

# Memorandum

CITY OF DALLAS

DATE October 5, 2018

TO Honorable Mayor and Members of the City Council

SUBJECT **RE: Government Performance & Financial Management Committee; Follow-up on City of Dallas Street Sweeping Contracts**

On October 1, 2018, City staff provided additional information to the Government Performance & Financial Management (GPFM) Committee in support to approve awarding Mister Sweeper LP and Kat Klean, Inc. with contracts for street sweeping services in an amount not to exceed \$3,717,816.22. Below are the responses to the GPFM Committee's requested follow-up.

1. (Committee Request) A map of the 2,200 gutter miles swept.  
*Individual Council maps attached.*
2. (Committee Request) Language from the Municipal Separate Storm Sewer System (MS4) Permit, issued through the TCEQ, on street sweeping requirements. *Storm Water Management Program (SWMP) minimum control measures for roadways includes, "Roadways. The permittee shall operate and maintain public streets, roads, and highways to minimize the discharge of pollutants, including the pollutants related to deicing or sanding activities" (Part III.B.2.a.iii of Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0004396000). The City of Dallas' SWMP, which is a TCEQ-approved component of the TPDES Permit, outlines how the City meets the requirements set forth in the TPDES Permit and includes the following actions:*
  - a. *Sweeping the "prime network roads" twelve times per year.*
  - b. *Sweeping the Central Business District five times per year.*
  - c. *For both a and b above, tracking per fiscal year "Total miles of roads swept."*
  - d. *For both a and b above, tracking per fiscal year the volume of debris collected from roads (in cubic yards).*
  - e. *Once every five years, evaluating the efficacy of the street sweeping program.*
  - f. *Sweeping the streets as soon as practical after the conclusion of deicing events.*
  - g. *Street sweeping after "special events."*
3. (CM Felder) Are the M/WBE requirements met and who are the partners with Mister Sweeper LP and Kat Clean, Inc.?  
*The overall M/WBE participation (WF) is 23.2% (goal of 23.8%) as both contractors will be using Champion Fuel to provide fuel in delivering this service. These contracts have been vetted through the Office of Business Diversity and deemed as making a good faith effort to meet M/WBE participation goals.*

DATE October 5, 2018  
SUBJECT RE: Government Performance & Financial Management Committee; Follow-up on City of Dallas Street Sweeping Contracts

4. (CM Felder) Evaluate opportunities to utilize homeless to pick up trash in-lieu of street sweeping.

*The Office of Homeless Solutions (OHS) is proposing the Homeless Workforce Sustainability Program pilot to intervene in homelessness by providing housing and workforce solutions that promote self-sufficiency and stability. Participants will receive shelter, job training and skill development, part-time employment, and supportive services to include housing navigation and linkage to various resources. The goal is for up to 40 program participants to positively exit the program with necessary skills and resources to maintain stable housing and employment. Program participants will be working with OHS on litter pick-up, encampment cleanups, and site reclamation/hardening and beautification. OHS will be briefing Human and Social Needs Committee on October 15, 2018.*

*While utilization of the homeless to pick up trash in the streets might help in the removal of debris in the right-of-way and along the curbs of streets, it may result in additional liability on the City of Dallas by requesting individuals to collect trash on major roadways. Additionally, as opposed to individuals picking up larger trash items, the street sweepers used in the current and proposed contracts are more efficient in picking up and collecting finer items such as sand, dirt, silt, and twigs that over time, can get into and settle in our storm sewer pipes and waterways.*

Please let me know if you have any questions.

T.C. Broadnax  
City Manager

c: Chris Caso, City Attorney (I)  
Carol A. Smith, City Auditor (I)  
Billerae Johnson, City Secretary
