# FINANCIAL FORECAST REPORT

The Financial Forecast Report (FFR) provides a summary of financial activity through July 31, 2020, for the General Fund and other annual operating funds of the City. The Adopted Budget reflects the budget adopted by City Council on September 18, 2019, effective October 1, 2019, through September 30, 2020. The Amended Budget column reflects City Council-approved transfers between funds and programs, department-initiated transfers between expense objects, approved use of contingency, and other amendments supported by revenue or fund balance.

Year-to-Date (YTD) Actual amounts represent revenue or expenses/encumbrances that have occurred through the end of the most recent accounting period. Departments provide the Year-End (YE) Forecast, which projects anticipated revenues and expenditures as of September 30, 2020. The variance is the difference between the FY 2019-20 Amended Budget and the YE Forecast. Variance notes are provided when the YE forecast is +/- five percent of the amended budget and/or if YE expenditures are forecast to exceed the amended budget.

## General Fund Overview

The General Fund overview provides a summary of financial activity through July 31, 2020.

	FY 2019-20 Adopted Budget	FY 2019-20 Amended Budget	YTD Actual	YE Forecast	Variance
Beginning Fund Balance	\$219,919,890	\$219,919,890		\$235,824,022	\$15,904,132
Revenues	1,438,189,202	1,429,495,904	1,223,505,526	1,390,748,232	(38,747,672)
Expenditures	1,438,089,000	1,429,415,904	1,011,186,870	1,360,151,017	(69,264,887)
Ending Fund Balance	\$220,020,092	\$219,999,890		\$266,421,237	\$46,421,347

**Fund Balance.** The summary includes fund balance with the YE revenue and expenditure forecasts. As of July 31, 2020, the YE forecast beginning fund balance represents the FY 2018-19 audited unassigned ending fund balance and includes FY 2018-19 YE savings.

**Revenues.** Through July 31, 2020, General Fund revenues are projected to be \$38,748,000 under budget due to an anticipated decline of \$16,281,000 in sales tax receipts associated with the economic impact of COVID-19.

Additionally, charges for service revenues are forecast to be \$16,308,000 under budget due to a \$6,783,000 decline in Park and Recreation revenues associated with facility closures. Moreover, an anticipated \$5,847,000 reduction is associated with the Ambulance Services Supplemental Payment Program (ASSPP). Lastly, a \$1,998,000 decline is projected for parking meter revenues.

Franchise and other revenues are forecast to be \$2,549,000 under budget due to a projected \$5,114,000 decline in fiber optics revenues because of customers switching to wireless. Additionally, naming rights sponsorships are projected to be \$943,000 under budget. This is partially offset by Atmos revenues, which are anticipated to be \$3,347,000 over the amended budget.

**Expenditures.** Through July 31, 2020, General Fund expenditures are projected to be \$69,265,000 under budget primarily due to salary savings from vacant civilian positions associated with the hiring freeze enacted March 19, 2020, and an extended furlough of 389 civilian employees in the General Fund (471 in all funds). Also, eligible COVID-19 expenses have been reduced via transfers to the Coronavirus Relief Fund (from the U.S. Treasury). This is partially offset by an anticipated increase in hiring of police officers and the purchase of police equipment and uniforms.

## VARIANCE NOTES

**FY 2019-20 Amended Budget.** City Council amended the General Fund budget on June 10, 2020, by ordinance #31553 for mid-year appropriation adjustments. City Council approved all recommended adjustments except those affecting the Dallas Police Department (DPD). City Council action reduced the General Fund budget by an additional \$6,500,000.

Revenue adjustments include:

- \$6,600,000 decrease in Franchise and Other
- \$3,760,000 decrease in Charges for Service
- \$1,667,000 increase in Intergovernmental

Expense adjustments include:

- \$200,000 decrease for Building Services (BSD)

- \$5,260,000 decrease for Park and Recreation (PKR)
- \$1,433,000 increase for Public Works (PBW)
- \$683,000 decrease for Transportation (TRN)

**VARIANCE NOTES**

General Fund revenue variance notes are provided below for revenue categories with YE forecast variances of +/- five percent and revenue with an amended budget.

