BOARD OF ADJUSTMENT **WEDNESDAY, JUNE 23, 2021**
CITY OF DALLAS, TEXAS

FILE NUMBER: BDA201-049(OA)

BUILDING OFFICIAL'S REPORT: Application of Juan Ruiz for a variance to the front yard setback regulations, and for a variance to the side yard setback regulations at 14541 Spicewood Drive. This property is more fully described as Lot 1A, Block 8825, and is zoned an R-10(A) Single Family District, which requires a six-foot side yard setback and requires a front yard setback of 30 feet. The applicant proposes to construct a single-family residential accessory structure and provide a three-foot front yard setback, which will require a 27-foot variance to the front yard setback regulations, and to provide a four-foot side yard setback, which will require a two-foot variance to the side yard setback regulations.

LOCATION: 14541 Spicewood Dr

APPLICANT: Juan Ruiz

REQUESTS:

The requests for variances have been made to construct and maintain an approximately 400-square-foot carport accessory structure on a site that is currently developed with a single-family home.

STANDARD FOR A VARIANCE:

Section 51(A)-3.102(d)(10) of the Dallas Development Code specifies that the board has the power to grant variances from the front yard, side yard, rear yard, lot width, lot depth, lot coverage, floor area for structures accessory to single-family uses, height, minimum sidewalks, off-street parking or off-street loading, or landscape regulations provided that the variance is:

(A) not contrary to the public interest when owing to special conditions, a literal enforcement of this chapter would result in unnecessary hardship, and so that the spirit of the ordinance will be observed and substantial justice done;

(B) necessary to permit development of a specific parcel of land that differs from other parcels of land by being of such a restrictive area, shape, or slope, that it cannot be developed in a manner commensurate with the development upon other parcels of land with the same zoning; and

(C) not granted to relieve a self-created or personal hardship, nor for financial reasons only, nor to permit any person a privilege in developing a parcel of land not permitted by this chapter to other parcels of land with the same zoning.

STAFF RECOMMENDATION (Front and Side Yard Variances):

Denial

Rationale:

> Staff concluded that while the site is encumbered with two front yard setback requirements, and despite the evidence provided by the applicant in **Attachment A**, the applicant had not substantiated how the variance is necessary to permit development of the subject site or how the property differs from other parcels of land by being of such a restrictive area, shape, or slope, that it cannot be developed in a manner commensurate with the development upon other parcels of land within the same R-10(A) Single Family District.

BACKGROUND INFORMATION:

Zoning:

Site:	R-10(A) (Single family district)
North:	R-10(A) (Single family district)
South:	R-10(A) (Single family district)
East:	R-10(A) (Single family district)
West:	R-10(A) (Single family district)

Land Use:

The subject site is developed with a single-family home. The areas to the north, south, east, and west are developed with single-family uses or undeveloped/vacant lots.

GENERAL FACTS /STAFF ANALYSIS:

The requests for variances to the front and side yard setback requirements focus on maintaining an approximately 400-square-foot carport accessory structure on a site developed with a single-family home. The site is zoned an R-10(A) Single Family District, which requires a 30-foot front yard and a six-foot side yard setback.

The property is located at the northeast corner of Edd Road and Spicewood Drive. Regardless of how the structure is proposed to be oriented towards Spicewood Drive, the lot has a 30-foot front yard setback along both street frontages to maintain the continuity of the established front yard setback established by the lots to the northeast that are oriented towards Edd Road. The same is true for maintaining the continuity of the established front yard setback established by the lots to the northwest that are oriented towards Spicewood Drive.

The submitted site plan indicates the proposed 400-square-foot carport accessory structure is to be located three feet from the Edd Road property line, or 27 feet into the 30-foot front yard setback and located four feet from the northeast side property line. or two feet into the required 6-foot side yard setback.

The subject site is flat, rectangular in shape, and according to the application, it is 0.230 acres or approximately 10,018 square feet in area. In an R-10(A) District, the minimum lot size is 10,000 square feet.

The applicant has the burden of proof in establishing the following:

- That granting the variances to the front and side yard setback regulations will not be contrary to the public interest when owing to special conditions, a literal enforcement of this chapter would result in unnecessary hardship, and so that the spirit of the ordinance will be observed, and substantial justice done.
- The variances are necessary to permit development of the subject site that differs from other parcels of land by being of such a restrictive area, shape, or slope, that the subject site cannot be developed in a manner commensurate with the development upon other parcels of land in districts with the same R-10(A) zoning classification.
- The variances would not be granted to relieve a self-created or personal hardship, nor for financial reasons only, nor to permit any person a privilege in developing this parcel of land (the subject site) not permitted by this chapter to other parcels of land in districts with the same R-10(A) zoning classification.

If the board were to grant the variances requested and impose the submitted site plan as a condition, the single-family structure in the front yard setback would be limited to what is shown on this document.

FILE NUMBER: BDA201-56(OA)

BUILDING OFFICIAL'S REPORT: Application of Michael A. Smith represented by William L. Burgin for a variance to the floor area ratio regulations at 5434 Willis Avenue. This property is more fully described as Lot 9, Block 20/1940, and is zoned Conservation District No. 15, in which an accessory structure may not exceed 25 percent of the floor area of the main structure. The applicant proposes to construct a single-family residential accessory structure with 1,353 square feet of floor area (76.7 percent of the 1,764-square-foot floor area of the main structure), which will require a 912-square-foot variance to the floor area ratio regulations.

LOCATION: 5434 Willis Ave

APPLICANT: Michael A. Smith represented by William L. Burgin

REQUESTS:

The applicant proposes to construct and maintain an accessory structure with 1,353 square feet of floor area on a site that is developed with a single-family home.

STANDARD FOR A VARIANCE:

Section 51(A)-3.102(d)(10) of the Dallas Development Code specifies that the board has the power to grant variances from the front yard, side yard, rear yard, lot width, lot depth, lot coverage, floor area for structures accessory to single-family uses, height, minimum sidewalks, off-street parking or off-street loading, or landscape regulations provided that the variance is:

(A) not contrary to the public interest when owing to special conditions, a literal enforcement of this chapter would result in unnecessary hardship, and so that the spirit of the ordinance will be observed and substantial justice done;

(B) necessary to permit development of a specific parcel of land that differs from other parcels of land by being of such a restrictive area, shape, or slope, that it cannot be developed in a manner commensurate with the development upon other parcels of land with the same zoning; and

(C) not granted to relieve a self-created or personal hardship, nor for financial reasons only, nor to permit any person a privilege in developing a parcel of land not permitted by this chapter to other parcels of land with the same zoning.

STAFF RECOMMENDATION:

Approval, subject to the following condition:

- Compliance with the submitted site plan is required.

Rationale:

Staff concluded that the subject site is unique and different from most lots in Conservation District No. 15 considering its restrictive lot area of 7,800 square feet so that it cannot be developed in a manner commensurate with the development upon other parcels of land with the same Conservation District No. 15 zoning classification.

The applicant submitted a document **(Attachment A**) indicating that the proposed structure on the site is commensurate to 20 other lots located in the same zoning district.

BACKGROUND INFORMATION:

Zoning:

Site:	Conservation District No. 15
North:	Conservation District No. 15
South:	Conservation District No. 15
East:	Conservation District No. 15
West:	Conservation District No. 15

Land Use:

The subject site and all surrounding properties are developed with single-family uses.

Zoning/BDA History:

There have not been any recent related board or zoning cases recorded either on or near the subject site.

GENERAL FACTS/STAFF ANALYSIS:

This request focuses on constructing and maintaining an accessory structure with 1,353 square feet of floor area. The site is in Conservation District No. 15, in which an accessory structure may not exceed 25 percent of the floor area of the main structure. The floor area of the proposed additional accessory structure is 76.7 percent of the existing 1,764-square-foot floor area of the main structure.
DCAD records indicate the following improvements for the property located at 5434 Willis Ave: “main improvement: a structure with 1,764 square feet of living area built-in 1923” and “additional improvements: a 500-square-foot detached garage and a pool”.

The site plan denotes that the proposed 1,353-square-foot, two-story studio/garage accessory structure is equal to 76.7 percent of the existing 1,764-square-foot floor area of the main structure which will require a 912 square-foot variance to the floor area ratio of the main structure.

The property is rectangular, slightly sloped, and according to the application, contains 0.227 acres, or approximately 7,800 square feet in area. In Conservation District No. 15 the minimum lot size is 7,500 square feet.

The applicant has submitted a document comparing the lot sizes and improvement of the subject site with nine other properties in the same zoning. The average lot is 8,782 square feet with about 3,925 square feet in improvements. The proposed 1,353-square-foot structure on the site is commensurate to 20 other lots located in the same zoning district.

The applicant has the burden of proof in establishing the following:

- That granting the variance to the floor area regulations for structures accessory to single-family uses will not be contrary to the public interest when owing to special conditions, a literal enforcement of this chapter would result in unnecessary hardship, and so that the spirit of the ordinance will be observed, and substantial justice done.
- The variance is necessary to permit development of the subject site that differs from other parcels of land by being of such a restrictive area, shape, or slope, that the subject site cannot be developed in a manner commensurate with the development upon other parcels of land in districts with the same zoning classification.
- The variance would not be granted to relieve a self-created or personal hardship, nor for financial reasons only, nor to permit any person a privilege in developing this parcel of land (the subject site) not permitted by this chapter to other parcels of land in districts with the same zoning classification.

If the board were to grant a variance to the floor area regulations for structures accessory to single-family uses and impose the submitted site plan as a condition, the building footprints of the structures on the site would be limited to what is shown on this document.

Timeline:

April 20, 2021: The applicant submitted an "Application/Appeal to the Board of Adjustment" and related documents which have been included as part of this case report.

Affirm that an appeal has been made for a Variance X, or Special Exception X, of 750 additional square feet of floor area and for a variance for an Accessory Dwelling Unit (ADU).

Application is made to the Board of Adjustment, in accordance with the provisions of the Dallas Development Code, to grant the described appeal for the following reason:

5434 Willis was built in 1923 and is a contributing structure to the Vickery Place Conservation District. The craftsman style bungalow is 1,764 SF and is in the original configuration. Ordinance No. 26391 which established Vickery Place Conservation District states "whereas, the city council finds that it is in the public interest to establish the conservation district." The owner wishes to construct this ADU for personal use and will not be renting it. The owner wishes to maintain the modest original main house without modification or addition. The ADU has been designed to meet the guidelines for Vickery Place Conservation District to compliment the original structure. The ADU does not violate public interest due to its configuration. This proposal is in keeping with Ordinance No. 26391 in serving the public interest by preserving and maintaining the original 100 year old contributing structure.

Note to Applicant: If the appeal requested in this application is granted by the Board of Adjustment, a permit must be applied for within 180 days of the date of the final action of the Board, unless the Board specifically grants a longer period.

VICKERY PLACE CONSERVATION DISTRICT REQUIREMENTS

- Lot Coverage - Original Homes are allowed 45%
- Maximum Stories and Height -
  - Craftsman structures are allowed 2 stories.
  - The 2 story rear limit would be subjected to a line of sight criteria. Line of sight would be determined by a six foot tall person standing in the middle of the street and in the center of the front of the house. The person looking at the house should not be able to see anything in the rear above the front roof ridge line. This criteria is contingent upon the fronts of the houses being less than 30 feet tall.
- Garage Location - Garages over 15 feet would require a three feet side yard setback and a five feet rear yard setback.
- Nonconforming structures - Section 51A-4.704(d), "Nonconforming Structures," applies, except that if the degree of nonconformity is voluntarily reduced, all rights to the previous degree of nonconformity are lost.
- Accessory Structures - The color, style, design, and materials of accessory buildings that are visible from a street must be compatible with the main building.
- Roofs - Craftsman style homes must have a front gabled roof with a shallow roof
  - slope between 20 degrees and 40 degrees.
  - Minimum roof overhang is 24 inches.
  - Roofs must have exposed roof rafter tails. The following roof materials are allowed: composition shingles, slate tiles, wood shingles, synthetic wood shingles, and synthetic slate tiles.

Board of Adjustment, Panel B
1500 Main Street
Dallas, Texas 75201

Re: 5434 Willis Avenue, Case No.: BDA 201-056

Dear Members of the Board of Adjustments, Panel B,

The residence at 5434 Willis Avenue is an original craftsman style bungalow built in 1923. It is a prime example of the original architecture in the area. Included in this package is a letter from the owner, Michael A. Smith expressing his reasoning for preserving the existing original structure as his home. The proposed design for an Accessory Structure at the rear of the property has taken into consideration the regulations by the City of Dallas as well as the Vickery Place Conservation District to create a thoughtful and unobtrusive addition to the original house. Also, the design of the garage addition and renovation will bring it into compliance with the design guidelines for the Vickery Place Conservation District. The construction of the addition will be an enhancement to the district, while maintaining the historic value of the original 1923 house. Photos of the existing garage and back yard are also included in this package.

The proposed addition to 5434 Willis Avenue is not contrary to public interest. The neighboring property owners have given their support for the addition through letters to the Board of Adjustment. In the attached Photo Survey Document there are 2 photos, one with only 5434 Willis Avenue, and one that also includes the two adjacent properties, 5430 Willis Avenue and 5438 Willis Avenue. The property owner, Michael Smith has received letters from both neighbors expressing their approval and support for our proposed addition. These letters from Jim Spires at 5430 Willis Avenue and from Michael Wells at 5438 Willis Avenue are included in this package. Also, the Accessory Structure maintains the height of the existing garage, and, per the Conservation District Guidelines, it does not exceed the height of the primary house's roof. By preserving the historic 1923 craftsman structure this addition fulfills the Public Purpose as stated in the Vickery Place Conservation District Ordinance No. 26391. This Ordinance states that "this Conservation District is established to conserve the Vickery Place neighborhood, and to protect and enhance its significant architectural and cultural attributes. The conservation district regulations ensure that new construction,

lyleburgin@icloud.com
214.684.2161

renovation, and remodeling are done in a manner that is compatible with the architectural and cultural attributes of the conservation district."

Due to the size of the property, the allowable square footage for an Accessory Structure is significantly lower than the majority of the properties in the neighborhood within the same zoning district. The lot size of 5434 Willis Avenue is 7,800 square feet and the primary structure is 1,764 square feet. I have surveyed on DCAD all houses on Richard Avenue, Willis Avenue, Miller Street and Vickery Boulevard between Greenville Avenue and Homer Street and have found over 50 properties with lot sizes between 8,500 and 12,750 square feet and primary dwelling unit sizes ranging from 3,000 to 4,800 square feet. I have provided examples of 20 of these residences with photographs. The photographs and list of properties are included in the attached Photo Survey Document. The average land square footage of the 20 properties is 8,782 square feet and the average dwelling unit size of these properties is 3,925 square feet. Due to the smaller size of the property at 5434 Willis Avenue, we cannot build a structure similar to the larger size properties. Due to the smaller property size and smaller existing original structure, the proposed accessory structure will supplement the missing square footage. Also, as mentioned above, by choosing to embrace the public purpose set out in the Vickery Place Conservation District Ordinance, we choose to maintain the original 1921 contributing structure.

Lastly, the proposed design does not relieve a self-created or personal hardship nor is it for financial reasons. The property owner, without any variance, would be able to apply for and receive a demolition permit for the property to demolish the existing 1923 contributing craftsman style home. He would then be able to build a new house of a higher square footage, similar to the neighboring houses. This higher square footage of the main house would then allow him to build the exact structure we are proposing without the need to acquire a variance. The owner has no intent or desire to demolish the original 1923 craftsman structure. We are seeking this variance to add to the property the same amount of square footage as permitted to his neighbors without needing a variance.

In conclusion, Case No.: BDA 201-056 for 5434 Willis Avenue is applying for a variance for 912 square feet of variance to the floor area ratio regulations. This will allow the owner to build a 1,353 square accessory structure. Please note that 367 square feet of this request is for outdoor covered space that is underneath the addition. This space will continue to be used as outdoor living space as it is currently being used. In any case, with the addition of 1,353 square feet to the 1,764 square feet of the Primary Dwelling Unit, the total habitable space on the property will be 3,117 square feet. This is 808 square feet less than the average square footage of the Primary Dwelling Units listed in the attached document.

We greatly appreciate your thoughtful consideration of this unique variance request. We request that you give resounding consideration and approval for the owner, Michael A. Smith's desire to maintain his existing historic home, and his desire to meet the Purpose of the Vickery Place Conservation District. While at the same time, maintaining a smaller footprint on a smaller lot than many of the other structures in the conservation district.

With highest regards,

Re: variance request

Dear Board Members,

I moved to Dallas in August of 1989 from San Antonio to attend SMU law school. Although I had no specific intention on staying in Dallas upon graduation, I fell in love with the charming old houses in the "M-Street" area of Dallas. After graduating, I got a job with the Dallas County District Attorney's Office and found my old house for rent in the classified section of the Dallas Morning News and moved in on October 31, 1992.

In 1997 my landlord offered me the chance to purchase the house and I immediately jumped at the opportunity. After buying the house that year, I began the long and costly job of renovating the house. And I continue to this day to renovate and improve my home while maintaining the original integrity of the property.

My home was built in 1923 and will be 100 years old in 2023. I look forward to the day I can say I live in a 100-year-old house. Many of the original homes in Vickery Place, my neighborhood, have been torn down and replaced with large homes that do not reflect the original charming homes of that period.

The thought of tearing my home down to build a "McMansion" is reprehensible to me. And I will never do such a thing.

The garage apartment I would like to build will add to the charming cottage feel to my home and provide me with a covered outdoor living area I have dreamed of for many years. My plan is to use the apartment as a retreat from my main home as well as build a wine cellar so that I may fully enjoy my hobby of wine collecting.

My home is just under 1,800 square feet with only two bedrooms. The extra bedroom in the apartment I plan to use when family and friends come in from out of town.

There are many lots in the Vickery Place neighborhood larger than my lot allowing those owners to build bigger homes with more square footage. Because of the small size of my lot, I am limited in my options to add more square footage to my home. Additionally, I desire to preserve the integrity of my home to its original design and footprint as promulgated by the conservation district for my neighborhood.

Both of my neighbors on either side of my home support my proposed plans. In short, my proposed plans for the addition will add value to my property while taking nothing away from the aesthetics of the neighborhood.

Thank you for your consideration to this matter.

Sincerely,

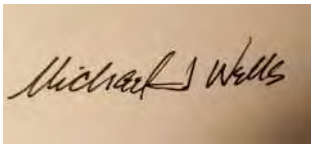

Michael A. Smith

To Whom It May Concern:

I reside adjacent to the property located at 5434 Willis Ave, Dallas, Texas 75206. I have reviewed the proposed renovation to this property and have no objections. I believe the upgrade will enhance the block, the neighborhood and the city. There should be more projects like this approved by the city of Dallas.

Re: Garage Apartment Construction

Mike,

We have reviewed your plans for a garage apartment to be constructed directly bordering our property and the alley behind your home. We do not object to this construction and we think this architecture will actually add value to the neighborhood. Furthermore, this new construction will also improve the aesthetics vs. the current alley power lines, wires, etc. which are visible from our property.

Additionally, we have experience working with your builder Four LB since they built our home. We are confident that they will incorporate the architectural necessities to meet (and probably exceed) the quality, standards, and design features of the Vickery Place conservation district.

Best Regards,

Jim Spires

APPLICANT: John J. DeShazo Jr.

REQUEST:

A request for a special exception to the off-street parking regulations of 13 spaces is made to maintain a mix of uses within a multitenant facility. The 0.03 percent reduction in parking is requested due to a taking of right-of-way along East Grand Avenue.

STANDARD FOR A SPECIAL EXCEPTION TO THE OFF-STREET PARKING REGULATIONS:

Section 51A-4.311 of the Dallas Development Code states the following:

1) The Board of Adjustment may grant a special exception to authorize a reduction in the number of off-street parking spaces required under this article *if the board finds*, after a public hearing, that *the parking demand generated by the use does not warrant the number of off-street parking spaces required, and the special exception would not create a traffic hazard or increase traffic congestion on adjacent and nearby streets.* The maximum reduction authorized by this section is 25 percent or one space, whichever is greater, minus the number of parking spaces currently not provided due to delta credits, as defined in Section 51A-4.704(b)(A). For the commercial amusement (inside) use and the industrial (inside) use, the maximum reduction authorized by this section is 75 percent or one space, whichever is greater, minus the number of parking spaces currently not provided due to delta credits, as defined in Section 51A-4.704(b)(4)(A). For office use, the maximum reduction authorized by this

section is 35 percent or one space, whichever is greater, minus the number of parking spaces currently not provided due to delta credits, as defined in Section 51A-4.704(b)(4)(A). Applicants may seek a special exception to the parking requirements under this section and an administrative parking reduction under Section 51A-4.313. The greater reduction will apply, but the reduction may not be combined.

2) In determining whether to grant a special exception, the board shall consider the following factors:

   (A) The extent to which the parking spaces provided will be remote, shared, or packed parking.

   (B) The parking demand and trip generation characteristics of all uses for which the special exception is requested.

   (C) Whether or not the subject property or any property in the general area is part of a modified delta overlay district.

   (D) The current and probable future capacities of adjacent and nearby streets based on the city's thoroughfare plan.

   (E) The availability of public transit and the likelihood of its use.

   (F) The feasibility of parking mitigation measures and the likelihood of their effectiveness.

3) In granting a special exception, the board shall specify the uses to which the special exception applies. A special exception granted by the board for a particular use automatically and immediately terminates if and when that use is changed or discontinued.

4) In granting a special exception, the board may:

   (A) Establish a termination date for the special exception or; otherwise provide for the reassessment of conditions after a specified period of time;

   (B) Impose restrictions on access to or from the subject property; or

   (C) Impose any other reasonable conditions that would have the effect of improving traffic safety or lessening congestion on the streets.

