developments are included in this report, and, therefore, the actual retail square footage and residential unit count is higher than reported.

Since its inception, 199,392 square feet of retail and restaurant space has been completed within the TIF District. This represents 19.3% of the goal.

Residential development continues to grow the TIF District area's population with 2,659 residential units completed, representing 28.2% of the goal. Additional significant residential projects are under construction within

the TIF District. Note that only significant developments are included in this report, and, therefore, the actual retail square footage and residential unit count is higher than reported.

- Focus on encouraging the redevelopment of properties in the Fort Worth Avenue corridor to increase density and to provide enhanced urban design for the TIF District that meets the intent of the *Fort Worth Avenue Corridor Land Use and Urban Design Study* and the requirements of the West Commerce Street/Fort Worth Avenue Special Purpose District (PD 714), adopted by Ordinance No. 25898 on February 23, 2005, as amended.

As seen in the project list on pages 5 -7 of this Annual Report, many TIF District funded projects and those not utilizing TIF District funds have increased the density along the Fort Worth Avenue corridor. In addition to the projects listed, several smaller projects, including Manny Rodriguez Photography, a 4,620 square foot studio and a renovated single-family home, add to the interest, density and diversification of the TIF District. All projects applying for TIF funds are reviewed by the City’s Urban Design Peer Review Panel and comments made to the applicant are incorporated into the project plans.

In addition to the project design, the following projects within and adjacent to the TIF District provides public infrastructure improvements that comply with PD 714 including wide sidewalks, street trees, bicycle, and pedestrian amenities:

- Coombs Creek Trail
- West Dallas Signature Point
- Reconstruction of West Commerce Street
- Trinity Overlook
- TxDOT’s Horseshoe
- Fort Worth Avenue Streetscape Improvements
- Reconstruction of Sylvan Avenue
- Reconstruction of Beckley Avenue

- Improve access and connections to the planned improvement of transit services, including a light rail or modern streetcar line, within the TIF District.

Projects requesting TIF District funding are reviewed individually to ensure wide sidewalks and improved transit stops with features such as shelters or pedestrian shading. Project landscaping design must also account for potential light rail or streetcar lines.

- Increase recreational opportunities and improve connections to the City of Dallas trails and open space system in the TIF District, especially the Trinity River and Coombs Creek.

Phases I and II of the Coombs Creek Trail, which spans from Beckley Avenue to North Oak Cliff Greenspace, Inc. (next to Stephens Park tennis courts) was completed in 2010. Phase III was completed in 2016, which extends Coombs Creek Trail from the tennis courts to Plymouth and Colorado up to Hampton Road. The construction contract for Phase IV was approved at the end of the FY 2021-2022. Phase IV will continue the Trail to the east to the east side of Beckley Avenue.

- Maintain the stability of local schools as redevelopment occurs in the housing market.

Administrators from the Dallas Independent School District have been invited to participate in the TIF District’s TIF Board meetings, as applicable.

- Diversify retail and commercial uses in the TIF District.

Since its inception, the TIF District has added retail and commercial spaces which cater to residents and visitors for a variety of desires and necessities, including dining and grocery options, shopping, and household services for access and attractive living.

- Generate approximately \$69.5 million (2008 NPV) in increment over 21 years, with up to 85 percent participation by the City and 55 percent participation by the County.

The TIF District’s assessed property value has increased 815.5% over its base value. The increase to-date has generated approximately \$11.38 million in incremental revenue (NPV), 16.37% of goal.

Year-End Summary of Meetings

The Fort Worth Avenue TIF District Board can consist of up to nine members, including eight City of Dallas appointees and one Dallas County representative. The Board met once during the fiscal year on December 7, 2021. The FY 2021-2022 Board members are as follows:

- Tracy German – City appointee (0 out of 1 meeting)
- Fernando Gonzalez – City appointee (0 out of 1 meeting)
- Dan Hunt – City appointee (0 of 1 meeting)
- Joshua Paul Kumler – City appointee (1 out of 1 meeting)
- Marie Morin – City appointee (1 of 1 meeting)
- Andrew Ramler – City appointee (0 out of 1 meeting)
- Debbie Solis – City appointee, presiding officer (1 out of 1 meeting)
- Brian Teefey – City appointee (1 of 1 meeting)
- Luis Tamayo – Dallas County appointee (1 out of 1 meeting)

The Dallas City Council approved two items directly related to the Fort Worth Avenue TIF District during the fiscal year, as summarized below:

- On February 23, 2022, City Council approved Resolution No. 22-0390, accepting the FY 2020-2021 Annual Report on the status of Tax Increment Financing Reinvestment Zone Number Fifteen, (Fort Worth Avenue TIF District), submitted by the Fort Worth Avenue TIF District's Board of Directors, and authorizing the City Manager to submit the annual report to the Chief Executive Officer of each taxing jurisdiction that levies taxes on real property in the District, and to the State Comptroller, as required by state law.
- On April 13, 2022, City Council approved Resolution No. 22-0543, authorizing the construction services contract for Phase 2 of the Collective Sustainable Development Infrastructure Project in the amount of \$1,980,984.00 - The Collective Sustainable Development Infrastructure Project Fund (\$1,539,928.31), Fort Worth Avenue TIF Fund (\$384,847.48), and General Fund (\$56,208.21)

Pending TIF District Items

The pending items for the Fort Worth Avenue TIF District are as follows:

- Approval of the FY 2021-2022 Annual Report

Budget and Spending Status

The Fort Worth Avenue TIF District's Project Plan and Reinvestment Zone Financing Plan established a budget for the public improvement expenditures that are necessary to support private investment. The TIF District's budget and spending to date are provided on the following charts:

City of Dallas, Texas
Fort Worth Avenue Tax Increment Financing District
Notes to Financial Statements for the Year Ended September 30, 2022

1. The measurement focus used for the Zone fund is a flow of financial resources. The financial statements are prepared using the modified accrual basis of accounting. Under the modified accrual basis of accounting, tax increment revenues and interest are recognized as revenue when they become both "measurable" and "available" to finance expenditures of the current period. Expenditures are recognized when the liability is incurred.
2. State statute requires that each taxing jurisdiction remit its ad valorem taxes to the Zone by May 1 of each year (remittance to occur no more than 90 days after taxes for the jurisdiction become delinquent).
3. The Zone's cash balances are invested in the City's investment pool and include amounts in demand deposits as well as short-term investments. Pooled investments and short-term non-pooled investments are treated as cash equivalents. Investment income on the pooled investments is prorated monthly based upon the average daily cash balance in each fund.
4. The Zone's Financing Plan permits expenditures not to exceed \$4,334,643 over the life of the Zone to reimburse the City for administrative costs. The Zone began reimbursing the general fund in fiscal year 2009-10. Any future remittance for administrative expenses would come from excess cash as tax increment revenue increases as a result of increased assessed values.
5. "Due to general fund" amount of \$199,384 on September 30, 2022, represents the Zone administration costs for the fiscal year 2018-2019 (\$32,515), fiscal year 2019-2020 (\$63,495), fiscal year 2020-2021 (\$48,877), and fiscal year 2021-2022 (\$54,497) that have been earned but will be reimbursed to the General Fund in future years based on the availability of TIF District funds. Note that these administrative costs do not include billing to other City departments.
6. All project costs resulting in capital improvements that are owned by the City are capitalized by the City.

Appendix B – Financial Obligations Estimated Payoff

TIF District funding for Mariposa (formerly Villas) at Western Heights was approved during fiscal year 2019-2020 in the amount of \$7,678,874. The TIF District obligation will be funded in installments. Installment number one, in the amount of \$2,500,000, was disbursed at acquisition closing, on December 14, 2021. The remainder of the funds are to be paid upon project completion (if all project conditions are met).

Mission Statement

The mission of the Davis Garden TIF District is to provide a funding source to facilitate public infrastructure improvements to enhance the area's real estate market. The TIF District exemplifies the City of Dallas' efforts to provide a model for redeveloping urban corridors and transitioning deteriorated multi-family properties and large infill tracts of vacant land into a more sustainable mix of for-sale and rental housing. It is anticipated to provide linkages to stable neighborhoods in North Oak Cliff, redevelop aging retail centers, and enhance connectivity through improvements to area trails.

The Dallas City Council established the Davis Garden TIF District by Ordinance Number 26799 on June 13, 2007, as amended. The TIF District took effect on January 1, 2008 and is scheduled to terminate on December 31, 2039 (including collection of the 2039 increment in calendar year 2040 and any related matters to be concluded in 2040). The City of Dallas and Dallas County are the TIF District's participating taxing jurisdictions. The City's annual participation rates are as follows:

- 0% in 2008
- 55% in 2009 and 2010
- 70% in 2011
- 90% in 2012 through 2039

Dallas County's participation rate was 55% from 2008 through 2011. The County's annual participation rate increased to 75% from 2012 through 2039.

TIF District Accomplishments

The Davis Garden TIF District is located southwest of downtown Dallas in the north Oak Cliff neighborhood. It includes portions of the Davis Street, Fort Worth Avenue, and Hampton Road corridors, as well as land adjacent to Pinnacle Park, commercial property and multi-family developments. The TIF District features numerous opportunities for redevelopment in areas near amenities such as Coombs Creek Trail, Kidd Springs Park, Stevens Park Golf Course, and the Twelve Hills Nature Center.

Single-family neighborhoods were excluded from the TIF District since they are not targeted for development or redevelopment activities. Kidd Springs Park, Stevens Park Golf Course, and the Twelve Hills Nature Center were included to enable improvements and enhance the connectivity between surrounding neighborhoods. The local elementary schools were included for similar reasons.

Originally, the TIF District's geographic area contained approximately 583 acres (excluding rights-of-way). However, the TIF District's boundary was expanded in 2009 to include approximately 105 acres of adjacent properties. With the boundary expansion, the TIF District's geographic area increased to approximately 688 acres.

Since the TIF District's creation, City Council has approved TIF District funding for 11 projects in the TIF District. This includes SLF III – Davis Garden TIF, L.P.'s (SLF) horizontal development project, which resulted in the demolition of 1,503 outdated apartment units in accordance with the TIF District's goal to replace 2,100 functionally obsolete apartments and 85,000 square feet of commercial space with approximately 2,200 for-sale units, 4,400 rental units and 663,300 square feet of improved, reconfigured or new neighborhood retail space. To date, 528 residential units have been constructed or are under construction on these sites. Development of the newly created development sites, such as the Bell Bishop Arts Apartments, is anticipated to further improve north Oak Cliff's successful residential market as well as stimulate the expansion of residential and commercial activity throughout the TIF District. Several conversions of automobile repair garages to restaurant and retail space have also occurred along West Davis Street in the TIF District.

Bell Bishop Arts Apartments

The Canyon in Oak Cliff project includes 196 acres of previously undeveloped land located southwest of Interstate Highway 30 and North Westmoreland Road. On June 8, 2011, City Council awarded SLF \$128,875,756 in TIF District funding for the construction of public infrastructure improvements in The Canyon. Prior to City Council's approval of the public subsidies, this vast area was not served by public utilities or streets. In contrast, the construction of the project's public infrastructure improvements was anticipated to help facilitate development of the following:

- 2,762 residential units
- 368,296 square feet of retail space
- 48,200 square feet of flex/retail space

The Canyon in Oak Cliff - Conceptual Site Plan

In 2011, City Council approved a project to design Phase One of a new eastbound frontage road for I-30 located between Cockrell Hill Road and Westmoreland Road to improve access to The Canyon project. The design and construction of the frontage road were completed during fiscal years 2012 and 2013, respectively.

In 2012, GroundFloor Development constructed a 160-unit, affordable multi-family project called Taylors Farm on the northeast corner of Pinnacle Park Boulevard and Rock Quarry Road as part of The Canyon project. One year later, GroundFloor completed their second project in The Canyon, Hillside West, a 130-unit senior housing project, one block north of Taylors Farm on the northeast corner of Pinnacle Park Boulevard and Falls Bluff Drive. Of the new residential units, 274 (36%) are designated for affordable housing.

The Kessler Theater and the buildings occupied by Bolsa, the Common Desk, Oak Cliff Coffee Roasters, and Oil and Cotton/Davis Street Espresso are properties with historic significance that have been renovated or converted for commercial use since the TIF District’s creation. In 2012, the TIF District supported the renovation of Kessler Theater, which as a result, now provides office and retail space for independent businesses, an instructional arts center for children, and a performance venue.

As a result of public infrastructure improvements made by SLF and the City, and after the construction of Colorado and Canyon Bluff Boulevards, work began on the IH-30 Frontage Retail portion of The Canyon project, which is an approximately eight-acre tract on the southwest corner of IH-30 and North Westmoreland Road. The site attracted Residence Inn by Marriott, Buffalo Wild Wings restaurant, and Olive Garden restaurant, all of which opened to guests in 2018.

Construction of the project improvements supporting the hotel, retail, and restaurant improvements within the IH-30 Frontage Retail area including the streetscape along Canyon Bluff and Colorado Boulevards, the Loop Road and the utilities within the Loop Road, are all complete.

In May 2022, LMC, a subsidiary of Lennar Corporation and a vertically integrated multi-family apartment builder, developer and asset manager, purchased undeveloped portions of The Canyon property from SLF and is in the process of continuing infrastructure improvements to the development. In July 2022, LMC re-branded to Quarterra Multi-Family.

Mixed-Income Housing Summary

Successful development efforts support a variety of housing options. Accordingly, twenty percent (20%) of all housing units in projects using direct site-specific TIF District funding assistance are subject to the City’s and County’s established criteria for mixed income housing. In the Davis Garden TIF District, a total of 290 units were constructed with the direct support of TIF District funding. Of these units, 274 (94.5%) are currently set-aside as affordable.

Value and Increment Revenue Summary

The Davis Garden TIF District’s 2007 adjusted base year taxable value was \$137,834,597. The TIF District’s 2022 taxable value, as determined by the Dallas Central Appraisal District, is \$505,430,879. This represents an increase of approximately \$367,596,282 (267%) over the adjusted base year value.

The TIF District’s value increased by \$106,015,244 (27%) from the previous year’s value (\$399,415,635). This increase in value will result in the collection in 2023 of \$3,072,121 (City - \$2,467,380 and County - \$604,741) in incremental revenue for the TIF District.

Objectives, Programs and Success Indicators

The Davis Garden TIF District Project Plan and Reinvestment Zone Financing Plan was approved on February 27, 2008, as amended. The plan's defined development goals are summarized below:

- Utilize TIF District funding to encourage needed horizontal improvements and site preparation in the TIF District. This includes environmental remediation and demolition of structurally and functionally obsolete structures to set the stage for future redevelopment activities as described in this plan.

The environmental remediation and demolition of six obsolete apartment complexes (1,503 units) have been completed since the TIF District's creation. The complexes' former sites were prepared for future redevelopment activities.

- Utilize TIF District funding to encourage the needed redevelopment of the large area (The Canyon) located southwest of the intersection of Interstate Highway 30 and North Westmoreland Road.

The following progress has been made since the TIF District's creation:

- *The Canyon in Oak Cliff development agreement was approved by City Council on June 8, 2011. The project, which consists of the construction of public infrastructure improvements on approximately 196 acres of undeveloped land within the area, is currently in progress.*
- *Taylor's Farm, a 160-unit multi-family project approved by City Council on November 9, 2009, was completed during FY 2012.*
- *Hillside West, a 130-unit senior housing project approved by City Council on April 28, 2010, was completed during FY 2013.*
- *Residence Inn by Marriott hotel containing 103 rooms was completed in 2018.*
- *Two restaurant spaces (Olive Garden and Buffalo Wild Wings) were completed in 2018.*
- Create additional taxable value attributed to new private development and appreciation totaling approximately \$1.7 billion over the TIF District's 32-year life.

Added value for the TIF District as of the 2022 tax year totals \$367,596,282 (21.6% of the goal). The development timeline in The Canyon has been much slower than projected, limiting property value increases and incremental revenue collections for the Davis Garden TIF District. There is still a lengthy period for additional revenue to be collected as the Davis Garden TIF District does not expire until 2039.

- Attract new private development in the TIF District by replacing approximately 2,100 residential units with new residential units that will establish a more sustainable mix of for-sale and rental units; add approximately 6,600 residential units to increase population density in the area; and develop approximately 663,300 square feet of retail space and 1,245,000 square feet of other commercial space.

Preparation of six sites for future redevelopment activities which included the demolition of 623 obsolete apartment units (30 % of the goal) has occurred since the TIF District's creation. 814 new residential units have been constructed or are under construction in the TIF District (12% of the goal). Of the new residential units, 274 (36%) are designated for affordable housing as part of the Taylors Farm and Hillside West projects.

Retail and restaurant conversions throughout the TIF District have resulted in 96,795 square feet of renovated space (15% of the goal). These projects greatly increased commercial activity in the West Davis corridor. Limited retail development has occurred in The Canyon with construction of 11,324 square feet of restaurant space.

- Encourage the redevelopment of properties along the West Davis Street, Fort Worth Avenue, North Westmoreland Road and Hampton Road corridors for new residential and commercial uses that feature enhanced urban design standards which are complementary to the historic and conservation districts in the immediate area.

The following progress has been made since the TIF District's creation:

- *Six sites throughout the TIF District have redeveloped:*
 - *Cliffwood Apartments redeveloped into Bell Bishop Arts (multi-family)*
 - *Chateau Crete Apartments redeveloped into High Grove at West Kessler Heights (single family)*
 - *King's Highway Apartments redeveloped into 1600 Kings Highway (single family)*
 - *Kidd Springs Apartments redeveloped into Bishop Heights (single family)*
 - *Acorn Tree Apartments redeveloped into Kessler West (single family)*
 - *North Hills Apartments redeveloped into Echelon at Reverchon Bluffs (single family)*
- *The City of Dallas Design Studio has completed a study of the West Davis Street Corridor. The findings are being used to develop a plan for public improvements along West Davis Street.*

- *The West Oak Cliff Area Plan (WOCAP) produced by the City’s Planning and Urban Design Department was approved by the City Plan Commission on September 15, 2022 and was scheduled for City Council consideration in October, 2022. An approximate 1.5 mile portion of West Davis Street is included in the plan, and approximately 1 mile of that portion is included in the Davis Garden TIF District. Recommendations for improvements to West Davis in the WOCAP include but are not limited to opportunities to install a traffic signal or hawk signal along West Davis between Westmoreland and Plymouth to provide safe crossing for pedestrians, as well as providing bike lanes and public realm improvements along West Davis between Westmoreland and Hampton.*
- Sustain the stability of local schools while redevelopment activities occur within the area’s neighborhoods by encouraging strong communication between the Dallas Independent School District and area developers.

Staff has worked closely with neighborhood schools to coordinate redevelopment activities with the schools’ needs. This includes meeting with the principal of the Rosemont Elementary and Primary Schools as part of the planning process for the Rosemont Safe Routes to School Project.

- Diversify commercial and retail uses in the TIF District by restoring historic commercial buildings and finding redevelopment options for commercial structures that are architecturally less significant.

The Kessler Theater and the buildings occupied by Bolsa, the Common Desk, Oak Cliff Coffee Roasters, and Oil and Cotton/Davis Street Espresso are properties with historic significance that have been renovated or converted for commercial use since the TIF District’s creation:

- *The Settles Garage has been converted into the Bolsa Restaurant and approximately 1,850 square feet of office space.*
- *The Kemp Garage was converted into approximately 4,000 square feet of commercial space that was occupied by Bolsa Mercado. In July 2022, Berkley’s Market, a specialty grocery and café with indoor and outdoor seating, opened in the space.*
- *The retail building at 633 West Davis Street has converted into approximately 10,400 square feet of shared workspace that is occupied by the Common Desk.*
- *The renovated Kessler Theater contains office and retail space for independent businesses, an instructional arts center for children and a performance venue.*

- *The automotive garages that comprised Miguel’s Auto Body Shop have been converted into two properties. The first of which is occupied by Oak Cliff Coffee Roasters. It contains a coffee roaster and 1,300 square foot café. The second building is occupied by Oil and Cotton and Davis Street Espresso.*
- Improve recreational opportunities and connections to City trails and open space within the TIF District while providing better connections to County trails and other recreational amenities in the area.

The following progress has been made since the TIF District’s creation:

- *The Twelve Hills Nature Center, Inc.’s Urban Prairie Trailhead project, which was approved by City Council on October 14, 2009, was completed during FY 2010.*
- *Work has been completed on the Coombs Creek Trail along Kessler Parkway from Sylvan Avenue to Colorado Boulevard, Colorado Boulevard from Kessler Parkway to Plymouth Road and Plymouth Road from Colorado Boulevard to Hampton Road. The project was funded by General Obligation Bond Funds.*
- *Approximately \$8 million in upgrades for Stevens Park Golf Course were completed during FY 2012. The upgrades were funded by several funding sources including the 2003 and 2006 Bond Fund programs.*
- *A new pavilion at Kidd Springs Park was completed in 2015 funded by the 2006 Bond Fund program. Construction of a new aquatics center at Kidd Springs Park was completed during the fiscal year and opened to the public in the summer of 2019. Proceeds from the Elgin B. Robertson land sale provided funding for several regional family aquatic centers throughout the City.*
- *Shared bicycle lanes are included in the new section of Colorado Boulevard, located in the Canyon sub-district between IH-30 and Westmoreland Road.*
- Improve transportation including but not limited to hike and bike trails, bus, trolley, streetcar, and freeway access, street improvements and construction of new public streets and thoroughfares.

The following progress has been made since the TIF District’s creation:

- *City Council approved a project pertaining to the design for Phase One of a new eastbound frontage road for I-30 located between Cockrell Hill Road and Westmoreland Road during FY 2011. The design and construction of the frontage road were completed during fiscal years 2012 and 2013, respectively.*

- *SLF III – The Canyon TIF, L.P.’s North Oak Cliff Streetcar Extension project was approved by City Council during FY 2011.*
- *During FY 2012, the Davis Garden TIF District Board made the following recommendations concerning the best utilization for SLF’s \$1 million deposit into the Davis Garden TIF District Increment Fund for future TIF District infrastructure improvements that benefit the TIF District in lieu of the developer constructing median improvements, streetscape or other public improvements (note: funding includes interest earnings):*
 - Rosemont Plaza Project – comprised the closure of the diagonal portion of 7th Street between Mary Cliff Road/West Davis Street and Montclair Avenue to create a pedestrian plaza that combined the abandoned right-of-way with two small triangular medians to create a larger pedestrian plaza. Project Budget – \$395,659. The project was completed FY 2015.
 - Matching Funds for the Kessler Theater project’s infrastructure improvements component – approximately \$60,000 in TIF District funding leveraged an additional \$179,200 in matching funds from TxDOT (NCTCOG Grant). The funds were used to construct streetscape improvements outside the theater along West Davis and Clinton Streets. The project was completed FY 2015.
 - Rosemont Safe Routes to School Project – improved bicycle safety in the vicinity of schools through improved routing, signage and pedestrian amenities. The project consists of sidewalk improvements on the north side of Stevens Forest Drive, a 10’ bike trail that connects the sidewalk on Mary Cliff Road to the internal drive for the Rosemont Chris Semos Campus (through DISD property) and sidewalk improvements along Mary Cliff Road. Project Budget – \$115,569. The project was completed FY 2015.
 - Davis Corridor Urban Design Study – the study was conducted by the City of Dallas Design Studio. The study’s findings were used to develop a concept for reconfiguring West Davis Street between Montclair Avenue and Zang Boulevard. Project Budget – \$35,880. The project was completed FY 2014.
 - The Rosemont Safe Routes to School design/engineering study and construction of improvements, funded by TXDOT and local match funds from the TIF District will be completed May 2023.

- Generate an NPV of \$103.7 million in 2008 dollars or approximately \$367,212,757 total dollars in real property tax increment for the TIF District Fund over 32 years of collections.

This initial goal was set in net present value (NPV). Collections to date equal \$11.1 million NPV (3% of the goal). Since the inception of the TIF District in 2008, the taxable value has increased by 267%.

Year-End Summary of Meetings

The Davis Garden TIF District Board of Directors had three meetings during FY 2021-2022: January 10, 2022 (special meeting); June 15, 2022 (regular called meeting); and August 2, 2022 (special called meeting).

M/WBE Participation

Public bidding is not required for TIF District-funded projects. All TIF District-funded projects must follow the City’s adopted Business Inclusion and Development Plan and make a good faith effort to include certified Minority and Women-Owned Business (M/WBE) participation. The BID Plan goal for TIF District-funded projects was twenty-five percent (25%) M/WBE participation in construction costs of completed public improvements but changed to thirty-two percent (32%) in FY 2020-2021.

FY 2022-2023 Work Program

The FY 2022-2023 work program for the Davis Garden TIF District includes:

- Encourage development projects within the TIF District in accordance with its Project Plan and Reinvestment Zone Financing Plan.
- Continue annual disbursement of payments to completed TIF District projects in the TIF District.
- Implement the Rosemont Safe Routes to School design/engineering study recommendations and construction of improvements.