**1 Property Tax.** Property tax revenues are forecast to be \$196,000 under budget based on current trends and actual collections.

**2 Sales Tax.** Sales tax revenues are forecast to be \$16,281,000 under budget due to the economic impact of COVID-19.

**3 Franchise and Other.** The budget for franchise and other revenues was decreased by \$6,600,000 on June 10, 2020, as part of the mid-year appropriation adjustment process. Revenues are forecast to be \$2,549,000 under budget due to a projected \$5,114,000 decline in fiber optics revenues because of customers switching to wireless. Additionally, naming rights sponsorships are projected to be \$943,000 under budget. This is partially offset by Atmos revenues, which are anticipated to be \$3,347,000 over the amended budget.

**4 Charges for Service.** The budget for charges for service revenues was decreased by \$3,760,000 on June 10, 2020, as part of the mid-year appropriation adjustment process. Revenues are forecast to be \$16,308,000 under budget. An anticipated \$5,847,000 reduction is associated with the Ambulance Services Supplemental Payment Program (ASSPP). DFR was informed that municipal EMS providers would see a significant cut in payments, but the final estimate for ASSPP will not be known until later in the fiscal year. Moreover, PKR revenues are forecast to be \$6,783,000 under budget due to facility closures associated with COVID-19, and parking meter fees are forecast to be \$1,998,000 under budget.

**5 Fines and Forfeitures.** Fines and forfeitures revenues are forecast to be \$3,388,000 under budget primarily due to a \$1,428,000 decrease in non-traffic fines, a \$705,000 decrease in civil fines, and a \$829,000 decrease in parking fines associated with COVID-19.

## VARIANCE NOTES

**6 Intergovernmental.** The budget for intergovernmental revenues was increased by \$1,667,000 on June 10, 2020, by ordinance #31553 as the result of a one-time transfer from Dallas County for equipment purchases. Revenues are forecast to be \$572,000 over budget primarily due to intergovernmental revenue-sharing agreements with Coppell, Euless, Grapevine, and Irving being \$1,149,000 over budget. This is partially offset by a \$666,000 decrease in the Dallas County reimbursement to CTS for child safety fees.

**7 Miscellaneous.** Miscellaneous revenues are forecast to be \$472,000 under budget primarily due to an \$817,000 accounting correction associated with the Meyerson Symphony Center contract, offset by an equivalent reduction in expenses. Additionally, rebate revenue is projected to be \$204,000 over budget, and auto auction revenue is projected to be \$198,000 over budget.

**VARIANCE NOTES**

General Fund expenditure variance notes are provided below for expenditure categories with YE forecast variances of +/- five percent. The Amended Budget column reflects department-initiated transfers between expense objects.

**1 Personnel Services.** Personnel services are forecast to be \$24,459,000 under budget primarily due to salary savings associated with the hiring freeze enacted March 19, 2020, an extended furlough of 389 civilian employees in the General Fund, and a transfer of eligible personnel expenses to the Coronavirus Relief Fund. This is partially offset by an anticipated increase in hiring of police officers and overtime for both civilian and uniform employees. Dallas Police Department (DPD) ended FY 2018-19 with more officers than anticipated, is experiencing less attrition, and is increasing hiring. DPD's budget assumed 3,053 officers at the end of FY 2019-20, but DPD now anticipates ending the year with 3,150 officers. Funding for these additional 97 officers was not anticipated in the adopted budget.

**2 Capital Outlay.** Capital outlays are forecast to be \$911,000 over budget primarily due to expenses related to bike lane project designs incurred in Capital Outlay that were budgeted under Contractual Services.

**3 Reimbursements.** General Fund reimbursements reflect contributions from various agencies, including federal and state funds, internal service fund departments, and enterprise fund departments. Reimbursements are forecast to be \$35,912,000 over budget primarily due to an anticipated use of the Coronavirus Relief Fund to pay for expenses related to COVID-19 incurred within the General Fund. This is primarily offset by lower forecasts for TIF reimbursements to the Office of Economic Development (ECO), decreased reimbursements to DFR and DPD from Aviation (AVI), and decreased reimbursements to the Office of Environmental Quality and Sustainability (OEQS) from DWU and Storm Drainage Management (SDM).

