CONSENT ITEM:

5. 5630 VICTOR ST
Junius Heights
CA090-134(JA)
Jim Anderson

Request: 1) New construction house.
2) New construction garage.

Applicant: Ann Walker

Representative: N/A

Date Filed: November 4, 2009

Staff Recommendation: 1) New construction house. - Approve - The applicant has resubmitted the design to fulfill all of the task force conditions on this non-contributing structure. The new construction is compatible with the district with the finding that it is consistent with Ordinance #26331 Section 8 and City Code Section 51A-4.501(g)(6(C)(ii). Staff supports the site plan as submitted without a driveway as required in Ordinance #26331 Section 8.11 with the finding that a driveway would require the removal of several mature trees on the property and other houses on the block do not have a driveway in the front. The lack of a front driveway is consistent with City Code Section 51A-4.501(g)(6(C)(ii), is historically accurate, is consistent with the spirit and intent of the preservation criteria, and will not adversely affect the historic character of the structure or the integrity of the historic overlay district in accordance with City Code 51A-4.501(g)(6)(B). Conditions:(1) The windows must be wood windows, (2) the Hardi-board siding must be smooth 4 " lap, and (3) the structure must have at least a 2 foot foundation height at all elevations.
2) New construction garage. - Approve - The garage proposed for this non-contributing structure is compatible with the district with the finding that it is consistent with Ordinance #26331 Section 9 and City Code Section 51A-4.501(g)(6(C)(ii).

Task Force Recommendation: 1) New construction house. - Approve with Conditions - Approve plans as submitted which follow architectural guidelines as stated in Section 8.1, 8.4, 8.5, 8.6 and 8.10 with the following conditions:
1. Add step buttresses to front porch and remove handrails.
2. Cast stone caps on front porch column bases to extend 2"-3 ".
3. Side windows near front to be moved back.
4. Height of porch railing to be no higher than the lower trim on front windows.
5. Cementitious siding is recommended with a 4" overlap and smooth finish as 8.12
6. No front driveway is required as stated in 8.11 because a front driveway would require the removal of mature trees.
2) New construction garage. - Approve - Accept proposed plan to build a garage which is compatible per 9.2 with the location per 9.3. It has an acceptable size per 9.4. The task force accepts the proposal to build a breezeway between house and garage.

CONSENT ITEM:

6. 427 E 6TH ST
Lake Cliff Historic District

Request: 1) Install a wrought iron fence in front yard with a maximum 3'-6" height, 50% open, and painted black.

Applicant: Jose Yanez

Representative: N/A

Date Filed: November 5, 2009

Staff Recommendation: 1) Install a wrought iron fence in front yard with a max. 3'-6" height, 50% open, and in a black color. - Approve - The proposed front yard fence is historically appropriate per Ordinance # 23329 Section 3.11(a) and meets the standards in City Code Section 51A-4.501(g)(6)(C)(i).

Task Force Recommendation: 1) Install a wrought iron fence in front yard with a max. 3'-6" height, 50% open, and in a black color. - Approve - Recommend modest to nominal decorative finials on fence.

CONSENT ITEM:

7. 4802 GASTON AVE
Peak's Suburban Addition
Neighborhood
CA090-112(MF)
Margaret Fiskell

Request: 1) Remove two existing windows on the first floor.
2) Revise right-side elevation drawings to delete two new windows on the second story addition.

Applicant: David Smalling

Representative: N/A

Date Filed: October 22, 2009

Staff Recommendation: 1) Remove two existing windows on the first floor. - Approve with Conditions - Remove only one window at the rear right side-elevation on the existing first floor; the existing first floor window closer to the front must remain. With the finding that while removing even one window does not strictly comply with the preservation criteria the proposed work is historically accurate, and removing one existing window will not have an adverse effect on the future preservation, maintenance and use of the structure or the historic overlay district under City Code Section 51A-4.501(g)(6)(B).
2) Delete two new windows on second story addition. - Approve with Conditions - Remove one window on the new second story addition located on the right side elevation at the rear. The second story window closer to the front must remain with the finding that while removing even one window does not strictly comply with the preservation criteria, the proposed work is historically accurate, and removing one new window will not have an adverse effect on the future preservation, maintenance and use of the structure or the historic overlay district under City Code Section 51A-4.501(g)(6)(B).

Task Force Recommendation: 1) Remove two existing windows on the first floor. - Approve with Conditions - Only two windows that were previously approved are to be deleted. The two windows closer to the front shall remain (1-upstairs, 1-downstairs). The two rear windows may be deleted.
2) Delete two new windows on second story addition. - Approve with Conditions - Only two windows that were previously approved are to be deleted. The two windows closer to the front shall remain (1-upstairs, 1-downstairs). The two rear windows may be deleted.

Request: 1) New accessory structure in rear yard.
2) Enclose existing back porch.