City of Dallas, Texas
Davis Garden Tax Increment Financing District
Notes to Financial Statements
for the Year Ended September 30, 2022

1. The measurement focus used for the Zone fund is a flow of financial resources. The financial statements are prepared using the modified accrual basis of accounting. Under the modified accrual basis of accounting, tax increment revenues and interest are recognized as revenue when they become both "measurable" and "available" to finance expenditures of the current period. Expenditures are recognized when the liability is incurred.
2. State statute requires that each taxing jurisdiction remit its ad valorem taxes to the Zone by May 1 of each year (remittance to occur no more than 90 days after taxes for the jurisdiction become delinquent).
3. The Zone's cash balances are invested in the City's investment pool and include amounts in demand deposits as well as short-term investments. Pooled investments and short-term non-pooled investments are treated as cash equivalents. Investment income on the pooled investments is prorated monthly based upon the average daily cash balance in each fund.
4. The Zone's Financing Plan permits expenditures not to exceed \$5,566,956 (in current \$) over the life of the Zone to reimburse the City for administrative costs. The Zone began reimbursing the general fund in fiscal year 2009-10. Any future remittance for administrative expenses would come from excess cash as tax increment revenue increases as a result of increased assessed values.
5. "Due to general fund" amount of \$181,588 on September 30, 2022, represents the Zone administration costs for the fiscal year 2017-2018 (\$20,967), fiscal year 2018-2019 (\$30,990), fiscal year 2019-2020 (\$40,127), fiscal year 2020-2021 (\$29,116), and fiscal year 2021-2022 (\$60,388) that have been earned but will be reimbursed to the General Fund in future years based on the availability of TIF District funds. Note that these administrative costs do not include billing to other City departments.
6. All project costs resulting in capital improvements that are owned by the City are capitalized by the City.

Appendix B – Financial Obligations/Estimated Payoff

Developer	Project Name	Max. TIF Award	Pay-Off Date
SLF III - The Canyon TIF, L.P.	North Oak Cliff Street Car Extension	\$3,000,000	2023
SLF III - The Canyon TIF, L.P.	The Canyon	\$128,875,756	2034

Estimated pay-off dates may change and are subject to the following:

- (1) Changes in increment collected annually;
- (2) Changes in the real property tax rates of participating taxing jurisdictions (City of Dallas and Dallas County);
- (3) Changes in the participation rate of participating taxing jurisdictions; and/or
- (4) Completion dates of projects listed in the TIF District's reimbursement queue

Appendix C – TIF District-Wide Set-Aside Funds

Subject to fulfillment of all its terms, an agreement in support of the North Oak Cliff Streetcar approved pursuant to Resolution Nos. 11-1751 and 11-1752 are intended to be paid from tax increment accruing to the entire TIF District and reserved to the TIF District Wide Set-Aside under the Increment Allocation Policy. Shared increment from Sub-TIF Districts A and B of the Davis Garden TIF District may also be used to make payments pursuant to the agreement in support of the North Oak Cliff Streetcar.

Mission Statement

The mission of the TOD TIF District is to provide a source of funding for public infrastructure improvements that will help create a series of unique destinations as well as foster the construction of structures or facilities that will be useful or beneficial to the development of transit stations along the DART light rail system in the central portion of the City. Redevelopment of the Lancaster Corridor and encouragement of transit-oriented mixed-use development (TODs) around DART stations are top City priorities. Linkage of areas proximate to the Lovers Lane/Mockingbird, Cedars West, and Lancaster Corridor transit stations via the DART Rail Lines facilitates higher density urban development in all areas and permits tax increment sharing to occur.

The TOD TIF District term began on January 1, 2009 and will terminate on December 31, 2038, (including collection of the 2038 increment in calendar year 2039 and any related matters to be concluded in 2039).

TOD TIF District Accomplishments

Dallas City Council established the TOD TIF District by Ordinance Number 27432 on December 10, 2008, as amended.

The TOD TIF District contains a series of DART light rail station areas connected by the rail line. Chapter 311 of the Texas Tax Code was amended in 2007 to allow the creation of a reinvestment zone for properties that have some connection to and will benefit a mass transit rail system. The original TIF District boundary included three sub-districts (and eight DART light rail stations) – Mockingbird/Lovers Lane, Cedars West, and the Lancaster Corridor within the TIF District defined by the relationship of areas geographically and/or to redevelopment goals.

The Dallas City Council adopted the TOD TIF District Project Plan and Reinvestment Zone Financing Plan on April 14, 2010 by Ordinance 27854, as amended in April and November 2010 and May 2012.

In FY 2010, the TIF District Board and City Council approved a development agreement dedicating up to \$8,492,273 in future TIF District revenues in support of the Lancaster Urban Village Project. The Lancaster Urban Village Project was an important seed project for the Veterans Hospital “VA” DART Station area and was planned in conjunction with a related project to expand the Dallas Urban League offices and training facilities. Staff continued to work extensively with City Wide Community Development Corporation (Citywide CDC) and their partner Catalyst Urban Development, LLC on coordination for other funding programs to complete the financing package for the Project. In 2009, City Council approved an economic development forgivable loan agreement to assist with land assemblage and related costs for the Dallas Urban League expansion and adjacent mixed-use development. Amendments related to the Project were approved in 2011 and 2012.

In October 2010, the City was awarded a \$2.225 million U.S. Department of Housing and Urban Development (HUD) Community Challenge Planning Grant to be shared among three focus areas: 1) Lancaster Corridor/TOD TIF District (primarily Kiest and VA Station areas), 2) the DART Green Line Corridor including Hatcher Station-Spring Avenue JB Jackson, and Buckner Station areas, and 3) the Vickery Meadow / Five Points Area. In 2013, the area plan for the Lancaster Corridor was adopted as an amendment to the forwardDallas! Comprehensive Plan.

In 2011, a \$400,000 TIF District funding pledge for the SMU Boulevard streetscape and trail extension project was approved as a local match for a North Central Texas Council of Governments (NCTCOG) Sustainable Development grant. Amendments to extend project deadlines were approved in 2012, 2013 and 2015. The project construction as part of the NCTCOG scope has been completed.

In 2012, the TIF District Board approved by-law amendments to reflect changes in state law for TIF District Board composition recognizing that only taxing jurisdictions that participate financially can have representation and a change in the TIF District-funded project design review process to have that function undertaken as part of the City Design Studio Peer Review Panel. The TIF District Board also approved a set of master design guidelines and mixed-income housing guidelines.

The Lancaster Urban Village Project was completed and began leasing in 2014. The Project has won numerous awards including National Association of Homebuilders Pillar of the Industry Award for The Best Affordable Apartment Community and a best in creative financing award from the National Development Council (NDC) in 2015.

In 2015, a development agreement for up to \$1,405,000 in TIF District funding and a Chapter 380 grant agreement for \$450,000 was approved in support of the Alamo Draffhouse Cinema Project in the Cedars West Sub-District. The Alamo Draffhouse Cinema Project was completed in 2016.

The City's Housing and Neighborhood Revitalization Department has been working with City Wide CDC on plans for a multi-phased Lancaster Kiest Village project with the first phase beginning with a new Rudy's Chicken restaurant. Serenity Place Apartments, a supportive housing development was completed in 2015, and an office building at 3155 S. Lancaster Road opened in 2017.

In May 2019, City Council approved up to \$750,000 in 2017 Proposition I Bond Funds to assist in the renovation of the former Urban League Building located at 4315 South Lancaster Road for new office and retail tenants. The building is now open as the "4315 Innovation Center" with Dallas College as a lead tenant providing workforce training programs.

During FY 2021-2022, the TIF District Board and City Council approved a development agreement dedicating up to \$29 million in future TOD TIF District funds in support of the Mockingbird Station East mixed-income and transit-oriented development project.

A development agreement in support of the Longhorn Ballroom Redevelopment Project was also approved during FY 2021-2022 that included both future TOD TIF District funding not to exceed \$2,100,000 and an economic development grant in the amount of \$2,050,000 (with \$250,000 payable from Equity Revitalization Capital Fund and \$1,800,000 payable from 2012 General Obligation Bond Fund).

Initial projects within the TIF District completed, under construction or in the development stage are shown in the table below.

Mixed-Income Housing Summary

Successful development efforts support a variety of housing options. Accordingly, twenty percent (20%) of all housing units in projects using direct site-specific TIF district funding assistance are subject to the City’s and County’s established criteria for mixed-income housing. In this TIF District, as part of TIF District funding, a total of 193 units have been built to-date, and 98 are currently set-aside as affordable (HUD funding associated with Lancaster Urban Village requires 51% affordable units).

A total of 1,866 residential units have been completed. The 1,449 units completed in the Mockingbird/Lovers Lane Sub-District are market rate and were built without TIF District subsidy. Units built without TIF District subsidy in the Lancaster Corridor Sub-District may be affordable as part of other assistance programs.

Three planned projects in the TIF District will include mixed-income units as follows:

- Mockingbird Station East with 429 total units – 20% of the units (86 units) will be affordable to households at 80% Area Median Income (AMI) or below based on the TIF District requirements.

- Trove Valor at 4515 S. Lancaster Road, initiated from the City’s 1,000-Unit Affordable Housing Challenge Request for Proposals with incentives later approved as part of a City-owned property sale to the Dallas Public Facility Corporation (DPFC) and an agreement between the DPFC and Lavoro Acquisitions, LLC will include 332 units. Upon completion, 40% of the units will be reserved for residents earning less than 80% AMI, 10% of the units for residents earning less than 60% AMI, and 50% of units will be market rate.
- Skyline at Cedar Crest at 2720 E. Kiest Boulevard plans to utilized 9% low-income housing tax credits (LIHTC) and was approved by City Council for \$3,750,000 in HOME Investment Partnership Program Funds will include 107 units. Upon completion 80% of the units will affordable (reserved for households between 30-60% AMI), and 20% of the units will be market rate.

TIF District Initiatives

The City and community partners have been engaged in District-wide initiatives that have resulted in additional public infrastructure benefiting the TIF District. Two projects received funding commitments in 2006 from the North Central Texas Council of Government’s Sustainable Development Call for Projects. Project details are shown below.

District Initiatives – Other Public Support for Projects

Value and Increment Revenue Summary

The TOD TIF District's assessed 2022 taxable value was \$802,246,764 (and varies for other taxing jurisdictions due to exemption levels). This represents an increase of \$600,248,653 or 297% over the base year (2008 and 2010) value, as amended. The TIF District anticipates collecting approximately \$4,515,916 in incremental tax revenue for tax year 2022.

Objectives, Programs, and Success Indicators

The TOD TIF District Project Plan and Reinvestment Zone Financing Plan was adopted in April 2010. Among the goals of the Plan are:

- To create additional taxable value attributable to new private investment in projects in the TOD TIF District totaling approximately \$2,431,000,000
Nearly \$641 million in new investment has been completed, is underway or planned (26% of the goal).
- To attract higher density new private development in the TOD TIF District totaling approximately 2,480,000 square feet of new or upgraded retail and office space and 13,900 residential units, including townhome, multi-family, and single-family projects.
256,999 square feet of new and upgraded retail/commercial space and 47,706 square feet of office space has been completed, is underway or planned (12% of the goal). Approximately 2,694 residential units have been completed or planned (19% of the goal).

Lancaster Urban Village across from the VA Medical Center Station (southern Dallas)

- To focus on encouraging the redevelopment of properties in the TOD TIF District, increase density and provide enhanced urban design for the various station areas that is commensurate with forwardDallas!, the City’s Comprehensive Plan.

Initial development projects under construction or planned show momentum for more urban, pedestrian-friendly redevelopment in support of forwardDallas! The City and DART have entered into a memorandum of understanding (MOU) to allow the City to market six DART-owned sites for development. This includes DART-owned property at the 8th and Corinth DART Station that will have a request for proposals (RFP) released in fall 2022.

- Encourage development projects that will increase DART ridership at rail stations within the TOD TIF District.

*Development projects completed to-date have added 1,889 new households near DART stations. The most recent average daily ridership figures (over the fiscal year) as of September 2022 for the eight DART light rail stations in or adjacent to the District are shown in the table below. The COVID-19 pandemic had negatively impacted transit ridership in 2020-2021; however, current trends show recovery. Annualized ridership figures for the stations can be found in **Appendix D**.*

Average Daily Ridership at DART LRT Stations in or adjacent to the District

VA Medical Center	868	329	405	23.1%	-53.34%
Ledbetter	2,786	782	805	2.9%	-71.11%

- To improve access and connections between DART light rail station areas and strategic Dallas area amenities such as the campus and future research facilities of Southern Methodist University, the Bush Presidential Library, the Trinity River, Southside on Lamar, and the heart of Cedars to the Convention Center area, Dallas Zoo, Cedar Crest Golf Course, and Veterans Memorial Hospital.

The Mockingbird Plaza Sustainable Development Project and 2006 bond program public improvements were completed in summer 2015 and are facilitating better pedestrian connectivity along SMU Boulevard and to the Mockingbird DART Station along with connections to Southern Methodist University and the Bush Presidential Library. Improvements completed as

part of the Lancaster Urban Village have improved connectivity to the Veterans Memorial Hospital and DART station.

- To increase recreational opportunities and improve connections to the City of Dallas trails and open space system in the TIF District.

The Mockingbird Plaza Sustainable Development Project included a pedestrian/bicycle trail between SMU Boulevard and the Mockingbird DART station. An extension of the Katy Trail, with City bond funds, included the Mockingbird Pedestrian Bridge that opened in 2017. SMU also invested in a new aquatics center.

The Mockingbird Bridge opened for bikes and pedestrians in November 2017.

- To maintain the stability of local schools as redevelopment occurs in the housing market and promote improved training and job creation through partnerships with Southern Methodist University, Dallas College District, the VA Hospital, Urban League, and the University of North Texas Law School.

The renovation of the former Urban League Building into the “4315 Innovation Center” with Dallas College as a lead tenant is bringing workforce training opportunities to the Lancaster Corridor community. The Longhorn Ballroom Redevelopment Project includes a provision to partner with Dallas College’s Commercial Music Program at the Cedar Valley Campus (or equivalent) to create paid experiential learning opportunities in the commercial music industry.

Attendees at the 4315 Innovation Center ribbon cutting held in October 2021 included Mayor Eric Johnson, Mayor Pro Tem Carolyn Arnold, Emmitt Smith (developer – ESmith Communities), Dr. Justin H. Lonon (Chancellor of Dallas College), and Tamela Thornton (ESmith Communities)

- To generate approximately \$185.2 million (NPV; 2009 dollars) in increment over 28 years of collections, with up to 85 percent participation by the City and 55 percent participation by Dallas County.
The TIF District's 2022 total taxable value of \$802,246,764 is approximately 31% behind the original projection of \$2,560,672,247. The economic downturn early in the term of the TIF District impacted the pace of new construction and existing property values.
- To diversify retail and commercial uses in the District.
Retail leasing as part of The Shelby and BLVD developments has brought new restaurants along SMU Boulevard. Upgrades at the Crest Plaza Shopping Center have doubled the size of a grocery store in an underserved area. The Alamo Drafthouse Cinema opened in 2016 adding to the entertainment venues in the Cedars area. The renovation of the former Urban League Building into the "4315 Innovation Center" has brought new office and workforce training tenants to the Lancaster Corridor across from the VA Medical Center DART Station.
- Add residential density including but not limited to provisions for affordable housing, elderly and special needs housing, and a sustainable mix of product types and destination related activities near DART light rail station within the TIF District to promote overall system ridership and increase ridership levels at the specific stations in the TIF District.
Initial projects completed have added a significant number of new units adjacent or near DART stations.

City of Dallas, Texas
TOD Tax Increment Financing District
Notes to Financial Statements for the Year Ended September 30, 2022

1. The measurement focus used for the Zone fund is a flow of financial resources. The financial statements are prepared using the modified accrual basis of accounting. Under the modified accrual basis of accounting, tax increment revenues and interest are recognized as revenue when they become both "measurable" and "available" to finance expenditures of the current period. Expenditures are recognized when the liability is incurred.
2. The Zone's cash balances are invested in the City's investment pool and include amounts in demand deposits as well as short-term investments. Pooled investments and short-term non-pooled investments are treated as cash equivalents. Investment income on the pooled investments is prorated monthly based upon the average daily cash balance in each fund.
3. State statute requires that each taxing jurisdiction remit its ad valorem taxes to the Zone by May 1 of each year (remittance to occur no more than 90 days after taxes for the jurisdiction become delinquent).
4. The Zone's Financing Plan permits expenditures not to exceed \$7,561,204 (in current \$) over the life of the Zone to reimburse the City for administrative costs. The Zone began reimbursing the General Fund upon collection of tax increment in fiscal year 2011-12. Any future remittance for administrative expenses would come from excess cash as tax increment revenue increases as a result of increased assessed values.
5. "Due to general fund" amount of \$238,711 on September 30, 2022 represents the Zone administration costs for the fiscal year 2018-2019 (\$44,395), fiscal year 2019-2020 (\$52,605), fiscal year 2020-2021 (\$59,993), and fiscal year 2021-2022 (\$81,718) that have been earned but will be reimbursed to the General Fund in future years based on the availability of Zone funds. Note that these administrative costs do not include billing to other City departments.
6. All project costs resulting in capital improvements that are owned by the City are capitalized by the City.

Appendix B – Financial Obligations Estimated Payoff

The TIF District has two current developer obligations, pending execution of development agreements including:

- A total obligation up to \$29 million in support of the Mockingbird Station East mixed-income and transit-oriented development project. Based on current projections, the obligation could be fully paid by calendar year 2033.
- A total obligation up to \$2.1 million in support of the Longhorn Ballroom Redevelopment project. Based on current projections, the obligation could be fully paid by calendar year by 2024.

Appendix C – District-Wide Set Aside Funds

The TIF Increment Allocation Policy adopted by the TIF District Board gives the option for annually setting aside a portion of funds for District-wide improvements. Currently, there is not an annual fixed set aside amount. To date, the only District-wide commitment has been \$400,000 for a local match as part of SMU Boulevard Improvements. This commitment has been fully paid.

Mission Statement

The mission of the Maple/Mockingbird Tax Increment Financing (TIF) District is to provide a source of funding for public infrastructure improvements necessary to enhance the real estate market for the Maple/Mockingbird TIF District area. The Maple/Mockingbird TIF District represents the outgrowth of the City of Dallas' effort to provide a model for redeveloping underdeveloped land near employment centers to take full advantage of the expanding DART light rail system and area resources such as Love Field Airport and the Southwestern Medical District.

The Dallas City Council established the Maple/Mockingbird TIF District by Ordinance No. 27435 on December 10, 2008. The TIF District took effect on January 1, 2009 and will terminate on December 31, 2033 (including collection of the 2033 increment in calendar year 2034 and any related matters to be concluded in 2034). The City of Dallas and Dallas County are the two participating jurisdictions. The City participated at 70% in 2009 through 2011, then to 85% beginning in 2012 through 2026. The participation rate decreases to 70% 2027 through 2033. Dallas County's participation is 55% for the first twenty years of the District.

The TIF District was established to encourage the redevelopment of obsolete multi-family and commercial buildings, inadequate retail centers, and underutilized industrial facilities in the area between Love Field Airport and the medical district to the southwest by promoting the development of denser, pedestrian-oriented residential development, expansion of retail activity and support of existing medical related uses while taking advantage of DART's expanding light rail system.

TIF District Accomplishments

In September 2009, the City sponsored a grant application for a development located within the Maple/Mockingbird TIF District's boundaries (Maple Crossing) as part of the 2010 North Central Texas Council of Government's (NCTCOG) Sustainable Development call for projects. Also in September 2009, the boundaries of the TIF District were expanded to include three parcels totaling approximately 19 acres. The addition of these parcels maximized redevelopment opportunities for the TIF District and created sufficient TIF District increment revenue to support the various public improvements associated with the catalyst and other planned projects in the TIF District. The Project Plan and Reinvestment Zone Financing Plan was approved in FY 2009.

Major employers Parkland Memorial Hospital, UT Southwestern Medical Center, and Children's Medical Center, located just outside of the TIF District have undergone significant expansions over the years. Parkland Memorial Hospital has undertaken a major construction project, replacing the outdated facility with a new one. The \$1.2 billion Parkland expansion includes a 17-story hospital surrounded by new

clinics and parking garages located around the Southwestern Medical District/Parkland DART light rail station.

DART Green Line expansion (NW corridor) and the Inwood/Love Field light rail station opened in December 2010. The Orange Line, which runs parallel with the Green Line through Downtown Dallas to Bachman Station in Northwest Dallas, opened in 2012.

Maple at Med Center (formerly Alta Maple Station), a transit-oriented development project near the Inwood Station, consisting of approximately 249 residential units located at 5252 and 5602 Maple Avenue, opened in 2015. Maple at Med Center was the first residential TIF District funded project in the Maple/Mockingbird TIF District.

In 2015, the first commercial project received approval of development agreement and TIF District funding in the Maple/Mockingbird TIF District. The aloft-Element Hotel at West Love, located at 2333 W. Mockingbird Lane, completed construction in early 2017. The total private investment for the project was \$42.8 million. The cost related to TIF District-eligible public improvements was \$3,000,000. The public improvements included paving, pedestrian friendly streetscape, sidewalk improvements, and connectivity to the adjacent mixed-use development West Love.

In 2021, Oaklawn Place, was the second residential project to receive approval of development agreement and TIF District funding in the Maple/Mockingbird TIF District. Oaklawn Place will be a senior affordable multi-family development which will be located at 5717-5725 Sadler Circle. The project was approved for funding in an amount not to exceed \$4,438,154. In 2022, due to increases in construction costs, supply chain problems and inflation, the Developer submitted a request for an increase to the subsidy needed to make the Project financially feasible. The request for approval of the amended development agreement and TIF District funding was approved, increasing the TIF District Subsidy to \$5,414,006. Construction is anticipated to begin in early 2023.

At its completion, Oaklawn Place will be an approximately 79,000 square foot, five-story, 84 unit apartment building, of which 100% will be rent restricted for senior (55 or older) households. The complex will feature meeting rooms, an amenity deck, a fitness room, business center and will include a large outdoor terrace overlooking a creek as well as views of downtown Dallas from the upper levels. The total private investment for the project is over \$29 million.

TIF District Development Map

Mixed-Income Housing Summary

Successful development efforts support a variety of housing options. Accordingly, twenty percent (20%) of all housing units in projects using direct, site-specific TIF District funding assistance are subject to the City’s and County’s established criteria for mixed-income housing. Since the TIF District’s creation, two residential projects have received TIF District funding, Maple at Med Center and Oaklawn Place. Of the 249 residential units constructed in Maple at Med Center, 50 units (20%) have been set-aside as affordable. Oaklawn Place will be an 84 unit (100%) affordable housing community for seniors.

Rendering of Oaklawn Place Development (anticipated completion 2024)

Value and Increment Summary

The Maple/Mockingbird TIF District's 2022 assessed taxable value was \$900,488,327. This represents an increase of \$716,483,318 or 389.4% over the base year (2008 and 2009) value, as amended.

The TIF District's certified value increased by \$114,651,395 (14.6%) from the previous year's final value (\$785,836,932). This increase in TIF District value will result in the collection in 2023 of approximately \$5,399,651 (City \$4,542,003; County \$857,648) in incremental revenue for the TIF District.

Objectives, Programs, and Success Indicators

The Maple/Mockingbird Project Plan and Reinvestment Zone Financing Plan was adopted in September 2009. The goals of the Plan are summarized below:

- Create additional taxable value in the Maple/Mockingbird TIF District of a minimum of \$374.2 million over the term of the TIF District.

The TIF District's taxable value in 2022 was \$716,483,318 over the base year value (191.4% of the goal).

- Attract new private development adding approximately 2,500 new residential units and 650,000 square feet of retail space to increase the area's population density

and shopping options, adding approximately 1.2 million square feet of new retail, office and medical.

In total 3,127 residential units have completed construction or are currently under construction (125% of the goal). Additionally, 232 hotel rooms have been added to the TIF District.

- Generate an NPV of \$27.8 million or approximately \$52.6 million in total dollars in TIF District revenues over 25 years of collections.

As of the end of the FY 2021-2022, approximately \$24.3 million in TIF District revenue has been collected (46.2% of total dollars goal) in 14 years of collections.

FY 2022-2023 Work Program

The FY 2022-2023 work program for the Maple/Mockingbird TIF District is as follows:

- Promote new development projects in the TIF District, including development sites along Mockingbird.
- Execute development agreement for Oaklawn Place senior affordable housing project and coordinate during construction.
- Identify additional redevelopment sites including the Inwood DART Station area, work with developers of anticipated development projects within the TIF District to bring them to fruition and continue to seek growth in the TIF District through the attraction of mixed-use, high-density development.

City of Dallas, Texas
Maple/Mockingbird Tax Increment Financing District
Notes to Financial Statements for the Year Ended September 30, 2022

1. The measurement focus used for the Zone fund is a flow of financial resources. The financial statements are prepared using the modified accrual basis of accounting. Under the modified accrual basis of accounting, tax increment revenues and interest are recognized as revenue when they become both "measurable" and "available" to finance expenditures of the current period. Expenditures are recognized when the liability is incurred.
2. State statute requires that each taxing jurisdiction remit its ad valorem taxes to the Zone by May 1 of each year (remittance to occur no more than 90 days after taxes for the jurisdiction become delinquent).
3. The Zone's cash balances are invested in the City's investment pool and include amounts in demand deposits as well as short-term investments. Pooled investments and short-term non-pooled investments are treated as cash equivalents. Investment income on the pooled investments is prorated monthly based upon the average daily cash balance in each fund.
4. The Zone's Financing Plan permits expenditures not to exceed \$2,830,683 over the life of the Zone to reimburse the City for administrative costs. The Zone began reimbursing the General Fund in fiscal year 2010-11. Any future remittance for administrative expenses would come from excess cash as tax increment revenue increases as a result of increased assessed values.
5. "Due to general fund" amount of \$166,954 on September 30, 2022, represents the Zone administration costs for the fiscal year 2018-2019 (\$39,539), fiscal year 2019-2020 (\$37,018), fiscal year 2020-2021 (\$42,004), and fiscal year 2021-2022 (\$48,393) that have been earned but will be reimbursed to the General Fund in future years based on the availability of Zone funds. Note that these administrative costs do not include billing to other City departments.
6. All project costs resulting in capital improvements that are owned by the City are capitalized by the City.