## VARIANCE NOTES

General Fund variance notes are provided below for departments with YE forecast variances of +/- five percent, amended budgets, or YE forecasts projected to exceed budget.

**1 Building Services.** BSD's budget was decreased by \$200,000 on June 10, 2020, by ordinance #31553. BSD is projected to be \$2,228,000 under budget due to salary savings associated with the hiring freeze enacted March 19, 2020, an extended furlough of 389 civilian employees in the General Fund, and the transfer of eligible expenses to the Coronavirus Relief Fund.

**2 City Attorney's Office.** CAO is projected to be \$1,038,000 under budget due to salary savings associated with the hiring freeze enacted March 19, 2020, and the transfer of eligible expenses to the Coronavirus Relief Fund.

**3 City Auditor's Office.** AUD is projected to be \$651,000 under budget due to salary savings associated with the hiring freeze enacted March 19, 2020, and an anticipated reduction in the need for audit co-sourcing services in FY 2019-20.

**4 City Manager's Office.** CMO is projected to be \$194,000 under budget due to the transfer of eligible expenses to the Coronavirus Relief Fund.

**5 Civil Service.** CVS is projected to be \$496,000 under budget due to salary savings associated with the hiring freeze enacted March 19, 2020.

**6 Code Compliance.** CCS is projected to be \$2,389,000 under budget due to salary savings associated with the hiring freeze enacted March 19, 2020, and the transfer of eligible expenses to the Coronavirus Relief Fund.

**7 City Controller's Office.** CCO's budget was increased by \$550,000 on June 10, 2020, by ordinance #31553 for the reorganization of City payroll services. CCO is projected to be \$857,000 under budget due to salary savings associated with the hiring freeze enacted March 19, 2020, and the transfer of eligible expenses to the Coronavirus Relief Fund.

**8 Court and Detention Services.** CTS' budget was decreased by \$1,657,000 on June 10, 2020, by ordinance #31553. CTS is projected to be \$1,298,000 under budget primarily due to salary savings associated with the hiring freeze enacted March 19, 2020 (\$2,837,000) and savings from the school crossing guard contract due to school closures associated with the Dallas County stay-at-home decree (\$581,000), as well as the transfer of eligible expenses to the Coronavirus Relief Fund. CTS savings are partially offset by increases in overtime (\$858,000), termination payouts (\$109,000), security services (\$553,000), and temporary help services (\$144,000).

**9 Dallas Animal Services.** DAS is projected to be \$1,615,000 under budget due to salary savings associated with the hiring freeze enacted March 19, 2020, and the transfer of eligible expenses to the Coronavirus Relief Fund.

**10 Dallas Fire-Rescue.** DFR's budget was increased by \$2,553,000 on June 10, 2020, by ordinance #31553 for the use of overtime and reduced reimbursement from AVI for emergency medical services (EMS). DFR is projected to be \$13,192,000 under budget primarily due to the transfer of eligible expenses to the Coronavirus Relief Fund.

**11 Dallas Police Department.** DPD is projected to be \$15,534,000 under budget primarily due to the transfer of eligible expenses to the Coronavirus Relief Fund, partially offset by higher-than-anticipated hiring of police officers, uniforms, and overtime for civilian and sworn positions. The increase in overtime is associated with the October 2019 tornado, COVID-19, and the summer 2020 civil protests, as well as

cancellation of an anticipated transfer of eligible overtime expenses to Confiscated Funds. DPD ended FY 2018-19 with more officers than anticipated, is experiencing less attrition, and is increasing hiring. DPD's budget assumed 3,053 officers at the end of FY 2019-20, but DPD now anticipates ending the year with 3,150 officers. Funding for these additional 97 officers was not anticipated in the adopted budget.

**12 Housing and Neighborhood Revitalization.** HOU is projected to be \$254,000 under budget due to salary savings, partially offset by termination payouts.