5) The board shall not grant a special exception to reduce the number of off-street parking spaces required in an ordinance granting or amending a specific use permit.

6) The board shall not grant a special exception to reduce the number of off-street parking spaces expressly required in the text or development plan of an ordinance

establishing or amending regulations governing a specific planned development district. This prohibition does not apply when:

(A) the ordinance does not expressly specify a minimum number of spaces, but instead simply makes references to the existing off-street parking regulations in Chapter 51; or

(B) the regulations governing that specific district expressly authorize the board to grant the special exception.

STAFF RECOMMENDATION:

No staff recommendation is made on this request for a special exception to the parking demand since the basis for this type of appeal is whether the board finds the parking demand generated by the use does not warrant the number of off-street parking spaces required, and the special exception would not create a traffic hazard or increase traffic congestion on adjacent and nearby streets.

The applicant submitted a parking analysis with the application materials which shows the existing parking demand along with vacant suites assigned typical uses. Overall, the analysis identifies that the mixed-use development requires 359 parking spaces and satisfies two with bicycle spaces. The remaining 357 parking spaces are currently provided on-site. However, a pending taking of right-of-way for the “3-G” intersection at the southeast portion of the property along East Grand Avenue will lead to the loss of 13 parking spaces.

To assist the board in its decision-making, the Sustainable Development and Construction Department Senior Engineer reviewed the area of request and information provided by the applicant. A comment sheet (**Attachment A)** submitted in review of the request states, “Recommends denial”. Furthermore, staff requests for the applicant to identify the details of the request more clearly by providing the following:

1. Survey showing proposed TXDOT’s taking.
2. Document historical parking demand data or technical justification to justify that, although a hardship, the request would not be detrimental to the operations of this property.
3. Provide response to each of the factors listed in Sec. 51A-4.311(a)(2).

BACKGROUND INFORMATION:

Zoning:

Site:	PD No. 808
North:	CR Community Retail District
East:	PD No. 808, CR Community Retail, and MU-1 Mixed Use Districts

South: CR Community Retail District
West: CR Community Retail District and R-7.5(A) Single Family District

Land Use:

The subject site is developed with mixed-use multitenant facility. Surrounding land uses include additional mixed-use/retail to the north; restaurants to the north, east, and south; multifamily to the south and west; and, single-family uses located to the southwest.

Zoning/BDA History:

There have not been any related board or zoning cases in the immediate vicinity within the last five years.

GENERAL FACTS/STAFF ANALYSIS:

A request for a special exception to the off-street parking regulations of 13 spaces is made to maintain a mix of uses within a multitenant facility. The 0.03 percent reduction in parking is requested due to a taking of right-of-way along East Grand Avenue, but no further details were provided except the land uses. Specifically, the reduction proposed pertains to the following four uses: (1) a restaurant without drive-in or drive-through service use, (2) a general merchandise or food store 3,500 square feet or less use, (3) a personal service use, and (4) a medical clinic or ambulatory center.

The site is zoned a PD No. 808, which requires parking to be provided per Chapter 51A (the Dallas Development Code). Accordingly, the required parking for each use is:

1. A restaurant without drive-in or drive-through service use off-street parking requirement is one space per 100 square feet of floor area.
2. A general merchandise or food store 3,500 square feet or less use off-street parking requirement is one space per 200 square feet of floor area.
3. A personal service use off-street parking requirement is one space per 200 square feet of floor area.
4. A medical clinic or ambulatory center use off-street parking requirement is one space per 200 square feet of floor area.

The applicant submitted a parking analysis with the application materials which shows the existing parking demand along with vacant suites assigned typical uses. Overall, the analysis identifies that the mixed-use development requires 359 parking spaces and satisfies two with bicycle spaces. The remaining 357 parking spaces are currently provided on-site. However, a pending taking of right-of-way for the “3-G” intersection at the southeast portion of the property along East Grand Avenue will lead to the loss of 13 parking spaces.

The Sustainable Development and Construction Department Senior Engineer objects to the request due to insufficient information being provided (**Attachment A**).

The applicant has the burden of proof in establishing the following:

- The parking demand generated by the four uses which occupy multiple suites within the multitenant facility do not warrant the number of off-street parking spaces required; and,
- The special exception of 13 spaces (or a 0.03 percent reduction of the required off-street parking) would not create a traffic hazard or increase traffic congestion on adjacent and nearby streets.

If the board were to grant this request a condition may be imposed that the special exception of 13 spaces shall automatically and immediately terminate if and when the four uses are changed or discontinued.

Timeline:

April 22, 2021: The applicant submitted an "Application/Appeal to the Board of Adjustment" and related documents that have been included as part of this case report.

May 14, 2021: The Board of Adjustment Administrator assigned this case to Board of Adjustment Panel B.

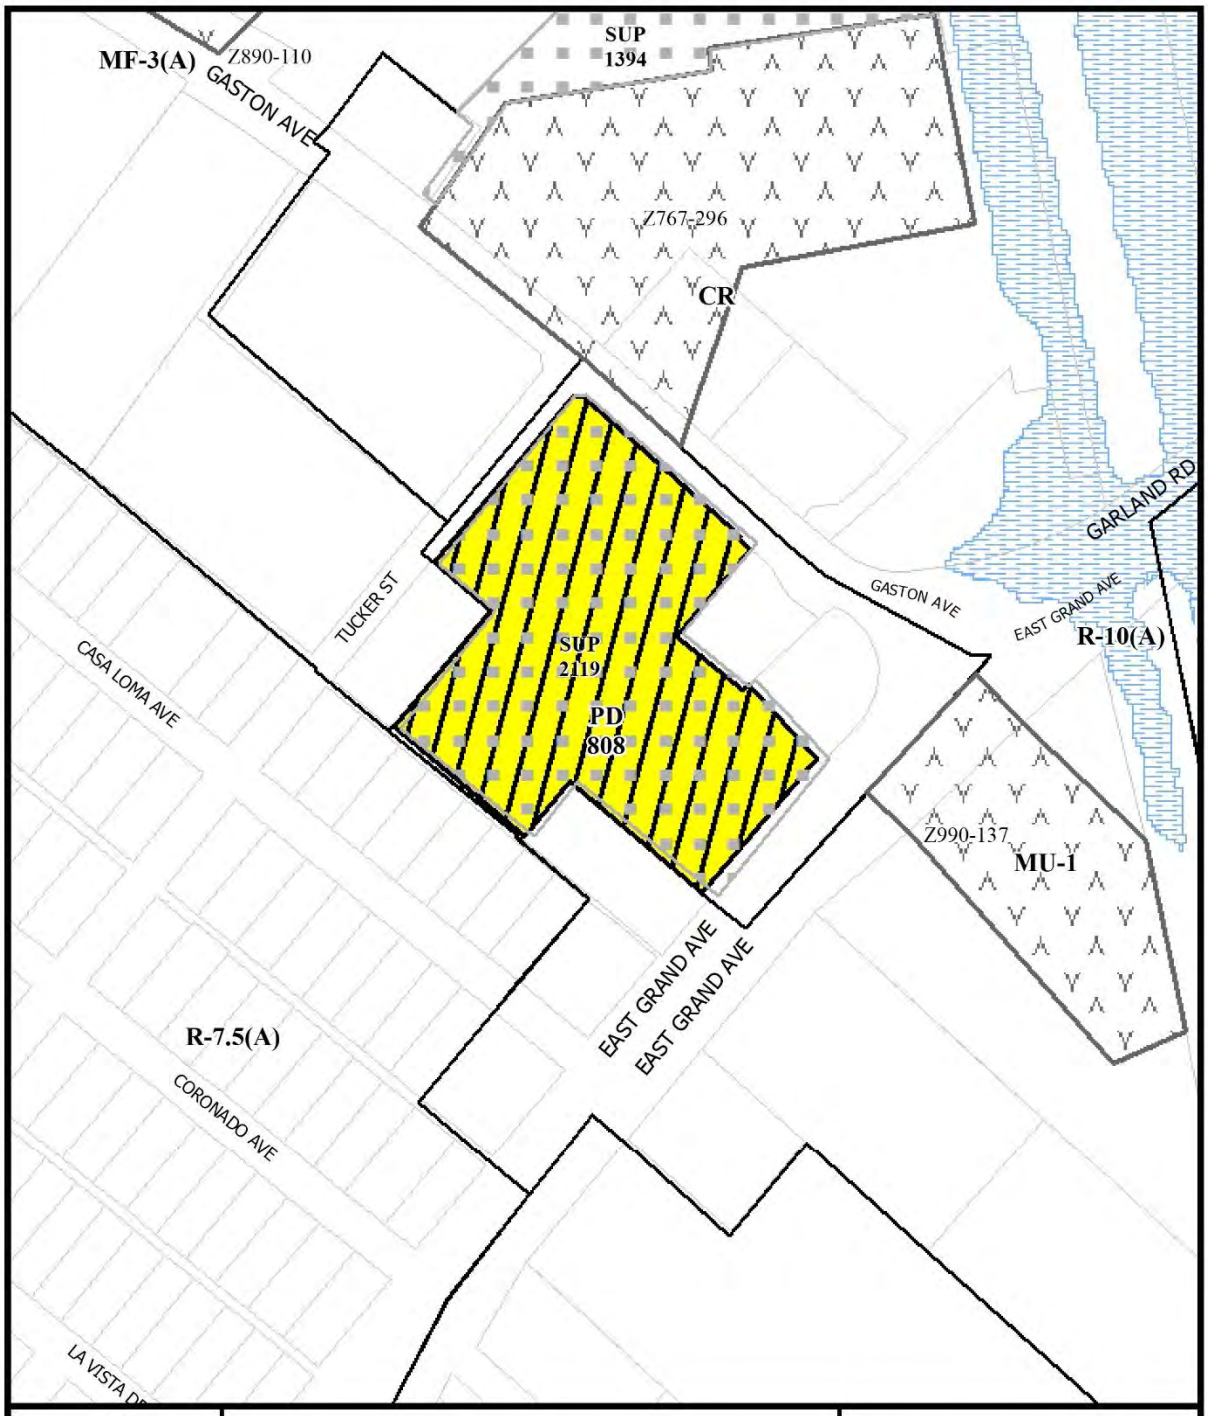

May 20, 2021: The Board Administrator emailed the applicant the following information:

- a copy of the application materials including the Building Official's report on the application.
- an attachment that provided the public hearing date and panel that will consider the application; the June 1st deadline to submit additional evidence for staff to factor into their analysis; and the June 11th deadline to submit additional evidence to be incorporated into the Board's docket materials;
- the criteria/standard that the board will use in their decision to approve or deny the request; and
- the Board of Adjustment Working Rules of Procedure pertaining to documentary evidence.

June 2, 2021: The Sustainable Development and Construction Senior Engineer submitted a review comment sheet (**Attachment A**).

June 4, 2021: The Board of Adjustment staff review team meeting was held regarding this request and the others scheduled for the June public hearing. The review team members in attendance included: the Sustainable Development and Construction Assistant

Director, the Board of Adjustment Chief Planner/Board Administrator, the Chief Arborist, the Building Inspection Sign Code Specialist, the Building Inspection Senior Plans Examiner/Development Code Specialist, the Sustainable Development and Construction Senior Engineer, the Sustainable Development and Construction Department Board of Adjustment Senior Planner, the Assistant City Attorney to the Board.

Affirm that an appeal has been made for a Variance X, or Special Exception __, of 13 parking spaces

Application is made to the Board of Adjustment, in accordance with the provisions of the Dallas Development Code, to grant the described appeal for the following reason:
Land taken from property by TxDOT will permanently negatively impact the site's ability to satisfy code parking requirements as set forth in the Dallas Development Code by the loss of 13 parking spaces. A parking variance is thus requested to prevent the site from falling out of compliance due to circumstances beyond the owner's control.

Note to Applicant: If the appeal requested in this application is granted by the Board of Adjustment, a permit must be applied for within 180 days of the date of the final action of the Board, unless the Board specifically grants a longer period.

I hereby certify that JOHN J DESHAZO JR

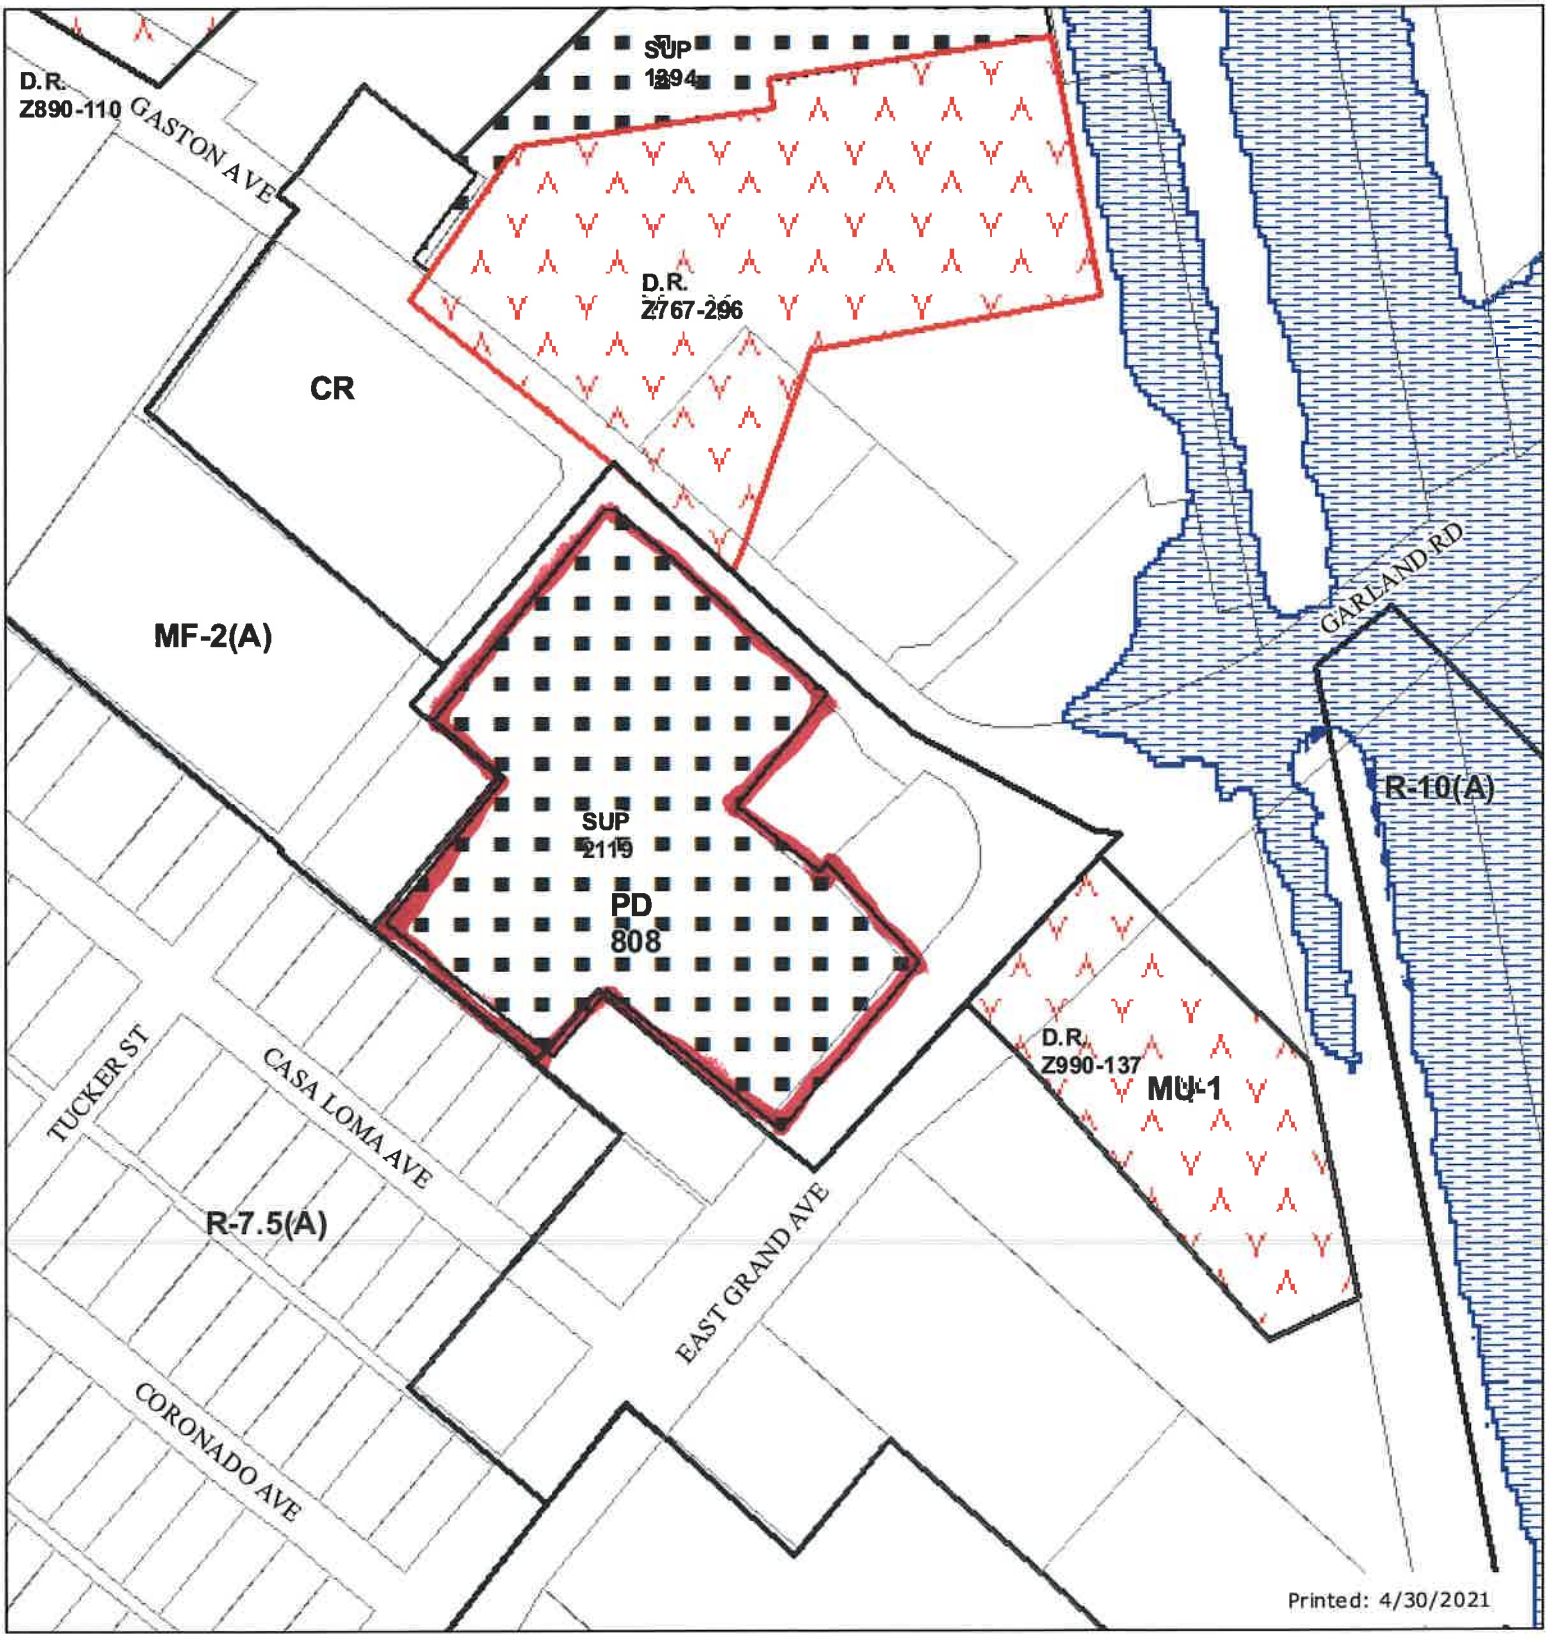

did submit a request for a special exception to the parking regulations

at 7330 Gaston Avenue

BDA201-057. Application of JOHN J DESHAZO JR for a special exception to the parking regulations at 7330 GASTON AVE. This property is more fully described as Lot 11A, Bloc E/2738, and is zoned PD-808, which requires parking to be provided. The applicant proposes to maintain a nonresidential structure for a restaurant without drive-in or drive-through service use, a general merchandise or food store 3500 square feet or less use, and personal service use, medical clinic or ambulatory center, and provide 346 of the required 359 parking spaces, which will require a 13 space special exception (.03% reduction) to the parking regulation.

Sincerely,

David Session, Building Official

BUILDING OFFICIAL'S REPORT: Application of La Sierra Planning Group for a special exception to the front yard setback regulations for tree preservation regulations at 3612 Overbrook Drive. This property is more fully described as Lot 3A, Block 4/2022, and is zoned Conservation District No. 17, which requires a front yard setback of 83 feet. The applicant proposes to construct and maintain a residential accessory structure and provide no front yard setback (zero-feet), which will require an 83-foot special exception to the front yard setback regulations.

LOCATION: 3612 Overbrook Drive

APPLICANT: DLH Family Trust
represented by Santos Martinez of La Sierra Planning Group

REQUEST:

A request for a special exception to the minimum front yard requirements to preserve seven existing trees is made to construct and maintain an approximately 510-square-foot accessory structure and provide no front yard setback (zero-feet) from the Edgewater Street front property line or 83-feet into the 83-foot front yard setback on a property that is developed with a single-family home.