Appendix B – Financial Obligations Estimated Payoff

On September 28, 2022, City Council approved Resolution No. 22-1462 approving a TIF District development agreement for funding up to \$5,414,006 in support of the Oaklawn Place senior affordable multi-family development project. The project is anticipated to be complete in 2024. Based on current projections, sufficient tax increment from the overall TIF District is anticipated to be available when the project is complete and eligible for payment.

Appendix C – TIF District-Wide Set-Aside Funds

The TIF District Increment Allocation Policy adopted by the TIF District Board for the Maple/Mockingbird TIF District currently provides for 5% of any shared increment for TIF District-Wide Improvements after administrative expenses. Specific improvement projects are to be determined and the amount of this set-aside will be reviewed annually based on updated financial projections and TIF District needs. The TIF District Board shall also have the discretion to release all or part of TIF District-Wide Set-Aside funds towards disbursement of payments to one or more TIF District eligible projects.

The balance for the TIF District-Wide Set-Aside as of the end of FY 2021-2022 is \$1,213,866. There are no commitments of these funds.

Potential uses as defined by the Increment Allocation Policy include:

- Gateways, trails, open space, public facilities, or utility/streetscape improvements benefiting multiple properties or blocks.

The intent is to leverage TIF District-Wide Set-Aside funds as a match for other funding.

Mission Statement

The Cypress Waters Tax Increment Financing (TIF) District (the “TIF District”) represents the outgrowth of the City of Dallas’ effort to provide a model for supporting the development of land near DFW Airport and to take full advantage of the planned expansion of the DART light rail system along the Cotton Belt Line.

The Cypress Waters TIF District was established on December 8, 2010 to encourage the initial development of a large tract of undeveloped land within the city of Dallas (approximately 1,661 acres in total) surrounding North Lake. This TIF District promotes the creation of pedestrian-oriented, traditional neighborhood development (TND) containing multifamily and single-family residential development, a potential senior housing component, pedestrian-oriented retail development, offices, and additional commercial development.

The Dallas City Council established the Cypress Waters TIF District by Ordinance Number 28074 on December 8, 2010. The Cypress Waters TIF District began collecting funds on January 1, 2012, and it is scheduled to terminate on December 31, 2040 (including collection of the 2040 increment in calendar year 2041 and any related matters to be concluded in 2041) or when the full budget has been collected or when all of the TIF District’s obligations have been retired. The City of Dallas and Dallas County are the two participating jurisdictions. The City started to participate at 85% in 2012. The County’s participation is 55% from 2014 to 2033 or until the County’s participation reaches its budget limit of \$10,500,000 (NPV).

In 2015, City Council amended the TIF District’s Project Plan to remove approximately 28 acres on the northern end of the TIF District, making the estimated new base value \$71,317. City Council also reduced the budget from \$65,698,583 to \$25,779,665 NPV, 2010 dollars. The new budget provided for Cypress Waters Phases 1 and 2 infrastructure projects, construction of a temporary public safety building within the TIF District, a budget line item for a future permanent public safety building, administration expenses, and funding to support a proposed interlocal agreement with the City of Irving to more efficiently provide water service to the TIF District.

TIF District Accomplishments

Construction of the Cypress Waters Public Safety Building/Fire Station 58 continued during FY 2021-2022. The facility will house Dallas Fire Rescue (office, living quarters, and apparatus storage space), Dallas Police Department (small office space), and a small meeting space for the community. A fire training tower will also be constructed on the site. Upon completion, the Developer will convey the land (at no cost to the City) and the facility to the City of Dallas. The City will provide annual TIF District payments to the Developer after all conditions of payment have been satisfied. The location of the Public Safety Building is shown in red below.

Below are pictures of the progress during the fiscal year.

³ Reflects 1) DCAD value for completed projects (unless project has not yet been assessed) and 2) estimated DCAD value for projects under construction.

⁴ Principal amount not to be exceeded per the development agreement. Asterisk indicates TIF District investment does not include interest.

Note:

Dallas Water Utilities has committed over \$2.2 million to water and wastewater infrastructure improvements within the TIF District.

Mixed-Income Housing Summary

Successful development efforts support a variety of housing options. Accordingly, twenty percent (20%) of all housing units in residential projects using direct, site-specific funding assistance from the TIF District are subject to the City's and County's established criteria for mixed-income housing. In this TIF District, four residential projects were supported by TIF District funding. Of the 814 residential units constructed with the support of TIF District funding, 163 (20%) have been set-aside as affordable.

Value and Increment Revenue Summary

The Cypress Waters TIF District's adjusted base tax value for 2010 was \$71,437. This base value reflects final adjusted 2010 values for parcels in the TIF District. The TIF District's certified 2022 assessed tax value, as determined by the Dallas Central Appraisal District, is \$905,385,627. This represents an increase of approximately \$858,674,462 (1,267,290%) over the adjusted base year value.

The District's value increased by \$103,932,390 (7%) from the previous year's final value (\$801,453,237). This increase in TIF District value will result in the collection in 2023 of approximately \$6,824,261 in incremental revenue for the TIF District (City - \$5,739,058; County - \$1,085,203). The final amount of increment collected may increase as roll back taxes for 2022 are paid.

Objectives, Programs, and Success Indicators

The Cypress Waters Project Plan and Reinvestment Zone Financing Plan was adopted on June 8, 2011. In 2015, the TIF District's Project Plan and Reinvestment Zone Financing Plan was amended, and two of the development goals and objectives were revised to reflect a decrease in the budget for the TIF District. The amended goals are in bold. Specific actions addressing each goal and objective follow in italics.

- Create additional taxable value attributable to new private investment in projects in the Cypress Waters TIF District totaling approximately ~~\$2.2 billion~~ **\$1.5 billion** over the thirty-year life of the TIF district.

The TIF District has seen an increase in value of approximately \$905 million, (or 60% of amended goal) from a combination of agricultural exemption being removed from some parcels and completed private development within the TIF District.

- Attract new private development, including approximately 10,000 new residential units, 4,000,000 square feet of commercial space (including approximately 700,000 square feet of data center use and 2,000,000 square feet of light

warehouse/industrial use), and an estimated 150,000 square feet of pedestrian-oriented retail space, all of which are anticipated to create an estimated 9,000 on-site jobs.

Three residential development projects supported by Phase 1 public infrastructure improvements were completed by December 2014, adding 673 multi-family units to the TIF District (including 135 affordable units). Construction of an additional 141 residential units, as part of Phase II of the Parson's Green development, was completed during the 2016 fiscal year. In total, approximately 814 residential units (inclusive of approximately 163 affordable units) have been supported by TIF District funding. An additional 1,075 residential units were completed in 2019, 64 were completed in 2020, and 385 units in 2021 all without the assistance of TIF District funding. Approximately 2,930 residential units have completed construction or are under construction within the TIF District, representing 29% of the housing goal.

In total, approximately 3,255,538 square feet of office space has completed construction or is currently under construction within the TIF District, representing 81% of the commercial space goal.

During FY 2018-2019 construction of 35,000 square feet of retail was completed in the TIF District, representing 23% of the pedestrian-oriented retail space goal.

To date, an estimated 17,874 on-site jobs have been added to the TIF District, exceeding the on-site jobs goal of 9,000.

- To improve ridership on Dallas Area Rapid Transit (DART) via the planned expansion along the Silver Line (formerly called the Cotton Belt Line).

The master plan for the District includes development adjacent to the planned Silver Line Station on the north side of the District. See page 7. Citing delays from COVID-19, agreements on land and rail access, DART announced during the 2020-2021 fiscal year that the opening of the 26-mile east-west Silver Line will be pushed back to 2024.

- Improve recreational opportunities for the community and the future residents within the TIF District via extensive, publicly accessible green space on the site along the lake edge and along power line easements, in addition to multiple parks, hike and bike trails, and pedestrian connections throughout the District. Additional open space may be available through the utilization of Coppell ISD land and as part of an MMD and/or TIF District-funded public amenity center.

The Phase 1 development installed wide sidewalks leading to the adjacent power line easement and to a future connection to the lake trail.

The Phase 2 development installed a combination cycle track and pedestrian path along Cypress Waters Boulevard and three large green spaces in the TIF District.

In 2018, Dallas County provided \$3 million for the construction of a trail that connects the TIF District with Irving's Champion Trail providing a continuous 12-mile trail from Cypress Waters to Irving's Las Colinas Urban Center. It is anticipated that TxDOT will also provide \$3 million for this trail.

- Create a model for exceptional development standards in terms of its complexity, scope, design, environmental sensitivity, and connectivity.

The private development and public infrastructure improvements completed with Cypress Waters Phases 1 and 2 projects are a model for dense, pedestrian-oriented development on under-utilized, infill property.

On August 13, 2012, the TIF District Board approved the Urban Design Guidelines for Projects Located in City of Dallas Tax Increment Financing Districts.

The City Design Studio reviewed design for the Phase 2 public and private development, which provided pedestrian and bicycle connectivity between the housing, commercial, and recreational space.

Coppell Independent School District opened Richard J. Lee Elementary School in the fall of 2014. Lee Elementary was the first net-zero elementary school in the state of Texas. The campus includes daylight harvesting, rainwater collection, and geothermal heating and cooling.

- Generate an NPV of ~~\$65 million~~ **\$26 million** or approximately ~~\$160 million~~ **\$45 million** in total dollars in projected TIF District revenues over the 30-year life of the TIF District.

City participation in TIF District increment collections began in tax year 2012. As of the end of the 2021-2022 fiscal year, approximately \$25.4 million in TIF District revenue has been generated, representing 56% of the TIF District's amended goal.

Year-End Summary of Meetings and City Council Items

The Cypress Waters TIF District Board of Directors met once during the 2021-2022 fiscal year on January 24, 2022.

The Board of Directors consists of seven (7) members, including six (6) City of Dallas appointees and one (1) Dallas County appointee. During FY 2021-2022, the Cypress Waters TIF Board consisted of the following members:

Marguerite Buccino, City appointee (Attended 1 of 1 meeting)
Marijke Lantz, City appointee (Attended 1 of 1 meeting)
Claire Oliver, City appointee (Attended 1 of 1 meeting)
Staci Reznik, City appointee (Attended 1 of 1 meeting)
Derek Sandler, City appointee (Attended 1 of 1 meeting)
Victor Toledo, City appointee (Attended 1 of 1 meeting)
Luis Tamayo, Dallas County appointee (Attended 1 of 1 meeting)

During fiscal year 2021-2022, the City Council approved two (2) items directly or indirectly associated with the Cypress Waters TIF District. The City Council actions are listed below:

- On February 9, 2022, City Council approved Resolution No. 22-0318 authorizing (1) the acceptance of funds from Dallas Area Rapid Transit (DART) or their contractor Archer Western Herzog 4 JV for mitigation contributions, in line with the final environmental impact statement for the Cotton Belt Project (also known as (aka) Silver Line), in an amount not to exceed \$60,000.00; (2) an increase in appropriations in an amount not to exceed \$60,000.00 in the DART Transportation Projects Fund; (3) the receipt and deposit of funds in an amount not to exceed \$60,000.00 in the DART Transportation Projects Fund; and (4) the disbursement of funds in an amount not to exceed \$60,000.00 from the DART Transportation Projects Fund - Not to exceed \$60,000.00 - Financing: DART Transportation Projects Fund.
- On February 23, 2022, City Council approved Resolution No. 22-0394 accepting the FY 2020-2021 Annual Report on the status of Tax Increment Financing Reinvestment Zone Number Nineteen (Cypress Waters TIF District or District) and authorizing the City Manager to submit the annual report to the Chief Executive Officer of each taxing jurisdiction that levies taxes on real property in the District, and to the State Comptroller, as required by state law.

Budget and Spending Status

Each TIF district, in the Project Plan and Reinvestment Zone Financing Plan, establishes a budget for public improvement expenditures necessary to support private investment in the district. The TIF District's budget was reduced in 2015. The amended budget and spending status is shown below.

Cypress Waters TIF District Projected Increment Revenues to Retire TIF Fund Obligations*			
Category	TIF Budget	Allocated	Balance

M/WBE Participation

Public bidding is not required for TIF District projects. All TIF District-funded projects must follow the City’s adopted Business Inclusion and Development Plan and make a good faith effort to include certified Minority and Women-Owned Business (M/WBE) participation in TIF District-funded projects. The BID Plan goal for TIF District-funded projects listed below was 25 percent (25%) M/WBE participation in construction costs. During fiscal year 2020-2021, City Council increased the BID Plan goal for construction costs to 32 percent (32%).

*Participation rates for City of Dallas and Dallas County are 85% for tax years 2012 to 2034 and 55% for tax years 2014 to 2033 respectively.

b. The total amount of estimated tax increment to be billed for the 2022 tax year is \$6,824,261.

c. For 2021 tax year, the Zone received increment of \$6,261,533.

City of Dallas, Texas
Cypress Waters Tax Increment Financing District
Notes to Financial Statements for the Year Ended September 30, 2022

1. The measurement focus used for the Zone fund is a flow of financial resources. The financial statements are prepared using the modified accrual basis of accounting. Under the modified accrual basis of accounting, tax increment revenues and interest are recognized as revenue when they become both "measurable" and "available" to finance expenditures of the current period. Expenditures are recognized when the liability is incurred.
2. The Zone fund's cash balances are invested in the City's investment pool and include amounts in demand deposits as well as short-term investments. Pooled investments and short-term non-pooled investments are treated as cash equivalents. Investment income on the pooled investments is prorated monthly based upon the average daily cash balance in each fund.
3. State statute requires that each taxing jurisdiction remit its ad valorem taxes to the Zone by May 1 of each year (remittance to occur no more than 90 days after taxes for the jurisdiction become delinquent).
4. The Zone's Financing Plan permits expenditures not to exceed \$2,065,585 over the life of the Zone to reimburse the City for administrative costs. Any future remittance for administrative expenses would come from excess cash as tax increment revenue increases as a result of increased assessed values.
5. "Due to general fund" amount of \$246,708 on September 30, 2022 represents the Zone administration costs that have been earned for prior fiscal years, in the amount of (\$60,000) and (\$37,176) for the fiscal year 2018-2019 and (\$64,362) for fiscal year 2019-2020 and (\$44,160) for fiscal year 2020-2021 and (\$41,010) for fiscal year 2021-2022 but will be reimbursed to the General Fund in future years based on the availability of Zone funds. Note that these administrative costs do not include billing to other City departments.
6. All expenditures resulting in capital improvements that are owned by the City are capitalized on the City's books.

Mission Statement

The Mall Area Redevelopment Tax Increment Financing District (TIF District) represents the City of Dallas' effort to encourage the sustainable redevelopment of properties including and around two obsolete shopping malls while taking advantage of each area's strategic regional location at the crossroads of key transportation corridors.

As allowed by Chapter 311 of the Texas Tax Code, the TIF District comprises two non-contiguous sub-districts—the Montfort-IH 635 Sub-District for the Valley View Center Mall area in northern Dallas and the Westmoreland-IH 20 Sub-District for the Redbird Mall (formerly Southwest Center Mall) area in southern Dallas.

The Montfort-IH 635 Sub-District is generally bounded by Alpha Road, Preston Road, Noel Road, and Interstate Highway 635 (LBJ Freeway). The Montfort-IH 635 Sub-District encompasses approximately 173.9 acres, not including rights-of-way. The Montfort-IH 635 Sub-District is recommended by and consistent with the City's adopted Valley View-Galleria Area Plan (2013) and serves as a long-term funding tool to help implement the shared vision for the area by further leveraging other implementation tools (PD 887 form-based zoning and Thoroughfare Plan amendments) enacted by the City Council.

The Westmoreland-IH 20 Sub-District is generally bounded by Westmoreland Road, Camp Wisdom Road, Highway 67 (Marvin D. Love Freeway), and Interstate Highway 20 (LBJ Freeway). The Westmoreland-IH 20 Sub-District encompasses approximately 112.2 acres, not including rights-of-way. The Westmoreland-IH 20 Sub-District is recommended by and consistent with the City-sponsored Advisory Services Panel report entitled "Southwest Center Mall" published by the Urban Land Institute (2009) and serves as a long-term funding tool to help implement many of the report's recommendations over time.

The mission of the TIF District is to provide a source of funding for a program of public infrastructure improvements, economic development grants, and land acquisition/assembly for public open space, which is intended to stimulate private investment in each mall area to occur earlier and to a much greater extent than would occur solely through private investment in the reasonably foreseeable future.

Originally in the 1960s and 1970s, the Valley View Center Mall and the Southwest Center Mall were created by complex configurations of super-blocks, private land ownership, and reciprocal easement agreements that bound multiple owners together. Over the past 15-20 years, as market conditions have shifted significantly, these same configurations have heavily burdened each mall area, making redevelopment and revitalization extremely difficult without public participation and intervention.

With the assistance of this TIF District, each mall area is to be reconfigured into a traditional pattern of public streets, public open space, public infrastructure, and smaller parcels of private land ownership, thereby setting the stage for incremental redevelopment that is flexible to meet market demands and community needs.

TIF District Accomplishments in FY 2021-2022

- In November 2020, voters approved a Dallas Independent School District (DISD) bond package, including \$75 million to design and build a new preK-12 vertically integrated choice school in North Dallas. During the first half of FY 2021-2022, DISD actively evaluated potential sites in the Valley View-Galleria area. In July 2022, DISD closed on the purchase of the 12-story office building and associated parking garage located on 6.2 acres at 5501 LBJ Freeway within the Montfort-IH 635 Sub-District of the Mall Area Redevelopment TIF District.
- Following the completion of the Dallas Midtown Automated Transportation System and Shared Parking Feasibility Study by the North Central Texas Council of Governments (NCTCOG) in September 2019, the Regional Transportation Council (RTC) authorized \$10 million for implementation of an Automated Transportation System (ATS) pilot project in the Valley View-Galleria area in November 2020. In January 2022, City Council approved Resolution No. 22-0257, adopting the Dallas Midtown Automated Transportation System and Shared Parking Feasibility Study as a reference and guide to benefit the residents of the area and the City of Dallas, directing the City Manager to consider and consult the recommendations of the Dallas Midtown Autonomous Transportation System and Shared Parking Feasibility Study in conjunction with other adopted plans in the context of future actions affecting the area, directing the City Manager to undertake steps to further investigate and facilitate the possible creation of a management entity to oversee development and operation of an automated transportation system and management of shared parking for the area, directing the City Manager to undertake necessary amendments to the Dallas Thoroughfare Plan to accommodate implementation of an automated transportation system within the public right-of-way, and directing the City Manager to ensure that shared parking regulation and management is included in the authorized hearing to consider proper zoning for Planned Development District No. 887 to provide appropriate regulations and incentives to provide shared parking in the area in conjunction with development of an automated transportation system.
- In April 2021, the NCTCOG Executive Board authorized an \$850,000 consultant contract with Lea + Elliott, Inc. to develop technical standards and guidelines for an automated transportation system (ATS Guidelines Study). During FY 2021-2022, City staff participated in the Steering Committee for the ATS Guidelines Study, and a final deliverable is expected in early 2023.
- In January 2021, the City's Office of Economic Development entered into a consultant contract with Social Impact Architects, Inc. to review existing plans, re-engage stakeholders, and develop a unified strategic plan for the Valley View-Galleria area with special focus on improving and coordinating a variety of public sector implementation activities (e.g. park; school; ATS; zoning; marketing; branding). In January 2022, City staff and Social Impact Architects presented to the Economic Development Committee of City Council a summary of the

substantially complete strategic plan, including research, stakeholder engagement, opportunities, recommendations, and next steps. A primary recommendation of the strategic plan was for the City to establish a specific brand and identity for the Valley View-Galleria area as the “Dallas International District.” For the remainder of FY 2021-2022, City staff began pursuing the recommended next steps in order to bring the Dallas International District into reality.

- In December 2021, due to new property acquisitions by entities controlled by Peter Brodsky, the majority owner/developer of the Reimagine RedBird redevelopment project, City Council held a public hearing and approved Ordinance No. 32088; Resolution No. 21-2049, amending the Project Plan and Reinvestment Zone Financing Plan for the Mall Area Redevelopment TIF District to increase the geographic area of the Westmoreland-IH 20 Sub-District by adding approximately 15.6 acres of contiguous property.

- In Spring 2021, Florida-based developer ZOM Living began construction on a new 398-unit apartment project on 3.2 acres located at the northeast corner of Noel Road and LBJ Freeway in the Montfort-IH 635 Sub-District. Known as Hazel by the Galleria, the project is 5 stories wrapping a 7-story structured parking garage and is estimated to cost approximately \$50 million. Construction continued during FY 2021-2022 and is expected to be completed in early 2023.

- In June 2021, City Council approved Resolution No. 21-1095 to authorize a construction services contract (not to exceed \$4,470,719) with Vescorp Construction, LLC dba Chavez Concrete Cutting for the construction of a complete street project on Montfort Drive from Interstate Highway 635 Frontage Road to Alpha Road. The project will include improving the existing street pavement with reinforced concrete pavement, storm drainage, water and wastewater, concrete sidewalk, shared-use concrete path, buffered bike lanes, street and pedestrian lighting, traffic signals, pavement markings, speed control treatments, and pedestrian enhancements. Originally, construction of the project was scheduled to start in early 2022 and be completed by mid-2023. However, during FY 2021-2022, due to delays in utility pole relocation by Oncor as well as contract disputes between the City and Vescorp Construction, construction of the project did not commence.
- In April 2021, City Council approved Resolution No. 21-0721, authorizing the City’s acquisition in an amount not to exceed \$5,677,000 from Peterson Lane Partners LLC of approximately 72,559 square feet of commercially improved land

(approximately 1.66 acres) addressed as 5580 Peterson Lane (commonly known as the Prism Center) located on the south side of Peterson Lane approximately 140 feet west of Montfort Drive for the future central park in the Valley View-Galleria area. The acquisition transaction closed in late May 2021. This property is the first of five parcels needed by the City to fully assemble the future central park as envisioned in the Valley View-Galleria Area Plan. During FY 2021-2022, the City established a City Council District 11 satellite office and community meeting room in the Prism Center and also began marketing the building as an integral part of the City's International District to attract prospective foreign trade offices to improve foreign relations and increase trade, cultural exchanges, and foreign direct investment.

- In mid-2021, Seritage Growth Properties, owner of the former Sears portion (approximately 23 acres) of the Valley View Mall site, began construction on horizontal infrastructure and site work necessary to prepare their site for almost 2 million square feet of future multi-phased vertical development, including offices, apartments, and retail/restaurant space. As a component of this work, a 24" off-site wastewater main was required to be constructed along the LBJ Freeway frontage road between Montfort Drive and Noel Road to provide the necessary wastewater capacity to serve future redevelopment of the former Valley View Mall site. Completion and City acceptance of the 24" off-site wastewater main occurred at the end of FY 2021-2022.
- On February 23, 2022, City Council approved Resolution No. 22-0412, authorizing a tax increment development agreement and all other necessary documents with Redbird Hotel Venture, LLC and/or its affiliates in an amount not to exceed \$1,788,126.00, payable from future Mall Area Redevelopment TIF District funds, and a Chapter 380 grant agreement with Redbird Hotel Venture, LLC and/or its affiliates in an amount not to exceed \$1,500,000, payable from Public/Private Partnership funds, in consideration of the Courtyard and Residence Inn by Marriott hotel development project within the Reimagine Redbird redevelopment project area.

- During FY 2021-2022, significant progress continued to be made on the Reimagine Redbird redevelopment project at Red Bird Mall. Construction of new site infrastructure continued throughout the fiscal year. By July 2022, construction was substantially completed on the 33,831 square feet of expansion office space leased by Chime Solutions, Inc. on the second floor of the main mall. During FY 2021-2022, the retail building at 3704 W. Camp Wisdom Road was fully renovated and occupied by Frost Bank, Wow Dental, Fuzzy's Taco Shop, and The Breakfast Brothers. By October 2021, construction was completed on the 43,000 square foot renovation of the former Dillard's building (south wing) to make way for the opening of a new Parkland Hospital Clinic. By September 2022, construction was completed on the 150,000 square foot renovation of the former Sears building (east wing) to make way for the opening of a new UT Southwestern Regional Medical Center (including a Children's Health Center scheduled to open in late 2023). In April 2021, the City's Office of Economic Development facilitated a Property Assessed Clean Energy (PACE) financing transaction through the City of Dallas PACE Program for the Developer of the Reimagine Redbird redevelopment project to secure a \$3.35 million loan from Twain Community Partners for lighting, plumbing, and HVAC improvements needed to modernize the in-line portion of the mall. The PACE-financed lighting, plumbing, and HVAC improvements were completed by April 2022.