Applicant: LONNIE JOHNSON

Representative: N/A

Date Filed: November 5, 2009

Staff Recommendation: 1) New accessory structure in rear yard. - Approve
- Approve drawings as submitted with the finding that the proposed work is consistent with the criteria for roofs, roof overhangs, materials, and side yard setbacks in the preservation criteria Sections 3(b)(2)(A), 3(b)(2)(C), 3(b)(6)(B) and 3(b)(9), and it meets the standards in City Code Section 51A-4.501(g)(6)(C)(ii).
2) Enclose existing back porch. - Approve - Approve drawings as submitted with the finding of fact that although the window style and infill material does not comply with Section 3(b)(5)(C), which requires that windows contain three or more lights and Section 3(b)(6)(A), which requires facade material of additions to or remodelings of redeveloped buildings shall be of the predominant material used in the remainder of the building it meets the criteria for landmark commission approval of work that does not strictly comply with the preservation criteria under City Code Section 51A-4.501(g)(6)(B), because the proposed work is historically accurate, it is consistent with the spirit and intent of the preservation criteria, and it will not adversely affect the historic character of the property or the integrity of the historic overlay district. Secretary of the Interiors Standard #9.

Task Force Recommendation: 1) New accessory structure in rear yard. - Deny without Prejudice - Size of garage out of scale. Question whether 3 cars can be parked. Need information on how the doors going to look. The garage should be no larger than 25% of the main structure and should be 7' from the side property line.
2) Enclose existing back porch. - Deny without Prejudice - Windows should be same size and style and should install brick exterior to match existing.

Request: 1) Install amusement ride (20'-0" X 18'-0") on parking lot.
Amusement ride is temporary.

Applicant: Jay Haynes

Representative: N/A

Date Filed: October 26, 2009

Staff Recommendation: 1) Install amusement ride (20'-0" X 18'-0") on parking lot. Amusement ride is temporary. - Approve with Conditions - Approve as submitted with the conditions the ride is temporary and must be removed by 7/31/2010 unless applicant re-applies for another Certificate of Appropriateness form with the finding that the proposed amusement ride is temporary which makes it not incompatible and will not have an adverse effect on the historic overlay district as outlined in City Code Section 51A-4.501(g)(6)(C)(ii).

Task Force Recommendation: 1) Install amusement ride (20'-0" X 18'-0") on parking lot. Amusement ride is temporary. - Approve with Conditions - Application approved as submitted with the condition that the attraction is installed on a temporary basis for no more than 6 months from installation and ending no later than 7/31/2010. - Joe Piwetz: I don't feel it's an appropriate use in the district.

Request: 1) Add soil to raise front yard.
2) Add Pennsylvania Bluestone patios in front yard.
3) Add plants in front yard.
4) Add flagstone on front porch and portion of walk to create a step.

Applicant: Mary Grunbaum

Representative: N/A

Date Filed: October 2, 2009

Staff Recommendation: 1) Add soil to raise front yard. - Approve - Adding soil in the front yard to match the slope of the neighboring properties of this non-contributing structure as it is compatible with the district with the finding that it is consistent City Code Section 51A-4.501(g)(6)(C)(ii).
2) Add Pennsylvania Bluestone patios in front yard. - Deny - Pennsylvania Bluestone paving in the front yard of this non-contributing structure is not compatible with the district in accordance with City Code Section 51A-4.501(g)(6)(C)(ii) with the finding that it is not consistent with Ordinance #26331 Section 3.5(b). In this district front yards are typically grass lawns and other plant material, not stone patios.
3) Add plants in front yard. - Approve - Adding plants in the front yard of this non-contributing structure are compatible with the district with the finding of fact that it is consistent City Code Section 51A-4.501(g)(6)(C)(ii).
4) Add flagstone on front porch and portion of walk to create a step. - Approve - Adding flagstone to the porch and portion of front walk on this non-contributing structure is compatible with the district with the finding that it is consistent City Code Section 51A-4.501(g)(6)(C)(ii).

Task Force Recommendation: 1) Add soil to raise front yard. - Approve - Approval to add soil to front yard as shown.
2) Add Pennsylvania Bluestone patios in front yard. - Deny - Not allow Bluestone patio in front. Front yard patios are not compatible with the district per 3.5(b) and should be replaced with lawn.
3) Add plants in front yard. - Approve - Approval to add plants to the front yard as shown.
4) Add flagstone on front porch and portion of walk to create a step. - Approve

Request: 1) New roof on main structure.

2) New roof on garage.

Applicant: T WRIGHT JOHNSON

Representative: N/A

Date Filed: October 29, 2009

Staff Recommendation:

1) New roof on main structure. - Approve with Conditions - Repair or replacement of flat tile roof must be with material and color to match the existing roof with the finding that the proposed work meets the standards in City Code Section 51A-4.501(g)(6)(C)(i).