STANDARD FOR A SPECIAL EXCEPTION TO THE MINIMUM FRONT YARD REQUIREMENTS TO PRESERVE AN EXISTING TREE:

Section 51(A)-4.401(d) of the Dallas Development Code specifies that the board may grant a special exception to the minimum front yard requirements in this section to preserve an existing tree. In determining whether to grant this special exception, the board shall consider the following factors:

(A) Whether the requested special exception is compatible with the character of the neighborhood.

(B) Whether the value of surrounding properties will be adversely affected.

(C) Whether the tree is worthy of preservation.

STAFF RECOMMENDATION:

Approval, subject to the following condition:

- Compliance with the submitted site plan is required.

Rationale:

- Staff concluded that the requested special exception was compatible with the character of the neighborhood; the value of surrounding properties will not be adversely affected; and that, according to the City of Dallas Chief Arborist, the trees denoted on the submitted site plan, are worthy of preservation.

BACKGROUND INFORMATION:

Zoning:

Site:	Conservation District No. 17
North:	Conservation District No. 17
South:	Planned Development District No. 193, Duplex District
East:	Conservation District No. 17
West:	Conservation District No. 17

Land Use:

The subject site is developed with a single-family structure. The areas to the north, east, west, and south are developed with single-family uses.

Zoning/BDA History:

1. BDA201-038, Property at 3604 Overbrook Drive (the adjacent property to the east)	On May 19, 2021, the Board of Adjustment Panel B approved a requests for to enlarge and maintain a residential single-family structure from 4,439 square feet to 7,330 square feet and to maintain accessory structures including a swimming pool and steps leading to the pool, to be located within one of the site's two required front yard setbacks (on Edgewater) or 145 feet into this 145-foot front yard setback on a site that is developed with a single-family home and imposed the submitted site plan as a condition.

GENERAL FACTS /STAFF ANALYSIS:

This request for a special exception to the minimum front yard requirements to preserve seven existing trees is made to construct and maintain an approximately 510-square-foot accessory structure and provide no front yard setback (zero-feet) from the Edgewater Street front property line or 83-feet into the 83-foot front yard setback.

The property is zoned CD No. 17 which requires accessory structures, carports, garages, and porte cocheres to be in the rear 50 percent of the lot. Additionally, on corner lots, accessory structures may not be located closer to the cornerside lot line than the main structure. Since the conservation district prohibits garages in the front yard, the request is to provide no front yard; thereby, allowing the accessory structure in what is no longer a front yard.

The submitted site plan depicts a proposed 510-square-foot accessory structure and provide no front yard setback (zero-feet) from the Edgewater Street front property line or 83-feet into the 83-foot front yard setback form the Edgewater Street property line. Two trees are depicted within the front yard setback as well.

The City of Dallas Chief Arborist submitted a memo regarding this request (**Attachment B**) and stated the following: “The assessment of a tree, or trees, to be preserved for the special exception for a front yard entails a review of seven trees identified by an independent arborist, Mr. Michael Sultan, for the applicant. My statements are based on the details from the March 27, 2021, independent arborist’s report, and my opinion of site conditions.

The proposed garage requested under the special exception would have the potential for a significant impact on the roots of two trees (#1 and #7) in the report. The ability to sustain the trees throughout and after construction would likely be based on the construction methods employed to construct in the proposed location. That being said, the two trees are considered worthy of preservation.

Trees #2 through #6 of the arborist’s report, which the owner desires to retain, are mentioned in relation to their potential impact if a new garage is built within the required setback. I agree with Mr. Sultan that the five trees are worthy of preservation.”

All healthy protected trees are regulated under the permit and replacement requirements of the conservation district. The owner may only remove trees for construction with an approved tree removal application. The property is not subject to Article X tree conservation regulations.

The applicant has the burden of proof in establishing the following:

- Whether the requested special exception is compatible with the character of the neighborhood.
- Whether the value of surrounding properties will be adversely affected.

- Whether the tree is worthy of preservation.

If the board were to grant the special exception request and impose the submitted site plan as a condition, the structure in one of the two front yard setbacks would be limited to what is shown on this document.

Timeline:

February 24, 2021: The applicant submitted an "Application/Appeal to the Board of Adjustment" and related documents which have been included as part of this case report.

Affirm that an appeal has been made for a Variance X , or Special Exception X , of a variance to the requirements for an enclosed parking space. A special exception for the preservation of existing trees to construct a new accessory structure.

Application is made to the Board of Adjustment, in accordance with the provisions of the Dallas Development Code, to grant the described appeal for the following reason:

The property owner seeks to construct a new garage but the location for structure is limited by existing trees on the property. The placement of new garage is within twenty feet of Edgewater Street and requries a variance for an enclosed parking space.

Note to Applicant: If the appeal requested in this application is granted by the Board of Adjustment, a permit must be applied for within 180 days of the date of the final action of the Board, unless the Board specifically grants a longer period

RE: BDA 201-034; 3612 Overbrook

Dear Ms. Munoz,

This property was originally developed in the 1920's with a single-family dwelling unit. Since then, it has maintained an incredible tree canopy from a variety of species throughout the property. There is a creek that traverses through the back yard that also provides a water source for this mature canopy.

The property was recently rezoned into a conservation district. Although it maintained two required front yards, the calculation for the second front yard was modified when it became a conservation district. Conservation District 17 calculates a required front yard setback based upon the average distance of the adjacent main structures. By using this new calculation method, the required front yard along Edgewater Street is eighty-three (83) feet.

The property owner seeks to maintain and preserve the existing tree canopy. Creating a new drive-way and garage at an eighty-three foot setback creates a negative impact on the existing canopy. The topography of the property would require engineered piers to be drilled to support a new structure and drive approach at the required 83' setback. This type of construction would impact the existing tree canopies and root systems. We hired a certified arborist to investigate the conditions of the property and the existing tree canopies (Exhibit A).

In the arborist's report, they note that the proposed location of a new garage that complied with the required front yard setbacks would damage at least 50% of the existing mature canopy of three healthy trees. These three trees have a combined diameter breast height (dbh) measurement of 45 inches. A fourth tree, sized at 22 inches dbh, would have a negative impact placed upon its root system by a garage that complied with the required setbacks. The arborist's report includes photos of these specific trees. We would like to supplement them with Exhibits B (tree #6) and C (trees #3, #4, & #5).

In preserving these trees and canopies, the property owner seeks to construct a new garage in the location that used to serve as a parking space (Exhibit D). The arborist's notes that there are methods can be employed to preserve two trees that are located near this location. These methods do not include removing half of their existing canopies.

www.lasierrapg.com P.O. Box 1275 Angel Fire, NM 87710 214-684-2775

It should be noted that this location is behind the existing potato cellar. There is a sheer drop of at least six feet in topography from this location and the potato cellar (Exhibit E). A variance to the enclosed parking space regulations is sought as this is the only location on the property that is open of existing structures and is relative to the same grade as Edgewater Street. The property owner agrees to operate the garage door with an automatic door opener as a condition for approval. This new garage is designed to accommodate one vehicle.

The property has unique characteristics that the owner seeks to maintain. The existing tree canopy and mature trees are assets that they cherish and should not have to be removed or damaged for the construction of a new garage. The topography of the property limits the placement of any new structure. However, the proposed location can accommodate a one car garage. We believe this application satisfies the standards for a special exception and variance to construct this new garage in the proposed location.

Please feel free to contact my office if you have any questions regarding these items.

Sincerely,

Santos T. Martinez

Prepared by: Michael Sultan, ISA Certified Arborist TX-1292AUM

Summary

I was asked by Santos Martinez, President at La Sierra Planning Group, to assess the site and the potential impacts to existing trees in order to meet the required front yard setback requirements. The trees are located on a residential property at 3612 Overbrook Drive in Dallas, Texas. This is an approximately 0.5-acre residential property that contains multiple structures and significant elevation changes.

The property owner is seeking a special exception for tree preservation from the City of Dallas to allow the construction of a new garage structure within the required building setback of the second front yard. If the property owner is required to meet the setback requirements for the new garage, the most significant trees on the property will be difficult to preserve due to the challenges imposed by the unique topography.

Introduction

Background

The property was first developed nearly 100 years ago. It is an incredibly unique site with large mature trees and a river that runs through the property and below some of the structures.

Assignment

I was asked by Mr. Martinez to consider the location of a new garage that meets the front yard setback and the potential impacts to the existing trees.

Limits of Assignment

Many factors can limit specific and accurate data when assessing trees, their conditions, potential responses to site disturbances and recommended treatments, and acute weather events or sustained climatic conditions. The recommendations presented here are based on visual observations during my site visit and the existing conditions at that time.

Purpose and Use of the Report

The purpose of this report is to provide a summary of conditions observed and to describe the potential impacts to the existing trees if a new garage structure is constructed meeting the required front yard setback.

Observations

I first visited the site with Santos Martinez and Austin Nixon on March 15, 2021 to gain an understanding of the general site layout, the proposed location for a new garage, and the general location were the garage would be located by meeting the required front yard setback.

I visited the site a second time on March 21, 2021 to identify what trees would be most impacted by the proposed new construction and the location of a new garage meeting the setback requirements.

Site Observations

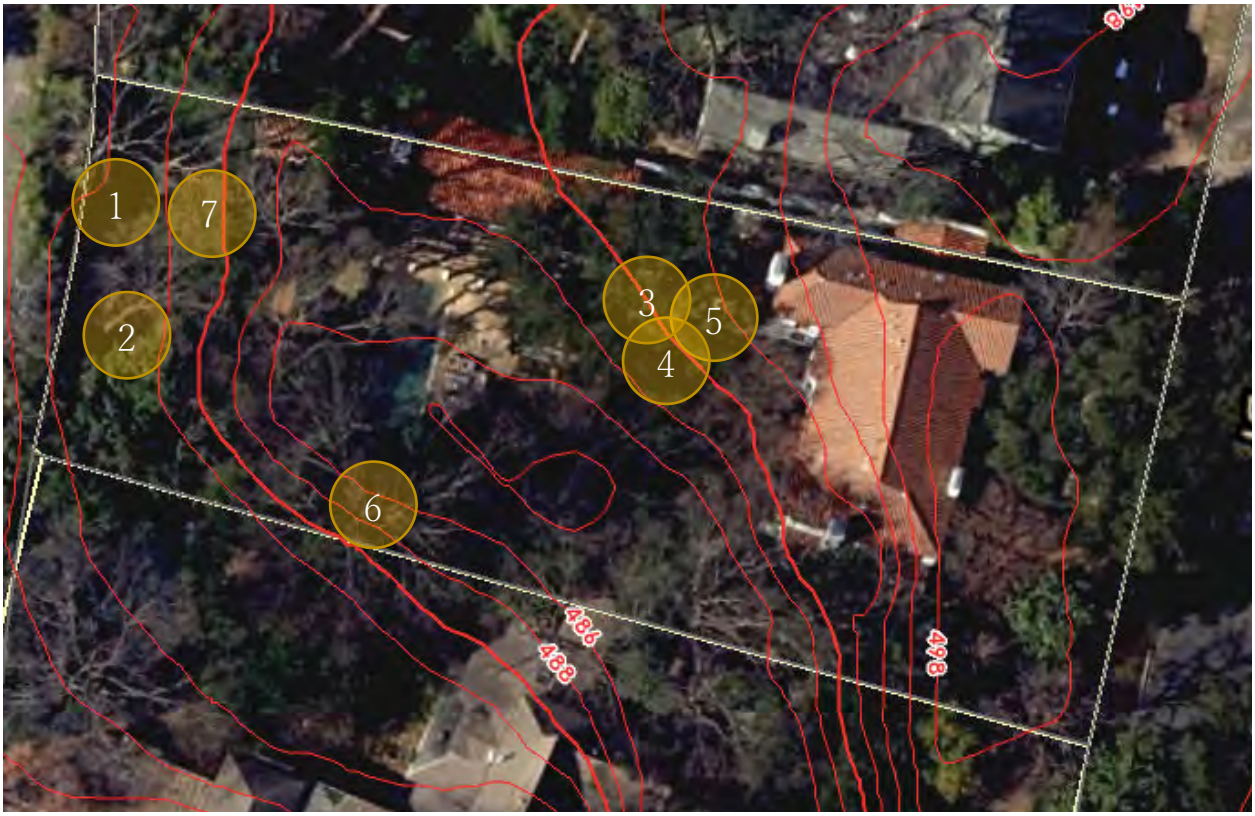

As stated earlier, the site is quite unique, regarding both the significant elevation changes and other elements such as the creek and the pool in the center of the property. The elevation changes 12' between the lowest and highest elevations noted on the site plan.

Tree Observations

Focusing on 5 trees in particular (see aerial image below with general locations marked), I measured the diameter at breast height (dbh) of each tree, also observing the general appearance of the bark, canopy structure, and foliage where available (live oaks only). Most of the trees had a normal canopy structure, as well as normal bark with minimal to no visible damage and no decay observed. One tree was noted to have a lighter crown density, likely due to restorative pruning following recent severe weather events.

Tree No.	Tree Species	dbh	Observations
1	*Ulmus crassifolia*	21	appears healthy; light crown density
2	*Carya illinoinensis*	18	appears healthy
3	*Quercus virginiana*	24	appears healthy
4	*Quercus virginiana*	13	appears healthy
5	*Quercus virginiana*	8	appears healthy
6	*Quercus spp.**	22	appears healthy
7	*Celtis laevigata*	13	appears healthy

**Red oak not identified to species level*

Discussion

Observed site conditions support the City's position that this case meets the standards required to obtain a special exception for tree preservation. Tree numbers 3-6 would be impacted most by any new structures that meet the minimum required setback from Edgewater's front yard. This is due primarily to the significant grade alterations required and the impacts on the existing root systems.

Tree number 6 would be nearly impossible to preserve and would need to be removed. Tree number 3 would be located within 1-2' of the garage edge, not only impacting the root system but also require removal of as much as 50% of the tree's canopy. Tree number 2 would experience some impact related to the drive anticipated for a garage that meets the required setback, but it would be a candidate still for preservation.

Tree numbers 1 and 7 will be impacted most by the proposed garage. While both trees are protected by the City's ordinance, neither has a canopy as significant as the other trees identified on the map (considering tree numbers 3-5 are the same canopy space). Root pruning trees 1 and 7, impacting an estimated 30% of the roots and 45% of the roots, respectively, is an option for isolating the trees and their remaining roots while protecting them from additional construction impacts.

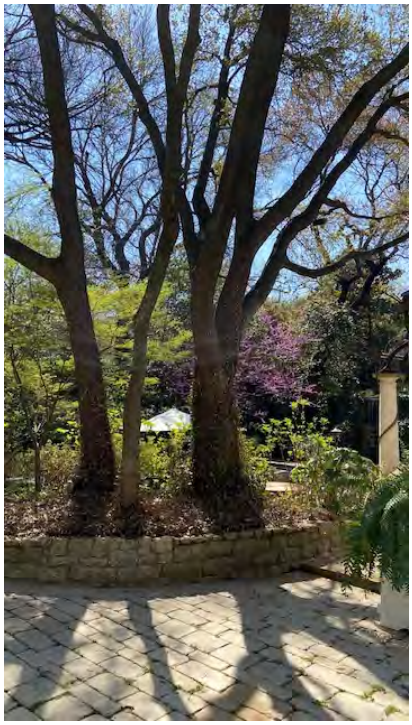

Conclusions

The property contains a variety of large trees and smaller understory trees. The proposed garage location will impact fewer trees and far less mature tree canopy than any garage constructed to meet the required setback.

I believe trees 2-6 specifically are worthy of preservation and should be regarded as such when considering the merits of a special exception for tree preservation.

Memorandum

CITY OF DALLAS

Date April 3, 2021

To Oscar Aguilera, Sr. Planner
Jennifer Munoz, Board Administrator

Subject BDA #201-034 3612 Overbrook Drive Arborist report

The assessment of a tree, or trees, to be preserved for the special exception for a front yard entails a review of seven trees identified by an independent arborist, Mr. Michael Sultan, for the applicant. My statements are based on the details from the March 27, 2021 independent arborist's report and my opinion of site conditions.

The proposed garage requested under the special exception would have the potential for significant impact to the roots of two trees (#1 and #7) in the report. The ability to sustain the trees throughout and after construction would likely be based on the construction methods employed to construct in the proposed location. That being said, the two trees are considered worthy of preservation.

Trees #2 through #6 of the arborist's report, which the owner desires to retain, are mentioned in relation to their potential impact if a new garage is built within the required setback. I am in agreement with Mr. Sultan that the five trees are worthy of preservation.

All healthy protected trees are regulated under the permit and replacement requirements of the conservation district. The owner may only remove trees for construction with an approved tree removal application. The property is not subject to Article X tree conservation regulations.

COMMENTS:

Proposed setback garage access to 3612 Overbrook Drive:

Edgewater Street has a narrow (substandard) width, which benefits from the line of shrubs on the north edge. The topography of the site would challenge a proposed driveway to meet design standards such as driveway width, sidewalk, curb return radius, gutter, visibility triangle. The request would adversely change the operations of such narrow public road.

RE: BDA 201-034; 3612 Overbrook

Dear Ms. Munoz,

We have revised our original plans and request for the Board to consider. Originally, we requested a one car garage to be placed on the property. Our revised plans are for an accessory structure without a drive approach or curb cut. Our application was amended last week to reflect this change.

The placement of this structure remains within the recommended guidelines of a certified arborist. The report that they prepared recommended this corner of the property for the construction of a new structure. The methods recommended by the arborist indicate that the two trees adjacent to the new structure can remain without having to remove their canopies.

Due to the placement of two required front yards on this property, with a setback calculated by the average distance of the main structures on adjacent properties, any new structure off of Edgewater Street would have to be eighty-three (83) feet from the property line. The construction of an accessory structure at this required setback will negatively impact the canopy and root systems of three mature trees. These trees are identified as numbers 3, 4, and 5 in the arborist report (Exhibit A). They have a combined diameter breast height (dbh) of 45 inches. The only other area outside of the required 83' front yard setback is over the existing creek.

This request remains commensurate to the development of properties within this conservation district. A review of all detached structures within the conservation district reveals that several properties have multiple accessory structures. The proposed area of this structure is 510 square feet. Accessory structures within the district vary in size from 200 to 860 square feet (Exhibit B). They include storage buildings, guest quarters, cabanas, and detached garages.

Exhibit C identifies the impacted trees and their canopies if the City of Dallas required this accessory structure to be constructed at the 83' front yard setback. Exhibit D identifies the area outside of impacted tree canopies for the placement of the proposed structure.

Please feel free to contact my office if you have any questions regarding these items.

Sincerely,

Santos T. Martinez

BUILDING OFFICIAL'S REPORT: Application of Dallas City Council Resolution 20-1935 to require compliance of a non-conforming use at 3606 Greenville Avenue Suite A. This property is more fully described as Lots 1A and 2A, 1/2888, and is zoned a CR Community Retail District, which limits the legal uses in a zoning district. The applicant proposes to request that the board establish a compliance date for a non-conforming alcoholic beverage establishment use.

LOCATION: 3606 Greenville Avenue Suite A

APPLICANT: Dallas City Council by Resolution 20-1935
Represented by Zinzi Bonilla and Naomi Green

REQUEST:

A request is made for the Board of Adjustment to establish a compliance date for a nonconforming alcoholic beverage establishment use (OT Tavern) on the subject site.

COMPLIANCE REGULATIONS FOR NONCONFORMING USES: SEC. 51A-4.704. NONCONFORMING USES AND STRUCTURES of the Dallas Development Code provides the following provisions:

(a) Compliance regulations for nonconforming uses. It is the declared purpose of this subsection that nonconforming uses be eliminated and be required to comply with the regulations of the Dallas Development Code, having due regard for the property rights of the persons affected, the public welfare, and the character of the surrounding area.

(1) Amortization of nonconforming uses.

(A) Request to establish compliance date. The city council may request that the board of adjustment consider establishing a compliance date for a nonconforming use. In addition, any person who resides or owns real property in the city may request that the board consider establishing a compliance date for a nonconforming use. Upon receiving such a request, the board shall hold a public hearing to determine whether continued operation of the nonconforming use will have an adverse effect on nearby properties. If, based on the evidence presented at the public hearing, the board determines that continued operation of the use will have an adverse effect on nearby properties, it shall proceed to establish a compliance date for the nonconforming use; otherwise, it shall not.

(B) Factors to be considered. The board shall consider the following factors when determining whether continued operation of the nonconforming use will have an adverse effect on nearby properties:

(i) The character of the surrounding neighborhood.

(ii) The degree of incompatibility of the use with the zoning district in which it is located.

(iii) The manner in which the use is being conducted.

(iv) The hours of operation of the use.

(v) The extent to which continued operation of the use may threaten public health or safety.

(vi) The environmental impacts of the use's operation, including but not limited to the impacts of noise, glare, dust, and odor.

(vii) The extent to which public disturbances may be created or perpetuated by continued operation of the use.

(viii) The extent to which traffic or parking problems may be created or perpetuated by continued operation of the use.

(ix) Any other factors relevant to the issue of whether continued operation of the use will adversely affect nearby properties.

(C) Finality of decision. A decision by the board to grant a request to establish a compliance date is not a final decision and cannot be immediately appealed. A decision by the board to deny a request to establish a compliance date is final unless appealed to state court within 10 days in accordance with Chapter 211 of the Local Government Code.

(D) Determination of amortization period.

(i) If the board determines that continued operation of the nonconforming use will have an adverse effect on nearby properties, it shall, in accordance with the law, provide a compliance date for the nonconforming use under a plan whereby the owner's actual investment in the use before the time that the use became nonconforming can be amortized within a definite time period.

(ii) The following factors must be considered by the board in determining a reasonable amortization period:

(aa) The owner's capital investment in structures, fixed equipment, and other assets (excluding inventory and other assets that may be feasibly transferred to another site) on the property before the time the use became nonconforming.