Mixed-Income Housing Summary

Successful development efforts support a variety of housing options. Accordingly, twenty percent (20%) of all housing units in projects using direct site-specific TIF district funding assistance are subject to the City’s and County’s established criteria for mixed-income housing.

In the Montfort-IH 635 Sub-District, construction was completed in 2017 on the 321-unit Windsor by the Galleria apartment project located at 13290 Noel Road. The Windsor by the Galleria multi-family project did not utilize direct site-specific TIF District funding and, as such, does not set aside any affordable units. Additionally, in the Montfort-IH 635 Sub-District, construction was completed in 2020 on the 344-unit Cornell Midtown (formerly Modera Dallas Midtown) multi-family project located at 13001 Cornell. The Cornell Midtown multi-family project did not utilize direct site-specific TIF District funding and, as such, does not set aside any affordable units. Additionally, in the Montfort-IH 635 Sub-District, construction continues on the 398-unit Hazel by the Galleria multi-family project located at 5327 LBJ Freeway. The Hazel by the Galleria project did not utilize direct site-specific TIF District funding and, as such, will not set aside any affordable units.

In the Westmoreland-IH 20 Sub-District, construction was completed in 2021 on the 300-unit Palladium Redbird mixed-income apartment project located at 7202 S. Westmoreland Road within the Reimagine Redbird redevelopment. As a requirement of the funding sources (i.e. housing tax credits; tax exempt bonds; CDBG/HOME funds; City general obligation bond funds) utilized to develop the project, 70% of the 300 units (i.e. 210 units) must be reserved and leased solely to households earning at or below 60% of Area Median Family Income as defined by the U.S. Department of Housing and Urban Development. The 210 affordable units are required to remain affordable for a minimum of 20 years. The remaining 30% of the units in the project (i.e. 90 units) can be leased at market rates.

Value and Increment Revenue Summary

The adjusted base value of the TIF District is \$176,287,080 (\$148,591,740 in the Montfort-IH 635 Sub-District and \$27,695,340 in the Westmoreland-IH 20 Sub-District).

In the 2022 certified tax roll, the total appraised value of all taxable real property in the TIF District as determined by the Dallas Central Appraisal District was \$336,219,640, representing an increase of \$159,932,560 (90.7%) over the adjusted base value.

In the Montfort-IH 635 Sub-District, the certified total appraised value of all taxable real property in tax year 2022 was \$287,522,580, representing an increase of \$138,930,840 (93.5%) over the base value. This 93.5% increase over the base value is primarily attributed to new taxable value created by the Windsor by the Galleria multi-family project, the Marriott hotel project, the Modera Dallas Midtown multi-family project, and the Hazel by the Galleria multi-family project.

In the Westmoreland-IH 20 Sub-District, the certified total appraised value of all taxable real property in tax year 2022 was \$48,697,060, representing an increase of \$21,001,720 (75.8%) over the adjusted base value.

Year over year, the TIF District's 2022 certified total value increased by \$100,000,720 (42.3%) over the TIF District's 2021 final value of \$236,218,920.

With the City's participation in the TIF District for tax year 2022 at 90%, the captured incremental tax revenue anticipated to be collected and deposited into the TIF fund in 2023 for tax year 2022 is approximately \$1,073,499.

Note about Dallas County's participation in the TIF District: In August 2015, the Dallas County Commissioners Court approved Court Order 2015-1122 authorizing the participation of Dallas County in the Mall Area Redevelopment TIF District, beginning on January 1, 2020, subject to Valley View Mall (excluding Sears and the existing theater) being demolished by the same date, by providing 55% of its increment for either twenty years, until the County's total net present value contribution reaches \$21.6 million (using a discount rate of 4%), or the City of Dallas terminates the district, whichever comes first. Between 2015 and 2019, Dallas County staff had decided to delay in executing the

interlocal agreement until seeing evidence that Valley View Mall had been demolished in accordance with the County's qualifying condition of participation. In early 2020, following completion of the demolition work made to the in-line portion of the mall by TX Dallas Midtown, L.P., Dallas County staff concluded that the County's qualifying condition of participation had not been fully satisfied because Dallas Midtown, L.P. had kept a portion of the mall intact in order to specifically keep the movie theater operating. As a result, Dallas County's participation in the TIF District for tax year 2022 is 0%. Dallas County staff has indicated strong support for pursuing a new Court Order in 2023 to authorize the County's participation for the same duration (20 years) and at the same rate (55%) as development activities in the Montfort-IH 635 Sub-District begin to regain momentum again following the COVID-19 pandemic.

Objectives, Programs, and Success Indicators

The Project Plan and Reinvestment Zone Financing Plan for the Mall Area Redevelopment TIF District was approved in June 2015. The following goals are included in the Project Plan and Reinvestment Zone Financing Plan:

- Goal 1: To create additional taxable value attributed to new private investment in projects in the Montfort-IH 635 Sub-District totaling approximately \$3.92 billion in total dollars over the 30-year life of the Sub-District.

Taxable value in the Montfort-IH 635 Sub-District has increased \$138,930,840 over the base value (representing 3.5% of goal).

- Goal 2: To create additional taxable value attributed to new private investment in projects in the Westmoreland-IH 20 Sub-District totaling approximately \$295.2 million in total dollars over the 30-year life of the Sub-District.

Taxable value in the Westmoreland-IH 20 Sub-District has increased \$21,001,720 over the base value (representing 7% of goal).

- Goal 3: To attract new higher density private development in the Montfort-IH 635 Sub-District totaling approximately 707,870 square feet of new retail space; 72,991 square feet of renovated movie theater; 3,987,022 square feet of new office space; 957 new hotel rooms; and 7,674 new residential units (including apartments and condominiums).

In the Montfort-IH 635 Sub-District, 1,063 multi-family residential units have been completed (14% of goal). Additionally, 256 hotel rooms have been completed (27% of goal).

- Goal 4: To attract new higher density private development in the Westmoreland-IH 20 Sub-District totaling approximately 140,000 square feet of new retail space; 45,000 square feet of movie theater; 70,000 square feet of new office space; 80

new hotel rooms; and 1,620 new residential units (including apartments and townhomes).

In the Westmoreland-IH 20 Sub-District, 23,043 square feet of new retail space (Starbucks--2,550 square feet and Foot Locker--20,493 square feet) are complete (17% of goal). Additionally, 300 new multi-family residential units have been completed (19% of goal). Additionally 164 new hotel rooms are planned (205% of goal).

Approximately 129,835 square feet of former retail space has been converted for office use (Dallas Entrepreneur Center--7,130 square feet; Jarvis Christian College—6,018 square feet; Workforce Solutions Greater Dallas—30,000 square feet; Chime Solutions, Inc.—86,687 square feet).

Additionally, approximately 193,000 square feet of former retail space has been converted for medical office use (Parkland Hospital Clinic—43,000 square feet; UT Southwestern Medical Center—150,000 square feet).

- Goal 5: To encourage the sustainable redevelopment of properties including and around two severely declining shopping malls in a manner in which negative fiscal impacts for the remainder of the City are limited and a walkable development pattern is achieved that is a net benefit to the City from a fiscal, land use, and quality of life standpoint.
- Goal 6: To increase public open space in the District.

During FY 2021-2022, staff supported ongoing efforts to acquire/assemble property for the future Dallas Midtown Commons Park.

- Goal 7: To generate approximately \$431.4 million (net present value of approximately \$182.5 million in 2014 dollars) in TIF fund revenues over the 30-year life of the District.

Total collection of TIF District fund revenues: \$2,385,810 (0.55% of goal).

Year-End Summary of Meetings and City Council Items

The Mall Area Redevelopment TIF District Board of Directors had three (3) meetings during FY 2021-2022: November 1, 2021 (special called meeting); January 25, 2022 (special called meeting); and September 15, 2022 (regular meeting).

The Board can consist of up to seven members, including six (6) City of Dallas appointees and one (1) Dallas County appointee. During FY 2021-2022, the Board members were (FY 2021-2022 Board meetings attended):

- Position 1: Oscar Joyner—City representative (2 of 3 meetings)
- Position 2: Mahesh Gehani—City representative appointed February 23, 2022 (1 of 3 meetings)
- Position 3: Kiyundra Jones—City representative (3 of 3 meetings)
- Position 4: Rick Perdue—City representative appointed February 9, 2022 (1 of 3 meetings)
- Position 5: Mike Sims—City representative (2 of 3 meetings)
- Position 6: Amy Monier—City representative (3 of 3 meetings)
- Position 7: Dallas County’s appointment of a Board member for Position 7 cannot occur until after the County’s approval of a new interlocal agreement with the City to participate in the Mall Area Redevelopment TIF District (see page 10)

During FY 2021-2022, the City Council acted on five (5) items associated with the Mall Area Redevelopment TIF District:

- On November 10, 2021, City Council approved Resolution No. 21-1851, authorizing a public hearing to be held on December 8, 2021 to receive comments on the proposed amendment to the Project Plan and Reinvestment Zone Financing Plan (the “Plan”) for Tax Increment Reinvestment Zone Number Twenty, the Mall Area Redevelopment Tax Increment Financing TIF District (the “TIF District”) to: (1) increase the geographic area of the Westmoreland-IH 20 Sub-District within the TIF District to add approximately 15.6 acres of contiguous property; and (2) make corresponding modifications to the boundary of the Westmoreland-IH 20 Sub-District within the TIF District and to the Plan; and, at the close of the public hearing, consideration of an ordinance to amending Ordinance No. 29340, previously approved on May 14, 2014, and Ordinance No. 29771, previously approved on June 17, 2015, to reflect this amendment - Financing: No cost consideration to the City
- On December 8, 2021, City Council approved Ordinance No. 32088; Resolution No. 21-2049, holding a public hearing on the proposed amendment to the Project Plan and Reinvestment Zone Financing Plan (“Plan”) for Tax Increment Reinvestment Zone Number Twenty, the Mall Area Redevelopment Tax Increment Financing (“TIF”) District (“TIF District”) to: (1) increase the geographic area of the Westmoreland-IH 20 Sub-District within the TIF District to add approximately 15.6 acres of contiguous property to promote development or redevelopment of the TIF District; and (2) make corresponding modifications to the boundary of the Westmoreland-IH 20 Sub-District within the TIF District and to the Plan; and, at the close of the public hearing, authorizing an ordinance amending Ordinance No. 29340, previously approved on May 14, 2014, and Ordinance No. 29771,

previously approved on June 17, 2015, to reflect this amendment - Financing: No cost consideration to the City

- On January 26, 2022, City Council approved Resolution No. 22-0257, (1) adopting the Dallas Midtown Autonomous Transportation System and Shared Parking Feasibility Study; (2) directing the City Manager to consider and consult the recommendations of the Dallas Midtown Autonomous Transportation System and Shared Parking Feasibility Study in conjunction with other adopted plans; (3) directing the City Manager to undertake steps to further investigate and facilitate the possible creation of a management entity to oversee development and operation of an automated transportation system and management of shared parking for the area; (4) directing the City Manager to amend the Thoroughfare Plan as necessary; and (5) directing the City Manager to ensure that discussion of shared parking management is included in the authorized hearing - Financing: No cost consideration to the City
- On February 23, 2022, City Council approved Resolution No. 22-0395, accepting the FY 2020-2021 Annual Report on the status of Tax Increment Financing Reinvestment Zone Number Twenty (Mall Area Redevelopment TIF District or District) and authorizing the City Manager to submit the annual report to the Chief Executive Officer of each taxing jurisdiction that levies taxes on real property in the District and to the State Comptroller, as required by state law - Financing: No cost consideration to the City
- On February 23, 2022, City Council approved Resolution No. 22-0412, authorizing a tax increment development agreement and all other necessary documents with Redbird Hotel Venture, LLC and/or its affiliates in an amount not to exceed \$1,788,126.00, payable from future Mall Area Redevelopment TIF District funds, and a Chapter 380 grant agreement with Redbird Hotel Venture, LLC and/or its affiliates in an amount not to exceed \$1,500,000.00, payable from Public/Private Partnership funds, in consideration of the Courtyard and Residence Inn by Marriott hotel development project on property currently addressed at 3662 W. Camp Wisdom Road in Tax Increment Financing Reinvestment Zone Number Twenty (Mall Area Redevelopment TIF District) -Not to exceed \$3,288,126.00 - Financing: Public/Private Partnership Fund (\$1,500,000.00) and Mall Area Redevelopment TIF District Fund (\$1,788,126.00) (subject to annual appropriations from tax increments)

FY 2022-2023 Work Program

The FY 2022-2023 work program for the Mall Area Redevelopment TIF District includes:

- Continued coordination with interested property owners/investors/developers on potential development incentive applications.

- Consideration of any potential TIF District boundary amendments and/or plan amendments that are necessary or convenient to further implement the Project Plan and Reinvestment Zone Financing Plan for the Mall Area Redevelopment TIF District.
- Continued coordination and staff support for City-initiated public infrastructure projects benefitting the TIF District.
- Continued coordination with Dallas County on execution of an interlocal agreement for participation in the TIF District.
- Continued coordination and staff support for the continued implementation of the Valley View-Galleria Area Plan and the ULI vision for Southwest Center Mall (now Red Bird Mall), including funding opportunities from other governmental entities or private philanthropic entities; City bond projects; anticipated 2024 City bond program; park land acquisition; public improvement district.
- Continued coordination and staff support for next steps/implementation of the Dallas Midtown Autonomous Transportation System (ATS) and Shared Parking Feasibility Study completed in 2019 by the North Central Texas Council of Governments (NCTCOG).
- Continued coordination with Dallas Independent School District (DISD) regarding the new preK-12 vertically integrated choice school to be located in the 12-story office building at 5501 LBJ Freeway. DISD is expected to open the school in 2024.
- Continued coordination with Social Impact Architects, Inc. to advance the goals of the Strategic Plan for the International District.

Appendix A: Financials

City of Dallas, Texas
Mall Area Redevelopment Tax Increment Financing District
(Reinvestment Zone #20)

Notes to Financial Statements for the Year Ended September 30, 2022

1. The measurement focus used for the Zone fund is a flow of financial resources. The financial statements are prepared using the modified accrual basis of accounting. Under the modified accrual basis of accounting, tax increment revenues and interest are recognized as revenue when they become both "measurable" and "available" to finance expenditures of the current period. Expenditures are recognized when the liability is incurred.
2. State statute requires that each taxing jurisdiction remit its ad valorem taxes to the Zone by May 1 of each year (remittance to occur no more than 90 days after taxes for the jurisdiction become delinquent).
3. The Zone fund's cash balances are invested in the City's investment pool and include amounts in demand deposits as well as short-term investments. Pooled investments and short-term non-pooled investments are treated as cash equivalents. Investment income on the pooled investments is prorated monthly based upon the average daily cash balance in each fund.
4. All project costs resulting in capital improvements which are owned by the City are capitalized in the City's fixed assets.
5. The Zone's Financing Plan permits expenditures not to exceed \$7,684,059 over the life of the Zone to reimburse the City for administrative expenses.
6. On the Balance Sheet, the "due to other funds" amount of \$196,642 on September 30, 2022 represents the Zone's administration expenses for FY 2018-2019 (\$24,467), FY 2019-2020 (\$60,889), FY 2020-2021 (\$51,760), and FY 2021-2022 (\$59,526) that have been earned but will be reimbursed to the City's General Fund based on the availability of future Zone funds.

Appendix B: Financial Obligations

As of the end of FY 2021-2022, there is one TIF District funding obligation:

- Tax Increment Development, Chapter 380 Grant, and Chapter 380 Loan Agreement (Agreement) with WCWRD Inc (Developer) in an amount not to exceed \$15,600,000 (TIF Subsidy). Note: Per the Agreement, Developer has assigned all rights to receive payment of the TIF Subsidy to the City of Dallas as collateral for and in payment of a loan in an amount not to exceed \$12,000,000 from the City's Public/Private Partnership Fund. The City made the first disbursement of the Loan in an amount of \$6,000,000 to Developer on June 10, 2019, in accordance with the terms and conditions as set forth in the Agreement. As of September 30, 2019, notes receivable in the amount of \$6,000,000 had been set up in the City's Public/Private Partnership Fund, and accrued interest through September 30, 2022 was \$278,553.46 (including additional accrued interest for FY 2021-2022 of \$120,000.00). Of the outstanding accrued interest of \$278,553.46, \$25,197.00 was transferred from the Mall Area Redevelopment TIF District Fund to the Public/Private Partnership Fund to pay down a portion of the outstanding accrued interest in accordance with the terms and conditions of the Agreement. On September 30, 2022, the net accrued remaining interest balance is \$253,357.00.
- The City made the second disbursement of the Loan in an amount of \$6,000,000 to Developer on February 19, 2020, in accordance with the terms and conditions as set forth in the Agreement. As of September 30, 2020, notes receivable in the amount of \$6,000,000 had been set up in the City's Public/Private Partnership Fund, and accrued interest through September 30, 2022 was \$280,235.00 (including additional accrued interest for FY 2021-2022 of \$120,000.00). Of the outstanding accrued interest of \$280,235.00, \$25,197.00 was transferred from the Mall Area Redevelopment TIF District Fund to the Public/Private Partnership Fund to pay down a portion of the outstanding accrued interest in accordance with the terms and conditions of the Agreement. On September 30, 2022, the net accrued remaining interest balance is \$255,038.00.

Appendix C: Sub-District-Wide Set-Aside Funds

Consistent with the Project Plan and Reinvestment Zone Financing Plan, the Increment Allocation Policy adopted by the TIF Board for the Mall Area Redevelopment TIF District includes two sub-district-wide set asides (in the Montfort-IH 635 Sub-District) and an inter-sub-district transfer (from the Montfort-IH 635 Sub-District to the Westmoreland-IH 20 Sub-District) as described below:

Annual Process (Montfort-IH 635 Sub-District)

First, the Montfort-IH 635 Sub-District Gross Increment will pay:

- 1) Administrative Expenses: After the Total Gross Increment has been deposited into the District fund, the City's Administrative Expenses for the District will be reimbursed first in each year of the District. The Montfort-IH 635 Sub-District's portion of the District's Administrative Expenses will be paid from the Montfort-IH 635 Sub-District Gross Increment based on the ratio of the Montfort-IH 635 Sub-District Gross Increment to the Total Gross Increment.

Then, the Montfort-IH 635 Sub-District Net Increment will be transferred or set aside as follows:

- 2) Transfer to the Westmoreland-IH 20 Sub-District: Ten percent (10%) of the Montfort-IH 635 Sub-District Net Increment will be annually transferred to the Westmoreland-IH 20 Sub-District to help facilitate the revitalization and redevelopment of the Redbird Mall area.
FY 2021-2022 Transfer Amount: \$40,466
- 3) Set Aside for Sub-District-Wide Public Infrastructure Improvements: Ten percent (10%) of the Montfort-IH 635 Sub-District Net Increment will be set aside annually for Sub-District-Wide Public Infrastructure Improvements (i.e. improvements not specific to a single development site such as gateways, trails, parks/open space, public facilities, or utility/streetscape improvements benefitting multiple parcels or blocks, regardless of ownership).
FY 2021-2022 Allocation Amount: \$40,466
- 4) Set Aside for Land Acquisition for Sub-District-Wide Central Open Space: Since the long-term redevelopment potential of the area will be limited without a large central open space and since TIF funding assistance of land acquisition for the large central open space will be critical to making the Montfort-IH 635 Sub-District a dense, walkable, livable, and sustainable place, thirty percent (30%) of the Montfort-IH 635 Sub-District Net Increment will be set aside annually for Land Acquisition for Sub-District-Wide Central Open Space.
FY 2021-2022 Allocation Amount: \$121,397

University TIF District Map Reinvestment Zone Number Twenty-One

Mission Statement

The University Tax Increment Financing District (TIF District) represents an effort to establish a funding mechanism to stimulate private investment and development in Dallas' southern sector and provide public amenities including trail connections in northern Dallas while taking advantage of each area's strategic regional location adjacent to major universities and transportation corridors.

As allowed by Chapter 311 of the Texas Tax Code, the TIF District comprises two non-contiguous sub-districts — the University Center Sub-District in northern Dallas adjacent to the University of Texas at Dallas and Texas A&M AgriLife Research and Extension Center and the University Hills Sub-District in southern Dallas adjacent to the University of North Texas at Dallas.

The TIF District will provide for public open space improvements including connections to universities and future rail transit in the northern sub-district while providing for a significant share of its increment to be transferred to the southern sub-district to catalyze new residential and commercial development in an area lacking basic infrastructure and facing an unproven real estate market.

TIF District Accomplishments

Dallas City Council established the University TIF District by Ordinance Number 30733 on December 13, 2017.

The University TIF District was initiated by petition of property owners in both sub-districts. There was common ownership in both sub-districts.

The University Center Sub-District is generally located east of Coit Road, west of Waterview Parkway, and south of the Dallas Area Rapid Transit (DART) rail line (future Cotton Belt Line of the DART Rail System). The University Hills Sub-District is generally located north of Interstate Highway 20 (Lyndon B. Johnson Freeway), west of Lancaster Road, and south of the DART rail line.

The City's participation is 90% from 2018 through 2047. A potential scenario for Dallas County participation (for the University Hills Sub-District only) has been included in the Project Plan and Reinvestment Zone Financing Plan (the "Plan") that forecasts County participation at sixty-five percent (65%) for twenty (20) years in tax years 2025-2044, pending formal approval by the Dallas County Commissioners Court at a later date.

During FY 2020-2021, the University TIF District Board of Directors ("Board") adopted the Project Plan and Reinvestment Zone Financing Plan and By-Laws. These items were also approved by City Council.

During FY 2021-2022, the TIF District Board approved grant program guidelines and an increment allocation policy for the TIF District. In June 2022, the TIF District Board

recommended and City Council approved a development agreement with I-20 Lancaster Development, LLC (an affiliate of Hoque Global) for a City subsidy not to exceed \$34,210,966 comprised of up to \$2,800,000 in the form of an economic development grant payable from the City’s Public/Private Partnership and up to \$31,410,966 plus an additional grant in lieu of interest payable from future University TIF District funds in consideration of the University Hills Phase I Project on property generally bounded by Interstate Highway 20 (Lyndon B. Johnson Freeway), Lancaster Road, and the DART rail line and within the University Hills Sub-District of the University TIF District.

New development completed, under construction or planned in the TIF District is shown in the following table.

¹ All information updated as of September 30, 2022.

² Based upon either the incentive application or required minimum stated in the development agreement. May be updated for completed projects based on actual unit mix and square footage.

³ Based upon 1) market value of comparable projects for anticipated projects, 2) private investment stated in the development agreement for projects that are approved or under construction, or 3) Based upon DCAD and CCAD taxable value of completed homes and estimate for those under construction.

⁴ Principal amount not to be exceeded per the development agreement. TBD indicates that development agreement has not yet been adopted. Asterisk indicates investment also includes a grant in lieu of interest.

⁵ Includes other incentives not shown. Contact City of Dallas Office of Economic Development for more information.

Value and Increment Revenue Summary

The base value of the TIF District is the total appraised value of all taxable real property in the TIF District as determined by the Dallas Central Appraisal District and the Collin Central Appraisal District in the 2017 certified roll. The TIF District's base value was \$49,774,442 (approximately \$44,523,105 in the University Center Sub-District and approximately \$5,251,337 in the University Hills Sub-District).

The TIF District's assessed 2022 taxable value was \$364,329,036 and varies for other taxing jurisdictions due to exemption levels. This represents an increase of \$314,554,594 or 632% over the base year (2017) value. The TIF District anticipates collecting approximately \$2,111,353 in City incremental tax revenue in 2022 for tax year 2022.

Objectives, Programs, and Success Indicators

The University TIF District Project Plan and Reinvestment Zone Financing Plan was adopted in December 2020. The following development goals and objectives for the TIF District are included in the Project Plan and Reinvestment Zone Financing Plan:

- Goal 1: To create additional taxable value attributed to new private investment in projects in the University TIF District totaling approximately \$685 million in total dollars over the 30-year life of the TIF District.

Taxable value in the TIF District has increased \$314,554,594 over the base year (representing 46% of the goal).

- Goal 2: To attract new private development in the University Center Sub-District totaling approximately 795 new residential units.

To-date, 715 residential units have been completed and another 37 units are under construction (representing 94% of the goal).

- Goal 3: To diversify retail, residential, and commercial uses in the TIF District.

To-date, a mix of traditional single-family and townhome units have been

built in the University Center Sub-District. Conceptual plans for development in the University Hills Sub-District include a range of for-sale and rental residential units along with retail and supporting commercial uses.

- Goal 4: To create an over 250-acre mixed-use development in the University Hills Sub-District.

Phase I of the University Hills development is planned to include 240 single-family attached townhomes, 300 single-family detached homes, 250 multi-family residential units, and 80,000 square feet of retail/office space.

City bond program investments in major public infrastructure in the area are already underway that will provide a foundation for development in the TIF District as well as the greater University Hills area.

Councilmember Tennell Atkins addressing attendees at the September 1, 2022 groundbreaking for University Hills area water/wastewater improvements.

Groundbreaking attendees included State Senator Royce West and Bob Mong, President of UNT Dallas.

- Goal 5: To encourage the development of properties in close proximity to mass transit and institutes of higher education.