2) New roof on garage. - Approve - Approve installation of new roof (with red composition shingle roof to match existing, Decra Shake, color Terracotta or similar product) with the finding that the proposed work meets the standards in City Code Section 51A-4.501(g)(6)(C)(i).

Task Force Recommendation:

1) New roof on main structure. - Approve - Applicant was advised to have the roof structure inspected and check the proposal from the roofing contractor for the loss in insulation - since they will not be replacing the roof with the original clay tile.

2) New roof on garage. - Approve

Request: 1) Existing side porch has a brick railing with a cast stone cap on the left-side facade. Remove and replace with new oak wood railing.
2) Install new oak porch railing on the front facade of the side porch.

Applicant: Nancy Scott

Representative: N/A

Date Filed: October 7, 2009

Staff Recommendation: 1) Remove existing side porch railing on the left-side facade. - Deny without Prejudice - Remove the existing side porch brick railing with cast stone cap on the left-side facade - Denial without prejudice - Materials ...decorative elements and the manner in which they are used, applied or joined together must be typical of the style and period of the main building and compatible with the other buildings on the blockface per Ordinance #18369 Section 9(a)(3). The proposed replacement does not meet the standards in City Code Section 51A-4.501(g)(6)(C)(i) and would have an adverse effect on the architectural features of the structure.
2) Install new oak porch railing. - Deny without Prejudice - Install new oak wood railing to side porch at front facade. Denial without prejudice - Materials...decorative elements and the manner in which they are used, applied or joined together must be typical of the style and period of the main building and compatible with the other buildings on the blockface per Ordinance #18369 Section 9(a)(3). Introducing a new wood railing element does not comply with the standards in City Code Section 51A-4.501(g)(6)(C)(i) and would have an adverse effect. Add brick with a cast stone cap to match existing.

Task Force Recommendation: 1) Remove existing side porch railing on the left-side facade. - Deny without Prejudice - Existing brick railing with cast stone cap is original.
2) Install new oak porch railing. - Deny without Prejudice - Metro Brick may have a match for facade in color and texture. Remove the wood railing and replace with similiar brick railing to match original.

Request: 1) Move approach steps & sidewalk to align with the front entrance door.
2) Addition of a fourth column on porch for stability.
3) Replace existing columns with new tapered columns.

Applicant: Kristin Kelley

Representative: N/A

Date Filed: November 4, 2009

Staff Recommendation: 1) Move steps & sidewalk to align with the front entrance door. - Deny without Prejudice - The existing waterfall steps, sidewalk, and front porch steps are part of the streetscape features that define the overall historic character of this neighborhood and removal and relocation of the steps and sidewalk would have an adverse effect on the historic relationship of the building and streetscape. Secretary of the Interior's Standards #2 "...the alteration of features and spaces that characterize a property shall be avoided." The proposed work does not meet the City Code standard for approval in Section 51A-4.501(g)(6)(C)(i).
2) Addition of a fourth column on porch for stability. - Deny without Prejudice - No documentation was provided to justify adding a fourth column to the porch for support. Secretary of the Interior's Standard # 6 "Replacement of missing features shall be substantiated by documentary, physical, or pictorial evidence." The proposed work does not meet the City Code standards for approval in Section 51A-4.501(g)(6)(C)(i).
3) Replace existing columns with new tapered columns. - Deny without Prejudice - Photo documentation from 1988 shows Doric round columns as typical see Ordinance #18369 Section 9(a)(9)(C). Secretary of the Interior's Standards #3 "...Changes that create a false sense of historical development such as adding architectural elements from other buildings, shall not be undertaken." The proposed work does not meet the City Code standard for approval in Section 51A-4.501(g)(6)(C)(i).

Task Force Recommendation: 1) Move steps & sidewalk to align with the front entrance door. - Approve - Approval as submitted.
2) Addition of a fourth column on porch for stability. - Approve - Approval as submitted.
3) Replace existing columns with new tapered columns. - Approve - Approval as submitted.

Request: 1) New addition of a bath and closet at rear of house that is currently a covered patio.

Applicant: Kevin Miller

Representative: N/A

Date Filed: October 12, 2009

Staff Recommendation: 1) New rear addition for bath and closet currently a covered patio. - Approve - Approval of the proposed double-hung window in the bathroom and the exterior siding on the addition as the proposed work is compatible with the criteria for additions in Ordinance No. 18369 Section 9 (a)(2); 9(a)(10)(C), and it meets the standards in City Code Section 51A-4.501(g)(6)(C)(i). Paint colors to match existing; the maximum lot coverage permitted for all buildings and structures combined is 35%.

Task Force Recommendation: 1) New rear addition for bath and closet currently a covered patio. - Deny without Prejudice - Incomplete submittal need specifications for windows, siding and lot coverage ratio.