(bb) Any costs that are directly attributable to the establishment of a compliance date, including demolition expenses, relocation expenses, termination of leases, and discharge of mortgages.

(cc) Any return on investment since inception of the use, including net income and depreciation.

(dd) The anticipated annual recovery of investment, including net income and depreciation.

(E) Compliance requirement. If the board establishes a compliance date for a nonconforming use, the use must cease operations on that date and it may not operate thereafter unless it becomes a conforming use.

(F) For purposes of this paragraph, "owner" means the owner of the nonconforming use at the time of the board's determination of a compliance date for the nonconforming use.

GENERAL FACTS:

The subject site is zoned a CR Community Retail District. On June 23, 1993, City Council passed Ordinance No. 21735 which added a requirement that alcoholic beverage establishment uses must obtain a Specific Use Permit (SUP) in all zoning districts. However, a Certificate of Occupancy (CO) was issued for an alcoholic beverage establishment use DBA Fish Dance on January 30, 1991—predating the ordinance requiring an SUP. The Dallas Development Code defines a “nonconforming use” as “a use that does not conform to the use regulations of this chapter but was lawfully established under the regulations in force at the beginning of operation and has been in regular use since that time.” Therefore, the use was legally established in 1991 and became nonconforming with the passing of Ordinance No. 21735 in 1993.

After a period of vacancy, the site lost nonconforming rights to operate an alcoholic beverage establishment without compliance to the SUP requirement. The property owners successfully argued for reinstatement of nonconforming rights on January 18, 2005.

Most recently, a CO was issued on August 28, 2008 for an alcoholic beverage establishment DBA OT Tavern with remarks indicating the BDA action taken in 2005 to reinstate the nonconforming use rights and furthermore adding, “NO INCREASE IN FLOOR AREA, SAME PARKING, 7/26/06-nonconforming 300 sf dance floor area, CORRECTION TO TENANT NAME 1/23/07. LICENSE PE, MB, LB, 02/20/2008. SEE REVISED(CORRECTED) PATIO PLAN DATED 9-1-10 CENTRAL FILES FOR MORE INFO. KM. OCUPANT [sic] LOAD OF dining=188/ PATIO= 67, UPDATE 4/27/17 sw.” This use is still in operation today.

BACKGROUND INFORMATION:

Zoning:

Site: CR-MD-1 (Community retail- Modified delta-1)

North: CR-MD-1 (Community retail- Modified delta-1)

South: CR-MD-1 (Community retail- Modified delta-1)

East: MF-2(A)-MD-1 (Multifamily 1- Modified delta-1)

West: CR-MD-1 (Community retail- Modified delta-1)

Land Use:

The subject site is developed with a multitenant commercial structure housing two nonconforming alcoholic beverage establishments. The areas to the north, south and west are developed with retail uses; and the area to the east is developed with residential uses.

Zoning/BDA History:

1. BDA 045-133, 3606 Greenville Avenue, Suite A (the subject site)	On January 18, 2005, the Board of Adjustment Panel A approved a special exception reinstating nonconforming use rights for "alcoholic beverage establishment" and "dance hall" uses.
2. BDA 045-136, 3606 Greenville Avenue, Suite B (the lot immediately north of the subject site)	On January 18, 2005, the Board of Adjustment Panel A approved a special exception reinstating nonconforming use rights for "alcoholic beverage establishment" and "dance hall" uses.
3. BDA201-030, 3606 Greenville Avenue, Suite B (the lot immediately north of the subject site)	On May 19, 2021, the Board of Adjustment Panel B denied an application of Dallas City Council Resolution 21-0263 to require compliance of a non-conforming alcoholic beverage establishment use, without prejudice.

TIMELINE:

December 18, 2020: The applicant submitted an "Application/Appeal to the Board of Adjustment" and related documents which have been included as part of this case report.

February 11, 2021: The Board of Adjustment Secretary randomly assigned this case to the Board of Adjustment Panel B.

February 12, 2021: The Board of Adjustment Chief Planner/Board Administrator sent the record owner of the property (Uptown Ventures LLC & Hillcrest Towers LLC) and the tenant/operator of the use (G P Sports NSL Inc. % Shaun Merchant) a certified letter (with a copy to Jill Haning, Zinzi Bonilla, and Naomi Green) informing them that a Board of Adjustment case had been filed against the nonconforming alcoholic beverage establishment use. The letter included following enclosures:

1. A copy of the Board of Adjustment application and related materials.
2. Dallas Development Code Section 51A-3.102 describing the Board of Adjustment.
3. Dallas Development Code Section 51A-2.102(90), which defines a nonconforming use.
4. Dallas Development Code Section 51A-4.704, provisions for nonconforming uses and structures.
5. Dallas Development Code Section 51A-4.703, Board of Adjustment hearing procedures.
6. City of Dallas Board of Adjustment Working Rules of Procedures.
7. The hearing procedures for Board of Adjustment amortization of a nonconforming use.

The letter also informed the owners and tenant/operator of the date, time, and location of the public hearing, and provided a deadline of March 5th to submit any information that would be incorporated into the board's docket.

February 25, 2021: The Board of Adjustment staff review team meeting was held regarding this request and the others scheduled for the March public hearing. The review team members in attendance included: the Sustainable Development and Construction Assistant Director, the Board of Adjustment Chief Planner/Board Administrator, the Building Inspection Chief Planner, the Building Inspection Senior Plans Examiner/Development Code Specialist, the Sustainable Development and Construction Senior Engineer, the Sustainable Development and Construction Department

	Board of Adjustment Senior Planner, the Assistant City Attorney to the Board.
March 2, 2021	The representative for the tenant/operator requested the case be held under advisement until April 21, 2021 (minimum of 45 days from motion for continuance provided as **Attachment A**).
March 8, 2021	The representative for city council submitted a letter to the board (**Attachment C**).
March 20, 2021	The Panel B hearing was cancelled due to a lack of quorum.
March 12, 2021	The representative for the tenant/operator submitted a letter to the board (**Attachment D**).
April 9, 2021	The representative for city council revised their letter to the board (**Attachment C**).
April 21, 2021	The Board of Adjustment Panel B held this matter under advisement until June 23, 2021.
June 11, 2021	The representative for the tenant/operator submitted additional evidence to the board (**Attachment E**).

WHEREAS, the OT Tavern is located at 3606 Greenville Avenue, Dallas Texas; and

WHEREAS, the OT Tavern operates under a certificate of occupancy for an alcoholic beverage establishment; and

WHEREAS, the property at 3606 Greenville Avenue is zoned as a CR Community Retail District; and

WHEREAS, an alcoholic beverage establishment requires a specific use permit in a CR Community Retail District; and

WHEREAS, the OT Tavern is operating without a specific use permit as it is a nonconforming use as defined in the Dallas Development Code; and

WHEREAS, the Dallas Development Code authorizes the City Council to request that the Board of Adjustment consider establishing a compliance date for a nonconforming use.

Now, Therefore,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DALLAS:

SECTION 1. That the Board of Adjustment is requested to consider establishing a compliance date for the nonconforming use of an alcoholic beverage establishment known as the OT Tavern located at 3606 Greenville Avenue, Dallas Texas.

SECTION 2. That this resolution shall take effect immediately from and after its passage in accordance with the provisions of the Charter of the City of Dallas, and it is accordingly so resolved.

APPROVED BY
CITY COUNCIL

DEC 09 2020

CITY SECRETARY

Board of Adjustment

Appeal to establish a compliance date for a nonconforming use. Sec. 51A-4.704(a)(1)(A)

or

Appeal to restore a nonconforming use. Sec. 51A-4.704(a)(2)

SEC. 51A-4.704. NONCONFORMING USES AND STRUCTURES.

(a) Compliance regulations for nonconforming uses. It is the declared purpose of this subsection that nonconforming uses be eliminated and be required to comply with the regulations of the Dallas Development Code, having due regard for the property rights of the persons affected, the public welfare, and the character of the surrounding area.

(1) Amortization of nonconforming uses.

(A) Request to establish compliance date. The city council may request that the board of adjustment consider establishing a compliance date for a nonconforming use. In addition, any person who resides or owns real property in the city may request that the board consider establishing a compliance date for a nonconforming use. Upon receiving such a request, the board shall hold a public hearing to determine whether continued operation of the nonconforming use will have an adverse effect on nearby properties. If, based on the evidence presented at the public hearing, the board determines that continued operation of the use will have an adverse effect on nearby properties, it shall proceed to establish a compliance date for the nonconforming use; otherwise, it shall not.

(2) The right to operate a nonconforming use ceases if the nonconforming use is discontinued for six months or more. The board may grant a special exception to this provision only if the owner can show that there was a clear intent not to abandon the use even though the use was discontinued for six months or more.

Property address: 3606 Greenville Avenue, Suite A

1. The nonconforming use being appealed/restored: alcoholic beverage establishment
(The land use as stated on the Certificate of Occupancy. Attach a copy of the C.O.)

2. Reason the use is classified as nonconforming: The property at 3606 Greenville Avenue is zoned as a CR Community Retail District. An alcoholic beverage establishment requires a specific use permit in a CR Community Retail District. The OT Tavern is operating without a specific use permit as it is a nonconforming use as defined in the Dallas Development Code.

(Was there a change in the zoning or in the use requirements?)

3. Current zoning of the property on which the use is located: CR Community Retail

4. Date the nonconforming use was discontinued: N/A

5. Date that the nonconforming use became nonconforming: 1989
(Date the property zoning or use requirements changed.)

6. Previous zoning of the property on which the use is located: GR General Retail
(Applies if a zoning district change caused the use to become nonconforming.)

Grantees' Mailing Address: 3684 4th Ave., Unit 1
San Diego, California 92103

Consideration: TEN AND NO/100 DOLLARS ($10.00) and other good and valuable consideration, and a note of even date that is in the principal sum of $3,500,000.00 and is executed by Uptown Ventures LLC and payable to the order of **Independent Bank**. The note is secured by a vendor's lien retained in favor of **Independent Bank** in this deed and by a deed of trust and security agreement of even date from Grantees to Robert C. Rigney, Trustee.

Property (including any improvements):

An undivided 95% interest in and to the property described on Exhibit "A" attached hereto and made a part hereof for all purposes to Uptown Ventures LLC; and

An undivided 5% interest in and to the property described on Exhibit "A" attached hereto and made a part hereof for all purposes to Hillcrest Towers LLC.

Reservations from Conveyance: None.

Exceptions to Conveyance and Warranty: Validly existing easements, right-of-way, and prescriptive rights, whether of record or not; all presently recorded and validly existing restrictions, reservations, covenants, conditions, oil and gas leases, mineral interests, and water interests outstanding in persons other than grantor, and other

instruments, other than conveyances of the surface estate, that affect the Property, including but not limited to: the covenants of records under Clerk's File No. 201200287954, Real Property Records, Volume 81214, Page 1219 and Volume 6 Page 384 of the Map/Plat Records of Dallas County, Texas, the Parking Agreement, dated October 3, 1980, filed October 3, 1980 recorded in Volume 80196, Page 3341, Real Property Records of Dallas County, Texas, and the Packed-Remote Parking Agreement dated October 6, 1987, filed October 7, 1987 recorded in Volume 87194, Page 3501, Real Property Records of Dallas County, Texas; validly existing rights of adjoining owners in any walls and fences situated on a common boundary; and discrepancies, conflicts, or shortages in area or boundary lines; any encroachments or overlapping of improvements.

Grantor, for the Consideration and subject to the Reservations from Conveyance and the Exceptions to Conveyance and Warranty, grants, sells, and conveys to Grantee the Property, together with all and singular the rights and appurtenances thereto in any way belonging, to have and to hold it to Grantee and Grantee's heirs, successors, and assigns forever. Grantor binds Grantor and Grantor's heirs and successors to warrant and forever defend all and singular the Property to Grantee and Grantee's heirs, successors, and assigns against every person whomsoever lawfully claiming or to claim the same or any part thereof when the claim is by, through, or under Grantor but not otherwise, except as to the Reservations from Conveyance and the Exceptions to Conveyance and Warranty.

Grantor, for the Consideration and subject to the Reservations from Conveyance and the Exceptions to Conveyance and Warranty, grants, sells, and conveys to Grantee without express or implied warranty, the strips or gores, if any, between the Property and abutting properties and land lying in or under any public thoroughfare, opened or proposed, abutting or adjacent to the Property, together with all and singular the rights and appurtenances thereto in any way belonging, to have and to hold it to Grantee and Grantee's successors, and assigns forever. All warranties that might arise by common law as well as the warranties in section 5.023 of the Texas Property Code (or its successor) are excluded as to the property conveyed by this Special Warranty Deed.

GRANTEE IS TAKING THE PROPERTY IN AN ARM'S-LENGTH AGREEMENT BETWEEN THE PARTIES. THE CONSIDERATION WAS BARGAINED ON THE BASIS OF AN "AS IS, WHERE IS" TRANSACTION AND REFLECTS THE AGREEMENT OF THE PARTIES THAT THERE ARE NO REPRESENTATIONS OR EXPRESS OR IMPLIED WARRANTIES, EXCEPT THOSE CONTAINED IN THIS DEED. GRANTEE HAS NOT RELIED ON ANY INFORMATION OTHER THAN GRANTEE'S INSPECTION AND THE REPRESENTATIONS AND WARRANTIES, EXPRESSLY CONTAINED IN THIS DEED.

GRANTEE RELEASES AND HOLDS HARMLESS THE GRANTOR FROM LIABILITY FOR ANY AND ALL ENVIRONMENTAL PROBLEMS AFFECTING THE PROPERTY, INCLUDING LIABILITY (1) UNDER THE COMPREHENSIVE ENVIRONMENTAL RESPONSE, COMPENSATION, AND LIABILITY ACT

(CERCLA), THE RESOURCE CONSERVATION AND RECOVERY ACT (RCRA), THE TEXAS SOLID WASTE DISPOSAL ACT, AND THE TEXAS WATER CODE; OR (2) ARISING AS THE RESULT OF THEORIES OF PRODUCT LIABILITY AND STRICT LIABILITY, OR UNDER NEW LAWS OR CHANGES TO EXISTING LAWS ENACTED AFTER THE EFFECTIVE DATE OF THE PURCHASE CONTRACT THAT WOULD OTHERWISE IMPOSE ON GRANTORS IN THIS TYPE OF TRANSACTION NEW LIABILITIES FOR ENVIRONMENTAL PROBLEMS AFFECTING THE PROPERTY.

The vendor's lien against and superior title to the Property are retained until each note described is fully paid according to its terms, at which time this deed will become absolute.

Independent Bank, at Grantees' request has paid in cash that portion of the purchase price of the property that is evidenced by the note described. The vendor's lien and superior title to the property are retained for the benefit of Independent Bank and are transferred to that party without recourse on Grantor. When the context requires, singular nouns and pronouns include the plural.

DALLAS CITY COUNCIL Applicant,	§ § §	CITY OF DALLAS
VS.	§ §	
UPTOWN VENTURES, LLC and GSP SPORTS NSL, INC., Respondents.	§ § §	BOARD OF ADJUSTMENT

MOTION FOR CONTINUANCE

TO THE HONORABLE JUDGE OF SAID COURT:

COMES NOW, Respondents, UPTOWN VENTURES, LLC and GSP SPORTS NSL, INC. ("Respondents"), and file this their Motion for Continuance (the "Motion") and in support thereof respectfully show the Board of Adjustment the following:

1. The hearing in this matter has been scheduled for March 17, 2021, at 1:00 p.m. This is the first hearing date in this matter. Respondents seek a continuance of such hearing date in this matter to allow time for discovery and to attempt resolution of this matter without the expense of a hearing. Counsel for the Dallas City Council has indicated they have no objections to this Motion.

2. Respondents have made several open records requests to the City of Dallas and the Dallas Police Department. As of this Motion, no responsive documents have been provided. Additionally, the undersigned attorneys were just retained on February 24, 2021 by UPTOWN VENTURES, LLC, the landlord's representative in this matter. Additional time is necessary to properly prepare for the hearing in this matter.

3. Accordingly, Respondents request a continuance of the present hearing date. This continuance is not sought for the purpose of delay, but so that justice may be done. Respondents

request that hearing in this matter be reset for a date not sooner than 45 days from the date of this Motion.

WHEREFORE, PREMISES CONSIDERED, Respondents request that the hearing in this matter be continued and for such other and further relief to which Respondents may show himself justly entitled.

Respectfully submitted,

Case No. BDA 201-023

DALLAS CITY COUNCIL Applicant,	§ §	CITY OF DALLAS
VS.	§	
UPTOWN VENTURES, LLC and GSP SPORTS NSL, INC., Respondents.	§ § §	BOARD OF ADJUSTMENT

OBJECTION TO LIMITATION OF EVIDENCE AND PRODUCTION OF DOCUMENTS

TO THE BOARD OF ADJUSTMENT:

COME NOW, Respondents, UPTOWN VENTURES, LLC and GSP SPORTS NSL, INC. ("Respondents"), and file this their Objection to Limitation of Evidence and Production of Documents (the "Objection") and in support thereof respectfully show the Board of Adjustment the following:

I. BACKGROUND

1. The Dallas City Council filed the Application to the Board of Adjustment to Set a Compliance Date for a Nonconforming Use (the "Application") in this matter on December 18, 2020. The Board Administrator did not provide a copy of the application to Respondents GSP Sports NSL, Inc. ("GSP") Uptown Ventures, LLC ("Uptown") until January 14, 2021 and only after receiving an inquiry from Respondents' counsel's office earlier that day. The hearing in this matter has been scheduled for March 17, 2021, at 1:00 p.m (the "Hearing").

2. On January 14, 2021, GSP submitted a document request to the City of Dallas Police Department for the 911 Call Sheet for all calls made since January 1, 2019 involving Respondent's address and for the investigative files and offense reports related to the two shootings that occurred in the 3600 block of Greenville on October 10, 2020. Despite making this request

on the same day Respondents were provided a copy of the Application, such request has not yet been fulfilled.

3. Respondents made several other open records requests to the City of Dallas and the City of Dallas Police Department on January 22, 2021. Such requests sought:

a. the 911 Call Sheets, offense reports, and investigative files, dated January 1, 2019 or later, for several addresses nearby Respondents' address;

b. any City of Dallas Fire Department Inspection Reports since March 1, 2020 finding a violation of the Dallas County "Shelter-in-Place: Stay Home Stay Safe" Declaration of Local Disaster for Public Health Emergency for Respondents' address and several addresses nearby Respondents' address; and,

c. any documents (including but not limited to, meeting requests, meeting agendas, resolutions, suggested or required courses of action, emails or other correspondence) related to any safety meetings, roundtable discussions, or other meetings regarding safety measures, code violations and/or compliance, Covid-19 restrictions and violations/compliance, created, received, sent, or otherwise possessed by the City of Dallas Police Department, City of Dallas Fire Department, City of Dallas Code Compliance, and/or City of Dallas Attorney's Office related to Respondents' address and several addresses nearby Respondents' address.

4. To date, Respondents have not received a response to the request in paragraph 3(a). The City of Dallas claims it has no records responsive to the request in paragraph 3(b). This is demonstrably false, as Respondent GSP has produced several City of Dallas Fire Department Inspection Reports showing its compliance with the Dallas County "Shelter-in-Place: Stay Home

Stay Safe" Declaration of Local Disaster for Public Health Emergency. While the City of Dallas did respond to the request in paragraph 3(c), such response appears to be incomplete.

II. OBJECTION

5. Respondents are guaranteed due process under the Texas and United States Constitutions. The City of Dallas and the Board of Adjustment will deprive Plaintiff of such right if the Hearing is not postponed until Respondents can acquire the documents necessary to properly defend themselves from the allegations raised in the Application. Such documents are currently in the custody and control of the City of Dallas and Dallas Police Department. Despite Respondents' requests for such documents made forty-five and fifty-three days ago, most documents have not been provided. It would be unconscionable and a violation of Respondents' due process rights to proceed with the Hearing, inasmuch as the City of Dallas would be terminating Respondents' nonconforming use, which is necessary for Respondent GSP's continued existence, for an alleged adverse impact on the community, all while holding hostage the documents required for Respondents to properly defend themselves from such allegations.

6. Respondents are producing documents, labeled Exhibit A, herewith as evidence for the Hearing. Respondents object to the arbitrary limitation of evidence permitted to be presented during the Hearing. Respondents further object to proceeding with the Hearing before receiving all documents requested from the City of Dallas and Dallas Police Department. Respondents reserve the right to supplement their document production with any documents produced by the City of Dallas and Dallas Police Department

WHEREFORE, PREMISES CONSIDERED, Respondents again urge that the hearing in this matter be continued and for such other and further relief to which Respondents may show himself justly entitled.

Respectfully submitted,

Congratulations, the compliance inspection with the City of Dallas and Dallas County "Shelter-in-Place: Stay Home Stay Safe" Declaration of Local Disaster for Public Health Emergency has satisfactorily been completed resulting in correction of violation(s) found **or** no violation found during inspection. Dallas Fire & Rescue would like to take this time to thank you for making Fire and Life Safety a priority.

Note: Records of inspection reports are maintained by the Inspections & Life Safety Education Division of the City of Dallas Fire & Rescue Department and are part of public record requirements of the State of Texas.

Inspection Notes:

75% = 141
9/26/2020 Received complaint of possible overcrowding via city council. Upon arrival the occupant load count on the inside was below 75%. The reason there was a large amount pf people standing outside was because the owner of the business was abiding by the 75% occ load executive order. Closing case. Will continue to monitor for compliance.

Thank you for reaching out to us regarding your concerns at these locations.