To-date, residential development has occurred in the University Center Sub-District near the University of Texas at Dallas and Texas A&M AgriLife Research and Extension Center and the future Cotton Belt (Silver Line) of the DART Rail System. There are conceptual plans for development in the University Hills Sub-District in proximity to the University of North Texas (UNT) Dallas campus and the DART Blue Line's UNT Rail Station.

- Goal 6: To generate approximately \$55.9 million (NPV) (estimated \$133 million in total dollars, to be adjusted annually) in TIF District fund revenues over the 30-year life of the TIF District.

Total collection of TIF District fund revenues (including estimated collection for this year) = \$5,946,485 (11% of goal).

City of Dallas, Texas
University Tax Increment Financing District
Notes to Financial Statements for the Year Ended September 30, 2022
(Unaudited)

1. The measurement focus used for the Zone fund is a flow of financial resources. The financial statements are prepared using the modified accrual basis of accounting. Under the modified accrual basis of accounting, tax increment revenues and interest are recognized as revenue when they become both "measurable" and "available" to finance expenditures of the current period. Expenditures are recognized when the liability is incurred.
2. State statute requires that each taxing jurisdiction remit its ad valorem taxes to the Zone by May 1 of each year (remittance to occur no more than 90 days after taxes for the jurisdiction become delinquent).
3. The Zone's cash balances are invested in the City's investment pool and include amounts in demand deposits as well as short-term investments. Pooled investments and short-term non-pooled investments are treated as cash equivalents. Investment income on the pooled investments is prorated monthly based upon the average daily cash balance in each fund.
4. The Zone's Financing Plan permits expenditures not to exceed \$5,864,352 over the life of the Zone to reimburse the City for administrative costs. Any future remittance for administrative expenses would come from excess cash as tax increment revenue increases as a result of increased assessed values.
5. "Due to general fund" amount of \$172,977 on September 30, 2022 represents the Zone administration costs for the fiscal year 2018-2019 (\$30,227), 2019-2020 (\$48,053), 2020-2021 (44,364), and 2021-2022 (\$50,333) that have been earned but will be reimbursed to the General Fund in future years based on the availability of Zone funds. Note that these administrative costs do not include billing to other City departments.
6. All project costs resulting in capital improvements that are owned by the City are capitalized by the City.

SUBJECT

Authorize a public hearing to be held on March 8, 2023 to receive comments on the proposed amendments to the Project Plan and Reinvestment Zone Financing Plan (“Plan”) for Tax Increment Reinvestment Zone Number Fourteen, the Skillman Corridor Tax Increment Financing (“TIF”) District (the “TIF District”) to: (1) increase the geographic area of the TIF District by approximately 34 acres along Audelia Road from Lyndon B. Johnson Freeway (IH-635) to Forest Lane; (2) specify that expenditures within the budget category titled “Other Skillman Corridor Improvement” may include redevelopment of publicly owned facilities; and (3) make corresponding modifications to the TIF District’s boundary and Plan; and, at the close of the public hearing, consider an ordinance amending Ordinance No. 26148, previously approved on October 26, 2005, as amended, and Ordinance No. 26534, previously approved on December 13, 2006, as amended, to reflect these amendments - Financing: No cost consideration to the City

BACKGROUND

The Skillman Corridor TIF District was established by Ordinance No. 26148 on October 26, 2005 to assist in creating a more sustainable mix of rental and for-sale residential property along the corridor and as an outgrowth of the City of Dallas’ effort to provide a model for redeveloping urban corridors to take full advantage of the expanding Dallas Area Rapid Transit light rail system.

In 2006, the TIF District boundary was expanded to include Richardson Independent School District (RISD) campuses in an effort to mitigate concerns about changing RISD enrollment levels and to support RISD facilities while gaining RISD’s financial participation in the TIF District.

This TIF District Plan amendment is proposed to expand the goals and objectives of the TIF District to encourage development and redevelopment of the property north of LBJ, along Audelia Road, in conjunction with the Lyndon B Johnson (LBJ) East improvements and the enhanced Skillman bridge along the new alignment as well as to support the creation of a public park and public multipurpose facility which may include a cultural center, library, recreation center and/or police sub-station to provide needed amenities in the Forest/Audelia area.

The TIF District Plan amendment also specifies that expenditures within the budget category titled "Other Skillman Corridor Improvement" may include redevelopment of publicly owned facilities, adding a specific allowance for expenditures related to redevelopment of public facilities including, but not limited to, the City of Dallas owned property at the northwest corner of Forest Lane and Audelia Road as an area of public assembly for use as public open space/park, cultural center, library, recreation center and/or police sub-station, all of which benefit the TIF District. No changes to the TIF District budget or term are proposed as part of the Plan amendment.

The 2022 estimated taxable value of the proposed expansion area is \$26,010,610,00.

Pursuant to the Tax Increment Financing Act, as amended, VTCA Texas Tax Code, Chapter 311 (the "Act"), a public hearing is required if an amendment proposes to reduce or increase the geographic area of a TIF district, increase the amount of bonded indebtedness to be incurred, increase or decrease the percentage of a tax increment to be contributed by a taxing unit, increase the total estimated project costs, or designate additional property in the TIF district to be acquired by the municipality.

This action authorizes a public hearing to be held on March 8, 2023 to hear public comments on the proposed amendments to the Plan for the TIF District.

PRIOR ACTION/REVIEW (COUNCIL, BOARDS, COMMISSIONS)

On October 26, 2005, City Council established Reinvestment Zone Number Fourteen, the Skillman Corridor TIF District by Ordinance No. 26148.

On December 13, 2006, City Council approved amendments to Ordinance No. 26148, to enlarge the boundaries of the Skillman Corridor TIF District to include certain Richardson Independent School District Campuses by Ordinance No. 26533.

On December 13, 2006, City Council authorized the Final TIF District Plan and participation agreements with Dallas County and the Richardson Independent School District for the TIF District by Ordinance No. 26534.

On March 9, 2011, City Council approved amendments to Ordinance No. 26534, to modify the Skillman Corridor TIF District Plan to reflect economic development grants as an eligible item by Ordinance No. 28149.

On December 2, 2022, the TIF District Board of Directors reviewed and unanimously recommended City Council approval of the proposed amendments to the TIF District Plan.

WHEREAS, City of Dallas (“City”) recognizes the importance of its role in local economic development; and

WHEREAS, the City Council of the City of Dallas, Texas recognizes the importance of its role in local economic development; and

WHEREAS, on October 26, 2005, City Council authorized the establishment of Tax Increment Financing Reinvestment Zone Number Fourteen, City of Dallas, Texas (the “Skillman Corridor TIF District”) in accordance with V.T.C.A. Tax Code, Chapter 311 (“Act”) by Resolution No. 05-3067; and Ordinance 26148; and

WHEREAS, on December 13, 2006, City Council authorized amendments to Ordinance No. 26148 to enlarge the boundaries of the Skillman Corridor TIF District to include certain Richardson Independent School District campuses by Resolution No. 06-3433; and Ordinance 26533; and

WHEREAS, on December 13, 2006, City Council authorized the Skillman Corridor TIF District Project Plan and Reinvestment Zone Financing Plan (the “Plan”) and participation agreements with Dallas County and the Richardson Independent School District for the Skillman Corridor TIF District by Resolution No. 06-3434; and Ordinance No. 26534; and

WHEREAS, on March 9, 2011, City Council authorized amendments to Ordinance No. 26534 to modify the Skillman Corridor TIF District Plan to reflect economic development grants as an eligible item by Resolution No. 11-0694; and Ordinance No. 28149; and

WHEREAS, the Act requires that if an amendment reduces or increases the geographic area of the TIF district, increases the amount of bonded indebtedness to be incurred, increases or decreases the percentage of a tax increment to be contributed by a taxing unit, increases the total estimated project costs, or designates additional property in the TIF district to be acquired by the municipality, the approval must be by ordinance after the City holds a public hearing on such amendments and provide interested persons the opportunity to speak and present evidence for or against such amendments; and

WHEREAS, the City desires by the calling and holding of such public hearing to provide a reasonable opportunity for any owner of property located within the Skillman Corridor TIF District, any other taxing districts, and any other interested persons to speak for or against the amendment; and

February 22, 2023

WHEREAS, on December 2, 2022, the Skillman Corridor TIF District Board of Directors reviewed and unanimously recommended City Council approval of the proposed amendments to the Skillman Corridor TIF District Plan, consistent with the requirements and limitations of the Act, and included findings that (i) the vacant and underutilized property in the proposed expansion area substantially arrests or impairs the sound growth of the City, (ii) development or redevelopment in the proposed expansion area will not occur solely through private investment in the foreseeable future, and (iii) inclusion of the proposed expansion area will have an overall benefit to, and further the purposes of, the Skillman Corridor TIF District.

Now Therefore,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DALLAS, TEXAS:

SECTION 1. That a public hearing shall be held at 1:00 p.m. on March 8, 2023, in the City Council Chambers, Dallas City Hall, 6th Floor, 1500 Marilla Street, Dallas, Texas, at which time any interested person may appear and speak for or against the following proposed amendments to the Skillman Corridor TIF District Plan: (1) increase the geographic area of the Skillman Corridor TIF District by adding approximately 34 acres to include certain properties along Audelia Road between Lyndon B Johnson Freeway (Interstate Highway 635) and Forest Lane, (2) specify that expenditures within the budget category titled "Other Skillman Corridor Improvement" may include redevelopment of publicly owned facilities and (3) make corresponding modifications to the Skillman Corridor TIF District's boundary and Plan; and, at the close of the public hearing, consider an ordinance amending Ordinance No. 26148, previously approved October 26, 2005, as amended, and Ordinance No. 26534, previously approved on December 13, 2006, as amended.

SECTION 2. That notice of such public hearing shall be published in the official newspaper of the City of Dallas not later than seven (7) days prior to the date of such hearing.

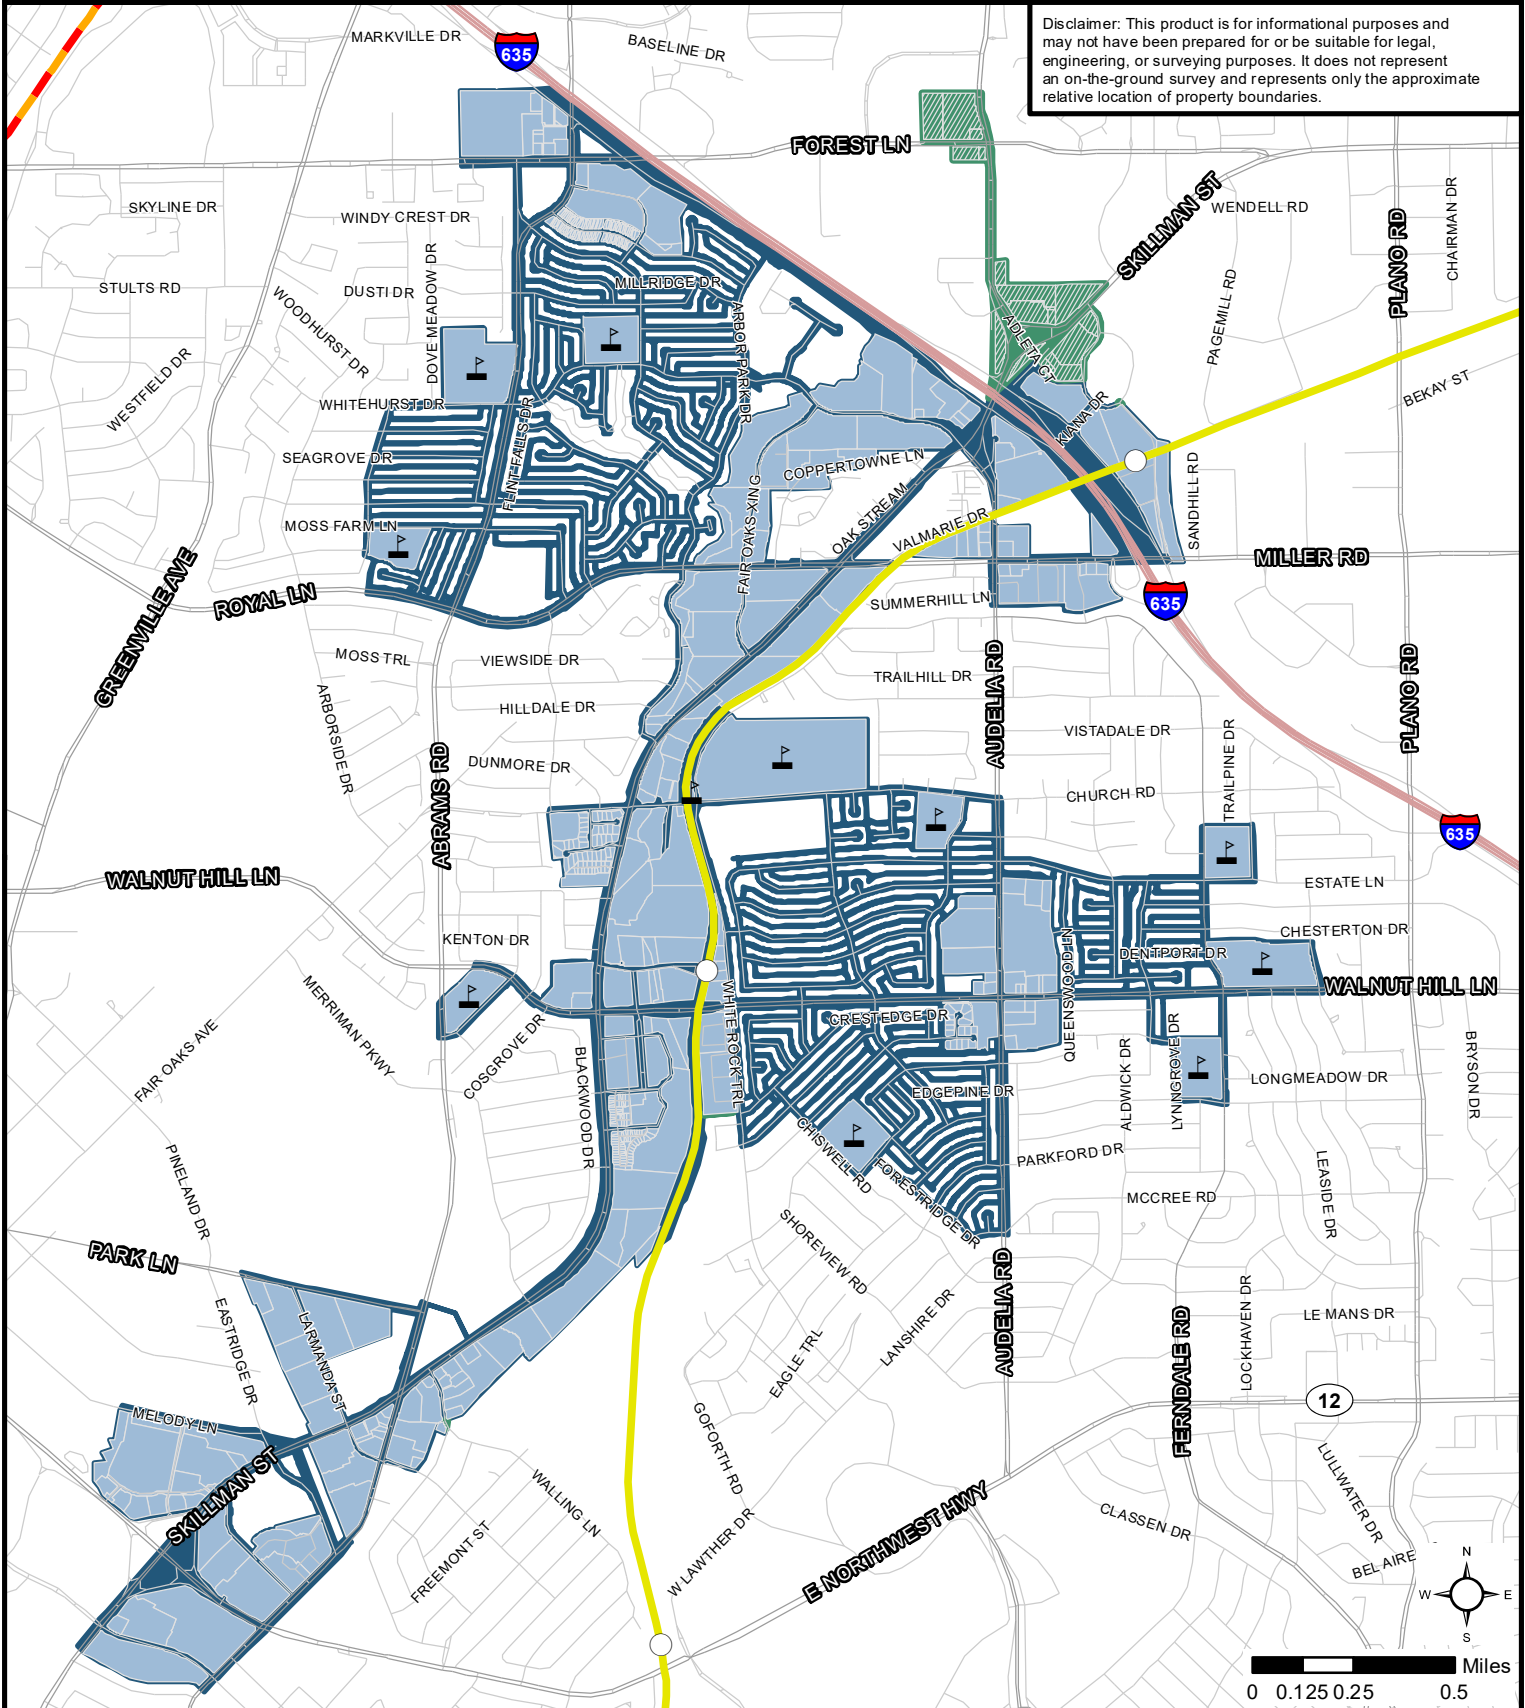

SECTION 3. That after the public hearing is closed, City Council shall consider an ordinance amending Ordinance No. 26148, previously approved October 26, 2005, as amended, and Ordinance No. 26534, previously approved on December 13, 2006, as amended, to (1) increase the geographic area of the Skillman Corridor TIF District by adding approximately 34 acres as shown on the proposed boundary map attached hereto as **Exhibit A**, (2) specify that expenditures within the budget category titled "Other Skillman Corridor Improvement" may include redevelopment of publicly owned facilities and (3) make corresponding modifications to the Skillman Corridor TIF District Plan to reflect the proposed Skillman Corridor TIF District Plan amendments reviewed and approved by the Skillman Corridor TIF District Board of Directors on December 2, 2022 attached hereto as **Exhibit B**.

February 22, 2023

SECTION 4. That this resolution shall take effect immediately from and after its passage in accordance with the provisions of the Charter of the City of Dallas, and it is accordingly so resolved.

Section 1: Project Plan

Background (2006)

The Skillman Corridor Tax Increment Financing (TIF) District represents the outgrowth of the City of Dallas' effort to provide a model for redeveloping urban corridors to take full advantage of the expanding DART light rail system.

The Skillman Corridor TIF District (the "District" or "Zone") was established in October 2005 to assist in creating a more sustainable mix of rental and for-sale residential property in the Skillman Corridor. This shift was anticipated to help encourage the creation of more owner-occupied residential units, the removal and redevelopment of structurally obsolete apartment complexes and retail centers, better trail and recreational connections, development of the Skillman/Walnut Hill DART light rail station, and redevelopment of the property near the Skillman/LBJ DART light rail station.

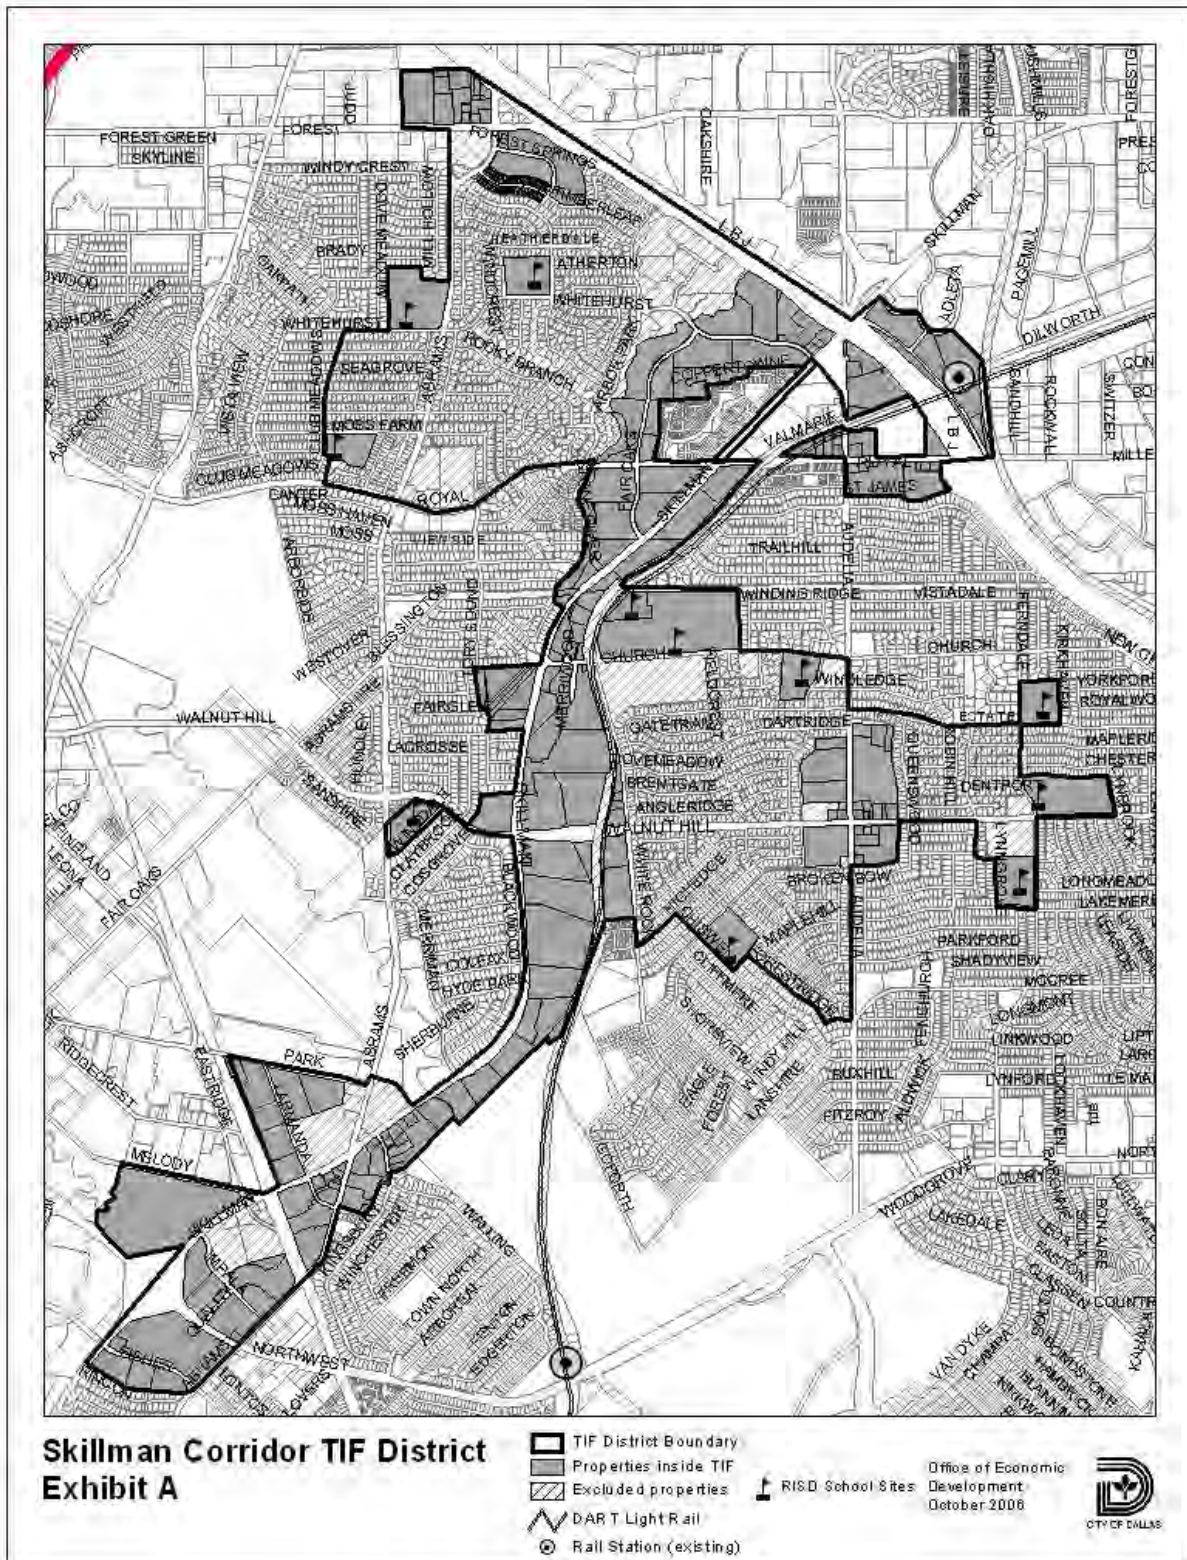

Skillman Street provides direct access between downtown Dallas and residential and commercial areas to the northeast. With some notable exceptions where property has been redeveloped, many of the existing multi-family and commercial buildings in the corridor are reaching structural obsolescence. Multi-family communities are the predominant land use in the corridor, with approximately 70% of the residential units in the area renter-occupied. Older retail centers do not adequately serve the needs of the community due to dated facilities, inadequate signage and parking and difficulties in tenant recruitment. Public infrastructure in the corridor is often lacking and connections to the City's White Rock Trail system are limited despite the proximity to the trail.