**13 Human Resources.** HR's budget was decreased by \$91,000 on June 10, 2020, by ordinance #31553. HR is projected to be \$412,000 under budget due to salary savings associated with the hiring freeze enacted March 19, 2020, and an extended furlough of 389 civilian employees in the General Fund, as well as the transfer of eligible expenses to the Coronavirus Relief Fund.

**14 Library.** LIB's budget was decreased by \$1,600,000 on June 10, 2020, by ordinance #31553. LIB is projected to be \$3,698,000 under budget due to salary savings associated with the hiring freeze enacted March 19, 2020, and an extended furlough of 389 civilian employees in the General Fund, as well as the transfer of eligible expenses to the Coronavirus Relief Fund.

**15 Mayor and City Council.** MCC's budget was increased by \$100,000 on June 10, 2020, by ordinance #31553 for salary equity adjustments. MCC is projected to be \$304,000 under budget due to salary savings associated with vacancies and an extended furlough of 389 civilian employees in the General Fund, as well as the transfer of eligible expenses to the Coronavirus Relief Fund. This is primarily offset by salary equity adjustments.

**16 Non-Departmental.** The Non-D budget was decreased by \$3,854,000 on June 10, 2020, by ordinance #31553.

**17 Office of Arts and Culture.** OAC is projected to be \$3,027,000 under budget primarily due to a reduction in Cultural Organizations Program contracts, deferral of one-third of its project-based grants to FY 2020-21, and a reduction in cultural center budgets. Further savings are due to salary savings associated with the hiring freeze enacted March 19, 2020, an extended furlough of 389 civilian employees in the General Fund, and the transfer of eligible expenses to the Coronavirus Relief Fund.

**18 Office of Budget.** BMS is projected to be \$199,000 under budget due to salary savings associated with the hiring freeze enacted March 19, 2020, and the transfer of eligible expenses to the Coronavirus Relief Fund.

**21 Office of Business Diversity.** OBD is projected to be \$155,000 under budget due to salary savings associated with the hiring freeze enacted March 19, 2020, and the transfer of eligible expenses to the Coronavirus Relief Fund.

**22 Office of Community Care.** OCC is projected to be \$396,000 under budget due to salary savings associated with the hiring freeze enacted March 19, 2020, savings from the senior dental services contract, and contract cancellation in senior services programming.

**23 Office of Community Police Oversight.** OCPO is projected to be \$206,000 under budget due to salary savings.

**25 Office of Ethics and Compliance.** EAC is projected to be \$111,000 under budget due to salary savings.

**26 Office of Fair Housing and Human Rights.** FHO is projected to be \$43,000 under budget due to salary savings.

**32 Public Affairs and Outreach.** PAO is projected to be \$200,000 under budget due to salary savings and the transfer of eligible expenses to the Coronavirus Relief Fund.

**33 Park and Recreation.** PKR's budget was decreased by \$5,260,000 on June 10, 2020, by ordinance #31553. PKR is projected to be \$8,312,000 under budget primarily due to salary savings (\$5,913,000) associated with the hiring freeze enacted March 19, 2020, and an extended furlough of 389 civilian employees in the General Fund; the cancellation of various recreational programming (\$2,100,000); and the transfer of eligible expenses to the Coronavirus Relief Fund. PKR's savings are primarily offset by increases in overtime (\$591,000) and termination payouts (\$415,000).

**34 Planning and Urban Design.** PUD is projected to be \$394,000 under budget primarily due to the transfer of eligible expenses to the Coronavirus Relief Fund.

TRN is projected to be \$2,906,000 under budget primarily due to salary savings partially associated with an extended furlough of 389 civilian employees in the General Fund, and finding an alternate source of funding for FY 2019-20 operation and maintenance of the Dallas Streetcar.

**39 Salary and Benefit Reserve.** The salary and benefit reserve has not been required in FY 2019-20 because General Fund departments have personnel savings from the hiring freeze enacted on March 19, 2020, an extended furlough of 389 civilian employees in the General Fund, and the transfer of eligible expenses to the Coronavirus Relief Fund.

## VARIANCE NOTES

The Enterprise, Internal Service, and Other Funds summaries include the beginning fund balance with the YE revenue and expenditure forecasts. As of July 31, 2020, YE forecast beginning fund balance represents the FY 2018-19 audited ending fund balance and any additional YE savings. Variance notes are provided below for funds with a YE forecast variance of +/- five percent, YE forecast projected to exceed budget, or projected use of fund balance.