As discussed, we are moving forward with scheduling a compliance hearing at both businesses. As of now, our goal is to get the hearings April 19 – 21. We understand the frustration and appreciate your patience and understanding as we work to address the community concerns.

Please feel free to reach out to myself or Naomi Green for any additional concerns or updates.

Take care,

Connie,

I got your information from one of my neighbors and they said you would be the person that would be able to help with getting some information to Councilman Blewett. My address is [redacted] 552.101 (Informer's Privilege)

Recently, our neighborhood has gotten very active late at night and not for the best reasons. I moved to the city because i love an active night life and I'm in the hospitality industry as well but i think its gotten a little out of hand and wanted to see if there was a possibility of increasing patrols in the area and also curtailing some of the activity at OT tavern.

I recently had my car totaled at the corner of Worcola and Longview because of a guest of theirs leaving and slamming into my car because they ran a stop sign and was intoxicated.
We have also had an increase in gunshots late in the evening. I counted about ten when i was coming home from work on Saturday morning this week alone.

I'm not for trying to shut anyone's business down, especially with how hard everything is right now especially in the bar and restaurant industry. But i think they should get a little attention to maybe reign it in just a little bit.

We live in a major city, it's bound to happen, but i just hope this issue can be addressed, give them some time to sort it out before anything bad happens. They do control how much alcohol is served and they are responsible for how their guests leave afterward.

Thanks for reading my email and I hope something can be remedied or at least addressed. Have a great day.

Kind Regards,

552.101 (Informer's Privilege)

Owner / Occupant / Person in Control of Property

NOTICE OF VIOLATIONS FOR WEEDS, LITTER, SOLID WASTE, VEGETATION, OR WATER CONSERVATION

*The Dallas City Code requires only one notice of violation for weeds, litter, solid waste, vegetation, illegally placed garbage and water conservation to be issued per twelve month period. This is the only notice you will receive for the next twelve months relating to the above described violation(s) at this address. If you commit another violation of the same kind and nature that poses a danger to the public health and safety on or before the first anniversary date of this date of this notice, then the City may, without further notice, correct the violation at your expense, place a lien against your property and issue a citation.

1. The owner/agent/occupant/person in control is responsible for having high grass or weeds cut before they exceed 12 inches in height. The cutting must be mulched or removed.
2. Premise must be kept free of unsightly litter. Generally, the occupant is held responsible even though they may be renting. Each owner of the property which has an adjacent alley is responsible for maintaining their half of that alley free of garbage, litter, weeds and other obstructions or nuisances.
3. Solid waste materials illegally dumped or placed on private property must be removed or disposed of by the owner of the property.
4. Vegetation, such as hedges, shrubs and limbs from trees, must be trimmed back to prevent injury or damage to persons or property who may use the right-of-way, sidewalk, easement or alley.
5. Watering Restrictions: A person commits an offense if violations occur on property that he/she owns, leases or manages.
    - Watering of lawns or landscapes with an irrigation system or a sprinkler is prohibited between the hours of 10 a.m. and 6 p.m.; during the period from April 1 – October 31.
    - It is an offense to water a lawn or landscape in a manner that wastes water or causes runoff.
    - Do not cause water to fall on sidewalks, driveways or other areas that are not laws or landscapes.
    - Do not operate an irrigation system with broken or missing sprinkler heads or one that is poorly maintained and leads to water waste.
    - Do not water or irrigate lawns or landscapes during any form of precipitation.
    - Watering with a hand-held hose or a soaker hose is permitted at any time.

Life Hazard:

If the violation is noted as a life hazard abatement, it must be completed within 24 hours.
Examples of those violations include, but are not limited to:

- No hot water
- Air conditioning not in operating condition
- Heating equipment not in operating condition
- Exposed electrical
- Raw sewage
- Icebox or Refrigerator (31-7)

DEFINITIONS:

Operating Condition: free of leaks, safe, sanitary, structurally sound and in good working order. (27-3(23))

Workmanlike: executed in a skilled manner, for example generally plumb, level, square, in line, undamaged, and without marring adjacent work. (27-3(42))

- All repairs must be performed in a workmanlike manner (27-11(b))

Habitable Space: the space occupied by one or more persons while living, sleeping, eating, and cooking. Bathrooms, toilet rooms, closets, hallways, storage spaces, and utility rooms and other similar rooms are not considered habitable rooms. (27-3(15))

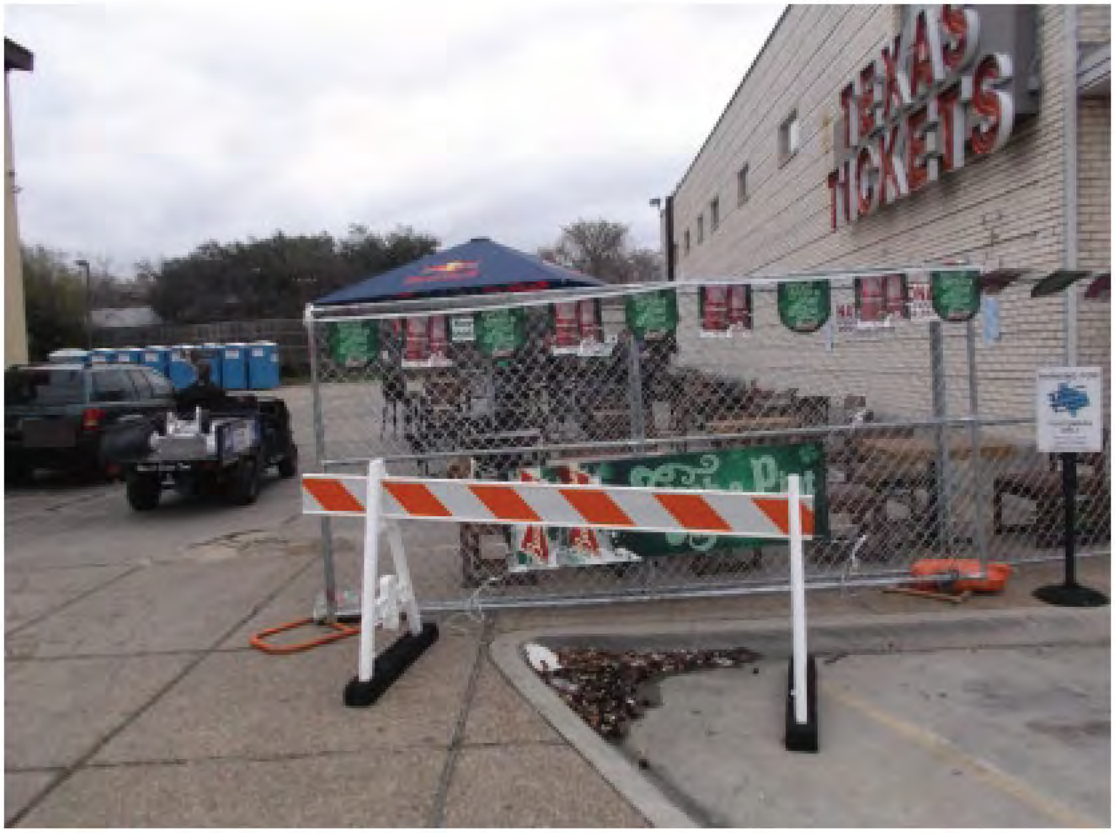

Sanitary Condition: any condition of good order and cleanliness that precludes the probability of disease transmission. (27-3(31))

Single Dwelling Unit: a single family or duplex as defined in the Dallas Development Code, as amended, or a condominium dwelling unit. (27-3(36))

Private Premise: any dwelling, house, building or other structure designed or used either wholly or in part for private residential purposes, whether inhabited or temporarily or continuously uninhabited or vacant, including any yard, grounds, walk ,driveway, porch, steps, vestibule or mailbox belonging or appurtenant to such dwelling, house, building or other structure. (7A-2(11))

DALLAS TOMORROW FUND

The Dallas City Code states that the Dallas Tomorrow Fund must be used for the sole purpose of rehabilitating and repairing properties and premises in the city for persons who are found by the Dallas Tomorrow Fund administrator to be financially unable to comply with a notice of violation issued. Mr. Jana,

As discussed, the follow up matters from today's Roundtable Discussion with DPD/DFR/Code are:

- To ensure that patrons are cleared from the business by 2:00 am, OT Tavern will close the business at 1:30 am.
- The business operator and property owner representative will work together to display "no loitering" signage around the entire exterior of the property; including a roll-away sign on the front sidewalk.
- The business operator will employ off duty police officer(s) every Sunday evening between 6:00 pm and 11:00 pm.
- The business operator, or employee(s), will confirm that the property surrounding the business, the parking spaces, and adjacent parking lot is cleared of all patrons before the employees leave business.
- The business operator will ensure that all bartenders maintain TABC certification and follow all TABC alcohol serving regulations.
- The business operator will continue to keep outside speakers turned off.
- The business operator will continue to enforce security measures currently in place; such as, require patrons enter through a metal detector, check all purses and individuals for any unauthorized weapons.

The Dallas Police Department will continue to patrol the area frequently and ensure DPD presence in the area.

Thank you again for taking the time today to meet with several City departments to work collaboratively and address the ongoing concerns regarding your property. We would also like to meet with your tenants at 3606 Greenville Ave., Ste. B, Bar 3606. I will email you next week to schedule a meeting with DPD.

MEMORANDUM

TO: Honorable Chair and Members of the Dallas Zoning Board of Adjustment, Panel B

FROM: Naomi Green, City of Dallas Attorney's Office
Zinzi Bonilla, City of Dallas Attorney's Office
Jill Haning, City of Dallas Attorney's Office

DATE: April 9, 2021

RE: BDA 201-023
Compliance Proceedings for Nonconforming Use
OT Tavern, 3606 Greenville Ave., Suite A, Dallas, Texas

On December 9, 2020, Dallas City Council passed Resolution No. 201935 in reference to the nonconforming use of OT Tavern, located at 3606 Greenville Avenue, Suite A, Dallas, Texas ("the property"). The Dallas City Attorney's Office filed the application and initiating documents on December 18, 2020. The case has been assigned to the Board of Adjustment Case No. BDA 201-021 and is scheduled for public hearing on April 21, 2021 at 1:00 p.m. This Memorandum is submitted as part of the Applicant's evidence and testimony for the Board's consideration in this matter.

COMPLIANCE PROCEEDINGS

A. What is a compliance proceeding?

According to Dallas City Code Section 51A-4.704(a)(1), the City Council may request that the Board of Adjustment ("Board") establish a compliance date for a nonconforming use. The Board shall hold a public hearing to determine whether the continued operation of the nonconforming use will have an adverse effect on nearby properties.

B. What are the powers of the Board of Adjustment?

The Board is authorized to require nonconforming uses to come into compliance with current zoning regulations pursuant to the City of Dallas' ordinance and state law. The Board, during a second hearing, shall proceed to establish a compliance date for the nonconforming use.

C. What is the purpose of this hearing?

The only purpose of this hearing is for the Board to determine whether the continued operation of the nonconforming use by OT Tavern will have an adverse effect on nearby properties.

NONCONFORMING USE

A. How is OT Tavern approved to operate under nonconforming use?

On June 23,1993, in Ordinance 21735, the City changed requirements for the geographical zoning district that included 3606 Greenville Ave., Suite A. Establishments zoned for commercial retail (CR) required specific use permits (SUP) in order to operate alcoholic beverage establishments or bars. The Board restored the nonconforming use for this property in 2004. In 2008, a certificate of occupancy (CO) for a bar was issued for 3606 Greenville Ave., Suite A and was later updated on January 1, 2011 specifically for OT Tavern.

B. What is OT Tavern's current use?

OT Tavern currently operates as a bar and lounge, where patrons may partake in drinking alcohol, playing billiards, dancing, smoking hookah and eating food. Events are held on weekends, including Sunday nights, and weeknights, in which a cover charge is sometimes required.

FACTORS THAT THE BOARD CONSIDERS

A. Dallas City Code Section 51A-4.204(a)(1)(B)

According to the Dallas City Code Section 51A-4.204(a)(a)(B), the following factors shall be considered by the Board when making a determination on requiring compliance for a nonconforming use. These factors are listed below.

(B) Factors to be considered. The board **shall** consider the following factors when determining whether continued operation of the nonconforming use will have an adverse effect on nearby properties:

(i) The character of the surrounding neighborhood.

(ii) The degree of incompatibility of the use with the zoning district in which it is located.

(iii) The manner in which the use is being conducted.

(iv) The hours of operation of the use.

(v) The extent to which continued operation of the use may threaten public health or safety.

(vi) The environmental impacts of the use's operation, including but not limited to the impacts of noise, glare, dust, and odor.

(vii) The extent to which public disturbances may be created or perpetuated by continued operation of the use.

(viii) The extent to which traffic or parking problems may be created or perpetuated by continued operation of the use.

(ix) Any other factors relevant to the issue of whether continued operation of the use will adversely affect nearby properties.

EVIDENCE THAT SUPPORTS THE FACTORS FOR CONSIDERATION

I. The character of the surrounding neighborhood:

- This property is included in residential neighborhood PD 142, the Central District, and the Majors & Majors Subdivision. The two subdivisions are characterized by a mix of commercial and business service, retail and personal service uses serving both the surrounding residential neighborhood, as well as the broader Lower Greenville community. See Tab 1, Pages 23-31. The Majors & Majors Subdivision includes residential single family and multifamily properties. See Tab 2, Pages 33-40.

II. The degree of incompatibility of the use with the zoning district in which it is located:

- Several businesses in the area are retail or restaurant. According to the Certificates of Occupation for those businesses, unlike OT Tavern, none have a dance floor or provide hookah. See Tab 2, Pages 41-53. The property is surrounded by several single family and duplex homes. See Tab 2, Pages 33-40.

III. The manner in which the use is being conducted:

- OT Tavern operates as an alcohol beverage establishment and sometimes requires a cover charges for entry. The business provides alcoholic beverages, billiards, hookah, and a bar food menu to customers. See Tab 3, Pages 55-58.

IV. The hours of operation of the use:

- OT Tavern is open 4:00 p.m. to 2:00 a.m., Sunday through Saturday. Unlike, the surrounding restaurants that close at 10:00 p.m. (with weekend exceptions of Piggy Pies, that closes at 1:00 a.m. and Wava Halal Grill that closes at 3:00 a.m.) See Tab 4, Page 60 and see Tab 1, Pages 23-31.

V. The extent to which continued operation of the use may threaten public health or safety:

- Within the past 12 months, there have been several crimes committed on or near the property. Those incidents reports are attached in Tab 5, Pages 62-90. In October of 2020, a shooting occurred in which cars were damaged as well as a valet stand. A valet employee was in fear and panic as he witnessed the shooting. He subsequently, found a bullet still lodged in his valet stand. See Tab 5, Pages 91-104. Residents witnessed fights in OT Tavern parking lot. See Tab 5, Pages 91-104.

VI. The environmental impacts of the use's operation, including but not limited to the impacts of noise, glare, dust, and odor:

- Several residents suffered the extremely loud noise created by OT Tavern; especially loud on Sunday nights. See Tab 6, Pages 108-158. The loud music from OT Tavern disrupts the residents' ability to sleep on several occasions to no avail.

Additionally, the odor of marijuana coming from OT Tavern is prevalent in other businesses. See Tab 6, Pages 159-170. Residents are also impacted by the odor of marijuana as well.

VII. The extent to which public disturbances may be created or perpetuated by continued operation of the use:

- There have been several complaints by residents due to noise and crowds even during the time of partial closure during Covid. At only half of the occupancy, OT Tavern failed to adequately address issues with traffic, noise, and crowd control. Tab 7, Pages173-177. Once the state allows the bars to operate at full capacity, the situation will only get worse.

VIII. The extent to which traffic or parking problems may be created or perpetuated by continued operation of the use:

- Patrons park in front of single family homes and some fights have taken place in the middle of the street blocking traffic. See Tab 8, Pages 179-184. The crowds from OT Tavern directly impacts residents. Attached are pictures of the traffic on a recent Sunday evening. See Tab 6, Pages 108-124.

IX. Any other factors relevant to the issue of whether continued operation of the use will adversely affect nearby properties:

- Several business owners and property owners fear that not only will business continue to decline, but the value of their residential property will suffer. One property owner rents out several properties and has an increasingly difficult time finding and keeping tenants due to the noise, litter and violence at OT Tavern. Tab 9, Pages 186-195.

Board of Adjustment

Appeal to establish a compliance date for a nonconforming use. Sec. 51A-4.704(a)(1)(A)

or

Appeal to restore a nonconforming use. Sec. 51A-4.704(a)(2)

SEC. 51A-4.704. NONCONFORMING USES AND STRUCTURES.

(a) Compliance regulations for nonconforming uses. It is the declared purpose of this subsection that nonconforming uses be eliminated and be required to comply with the regulations of the Dallas Development Code, having due regard for the property rights of the persons affected, the public welfare, and the character of the surrounding area.

(1) Amortization of nonconforming uses.

(A) Request to establish compliance date. The city council may request that the board of adjustment consider establishing a compliance date for a nonconforming use. In addition, any person who resides or owns real property in the city may request that the board consider establishing a compliance date for a nonconforming use. Upon receiving such a request, the board shall hold a public hearing to determine whether continued operation of the nonconforming use will have an adverse effect on nearby properties. If, based on the evidence presented at the public hearing, the board determines that continued operation of the use will have an adverse effect on nearby properties, it shall proceed to establish a compliance date for the nonconforming use; otherwise, it shall not.

(2) The right to operate a nonconforming use ceases if the nonconforming use is discontinued for six months or more. The board may grant a special exception to this provision only if the owner can show that there was a clear intent not to abandon the use even though the use was discontinued for six months or more.

Property address: 3606 Greenville Avenue, Suite A

1. The nonconforming use being appealed/restored: alcoholic beverage establishment
(The land use as stated on the Certificate of Occupancy. Attach a copy of the C.O.)

2. Reason the use is classified as nonconforming: The property at 3606 Greenville Avenue is zoned as a CR Community Retail District. An alcoholic beverage establishment requires a specific use permit in a CR Community Retail District. The OT Tavern is operating without a specific use permit as it is a nonconforming use as defined in the Dallas Development Code.

(Was there a change in the zoning or in the use requirements?)

3. Current zoning of the property on which the use is located: CR Community Retail

4. Date the nonconforming use was discontinued: N/A

5. Date that the nonconforming use became nonconforming: 1989
(Date the property zoning or use requirements changed.)

6. Previous zoning of the property on which the use is located: GR General Retail
(Applies if a zoning district change caused the use to become nonconforming.)

(Rev. 04/04/14)

December 9, 2020

WHEREAS, the OT Tavern is located at 3606 Greenville Avenue, Dallas Texas; and

WHEREAS, the OT Tavern operates under a certificate of occupancy for an alcoholic beverage establishment; and

WHEREAS, the property at 3606 Greenville Avenue is zoned as a CR Community Retail District; and

WHEREAS, an alcoholic beverage establishment requires a specific use permit in a CR Community Retail District; and

WHEREAS, the OT Tavern is operating without a specific use permit as it is a nonconforming use as defined in the Dallas Development Code; and

WHEREAS, the Dallas Development Code authorizes the City Council to request that the Board of Adjustment consider establishing a compliance date for a nonconforming use.

Now, Therefore,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DALLAS:

SECTION 1. That the Board of Adjustment is requested to consider establishing a compliance date for the nonconforming use of an alcoholic beverage establishment known as the OT Tavern located at 3606 Greenville Avenue, Dallas Texas.

SECTION 2. That this resolution shall take effect immediately from and after its passage in accordance with the provisions of the Charter of the City of Dallas, and it is accordingly so resolved.

NARRATIVE

While getting food on Saturday evening, January 30, 2021 around 10PM in the Lower Greenville area at 3606 Greenvile Ave, I came back to my car and proceeded to head home with no known mishaps at that present moment. It wasn't until I arrived at home and noticed I had several items missing from my vehicle. Among those minor items missing, my backpack was taken with contained my work computer, Macbook Air.

- Are the keys still in your possession? = [Yes]

Narrative Information

On February 13, 2021 RO K. Hesse 10549 spoke with the witness, who was the general manager for OT Tavern/Bar 3606, Dallas, Dallas County, Texas. RO informed the witness that the establishment had historically been the source of several loud music/disturbance calls. RO informed the witness that it would benefit them to be good neighbors and keep a peaceful establishment based on the city ordinances. RO spoke with witness via telephone as RO had not been able to catch the witness at the locations on previous visits.

Narrative Information

On Oct. 14, 2020 at about 11:48 PM, Comp stated that she went to 3606 Greenville Ave, Dallas, Dallas Tx. meet a friend at the club. Comp came to the location to pick up her friend who had an altercation with the suspects in the club earlier. As Comp walked toward the front door,Comp was on the phone with her friend when both suspects shouted profanity at the comp.

Suspect 1 approached the Comp and Suspect 1 bumped Comp with her chest. Comp and Suspect 1 began to fight when Suspect 2 grabbed Comp from behind and punched Comp several times in the head with closed fist. Both Suspects began punching the Comp in the face and body. Suspect 2 snatched Comp's wig off her head. Comp received bruises to her face and she felt pain. R/O Cowley # 6533 did not observed any visible injuries to the Comp's face because Comp made the offense report several days after the assault. Comp told R/O that she could provide photos of her injuries. Comp believes that the club could have video of the offense.

During the assault, Comp lost her cell phone. Comp told R/O that she laid her phone down to fight Suspect 1. Comp was told by her friend that the suspects were texting her friend from the comp's cell phone. Comp knows both Suspects and can provide detectives with more information on the suspects. Comp is not sure how the suspects got her cell phone ,but Comp never gave anyone permission to take her cell phone.