2006 Project Plan

The Preliminary Project Plan and Reinvestment Zone Financing Plan was approved in 2005 and contained much of the details recited in the 2006 Project Plan and Reinvestment Zone Financing Plan (the "Project Plan" or "Plan"). The summary contained herein references the 2006 Project Plan, being the "non preliminary" Plan.

The District follows Skillman Street from Medallion Center (Skillman and Southwestern Street) to Skillman north of LBJ Freeway. While property in the TIF District primarily fronts Skillman Street, the district includes some nearby commercial districts with similar redevelopment issues and all Richardson Independent School District (RISD) campuses that may be impacted by the development or redevelopment along the corridor. Single-family homes in the surrounding area were excluded since they are not targeted for development or redevelopment. A map of the Skillman Corridor TIF District, as amended to include RISD properties, is included below (see **Exhibit A**). All property in the TIF District is contiguous and consistent with the economic objectives in this Plan. The District contains approximately 882 acres, not counting rights-of-way that the Dallas Central Appraisal District (DCAD) does not identify as land parcels. Taxable land in 2005 was approximately 626 acres.

Exhibit A Skillman Corridor TIF District Map (2006)

A preliminary version of the Skillman Corridor TIF District was initiated by petition, pursuant to Section 311.005 (a)(5), Texas Tax Code through the sponsorship of neighborhood associations and community leaders in the area. This petition was based on a catalyst development project that later was suspended. City staff took the initial TIF District preliminary plan and modified the district boundaries and project plan and financing plan to improve a larger area. In response to these circumstances, the City Council, using the authority of the Tax Increment Financing Act (Chapter 311, Tax Code), approved Ordinance No. 26148 on October 26, 2005:

- Creating Tax Increment Financing Reinvestment Zone Number Fourteen, (the “Skillman Corridor TIF District”);
- Establishing the boundaries for the Skillman Corridor TIF District;
- Adopting a preliminary project and financing plan; and
- Establishing a Board of Directors for the Skillman Corridor TIF District

The Board of Directors included five City Council appointees and five representatives of the other taxing jurisdictions.

Differences between the Preliminary Plan and the 2006 Plan reflect extensive review by City staff, the Richardson Independent School District (RISD), the Skillman Corridor TIF Board of Directors, and other stakeholders on the following points.

A broader area for a Lake Highlands Town Center has been defined in order to provide adequate density to support a project(s) financially and better coordinate related public improvements.

RISD reviewed the Preliminary Plan and expressed concern about the potential redevelopment of over 4,000 apartment units, particularly if this occurred in a short time period, and having a detrimental effect on school enrollment and financing. City staff worked with RISD to find ways to garner RISD participation and mitigate these concerns. Since the actual impacts are unknown at this time, flexibility has been built into the Plan modifications.

Funds have been budgeted for school facility improvements or modifications with \$5 million (in total dollars) determined to be an appropriate level. Pursuant to Section 311.010 (b), Texas Tax Code, tax increment revenue can be dedicated, pledged, or otherwise provided for schools or other educational facilities. In addition, funds can pay for the costs of areas of public assembly, in or out of the District.

The TIF District boundaries have been enlarged to include RISD campuses that may be impacted by changing enrollment levels or patterns. Exhibit A shows the amended boundaries that include the following campuses: White Rock, Skyview, Merriman Park,

Moss Haven, Northlake, T. Marshall, Wallace, Forest Meadow, Lake Highlands Elementary, Lake Highlands Junior High and Lake Highlands High School.

Finally, there were discussions at RISD and City Council about the relocation of apartment residents. RISD requested that measures be taken to aid in the retention of school aged children from families that may be displaced as a result of redevelopment in the Skillman Corridor TIF District. Funds have been budgeted for relocation and student retention assistance in the amount of \$1 million (in total dollars). Pursuant to Section 311.002(F), Texas Tax Code relocation costs are an eligible TIF expenditure. The City and RISD will develop specific programs to assist in the retention of families with school children impacted by TIF-related redevelopment in order to maintain the stability of local schools.

In 2006, less than 10% of property in the District was being used for residential use with fewer than five living units.

The total 2005 taxable appraised value of real property within the Skillman Corridor TIF District differs slightly from the projection used for the preliminary plan based on more recent Dallas Central Appraisal District information. The 2005 taxable base value varies by taxing jurisdiction due to different exemption levels as shown below:

- City - \$335,957,311
- County - \$335,909,087
- ISD Total - \$335,096,707 (including \$235,461,409 for Richardson ISD)

This City base value would be 0.480% of the \$70,006,635,427 of taxable real property in the City of Dallas in 2005. The appraised value of real property in this and all other Dallas TIF reinvestment zones combined will remain significantly below the statutory maximum of 15%. In addition, the appraised value of real property in this and all other Dallas TIF reinvestment zones combined is below the maximum threshold of 5% of the City's tax base as set by the City's Financial Management Performance Criteria (FMPC).

The proposed duration of the Skillman Corridor TIF District is 30 years; it is scheduled to terminate December 31, 2035. The City's participation is 0% in 2006 and 2007 and increases to 85% in 2008 and thereafter. TIF collections will terminate once the TIF budget has been collected or December 31, 2035, whichever occurs first.

2023 Project Plan Amendment

This 2023 Amended Project Plan and Reinvestment Zone Financing Plan (“Amended Plan”) expands the boundary of the Zone north, by adding 19 properties along Audelia Road, between LBJ Freeway (IH 635) to Forest Lane (approximately 34 acres). The amended TIF District boundary contains approximately 901 acres in total, not including rights-of-way or DART corridors.

The Skillman Corridor maintains a strong market to the south and a weaker market on its northern edge. The area of the expanded Zone includes conditions that endanger life as it relates to crime and contains a substantial number of obsolete and deteriorating structures.

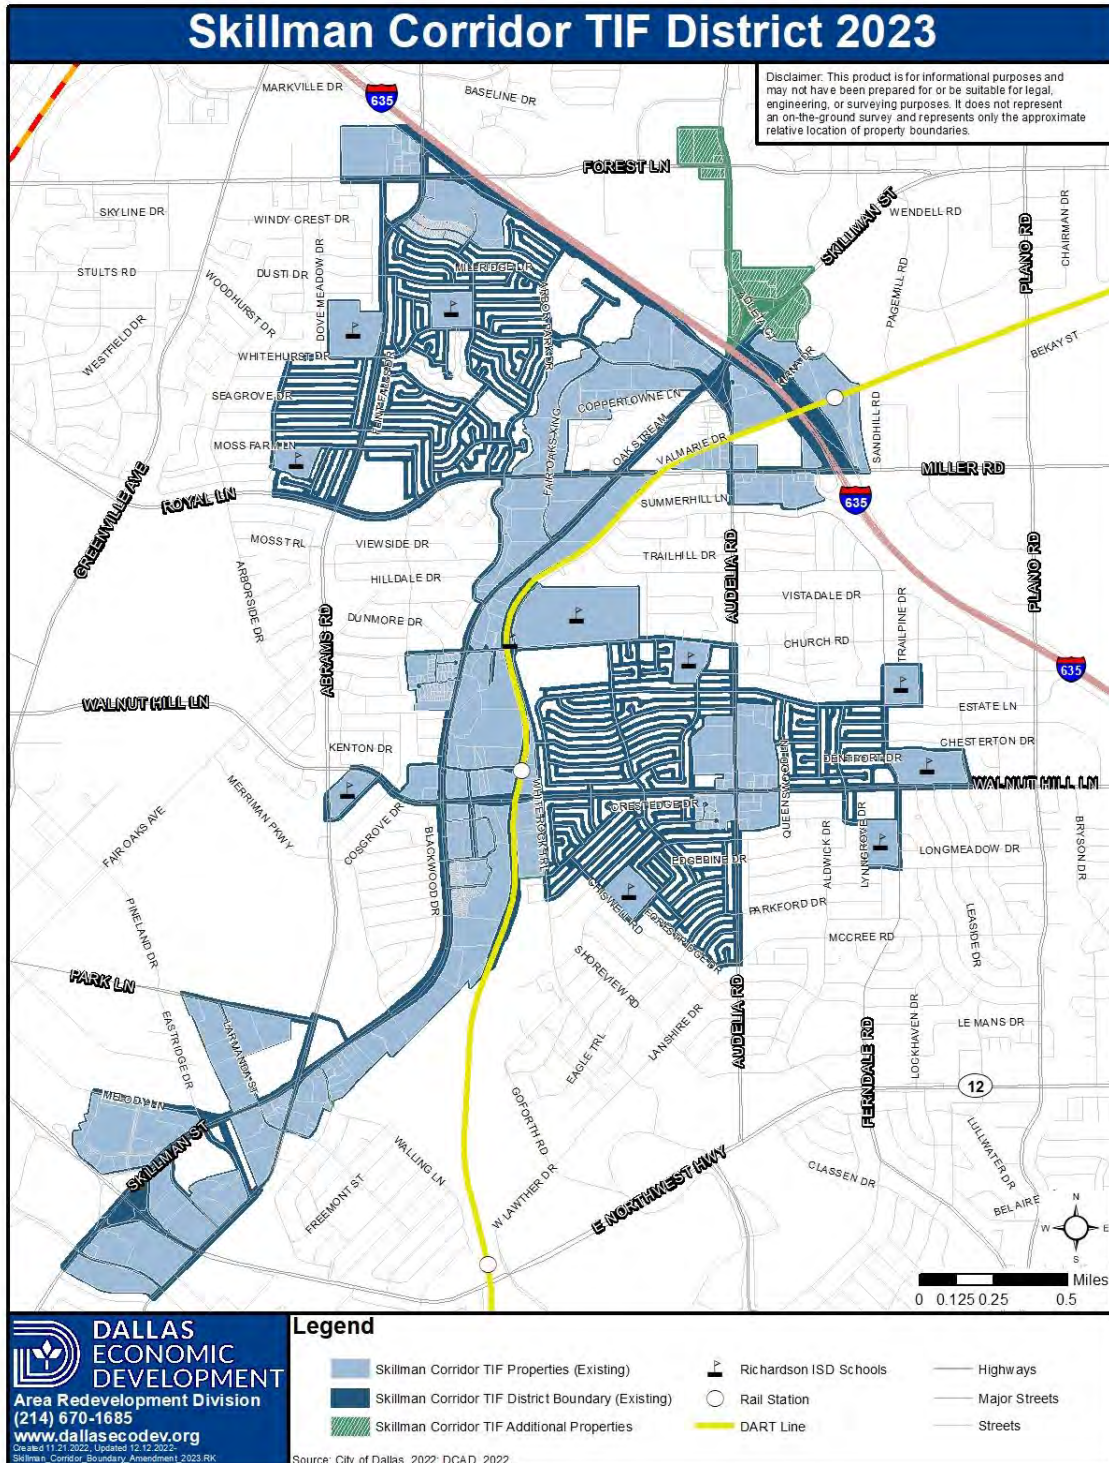

There are three elementary schools within the greater area of the TIF District expansion, each with a percent of economically disadvantage students between 88% and 98%. The four census tracts that converge at Forest-Audelia demonstrate the need to implement economic development tools to improve the area as the poverty rates for the four tracts are 13.1%, 29.4%, 31.8% and 34.2%, all exceeding the U.S. poverty rate of 11.6% and all but one significantly exceeding Texas’ poverty rate of 14.2%.

The properties in the table below are being added to the Skillman Corridor TIF District boundary. The area north of LBJ Freeway, along Audelia, is ripe for development and redevelopment with the reconstruction of LBJ East and the enhanced Skillman bridge along the new alignment. Further, the City of Dallas has purchased property at the northwest quadrant of Forest and Audelia to be developed into public open space, with the closest park being 8.5 miles away, and to provide a much-needed public multipurpose facility for the benefit of the area.

Exhibit A-1 Skillman Corridor TIF District Map (2023 Amended Plan)

2006 Development Goals and Objectives

The following development goals will meet the specific needs of the Skillman Corridor TIF District:

- Goal 1 – To create additional taxable value attributed to new private investment in projects in the Skillman Corridor TIF District totaling approximately \$592 million. A map and list of anticipated development projects is attached (see **Exhibits B-1 and B-2**).
- Goal 2 – To attract new private development in the Skillman Corridor TIF District totaling approximately 740,000 square feet of retail space and 6.4 million square feet of residential development including town home, multi-family, and single-family projects.
- Goal 3 - To focus on encouraging the redevelopment of properties on the Skillman Street corridor and the existing DART Light Rail Station at LBJ and Skillman to increase density and provide enhanced urban design for the District.
- Goal 4 – To maintain the stability of local schools as redevelopment occurs in the housing market.
- Goal 5 – To reach ridership at existing and future DART light rail stations in the District averaging over 3,000 riders per weekday by 2015.
- Goal 6 – To improve access and connections to the DART light rail system within the District.
- Goal 7 – To increase recreational opportunities and improve connections to the City of Dallas trails and open space system in the District.
- Goal 8 – To generate approximately \$49.7 million (net present value) in increment over 20 years of collections.
- Goal 9 – To diversify retail and commercial uses in the District.

The following specific objectives set the framework for the planned public improvements within the Skillman Corridor TIF District:

- Provide funding for environmental remediation and interior/exterior demolition assistance to encourage redevelopment of property within the Skillman Corridor TIF District.
- Upgrade basic infrastructure including storm drainage, water/wastewater lines, and burial of overhead utilities to support redevelopment in the District.

- Improve the pedestrian environment through sidewalk improvements, landscaping, lighting and design standards.
- Develop programs to assist in the retention of families with school children in the corridor that may be displaced as a result of TIF-related renovations to find housing in the area.
- Provide funding for school facility improvements or modifications in response to changing enrollment patterns resulting from development and redevelopment along the corridor.
- Coordinate linkages with the existing LBJ/Skillman DART light rail station and the planned Skillman/Walnut Hill DART light rail station by extending streetscape improvements to create enhanced pedestrian areas adjacent to the stations.
- Direct overall development of the Skillman Corridor TIF District through the application of design guidelines for public improvements and private development.
- Encourage development of new residential and retail uses to complement the District.

2023 Development Goals and Objectives

In addition to the 2006 development goals and objectives, this Amended Plan adds the following new goals and objectives:

- Create a public park and public multipurpose facility which may include a cultural center, library, recreation center and/or police sub-station to provide needed amenities in the Forest-Audelia area.
- Encourage development and redevelopment of the property north of LBJ Freeway, along Audelia, in conjunction with the LBJ East improvements and the enhanced Skillman bridge along the new alignment.

The Project Plan and this Amended Plan provides a long term plan to replace and upgrade the infrastructure and encourage redevelopment of underutilized property in the Skillman Corridor TIF District. The public improvements enumerated in the Project Plan, as amended herein, provide for \$49,684,296 (net present value) worth of land acquisition; demolition and environmental remediation; redevelopment of publicly owned property; utility improvement; paving and streetscape improvements; public open space improvements; economic development grants; and design and engineering. Tax increment financing will be used to pay for these improvements.

Certain costs of improvements, as further discussed herein, are eligible for funding with tax increment revenues under legislative actions taken in 2005. These improvements enumerated in the Project Plan may be implemented in the form of loans or grants of TIF revenues, subject to final construction plans, for costs associated with redevelopment, including but not limited to: environmental remediation and demolition of existing structures and facilities; public infrastructure improvements - sidewalks, lighting, streets, landscaping and utilities; and design and engineering. The City will enact and implement controls sufficient to ensure that any grant funds provided will be used to fulfill the public purposes of developing and diversifying the economy of the Skillman Corridor TIF District, eliminating unemployment or underemployment in the District, and developing or expanding transportation, business and commercial activity in the District.

This plan is intended to encourage private development and public infrastructure improvements thereby improving the economics of redeveloping the Skillman Corridor TIF District.

Appendix A and B identify all real property accounts within the Skillman Corridor TIF District boundary, according to Dallas Central Appraisal District records. Parcels identified as outparcels in **Exhibit A and Exhibit A-1** are not within the TIF District unless the boundaries are further amended in accordance with the law. The base value of the District is the total appraised value of all taxable real property in the District as determined by the Dallas Central Appraisal District (DCAD) certified tax roll for 2005. Zone B shall be created to add nineteen properties along Audelia Road, between LBJ Freeway (IH 635) and Forest Lane.

The total assessed real property tax value of all taxable real property within the Skillman Corridor TIF District for tax year 2005, based on Dallas Central Appraisal District information, was \$335,957,311 for the City and varies for the other taxing entities based on exemption levels. The 2023 updated base value is anticipated to be approximately \$361,967,921 (includes Zone B 2022 Values; to be adjusted).

2006 Description of Skillman Corridor TIF District

The Skillman Corridor TIF District is generally bounded by commercial and multi-family residential properties along the Skillman Corridor between Northwest Highway and LBJ Freeway and additional areas at the Forest/Abrams and Audelia/Walnut Hill intersections. Boundaries that follow public streets and highways shall be construed to

extend to the far sides of such rights-of-way, measured from the reinvestment zone. Boundaries that approximate property lines shall be construed as following such property lines (see **Exhibit A**).

The District contains approximately 882 acres, not counting rights-of-way that the Dallas Central Appraisal District (DCAD) does not identify as land parcels. Taxable land for 2005 is approximately 626 acres.

2023 Description of Skillman Corridor TIF District

This Amended Plan will add parcels north of LBJ Freeway, along Audelia, to Forest Lane as identified in **Exhibit A-1**. The boundary amendment will result in an updated base year value and will create a Zone B to calculate annual increment. The total Amended Plan boundary contains approximately 901 acres in total, not including rights-of-way or DART corridors.

Existing Uses

The Skillman Corridor TIF District is a mixed-use area, primarily composed of commercial and multi-family residential properties along the Skillman Corridor and the Forest/Abrams and Audelia/Walnut Hill intersections. **Exhibit C** shows the 2006 land use for the area within the Skillman Corridor TIF Boundary (for specific parcels included in the TIF District refer to **Exhibit A-1**, the TIF Boundary Map).

Existing Zoning

Exhibit D shows 2006 zoning and the Planned Development Districts in the Skillman Corridor.