**1 Aviation.** AVI revenues are projected to be \$30,158,000 under budget primarily due to a loss of landing fees and garage parking associated with diminished air travel due to COVID-19. Expenses are projected to be \$30,158,000 under budget primarily due to salary savings associated with the hiring freeze enacted March 19, 2020, limited overtime, elimination of temporary employees and various contractual expenses, and the transfer of eligible expenses to the Coronavirus Relief Fund. AVI currently anticipates approximately \$53,800,000 in CARES Act funding, which will mitigate some of the financial impacts of COVID-19: \$19,800,000 for remaining FY 2019-20 operating expenses, \$10,000,000 for current fiscal year debt service payments, \$4,000,000 for capital transfer, and \$20,000,000 for next fiscal year's debt service payments.

**2 Convention and Event Services.** CCT revenues are projected to be \$48,459,000 under budget due to various event cancellations and significantly lower Hotel Occupancy Tax (HOT) and alcoholic beverage tax collections as a result of COVID-19. CCT expenses are projected to be \$48,459,000 under budget primarily due to a reduction in payments to VisitDallas, Spectra Venue Management, and costs that would have been incurred for now-canceled events. CCT continues to work with its hotel partners, VisitDallas, Spectra Venue Management, and the Dallas Tourism Public Improvement District to forecast HOT decreases and potentially rebook clients later in the fiscal year.

**3 Municipal Radio.** WRR revenues are projected to be \$647,000 under budget due to the onset of COVID-19. Expenses are projected to be \$275,000 under budget primarily due to salary savings and a decrease in local agency commission fees. WRR will continue to publicly broadcast City Council meetings and classical music to Dallas residents. WRR anticipates the use of fund balance to offset lost revenues.

**4 Sanitation Services.** SAN's budget was increased by \$5,816,000 on June 10, 2020, by ordinance #31553 for emergency contract management expenses, storm debris collection and hauling, brush collection services, overtime, and temporary labor services resulting from the October 2019 tornado. SAN anticipates the use of fund balance to offset increased expenses.

**5 Storm Drainage Management—Dallas Water Utilities.** SDM's budget was increased by \$4,600,000 on September 9, 2020, by ordinance #31621 for fleet and capital contingency. SDM anticipates the use of fund balance to offset increased expenses.

**6 Sustainable Development and Construction.** DEV revenues are projected to be \$4,201,000 under budget due to the onset of COVID-19. DEV is currently projecting a 20 percent across-the-board reduction in revenue due to diminished permit activity. DEV anticipates the use of fund balance to offset lost revenues.

**7 Water Utilities.** DWU revenues are projected to be \$25,834,000 under budget primarily due to decreased water consumption associated with COVID-19. FY 2019-20's budget assumed 141 billion gallons of water usage, and the current estimate is 138 billion gallons. DWU expenses are projected to be \$25,829,000 under budget primarily due to salary savings, decreased street rental payments, a decreased capital construction transfer, and the transfer of eligible expenses to the Coronavirus Relief Fund.

**8 Equipment and Fleet Management.** EFM expenses are projected to be \$4,229,000 under budget primarily due to lower fuel costs and salary savings.

## VARIANCE NOTES

**9 Office of the Bond Program.** OBP expenses are projected to be \$3,526,000 under budget primarily due to salary (\$2,777,000) and contract savings (\$2,003,000), partially offset by a loss of SDM reimbursements (\$602,000). The centralized OBP charges each capital project budget for project implementation costs. Savings in actual OBP implementation expenses result in fewer charges to the capital project.

**10 911 System Operations.** 911's budget was increased by \$2,163,000 on January 8, 2020, by resolution #20-0130 to accept a matching grant through the Texas Commission on State Emergency Communications to implement a Next Generation 911 system.

**11 Debt Service.** Debt Service expenses are projected to be \$8,134,000 under budget due to the City forgoing a planned bond sale in May 2020.