On Oct. 14, 2020 at approximately 11:48 PM, Comp arrived at 3601 Greenville Ave, Dallas ,Dallas Texas. to give a friend a ride home from the club located at the location. When Comp arrived, she did not see her friend standing outside. Comp friend had verbal argument with both suspects earlier inside the club. As comp walked toward the front door of the club, She noticed suspect 1 and suspect 2 standing outside yelling profanity at her as she walked toward the club.

Comp friend had verbal argument with both suspects earlier inside the club. Comp stated that she called her friend to let her know that she was outside. While Comp was on the phone with her friend, Suspect 1 ran toward Comp and bumped Comp with her chest. Comp and the suspect1 began to fight and suspect 2 grabbed from behind. Both suspects began to assault the Comp. Suspect 2 snatched Comp's wig off and punched comp several times in the back of the head. Comp stated that she was defenseless and both suspects began to hit and scratch comp in the face.

Comp received bruises and scratches marks in her face. Comp stated that she has pictures of her injuries. Comp made this offense report several days after the assaulted. R/o did not see any visible injuries to the Comp face.

Comp stated that the suspect took her cell phone. Comp stated doing she sat

I live in the 5800 block of Mercedes, several blocks of the reported incidents near 3606 Club and OT Tavern. I am a 20+ year resident and find this terrifying! Coming from work, including yesterday, I have observed hoards of people on the patio, crammed together, at OT their actions, lack of enforcing Covid standards, need to be reined in.

Comments: Good afternoon. I am hopeful that you can help us in restoring peace in our neighborhood. I have lived close to OT Tavern and Bar 3606 for over 15 years. And, as of the past few years we have continued to see things escalate and get worse in this area on certain nights of the week. I am sure you are aware of the shootings that took place this past Friday night. I was woken up at 2:06 AM to several gun shots being fired, and watched as people ran to their cars on my street and drove off, all very loud, too, as they made their way to their cars. I had folks literally sitting outside my house, on my property, and I was scared to even go out there or say anything. Beyond this: Last night, Sunday, I observed several folks outside these bars in a fight in the middle of Greenville Ave. They shut down traffic on both sides. I quickly made it to my house where I would be safe (hopefully)...and watched as several of these folks also made their way down Martel, screaming and waking up neighbors. I also contacted 911 to report what was going on, just two days after the shootings in that same area. Also, if you drive by these bars on Wednesdays and the weekends, you will see the lines of folks all standing outside and in these bars. Do we not still have restrictions on COVID and number of occupancy? I can't even imagine that either of these bars are in compliance. I have photos that I can share, as well. How is the Bar 3606 even open? Do they even serve food? I thought that bars are still supposed to be closed in Dallas County. If you look at their website it says they are closed on Sundays (which clearly they were not). I lean on your as our council representative to help support our community and do something about this to make it safe again. I am sure that many residents would stand behind you on this. It is getting way out of control! Thank you so much for serving our county and for being

a voice for our community which we want to continue to thrive, be safe and do well. If I can help support in any way please feel free to reach out anytime. Sincerely, Heather Jones

Morning,

I know you're getting bombarded with emails about OT tavern. If you've never been woken up to gunshots trust me when I say it's not fun or funny. It's scary. I was up most of the night after it. This establishment does not fit in a residential area. This is the 3/4 shooting at the place? I know the neighborhood has been trying to get them shut down for awhile. What's it going to take to actually make that happen? How many shootings? How many deaths?

Please don't just sit around and wait. It needs to be closed. The owner obviously doesn't care about any of it bc that patio and outside was packed even during COVID.

Thanks!

Hello David,

The recent shooting at OT Tavern should be the last straw. There have been numerous shootings at this bar and it needs to be shut down for the safety of the community. Please let me know if there is a better way for me to effect this message or if actions are already underway to shut it down. I live only a few blocks from this bar and it is very scary to have these incidents occurring in my neighborhood. I appreciate your support in the matter.

Hi Mr. Blewett,

I'm sure you've received a few emails regarding OT Tavern in Lower Greenville, but I wanted to send my thoughts and concerns as well. I live a block away from OT Tavern and was woken up by the sound of gunshots a few nights ago. I am 7 months pregnant, and this was a very scary way to wake up. As my husband and I get ready to bring a new baby home, I have a lot of concern knowing multiple shootings have happened so close to my home, in a supposedly safe family neighborhood. A neighbor had a stray bullet hit her kid's bathroom window and I can't imagine the trauma and fear that would bring to a child. Thankfully no one was killed, but how devastating would it be if a gun had been shot into a home and killed a child or anyone in our neighborhood. We have so many wonderful restaurants and businesses on Greenville that make our neighborhood better, but OT Tavern does quite the opposite and needs to be shut down for the safety of families and children in the neighborhood. I hope you will strongly consider doing something about this to keep Lower Greenville safe.

Thank you for your time.

Cassie Autrey

Neighbors Frustrated With Large Crowds, Crimes Outside 2 Greenville Avenue Bars

By **Katy Blakey** • Published November 9, 2020 • Updated on November 9, 2020 at 6:47 pm

Surreal is how Jacob Broom described a drive-by shooting captured on his home s surveillance camera.

It happened during the early hours of Oct. 10 along Lower Greenville.

Video shows one car opening fire on another vehicle before it speeds away. Stray bullets shattered windows in a neighboring home.

While Dallas police were on-scene investigating that drive-by shooting, more gunfire erupted just a block away outside the OT Tavern and Room 3606.

"It s terrifying," said Tammy Horne, who lives behind the bars. "There s screaming. There s fighting. There are shootings. I ve called the cops I don t know how many times."

Since COVID-19 restrictions were lifted last month, neighbors said the problems have actually gotten worse with large crowds seen gathering outside.

It s why neighbors said it s time the city of Dallas do something about the bars.

"This isn t a one-time deal," Broom said. "It s been a years long issue."

In 2015, a man was murdered in the parking lot.

Dallas City Councilman David Blewett said the city is listening to neighbor concerns.

He said bar management has met with Dallas police and community prosecutors to ensure off-duty officers are working security and tasked with clearing the parking lot after the bars close.

Blewett also said Dallas Fire-Rescue has conducted frequent checks to make sure the bars are complying with COVID-19 crowd sizes and they ve passed those inspections.

NBC 5 reached out to the Texas Alcoholic Beverage Commission. A spokesperson said they began to receive complaints regarding potential social distancing issues beginning in late September and the complaints remain under investigation

Broom and Horne said they are not against bars. In fact, both said nightlife is part of the appeal of living in the area, they just want everyone to be a good neighbor and safety should come first

"It’s just beyond out of control every night they are open. And they don’t seem to care," Horne said.

NBC 5 reached out to both establishments.

Room 3606 said, "There s been no crime" and sent a copy of the last COVID-19 related inspection they passed. NBC 5 did not hear back from OT Tavern.

LGNA LOWER GREENVILLE NEIGHBORHOOD ASSOCIATION
MOCKINGBIRD TO ROSS / GREENVILLE TO SKILLMAN

Post Office Box 720067
Dallas, TX 75372

February 2, 2021

To: Jennifer Munoz, City of Dallas Board of Adjustment

Re: BDA201-023, OT Tavern, 3606A Greenville Avenue

In order to maintain residential quality of life in our area (Mockingbird to Ross and Greenville Ave. to Skillman) the Lower Greenville Neighborhood Association ("LGNA") works diligently regarding zoning, crime and safety matters impacting the Lower Greenville neighborhood. The OT Tavern lies within the boundaries of our neighborhood association.

The OT Tavern and its adjacent neighbor, currently named Room 3606, are not compatible businesses for a residential neighborhood. For reference, this was the site of Red Jacket in the 1980s. Red Jacket was the reason that the Lower Greenville Neighborhood Association came to be, to fight the constant nuisance from operating a late night Alcoholic Beverage Establishment this close to residential home owners. This problem has only gotten worse over the DECADES we have dealt with it and the current two operators have made this a more urgent situation.

What began as persistent noise related issues from this business have evolved to routine reports of gunfire. We also have a history of violent crime occurring on or adjacent to the property. While there are many more to choose from, these incidents have occurred in just the last 5 years:

- December 19, 2020 – Another shoot out occurred in the street less than 100 hundred feet away near the intersection of Greenville and Penrose.
- October 10, 2020 – A shoot out erupted in the parking lot across the street involving patrons of OT Tavern and Room 3606. This happened in connection with a drive by shooting in the street moments prior to this.
- October 6, 2018 – A woman was sexually assaulted in the rear parking lot.
- February 15, 2015 – After a dispute in the OT Tavern, a man was murdered in the parking lot.

One thing all these incidents have in common is that they occurred in the very late hours of the evening, well after midnight.

We have well over 100 residents living within 500 feet of OT Tavern.

- 5729 Martel – An 18 unit apartment building
- 5730 Martel – A 20 unit apartment building
- Ashton Square Condominiums at 5757 Martel – 24 units
- Aston South Condominiums at 5740 Martel – 40 units
- Approximately 40 single family and duplex homes

Not only is OT Tavern literally adjacent to both single family and multifamily homes, it is also in close proximity to schools and churches:

Signature Verified: 7FFD60D3-1D49-47C2-B684-CBC26ECFF3B4

- 1182 feet from Mockingbird Elementary School
- 617 feet from the Unity Church at McCommas and Greenville
- 976 feet from Greenland Hills United Methodist Church and Preschool (5835 Penrose)

We are fortunate to have a vibrant business community that shares this area with the OT Tavern. Beloved destinations like the Granada Theater and Gloria's are just steps away. The safety of the neighboring businesses and their customers are threatened by the ongoing nuisance coming from OT Tavern and Room 3606. Several nearby businesses have reported property damage from the gunfire in the area.

It is the opinion of the Lower Greenville Neighborhood Association that this business is not compatible with our community. With two shoot outs occurring within the last six months, we believe the problem is rapidly escalating and can not wait any longer for a resolution. Further, with a 40 year history of struggling with quality of life issues from the property, we believe there are no businesses that will be compatible in this location if they are operating after midnight or involve an Alcoholic Beverage Establishment use.

Sincerely,

Darren Dattalo

21-00180561	2/28/2021 20:59	Emergency Regulations Violation - CCS	The OT Tavern had at least 100-200 people waiting to get into this bar mostly unmasked and not socially distanced (shoulder to shoulder) on Greenville Avenue. The outdoor patio was visibly packed (again literally standing shoulder to shoulder) at 6:00pm on Sunday, again mostly unmasked standing room only like there isn't a pandemic going on... I live in Vickery Place not near this bar, but what I saw was just not okay under the current COVID order. Please take a look at this place. Thank you.

Re: Initial - COVID-19 on June 22 2020

EXPLANATION OF THE INSPECTION REPORT AND YOUR RESPONSIBILITIES AS BUSINESS OWNER, MANAGER, OR DESIGNATED REPRESENTATIVE

An inspection conducted at your premises revealed the existence of certain conditions in violation of the City of Dallas and Dallas County "Shelter-in-Place: Stay Home Stay Safe" Declaration of Local Disaster for Public Health Emergency. Your immediate action to eliminate the hazards noted on this inspection report along with sustained compliance with the emergency declaration order will help to ensure the health and wellness of our community and assist in reducing the spread of COVID-19.

A reinspection will occur at this property/business throughout the duration of this emergency declaration to ensure sustained compliance and determine if the listed violation(s) have been corrected.

If your property is not brought into compliance, the City of Dallas will:

- **Issue a citation for each day a violation is committed (maximum fine of $2,000 per citation);**
- **Revoke your Certificate of Occupancy; and/or**
- **File a lawsuit against the owner or owner's representative with control over the premises to obtain an injunction that requires specific conduct tat is necessary for compliance with the ordinance.**

Thank You in Advance for your Cooperation

Note: Records of inspection reports are maintained by the Inspections & Life Safety Education Division of the City of Dallas Fire & Rescue Department and are part of public record requirements of the State of Texas. It is possible that information contained in these reports in addition to your failure to correct any noted fire code violations may be used against you in civil and/or criminal proceedings in the event of an incident related to any such violation. Your insurance carrier may also access these records as part of any future insurance claim.

Subject: Martha Carlson My Permanent Resident [redacted]

I was born Glencoe Park Neighborhood Association area in 1955. Attended public schools and college in Dallas. I had to move to rear bedroom of my home after automatic weapons fire on October 6, 2020 in 3600 block of Greenville Avenue in proximity of OT Tavern.
Starting Fall 2019, my GPNA neighbors have reported over last 2 years frequent gunshots episodes 2-3 per month on weekends at Glencoe Park Winton Street dead end and Winton Street parking lot since opening of OT Tavern. I started watching City of Dallas Dumpster with people using it for furniture and overflowing on weekends starting Fall 2019.
At this time, I have witnessed several cars parked together with with several people occupants then drive toward Greenville Avenue.
Eventually, DPD run off parking activity on both ends on Winton.
Then July, 2020 , I have called in same activity in parking lot in 3600 block of Greenville Avenue at Penrose Avenue by 7 Eleven. I frequent this establishment. I speak almost daily with employees and they report same activity. I quit going to pick up early morning delivery of newspapers since noting increasing frequency parking lot activity in July 2020 especially after October 6, 2020 shootings.
I not expert but 3600 block of Greenville Avenue is highly residential area and is increasing monthly with new construction for
There is grade school nearby and GPNA is finally seeing families with children and households starting families in which is new development in profoundly dominated rental area.
Please review OT Tavern Certificate of Occupancy to be revoked.
I have multiple more events and episodes. I have pending DPD Freedom of Information incident reports for extremely concerning incidents for public safety, my neighbors and citizens of Dallas safety. I have filed TBAC complaint.
I have had personal interaction in my Neighborhood Association meeting with Management of OT Tavern with DPD Community Police Officers witnessed lack of any concern or effort to negotiate solutions. My meeting was late Summer 2019.
I actually took out of town compressed schedule weekend job in Tyler, Tx in July till December.
I did this to avoid noise and

high volume of traffic and noise
especially after hours noise and adjoining parking lots surrounding neighborhood spillover till 3-4 AM every weekend and holiday seasons scheduled.
I got notice on Monday, March 1, 2021. I'm attending certification school full time right.
This is short version of accumulating timeline of almost 3 years of OT Tavern negative impact of my time management for other GPNA issues, my community service commitments, security and home value.
Anybody here want to live what could have been the alternate street route west from October 6, 2020 automatic gun fire from 3600 block of Greenville Avenue? Wanted have home, building, car or gunshots wound by automatic bullet holes?
Oh, wait gunshots frequency was increased within last several years after opening of business in 3600 Greenville Avenue and immediate surrounding block. There has been decreasing intermittently with DPD Community Police contacted and surrounding residents contacting 911 and contacting City Council Representative David Blewett but not really not been truly contained or truly been true level of safety for residents of highly dense residential and trafficked area to access school, churches, parks and homes.

My best regards,
Martha Carlson, RN, CEN

I, Michael Schoder, own and operate the historic Granada Theater and the restaurant next door, Sundown at Granada. I have been a business owner on Greenville Ave since 1992. East Dallas is my home.

I work tirelessly to create a neighborhood business that fits into the community. I have the utmost respect for the homeowners and businesses that surround us here on Greenville Ave. Our experience with OT Tavern over the past years has rendered an extremely negative impact on our neighborhood and our businesses.

Greenville Ave has grown to be an affluent neighborhood and many that would be our customers are afraid to visit our block because of the clientele surrounding OT Tavern.
The gang violence that spills out of OT Tavern and into the street and subsequently into my adjacent parking lot has to stop.
Our valet company attendant has left his post fearing for his life.
Our employees are afraid to walk to their cars late at night because of the known OT gang violence.
Gunfire has erupted numerous times behind OT Tavern and in the Granada parking lot.
Under the current ownership there was a fatality in the OT parking lot.
There is a pattern of behavior that is obvious and hurting the neighborhood.
The crowds that leave OT Tavern, especially on Thursdays and Sundays, end up fighting in the street, partying in the OT Tavern parking lot or the Granada parking lot, creating fear amongst the neighbors and trashing the general area.

Beyond the gang violence, OT Tavern has hosted a Wednesday night fraternity/sorority SMU party night serving hundreds of minors.
It is obvious that the operator has little regard for the surrounding community and businesses.

Thank you,
Michael Schoder

RE: OT Tavern

I declare under penalty of perjury the following:

The OT Tavern establishment is located at the northeast corner of Martel Ave & Greenville Ave. I have lived on Penrose Ave, about 120 yards from the back door of OT Tavern for 26 years.

For the past 18 years, at least, I have consistently complained to the police & city officials about this location. What is now called OT Tavern, over the years has had different names; notably The Red Jacket & NSL. Although incredibly LOUD NOISE has been my major complaint in the past - recently additional agitations and even violence has entered the picture.

The management and Patrons of OT Tavern continually disrupt the immediate neighborhood in the following ways:

- There are documented cases of shootings & fights around this club. In deed, I have a friend whose vehicle has a bullet hole from an incident while he was parked at OT Tavern. It is not unusual to hear gun shots late at night in the vicinity of this club or hear shouting and screaming in the parking lots/areas of this club.
- I've personally been verbally harassed by patrons of OT Tavern and I've been told by others living in the neighborhood of similar incidents. It seems during the evenings the patrons of this club meander back and forth from the club and the nearby 7-11, and if they encounter a neighbor they often heckle, badger or laugh at people living in the neighborhood.
- They constantly park on the wrong side of the road, i.e. they ignore areas where there are no-parking signs, and on many occasions encroach and or block residents' driveways. It seems they park wherever they feel like it without regard to the negative impact.

There is so much noise and disruption and potential danger surrounding this establishment that people living in nearby apartments or homes often leave or sell their homes after living there for only a short while. The fact that this club is operated and managed as it currently is – negatively affects property values and safety in the neighborhood.

In summary, the traffic congestion, safety issues, parking issues, and excessive noise and harassment of neighbors caused by this club – compels me to request that the Board of Adjustment discontinue the nonconforming use of OT Tavern.

Hi David,

Mike Schoder here. I've owned Granada Theater since 2004 and opened Sundown at Granada in 2012.

I'm sure you saw all the social posting going on about the gunfire behind 7-11 and OT Tavern last night. We have a real problem with gang related fights, happening about midnight to 2 AM, stemming from OT Tavern and Bar 3606.
This has been going on for a long time and was happening pre-COVID as well.

There were multiple black males shooting guns in the Granada parking lot last night at 2:10 AM. They were shooting massive amounts of rounds crouched behind their cars. No women with them. Our parking lot attendant Joe was there to witness it. He fled the scene as it started. There was a special concert at Bar 3606 last night.

There is a special promoter/promotion that appeals to an all Afro-American crowd on Thursdays and Sundays at OT Tavern. From this crowd stems the fights and problems.

Last Sunday as almost every Sunday or Thursday night there was a fight in the street with 100 - 150 people that lasted :90. Our parking attendant Joe can attest to this first hand.

If TABC were to approach OT Tavern at Midnight on any Thursday or Sunday they would shut the place down as it is so packed you could not walk through there. Not one mask.

These patrons party in the streets and our parking lots until 3 AM almost every Thursday and Sunday.

There is a weekly underage SMU party at OT Tavern on Wednesdays. TABC would have a bonus day if they showed up about 11 PM.

It's obvious Sean does not care about violating underage drinking and over serving laws. People coming out of these establishments are wasted and underage. No social distancing, no masks.

We are taking a hit with our businesses with the pandemic and can't afford another overlay of this type activity.

What course of action will be taken in regards toward Sean, who is the operator of the business?
Will he be required to have DPD on site every Thursday and Sunday from 9 PM to 3 AM?
What is the plan moving forward?

Thanks, I look forward to continuing to build this amazing laid back neighborhood as the most desirable one in the city.

I am always available.

I declare under penalty of perjury the following:

1. I am familiar with OT Tavern, located at 3606 Greenville Ave., Suite A, because I reside, work, or own a business in the area.
2. My experience with OT Tavern is as follows:

We own the residential property on Martel directly adjacent to the OT Tavern. We continually receive complaints from our tenants concerning the issues spelled out in item 3 below. These same issues are cited by tenants as reasons they have decided to move out of the property. We have upgraded the property to attract more reputable tenants, but our efforts are negated by these same issues.

3. OT Tavern has a negative impact on my property, business, work or the enjoyment of my property by:

Tenant Complaints for:
- Trash from OT customers coming onto the property
- Fights among OT customers that come onto the property
- Loud noises and shouting in the early morning hours disturbing tenants
- Loitering on and near the property
- Shootings (including at least one fatality) adjacent to the property

Difficulty in keeping tenants when they experience these problems

Inability to keep the complex occupied while these problems exist

Thank you for your email concerning OT Tavern. After recent events, as well taking into account a history of community concerns, Councilman Blewett is actively collaborating with City staff, law enforcement, and State agencies to determine how best to enforce regulations for bars and restaurants, as well as handle concerns about certain properties that residents feel operate in a way that creates public safety concerns for the surrounding neighborhood. While enforcement requires following a regimented process, your concerns to Councilman Blewett have been registered, and he is taking action.

David,

I'm writing to you similar to other emails I'm sure you have received in regards to OT tavern and the recent shooting there. This continues a long trend of negative events that have a negative impact to our neighborhood and put our citizens at risk. Shootouts in the parking lots and steets are not what the neighboor hood is known for and not something obviously we want festering. Please do your best to shut this place and the adjoining club down before anyone else gets hurt. Thank you for your service and looking out for the well being of our neighborhood.

Best Regards,

Cory McGuire

What it's like to live near OT Tavern

By Jaime Dunaway-Seale | October 20th, 2020 | Bars & Nightlife, Crime, News | 0 Comments

From fights to noise to parking violations, most neighbors know about the wide array of problems surrounding OT Tavern on Lower Greenville. Five years ago, a man was murdered in the OT Tavern parking lot, and the shooter received an 8-year-sentence.

