

Memorandum

CITY OF DALLAS

DATE January 24, 2020

TO Honorable Mayor and Members of the City Council

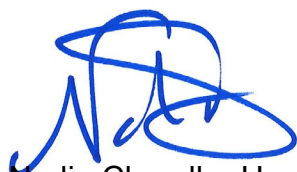

SUBJECT **Dallas Animal Services Provides Maps by District**

During Dallas Animal Services' (DAS) briefing to City Council on January 15, 2020, several Councilmembers requested maps of DAS' activity specific to their district. In response, DAS has provided two different graphics sharing data from FY2019 for each Councilmember: Loose and Loose Owned Dog Bites by District and Loose and Loose Owned External Service Requests.

For the Loose and Loose Owned Dog Bites graphic, the map on the left shows the entire City of Dallas service area, and the Council District is pulled out on the top right. Based on call volume, the color of the district illustrates a higher call volume with a darker color (see legend on bottom right). The reported bites in the district are illustrated by triangles: red triangles are loose (no owner found) dogs and green triangles are loose owned dogs. There is also a table on the right detailing the number of bites reported in each district.

For the Loose and Loose Owned External Service Request graphic, the map on the left shows the entire City of Dallas service area, and the Council District is pulled out on the top right. Based on call volume, the color of the district illustrates a higher call volume with a darker color (see legend on top left). There is also a table on the bottom right detailing the number of calls in each district. The table is arranged by volume of calls.

Should you have any questions or concerns, please contact Ed Jamison, Director of Dallas Animal Services.

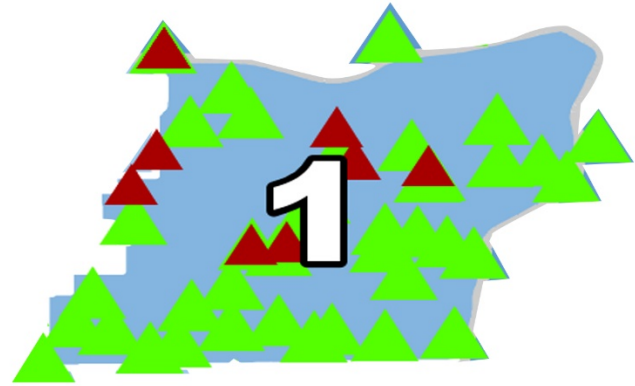

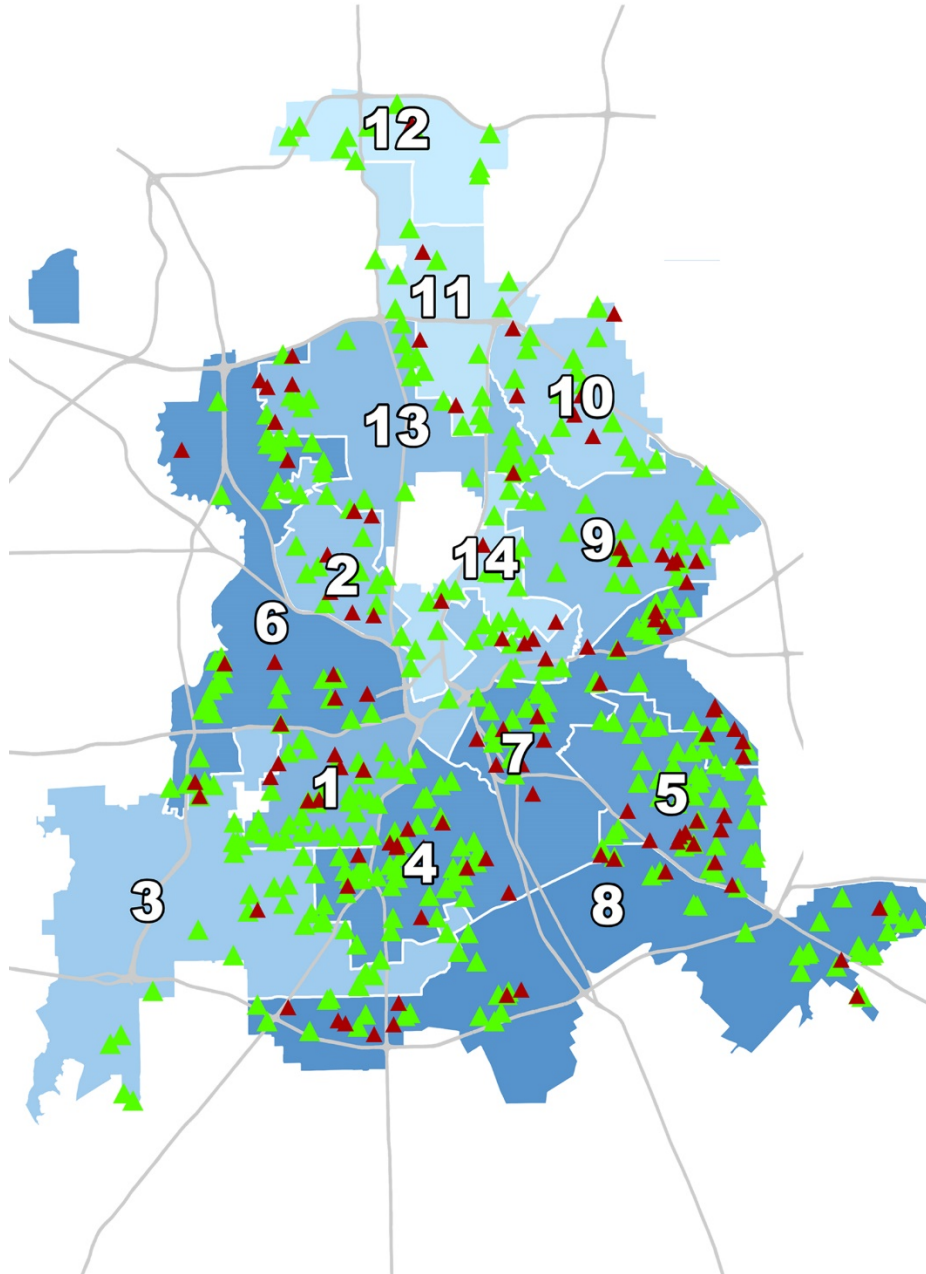

Nadia Chandler Hardy
Assistant City Manager