**12 Employee Health Benefits.** EHB expenses are projected to be \$16,889,000 under budget due to lower-than-anticipated costs associated with voluntary products, Flexible Spending Accounts (FSAs), pre-65 retiree enrollees, UnitedHealthCare billing credits, and the postponement of elective surgeries. Employees pay 100% of the costs for voluntary benefits and FSAs, so revenues and expenses both decrease if employees do not choose those options. Revenues are projected to be \$9,039,000 under budget primarily due to employee and retiree contributions.

**13 Risk Management.** ORM expenses are projected to be \$3,800,000 under budget primarily due to anticipated claims expenses in FY 2019-20 being delayed to FY 2020-21.

# DALLAS 365

The Dallas 365 initiative aligns 35 key performance measures to our six strategic priorities. The department responsible for each measure is noted at the end of the measure's description, and last year's performance is included if available. If FY 2018-19 data is not available, N/A is listed.

Year-to-date (YTD) and year-end (YE) targets are presented for each measure. YTD targets may vary based on seasonality of the work. Each month, we compare 1) the YTD target with the actual performance for the current reporting period and 2) the YE target with the department's forecast performance as of September 30, 2020.

Measures are designated "on target" (green) if actual YTD performance is equal to or greater than the YTD target. If actual YTD performance is not equal to the YTD target, the measure is designated as "not on target" (red). The same methodology applies to YE forecasts. Variance notes are provided for each measure not on target.

## VARIANCE NOTES

**#1.** Four fire stations are still closed for various reasons, displacing the responding apparatus and continuing to negatively impact overall response times. DFR is working to add temporary stations in two of the impacted fire response districts to mitigate delays in the short term. DFR will also continue monitoring response times of displaced apparatus to maximize impact and minimize delays.

**#2.** DFR has modified the EMS response model in response to COVID-19, reducing the number of apparatus sent on certain types of calls to prevent member exposure. DFR has also modified procedures for cleaning and disinfecting apparatus. These changes have put rescues out of service longer and affected overall response times. DFR will continue to modify procedures as needed to ensure the health and safety of residents and staff, while meeting or exceeding NFPA standards.

**#3.** DPD will work to improve this measure by implementing KPMG's staffing optimization models at all seven patrol stations. DPD's largest division (Northeast) is set to begin its staffing optimization schedule on September 16.

**#4.** Turnover in 911 call taker positions has resulted in vacancies. Multiple candidates are in the hiring process, and DPD anticipates a return to full staffing. DPD is actively promoting the use of the Dallas Online Reporting System for lower-priority calls, which will positively impact response times in the coming months.

**#6.** DPD is working diligently to reduce the increase in assaults by continuing initiatives outlined in the 2020 crime plan and through the efforts of the violent crime task force.

**#9.** Replacements and rehabilitation were below target in July 2020 because of less development and fewer outside agency projects than forecast. YTD performance is also slightly lower than forecast because DWU contract awards were postponed until August and September based on financial considerations related to COVID-19. DWU continues to anticipate a slowdown in development-generated utility work and productivity constraints for procurements due to COVID-19, as reflected in its lower year-end forecast.

**#12.** Pothole repairs have been lower than expected due to 1) the October 2019 tornado, which resulted in downed trees and power lines and hampered repair activity between October and December, and 2) alternate work schedules and limited staff as a result of COVID-19. Performance increased to 98.2% in July, but this was not sufficient to bring the YTD or YE average up to target.

**#13.** SAN has staggered start times for collection routes because of COVID-19, which impacts daily completion times and, subsequently, missed service calls. SAN has increased its year-end forecast to 13.7 as a result.

**#14.** TRN continues to focus on maximizing work shifts of available drivers to improve signal response times.

**#15.** Although the current target is 4,167, actual YTD performance is dependent on demand from external sources (developers/investors) seeking incentives for investment in the creation/retention of jobs, which has been adversely impacted by COVID-19. ECO anticipates a year-end total of 4,136 jobs based on agenda items scheduled for City Council consideration in August and September.

**#16.** HOU has received fewer applications than anticipated and fewer prequalified participants are moving forward with home purchases. HOU is currently seeking approval from the City Council for program changes to increase participation.