Exhibit C 2006 Skillman Corridor TIF District Land Uses

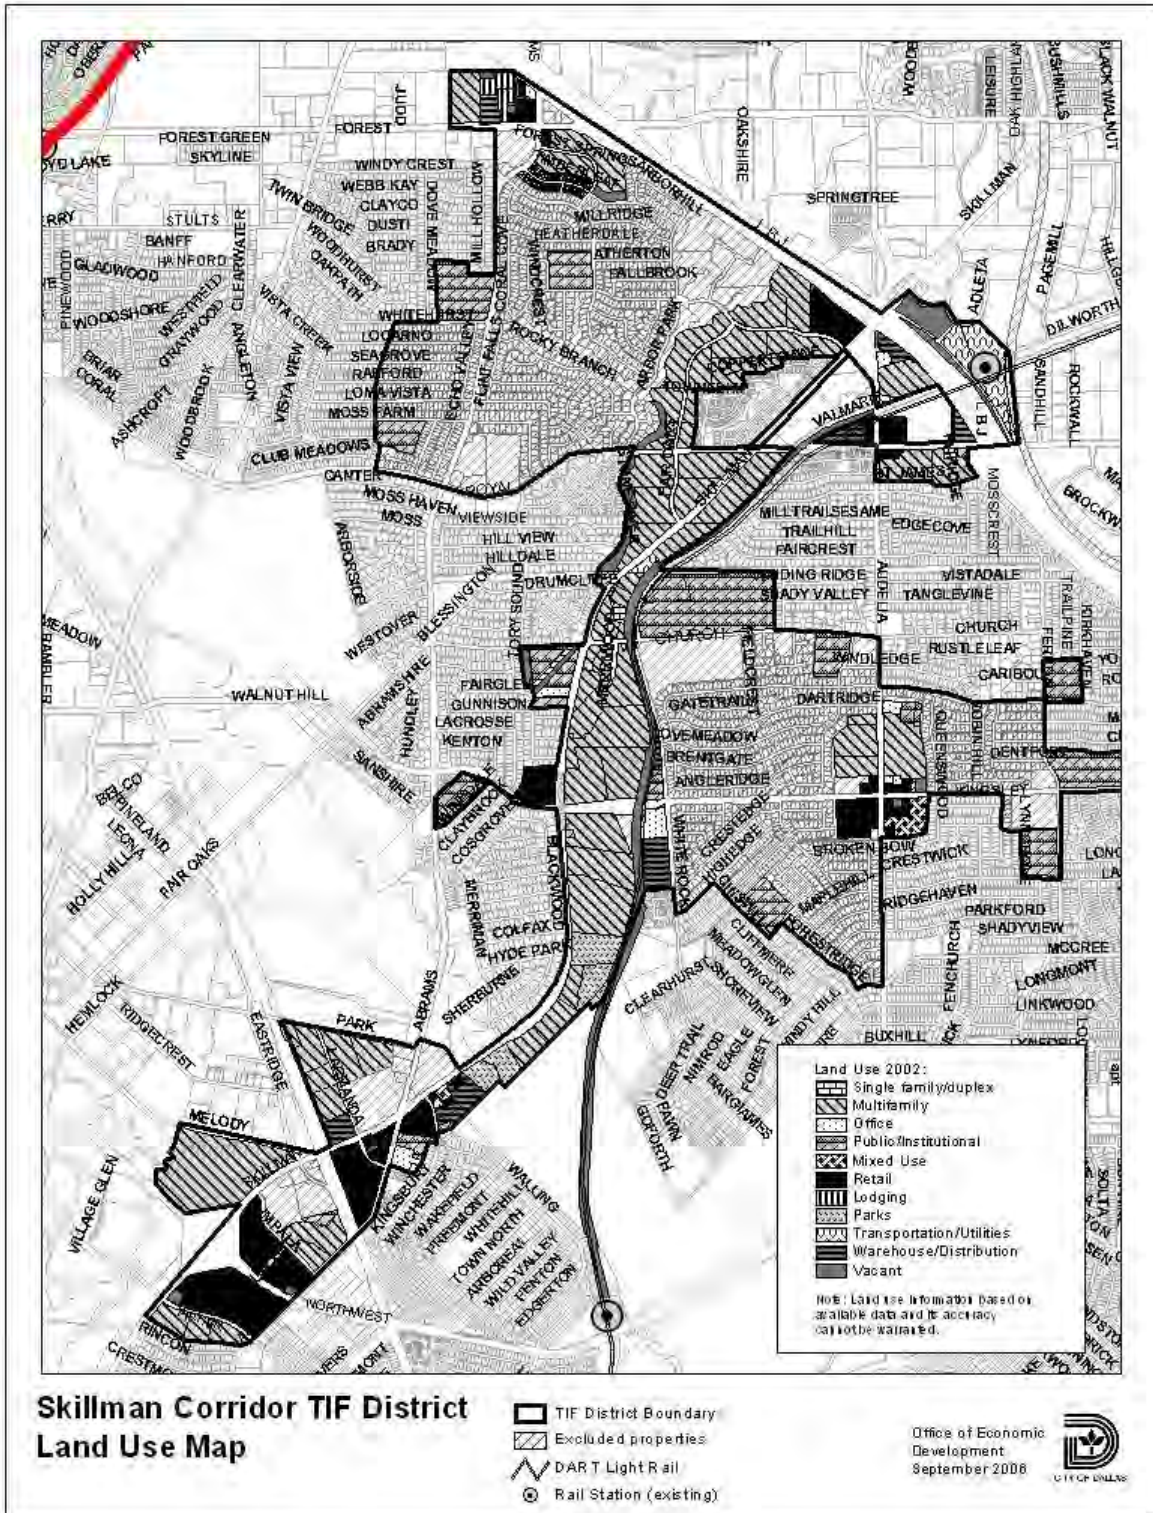

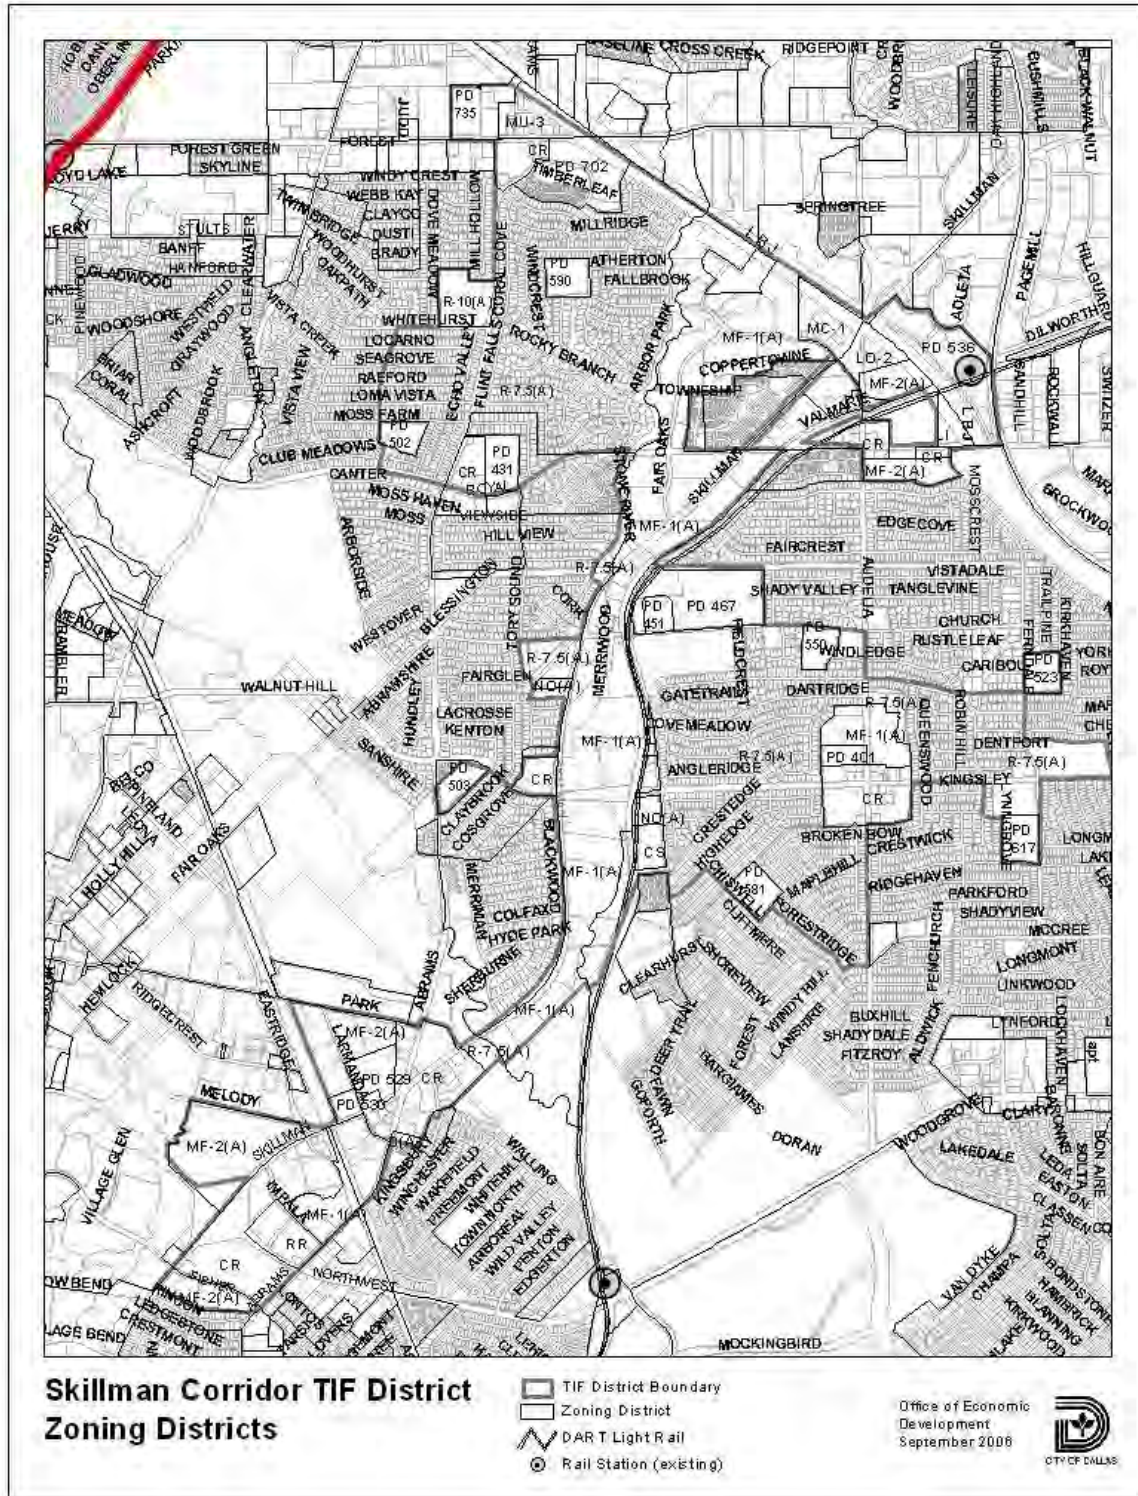

Exhibit D 2006 Skillman Corridor TIF District Zoning

2006 Market Feasibility

The predominant land use in the planned Skillman Corridor TIF District development program is for-sale residential units and mixed-use development. This development was anticipated to create a more sustainable balance of owner-occupied and rental units in the district. In addition, the residential development was also anticipated to drive the demand for new retail space in the corridor.

Therefore, the market feasibility evaluation conducted by city staff in September, 2005 is that by creating a more sustainable mix of owner- and renter-occupied housing in the Skillman Corridor, the residential development market would expand and enable property value in the area to increase. This analysis was made in accordance with the provisions of Section 311.011, Texas Tax Code.

Focused discussions with neighborhood leaders indicated that there is a “pent-up” demand for for-sale town homes and condominiums in the area. Despite this perceived demand for alternative housing types, the cost of converting an existing apartment complex to an alternative use is prohibitive without some form of public assistance for infrastructure.

While the appeal of the Skillman Corridor has led to the redevelopment of a few projects, most notably Home Depot, Super Target and the Children's Theater Center, a comprehensive redevelopment effort has not occurred through the market.

In addition, the expansion of the DART light rail system to the area demonstrated the need to provide a multi-faceted and self-sustaining destination neighborhood center where shopping, professional services, recreation, and suitable entertainment are readily available and accessible in the context of a pedestrian environment.

As of 2006, there are 5,400 existing apartments in identified development sites, approximately 21% of which are vacant. By 2030, it is estimated that these apartments will be redeveloped and/or converted into approximately 3,600 apartment units and 1,550 town homes, condominiums and single family homes. This change in housing type will enable the area to attract approximately 740,000 square feet of new retail space. While there may be a short term impact on local schools, particularly RISD, the pace of development will likely be gradual and the long term increase in tax base will benefit the school system.

TIF District Policy Considerations

The Skillman Corridor TIF District’s assessed real property tax value in 2005 was \$335,957,311 for the City and varies for the other taxing entities based on exemption levels. By 2035, the District’s assessed real property tax value is forecasted to increase to approximately \$1.36 billion. Since the TIF receives revenue only from the taxable value which exceeds the base year, “captured” taxable value accruing to the Skillman Corridor TIF District will be approximately \$1.02 billion. Of the \$1.02 billion in captured

taxable value, approximately \$592 million will be attributable to new private investment and \$428 million will be due to property appreciation.

The cumulative incremental property tax revenue potential of the planned development will be approximately \$49.7 million (net present value) for public improvement projects.

Future development projects in the Skillman Corridor TIF District may include demolition or extensive renovation of existing multi-family residential property. In 2006, there was an abundance of available housing in the area and the current vacancy rate of rental property averages 21%. It is understood that some displacement may occur by redevelopment activity within the TIF District and the City will only provide TIF assistance for projects where the incidence and impact of any displacement has been minimized.

The City will work with Richardson and Dallas Independent School Districts to mitigate displacement of families with children to the extent possible. Extensive discussions between the City and RISD have resulted in an agreement to fund up to \$1,000,000 (in total dollars) for relocation assistance for families with children attending RISD schools to relocate within the RISD if these families are displaced as a result of TIF-related redevelopment. Funds for this program would be advanced by developers and repaid as part of TIF financial incentives for a project or paid for directly with tax increment.

To address potential impacts of changing enrollment on school facilities, up to \$5,000,000 (in total dollars) has been budgeted for improvements and modifications to RISD educational and training facilities within the TIF District or school related areas of public assembly in or outside the TIF District.

Twenty percent of all housing units in the Skillman Corridor TIF District using TIF funds must meet the City and County established criteria for affordable housing. Affordable housing units are those which are affordable to a household earning 80% or below of the median family income for the Dallas metropolitan area. A developer may, subject to City and County approval, propose an alternative means of fulfilling the City's and County's affordable housing requirement.

Other requirements to qualify for TIF funds include compliance with Fair Share Guidelines for private construction and promotion of hiring for neighborhood residents for permanent jobs created. This latter requirement means TIF applicants will agree to sponsor job fairs or other programs to attract residents to jobs. The process for Fair Share Compliance and City oversight will be negotiated by City staff and included in the development agreement for each individual project.

Design guidelines for new development and redevelopment in the Skillman Corridor TIF District have been developed and adopted by the Skillman Corridor TIF Board of Directors. Development projects requesting TIF funds will be required to comply with these design guidelines.

Section 2

Project Plan Improvements

The public improvements enumerated in the Project Plan provide for approximately \$49.7 million for the public improvement categories listed below (see **Exhibits E and G** for a map and budget of proposed public improvements):

I. Lake Highlands Town Center Project – In order to create a defined neighborhood center, it is anticipated that approximately 40 percent of the Skillman Corridor TIF District budget will be used to fund public improvements related to a proposed neighborhood center located at Skillman and Walnut Hill Streets. This development will be associated with the replacement or redevelopment of some existing apartment complexes, retail centers and small office uses and the construction of a new DART light rail station. A variety of public improvement expenses will be considered as part of this line item: environmental remediation and demolition of existing structures and facilities; park and open space improvements; DART related improvements; public infrastructure improvements - sidewalks, lighting, streets, landscaping and utilities.

II. Corridor Redevelopment Projects – In order to create a redefined look and land uses along the Skillman Corridor, it is anticipated that approximately 48 percent of the Skillman Corridor TIF District budget will be used to fund improvements related to other development projects that support the Lake Highlands Town Center project. This development will be associated with the replacement or redevelopment of some existing apartment complexes, retail centers and small office uses in the corridor. Funding from this category may be used to support redevelopment of publicly owned property, including, but not limited to, the City of Dallas owned property at the northwest corner of Forest and Audelia as an area of public assembly to be programmed as open space/park (as detailed in Section IIE below), cultural center, library, recreation center, police sub-station, and/or other public use, all of which benefit the Zone. A variety of public improvement expenses will be considered as part of this line item: environmental remediation and demolition of existing structures and facilities and redevelopment of public facilities; park and open space improvements; DART related improvements; public infrastructure improvements - sidewalks, lighting, streets, landscaping and utilities. Expenditures from the Corridor Redevelopment Project category may be transferred to the Park and Recreation Department to ensure successful project coordination and delivery.

The following describes in greater detail eligible TIF expenditures for both the Lake Highlands Town Center Project and other Corridor Redevelopment Projects:

A. Environmental Remediation, Interior/Exterior Demolition and Redevelopment of Public Facilities. The Skillman Corridor has several buildings that have been financially unfeasible to redevelop because of the cost of environmental remediation of asbestos, lead-based paint and other contaminants and interior and exterior demolition costs. Interior and exterior demolition expenses are tied directly to the remediation expenses. These costs are TIF eligible expenditures. Remediation of

environmentally hazardous materials and associated improvements, using TIF funds, greatly improves the marketability of these buildings or can enable redevelopment of a structurally obsolete building. For public facilities, TIF funding may be used as described above as well as to redevelop (alter, remodel, repair or reconstruct) existing buildings or structures for public use.

B. Street and utility improvements. This category includes TIF eligible expenditures for street paving and related items, infrastructure upgrades/relocation (water, wastewater, storm sewer), and burial of overhead utilities.

C. Streetscape Improvements. The category includes lighting, sidewalk and infrastructure improvements, expanding and enhancing pedestrian and vehicle continuity in the corridor and other streetscape improvements related to specific projects.

D. Land Acquisition. The City may consider acquiring property, using eminent domain as necessary and to the extent permitted by law, to implement the TIF Plan. Potential land acquisitions may include:

- 1) Properties needed for improved trail connections or pedestrian safety and accessibility
- 2) Park or trail development

E. Park and plaza design, improvements and acquisition. Public open space is an important amenity in the Skillman Corridor area. Funding would be provided for design, improvements and land acquisition as necessary for implementation.

F. Non-project Costs. The City may make economic development loans or grants to further implement this Plan. Projects receiving such loans or grants must be consistent with the goals and objectives of the Skillman Corridor TIF District Project Plan and Reinvestment Zone Financing Plan and would be subject to specific project agreements and City Council approval.

III. Relocation Assistance/Student Retention. Funding to assist in the relocation of families with children attending schools to relocate within the RISD if these families are displaced as a result of TIF-related redevelopment

IV. RISD Facility Improvements. Funding for improvements and modifications to educational and training facilities within the TIF District boundaries including the following:

- (1) to adaptively re-use school facilities if consolidation of schools becomes necessary;
- (2) to construct new school facilities;
- (3) to renovate or construct additions to existing school facilities;
- (4) to make improvements to athletic fields, stadiums, auditoriums and other areas of public assembly on RISD school property, pursuant to 311.010 (b)

Texas Tax Code these areas of public assembly may be located outside the TIF District;

(5) to make such other improvements to RISD educational and training facilities as are permitted under the Act; and

(6) to maintain and operate RISD educational facilities funded with TIF funds.

V. Economic Development Grants. Legislation allows the City to make economic development loans or grants for the public purposes of developing and diversifying the economy of the District. Projects receiving such loans or grants must (1) demonstrate that the development is not financially feasible but for the grant; (2) must be consistent with the goals and objectives of the Final Plan; and (3) would be subject to specific project agreements and City Council approval.

Projects must be at least one of the following types of development:

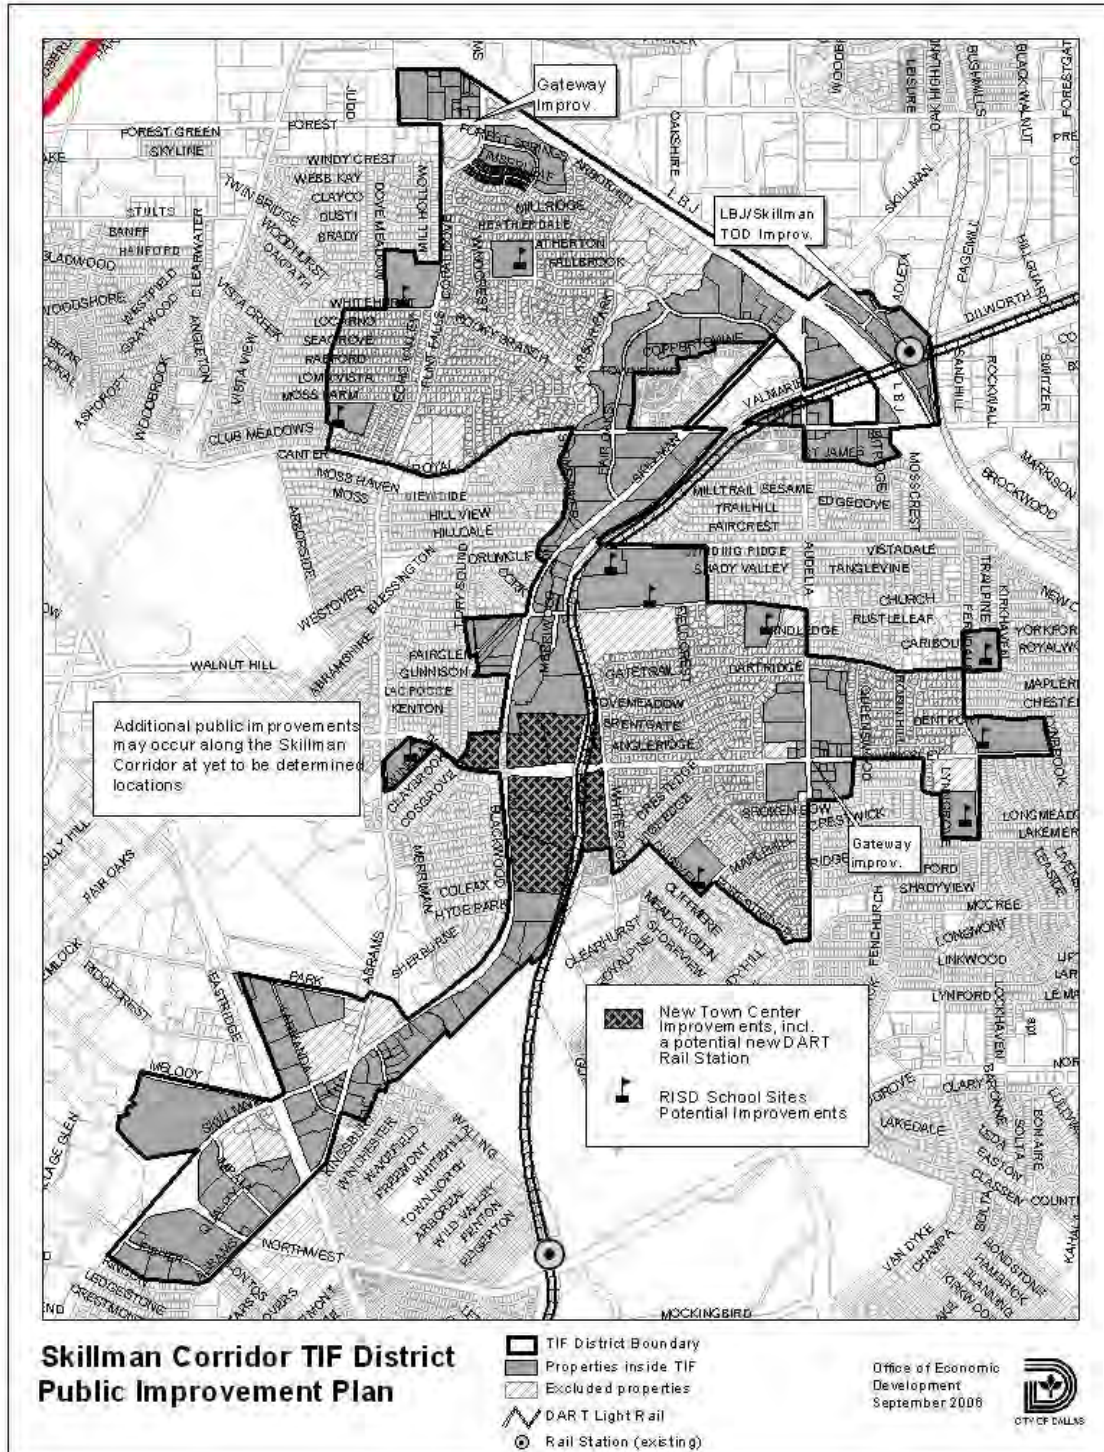

- Catalyst developments of sufficient size to stimulate new retail and commercial activity
- Mixed-use, transit-oriented developments
- Redevelopment of obsolete multi-family properties
- Mixed-income and workforce housing development
- Redevelopment of obsolete retail centers for new residential or other uses benefiting the community

The District's Board of Directors will adopt a grant program. A development project requesting Economic Development Grant funds will be required to comply with the adopted grant program.

VI. Administration and Implementation. Administrative costs, including reasonable charges for the time spent by employees of the municipality and/or employees associated with any non-profit groups established to assist with implementation within the TIF District will be eligible for reimbursement as project costs, upon approval by the TIF Board of Directors and in connection with the implementation of the Skillman Corridor TIF Project Plan and Reinvestment Zone Financing Plan. Other related administrative expenses including legal fees and consulting fees of the City, management expenses, meeting expenditures and equipment are included in this category.

State law has been amended to permit the Skillman Corridor TIF District to consider making direct grants to accomplish any of these purposes. The Skillman Corridor TIF District Board of Directors may provide for a program to make economic development Loans or Grants from TIF funds in an aggregate amount not to exceed the amount of tax increment produced by the municipality and paid into the tax increment fund for the District as necessary or convenient to implement this Plan. Projects receiving such Loans or Grants must be consistent with the goals and objectives of the Skillman Corridor TIF District Project Plan and Reinvestment Zone Financing Plan and would be subject to specific project agreements and City Council approval of the Loan or Grant program and the project agreements.

Section 3: Financing Plan

Tax increment financing (“TIF”) is a tool local governments of Texas have used since 1986 to finance public improvements within defined areas that have unique challenges and opportunities for economic development. Public improvements strengthen existing communities and attract investment. The Tax Increment Financing Act is found in Chapter 311 of the Texas Tax Code (the “Act”).

The governing body of a municipality may designate an area as a reinvestment zone if the City Council finds that development or redevelopment would not occur solely through private investment in the reasonably foreseeable future. The additional tax dollars generated by growth of real property value flow to a “tax increment financing fund” (“TIF fund”) for a specified term of years. Money flowing to the TIF fund each year is then disbursed according to the Project Plan approved by the TIF board and the City Council, as prescribed by the Act and the ordinance designating the reinvestment zone. The TIF fund may be used to make grants in furtherance of the development for the District and for public improvements within the reinvestment zone. TIF funds may also be used for public improvements at places of public assembly, such as a park, or for affordable housing, even though outside the zone.

The illustration below shows how taxes from real properties in a TIF zone flow to a taxing jurisdiction and to a TIF fund. This assumes real property values in the TIF zone rise soon after the zone’s designation.

Real Property Tax Flow with Tax Increment Financing

Inclusion of property in a TIF district does not change tax rates for the property. Tax rates in a TIF zone are the same as tax rates outside the zone and within the same set of taxing jurisdictions.

Once the public improvements are completed and paid for, the TIF is dissolved and the full amount of the taxes collected in the area are kept by the taxing jurisdictions. In effect, the taxing jurisdictions are “investing” future earnings to receive the benefit of higher tax revenues from new development. Also, taxing jurisdictions are not restricted from raising their tax rates during the life of the zone.

Financing Plan

The Reinvestment Zone Financing Plan provides for incremental financing, and predicts revenues for the Skillman Corridor TIF District.

Exhibit G TIF Project Plan Improvements

Project costs are public improvements paid or reimbursed by TIF.
Project costs may be changed in subsequent project and financing plans.
This schedule excludes interest, which is also a project cost.

The project principal costs in **Exhibit G** are expressed as if paid in 2006. Cash for most of these expenditures will not be drawn until subsequent years.

Financing Method. Based on legislative changes in 2005, the City may now allow for private, competitive bidding of TIF public improvements. Under this scenario, a developer will typically fund and build public improvements then request a TIF payment for those costs. TIF payments are made based on available increment and other conditions set forth in project development agreements. Previously, public improvements were publicly bid with private groups advancing funds for these improvements and earning applicable interest until the advance was repaid by the future cash flows to TIF District fund, if and when funds were available. Interest is no longer applicable with private bidding.

The City may negotiate with financial institutions to secure bonds or other obligations, or lines of credit, to aid in the funding of projects within the TIF District, using any financial instrument, subject to City Council approval of the note or credit line or issue bonds or other obligations for eligible TIF expenditures.

The City may establish and provide for the administration of one or more programs for the public purposes of developing and diversifying the economy of the District, eliminating unemployment and underemployment in the District, and developing or expanding transportation, business, and commercial activity in the District, including programs to make grants and loans from the tax increment fund of the District in an aggregate amount not to exceed the amount of the tax increment produced by the municipality and paid into the tax increment fund for the District.

Financing Policy and Long Term Financing. The goal of the Skillman Corridor TIF District is to leverage increment accrued to maximize development in the District.

Expected Revenues (2006). **Exhibit H** is a list of developments anticipated in the Skillman Corridor TIF District through 2026, as anticipated in 2006. Some of the identified developments may not occur, while other development projects likely may replace them. This schedule represents the best estimate of anticipated development in the area. Actual timing, floor area, uses and other attributes of the identified developments may differ from the schedule.

Unit values supporting appraisal estimates in **Exhibit H** are based on observations of values assigned to comparable developments by the Dallas Central Appraisal District (DCAD). Actual construction costs or trading prices may differ. Because tax increments are measured by DCAD values, these are the relevant measures of value for a TIF financing plan.

The sites anticipated for redevelopment with the Skillman Corridor TIF District may constitute most of the redevelopment in the District through 2026, although some unnamed sites will inevitably substitute for listed sites. Further redevelopment after 2027 is likely, but is not forecasted in this analysis for two reasons: (1) Tax increments are estimated to flow to the TIF zone for only nineteen years; (2) Forecasts further into the future are only marginally reliable.

Based on the development projects identified in **Exhibit H** and other stated assumptions, **Exhibit I** estimates annual City/County/RISD real property taxes from the TIF District and annual percentages and amounts of the real property tax growth increment reinvested each year in the Skillman Corridor TIF District fund. Cumulative increased property value is expected to reach approximately \$1.36 billion during the 30-year term of the TIF District. Because the TIF fund receives revenue only from the taxable value which exceeds the base year, “captured” taxable value accruing to the Skillman Corridor TIF District is approximately \$1.02 billion. This includes approximately \$592 million in increased taxable value attributable to new private investment and \$428 million in increased taxable value due to property appreciation.

Projections assume an 85% reinvestment rate for the City, 55% for Dallas County and \$10 million in total collections (net present value) from Richardson Independent School District (RISD) with a maximum term of thirty years or until the Project Cost Budget of \$49.7 million is reached. The City, County and RISD are not expected to participate during the first two years of the TIF District term. The final terms of participating taxing jurisdictions’ contributions of tax increment shall be set forth in interlocal participation agreements between the City, County and RISD.