So why would anyone want to live nearby? The walkable neighborhood has a lot to offer with a plethora of shops, restaurants and nightlife. But a recent shooting has once again brought public safety to the fore.

Officers responded to a shooting at 1:05 a.m. Oct. 10 in the 3600 block of Greenville Ave, near OT Tavern and Bar 3606. A vehicle passing by fired at another vehicle and hit a woman. While officers were administering aid, another shooting occurred in the parking lot. No one was hurt in the second round of gunfire, but many neighbors said stray bullets hit their cars and homes.

Emily Tice was at Snuffer's celebrating a friend's birthday the night of the shooting. She had parked in the lot behind the restaurant and then rode with a friend to another location, where they stayed until about 1:45 a.m. She used a rideshare service to get home and left her car in the parking lot near Snuffer's. When she went to pick it up the next morning, she discovered a broken window and 10 bullet holes in the body of her vehicle.

"Initially, I was like someone broke into my car," Tice said. "It wasn't until I walked up to my car that I noticed the bullet holes. At first I thought it was a little bit of damage, but then the shock wore off and more shock set in. Then it's like, 'Holy crap, my car has bullet holes.'"

She found a live round in the front seat and called 911 That's when she found out about the shooting. After waiting two hours for authorities to arrive, she had to wait several more hours for detectives to process evidence She still does not have her car, more than a week after the shooting. The remaining bullets need to be removed for evidence before the damage can be assessed.

Tice, who moved to the neighborhood about two months ago, was not previously aware of the violence in the area.

“Had I known that, I wouldn’t have left my car there,” she said. “My friends just kept talking about how different it might have been had I gone to go get my car. I could have been there at the same time [as the shooting].”

Jacob Broom has lived near Greenville Avenue and Anita Street for about three years. He knew the bar was there, but he didn’t know the problems that stemmed from it. He is one of several neighbors who has endured the noise, overcrowding and parking violations. But after the shooting, he emailed his city councilman, David Blewett.

“It’s not a single accident,” Broom said. “It’s been months and years. Nothing has changed. I hate the idea of someone shutting someone’s business down, and I don’t want to sound like a grumpy old man. I’m 30. I still go to the bars and walk home. When these problems are stemming from one or two places, I think safety should trump all.”

Grievances against the establishment waned somewhat while bars were shut down because of the coronavirus pandemic. In August, OT Tavern reclassified as a restaurant and reopened under new Texas Alcoholic Beverage Commission rules.

“I would argue that it’s worse than ever,” Broom said. “People have been cooped up. People think they can go to OT and not abide by mask rules. It’s not enforced. For the troublemakers, they know they can go there and face no consequences.”

Broom knows the progress Lower Greenville has made in transforming itself into a vibrant community. He loves the walkability of the neighborhood, as well as the restaurants and entertainment options. But more work must be made toward solving the OT Tavern problem so the violence doesn’t creep into the entire neighborhood, he said.

“I don’t want to move, but we’re about to have a baby,” Broom said. “If this is a type of thing that becomes normal, then I don’t see how we would have a choice.”

OT Tavern did not immediately return a request for comment.

(ii) If this use has a drive-through facility, a minimum of two stacking spaces must be provided. See Section 51A-4.304 for more information regarding off-street stacking spaces generally."

SECTION 27. That Subsection (a) "General provisions," of Section 51A-4.217, "Accessory Uses," of Division 51A-4.200, "Use Regulations," of Article IV, "Zoning Regulations," of CHAPTER 51A, "PART II OF THE DALLAS DEVELOPMENT CODE," of the Dallas City Code, as amended, is amended to read as follows:

(a) General provisions.

(1) An accessory use must be a use customarily incidental to a main use. A use listed in Sections 51A-4.201 through 51A-4.216 may be an accessory use if the building official determines that the use is customarily incidental to a

main use and otherwise complies with this section. Except as otherwise provided in this article, an accessory use must comply with all regulations applicable to the main use.

(A) and (B) repealed by Ord. 20478.

(2) Except as otherwise provided in this article, an accessory use must be located on the same lot as the main use.

(3) Except as otherwise provided in this article, accessory uses listed in Subsection (b) or in Sections 51A-4.201 through 51A-5.216 are subject to the following area restrictions: If the use is conducted outside, it may not occupy more than five percent of the area of the lot containing the main use. If the use is conducted inside, it may not occupy more than five percent of the floor area of the main use. Any use which exceeds these area restrictions is considered to be a separate main use.

(4) Except as otherwise provided in Subsection (b), an accessory use is permitted in any district in which the main use is permitted.

(5) An alcohol related establishment that is customarily incidental to a main use, such as an alcohol related establishment within a hotel, restaurant or general merchandise store, is not limited to the five percent area restriction contained in Section 51A-4.217(a)(3), and will be considered as part of the main use when determining the gross revenue derived by the establishment from the on-premise sale of alcoholic beverages.

SECTION 28. That Section 51[A]-4.503, "D and D-1 liquor control overlay districts," of Division 51[A]-4.500, "Overlay and Conservation District Regulations," of Article IV, "Zoning Regulations," of CHAPTERS 51 and 51A, "DALLAS DEVELOPMENT CODE," of the Dallas City Code, as amended, is amended to read as follows:

SEC. 51[A]-4.503. D AND D-1 LIQUOR CONTROL OVERLAY DISTRICTS.

[(a)] General provisions. Note: These provisions apply only to D and D-1 Liquor Control Overlay Districts enacted before June 11, 1987.

(1) A D or D-1 liquor control overlay district is designated as "dry" by the suffix "D" or "D-1" on the zoning district map.

(2) In a "D" liquor control overlay district, a person shall not sell or serve alcoholic beverages or setups for alcoholic beverages for consumption on or off the premises.

(3) In a "D-1" liquor control overlay district, a person shall not sell or serve alcoholic beverages, or setups for alcoholic beverages, for consumption on or off the premises, unless the sale or service is part of the operation of a use for which a specific use permit has been granted by the city council.

(4) It is a defense to prosecution under Paragraphs[Subsections (d)](2) and [(d)](3) of this section that the alcoholic beverage or setup for alcoholic beverage is served, but not sold, at a private residence for consumption at the residence. For purposes of this subsection, a private residence must be a permitted residential or lodging use listed in the use regulations of this article. If the use is a lodging use, the term "private residence" means the guest room only.

(b) Liquor control overlay districts. An application for the "D" or "D-1" liquor control overlay district shall comply with the zoning amendment procedure for a change in the zoning district classifications/]"

SECTION 29. That the city attorney shall make adjustments to the Dallas Development Code section references in this ordinance for codification purposes only as provided in this section. A Dallas Development Code section reference containing the symbol "[A]," e.g. "Section 51[A]-4.503," means that the letter "A" should appear in the CHAPTER 51A version only.

SECTION 30. That the director of planning and development shall remove all D and D-1 Liquor Control Overlay Districts enacted on or after June 11, 1987 from the Zoning District Map

in the offices of the city secretary, the building official, and the department of planning and development.

SECTION 31. That the director of planning and development shall revise the use charts to accurately reflect the changes in the district and use regulations made by this ordinance, and shall provide these charts for publication in the Dallas Development Code.

SECTION 32. That a person violating a provision of Section 1 of this ordinance, upon conviction, is punishable by a fine not to exceed $500, and a person violating any other section of this ordinance, upon conviction, is punishable by a fine not to exceed $2,000.

SECTION 33. That CHAPTERS 6, 51, and 51A of the Dallas City Code, as amended, shall remain in full force and effect, save and except as amended by this ordinance.

SECTION 34. That the terms and provisions of this ordinance are severable and are governed by Section 1-4 of CHAPTER 1 of the Dallas City Code, as amended.

SECTION 35. That Paragraph (4), "Restaurant with alcoholic beverages and/or entertainment," of Section 51-4.209, "Bar and restaurant uses," of Division 51-4.200, "Use Regulations," of Article IV, "Zoning Regulations," of CHAPTER 51, "PART I OF THE DALLAS DEVELOPMENT CODE," of the Dallas City Code, as amended, is repealed.

SECTION 36. That the moratorium imposed by Council Resolution No. 93-1472 is hereby repealed.

SECTION 37. That this ordinance shall take effect immediately from and after its passage and publication in accordance with the provisions of the Charter of the City of Dallas, and it is accordingly so ordained.

Case No. BDA 201-023

DALLAS CITY COUNCIL Applicant, VS. UPTOWN VENTURES, LLC and GSP SPORTS NSL, INC., Respondents.	§ § § § § § § §	CITY OF DALLAS BOARD OF ADJUSTMENT

RESPONDENTS' BRIEF IN OPPOSITION TO THE APPLICATION

TO THE BOARD OF ADJUSTMENT:

COME NOW, Respondents, UPTOWN VENTURES, LLC and GSP SPORTS NSL, INC. (collectively, "Respondents"), and file this their Brief in Opposition to the Application (the "Brief"), and in support thereof respectfully show the Board of Adjustment the following:

I. BACKGROUND

1. The Dallas City Council ("Applicant") filed an Application to the Board of Adjustment to Set a Compliance Date for a Nonconforming Use (the "Application") in this matter on December 18, 2020. The Application seeks terminate Respondents GSP Sports NSL, Inc. and Uptown Ventures, LLC's rights to continue operating an alcoholic beverage establishment at 3606 Greenville Avenue, Suite A, Dallas, Texas 75206 (the "Property"), which has been the Property's use for decades.

2. The hearing in this matter was originally scheduled for March 17, 2021, at 1:00 p.m (the "Hearing"), but there was not a quorum, so the Hearing was moved to April 21, 2021. On April 21, 2021, the Board granted Respondent's Motion for Continuance and reset the Hearing to June 23, 2021. Respondents GSP Sports NSL, Inc., who operates the bar known as OT Tavern ("OT"), and Uptown Ventures, LLC, the owner of the Property ("Uptown"), respectfully request

that the Board of Adjustment (the "Board") deny the Application with prejudice, as there is insufficient evidence which would show that the continued operation of an alcoholic beverage establishment at the Property would adversely impact the community.

II. APPLICABLE LAW

3. When determining whether to set a compliance date for a non-conforming use, the Board must consider the following factors:

a. the character of the surrounding neighborhood;

b. the degree of incompatibility of the use with the zoning district in which it is located;

c. the manner in which the use is being conducted;

d. the hours of operation of the use;

e. the extent to which continued operation of the use may threaten public health or safety;

f. the environmental impacts of noise, glare, dust, and odor;

g. the extent to which public disturbances may be created or perpetuated by continued operation of the use;

h. the extent to which traffic or parking problems may be created or perpetuated by continued operation of the use; and,

i. any other factors relevant to the issue of whether continued operation of the use will adversely affect nearby properties.

Dallas City Code 51A-4.704(a)(1)(B). Applicant bears the burden of proof in showing, through reliable, specific, and significant evidence, that OT's continued operation will adversely affect nearby properties. *Id.* at 51A-4.703(d)(1).

III. ANALYISIS OF THE FACTORS TO BE CONSIDERED

a. Character of the Surrounding Neighborhood

4. This factor does not support a finding of an adverse effect, as OT is a commercial business surrounded by other commercial businesses. The surrounding neighborhood is, and has been for decades, a blend of a mix of commercial and business service, retail and personal service

uses serving with nearby residential areas surrounding the commercial businesses. Many of the businesses in this area are alcoholic beverage establishments or have hours that they only serve alcohol, such as Christies, Stan's Blue Note, Sundown at Granada, Chirps Chicken, and Room 3606 *See* Exhibit 1, a satellite view of the community; *see also* Exhibit 2, the hours of operation of several nearby businesses. Thus, OT's continued operation fits within the character of the surrounding neighborhood.

b. Degree of Incompatibility of the Use with the Zoning District

5. This factor does not support a finding of an adverse effect, as OT is a commercial establishment where individuals can come to eat, drink, and socialize just as they do at nearby establishments, such as Sundown at Granada, Granada Theater, Chirps Chicken, and Room 3606. Contrary to the City's allegations, OT does not have a dance floor. Even if it did have a dance floor, this would not be incompatible with the zoning district as Club 3606 has a dance floor and the Granada Theater also has dancing, even if there is no dedicated "dance floor." *See* Exhibit 3, photographs of dancing at Club 3606 and Granada. Similarly, OT is not alone in serving hookah, as Club 3606 also serves hookah. *See* Exhibit 4, photographs of hookah being used at Club 3606. Thus, there is no incompatibility of OT's use within this Zoning District.

c. Manner in Which the Use is Being Conducted

6. This factor does not support a finding of an adverse effect, as several other businesses in the area are bars with food menus similar to OT (such Stan's Blue Note and Christies) and Club 3606 operates as a nightclub and bar just next door. Further several businesses nearby are classified as restaurants but operate as bars towards the end of the night. For example, Chirps Chicken serves only alcohol from 9 p.m. to 2 a.m. Sunday through Wednesday and from 12 a.m. to 2 a.m. Thursday through Saturday. Similarly, Sundown at Granada serves only alcohol from 10

p.m. to 12 a.m. on Friday and Saturday nights. *See* Exhibit 2, the hours of operation of several nearby businesses.

7. In addition to food and alcohol, OT offers its customers hookah and billiards as a form of entertainment. As mentioned previously, OT is not alone in serving hookah as Club 3606 serves hookah. Similarly, Stan's Blue Note and Christies also have billiards, in addition to other games. Further, other businesses in the area also offer other entertainment to their customers, including Sundown at Granada, who offers live music as its customers eat and drink. *See* Exhibit 5, photographs of games used at Stan's Blue Note and Christies; *see also* Exhibit 6, music performances and their cover charges at Granada and Sundown at Granada.

8. The Applicant also points to cover charges as a factor setting OT apart from neighboring businesses. However, OT very rarely (typically three or four times per year) utilizes cover charges and they are used solely to mitigate the cost of pay-per-view sporting events. Several other businesses in the area utilize cover charges on a regular basis, including Sundown at Granada and Granada Theater. *See* Exhibit 6, music performances and their cover charges at Granada and Sundown at Granada. Therefore, the manner in which OT operates does not substantially differ from the other businesses in the nearby area.

d. Hours of Operation

9. This factor does not support a finding of an adverse effect, as several other businesses in the area are also open late and into the early morning hours. OT now has last call at 1:30 a.m. and requires patrons to leave no later than 1:45 a.m. Such actions were taken in coordination with the City of Dallas in an effort to reduce the number of persons flowing into the parking lot at 2:00 a.m.

10. However, several other businesses nearby stay open until 2:00 a.m., including Chirps Chicken, Club 3606, Stan's Blue Note, and Christies. OT keeps its kitchen open until 1:00 a.m. Thursday through Sunday. In contrast, Chirps Chicken across the street is open until 2:00 a.m. and stops serving food at 12:00 a.m. on Friday and Saturday. Similarly, Sundown at Granada's kitchen closes at 10 p.m., but it continues to serve alcohol until 12 a.m. every Friday and Saturday. Further, there are several restaurants in the area that are also open late. Namely, Wava Halal Grill is open until 3 a.m. and Piggy Pies is open as late as 1 a.m. *See* Exhibit 2, the hours of operation of several nearby businesses. Thus, OT's hours of operation are consistent with these other businesses in the community and do not form any kind of basis for being considered an adverse effect.

e. Public Health and Safety

The October 10, 2020 Shootings

11. This factor does not support a finding of an adverse effect, as every email, picture, article, video, and letter cited by the Applicant as "evidence" to establish the continued use threatens public health and safety references the October 10, 2020 shootings that occurred nearby the Property. The first shooting was a drive by shooting where one individual in a vehicle shot in another individual in a different vehicle occurred, which occurred at an intersection north of the 711 on Greenville and Penrose, when the victim attempted to make a U-turn. The second shooting, believed to be about one party not fulfilling a monetary transaction, occurred at 3526 Greenville Avenue (Snuffer's Parking Lot) and 5700 Martel Avenue (a public parking lot). *See* Exhibit 7, incident and reports related to the October shootings.

12. While the October shootings were devastating and nonsensical acts of violence, they had *nothing* to do with OT. As evidenced by the incident reports for both shootings, the

violence did not occur at the Property, nor is there any allegation the suspects were OT patrons. Only one of the incident reports even mentions OT, and it is merely an officer's note that there *might* be video surveillance of a shooting on OT's security cameras, but based on the location of the shooting, it was determined only Snuffer's had video surveillance of the shooting. *See* Exhibit 7, incident and reports related to the October shootings.

13. Despite having no involvement with either of the October shootings, OT and Uptown met with the City of Dallas on October 15, 2020 for a round table discussion. This meeting was the *first and only* time the City of Dallas has ever approached OT with any issues regarding the Property. During this meeting the City of Dallas made several requests including, closing business early, ensuring parking lot is cleared before employees leave, installing no loitering signs, turning off outside speakers, continuing to use off duty police officers for security, continuing to require TABC certifications for OT employees, continuing to follow all TABC regulations, continuing to use safety measures such as using a metal detector and conducting purse checks. OT has worked with the City of Dallas to implement these measures to further help promote safety in the area. There is not a single request from the City of Dallas with which OT did not comply.

14. While the community is understandably and justifiably upset about the October shootings, their anger and accusations are wholly misdirected at OT, as all the evidence shows OT was an innocent party, who is just as concerned about these tragic incidents as the rest of the community. OT cannot be the scapegoat for acts of violence that are wholly unrelated to its business. It is improper to consider any of these complaints as evidence that OT's continued operation would threaten the public health and safety, as there is *no evidence* connecting OT to the October shootings.

Other Crimes in the Area

15. This factor does not support a finding of an adverse effect, as the Applicant has produced no evidence tying crime in the area to OT and in fact, the evidence shows that the Property is in a low crime area compared to the rest of the City of Dallas. *See* Exhibit 8, various City of Dallas Crime Statistics (*compare* Central Division and Beat 142 to other divisions and beats).

16. The Applicant only produced 7 police reports. Of those 7 reports, two were burglary of a motor vehicle and one was a parking lot hit and run. Such crimes are typical in urban and suburban areas, and they plague commercial and residential areas alike. Further, only one of these reports specifically mentions OT, and only to say that their car was parked in the parking lot behind OT. The offenses that do not even refer to OT cannot be considered evidence that OT's business operations adversely affect the community. Even for the report that mentions the parking lot behind OT, there is no indication that this crime was the result of OT operating its business.

17. Of the other remaining 4 reports, the noise complaint and the assault clearly refer to Club 3606, as one mentions Cody Killingsworth, Club 3606's manager, and the other has repeated references to "the club," which describes Club 3606's business, not OT's. Crime not related to OT cannot be used as evidence to prove that OT's business operations adversely affect the community.

18. That leaves only 2 reports, one of which was for an auto theft that occurred when OT was not open and one for public intoxication. The public intoxication report resulted from OT protecting its patrons and the community by escorting an individual out of the bar. This individual became belligerent when the off-duty police officers told him to leave, so they called the police to handle the situation. This was a rare instance, which was handled just as it ought to have been, in

a professional and safe manner, due to OT having professional, off-duty police officers on site to ensure a safe environment for its customers and the community.

Covid-19 Related Issues

19. This factor does not support a finding of an adverse effect, Covid-19 restrictions are almost entirely lifted and even when there were Covid-19 restrictions, OT complied with them at all times. The Applicant has no evidence to establish that OT violated any Covid-19 restrictions. The Applicant produced numerous records of 311 calls where individuals allege that OT was over capacity or not enforcing the mask mandate. However, there is no evidence such allegations are accurate or truthful.

20. The evidence shows that OT did not fail a single Covid-19 compliance inspection. *See* Exhibit 9, Covid-19 Inspection Reports. The allegations in the 311 calls almost exclusively complained about the patio being full and the long lines outside. However, OT was not in violation of any Covid-19 restrictions. *See* Exhibit 9, Covid-19 Inspection Reports. Patios were able to operate at 100% during this time. Further, during the Covid-19 restrictions, there were long lines everywhere. This was a necessary evil as restricting indoor operating capacity inevitably results in lines outside. This issue existed for restaurants, bars, and even many retails stores.

21. Ultimately, these issues cannot be used as evidence of an adverse effect as there are no longer any Covid-19 restrictions in place. Further, even when they were in place, out of the 63 reports provided to the Board, there was not a single violation of the Covid-19 restrictions.

f. Environmental Impacts

22. This factor does not support a finding of an adverse effect, as most of the calls presented by the Applicant do not even refer to OT, and few of the ones that do mention OT, are not related to environmental impacts.

23. The Applicant produced three separate call logs and some audio links for calls for service ("311 Calls") spanning from 2018 to 2021. Out of the 347 311 Calls, *only 69 or 19.88%* mention or clearly implicate OT. Five were for false business alarms. Nine were for "other," with no other description than general service for 8 of the 9 calls and urgent for 1 of 9. Three were for off-duty jobs, simply notating that off-duty police officers were working. One call was for "routine investigation" with no further explanation, but occurred shortly after the October shootings, which were wholly unrelated to OT. One call for was an ambulance. One call was for a minor accident. One call was for a dead animal pick up. Twelve were for alleged Covid-19 violations, which are unsubstantiated and contrary to the evidence.

24. That leaves 37 calls over the course of 3 years, an average of 1.08 calls per month. Fifteen of these calls were for undefined "disturbances," one of which was a duplicate and none of which resulted in police action. Fifteen calls were for loud music, three of which were all on the same day, and only one of which resulted in a report. Further, OT has *never* received even a single citation for violation of a noise ordinance. One call was for trash outside the dumpster behind OT. Although this caller attributes the trash solely to OT, that dumpster is used by all the other businesses on the block, not just OT. Further, residents nearby frequently put their trash in the dumpster as well as leaving old furniture laying near the dumpster. The remaining six calls were for petty crimes such as theft and criminal mischief, with no details or reports provided, so it is impossible to prove whether such crimes had anything to do the operation of OT's business.

