CITY OF DALLAS

DATE January 5, 2018

TO Honorable Mayor and Members of the City Council

SUBJECT **Responses to Questions from January 3, 2018 City Council Briefing Item A: Dallas County Schools Dissolution and School Crossing Guard Program**

On January 3, 2018, Staff presented an overview of the school crossing guard program and the impact of the recent voter dissolution of Dallas County Schools (DCS). Below are responses to questions posed by the City Council during the briefing.

---

**1. Provide an accurate assessment of fees being collected. What is still out there to be captured?**

As discussed during the briefing, the City currently collects Child Safety Trust Fund fees authorized by state statute to include additional fees added to parking tickets, moving violations in school zones, and truancy violations. To the City's knowledge, the DCS Dissolution Committee is still collecting the \$.01 property tax, and will continue to do so until all their debt obligations are satisfied. Staff continues to work with the DCS Dissolution Committee to get an accurate accounting of fees that are still being collected by DCS.

**2. Meet with the Comptroller to get City representatives on DCS Dissolution Committee.**

Staff scheduled a call with the Comptroller and Mayor Rawlings for Monday, January 8, 2018 at 10:00 am to discuss the City's representation on the DCS Dissolution Committee. Staff will provide an update to the City Council in the January 9, 2018 Taking Care of Business.

**3. What other cities have agreements with DCS?**

Staff requested from the DCS Dissolution Committee a list of other cities that have current interlocal Agreements (ILAs) for the Stop Arm Camera Program. In the meantime, Attachment A is a list we have received of school districts in Texas where cameras were distributed.

**4. Request a meeting with Governor, Comptroller, County, County Commissioners, North Texas Legislative body, and Don Huffines to explore political solutions.**

State Senator Royce West has scheduled a meeting for Monday, January 8, 2018 at 1:00 pm. Attendees will include other state officials and representatives from Dallas

County, Dallas Independent School District, DCS and the City. Staff will provide an update to the City Council in the January 9, 2018 Taking Care of Business.

**5. Provide an accounting of the City of Dallas vehicles loaned/given to DCS and their total asset value.**

The table below is a list of assets and vehicles transferred to DCS in 2012. Staff requested information as to which of these assets are available for transfer back to the City at the conclusion of the DCS Dissolution Committee's operation of the School Crossing Guard Program.

**School Crossing Guard Assets**

	<b>Unit Cost</b>	<b>Quantity</b>	<b>Value</b>
Vehicles (depreciated value)		8	\$4,368.00
Coats	\$78.20	6	\$469.20
Stop Signs	\$14.75	218	\$3,215.50
Ponchos	\$67.70	29	\$1,963.30
Shirts - Long Sleeve and Short Sleeve	\$23.52	110	\$2,587.55
Caps	\$6.95	41	\$284.95
Uniform Patches	\$0.43	2,633	\$1,132.19
	<b>Total</b>	<b>3,037</b>	<b>\$14,020.69</b>

**6. Request audit records from Dallas County School for the last 5 years. Provide the name of the accounting firm.**

The annual financial reports for Dallas County Schools are available on the Dallas County Schools' website: <http://www.dcschools.com/documents/?CategoryId=13>. The accounting firm that conducted the independent audit for the last five years is Weaver and Tidwell, L.L.P.

**7. Amend the ordinance so that payments from the Stop Arm Program go to the City of Dallas, through adjudication department in OCMC, to offset costs while we temporarily administer the program.**

Following Wednesday's discussion with the City Council, the City has received information that the DCS Dissolution Committee has stopped the program in the city of Dallas. Staff has also been made aware that Dallas Independent School District does not wish to continue the program once it resumes responsibility for the busing program. In the meantime, Staff is working with the City Attorney's Office to identify any immediate actions that should be taken on behalf of the City of Dallas regarding the ordinance.

SUBJECT **Responses to Questions from January 3, 2018 City Council Briefing Item A: Dallas County Schools Dissolution and School Crossing Guard Program**

**8. Provide information from City of Dallas OCMC database - how many payments, how many appeals?**

Attachment B provides a list of stop arm citations issued, contested and dismissed from the City's database as of December 31, 2017. Please note that this data does not include actual payments; this information has been requested from the DCS Dissolution Committee.