RISD Financial Provisions. Below are conditions for RISD participation with specific terms to be outlined in an interlocal agreement:

- RISD shall pay 100% of the debt service tax portion of its Tax Increment into the Tax Increment Fund until the earlier occurrence of: (1) December 31, 2035; (2) RISD’s total net present value contribution reaches \$10,000,000.00; (3) RISD’s total dollar contribution reaches \$16,577,358; or (3) the City terminates the Skillman Corridor TIF District.
- RISD’s Tax Increment Participation and the tax increment participation of the City and Dallas County will be reduced on a pro rata basis if other taxing entities agree to contribute tax increment to the Skillman Corridor TIF District unless the TIF budget is amended.
- To the extent that Texas Law applicable to RISD or TIF Districts is changed in a manner that results in a decrease in school funding, RISD has the option to reduce or terminate its participation in the TIF District.
- For any RISD fiscal year that RISD intends to decrease its participation in the TIF District, RISD’s calculation of the decrease will be provided to the City no later than 15 months following the end of such fiscal year or six months following any such interpretation, ruling, order, or decree. If RISD submits the calculation after the payment of its tax increment for the applicable year, the deductions will be made from RISD’s future payments of its tax increment.
- No portion of RISD increment will be committed to secure bonds or other obligations, including lines of credit.
- No TIF funds will be used for private or charter schools.
- Thirty (30%) percent of the tax increment contributed by RISD will be reserved for RISD facility improvements in the TIF Budget until \$5 million in total dollars has been allocated; however funding will not exceed the actual RISD contribution to the TIF District.

Exhibit I

2006 Annual Real Property Appraisals and City/County/RISD Tax to the TIF Fund

Assumptions:

City of Dallas is expected to participate in the Skillman Corridor TIF District for a period of 19 years beginning in 2008 at a rate of 85%.
 Dallas County is expected to participate in the Skillman Corridor TIF District for a period of 19 years beginning in 2008 at a rate of 55%.
 RISD is expected to contribute the debt service portion of increment up to \$10 million (net present value) to the Skillman Corridor TIF District
 Tax rate is assumed constant at 2005 rate. Actual rate will vary annually.
 Tax appraisals are for Jan. 1 of the year. Levies occur by Sept. 30 of the year. Tax receipts generally occur 12-13 months after appraisal.
 Stream of annual investments in TIF reflects intent to retire TIF obligations after twenty years of collections.
 RISD tax increment revenue estimates are based solely on the RISD portion of the Skillman Corridor TIF District.

Note: The base value shown in the above projections does not reflect variations in taxable value by individual taxing entity. The projections are estimates that will be reviewed annually as new tax roll information becomes available. The budget figures will be indexed to the net present value totals.

Financial Assumptions

The key factors influencing the financial feasibility study and its conclusions are the financial assumptions that have been adopted.

Inflation. The generally accepted inflation for construction costs and the value of improvements is 3% per annum. Based on current market rates, net present values of the tax increment were calculated at a discount rate of 5% per annum.

Appreciation. Property appreciation is assumed to be 1.5% percent per annum on average.

Tax Rate Changes. Although tax rates will certainly increase during the thirty year development period, the financial plan conservatively assumes that the 2005 tax rate will remain constant for the life of the Skillman Corridor TIF District, except to incorporate tax rate changes when known.

Remittance to the TIF Fund. The proposed duration of the Skillman Corridor TIF District is 30 years; it is scheduled to terminate December 31, 2035. The City of Dallas will participate at a rate of 0% in 2006 and 2007 and at a rate of 85% in 2008 and thereafter. Dallas County will participate at a rate of 0% in 2006 and 2007 and at a rate of 55% in 2008 and thereafter. Richardson Independent School District (RISD) will participate with \$10 million in total collections (net present value). TIF collections will terminate once the TIF budget of \$49,684,296 (net present value) has been collected or December 31, 2035, whichever occurs first. Based on current development projections, the TIF budget is expected to be reached in 2026, after nineteen years of collections.

Financial Feasibility

The private development plans, public improvement program, general financing strategy and financial assumptions were all included in a preliminary assessment prepared by Stein Planning and Management and the City of Dallas, Office of Economic Development. The study is intended to be used as part of the economic feasibility study for the District in accordance with the provisions of Section 311.011, Texas Tax Code, and is available upon request.

Cumulative private development is expected to increase property value to \$1.36 billion during the term of the TIF District. Since the TIF receives revenue only from the taxable value which exceeds the base year, "captured" taxable value accruing to the Skillman Corridor TIF District will be approximately \$1.02 billion.

On a strict "pay-as-you-go" basis, the progress of the public improvements portion of the development program is a direct result of the revenues received and matched by the City's contributions. Therefore, if revenues exceed these projections, then the public improvements can be completed ahead of schedule. If revenues do not meet expectations, then the pace of public improvements will be slowed or discontinued

altogether based upon the advice of the Board of Directors and the approval of the City Council.

Based upon a set of TIF District assumptions and analysis, the preliminary project plan and reinvestment zone financing plan is feasible.

Financial Policies

General financial policies are governed by the City of Dallas Public/Private Partnership Program that was first approved by the City Council on March 13, 1996. This program provides a framework for development incentives in a variety of areas. Within this framework the Skillman Corridor Board of Directors has adopted specific policies for the Skillman Corridor TIF District:

- Public improvements will be phased at a pace that coincides with private development.
- Private developers desiring City participation in sharing the costs of infrastructure improvements needed for their projects must sign a Development Agreement with the City.
- Reimbursement priorities and the method of apportioning available increment will be set forth in the Development Agreement.
- Each Development Agreement is mutually exclusive - that is, the nature and extent of support from public funds may change over time as the District becomes more developed.
- The City may negotiate with financial institutions to secure notes or lines of credit to aid in the funding of projects within the TIF District, using any financial instrument, subject to City Council approval, or may issue certificates of obligation or TIF bonds for projects as described earlier in the Project Plan.
- If a developer requests funding for infrastructure improvements at a time when sufficient funds are not available in the TIF Reserve Fund, then improvements may be:
 - ~ deferred until funds are available
 - ~ constructed at the sole expense of the developer
 - ~ constructed at developer expense, with the City reimbursing the developer as funds become available
- Should project costs be paid that directly benefit the developer of a project, such as grants made to a developer as permitted by Chapter 311, Texas Tax Code, the City will enact and implement controls sufficient to ensure that any grant funds provided will be used to fulfill the public purposes of developing and

diversifying the economy of the Skillman Corridor TIF District, eliminating unemployment or underemployment in the District, and developing or expanding transportation, business and commercial activity in the District.

The Skillman Corridor TIF Board may from time-to-time recommend amendments to these financial policies which will affect the operations of the TIF District.

The City reserves the right to amend this plan to provide for the establishment of a "sales tax increment" collection process, as permitted by Chapter 311, Texas Tax Code.

Other Financial Benefits

During the thirty year TIF term, more than 740,000 square feet of retail space is expected to be constructed within the boundaries of the Skillman Corridor TIF District. Because the City and DART each have a one-cent sales tax, this generates municipal revenue. **Exhibit J** estimates City and DART sales tax attributed to the additional retail development. By 2035, the City and DART will each receive roughly \$24.6 million (net present value) in incremental sales tax revenue from the Skillman Corridor TIF District.

Conclusions

Based upon a set of assumptions and analysis of the Skillman Corridor TIF District Project Plan and Reinvestment Zone Financing Plan, as amended herein, the plan has been determined to be feasible. The success of the Skillman Corridor TIF District development will allow the City of Dallas to encourage a more sustainable mix of residential housing in the corridor.

Exhibit J

2006 Estimated Annual City/DART Sales Tax from Net New Development in the Zone

Assumptions:

Gross floor areas and timing estimates are from a separate schedule.
 All floor area estimates of existing retail centers represent projected net increase in square footage (net gain)
 Businesses are assumed operating by July of the previous fiscal year (three months before the indicated fiscal year begins).
 Estimated sales per square foot are adjusted annually for inflation at: 3.00%
 Sales tax column approximates tax receipts in the indicated fiscal year.

History and Mission

The Veteran Affairs Commission was established in 2021 to represent Dallas' military veteran community. The Veteran Affairs Commission must have a balanced membership reflecting an outstanding interest in or knowledge of the veterans' affairs, including having knowledge about veterans' concerns, or being affiliated with a service provider to veterans and at least four members must be currently serving or have previously served in the United States military (including the Reserves or National Guard). (City Code 2-17 (c))

Duties and Functions of the Dallas Veteran Affairs Commission

Pursuant to Section 2-171 of the Dallas City Code, the Dallas Veteran Affairs Commission shall act as an advisory body to the City Manager and the City Council and shall:

1. Evaluate and recommend programs, policies, and practices designed to alleviate veterans' difficulties in meeting basic needs, obtaining housing, employment, and comprehensive mental health assistance;
2. Act as a clearinghouse for information relating to the status of veterans in the Dallas community
3. Accumulate information about the needs of veterans in the Dallas community, including available services, and make recommendations to the city council regarding these needs;
4. Recommend ways to:
 - A) Educate the community on:
the status of veterans' rights and needs; and
veteran contributions to our community; and
 - B) Promote awareness among the public and private sector of veterans' full potential and of the importance of veteran contributions to the development of the community; and
5. Identify and review the entire range of services available to veterans, and recommend ways to
 - A) Strengthen existing services and pursue new services for veterans;
 - B) Promote collaboration between service providers; and
 - C) Expand resources available to veterans

Local Data on Veterans in Dallas

Approximately **39,806** veterans live in the City of Dallas ([American Community Survey 2017-2021](#)).

According 2022 Housing Forward's State of Homelessness Report, approximately **314** veterans are homeless in Dallas and Colin Counties. This is a 26% decrease from 2019 ([Housing Forward State of Homeless Report](#)).

The City of Dallas currently employs **952** number of veterans that work throughout City departments ([City of Dallas Human Resources Employee Diversity Dashboard](#)).

From March 2021- June 2022, the R.I.G.H.T Care Unit transported **58** patients to VA Medical Center. That makes an average of **3.6** transports a month. Most common mental health issues found among veterans are anxiety, depression, PTSD, and mood disorders.

FY 2022 Activities

The Veteran Affairs Commission decided to make its initial focus on veterans' needs, available resources and identifying gaps related to:

- Housing, including homelessness
- Health care, to include mental health
- Jobs

Briefings

At its hybrid meetings held virtually and in-person, the Commission received briefings from the following representatives and organizations. The meeting agenda also included public comments at each meeting:

- Christine Crossley, Director of City of Dallas Office of Homeless Solutions presented on the way that care is coordinated among private and public agencies to support efforts to rapidly re-house homeless veterans
- Don Parrott, Marketing Specialist from the Texas Veterans Land Board (VLB) explained the services VLB provides to veterans.
- Judge Dominique Collins of the Dallas County Veterans Division and Dianne Gibson, Chief of Community Prosecution for the Dallas Municipal Courts described the diversion court programs for veterans with mental health needs

- Ken Waterson, President, Veterans Resource Center (VRC) discussed VRC services, gaps in service delivery and possible synergies for better coordination of services with the assistance of the City of Dallas
- James Henderson, Interim Director and Lead Case Manager, Dallas County Veteran Services discussed the limitations his organization has in assisting with Veteran benefit claims and coordination with other Veterans Service Organizations.
- Senior Director of Veteran Initiatives, Sean M. Hanna talked to the Commissioners on health care for Veterans. He discussed about Veteran Affairs programs, services, healthcare, and advocacy help to the Veteran Affairs.
- Tabitha Castillo, program manager of the R.I.G.H.T. Care team, with Kristen Peterson Social Work Manager from Parkland Health and Ashley Radar Clinical Manager of Care Coordination from the North Texas Behavioral Health Authority presented on the City of Dallas' 911 behavioral health crisis call response to divert individuals from jail or hospitalizations and to refer veterans to proper care and connectivity to treatment and services
- Linda Saucedo represented as a program manager for the VA North Texas Health Care System's Homeless Veterans and Community Outreach and Referrals Center. Saucedo explained that their team of licensed social workers work closely with partner organizations to address the needs of homeless veterans. Saucedo shared information about the walk-in clinic at the Veteran Administration Building as well as a homeless mobile medical vehicle that can travel to different sites.
- Percy Jenkins, Outreach Specialist, from the Dallas Vet Center, offered service referral, such as counseling for needs such as depression, post-traumatic stress disorder and case management for veterans and their family members.
- Sara Craig from Housing Forward shared an update on the Dallas R.E.A.L Time Rapid Rehousing and how they collaborate regularly with veteran groups to address needs.
- Chris Montoya, founder and executive director, provided an overview of the Daniel Montoya and Salvador Montoya Heroes Foundation. The Heroes Foundation aims to work with companies to build out diversity and inclusion programs to support veterans.

Tours and Site Visits

In addition to hosting public presentations, Commissioners also conducted tours and site visits with local organizations addressing housing and homelessness.

- **Bridge Homeless Recovery Center:** Chief Executive Officer Dr. David Woody III explained how his organization works in conjunction with other services providers to connect homeless veterans with housing and other services

- **Operation Tiny House:** Executive Director Valerie Ballard explained the organizations efforts to house veterans in small housing units

Supplementary Report and Website

The Commission decided to release a supplemental report for the period from January 2022 to July 2022 to record the discussions and share recommendations that have been identified.

The 2022 Supplemental Report was approved by the Veteran Affairs Commission and filed with the City Secretary's Office on September 14th 2022.

Additionally, the Veteran Affairs Commission has also worked with staff to develop a website that shares information about their mission, lists members, and can also serve as a platform for public communication on resources for veterans.

Events

In 2022 many veteran-serving organizations began hosting in-person events for the first time since the start of the pandemic. Commissioners supported events by making announcements at public meetings, hosting or participating at the following events:

Veterans Administration Stand Down

The VA Community Outreach and Referrals Center hosted the Veterans Stand Down on October 29th 2022 at 4900 South Lancaster. The goal of the Veteran Stand Down is to connect homeless veterans with resources and services will support their needs and transition into stable housing.

Dallas Veterans Day Parade

The Greater Dallas Veterans Foundation worked with the City of Dallas to host the Dallas Veterans Day Parade on November 11th 2022. Due to inclement weather, the outdoors portion of the parade was cancelled, however, an indoor ceremony was held to recognize Dallas veterans in the Dallas City Hall lobby.

Dallas Veterans Appreciation Day

The Dallas Veterans Appreciation Day was held on November 12th 2022 at 2720 Bataan Street, Dallas Texas 75212. In addition to free food and entertainment, resources and information were provided by the VA and Dallas Vet Center.

Identified Needs

Increased Awareness and Referral Support to Veteran Resources

Veterans and active-duty personnel deserve only the finest treatment, but unfortunately, they may be hesitant to ask for it. Several social service organizations shared the need for increased public awareness of services and embedding referrals support that are tailored for veterans.

Increased Community Action Points

Many local veteran-serving organizations have capacity to staff satellite offices or mobile service units however, there was a need for identifying sites or community events where veterans might frequent and where a service representative could provide services on a regular basis.

Transportation

Veterans need access to affordable and reliable transportation services to work at jobs, receive medical care and access social services. There is a need for increasing the accessibility of public transportation including transit passes for veterans living on a fixed income.

Employment

Veterans face numerous challenges when looking for employment as they separate or retire from military service. Some of the most difficult hurdles are the misconceptions held by potential employers. There is vital need for increased understanding among Dallas employers on how companies can attract and retain veterans.

Recommendations for the City of Dallas

Based on these areas of need the Veteran Affairs Commission recommends that the City of Dallas:

- Identify opportunities to embed information and referral support for veteran residents within municipal services. This could include training and providing tools for City staff that are out in the community such as code enforcement staff, police, and fire department on how to connect veterans with local social services.
- Continue to support Housing Forward's community priority goal to end veteran homelessness
- Ensure that building inspection and code compliance establish standards for tiny houses so that they can be rapidly deployed to house veterans
- Enhance connection and coordination among veteran-serving organizations to increase local capacity and referral

FY 2023 Proposed Objectives

The Veteran Affairs Commission has planned the following activities for FY 2023:

- Developing a Dallas Veteran Resource Card that provides information on local resources for health, housing, and employment. This card could be printed and disseminated by the public and city staff to connect veterans with services
- Establishing the Veteran Homeless Subcommittee to host convene stakeholders and expand community capacity to support veterans who are homeless or those who are at risk of losing permanent housing
- Continue to advocate for increased supports that address the health, housing, transportation, and employment needs of veterans in Dallas

FY 2022 Objectives and Accomplishments

This year, the Commission has increased the amount of work that directly benefits the youth in our communities.

- In August 2022, the Dallas Youth Magazine Committee produced its very first edition! With work from talented, local youth, the committee created a 12-article magazine with the help of the City of Dallas COMs department! Over 50,000 copies were printed, and approximately 40,000 were distributed directly to DISD high schools.
- Dallas Youth Commission has allocated thousands of dollars to hard-working youth via the Teens for Dallas Grant Initiative, students served the community at multiple service projects throughout the year.
- Commissioner Hernandez opened the first Community Closet at Pinkston High School in District 6 and has since provided over 200 students with necessary hygiene items.
- Dallas Youth Commission and Commissioner Davis worked alongside District 9 students to complete the Girl Scout Gold Award Project which aimed to aid in-need youths unsheltered and in foster care.
- In 2022, the DYS Committee successfully crafted a scholarship application form, and a decision-making process, and compiled a list of over 500 interested students in Dallas to apply. (Application comes out officially in 2023)
- Dallas Youth Commission was proud to collaborate with NTARUPT to host a Town Hall for Teens in October – an event that educated youth about the importance of inclusive sex education, safety, and more via one-on-one discussions and a Q&A panel.
- Dallas Youth Commission supported the Period Access Dallas throughout the year and the City's new anti-fentanyl campaign.
- Among other events, the Dallas Youth Commission attended the Mayor's State of the City Address, volunteered at the Girls in Aviation Day in collaboration with Dallas Love Field, participated in a variety of back-to-school fairs (including the Mayor's Back to School Fair), and supplied students with school supplies at the Mayor's Summer of Safety event in August.
- In both February and November, the Youth Commission was ecstatic to be included in the National League of Cities retreats in Washington D.C. and Kansas City where they collaborate with cities across the country on best practices.

FY 2023 Proposed Objectives and Accomplishments

Across the board, the Youth Commission aims to achieve better communication between the Commission and City Council, as well as between the Commission and the youth that reside within our respective districts. We are hopeful that as we begin to establish ourselves further through social media, our committees, and other initiatives, we will be able to create more creative and impactful events with heightened attendance. As we expand, we are excited to potentially host individual-district town halls with themes like environmental justice, higher education, and arts and culture. See the next page for a more detailed FY23 strategic plan.

YOUTH COMMISSION STRATEGIC PLAN

Below are some of the Youth Commission's goals for the upcoming year.

CITY-WIDE PUBLICATION

The Youth Commission will continue to curate a monthly publication that will be provided to students around Dallas online and on social media channels. The Youth Commission will also leverage their relationships with other regional Youth Commissions and Teen boards for outreach to engage and raise awareness about events and issues of concern to the City of Dallas, its Mayor and City Council Members.

THE YOUTH COMMISSION
City of Dallas

The publication:

- Features interviews with Distinguished Youth in Dallas.
- Inform students and their parents about issues affecting their districts.
- A look-ahead: highlighting events in each district and opportunities for youth leadership and development.
- A look-back: offering a recap of events that have happened in each district.
- Serves as a catalyst for students to become more involved with Youth Commission initiatives and provide input.

DISTRICT SPECIFIC EVENTS WITH CITY COUNCIL

In an effort to foster greater relationship building and engagement in each district represented, the Youth Commission:

- Will work with their respective Council Member to identify specific issues as it relates to youth in their respective districts.
- Develop and coordinate targeted events in partnership with their respective Council Member that engages and benefits students and their parents.
- Develop a plan of action for engagement of youth in each district that will culminate in an annual Council meet and greet with the youth of the district.

TEXAS STATE-WIDE YOUTH CONFERENCE

The Youth Commission will collaborate with state-wide youth innovators, creators, builders and leaders among the major cities in Texas.

- These leaders will come together to address opportunities and best practices for youth to promote economic prosperity and development.
- Today's youth understand and care more about development of their cities than ever before, this virtual conference seeks to drive meaningful change and uniting and amplifying the voices of our students statewide.
- The Texas Student Voices Conference will convene virtually across the state. Hosted annually by the Youth Commission in partnership with Austin Student Council, San Antonio Youth Commission and additional major Texas cities.

DALLAS YOUTH MAGAZINE

The Youth Commission plans to curate a biannual update to the council on initiatives and projects they are working on, as well as a youth perspective on happenings in Dallas. They will also be curating a larger magazine that will be distributed to constituents throughout Dallas. The 2nd edition of this magazine is scheduled to be released in Spring 2023. The magazine will be:

- An opportunity to meaningfully discuss City programs and policies that affect youth.

- Bring youth concerns, priorities, and goals to the attention of the Council and City.
- Allow students to feel included and empowered to contribute to improving the livability of their communities.
- Collaborate with youth and businesses all across Dallas

PLAN FOR YOUTH FOCUSED INITIATIVES

The Youth Commission hopes to be a vital resource for City of Dallas departments to aid in raising awareness and involvement for department specific initiatives, including:

- **Young Entrepreneurship Academy:** The Young Entrepreneurship Academy aims to help teens across Dallas to build businesses by giving them connections and providing them with the tools and information they need to be successful. We plan to partner with the Small Business Center and Dallas College throughout the year.
- **Teens For Dallas Pilot Program:** a community service grant initiative for youth organizations in the City of Dallas.
- **All Teens Everywhere Podcast:** inform high school students about issues in Dallas, as well as issues that affect teens as a whole. We will also be giving updates on initiatives happening within the Commission & youth events in the city. This podcast will feature students and special guests and utilize the City of Dallas's Fair Park Multimedia Center.

YOUTH COMMUNITY & SKILL DEVELOPMENT WORKSHOPS

The Youth Commission will encourage civic engagement amongst youth, as well as aid in developing their leadership skills:

- Help Council Offices identify youth in their district who may be ideal candidates to participate in young leadership workshops, as well as potential nominees for the Youth Commission.
- Work with respective council members to build citywide community youth affinity groups that specifically work with public safety officers on youth programming and needs.
- work with strategic partners who can provide guidance, training, and resources for students for skill development and potential employment.
- By creating long lasting empowerment and training for working age students through a public safety internship program, the Youth Commission hopes to reduce the racial and economic gaps in the City of Dallas.
- Providing youth in Dallas with employability and job opportunities will repel youth from crime and anti-community activities and boost overall community growth.
- Once developed these skills can be used to earn livelihood, assist others in the community and even invest directly back into Dallas.
- Summer of Safety Involvement

Highlights of Dallas Youth Commission

The City of Dallas was proud to host the 2023 Texas Youth Advisory Commission Summit! The Youth Commission was responsible for organizing multiple youth workshops and activities throughout the event. Over 200 Youth leaders from over 20 cities across Texas gathered in Dallas to build their skills around advocacy and youth engagement. Featured youth led workshops centered around Branding and Outreach, Professionalism, Civil Discourse, and Initiative Development with speakers and panelists from companies such as Apple, Amazon, PepsiCo, SMU, multiple law firms, Elected Officials and the City of Dallas.

Memorandum

CITY OF DALLAS

DATE March 13, 2023

TO T.C. Broadnax, City Manager

SUBJECT **Building Inspection Advisory, Examining & Appeals Boards**

The Annual Report has not been submitted due to the lack of retaining a quorum to serve on the Board. Staff is currently working with the Fire Department on amending the Charters for the consideration of merging the Building Inspection Advisory Examining & Appeals Boards and Fire Code Advisory Board.

Development Services requests to have the Building Inspection Advisory Examining & Appeals Boards (BIAEAB) as outlined in the City of Dallas Administrative Procedures for Construction Codes, Chapter 52, Section 204 entitled, "Advisory, Examining, and Appeals Board" combined with the Fire Code Advisory and Appeals Board as outlined in the City of Dallas Fire Code, Chapter 16, Section 108 entitled, "Board of Appeals".

The lack of volunteers and quorum requirements has been on an ongoing challenge for the Department. The Department believes the combination of both Boards will improve efficiencies and alignment between the Departments, while meeting the requirements outlined by the City Charter.

Memorandum

CITY OF DALLAS

DATE March 14, 2023

TO T.C. Broadnax, City Manager

SUBJECT **Municipal Management Districts (MMDs)**

In Chapter 8 (Boards and Commissions) of the City Code, Section 8-1 (Definitions) defines “Board” as a board or commission of the city that is established by ordinance or the Charter of the City of Dallas.

Municipal Management Districts (MMDs) are self-governed special districts created at the state level. All MMDs in Dallas have been created by one-off legislative bills pursuant to the Texas Special District Local Law Code. As such, the Office of Economic Development does not provide administrative oversight or serve as staff liaison to the boards of MMDs. Since MMDs are not established by City ordinance or the City Charter, we believe that MMD boards are not required to submit annual reports to the City Manager for distribution to the City Council pursuant to Section 8-1.1 (Reports to the City Council).

To provide clarity on this issue, we requested a legal opinion from the City Attorney’s Office on March 13, 2023.