**#17.** Although completion of an apartment complex has been delayed, reducing the total number of units occupied, single-family development is on track with projections. HOU anticipates 120 homes will be sold by year-end.

**#19.** Performance has been impacted by system reporting issues such as after-hours and duplicate service requests (inspection reminders reported as inspections). DEV continues to improve its process to accurately report data and anticipates improvement in August.

**#21.** Encampment resolutions halted in March in accordance with CDC guidance on operations related to COVID-19. Resolutions resumed July 13 with an emphasis on repetitive cleaning and outreach efforts.

## VARIANCE NOTES

**#22.** COVID-19 has directly impacted case management to maintain housing and available resources for client placement. OHS has increased efforts toward a rapid rehousing program and continues to partner with MDHA in identifying resources to help clients stay in permanent housing.

**#23.** Single-family rental property inspections have been impacted by COVID-19 Amended Emergency Regulation (AER) inspection efforts. Code Officer schedules are dedicated to COVID-19 education, responding to 311 service requests, and multifamily rental inspections.

**#24.** Code Compliance is taking a 50/50 approach to AER issues and business-as-usual Code concerns to assist with COVID-19 efforts. Neighborhood Code Services is monitoring, enforcing, and educating residents and businesses about the AERs and addressing code cases (including high weed and litter requests) based on severity, as determined by staff. The Service First team is assisting with cases through the courtesy notice process.

**#26.** DAS has implemented various measures that reduced loose and loose owned dog bites for several periods, but not consistently throughout the year. As a result, DAS is forecasting a 3% increase in bites year-over-year. However, the increase in bites is disproportionately related to loose owned dogs (rather than loose stray dogs), reinforcing the importance of DAS' continued enforcement of the City's dangerous and aggressive dog ordinances.

**#27.** COVID-19 closures at Library facilities and suspension of programming have impacted in-person library visits; however, online visits and programming continue to increase.

**#29.** More than 30 ArtsActivate project contracts were in process in March, but postponed because of COVID-19 and related budget constraints. These contracts are heavily weighted toward smaller organizations and artists, and OAC successfully completed two rounds of awards this fiscal year. If not for COVID-19, OAC would have exceeded its goal, ending the year at 56.4%.

**#31.** Due to COVID-19 closures at recreation facilities, the TRec program has been suspended until all recreation activities resume. The year-end forecast has been reduced to reflect this suspension and the impact of recreation programs operating at limited capacity moving forward.

**#32.** Major factors contributing to low performance include, but are not limited to: (1) an unusually high number of agents out due to COVID-19 testing or illness, (2) difficulty filling vacancies, complicated by social distancing requirements, and (3) an increase in incoming call volume, due in part to COVID-19, bulk trash changes, and DWU's resumption of its utility cutoff process). To shorten wait times, 311 has implemented standard "all hands" procedures, which require managers and quality assurance agents to assist with calls during peak volumes. 311 is working with HR to fill vacancies as quickly as possible, and technology improvements to improve the customer experience should be complete in 10-12 weeks.

**#33.** Because of COVID-19, Accounts Payable (AP) transitioned from manual to electronic invoice processing, which required significant training and lead time for vendors, departments, and AP staff, resulting in processing delays. The new electronic system has also given CCO more insight into previously unpaid past due invoices, creating additional backlog. CCO continues to redeploy resources to assist with data entry and processing.

# BUDGET INITIATIVE TRACKER

The Budget Initiative Tracker reports on 40 activities included in the FY 2019-20 budget. For each initiative included in this report, you will find the initiative number, title, description, status, and measure. At the end of each description, the responsible department is listed. Each month, the responsible department provides a current status for the initiative and indicates whether the initiative is “complete” (blue circle), “on target” for completion by the end of the fiscal year (green check mark), “at risk” of not being completed by the end of the fiscal year (yellow exclamation mark), or “canceled” (red x).

We have also selected a relevant performance measure for each initiative to indicate whether the initiative is achieving its intended outcome. Once an initiative is marked complete and data becomes available, we will begin reporting the year-end target for the measure, as well as the year-to-date actual.