**9. Study cities with populations over 850,000 to benchmark operations and funding for program.**

Staff contacted the cities of Austin, San Antonio and Houston, all of which are statutorily required to provide school crossing guards due to their population size. All three cities utilize funding provided by the Child Safety Trust Fund fees and the optional county registration fee for child safety (Bexar, Travis and Harris County have all adopted the fee). The cities of San Antonio and Austin run their own crossing guard programs internally through their police and public works departments respectively. The City of Houston contracts with Houston Independent School District to provide for school crossing guards. Staff is currently reaching out to the budget offices in each city to determine if the revenues generated from Child Safety Trust Fund fees and the optional county registration fee are sufficient to fully cover the cost of service and, if not, what resources are they utilizing to cover the gap. Staff will provide the information to the City Council as it becomes available.

**10. Determine stop arm camera company. Is it private or public?**

To the City's knowledge, the stop arm camera company is owned by Force Multiplier Supplier, a private company with headquarters in Dallas. Staff has requested further information from the DCS Dissolution Committee.

**11. Look at other creative revenue sources.**

Staff is currently evaluating and researching potential funding sources which may include state resources and government, nonprofit, and private grants. Staff will report back to the City Council in 60 days.

**12. Provide a list of all ILAs the City has entered into.**

Since 2008, the City has entered into 356 Interlocal Agreements (ILAs). Attachment C is a list provided by the City Secretary's Office. Staff will begin the process to review all ILAs which will include compliance and monitoring efforts.

DATE January 5, 2018

TO Honorable Mayor and Members of the City Council

SUBJECT **National Incident-Based Reporting System**

On May 22, 2017, the attached briefing was presented to the Public Safety Committee which provided information on the Dallas Police Department's (DPD) conversion from Uniform Crime Reports (UCR) to the National Incident-Based Reporting System (NIBRS). Subsequently, on May 24, 2017, City Council voted to accept funding from the U.S. Bureau of Justice Statistics (BJS) for the National Crime Statistics Exchange project for the period May 24, 2017 through May 23, 2019. This funding helped to facilitate DPDs participation in reporting their crime data to the state Uniformed Crime Report/National Incident Based Reporting System (NIBRS) program.

This system is being implemented by DPD to improve the overall quality of crime data collected by the department. The system captures details on each single crime incident as well as on separate offenses within the same incident. It includes information on victims, known offenders, relationships between victims and offenders, arrestees, and property involved in the crimes.

In 2019, all agencies will be required to use NIBRS. Dallas is converting ahead of the deadline and will begin stage one of the conversion on January 8, 2018. The department's tentative go-live date for full conversion is the week of February 12, 2018. It is anticipated that the department will run UCR and NIBRS concurrently through the end of 2018 and then NIBRS only in 2019.

Should you have any questions or concerns, please contact Police Chief U. Reneé Hall.

John Lawton, Assistant Chief of Police  
Dallas Police Department  
City of Dallas

# Presentation Overview

- Uniformed Crime Reporting System
- What is National Incident-Based Reporting System (NIBRS)?
- Reporting differences
- Benefits of NIBRS reporting
- Cost/funding of transition
- Timeline for implementation

# Uniformed Crime Reports

- UCR is a nationwide cooperative effort by law enforcement agencies to voluntarily report offense data
- Established in 1927 by the International Association of Chiefs of Police and placed under the jurisdiction of the Federal Bureau of Investigation (FBI)
- Designed as summary based reporting of the most serious crime within an incident

3

# Uniform Crime Reporting Mission

- Provide reliable crime statistics
- Gauge occurrence and impact of crime
- Collective effort to present a nationwide view of crime
- Provides a common language for criminal statutes

# Reporting History

- Through 60 years of operation, UCR has remained virtually unchanged in terms of data collected and disseminated
- In the late 1970's law enforcement saw the need for more detailed crime reporting program
- Testing for NIBRS system began in the 1980's using South Carolina as a pilot
- NIBRS was approved for general use at the National UCR conference in March 1988