25. The Applicant also includes emails and declarations from several individuals, whose allegations are unsubstantiated. Several of these emails complain of gunshots. There is *no evidence* linking any gunshots to OT. There are *no* police reports reflecting gun shots in the area, other than the October shootings, which are wholly unrelated to OT. Unsubstantiated complaints

regarding gun shots, even if they did occur, cannot be properly attributed to OT as you can hear gunshots from 1-2 miles away. *See* https://decibelpro.app/blog/how-far-can-you-hear-a-gunshot/. Some of these letters claim they are worried about decreasing property values. Such "worries" are also unsubstantiated, as DCAD shows their properties continue to climb in value. *See* Exhibit 10 DCAD values for various nearby properties. Further, just like many of the 311 calls, many of these allegations are not even connected to OT. Thus, these 311 calls do not support the proposition that OT's continued operation will threaten the public health and safety.

g. Public Disturbances

26. This factor does not support a finding of an adverse effect, as the emails and declarations provided by the Applicant are merely outlandish accusations without any evidence to substantiate such allegations. The Granada Theater parking lot attendant claims he has witnessed various fights, drunks, shootings, and drug users. Mike Schoder, owner of Granada Theater, claims there is an issue with fighting, and particular gang fighting. He further claims OT overserves its patrons and serves underage individuals.

27. However, if such activities occurred, why is there not a single police report evidencing fights, gang activity, or drug use? Why are there no reports evidencing shootings? Where is the evidence of TABC violations? These reports, citations, and violations are not available for the Board's review because they do not exist. Such unsubstantiated allegations cannot be utilized to terminate OT's non-conforming use rights. There is simply no evidence that OT's business operations create public disturbances.

h. Traffic and Parking

28. This factor does not support a finding of an adverse effect, as the traffic experienced in this area is nothing out of the normal for an urban area such as Dallas and there is no evidence

linking any specific traffic issues to OT. The evidence produced by the Applicant on this matter is several photographs of the lines outside OT and Club 3606 and one picture of some cars lined up in the street. Lines of people outside has no bearing on traffic or parking. Further, even if it did, it is not an infrequent event for Granada Theater to have a line all the way to the Property.

29. As for the single picture of a long line of cars, the picture is in broad daylight. There are many other businesses nearby open during the day on Sunday, including Gloria's, Chips Chicken, Sundown at Granada, Snuffers, Aww Shucks and more. The traffic depicted in this picture could be cars going to any number of those places.

30. The allegations in emails and declarations from residents of improper parking on City of Dallas streets is once again unsubstantiated. There are no reports or pictures of such activity. Even if such pictures were in front of the Board, that is still not evidence that such person are patronizing OT. Further, OT is not in a position to dictate or change how individuals behave on any place other than the Property. If there are in fact frequent parking violations, such violations would be properly addressed by the City of Dallas, not OT. Therefore, there is no proper evidence before the Board indicated that OT's continued use negatively impacts traffic and parking in the community.

i. Other Relevant Factors

31. This factor does not support a finding of an adverse effect, as once again, the evidence supplied by the Applicant is not tied to OT. The news article and letters from residents once again complain about the October shootings, which have no connection to OT. There are also several references to a fear of dropping property values. Once again, as seen in Exhibit 9, property values in this area continue to rise and such fears cannot establish an adverse impact when they are contrary to the evidence.

32. Another factor that the Board should consider is that OT has patrons of all kinds, including a significant number of people of color and LBGTQ individuals. As seen in the 76 Unsworn Declarations produced by Respondents, OT is a popular and well-liked establishment. *See* Exhibit 11, Unsworn Declarations in Support of OT. OT's patrons frequently mention the welcoming and friendly crowd and staff in addition to feeling safe while they visit with their friends.

33. The clear hostility to people of color, immigrants, and LBGTQ persons shown in many of the letters, calls, and emails produced by the Applicant as "evidence" is disturbing. There were several improper remarks made about the national origin of OT's proprietor, Shaun Merchant. In addition, several persons remarked on the type of people OT attracts with language such as "Afro-American crowd" and allegations that such crowd is responsible for the fights and problems. Similarly, the clientele of OT is referred to as "shady," while others complain that OT is "having their little gay thing" on a Sunday night again. Such discriminatory actions and belief should be carefully examined when reviewing and weighing the credibility the evidence.

IV. SUMMARY AND REQUESTED RELIEF

34. The evidence provided for this matter fails to establish the continued operation of an alcoholic beverage establishment at the Property would adversely affect the community. What the evidence has shown is that this area is relatively low crime compared to the rest of Dallas, there is a severe lack of proof that any of these problems actually exist or if they do, that they are related to OT, that OT has taken all steps requested of it to help promote safety in the community, and that there are some serious concerns about the motivations behind the persons complaining about OT. Thus, Respondents respectfully request that the Board deny the Application, with prejudice and for such other and further relief to which Respondents may show themselves justly entitled.

Respectfully submitted,

*****BWCA C SURPRENANT #11464 AND J. BROWN #10431. POSSIBLE VIDEO AVAILABLE AT SNUFFERS AND OT TAVERN.*****

See related case #180467-2020.

On 10/10/2020 at approximately 01:57 am, Officer Long #11700 was dispatched to cover another element at 3700 Greenville Ave.

While on scene, at approximately 02:01am, a gunfight broke out between numerous unknown suspects and this was heard by nearby Officers and citizens were directing Officers to the 5700 of Martel Ave in a parking lot. Officers arrived on scene and saw a gray SUV trying to pull out of the parking lot at Snuffers, as well as citizens attempting to flee the scene. Due to the nature of the call, Officers conducted a felony stop on a gray SUV vehicle and detained Suspect Antonio Perez, Suspect Labrandon Taiquis and Suspect Deshawn Jaquinton. After it was deemed the detained Suspects had nothing to do with the incident, they were released at the scene. Officers spoke to Witness Michael Guest who stated he had not witnessed the shooting but stated the suspects fled the scene in a silver Nissan Altima, heading N/B on Greenville Ave. Witness Guest also stated that he believed the shooting was retribution for a monetary transaction which was not honored by one of the parties involved in the shooting. Officers were unable to get accurate Suspect descriptions from witnesses at the time of this report.

Officers searched the area for evidence of an offense and dozens of spent cartridges were located in the parking lot of Snuffers located at 3526 Greenville Ave and also a public parking lot located on the 5700 block of Martel Ave. Officers observed damage to multiple vehicles at the public parking lot, suggesting suspects traded gunfire with one another from various positions in the parking lot. A Green Chevrolet Camaro (LP [redacted] had multiple bullet holes in it in various locations which Complainant Joi Benson stated would cost approximately $3200 to repair. A Chevrolet Malibu (LP #[redacted] was also damaged in the crossfire and Complainant Brianna Ricks stated it would cost approximately $600 to repair. Complainant Julian Mitchem also stated that his vehicle, a Gray Chevrolet Malibu (LP #[redacted] had been damaged in the incident and stated the damage would cost approximately $700 to fix. Officers were also notified that a house window had been potentially struck by a stray round at 5514 Anita St.

During the investigation, Officers located 3 firearms in plain view in a Dark Gray Chrysler 300c which was parked legally in the parking lot located on the 5700 of Martel Ave. Officers also located a firearm in Complainant Mitchems vehicle in plain view. Officers spoke to Witness Zatyrion Garrett and Complainant Mitchem who consented to Assault detectives who responded to the call to search his vehicle. Consent to search forms were completed by Witness Zatyrion Garrett, Witness Desmond Jones, Witness Jayln Sanders and Complainant Mitchem and Officers seized 4 handguns, 3 from Witness Garretts vehicle and 1 from Complainant Mitchems vehicle. the 4 consent to search forms were taken to the property room and placed under tag #266915B. The four handguns were placed in the property room under tag #178522G.

PES responded.

Assaults Det. Koch #10217 responded to the scene.

No injuries were reported to Officers at the time of this report being taken.

INVESTIGATIVE NOTES

INVESTIGATIVE NOTES

10/21/2020

10AM

I/O CONTACTED THE COMP ***JULIAN MITCHEM*** BY PHONE // [redacted] // WHO STATED HE HAD ALREADY FIXED HIS CAR DAMAGE FROM CAUSED FROM GUN FIRE, AND HE NO LONGER WANTED TO PROCEED WITH THE INVESTIGATION OF HIS OFFENSE. THE COMP WAS MORE CONCERNED WITH THE SEIZURE OF HIS GUN THAT TAKEN FROM HIS VEHICLE DURING THE IVESTIGATION OF THE OFFENSE BY RESPONDING OFFICERS. I/O GAVE THE COMP THE PHONE NUMBER TO THE POLICE PROPERTY ROOM AND ADVISED HIM TO CALL THEM TO FIND OUT THE PROCESS AND TIME FRAME IT WOULD TAKE TO GET HIS GUN BACK.

11:40AM

I/O COULD NOT REACH OUT TO COMP ***JOI DIONNE BENSON*** DUE TO NO CONTACT PHONE NUMBER BEING LISTED IN OFFENSE REPORT. I/O MAILED A CONTACT CARD TO THIS COMP'S RESIDENTIAL ADDRESS LISTED IN THE OFFENSE REPORT // 914 BUSBY DR CEAR HILL TX 75104 //

11:50AM

I/O CONTACTED THE ***COMP BRIANNA RICKS*** WHO STATED SHE DID NOT SEE THE OFFENSE OCCUR. THE COMP STATED SHE WAS IN TOWN WITH FRIENDS INSIDE THE BAR 3606 CLUB. THE COMP STATED WHEN SHE EXITED THE CLUB SHE OBSERVED THE PARKING AREA WHERE HER VEHICLE WAS PARKED WAS TAPED OFF WITH EVIDENCE TAPE. THE COMP INQUIRED WITH A UNIFORMED OFFICER IF HER VEHICLE HAD SUSTAINED DAMAGE AT WHICH TIME SHE WAS ADVISED THAT HER VEHICLE WAS ONE OF WHICH SUSTAINED DAMAGE FROM GUNFIRE.

12:45PM

RELATED CASE # 180467-2020 AGG ASSAULT D/W OCCURRED DURING THE SAME TIME FRAME AS THE DAMAGE TO VEHICLES FROM GUN FIRE OCCURRED. I/O EMAILED DET KOCH ASSIGNED TO THE CASE FOR A FOLLOW UP TO HIS CASE

12:50PM
DET KOCH RETURNED I/O'S EMAIL AND STATED HIS CASE (180467-2020) WAS A SEPERATE INCIDENT NOT RELATED TO I/O'S CASE. I/O WAS ADVISED THAT THE COMP'S VEHICLES WERE DAMAGED APPROXIMATELY 15 MINUTES AFTER HIS AGG ASSAULT D/W OFFENSE OCCURRED AND WAS AT A DIFFERENT LOCATION (ANITA AND GREENVILLE AVE) FROM WHERE THE COMP'S VEHICLES WERE DAMAGED (5700 MARTEL).

1:22PM

DET KOCH EMAILED FIELD NOTES TAKEN BY REPONDING DETECTIVE WHO WENT OUTTO OFFENSE LOCATION.

1:30PM

I/O SEARCHED THE BUSINESSES AROUND THE OFFENSE LOCATION WHERE THE COMP'S VEHICLES WERE DAMAGED. THE ONLY CAMERA THAT WAS LOCATED WAS AT THE SNUFFERS RESTAURANT POINTED SLIGHTLY AWAY FROM WHERE THE PARKING LOT WHERE THE COMP'S VEHICLES WERE PARKED.

I/O CONTACTED THE MANAGER AT SNUFFERS RESTAURANT LOCATED AT 3526 GREENVILLE // BRIAN [redacted] MANAGER STATED HE DID HAVE CAMERS THAT POINTED THE DIRECTION WHERE THE COMP'S VEHICLE WAS PARKED. I/O REQUESTED A SEARCH OF SURVEILLANCE VIDEO INVOLVING ANY DISTURBANCE WHILE THE COMP'S VEHICLE WAS DAMAGED [redacted] SNUFFERS@GREENVILLE.COM <mailto:SNUFFERS@GREENVILLE.COM> //
THE EMAIL SENT TO SNUFFERS WAS RETURNED UNDELIVERABLE.
1:55PM
I/O MET WITH MANAGER AT SNUFFERS, 3526 GREENVILLE // BRIAN // AND GAVE HIM I/O'S BUSINESS CARD AND CONTACT INFO. I/O REQUESTED SURVEILLANCE VIDEO FOR THE TIMES THAT COMP'S VEHICLE'S WERE DAMAGED. I/O WAS ADVISED THAT HE WOULD BE CONTACTED ONCE ANY THING WAS FOUND.

11/03/2020
I/O HAS NOT HEARD FROM THE SNUFFERS MANAGEMENT IN REGARDS TO TO THE VIDEO SURVEILLANCE CAMERA.

I/O RECOMMENDS THIS OFFENSE BE SUSPENDED PENDING FURTHER RESEARCH.

Narrative Information

OFFICERS J. SHUMATE #11456 AND H. RYAN #11552 HAD BODY WORN CAMERA FOR THIS INCIDENT. SEE RELATED CASE #180481-2020.

ON 10-10-2020 AT APPROXIMATELY 1:57 AM RO'S J. SHUMATE #11456 AND H. RYAN #11552 WERE ON ROUTINE PATROL TRAVELLING NORTHBOUND IN THE 3500 BLOCK OF GREENVILLE AVE, DALLAS, DALLAS COUNTY, TEXAS. RO'S HEARD APPROXIMATELY SEVEN TO EIGHT GUNSHOTS COMING FROM SOMEWHERE IN FRONT OF THEM. OFFICER E. WELLS #11047 WAS WORKING OFF DUTY AT 3606 GREENVILLE AVE AND TOLD RO'S THAT THERE WAS A DARK FOUR DOOR VEHICLE THAT SHOT THE GUN AND THEY WERE GOING TOWARDS MOCKINGBIRD LN. RO'S WENT NORTH BOUND ON GREENVILLE AVE AND WEST BOUND DOWN MOCKINGBIRD AND DID NOT LOCATE THE VEHICLE. THEY THEN WENT TO APPROXIMATELY 3700 GREENVILLE AVE WHERE LT. M. ALLEN #7964 FOUND COMPLAINANT ALISE WALTHER. COMPLAINANT WALTHER HAD A GUNSHOT WOUND TO HER LEFT BUTTOCK. SHE TOLD RO'S THAT SHE HAD BEEN MAKING A U-TURN ON GREENVILLE AND AN OCCUPANT IN NEWER MODEL BLACKED OUT DODGE CHARGER BEHIND HER SHOT HER. WHILE OFFICERS WERE INTERVIEWING COMPLAINANT WALTHER, THERE WERE MORE GUNSHOTS. DFR THEN TRANSPORTED COMPLAINANT WALTHER TO PRESBYTERIAN HOSPITAL.

OFFICERS ON SCENE WENT TOWARDS THE GUNFIRE, WHICH APPEARED TO COME FROM THE PARKING LOT OUTSIDE OF SNUFFERS RESTAURANT. RO'S OBSERVED A HONDA PILOT LP [redacted] TRYING TO EXIT THE PARKING LOT. THE OCCUPANTS, WITNESS PEREZ RANSAM, JAQUINTON RIDGEWAY, AND CODY KILLINGSWORTH, WERE PULLED OUT OF THEIR VEHICLE AT GUN POINT BECAUSE THE RO'S BELIEVED THAT THEY MAY HAVE BEEN INVOLVED WITH THE SHOOTING. UPON FURTHER INVESTIGATION, RO'S DID NOT BELIEVE THEY WERE INVOLVED AND WERE FIELD RELEASED. THIS WAS APPROVED BY LT. E. MERRIT #8112. PES RESPONDED TO THE LOCATION BECAUSE THERE WERE MULTIPLE SHELL CASINGS AND THERE WAS LOTS OF PROPERTY DAMAGED BY GUNFIRE.

RO'S J. SHUMATE #11456, H. RYAN #11552, AND ASSAULTS DETECTIVE B. KOCH #10217 WENT TO PRESBYTERIAN HOSPITAL TO INTERVIEW THE COMPLAINANT IN MORE DEPTH. COMPLAINANT WALTHER WAS IN HER VEHICLE, A GRAY 2018 HONDA [redacted], WITH HER FRIEND VICTIM DIKEVIAH DANIEL, WHO WAS NOT INJURED, AND WAS DRIVING NORTHBOUND ON GREENVILLE AVE. SHE STATED THAT AFTER ONE OF THE INTERSECTIONS NORTH OF THE 7-11 ON GREENVILLE AND PENROSE, SHE BEGAN TO MAKE A U-TURN. THE SUSPECT VEHICLE WAS BEHIND HER AND AN OCCUPANT FROM INSIDE BEGAN TO SHOOT AT HER IN HER VEHICLE. SHE DID NOT SEE WHO SHOT OR WHAT THE OCCUPANTS OF THE VEHICLE LOOKED LIKE. SHE THEN PULLED HER CAR INTO THE GLORIA'S RESTAURANT PARKING LOT FOR HER SAFETY UNTIL POLICE FOUND HER. THERE WERE MULTIPLE BULLET HOLES IN HER VEHICLE, WHICH WAS TOWED TO THE DALLAS AUTO POUND AT 1955 VILBIG RD. MORE SHELL CASINGS WERE FOUND AT 4000 GREENVILLE AVE. RO'S ALSO FOUND A HOUSE AT 5702 ANITA ST THAT HAS CAMERAS THAT MAY HAVE CAUGHT THE INCIDENT. THE RESIDENT, WITNESS FRICKE, STATED THAT HE DID NOT HAVE ACCESS TO THE FOOTAGE, BUT THE LANDLORD PETER SCHULTE [redacted] WOULD HAVE ACCESS TO IT.

Narrative Information

On 10/10/20 at about 3:47 PM, CSA R. Kerr T257 responded to the parking lot of Snuffers restaurant located at 3526 Greenville Ave. regarding a Follow-Up to an Aggravated Assault on case #180467-2020.

Also refer to related case #180768-2020.

..

Digital photographs were taken and processed in accordance with section's S.O.P.; a CD will be attached to this supplement.

..

Patrol Officers at the scene: Duffek #10635

..

Observations:

The listed location was within the rear parking lot located on the east side of the restaurant. One (1) vehicle was found damaged:

- Black 2020 Hyundai Elantra with license [redacted] nd [redacted]
  - Prior to crime scene arrival, Officer Duffek #10635 obtained a Consent to Search from complainant Emily Parsons in order for the vehicle to be searched for evidence
  - The vehicle was parked facing north on the north side of the parking lot
  - Front driver side tire was found flat and front passenger side window found broken
  - (3) defects on the exterior were found already labeled with sticker scales

Re: Initial - COVID-19 on September 26 2020

Congratulations, the compliance inspection with the City of Dallas and Dallas County "Shelter-in-Place: Stay Home Stay Safe" Declaration of Local Disaster for Public Health Emergency has satisfactorily been completed resulting in correction of violation(s) found **or** no violation found during inspection. Dallas Fire & Rescue would like to take this time to thank you for making Fire and Life Safety a priority.

Note: Records of inspection reports are maintained by the Inspections & Life Safety Education Division of the City of Dallas Fire & Rescue Department and are part of public record requirements of the State of Texas.

Inspection Notes:

75% = 141
9/26/2020 Received complaint of possible overcrowding via city council. Upon arrival the occupant load count on the inside was below 75%. The reason there was a large amount pf people standing outside was because the owner of the business was abiding by the 75% occ load executive order. Closing case. Will continue to monitor for compliance.

DO NOT PAY TAXES BASED ON THESE ESTIMATED TAXES. You will receive an **official tax bill** from the appropriate agency when they are prepared. Please note that if there is an Over65 or Disabled Person **Tax Ceiling** displayed above, **it is NOT reflected** in the Total Estimated Taxes calculation provided. Taxes are collected by the agency sending you the **official** tax bill. To see a listing of agencies that collect taxes for your property. **Click Here**

The estimated taxes are provided as a courtesy and should not be relied upon in making financial or other decisions. The Dallas Central Appraisal District (DCAD) does not control the tax rate nor the amount of the taxes, as that is the responsibility of each Taxing Jurisdiction. Questions about your taxes should be directed to the appropriate taxing jurisdiction. We cannot assist you in these matters. These tax estimates are calculated by using the most current certified taxable value multiplied by the most current tax rate. **It does not take into account other special or unique tax scenarios, like a tax ceiling, etc.**. If you wish to calculate taxes yourself, you may use the Tax Calculator to assist you.

DO NOT PAY TAXES BASED ON THESE ESTIMATED TAXES. You will receive an **official tax bill** from the appropriate agency when they are prepared. Please note that if there is an Over65 or Disabled Person **Tax Ceiling** displayed above, **it is NOT reflected** in the Total Estimated Taxes calculation provided. Taxes are collected by the agency sending you the **official** tax bill. To see a listing of agencies that collect taxes for your property. **Click Here**

The estimated taxes are provided as a courtesy and should not be relied upon in making financial or other decisions. The Dallas Central Appraisal District (DCAD) does not control the tax rate nor the amount of the taxes, as that is the responsibility of each Taxing Jurisdiction. Questions about your taxes should be directed to the appropriate taxing jurisdiction. We cannot assist you in these matters. These tax estimates are calculated by using the most current certified taxable value multiplied by the most current tax rate. **It does not take into account other special or unique tax scenarios, like a tax ceiling, etc.**. If you wish to calculate taxes yourself, you may use the Tax Calculator to assist you.