5

# What Is NIBRS?

## National Incident Based Reporting System

1. An incident-based reporting system for crimes
2. Standardizes the capturing and reporting of more detailed data
3. Enhances the quantity, quality, and timeliness of crime data collection by improving the methodology in completing, analyzing, and publishing crime data

# Reporting Differences

UCR Summary	NIBRS
<p>Collects 8 offense categories</p> <p><b>Part 1 offenses</b></p> <ol style="list-style-type: none"> <li>1. Murder</li> <li>2. Sex Assault</li> <li>3. Robbery</li> <li>4. Aggravated Assault</li> <li>5. Burglary</li> <li>6. Theft</li> <li>7. Auto Theft</li> <li>8. Arson</li> </ol>	<p>Collects more detailed offense information.</p> <ol style="list-style-type: none"> <li>1. Victim</li> <li>2. Offender</li> <li>3. Property</li> <li>4. Arrest information</li> <li>5. And includes information from 49 offense categories Part 1 and Part 2 offenses</li> </ol>
Employs hierarchy rule	Does not employ hierarchy rule
Counts 1 offense per incident	Counts up to 10 offenses per incident
Utilizes paper forms	Utilizes electronic submissions

# Hierarchy Rule

When more than one offense occurs within an incident, only the most serious crime contributes to the agency's monthly crime total

## Example:

Individual confronts two people walking down the sidewalk. The suspect shoots and kills one of the victims and robs the other. In the course of getting away, the suspect steals an unoccupied car

UCR Summary	NIBRS
1 Murder	1 Murder, 1 Aggravated Robbery, and 1 Auto Theft

# Benefits of NIBRS

1. Enables agencies to easily share, analyze, and examine crime problems across jurisdictions
2. Increased transparency by providing truer accountability of actual crimes that have occurred
3. More detail in reporting offenses
4. Additional scoring category of crimes against society such as gambling, narcotics, prostitution and weapons offenses

# Impact on Crime Numbers

- Approximately 90% of all incidents contain just one offense and 99% contain no more than 2 offenses
- Based on FBI research, the effects of NIBRS on Part 1 crimes is minimal
- Small increase is explained by the allowance of reporting of incidents with multiple offenses and the absence of the hierarchy rule

# Cost and Funding Information

- Bureau of Justice Statistics is working with the Research Triangle Institute (RTI) and implemented the National Crime Statistics Exchange (NCS-X) program to assist agencies with the transition
- Dallas Police Department will work with RTI to modify and enhance its Hexagon Records Management System (RMS) to capture and report NIBRS-compliant crime data
- RTI will provide \$135,300 in federal grant funding to City of Dallas to fund NIBRS software and technical assistance

11

# Timeline for NIBRS Implementation

- **May 31, 2017**
  - Deadline for National Crime Statistics Exchange (NCS-X)/Bureau of Justice Statistics' (BJS) funding opportunity
- **January 1, 2018**
  - Go-live goal for DPD
    - Dallas will be the largest city in the country utilizing NIBRS

12

# Timeline for NIBRS Implementation (Continued)

- **September 1, 2019**
  - State of Texas goal is for all state agencies to implement an incident based reporting system
- **January 1, 2021**
  - Federal Bureau of Investigation (FBI) Uniform Crime Reporting (UCR) program will transition to NIBRS only data collection

13

# Community Education

## Social Media

- Facebook, Twitter, Instagram
- Dallas Police Department Website
- City of Dallas Website

## Community Outreach Meetings

- NPO (Crime Watch Meetings)
- RTI Media Package
- Kick-off meeting open to public

# Staff Recommendation/Next Steps

- Staff recommends the Public Safety Committee forward the following to City Council for consideration and approval:
  - Approval to accept the grant and MOU
  - Approval to move forward with the transition to NIBRS
- Council Action
  - Upcoming Agenda Item
    - Wednesday, May 24, 2017
